(1) Cash and cash equivalents consist of deposit accounts and money market funds with original maturity dates of three months or less, which are Level 1 assets. At December 31, 2021 and 2020, we had \$336.0 million and \$482.2 million, respectively, in money market funds.

(2) Restricted cash is classified as “Prepaid expenses and other” in the Consolidated Balance Sheets. Restricted cash primarily represents cash held in account for use on customer contracts.

(3) Deferred compensation plan assets are classified as “Other assets” in the Consolidated Balance Sheets.

Nonrecurring Fair Value Measurements

We have recorded goodwill and identifiable intangible assets in connection with our business acquisitions. Such assets are measured at fair value at the time of acquisition based on valuation techniques that appropriately represent the methods which would be used by other market participants in determining fair value. In addition, goodwill and intangible assets are tested for impairment using similar valuation methodologies to determine the fair value of such assets. Periodically, we engage an independent third-party valuation specialist to assist with the valuation process, including the selection of appropriate methodologies and the development of market-based assumptions. The inputs used for these nonrecurring fair value measurements represent Level 3 inputs.

Fair Value of Financial Instruments

We believe that the carrying values of our financial instruments, which include accounts receivable and other financing commitments, approximate their fair values due primarily to their short-term maturities and low risk of counterparty default. The carrying value of our debt associated with the 2020 Credit Agreement approximates its fair value due to the variable rate on such debt.

EMCOR Group, Inc. and Subsidiaries
NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

NOTE 11 - INCOME TAXES

For the years ended December 31, 2021, 2020, and 2019, our income tax provision was calculated based on income before income taxes as follows (in thousands):

	2021	2020	2019
United States	\$ 497,421	\$ 228,181	\$ 430,253
Foreign	31,882	24,145	20,636
	<u>\$ 529,303</u>	<u>\$ 252,326</u>	<u>\$ 450,889</u>

Foreign income for each of the years ended December 31, 2021, 2020, and 2019 was predominately earned in the United Kingdom.

The income tax provision for the years ended December 31, 2021, 2020, and 2019 consisted of the following (in thousands):

	2021	2020	2019
Current provision:			
Federal	\$ 95,782	\$ 115,633	\$ 89,264
State and local	35,883	36,182	31,099
Foreign	4,420	3,922	3,685
	<u>136,085</u>	<u>155,737</u>	<u>124,048</u>
Deferred provision (benefit)	9,517	(36,354)	1,701
	<u>\$ 145,602</u>	<u>\$ 119,383</u>	<u>\$ 125,749</u>

For the year ended December 31, 2021, our income tax provision was \$145.6 million compared to \$119.4 million for the year ended December 31, 2020 and \$125.7 million for the year ended December 31, 2019. The increase in the income tax provision for 2021, when compared to 2020, was primarily driven by increased income before income taxes and the effect of certain increases in the deferred state tax provision. The decrease in the income tax provision for 2020, when compared to 2019, was primarily driven by reduced state income taxes, inclusive of a deferred state benefit, resulting from a change in the mix of earnings.

The income tax rates on income before income taxes for the years ended December 31, 2021, 2020, and 2019, were 27.5%, 47.3%, and 27.9%, respectively. The decrease in the 2021 income tax rate, when compared to 2020, and the increase in the 2020 income tax rate, when compared to 2019, was predominantly due to the tax effect, in 2020, of the impairment charges recorded during such year, the majority of which were non-deductible for tax purposes. Refer to Note 8 - Goodwill, Identifiable Intangible Assets, and Other Long-Lived Assets of the notes to consolidated financial statements for further discussion regarding such impairment charges.

EMCOR Group, Inc. and Subsidiaries
NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

NOTE 11 - INCOME TAXES (Continued)

Items accounting for the differences between income taxes computed at the federal statutory rate and the income tax provision for the years ended December 31, 2021, 2020, and 2019 were as follows (in thousands):

	2021	2020	2019
Federal income taxes at the statutory rate	\$ 111,118	\$ 52,989	\$ 94,687
State and local income taxes, net of federal tax benefits	31,257	19,290	24,904
Permanent differences	5,316	5,860	7,149
Non-deductible impairment charges	—	40,165	—
Foreign income taxes (including UK statutory rate changes)	(2,241)	(140)	(170)
Other	152	1,219	(821)
	<u>\$ 145,602</u>	<u>\$ 119,383</u>	<u>\$ 125,749</u>

The minimum tax on global intangible low-taxed income for certain earnings of our foreign subsidiaries was approximately \$0.1 million for each of the years ended December 31, 2021, 2020, and 2019. The Company recognizes such tax as an expense in the period incurred.

As of December 31, 2021, we had undistributed foreign earnings from certain foreign subsidiaries of approximately \$117.1 million. Based on our evaluation, and given that a significant portion of such earnings were subject to tax in prior periods, or are indefinitely reinvested, we have concluded that any taxes associated with the repatriation of such foreign earnings would be immaterial. As of December 31, 2021, the amount of cash held by these foreign subsidiaries was approximately \$113.5 million which, if repatriated, should not result in any material federal or state income taxes.

We file a consolidated federal income tax return including all of our U.S. subsidiaries with the Internal Revenue Service. We additionally file income tax returns with various state, local, and foreign tax agencies. Our income tax returns are subject to audit by various taxing authorities and are currently under examination for the years 2017 through 2019.

On March 27, 2020, the Coronavirus Aid, Relief, and Economic Security Act (the “CARES Act”) was signed into law. The CARES Act provides for various tax relief and tax incentive measures, which did not have a material impact on our results of operations. Certain provisions of the CARES Act, however, did favorably impact our liquidity throughout 2020 as they allowed for the deferral of the employer’s portion of current year Social Security tax payments. Our first installment of these deferred Social Security taxes, totaling approximately \$51 million, was repaid in the fourth quarter of 2021, and our second installment of approximately \$51 million is expected to be paid in the fourth quarter of 2022.

On December 27, 2020, the Consolidated Appropriations Act, 2021, was signed into law. This act provides for tax relief, as well as an omnibus appropriations package that extends various expiring tax provisions and allows for a 100% tax deduction for the cost of business meals in 2021 and 2022. The Consolidated Appropriations Act did not have a material impact on our income tax provision for the year ended December 31, 2021 and is not expected to have a material impact on our income tax provision for the year ending December 31, 2022.

On March 11, 2021, the American Rescue Plan Act was signed into law. Such act includes certain tax provisions that could have an impact on the Company in future periods, including expanded limits on compensation deductions under Section 162(m) of the Internal Revenue Code for tax years beginning after December 31, 2026. We are currently evaluating the impact that this act may have on our financial position and/or results of operations; however, we anticipate that the expanded provisions of Section 162(m) will result in an increase in our income tax rate for years beginning after December 31, 2026.

EMCOR Group, Inc. and Subsidiaries
NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

NOTE 11 - INCOME TAXES (Continued)

Deferred income tax assets and liabilities are recognized for the expected future tax consequences of temporary differences between the financial statement and income tax bases of assets and liabilities. The deferred income tax assets and deferred income tax liabilities recorded as of December 31, 2021 and 2020 were as follows (in thousands):

	December 31, 2021	December 31, 2020
Deferred income tax assets:		
Excess of amounts expensed for financial statement purposes over amounts deducted for income tax purposes:		
Insurance liabilities	\$ 50,316	\$ 47,602
Pension liability	—	6,789
Operating lease liabilities	76,451	68,652
Deferred compensation	40,080	36,790
Accrued federal payroll taxes ⁽¹⁾	14,235	27,428
Other (including liabilities and reserves)	31,252	29,816
Total deferred income tax assets	212,334	217,077
Valuation allowance for deferred tax assets	(2,465)	(3,856)
Net deferred income tax assets	209,869	213,221
Deferred income tax liabilities:		
Costs capitalized for financial statement purposes and deducted for income tax purposes:		
Goodwill and identifiable intangible assets	(154,382)	(146,821)
Operating lease right-of-use assets	(71,759)	(64,434)
Depreciation of property, plant and equipment	(25,341)	(23,958)
Pension asset	(1,847)	—
Other	(7,491)	(7,444)
Total deferred income tax liabilities	(260,820)	(242,657)
Net deferred income tax liabilities	\$ (50,951)	\$ (29,436)

(1) Represents employer Social Security tax payments deferred under the CARES Act.

At December 31, 2021, our net deferred income tax liabilities of \$51.0 million were included in “Other long-term obligations” in the accompanying Consolidated Balance Sheet. At December 31, 2020, the components of our net deferred income tax liabilities in the accompanying Consolidated Balance Sheet were included in “Other assets” in the amount of \$7.4 million and “Other long-term obligations” in the amount of \$36.8 million.

Valuation allowances are established when necessary to reduce deferred income tax assets when it is more likely than not that a tax benefit will not be realized. As of December 31, 2021 and 2020, the total valuation allowance on deferred income tax assets, related to state and local net operating losses and foreign income tax credit carryovers, was approximately \$2.5 million and \$3.9 million, respectively. The reduction in our valuation allowances at December 31, 2021 was a result of our assessment of recent financial performance and updated projections of future earnings for certain of our subsidiaries, which indicated that we would likely be able to utilize all, or a portion of, certain net operating loss carryforwards, for which we had previously established valuation allowances.

Realization of our deferred income tax assets is dependent on our generating sufficient taxable income in the jurisdictions in which such deferred tax assets will reverse. Although realization is not assured, based on current projections of future taxable income, we believe it is more likely than not that the deferred income tax assets, net of the valuation allowance discussed above, will be realized. However, revisions to our forecasts or declining macroeconomic conditions could result in changes to our assessment of the realization of these deferred income tax assets.

EMCOR Group, Inc. and Subsidiaries
NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

NOTE 12 - COMMON STOCK

As of December 31, 2021 and 2020, there were 53,299,738 and 54,755,900 shares of our common stock outstanding, respectively.

We have paid quarterly dividends since October 25, 2011. We currently pay a regular quarterly dividend of \$0.13 per share.

In September 2011, our Board of Directors (the “Board”) authorized a share repurchase program allowing us to begin repurchasing shares of our outstanding common stock. Subsequently, the Board has from time to time increased the amount of our common stock that we may repurchase under such program. Since the inception of the repurchase program, the Board has authorized us to repurchase up to \$1.45 billion of our outstanding common stock. During the year ended December 31, 2021, we repurchased approximately 1.6 million shares of our common stock for approximately \$195.5 million. Since the inception of the repurchase program through December 31, 2021, we have repurchased approximately 19.2 million shares of our common stock for approximately \$1.10 billion. As of December 31, 2021, there remained authorization for us to repurchase approximately \$350.4 million of our shares. The repurchase program has no expiration date, does not obligate the Company to acquire any particular amount of common stock, and may be suspended, recommenced, or discontinued at any time or from time to time without prior notice. We may repurchase our shares from time to time to the extent permitted by securities laws and other legal requirements, including provisions in our 2020 Credit Agreement placing limitations on such repurchases. The repurchase program has been and will be funded from our operations.

NOTE 13 - SHARE-BASED COMPENSATION PLANS

We have an incentive plan under which stock awards, stock units, and other share-based compensation may be granted to officers, non-employee directors, and key employees of the Company. During 2020, we amended and restated our incentive plan, eliminating the ability to grant new stock options, until such time, if any, as the plan is subsequently amended to provide for the ability to make such grants. Under the terms of this plan, 3,250,000 shares were authorized, and 895,682 shares remain available for grant or issuance as of December 31, 2021. Any issuances under this plan are valued at the fair market value of our common stock on the grant date. Forfeitures are recognized as they occur.

The following table summarizes activity regarding stock options and restricted stock units since December 31, 2018:

Stock Options			Restricted Stock Units		
	Shares	Weighted Average Price		Shares	Weighted Average Price
Balance, December 31, 2018	40,000	\$ 24.48	Balance, December 31, 2018	476,586	\$ 63.52
Granted	—	—	Granted	169,766	\$ 64.34
Expired	—	—	Forfeited	(2,545)	\$ 71.88
Exercised	(20,000)	\$ 24.48	Vested	(226,229)	\$ 51.64
Balance, December 31, 2019	20,000	\$ 24.48	Balance, December 31, 2019	417,578	\$ 70.24
Granted	—	—	Granted	137,771	\$ 81.56
Expired	—	—	Forfeited	(984)	\$ 79.17
Exercised	(20,000)	\$ 24.48	Vested	(156,447)	\$ 72.72
Balance, December 31, 2020	—	—	Balance, December 31, 2020	397,918	\$ 73.16
Granted	—	—	Granted	129,859	\$ 96.32
Expired	—	—	Forfeited	(2,242)	\$ 78.86
Exercised	—	—	Vested	(121,067)	\$ 77.86
Balance, December 31, 2021	—	—	Balance, December 31, 2021	404,468	\$ 79.16

We recognized approximately \$11.1 million, \$11.2 million, and \$11.4 million of compensation expense for stock units awarded to non-employee directors and employees pursuant to incentive plans for the years ended December 31, 2021, 2020, and 2019, respectively. We have approximately \$9.3 million of compensation expense, net of income taxes, which will be recognized over the remaining vesting periods of up to 3 years. In addition, an aggregate of 67,942 restricted stock units granted to current or former non-employee directors vested as of December 31, 2021, but, at the election of such directors, issuance has been deferred for up to 5 years.

EMCOR Group, Inc. and Subsidiaries
NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

NOTE 13 - SHARE-BASED COMPENSATION PLANS (Continued)

The income tax benefit derived in 2021, 2020, and 2019 as a result of share-based compensation was approximately \$2.6 million, \$1.9 million, and \$2.6 million, respectively, of which approximately \$0.8 million, \$0.2 million, and \$1.0 million, respectively, represented excess tax benefits.

The total intrinsic value (the amounts by which the stock price exceeded the exercise price on the date of exercise) of options that were exercised during both 2020 and 2019 was approximately \$1.2 million. There were no options outstanding at December 31, 2021 and 2020, however, the aggregate intrinsic value of options outstanding and exercisable as of December 31, 2019 was approximately \$1.2 million.

We have an employee stock purchase plan. Under the terms of this plan, the maximum number of shares of our common stock that may be purchased is 3,000,000 shares. Generally, our corporate employees and non-union employees of our United States subsidiaries are eligible to participate in this plan. Employees covered by collective bargaining agreements generally are not eligible to participate in this plan.

NOTE 14 - RETIREMENT PLANS

Defined Benefit Plans

The funded status of our defined benefit plans, which represents the difference between the fair value of plan assets and the projected benefit obligations, is recognized in the Consolidated Balance Sheets with a corresponding adjustment to accumulated other comprehensive income (loss). Gains and losses for the differences between actuarial assumptions and actual results are recognized through accumulated other comprehensive income (loss). These amounts will be subsequently recognized as net periodic pension cost (income) within the Consolidated Statement of Operations, as described further below.

Our United Kingdom subsidiary has a defined benefit pension plan covering all eligible employees (the “UK Plan”); however, no individual joining the company after October 31, 2001 may participate in the UK Plan. On May 31, 2010, we curtailed the future accrual of benefits for active employees under such plan.

The change in benefit obligations and assets of the UK Plan for the years ended December 31, 2021 and 2020 consisted of the following components (in thousands):

	2021	2020
Change in pension benefit obligation		
Benefit obligation at beginning of year	\$ 383,142	\$ 322,766
Interest cost	5,326	6,401
Actuarial (gain) loss	(22,071)	50,863
Benefits paid	(13,939)	(10,029)
Foreign currency exchange rate changes	(3,311)	13,141
Benefit obligation at end of year	<u>349,147</u>	<u>383,142</u>
Change in pension plan assets		
Fair value of plan assets at beginning of year	347,411	307,001
Actual return on plan assets	21,809	34,380
Employer contributions	4,956	4,665
Benefits paid	(13,939)	(10,029)
Foreign currency exchange rate changes	(3,705)	11,394
Fair value of plan assets at end of year	<u>356,532</u>	<u>347,411</u>
Funded (unfunded) status at end of year	<u>\$ 7,385</u>	<u>\$ (35,731)</u>

The overfunded status of the UK Plan of \$7.4 million at December 31, 2021 and the underfunded status of the UK Plan of \$35.7 million at December 31, 2020 are included in “Other Assets” and “Other long-term obligations,” respectively, in the accompanying Consolidated Balance Sheets. No plan assets are expected to be returned to us during the year ending December 31, 2022.

EMCOR Group, Inc. and Subsidiaries
NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

NOTE 14 - RETIREMENT PLANS (Continued)

The weighted average assumptions used to determine benefit obligations as of December 31, 2021 and 2020 were as follows:

	<u>2021</u>	<u>2020</u>
Discount rate	1.8 %	1.4 %

The below table shows certain information for the UK Plan, as of December 31, 2020, when the accumulated benefit obligation was in excess of plan assets (in thousands):

	<u>December 31, 2020</u>
Projected benefit obligation	\$ 383,142
Accumulated benefit obligation	\$ 383,142
Fair value of plan assets	\$ 347,411

The components of net periodic pension cost (income) of the UK Plan for the years ended December 31, 2021, 2020, and 2019 were as follows (in thousands):

	<u>2021</u>	<u>2020</u>	<u>2019</u>
Interest cost	\$ 5,326	\$ 6,401	\$ 7,961
Expected return on plan assets	(12,726)	(12,023)	(12,165)
Amortization of unrecognized loss	3,642	2,389	2,342
Net periodic pension cost (income)	<u>\$ (3,758)</u>	<u>\$ (3,233)</u>	<u>\$ (1,862)</u>

The weighted average assumptions used to determine net periodic pension cost for the years ended December 31, 2021, 2020, and 2019 were as follows:

	<u>2021</u>	<u>2020</u>	<u>2019</u>
Discount rate	1.4 %	2.1 %	2.9 %
Annual rate of return on plan assets	3.9 %	4.3 %	4.9 %

The annual rate of return on plan assets has been determined by modeling possible returns using the actuary's portfolio return calculator and the fair value of plan assets. This approach models the long term expected returns of the various asset classes held in the portfolio and takes into account the additional benefits of holding a diversified portfolio. For measurement purposes of the liability, the annual rates of inflation of covered pension benefits assumed for 2021 and 2020 were 2.9% and 2.5%, respectively.

Amounts not yet reflected in net periodic pension cost and included in accumulated other comprehensive loss were as follows (in thousands):

	<u>December 31, 2021</u>	<u>December 31, 2020</u>
Unrecognized actuarial losses	<u>\$ 89,572</u>	<u>\$ 125,020</u>

Actuarial gains and losses are amortized using a corridor approach whereby cumulative gains and losses in excess of the greater of 10% of the pension benefit obligation or the fair value of plan assets are amortized over the average life expectancy of plan participants. The amortization period for 2021 was 24 years.

The reclassification adjustment, net of income taxes, for the UK Plan from accumulated other comprehensive loss into net periodic pension cost was approximately \$2.9 million for the year ended December 31, 2021, and approximately \$1.9 million for the years ended December 31, 2020 and 2019. The estimated unrecognized loss for the UK Plan that will be amortized from accumulated other comprehensive loss into net periodic pension cost over the next year is approximately \$1.8 million, net of income taxes.

EMCOR Group, Inc. and Subsidiaries
NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

NOTE 14 - RETIREMENT PLANS (Continued)

UK Plan Assets

The investment policies and strategies for the assets of the UK Plan are established by its trustees (who are independent of the Company) to achieve a reasonable balance between risk, likely return, and administration expense, as well as to maintain funds at a level to meet minimum funding requirements. In order to ensure that an appropriate investment strategy is in place, an analysis of the UK Plan's assets and liabilities is completed periodically. Target allocation percentages vary over time depending on the perceived risk and return potential of various asset classes and market conditions. The weighted average asset allocations and weighted average target allocations at December 31, 2021 and 2020 were as follows:

<u>Asset Category</u>	<u>Target Asset Allocation 2021</u>	<u>Actual December 31, 2021</u>	<u>Target Asset Allocation 2020</u>	<u>Actual December 31, 2020</u>
Debt	75.0 %	76.0 %	65.0 %	63.0 %
Equity	— %	— %	15.0 %	12.7 %
Cash and cash equivalents	15.0 %	16.5 %	10.0 %	17.1 %
Real estate	10.0 %	7.5 %	10.0 %	7.2 %
Total	100.0 %	100.0 %	100.0 %	100.0 %

Plan assets of our UK Plan are invested through third-party fund managers in various investments with underlying holdings which, as of December 31, 2021 and 2020, consisted of: (a) cash and cash equivalents, primarily held as collateral for other financial instruments, (b) debt securities, which include United Kingdom government debt and United States, United Kingdom, European, and emerging market corporate debt, and (c) real estate assets, which represent trusts which invest directly or indirectly in various properties throughout the United Kingdom. In addition, investment holdings as of December 31, 2020 contained equity securities, which included marketable equity and equity like instruments across developed global equity markets.

The following tables set forth the fair value of assets of the UK Plan as of December 31, 2021 and 2020 (in thousands):

<u>Asset Category</u>	<u>Assets at Fair Value as of December 31, 2021</u>			
	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Corporate debt funds	\$ —	\$ 67,226	\$ —	\$ 67,226
Government bond funds	—	91,899	—	91,899
Cash and cash equivalents	58,772	—	—	58,772
Total plan assets in fair value hierarchy	<u>\$ 58,772</u>	<u>\$ 159,125</u>	<u>\$ —</u>	<u>217,897</u>
Plan assets measured using NAV as a practical expedient: ⁽¹⁾				
Debt funds				111,971
Real estate funds				26,664
Total plan assets at fair value				<u>\$ 356,532</u>

<u>Asset Category</u>	<u>Assets at Fair Value as of December 31, 2020</u>			
	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Corporate debt funds	\$ —	\$ 65,486	\$ —	\$ 65,486
Government bond funds	—	57,133	—	57,133
Equity funds	—	44,132	—	44,132
Cash and cash equivalents	59,246	—	—	59,246
Total plan assets in fair value hierarchy	<u>\$ 59,246</u>	<u>\$ 166,751</u>	<u>\$ —</u>	<u>225,997</u>
Plan assets measured using NAV as a practical expedient: ⁽¹⁾				
Debt funds				96,196
Real estate funds				25,218
Total plan assets at fair value				<u>\$ 347,411</u>

(1) Certain investments measured using net asset value ("NAV") as a practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in the table are intended to permit reconciliation of the fair value hierarchy to the total fair value of plan assets.

EMCOR Group, Inc. and Subsidiaries
NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

NOTE 14 - RETIREMENT PLANS (Continued)

Assets of the UK Plan are allocated within the fair value hierarchy discussed in Note 10 - Fair Value Measurements, based on the nature of the investment. Level 1 assets represent cash and cash equivalents. Level 2 assets consist of corporate debt funds, government bond funds, and equity funds whose underlying investments are valued using observable marketplace inputs. The fair value of the Level 2 assets are generally determined under a market approach using valuation models that incorporate observable inputs such as interest rates, bond yields, and quoted prices.

Investments valued using NAV as a practical expedient are excluded from the fair value hierarchy. These investments include: (a) funds which invest predominantly in senior secured debt instruments, targeting diversity across regions and sectors, as well as funds which invest in diversified credit vehicles that seek higher returns than traditional fixed income, primarily through investments in U.S. corporate debt, global credit, and structured debt, and (b) funds which aim to provide long-term income through investment in UK property assets. These investments are redeemable at NAV on a monthly or quarterly basis and have redemption notice periods of up to 90 days. In addition, certain of these investments are subject to a lockup period of up to 24 months.

The methods described above may produce fair values that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Company believes the valuation methodologies are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Cash Flows:

Contributions

Our United Kingdom subsidiary expects to contribute approximately \$4.5 million to the UK Plan in 2022.

Estimated Future Benefit Payments

The following estimated benefit payments are expected to be paid in the following years (in thousands):

	Pension Benefit Payments
2022	\$ 11,266
2023	\$ 11,171
2024	\$ 11,525
2025	\$ 12,099
2026	\$ 12,545
Succeeding five years	\$ 69,416

We also sponsor three domestic retirement plans in which participation by new individuals is frozen. The benefit obligation associated with these plans as of December 31, 2021 and 2020 was approximately \$8.5 million and \$9.2 million, respectively. The estimated fair value of the plan assets as of December 31, 2021 and 2020 was approximately \$6.3 million and \$6.0 million, respectively. The plan assets are considered Level 1 assets within the fair value hierarchy and are predominantly invested in cash, equities, and equity and bond funds. The liability balances as of December 31, 2021 and 2020 are classified as “Other long-term obligations” in the accompanying Consolidated Balance Sheets. The measurement date for these plans is December 31 of each year. The major assumptions used in the actuarial valuations to determine benefit obligations as of December 31, 2021 and 2020 included discount rates of 2.40% to 2.50% for 2021 and 2.00% to 2.25% for 2020. Also, included was an expected rate of return of 7.00% for both 2021 and 2020. The net periodic pension cost associated with the domestic plans was approximately \$0.1 million for the year ended December 31, 2021 and \$0.3 million for each of the years ended December 31, 2020 and 2019. The reclassification adjustment, net of income taxes, from accumulated other comprehensive loss into net periodic pension cost was approximately \$0.3 million for each of the years ended December 31, 2021 and 2020, and approximately \$0.2 million for the year ended December 31, 2019. The estimated loss for these plans that will be amortized from accumulated other comprehensive loss into net periodic pension cost over the next year is approximately \$0.1 million, net of income taxes. The future estimated benefit payments expected to be paid from the plans for the next ten years is approximately \$0.6 million per year.

NOTE 14 - RETIREMENT PLANS (Continued)

Defined Contribution Plans

We have defined contribution retirement and savings plans that cover eligible employees in the United States. Contributions to these plans are based on a percentage of the employee's base compensation. The expenses recognized for employer contributions to these plans were approximately \$33.0 million for the year ended December 31, 2021 and approximately \$32.4 million for each of the years ended December 31, 2020 and 2019. At our discretion and subject to applicable plan documents, we may make additional supplemental matching contributions to one of our defined contribution retirement and savings plans. The expenses recognized related to additional supplemental matching contributions for the years ended December 31, 2021, 2020, and 2019 were approximately \$7.7 million, \$9.1 million, and \$6.8 million, respectively.

Our United Kingdom subsidiary also has defined contribution retirement plans. The expense recognized related to employer matching contributions for the years ended December 31, 2021, 2020, and 2019 was approximately \$8.3 million, \$7.4 million, and \$6.1 million, respectively.

Multiemployer Plans

We participate in approximately 200 multiemployer pension plans ("MEPPs") that provide retirement benefits to certain union employees in accordance with various collective bargaining agreements ("CBAs"). As one of many participating employers in an MEPP, we are potentially liable with the other participating employers for any plan underfunding, either through an increase in our required contributions or, in the case of our withdrawal from the plan, a payment based upon our proportionate share of the plan's unfunded benefits, in each case, as described below. Our contributions to a particular MEPP are established by the applicable CBAs; however, our required contributions may increase based on the funded status of an MEPP and legal requirements of the Pension Protection Act of 2006 (the "PPA"), which requires substantially underfunded MEPPs to implement a funding improvement plan ("FIP") or a rehabilitation plan ("RP") to improve their funded status. Factors that could impact the funded status of an MEPP include, without limitation, investment performance, changes in the participant demographics, decline in the number of contributing employers, changes in actuarial assumptions, and the utilization of extended amortization provisions.

An FIP or RP requires a particular MEPP to adopt measures to correct its underfunding status. These measures may include, but are not limited to: (a) an increase in our contribution rate as a signatory to the applicable CBA, (b) a reallocation of the contributions already being made by participating employers for various benefits to individuals participating in the MEPP, and/or (c) a reduction in the benefits to be paid to future and/or current retirees. In addition, the PPA requires that a 5% surcharge be levied on employer contributions for the first year commencing after the date the employer receives notice that the MEPP is in critical status and a 10% surcharge on each succeeding year until a CBA is in place with terms and conditions consistent with the RP.

We could also be obligated to make payments to MEPPs if we either cease to have an obligation to contribute to the MEPP or significantly reduce our contributions to the MEPP because we reduce our number of employees who are covered by the relevant MEPP for various reasons, including, but not limited to, layoffs or closure of a subsidiary assuming the MEPP has unfunded vested benefits. The amount of such payments (known as a complete or partial withdrawal liability) would equal our proportionate share of the MEPPs' unfunded vested benefits. We believe that certain of the MEPPs in which we participate may have unfunded vested benefits. Due to uncertainty regarding future factors that could trigger withdrawal liability, as well as the absence of specific information regarding the MEPP's current financial situation, we are unable to determine: (a) the amount and timing of a future withdrawal liability, if any, and (b) whether our participation in these MEPPs could have a material adverse impact on our financial position, results of operations, or liquidity. We did not record any withdrawal liability for the years ended December 31, 2021, 2020, and 2019.

EMCOR Group, Inc. and Subsidiaries

- (1) The zone status represents the most recent available information for the respective MEPP, which may be 2020 or earlier for the 2021 year and 2019 or earlier for the 2020 year. In general, plans with a “green” zone status have a funding ratio of at least 80%, plans with an “orange” or “yellow” zone status have a funding ratio of between 65% and less than 80%, and plans with a “red” zone status are less than 65% funded.
- (2) This information was obtained from the respective plan’s Form 5500 (“Forms”) for the most current available filing. These dates may not correspond with our fiscal year contributions. The percentages of contributions are based upon disclosures contained in the plans’ Forms. Those Forms, among other things, disclose the names of individual participating employers whose annual contributions account for more than 5% of the aggregate annual amount contributed by all participating employers for a plan year. Accordingly, if the annual contribution of two or more of our subsidiaries each accounted for less than 5% of such contributions, but in the aggregate accounted for in excess of 5% of such contributions, that greater percentage is not available and accordingly is not disclosed.

The nature and diversity of our operations may result in volatility in the amount of our contributions to a particular MEPP for any given period. That is because, in any given market, a change in the mix, volume of, or size of our projects could result in a change in our direct labor force and a corresponding change in our contributions to the MEPP(s) dictated by the applicable CBA. Additionally, the amount of contributions to a particular MEPP could also be affected by the terms of the CBA, which could require at a particular time, an increase in the contribution rate and/or surcharges. Acquisitions made by us since 2019 have resulted in incremental contributions to various MEPPs of approximately \$3.8 million.

Additionally, we contribute to certain multiemployer plans that provide post retirement benefits such as health and welfare benefits and/or defined contribution/annuity plans, among others. Our contributions to these plans were approximately \$168.4 million, \$156.1 million, and \$153.5 million for the years ended December 31, 2021, 2020, and 2019, respectively. Acquisitions made by us since 2019 have resulted in incremental contributions to such other post retirement benefit plans of approximately \$2.9 million. The amount of contributions to these plans is also subject, for the most part, to the factors discussed above in conjunction with the MEPPs.

EMCOR Group, Inc. and Subsidiaries
NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

NOTE 15 - COMMITMENTS AND CONTINGENCIES

Severance Agreements

We have agreements with our executive officers and certain other key management personnel providing for severance benefits for such employees upon termination of their employment under certain circumstances.

Guarantees

In the ordinary course of business, we, at times, guarantee obligations of our subsidiaries under certain contracts. Generally, we are liable under such an arrangement only if our subsidiary fails to perform its obligations under the contract. Historically, we have not incurred any substantial liabilities as a consequence of these guarantees.

Surety Bonds

The terms of our construction contracts frequently require that we obtain from surety companies, and provide to our customers, surety bonds as a condition to the award of such contracts. These surety bonds are issued in return for premiums, which vary depending on the size and type of the bond, and secure our payment and performance obligations under such contracts. We have agreed to indemnify the surety companies for amounts, if any, paid by them in respect of surety bonds issued on our behalf. As of December 31, 2021, based on the percentage-of-completion of our projects covered by surety bonds, our aggregate estimated exposure, assuming defaults on all our then existing contractual obligations, was approximately \$1.5 billion, which represents approximately 26% of our total remaining performance obligations.

Surety bonds are sometimes provided to secure obligations for wages and benefits payable to or for certain of our employees, at the request of labor unions representing such employees. In addition, surety bonds may be issued as collateral for certain insurance obligations. As of December 31, 2021, we satisfied approximately \$48.1 million of the collateral requirements of our insurance programs by utilizing surety bonds.

We are not aware of any losses in connection with surety bonds that have been posted on our behalf, and we do not expect to incur significant losses in the foreseeable future.

Hazardous Materials

We are subject to regulation with respect to the handling of certain materials used in construction, which are classified as hazardous or toxic by federal, state, and local agencies. Our practice is to avoid participation in projects principally involving the remediation or removal of such materials. However, when remediation is required as part of our contract performance, we believe we comply with all applicable regulations governing the discharge of hazardous materials into the environment or otherwise relating to the protection of the environment.

Collective Bargaining Agreements

At December 31, 2021, we employed approximately 34,000 people, approximately 60% of whom are represented by various unions pursuant to nearly 450 collective bargaining agreements between our individual subsidiaries or trade associations and local unions, as well as two collective bargaining agreements that are national or regional in scope. We believe that our relations with our labor unions are generally positive.

Government Contracts

As a government contractor, we are subject to U.S. government audits and investigations relating to our operations, which such audits may result in fines, penalties and compensatory and treble damages, and possible suspension or debarment from doing business with the government. Based on currently available information, we believe the outcome of ongoing government disputes and investigations will not have a material impact on our financial position, results of operations, or liquidity.

Legal Proceedings

We are involved in several legal proceedings in which damages and claims have been asserted against us. We believe that we have a number of valid defenses to such proceedings and claims and intend to vigorously defend ourselves. We do not believe that any such matters will have a material adverse effect on our financial position, results of operations, or liquidity. We record a loss contingency if the potential loss from a proceeding or claim is considered probable and the amount can be reasonably estimated or a range of loss can be determined. We provide disclosure when it is reasonably possible that a loss will be incurred in excess of any recorded provision. Significant judgment is required in these determinations. As additional information becomes available, we reassess prior determinations and may change our estimates. Additional claims may be asserted against us in the future. Litigation is subject to many uncertainties, and the outcome of litigation is not predictable with assurance. It is possible that a litigation matter for which liabilities have not been recorded could be decided unfavorably to us, and that any such unfavorable decision could have a material adverse effect on our financial position, results of operations, or liquidity.

EMCOR Group, Inc. and Subsidiaries
NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

NOTE 16 - LEASES

We lease real estate, vehicles, and equipment under various arrangements which are classified as either operating or finance leases. A lease exists when a contract or part of a contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration. In determining whether a lease exists, we consider whether a contract provides us with both: (a) the right to obtain substantially all of the economic benefits from the use of the identified asset and (b) the right to direct the use of the identified asset.

Many of our leases include base rental periods coupled with options to renew or terminate the lease, generally at our discretion. Certain leases additionally include options to purchase the leased asset. In evaluating the lease term, we consider whether we are reasonably certain to exercise such options. To the extent a significant economic incentive exists to exercise an option, that option is included within the lease term. However, based on the nature of our lease arrangements, options generally do not provide us with a significant economic incentive and are therefore excluded from the lease term for the majority of our arrangements.

Our leases typically include a combination of fixed and variable payments. Fixed payments are generally included when measuring the right-of-use asset and lease liability. Variable payments, which primarily represent payments based on usage of the underlying asset, are generally excluded from such measurement and expensed as incurred. In addition, certain of our lease arrangements may contain a lease coupled with an arrangement to provide other services, such as maintenance, or may require us to make other payments on behalf of the lessor related to the leased asset, such as payments for taxes or insurance. We account for these non-lease components together with the associated lease component for each of our asset classes.

The measurement of right-of-use assets and lease liabilities requires us to estimate appropriate discount rates. To the extent the rate implicit in the lease is readily determinable, such rate is utilized. However, based on information available at lease commencement for the majority of our leases, the rate implicit in the lease is not known. In these instances, we utilize an incremental borrowing rate, which represents the rate of interest that we would pay to borrow on a collateralized basis, over a similar term, an amount equal to the lease payments.

Our lease arrangements generally do not contain significant restrictions or covenants; however, certain of our vehicle and equipment leases include residual value guarantees, whereby we provide a guarantee to the lessor that the value of the underlying asset will be at least a specified amount at the end of the lease. Amounts probable of being owed under these guarantees are included within the measurement of the right-of-use asset and lease liability.

Lease Position

The following table presents our lease-related assets and liabilities as of December 31, 2021 and 2020 (in thousands):

Classification on the Consolidated Balance Sheet		December 31, 2021	December 31, 2020
Assets			
Operating lease assets	Operating lease right-of-use assets	\$ 260,778	\$ 242,155
Finance lease assets	Property, plant and equipment, net	7,666	9,638
Total lease assets		<u>\$ 268,444</u>	<u>\$ 251,793</u>
Liabilities			
Current			
Operating	Operating lease liabilities, current	\$ 57,814	\$ 53,632
Finance	Current maturities of long-term debt and finance lease liabilities	3,320	3,995
Noncurrent			
Operating	Operating lease liabilities, long-term	220,836	205,362
Finance	Long-term debt and finance lease liabilities	4,717	5,971
Total lease liabilities		<u>\$ 286,687</u>	<u>\$ 268,960</u>

NOTE 16 - LEASES (Continued)

Lease Costs

The following table presents information related to our lease expense for the years ended December 31, 2021, 2020, and 2019 (in thousands):

	2021	2020	2019
Finance lease expense:			
Amortization expense	\$ 4,255	\$ 4,562	\$ 4,575
Interest expense	255	355	427
Operating lease expense	70,928	69,208	66,650
Short-term lease expense ⁽¹⁾	150,500	139,706	149,528
Variable lease expense	5,421	5,441	4,924
Total lease expense	\$ 231,359	\$ 219,272	\$ 226,104

(1) Short-term lease expense includes both leases and rentals with initial terms of one year or less and predominantly represents equipment used on construction projects.

Sublease rental income was approximately \$0.2 million for the year ended December 31, 2021, and \$0.5 million for each of the years ended December 31, 2020 and 2019.

Lease Term and Discount Rate

The following table presents certain information related to the lease terms and discount rates for our leases as of December 31, 2021 and 2020:

	December 31, 2021	December 31, 2020
Weighted-average remaining lease term:		
Operating leases	6.4 years	6.6 years
Finance leases	2.9 years	3.1 years
Weighted-average discount rate:		
Operating leases	3.20 %	3.59 %
Finance leases	2.61 %	3.24 %

Other Information

The following table presents supplemental cash flow information related to our leases for the years ended December 31, 2021, 2020, and 2019 (in thousands):

	2021	2020	2019
Cash paid for amounts included in the measurement of lease liabilities:			
Operating cash flows used for operating leases	\$ 69,797	\$ 65,016	\$ 65,757
Operating cash flows used for finance leases	\$ 255	\$ 355	\$ 427
Financing cash flows used for finance leases	\$ 4,189	\$ 4,470	\$ 4,571
Right-of-use assets obtained in exchange for new operating lease liabilities	\$ 80,661	\$ 55,895	\$ 84,089
Right-of-use assets obtained in exchange for new finance lease liabilities	\$ 2,301	\$ 4,558	\$ 5,311

NOTE 16 - LEASES (Continued)

Maturity of Lease Liabilities

The following table reconciles our future minimum lease payments on an undiscounted cash flow basis to our lease liabilities reported in the Consolidated Balance Sheet as of December 31, 2021 (in thousands):

	Operating Leases	Finance Leases
2022	\$ 65,528	\$ 3,469
2023	56,229	2,238
2024	45,037	1,742
2025	36,077	705
2026	29,044	140
Thereafter	77,556	10
Total minimum lease payments	309,471	8,304
Less: Amount of lease payments representing interest	(30,821)	(267)
Present value of future minimum lease payments	<u>\$ 278,650</u>	<u>\$ 8,037</u>
Current portion of lease liabilities	\$ 57,814	\$ 3,320
Noncurrent portion of lease liabilities	220,836	4,717
Present value of future minimum lease payments	<u>\$ 278,650</u>	<u>\$ 8,037</u>

NOTE 17 - ADDITIONAL CASH FLOW INFORMATION

The following table presents information about cash paid for interest and income taxes for the years ended December 31, 2021, 2020, and 2019 (in thousands):

	2021	2020	2019
Cash paid during the year for:			
Interest	\$ 5,259	\$ 8,289	\$ 12,683
Income taxes	\$ 130,811	\$ 145,386	\$ 126,169

NOTE 18 - SEGMENT INFORMATION

We are one of the largest specialty contractors in the United States and a leading provider of electrical and mechanical construction and facilities services, building services, and industrial services. Our services are provided to a broad range of commercial, industrial, utility, and institutional customers through approximately 90 operating subsidiaries. Such operating subsidiaries are organized into the following reportable segments:

- United States electrical construction and facilities services;
- United States mechanical construction and facilities services;
- United States building services;
- United States industrial services; and
- United Kingdom building services.

For a more complete description of our operations, refer to Item 1. Business.

Our reportable segments reflect certain reclassifications of prior year amounts from our United States electrical construction and facilities services segment to our United States industrial services and our United States building services segments due to changes in our internal reporting structure aimed at realigning our service offerings.

Report of Independent Registered Public Accounting Firm

To the Stockholders and Board of Directors of EMCOR Group, Inc. and subsidiaries:

Opinion on the Financial Statements

We have audited the accompanying consolidated balance sheets of EMCOR Group, Inc. and subsidiaries (the Company) as of December 31, 2021 and 2020, the related consolidated statements of operations, comprehensive income, equity and cash flows for each of the three years in the period ended December 31, 2021, and the related notes and financial statement schedule listed in the Index at Item 15(a)(2) (collectively referred to as the “consolidated financial statements”). In our opinion, the consolidated financial statements present fairly, in all material respects, the financial position of the Company at December 31, 2021 and 2020, and the results of its operations and its cash flows for each of the three years in the period ended December 31, 2021, in conformity with U.S. generally accepted accounting principles.

We also have audited, in accordance with the standards of the Public Company Accounting Oversight Board (United States) (PCAOB), the Company’s internal control over financial reporting as of December 31, 2021, based on criteria established in Internal Control-Integrated Framework issued by the Committee of Sponsoring Organizations of the Treadway Commission (2013 framework) and our report dated February 24, 2022 expressed an unqualified opinion thereon.

Basis for Opinion

These financial statements are the responsibility of the Company’s management. Our responsibility is to express an opinion on the Company’s financial statements based on our audits. We are a public accounting firm registered with the PCAOB and are required to be independent with respect to the Company in accordance with the U.S. federal securities laws and the applicable rules and regulations of the Securities and Exchange Commission and the PCAOB.

We conducted our audits in accordance with the standards of the PCAOB. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement, whether due to error or fraud. Our audits included performing procedures to assess the risks of material misstatement of the financial statements, whether due to error or fraud, and performing procedures that respond to those risks. Such procedures included examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements. Our audits also included evaluating the accounting principles used and significant estimates made by management, as well as evaluating the overall presentation of the financial statements. We believe that our audits provide a reasonable basis for our opinion.

Critical Audit Matters

The critical audit matters communicated below are matters arising from the current period audit of the financial statements that were communicated or required to be communicated to the audit committee and that: (1) relate to accounts or disclosures that are material to the financial statements and (2) involved our especially challenging, subjective or complex judgments. The communication of critical audit matters does not alter in any way our opinion on the consolidated financial statements, taken as a whole, and we are not, by communicating the critical audit matters below, providing separate opinions on the critical audit matters or on the accounts or disclosures to which they relate.

Revenue Recognition from Construction Contracts

Description of the Matter

As described in Note 3 to the consolidated financial statements, the Company generally recognizes revenue from construction contracts over time using a cost-to-cost input method in which the extent of progress is measured based on the ratio of costs incurred to date to the total estimated costs at completion. In addition, the revenue recognition process requires the Company to determine the transaction price that represents the amount of consideration to which the Company expects to be entitled. A significant portion of the Company's revenues for the year ended December 31, 2021 were derived from construction contracts.

The determination of revenue recognized from construction contracts commonly requires the Company to estimate variable consideration that arises from pending change orders, contract claims, contract bonuses, and penalties, as well as to prepare estimates of the costs to complete contracts. Factors inherent in the estimation processes include, among others, historical experience with customers, the potential long-term nature of dispute resolutions, actions of third parties as well as the Company's experience with similar types of contracts. Due to uncertainties attributed to such factors, auditing revenue recognized from construction contracts involved especially challenging, subjective, and complex judgments.

How We Addressed the Matter in Our Audit

We obtained an understanding, evaluated the design, and tested the operating effectiveness of the Company's controls related to revenue recognition from construction contracts. For example, we tested controls over the Company's determination and review of estimates of variable consideration, costs to complete, and the completeness and accuracy of data utilized in conjunction with such estimation processes.

To test the amount of revenue recognized from construction contracts in the current period, we selected a sample of contracts and performed procedures to test the project revenue and cost forecasts. For example, we obtained and inspected the related contract agreements, amendments, and change orders to test the existence of customer arrangements and understand the scope and pricing of the related projects; performed inquiries of management and project personnel regarding facts and circumstances relevant to the accounting for such contracts; tested key components of the estimated costs to complete, including materials, labor, and subcontractors costs; agreed actual costs incurred to supporting documentation; and recalculated revenues recognized based on the project's percentage of completion and management's estimate of transaction price. In addition, we performed certain retrospective review procedures to assess management's historical ability to accurately estimate the transaction price and costs to complete contracts as well as to identify any significant or unusual changes in project revenue and cost forecasts during the period.

Valuation of Goodwill and Indefinite-Lived Intangible Assets

Description of the Matter

At December 31, 2021, the Company's goodwill and indefinite-lived trade name intangible assets were approximately \$890.3 million and \$215.8 million, respectively. As discussed in Note 8 to the consolidated financial statements, goodwill and trade names with indefinite lives are tested for impairment at least annually.

Auditing management's annual impairment tests was especially complex and subjective due to the significant estimation required in determining the fair value of the reporting units for goodwill and the fair value of trade name intangible assets. In particular, the fair value estimates for goodwill were sensitive to significant assumptions inherent in the Company's discounted estimated future cash flows such as the weighted average cost of capital, revenue growth rates, and operating margins. The fair value estimates for trade name intangible assets were sensitive to significant assumptions inherent in the Company's discounted estimated future cash flows such as the royalty rate, discount rate, and revenue growth rates. The fair value estimates for goodwill and trade name intangible assets are affected by expectations about future market or economic conditions, including the effects of the COVID-19 pandemic and other macroeconomic events relevant to certain markets in which the Company operates.

How We Addressed the Matter in Our Audit

We obtained an understanding, evaluated the design, and tested the operating effectiveness of controls over the Company's impairment review processes for goodwill and trade name intangible assets. For example, we tested management's review controls over the valuation models and significant assumptions described above, including those developed by the Company's third-party valuation specialists.

To test the estimated fair value of the Company's reporting units and trade name intangible assets, with the support of a valuation specialist, we performed audit procedures that included, among others, assessing methodologies and testing the significant assumptions and completeness and accuracy of the underlying data used by the Company in its analyses. For example, we compared the significant assumptions used by management to the historical financial results of the Company's reporting units and to current industry and economic trends. We assessed the historical accuracy of management's estimates by comparing past projections to actual performance and performed sensitivity analyses of significant assumptions to evaluate the changes in fair value that would result from changes in the assumptions. In addition, we reviewed the reconciliation of the aggregate fair value of the Company's reporting units to the market capitalization of the Company.

/s/ Ernst & Young LLP

We have served as the Company's auditor since 2002.

Stamford, Connecticut
February 24, 2022

Report of Independent Registered Public Accounting Firm

To the Stockholders and Board of Directors of EMCOR Group, Inc. and subsidiaries:

Opinion on Internal Control Over Financial Reporting

We have audited EMCOR Group, Inc. and subsidiaries' internal control over financial reporting as of December 31, 2021, based on criteria established in Internal Control-Integrated Framework issued by the Committee of Sponsoring Organizations of the Treadway Commission (2013 framework) (the COSO criteria). In our opinion, EMCOR Group, Inc. and subsidiaries (the Company) maintained, in all material respects, effective internal control over financial reporting as of December 31, 2021, based on the COSO criteria.

We also have audited, in accordance with the standards of the Public Company Accounting Oversight Board (United States) (PCAOB), the 2021 consolidated financial statements of the Company and our report dated February 24, 2022 expressed an unqualified opinion thereon.

Basis for Opinion

The Company's management is responsible for maintaining effective internal control over financial reporting and for its assessment of the effectiveness of internal control over financial reporting included in the accompanying Management's Report on Internal Control over Financial Reporting. Our responsibility is to express an opinion on the Company's internal control over financial reporting based on our audit. We are a public accounting firm registered with the PCAOB and are required to be independent with respect to the Company in accordance with the U.S. federal securities laws and the applicable rules and regulations of the Securities and Exchange Commission and the PCAOB.

We conducted our audit in accordance with the standards of the PCAOB. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether effective internal control over financial reporting was maintained in all material respects.

Our audit included obtaining an understanding of internal control over financial reporting, assessing the risk that a material weakness exists, testing and evaluating the design and operating effectiveness of internal control based on the assessed risk, and performing such other procedures as we considered necessary in the circumstances. We believe that our audit provides a reasonable basis for our opinion.

Definition and Limitations of Internal Control Over Financial Reporting

A company's internal control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Because of its inherent limitations, internal control over financial reporting may not prevent or detect misstatements. Also, projections of any evaluation of effectiveness to future periods are subject to the risk that controls may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

/s/ Ernst & Young LLP

Stamford, Connecticut

February 24, 2022

ITEM 9. CHANGES IN AND DISAGREEMENTS WITH ACCOUNTANTS ON ACCOUNTING AND FINANCIAL DISCLOSURE

Not applicable.

ITEM 9A. CONTROLS AND PROCEDURES

Based on an evaluation of our disclosure controls and procedures (as required by Rules 13a-15(b) of the Securities Exchange Act of 1934), our Chairman, President and Chief Executive Officer, Anthony J. Guzzi, and our Executive Vice President and Chief Financial Officer, Mark A. Pompa, have concluded that our disclosure controls and procedures (as defined in Rule 13a-15(e) of the Securities Exchange Act of 1934) are effective as of the end of the period covered by this report.

Management's Report on Internal Control over Financial Reporting

Our management is responsible for establishing and maintaining adequate internal control over financial reporting (as defined in Rules 13a-15(f) and 15d-15(f) under the Securities Exchange Act of 1934). Our internal control over financial reporting is a process designed with the participation of our principal executive officer and principal financial officer or persons performing similar functions to provide reasonable assurance regarding the reliability of financial reporting and the preparation of our financial statements for external reporting purposes in accordance with U.S. generally accepted accounting principles.

Our internal control over financial reporting includes policies and procedures that: (a) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect our transactions and dispositions of assets, (b) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with U.S. generally accepted accounting principles, and that our receipts and expenditures are being made only in accordance with authorizations of our management and Board of Directors, and (c) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of our assets that could have a material effect on our financial statements.

Because of its inherent limitations, our disclosure controls and procedures may not prevent or detect misstatements. A control system, no matter how well conceived and operated, can only provide reasonable, not absolute, assurance that the objectives of the control system are met. Because of the inherent limitations in all control systems, no evaluation of controls can provide absolute assurance that all control issues and instances of fraud, if any, have been detected. Also, projections of any evaluation of effectiveness to future periods are subject to the risk that controls may become inadequate because of changes in conditions or that the degree of compliance with the policies or procedures may deteriorate.

As of December 31, 2021, our management conducted an evaluation of the effectiveness of our internal control over financial reporting based on the framework established in *Internal Control-Integrated Framework (2013)* issued by the Committee of Sponsoring Organizations of the Treadway Commission. Based on this evaluation, management has determined that EMCOR's internal control over financial reporting was effective as of December 31, 2021.

The effectiveness of our internal control over financial reporting as of December 31, 2021 has been audited by Ernst & Young LLP, an independent registered public accounting firm, as stated in its report appearing in Item 8 of this Form 10-K, which such report expressed an unqualified opinion on the effectiveness of our internal control over financial reporting as of December 31, 2021.

Changes in Internal Control over Financial Reporting

In addition, our management with the participation of our principal executive officer and principal financial officer or persons performing similar functions has determined that no change in our internal control over financial reporting (as that term is defined in Rules 13(a)-15(f) and 15(d)-15(f) of the Securities Exchange Act of 1934) occurred during the fourth quarter of our fiscal year ended December 31, 2021 that has materially affected, or is reasonably likely to materially affect, our internal control over financial reporting.

ITEM 9B. OTHER INFORMATION

Not applicable.

PART III

ITEM 10. DIRECTORS, EXECUTIVE OFFICERS AND CORPORATE GOVERNANCE

The information required by this Item 10 with respect to directors is incorporated herein by reference to the section of our definitive Proxy Statement for the 2022 Annual Meeting of Stockholders entitled “Election of Directors,” which Proxy Statement is to be filed with the Securities and Exchange Commission pursuant to Regulation 14A not later than 120 days after the end of the fiscal year to which this Form 10-K relates (the “Proxy Statement”). The information, if any, required by this Item 10 concerning compliance with Section 16(a) of the Securities Exchange Act of 1934 is incorporated herein by reference to the section of the Proxy Statement entitled “Delinquent Section 16(a) Reports.” The information required by this Item 10 concerning the Audit Committee of our Board of Directors and Audit Committee financial experts is incorporated by reference to the section of the Proxy Statement entitled “Meetings and Committees of the Board of Directors” and “Corporate Governance.” The information required by this Item 10 regarding stockholder recommendations for director candidates is incorporated by reference to the section of the Proxy Statement entitled “Recommendations for Director Candidates.” Information regarding our executive officers is contained in Part I of this Form 10-K following Item 4 under the heading “Executive Officers of the Registrant.” We have adopted a Code of Ethics that applies to our Chief Executive Officer and our Senior Financial Officers, which is listed on the Exhibit Index.

ITEM 11. EXECUTIVE COMPENSATION

The information required by this Item 11 is incorporated herein by reference to the sections of the Proxy Statement entitled “Compensation Discussion and Analysis,” “Executive Compensation and Related Information,” “Potential Post Employment Payments,” “Director Compensation,” “Compensation Committee Interlocks and Insider Participation” and “Compensation Committee Report.”

ITEM 12. SECURITY OWNERSHIP OF CERTAIN BENEFICIAL OWNERS AND MANAGEMENT AND RELATED STOCKHOLDER MATTERS

The information required by this Item 12 (other than the information required by Section 201(d) of Regulation S-K, which is set forth below) is incorporated herein by reference to the sections of the Proxy Statement entitled “Security Ownership of Certain Beneficial Owners” and “Security Ownership of Management.”

Securities Authorized for Issuance Under Equity Compensation Plans. The following table summarizes, as of December 31, 2021, certain information regarding equity compensation plans that were approved by stockholders and equity compensation plans that were not approved by stockholders.

Plan Category	Equity Compensation Plan Information		
	A	B	C
	Number of Securities to be Issued upon Exercise of Outstanding Options, Warrants and Rights	Weighted Average Exercise Price of Outstanding Options, Warrants and Rights	Number of Securities Remaining Available for Future Issuance under Equity Compensation Plans (Excluding Securities Reflected in Column A)
Equity Compensation Plans Approved by Security Holders	472,410	\$ —	895,682 ⁽¹⁾
Equity Compensation Plans Not Approved by Security Holders	—	—	—
Total	472,410	\$ —	895,682⁽¹⁾

(1) Represents shares of our common stock available for future issuance under our 2010 Incentive Plan, which may be issued pursuant to the award of restricted stock, unrestricted stock and/or awards that are valued in whole or in part by reference to, or are otherwise based on the fair market value of, our common stock.

ITEM 13. CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS AND DIRECTOR INDEPENDENCE

The information required by this Item 13 is incorporated herein by reference to the sections of the Proxy Statement entitled “Compensation Committee Interlocks and Insider Participation” and “Corporate Governance.”

ITEM 14. PRINCIPAL ACCOUNTANT FEES AND SERVICES

The information required by this Item 14 is incorporated herein by reference to the section of the Proxy Statement entitled “Ratification of Appointment of Independent Auditors.”

PART IV

ITEM 15. EXHIBITS AND FINANCIAL STATEMENT SCHEDULES

(a)(1) The following consolidated financial statements of EMCOR Group, Inc. and Subsidiaries are filed as part of this report under Part II, Item 8. Financial Statements and Supplementary Data:

Financial Statements:

Consolidated Balance Sheets - December 31, 2021 and 2020

Consolidated Statements of Operations - Years Ended December 31, 2021, 2020, and 2019

Consolidated Statements Comprehensive Income - Years Ended December 31, 2021, 2020, and 2019

Consolidated Statements of Cash Flows - Years Ended December 31, 2021, 2020, and 2019

Consolidated Statements of Equity - Years Ended December 31, 2021, 2020, and 2019

Notes to Consolidated Financial Statements

Reports of Independent Registered Public Accounting Firm (PCAOB ID: 42)

(a)(2) The following financial statement schedule is included in this Form 10-K: Schedule II - Valuation and Qualifying Accounts

All other schedules are omitted because they are not required, are inapplicable, or the information is otherwise shown in the consolidated financial statements or notes thereto.

(a)(3) The exhibits filed in response to Item 601 of Regulation S-K are listed in the Exhibit Index.

(b) Exhibit Index

CERTIFICATION

I, Anthony J. Guzzi, certify that:

1. I have reviewed this annual report on Form 10-K of EMCOR Group, Inc.;
2. Based on my knowledge, this report does not contain any untrue statement of a material fact or omit to state a material fact necessary to make the statements made, in light of the circumstances under which such statements were made, not misleading with respect to the period covered by this report;
3. Based on my knowledge, the financial statements, and other financial information included in this report, fairly present in all material respects the financial condition, results of operations and cash flows of the registrant as of, and for, the periods presented in this report;
4. The registrant's other certifying officer(s) and I are responsible for establishing and maintaining disclosure controls and procedures (as defined in Exchange Act Rules 13a-15(e) and 15d-15(e)), and internal control over financial reporting (as defined in Exchange Act Rules 13a-15(f) and 15d-15(f)) for the registrant and have:
 - a) Designed such disclosure controls and procedures, or caused such disclosure controls and procedures to be designed under our supervision, to ensure that material information relating to the registrant, including its consolidated subsidiaries, is made known to us by others within those entities, particularly during the period in which this report is being prepared;
 - b) Designed such internal control over financial reporting, or caused such internal control over financial reporting to be designed under our supervision, to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles;
 - c) Evaluated the effectiveness of the registrant's disclosure controls and procedures and presented in this report our conclusions about the effectiveness of the disclosure controls and procedures, as of the end of the period covered by this report based on such evaluation; and
 - d) Disclosed in this report any change in the registrant's internal control over financial reporting that occurred during the registrant's most recent fiscal quarter (the registrant's fourth fiscal quarter in the case of an annual report) that has materially affected, or is reasonably likely to materially affect, the registrant's internal control over financial reporting; and
5. The registrant's other certifying officer(s) and I have disclosed, based on our most recent evaluation of internal control over financial reporting, to the registrant's auditors and the audit committee of the registrant's board of directors (or persons performing the equivalent functions):
 - a) All significant deficiencies and material weaknesses in the design or operation of internal control over financial reporting which are reasonably likely to adversely affect the registrant's ability to record, process, summarize and report financial information; and
 - b) Any fraud, whether or not material, that involves management or other employees who have a significant role in the registrant's internal control over financial reporting.

COUNTY OF NASSAU
DEPARTMENT OF PUBLIC WORKS
Inter-Departmental Memo

TO: Office of the County Executive
Att: Edward W. Powers, Deputy County Executive

FROM: Department of Public Works

DATE: March 24, 2022

SUBJECT: Traffic Signal System Operation Phase 4
Recommendation to Amend Professional Services Agreement
Welsbach Corp of LI
Agreement No: H6200003E
Encumbrance No: CHPW16000015

This Department is requesting approval to amend the existing personal services agreement H6200003E with the Construction firm, Welsbach Electric Corp of LI. This amendment is necessary for the payment of services provided through the extension of the contract. The subject agreement with Welsbach Electric was originally set to expire on October 31, 2019 and was extended by Commissioner's letter for an additional three months, until January 31, 2020.

Welsbach Electric has performed maintenance and operations services for the subject project starting November 1, 2016, as prescribed by their Notice to Proceed. Due to delays in the Federal Aid Contract process, the County had to extend the subject contract by three months. This decision was made in order to ensure continued maintenance and operations of our Traffic Signal Communication infrastructure and to avoid any public safety issues.

As such, in accordance with the applicable terms and conditions of the agreement, this Department desires to increase the dollar value of the contract by \$42,964.01 increasing the contract amount to \$2,491,464.01. This increase will allow the County to pay Welsbach Electric's final claim and close out the project.

If you approve or disapprove the above request, please signify below, and return this memo to the office for appropriate action.

Kenneth G. Arnold
Commissioner

**Certification Regarding
Debarment, Suspension, Ineligibility and Voluntary Exclusion
Lower Tier Covered Transactions
(Sub-Recipient)**

This certification is required by the regulations implementing Executive Order 12549, Debarment and Suspension, 28 CFR Part 67, Section 67.510, Participants' responsibilities. The regulations were published as Part VII of the May 26, 1988 *Federal Register* (pages 19160-19211).

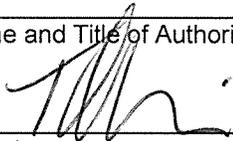

(BEFORE COMPLETING CERTIFICATION, READ INSTRUCTIONS ON REVERSE)

(1) The prospective lower tier participant certifies, by submission of this proposal, that neither it nor its principals are presently debarred, suspended, proposed for debarment, declared ineligible, or voluntarily excluded from participation in this transaction by any Federal department of agency.

(2) Where the prospective lower tier participant is unable to certify to any of the statements in this certification, such prospective participant shall attach an explanation to this proposal.

Re: Traffic Signal System Operations Phase IV
Contract No. H6200003E
Encumbrance No. CHPW16000015
Extension of Time

Dear Mr. Florio:

You are hereby advised that an extension of time for project H6200003E has been granted for the time period November 1, 2019 to January 31, 2020.

This extension of time is not an acknowledgement by the County that the same was caused by any action on the part of the County and shall not serve to relieve you from any of the terms and conditions of the contract or from full responsibility of performance of the obligations there under. The County specifically reserves any and all claims, causes of action and the right to assess damages against you or your surety. As indicated in the contract documents, the prevailing unit bid prices will be retained.

If you should have any questions, please contact Mr. Jeff Lindgren, Project Manager at (516) 571-6998.

Very truly yours,

Department of Public Works**

NOTICE TO BIDDERS

Sealed Proposals, invited by the County of Nassau, will be received by the County Executive of Nassau County, in the office of the Clerk of the Nassau County Legislature, Room 137, in the Theodore Roosevelt Executive and Legislative Building, 1550 Franklin Avenue, Mineola, New York, on **March 22, 2016 until 10:30 AM**, at which time the Proposals were accompanied with and presented separate from the required Bid Security will be publicly opened and read aloud, in the Meeting Room of the Nassau County Legislature, and the contract awarded as soon thereafter as practicable for:

**Signal System Operations Phase 4
County-wide
Contract PIN 0760.81**

Contract No. H62000-03E

This contract will provide personnel to operate and maintain the County's traffic signal and ITS communications infrastructure.

Instructions to Bidders, Form of Bid Bond, Proposal, Form of Agreement, Specifications and the Plans, herein called the "Contract Documents", may be examined at the Permit Office of the Department of Public Works, first floor, 1194 Prospect Avenue, Westbury, Nassau County, New York, 11590-2723, Phone No. (516) 571-6840, from 9:00 AM on February 19, 2016 until 3:45 PM on March 18, 2016 (closed daily from 12:00 Noon to 1:00 P.M). Copies of the Contract Documents will be available at the time and place indicated on a CD in PDF format.

This Contract will be subject to Nassau County Section 101 of Local Law No. 14-2002, and Local Law No. 9-2002, which requires that firms entering into contracts must participate in registered and approved apprenticeship training programs. At the time of bid submission, the Contractor and its proposed Subcontractors shall submit as part of its bid an affidavit of participation in approved apprenticeship training programs that are appropriate for the type and scope of work to be performed under the Agreement. The apprenticeship training programs shall be registered with, and approved by, the New York State Commissioner of Labor in accordance with Article 23 of the New York State Labor Law. Note that if the Contractor does not comply with these requirements, the Commissioner may declare the Contractor's bid proposal non-responsive and award the Contract to the next lowest responsible Bidder.

SUBCONTRACTOR LISTS - In accordance with GML § 101, for projects (1) to which a project labor agreement applies, (Labor Law Section 222) and, additionally, (2) on a public work contract for which separate specifications have not been prepared, each Bidder shall submit with its bid a separate sealed list on the forms provided with the proposal forms that names each subcontractor (for the following enumerated work, if applicable) that the Bidder intends to use to perform work on the contract, and the agreed-upon amount to be paid to each, for: (1) plumbing and gas fitting, (2) steam heating, hot water heating, ventilating and air conditioning apparatus and (3) electric wiring and standard illuminating fixtures. Notwithstanding the foregoing, all subcontractors must be approved by the Commissioner in writing prior to such subcontractor's performance of any work.

In order to ensure that you are submitting bids based on the plans and specifications provided by the Department, please be advised that the Department will only accept bids from bidders who are on the "List of Bidders" who purchased the plans and specifications from the Department.

A non-refundable fee of \$300.00 by check or money order, payable to the Nassau County Treasurer, will be required for each set of Contract Documents requested. Prospective bidders requesting Contract Documents by mail must remit an additional, non-refundable, fee of \$30.00 per set to cover handling and first class mailing.

Security for Bid as set forth herein must be presented with the Bid.

"FAILURE TO PROVIDE THE REQUIRED SECURITY WILL RENDER THE BIDDER NON-RESPONSIVE AND THE BID WILL NOT BE ACCEPTED, OPENED OR READ ALOUD. IN ADDITION, FAILURE TO PROVIDE THE REQUIRED SUBCONTRACTOR INFORMATION AT THE TIME OF BID OPENING MAY RENDER THE BIDDER NON-RESPONSIVE".

Please be advised that the DBE goal for the subject County Federal Aid Project was set at 3%. The project also has a 5.8% Minority participation goal along with a 6.9% Female participation goal. The anticipated start date of this contract is May 29, 2016.

All questions should be submitted in writing by no later than 4:00 pm on Friday, March 11, 2016, to the attention of Jeff Lindgren, Project Manager, 1194 Prospect Ave., Westbury, N.Y. 11590. Questions may also be e-mailed to jlindgren@nassaucountyny.gov. No faxed questions will be accepted.

Dated at Mineola, LI
February 17, 2016

By Order of Edward P. Mangano, County Executive
By William J. Muller III, Clerk of the Legislature

INSTRUCTIONS TO BIDDERS

A. RECEIPT AND OPENING OF BIDS

The County of Nassau, State of New York, invites bids on the forms attached hereto, all blanks of which must be properly completed. Bids together with Bid Security will be received by the Clerk of the Legislature of Nassau County, Room 117, in the Theodore Roosevelt Executive and Legislative Building, 1350 Franklin Avenue, Mineola, New York until 10:30 A.M., on the date noted in the Notice to Bidders, and Bids accompanied with Bid Security will be opened and read aloud in the Legislative Chambers Theodore Roosevelt Executive and Legislative Building.

B. BIDDER'S OBLIGATIONS

1. Bidders shall be responsible at the time of bidding for completing all certifications required by these Contract Documents. Failure to comply with this requirement may cause the bidder to be considered non-responsive and therefore not eligible for award.
2. Bidders are cautioned not to submit proposals without having carefully examined the entire site of the proposed work and the adjacent premises, and the various means of approach to the site and shall make all necessary investigations to inform themselves thoroughly as to the facilities for delivering, placing, and operating the necessary plant, and for delivering and handling the material at the site, and to inform themselves thoroughly as to all the difficulties involved in the completion of all work under this contract in accordance with its requirements.
3. Bidders shall examine the Drawings and Specifications and exercise their own judgment as to the nature and amount of the whole of the work to be done and, for the bid prices, shall assume all risk of variance by whomsoever made in any computation or statement of amounts or quantities necessary to fully complete the work in strict compliance with the Contract Documents.
4. The Contractor shall assume all risks and responsibility and shall complete the work in whatever material and under whatever conditions he may encounter or create, without extra cost to the County.
5. The County may have acquired for its own use certain information relating to the probable profiles of the ground,

Page 1

Instructions

INSTRUCTIONS TO BIDDERS

conditions below ground and water surfaces to be encountered at the site of the proposed work some of which may be shown on the plans. If such information is shown or given, the County makes no representation or warranty as to its existence or accuracy. The Bidder will be permitted to see and examine any information in the possession of the County for whatever value he considers it worth. The Bidder shall satisfy himself as to the nature of all subsurface conditions, by making any and all investigations he may deem necessary.

6. No plea of ignorance or misunderstanding of conditions that exist or that may hereafter exist, or of conditions or difficulties that may be encountered in the execution of the work under this Contract, as a result of failure to make the necessary examinations and investigations, will be accepted as an excuse for any failure or omission on the part of a Contractor to fulfill in every detail all of the requirements of the Contract Documents; or will be accepted as a basis for any claims whatsoever for extra compensation, or for an extension of time.

7. Bidders are warned that the estimates of the quantities of the various items of work and materials as set forth in the proposal form are approximate only and are given solely to be used as a uniform basis for the comparison of bids. The quantities actually required to complete the contract work may be less or more than so estimated; and, if so, no action for damages or for loss of profits shall accrue to the Contractor by reason thereof.

8. Bidders are cautioned that, where the work performed under this Contract involves a trade or occupation licensed in the County of Nassau by the Towns of Hempstead, Oyster Bay or North Hempstead or by the Cities of Glen Cove or Long Beach, the Contractor shall be required to have such a license.

C. DEFINITIONS

The Bidder's attention is directed to that Article of the Agreement and/or General Conditions which defines various words and expressions used therein.

D. FORM, PREPARATION AND PRESENTATION OF PROPOSALS

1. For particulars as to the quantity and quality of the supplies, materials, and equipment to be furnished and the nature and extent of the work or labor to be done, prospective

INSTRUCTIONS TO BIDDERS

bidders are referred to the Contract Documents which may be obtained or examined at the Receptionist's Office of the Department of Public Works.

2. Each bid shall be submitted upon the prescribed proposal form. All blank spaces for bid prices must be filled in, in ink, in both words and figures, with the unit or total sum, or both, for which the proposal is made. If proposals contain any omission, erasures, alterations, additions or items not called for in the itemized proposal or contain irregularities of any kind, such may constitute cause for rejection of bid. In case of any discrepancy in the unit price or amount bid for any item in the proposal, the unit price, as expressed in written words, shall govern. Each proposal shall specify the correct total sum of the bid. This total sum shall be the correct sum of all items indicated on the proposal form. The correct total sum shall be used to determine the lowest bidder. In the case of a proposal containing unit price items, the correct total sum shall be arrived at by the correct computation, to the hundredth of a dollar (\$0.00), of all items contained in the proposal at the unit prices bid, and correctly adding the amount bid for each item. If a bidder incorrectly computes the total sum, the Commissioner will, in all cases, cause the proposal to be corrected, up or down, in accordance with the precedence and procedure specified above, and the corrected total sum will be used to determine the ranking of the bidder. IN NO CASE IS THE AGREEMENT TO BE FILLED OUT OR SIGNED BY THE BIDDER.

3. SUBMISSION OF BIDS

1. The bid must be signed and verified, and be presented on the prescribed form in a sealed envelope on or before the time at the place mentioned in the Notice to Bidders, endorsed with the name of the person, firm or corporation presenting it, the date of presentation, and the title of the work for which the bid is made. (If forwarded by mail, the sealed envelope containing the proposal and marked as directed above, must be enclosed in another envelope addressed as specified in the Notice to Bidders, preferably by certified mail). Bid Security shall also be presented with the BID and shall be **OF THE BID BOND FORM PROVIDED** and presented in a sealed envelope, marked "Bid Security," and submitted separate from the BID. Said sealed envelope shall bear the contract number of the BID it is presented with and then "**attached to the OUTSIDE of the envelope containing the BID.**"

INSTRUCTIONS TO BIDDERS

2. **SUBCONTRACTOR LISTS** - In accordance with GML § 101, for projects (1) to which a project labor agreement applies, (Labor Law Section 222) and, additionally, (2) on a public work contract, for which separate specifications have NOT been prepared, each Bidder shall submit with its bid a separate sealed list on the forms provided with the proposal forms that names each subcontractor (for the following enumerated work, if applicable) that the Bidder intends to use to perform work on the contract, and the agreed-upon amount to be paid to each, for: (1) plumbing and gas fitting, (2) steam heating, hot water heating, ventilating and air conditioning apparatus and (3) electric wiring and standard illuminating fixtures. Notwithstanding the foregoing, all subcontractors must be approved by the Commissioner in writing prior to such subcontractor's performance of any work. Subcontractors should be approved by the Sponsor and included in a list in the Construction Management Plan (CMP), along with their respective contract item(s) of work. All subcontractors must submit the AAP 331L (Monthly Employment Utilization Form(s)) to the prime contractor for submittal to NYSDOT when submitting payment requisition forms along with any applicable AAP 231L form(s), Contractor Report of Contract Payments. These two forms must be printed from the ESO system and included with the payment. The contractor shall submit at the Pre-construction meeting a copy of CONR 891L forms for each of the approved subcontractors indicating the particular items of work, and these sheets will be included as part of the project records.

F. **BIDDING PROTEST PROCEDURE**

1. If a Bid Protest is contemplated, the County of Nassau must be notified immediately, in writing. The notification must contain facts in support of the protest, and directed to the Office of the Clerk of the Nassau County Legislature and copied to the Department of Public Works.

William Muller
Clerk of the Legislature
1550 Franklin Avenue
Mineola, NY 11501

Shula Shah-Gavncoudias, P.E.
Office of the Commissioner
1194 Prospect Avenue
Westbury, NY 11590

2. A written decision relative to the Bid Protest will be sent, to the person protesting, prior to accepting bids or awarding of contract. If the decision is not acceptable, or you feel that further action is warranted, then you may pursue available legal remedies.

INSTRUCTIONS TO BIDDERS

G. ADDENDA AND INTERPRETATIONS

No interpretation of the meaning of the Drawings, Specifications or other Contract Documents will be made to any Bidder orally. Prospective bidders must request in writing such interpretation from the Commissioner and such interpretation will be given in writing. To be given consideration, such request must be received at least seven working days prior to the date fixed for the opening of bids. Any and all such interpretations and any supplemental instructions will be in the form of written addenda which, if issued, will be sent by certified mail, with return receipt requested, to all prospective bidders (at the respective address furnished for such purposes) not later than five (5) working days prior to the date fixed for the opening of bids. Failure of any bidder to receive any such addenda or interpretation shall not relieve any bidder from any obligation under his bid as submitted. All addenda so issued shall become part of the Contract Document.

H. BID SECURITY

1. The proposal must be accompanied either by a certified check of a Bank or Trust Company with its principal place of business in New York State in an amount equal to not less than 10% of the amount bid, made payable to the County of Nassau as assurance that the bid is made in good faith; or a BID BOND in an amount of not less than 10% of the amount bid. **BIDDER MUST USE THE BID BOND FORM PROVIDED HEREIN.** The American Institute of Architects or similar substitute forms **OR FORMS IDENTICAL TO THAT PROVIDED HEREIN** will **NOT** be accepted (see Form of Bid Bond immediately following the instruction to Bidders). The **BID BOND** must be affixed to the **OUTSIDE** of the envelope containing the BID as indicated earlier in the **INSTRUCTIONS TO BIDDERS.** FAILURE TO PROVIDE SUCH BID BOND OR CERTIFIED CHECK WITH THE BID WILL RENDER THE BIDDER NON-RESPONSIVE AND THE BID WILL NOT BE ACCEPTED, OPENED OR READ ALOUD.
2. If after opening the BID, the Bid Security is found to be less than the required 10%, the BID will at that point be determined to be non-responsive and the BID will be rejected.
3. All Bonds shall be issued by a Surety Company authorized to do business in the State of New York as evidenced by either the Surety Company's most recent Certificate of Solvency under Section 1111 of the New York Insurance Law, a copy of which shall be attached to the Bond **OR** issued by a Surety Company

INSTRUCTIONS TO BIDDERS

listed in the most recent copy of the Department of Treasury's Listing of Approved Sureties (Department Circular 570). The amount of such Bond shall not exceed the limits set by the aforesaid Certificate of Solvency or Treasury Department Circular.

4. Within three days after the opening of bids, the bid security of all but the three lowest bidders will be returned. The bid security of the remaining bidders will be returned within two days after the execution of the Contract.
5. If the Bidder to whom the Contract is awarded refuses or neglects to execute it, or fails to furnish the required security and insurance, within ten (10) days of the date of the Notice of Award, the amount of his bid security shall be forfeited and shall be retained by the County as liquidated damages. No plea of mistake in a bid shall be available to the Bidder for the recovery of his bid security or as a defense to any action based on the neglect or refusal to execute a contract.

3. QUALIFICATIONS AND RESPONSIBILITY OF BIDDERS

QUALIFICATIONS: A form for qualification of bidders, giving evidence of sufficient facilities, equipment, and experience to insure completion of the work is provided with the proposal and must be properly filled in, sworn to and submitted as part of the proposal although additional information may be sought as provided in the RESPONSIBILITY section below.

RESPONSIBILITY: The COUNTY, in determining the responsibility of the apparent lowest bidder, may require, and the apparent lowest responsible bidder shall provide, such information as the COUNTY deems necessary in order to ascertain the pecuniary and financial responsibility, accountability, operational responsibility, skill, capacity, ability, judgment, integrity and moral worth of the apparent lowest responsible bidder. In the event that the apparent lowest bidder shall be rejected or fails to furnish the requested information and thereby is disqualified and/or otherwise determined to be not responsible, the next lowest bidder shall become the apparent lowest responsible bidder.

Procurement shall only be conducted with responsible vendors who have the technical and financial competence to perform as well as an exemplary record of integrity. Before selecting a vendor, Nassau County intends to review the

INSTRUCTIONS TO BIDDERS

federal and state lists of vendors excluded from procurement. Contracts shall not be awarded to debarred, suspended, or ineligible vendors. Accordingly, responses must include a completed NYS Vendor Responsibility Questionnaire and notarized certification, along with verification that a completed NYS Vendor Responsibility Questionnaire has been filed with the NYS Office of the State Comptroller. <http://www.osc.state.ny.us/vendrep/>.

1. The COUNTY may require the apparent lowest responsible bidder, in addition to other information, to furnish the following items:
 - a. Description of its experience with projects of similar comparative size, complexity, and cost within recent years, together with documentary evidence of such projects; demonstration of Contractor's ability and capacity to perform a substantial portion of the Project with its own forces.
 - b. Description of the bidder's proposed approach to the project; with a breakdown of the major construction activities; the sequence they will be performed; and their durations.
 - c. Documentation from previous projects regarding: timeliness of performance; quality of work; extension requests; labor disputes; litigation and/or arbitration arising from such work, including fines and penalties imposed and payment thereof; liens filed; history of claims for extra work; contract defaults; together with explanations of same.
 - d. Identification and description of any projects within the previous five years that the apparent lowest bidder was determined by a municipality not to be a responsible bidder, the reasons given by such municipality therefore, together with an explanation thereof.
 - e. An adequate demonstration of financial responsibility, which may include, in the COUNTY'S discretion, a Certified Financial Statement prepared by a Certified Public Accountant, to assure that the apparent lowest bidder possesses adequate resource and availability of credit and the means and ability to procure insurance and bonds required for the project.

INSTRUCTIONS TO BIDDERS

- f. Disclosure of any suspensions or revocations of any professional license of any director, officer, owner, or managerial employee of the apparent lowest bidder, to the extent that any work to be performed is within the field of such licensed profession.
- g. Disclosure of any and all Occupational Safety and Health Act (OSHA) violations within the previous three years, as well as all notices of OSHA violations filed against the apparent lowest bidder in the same three year Period, together with a description and explanation of remediation or other steps taken regarding such violations and notices of violation.
- h. Disclosure of any and all violations within the previous five years pertaining to unlawful intimidation or discrimination against any employee by reason of race, creed, color, disability, sex or natural origin and/or violations of an employee's civil rights or equal employment opportunities.
- i. Certification and list of equipment owned and/or leased by the apparent lowest bidder that will be utilized on the project, together with maintenance records and such assurances regarding safety thereof as the County considers appropriate.
- j. Disclosure of any litigation (including copies of Pleadings) in which the apparent lowest bidder has been named as a Defendant or third party defendant in an action involving a claim for personal injury or wrongful death arising from performance of work related to any project in which it has been engaged within the previous five years.
- k. Disclosure of violations of the Prevailing Wage and Supplement payment Requirements of the Labor Law, and any other Labor Law provisions, including, but not limited to, child labor violations, failure to pay wages, or unemployment insurance tax delinquencies within the past five years.
- l. Disclosure of violations of the Workers' Compensation Law, including, but not limited to the failure to provide proof of Workers' Compensation or Disability coverage and/or any lapses thereof.

INSTRUCTIONS TO BIDDERS

- m. Disclosure of any criminal convictions or criminal indictments, involving the apparent lowest bidder, its officers, directors, owners and/or managerial employees, within the past five years.
 - n. Disclosure of any violations within the past five years or pending charges concerning federal, state, or municipal environmental and/or health laws, codes, rules and/or regulations.
 - o. Identify all work to be subcontracted along with its value and when requested by the County identifying the firm(s) to which the work will be Subcontracted. All Subcontractors are subject to the approval of the County. The approval of the Subcontractors by the County, as provided in the general conditions, may be subject to the same evaluation of responsibility.
2. Prior to a final determination that the apparent lowest bidder is not responsible, the County shall notify the party of the same, in writing, relaying the initial determination of non-responsibility. The apparent lowest bidder will have ten (10) calendar days to make an appeal, in writing, to the Commissioner. If such an appeal is made, the Commissioner, per established procedure, will convene a Standing Committee to hear the bidder's appeal. The Committee will render a final decision in the matter. Failure by the bidder to make an appeal within the ten (10) calendar day period will render the initial determination of non-responsibility final.
3. In the event the amount of the lowest bid appears disproportionately low when compared with the estimates undertaken by or on behalf of the COUNTY and/or compared to other bids submitted, the COUNTY reserves the right to inquire further of the apparent lowest bidder to determine whether the bid contains mathematical errors, omissions and/or erroneous assumptions, and whether the apparent lowest bidder has the capability to perform and complete the contract for the bid amount.

NOTWITHSTANDING THE ABOVE, THE COUNTY RESERVES THE RIGHT TO REJECT ANY AND ALL BIDS AS ELSEWHERE PROVIDED HEREIN.

J. SECURITY FOR FAITHFUL PERFORMANCE

INSTRUCTIONS TO BIDDERS

The successful bidder shall execute both a Performance Bond and a Labor and Material Payment Bond on forms as hereto attached, (See Form of Performance Bond and Form of Labor and Material Payment Bond Immediately following the section entitled "Agreement".) each in the amount of one hundred percent (100%) of the contract price, to remain in effect for the duration of the contract, which includes the Maintenance/Guarantee period. Such bonds to be executed by a surety company authorized to do business in the State of New York and acceptable to the County Comptroller; or bonds secured by collateral, or securities approved by the County Comptroller, and approved as to form and manner of execution by the County Attorney. The Attorney-in-fact who sign contract bonds, must file with such bonds a certified copy of the power of attorney to sign these bonds.

All Bonds shall be issued by a Surety Company authorized to do business in the State of New York as evidenced by either the Surety Company's most recent Certificate of Solvency under Section 1101 of the New York Insurance Law, a copy which must be attached to the Bond OR issued by a Surety Company listed in the most recent copy of the Department of Treasury's Listing of Approved Sureties (Department Circular 570). The amount of said Bond shall not exceed the limits set by the aforesaid Certificate of Solvency or Treasury Department Circular.

K. INSURANCE REQUIREMENTS

The successful bidder will be required to provide the types of insurance specified in the Agreement, General Conditions and Supplementary Conditions.

L. REJECTION OF BIDS

1. The County reserves the right to reject any bid if the evidence submitted in the statement of the Bidder's qualifications or if investigation of such Bidder fails to satisfy the County that such bidder is properly qualified to carry out the obligations of the Contract and to complete the work contemplated therein.

2. Conditional bids will not be accepted. The County reserves the right to reject any and all bids and to accept the bid which it deems most favorable to the interest of the County, after all bids have been examined and canvassed.

INSTRUCTIONS TO BIDDERS

M. BASIS OF AWARD

The Contract will be awarded, if at all, to the lowest responsive responsible bidder, as determined by the County Executive and by terms and conditions of the Contracts.

N. STAGING AND STORAGE AREAS

Where appropriate and available, the County will permit the successful bidder to utilize County-owned property in accordance with Specific Conditions as a staging and storage area. Bidders are advised to contact the office of Contracts and Permits to determine if such arrangements are available for the specific contract being bid.

O. CONTRACT PROCESSING FEE

In accordance with the provisions of Ordinance No. 201-2001, passed by the Legislature and approved by the County Executive (original on file with the Clerk of the Legislature), the successful bidder upon signing contracts will be required to pay the following fee schedule service charge for the administration of the contract by the County of Nassau:

<u>Value of Contract</u>	<u>Administrative Fee</u>
\$0 - \$5000	\$0
\$5001 - \$50,000	\$160
\$50,001 - \$100,000	\$266
Over \$100,000	\$533

All checks are to be made payable to the Nassau County Treasurer.

P. STATE LAWS

Foreign Contractors must comply with provisions of Articles 9a, 16 and 16a of the Tax Law, as amended, prior to submission of the proposal for the performance of the work. The Certificate of the New York State Department of Taxation and Finance (TP-310) to the effect that all taxes have been paid by the foreign Contractor shall be conclusive proof of the payment of taxes. The term "foreign Contractor" as used herein means, in the case of an individual, a person who is a legal resident of another state or foreign country; in the case of a firm or co-partnership, one having one or more

INSTRUCTIONS TO BIDDERS

partners who is a legal resident of another state or foreign country; and, in the case of a corporation, one having its principal place of business in another state or country.

2. The attention of all prospective bidders is specifically called to the provisions of Section 25, subdivision 5, sections 70 and 71 of the Labor Law, as amended, in relation to funds being received by a Contractor for a public improvement declared to constitute trust funds in the hands of such Contractor to be applied first to the payment of certain claims.
3. The Contractor and each and every subcontractor performing work at the site of the project to which this Contract relates, shall comply with all applicable provisions of the Labor Law, as amended, of the State of New York and particularly Article 8 thereof. Attention is called to certain provisions of the Labor Law as set forth in the Agreement or General Conditions which are hereby referred to and made a part thereof.

9. THE CONTRACT IS ALSO MADE SUBJECT TO:

1. GENERAL BUSINESS LAW, Section 322-a
2. GENERAL MUNICIPAL LAW, Section 183-d
3. LABOR LAW, Article 8 and Article 10
4. ADMINISTRATIVE CODE OF NASSAU COUNTY, Sections 22-4.2 and 22-4.3

5. No Contractor, Subcontractor, nor any person acting on its behalf should in any manner discriminate because of race, creed, color, religion, sex, national origin, age, marital status, and or disability, against any citizen of the State of New York who is qualified and available to perform the work to which the employment relates.

6. Contracts receiving Federal Aid are referred to Section I., entitled, CONTRACTS WITH FEDERAL AID, of these instructions.

7. With reference to the foregoing and all other statutory

INSTRUCTIONS TO BIDDERS

citations contained in the bid documents, it is the Contractor's responsibility to appraise himself of the latest amendments.

8. Each and every provision of any law, rule or regulation required by law to be inserted in this Contract shall be deemed to be inserted herein, and the Contract shall be read and enforced as though it were included herein, and if through mistake or otherwise, any such provision is not inserted or is not correctly inserted, then upon the application of either party, the Contract shall be amended to make such insertion.

R. **SALES TAX AND COMPENSATING USE TAX**

Under the Laws of New York State all materials and supplies sold to a Contractor and which are to become an integral, component part of a structure, building or real property owned by an exempt organization such as the County of Nassau are exempt from the payment of New York State Sales or Compensatory Use Taxes. Therefore, the Contractor should not include any amount in its bid price to cover Sales Taxes.

S. **RESPONSIBLE CONTRACTORS**

1. The Owner will award contracts only to responsible contractors who possess the ability to perform successfully under the terms and conditions of the Contract. Consideration will be given to such matters as contractor integrity, record of past performance, and accessibility to financial and technical resources. A prospective contractor must affirmatively demonstrate his or her responsibility and, when necessary, the responsibility of proposed subcontractors. A determination of non-responsibility will be made by the County if information obtained indicates clearly that the prospective contractor is not responsible. If the County has doubts about the productive capacity or financial strength of a prospective contractor which cannot be resolved affirmatively, the County will determine that the prospective contractor is non-responsible. A determination and findings supporting the decision will be written for the file.
2. A prospective contractor must:
- a. Have adequate financial resources or the ability to obtain such resources as required during performance of

INSTRUCTIONS TO BIDDERS

the contract.

- b. Be capable of furnishing the supplies/services specified in accordance with the required delivery schedule. Upon request, the prospective contractor must furnish "acceptable evidence" of his ability to perform, such as firm commitments by sub-contractors, equipment supplies and facilities, and show his ability to obtain the necessary personnel.
 - c. Not have an unsatisfactory record of performance.
 - d. Not have an unsatisfactory record of integrity and business ethics.
 - e. Be otherwise qualified and eligible to receive an award under applicable laws and regulations.
3. Debarred or Ineligible Bidders. No firm that is currently ineligible or debarred from the award of a direct Federal contract may be awarded a contract or a subcontract under a project supported by Federal funds. The contractor must include with his bid or proposal a certification that he is not on a current list of debarred or ineligible contractors for Federal contracts.

4. CONTRACTS WITH FEDERAL AID

1. After Nassau County lets the project, a contract award package is completed in accordance with chapter 14 of the Procedures for Locally Administered Federal Aid Projects (PLAFAP) manual, and submitted to NYSDOT Construction for review and concurrence. Once the contract award package is found to be in order, then the Sponsor will receive a permission to award letter from NYSDOT Planning and the contract may be awarded.
2. A Pre-Award Conference to determine the lowest responsible bidder's ability to fulfill the requirements of Executive Orders No. 11,246 and No. 11,375 is mandatory for all contracts exceeding \$1,000,000.00. The Bidder will be informed during the Pre-Award Conference, the date, time and place set for a Pre-Construction Conference required by New York State.
3. Are subject to the provisions of Article 18 of the General Municipal Law of the State of New York, as amended; Sections 22-4.2 and 22-4.3 of the Administrative Code of Nassau County, 41 CFR (Code of Federal Regulations) 60 including Parts 60-1.4, 60-250.4 and 60-741.4.

INSTRUCTIONS TO BIDDERS

4. No Contractor, Subcontractor, nor any person acting on its behalf should in any manner discriminate because of race, creed, color, religion, sex, national origin, age, marital status or disability, against any citizen of the State of New York who is qualified and available to perform the work to which the employment relates.

U. BIDS RECEIVED IN EXCESS OF THE ESTIMATED COST OF WORK

The County reserves the right to reject any bid if the unit price proposed for any item exceeds the estimated cost by more than fifteen (15%) per cent, or if any lump sum item bid exceeds the estimated cost by more than twenty-five (25%) per cent.

V. FRINGE BENEFIT SUPPLEMENTS

The successful bidder will be required to comply with the Labor Law provisions contained in this Agreement.

W. DISADVANTAGED BUSINESS ENTERPRISE

There is a ten percent (3%) DBE disadvantaged business enterprise requirement for this project.

X. MBE / WBE UTILIZATION GOALS

This Federal Aid project has 0% MBE and 0% WBE Goals

Y. EQUAL EMPLOYMENT OPPORTUNITY GOALS

There is a 5.8% Minority Participation goal for this project
There is a 6.9% Female utilization goal for this project

INSTRUCTIONS TO BIDDERS

TITLE 51

APPRENTICESHIP TRAINING PROGRAMS FOR COUNTY CONTRACTS

- Section 1. Legislative Intent.
2. Definitions.
3. Requirements and Exceptions.
4. Enforcement.
5. Severability.
6. Applicability

1. **Legislative intent and purpose.** The County of Nassau hereby establishes a policy to promote apprenticeship training as authorized by Section 816-b of the NEW YORK LABOR LAW.

2. **Definitions.** As used in this local law, the following terms shall have the meanings indicated:

A. "Certificate of Completion" shall mean a certificate issued by the New York State Department of Labor which recognizes an employee's successful completion of an apprenticeship program.

B. "Construction contract" shall mean any contract to which the County of Nassau shall be a signatory which involves the construction, reconstruction, improvement, rehabilitation, installation, alteration, renovation, demolition or otherwise providing for any building, facility or physical structure of any kind with a value in excess of \$500,000.

C. "Contractor or subcontractor" shall mean a contractor or subcontractor which directly employs labor under a construction contract for which an apprenticeship program has been approved by the New York State Commissioner of Labor in accordance with Article 23 of the NEW YORK LABOR LAW.

D. "Sponsor" shall mean any organization or entity operating an apprenticeship program with the New York State Department of Labor and in whose name the program is registered.

3. **Requirements and Exceptions.**

A. The County of Nassau hereby requires any contractor, prior to entering into a construction contract with the County of Nassau, or any subcontractor entering into a contract with a contractor who has a construction contract with the County of Nassau, to have apprenticeship agreements appropriate for the type and scope of work to be performed, which have been registered with, and approved by the New York State Commissioner of Labor in accordance with Article 23 of the NEW YORK LABOR LAW, as evidenced by

INSTRUCTIONS TO BIDDERS

- valid Certificates of Completion which are specifically identified as pertaining to the trade(s) and/or job title(s) called for within the construction contract, anything in Section 103 of the NEW YORK GENERAL MUNICIPAL LAW to the contrary notwithstanding.
- B. Prior to entering a construction agreement with the County of Nassau, a contractor must submit to the County, Certificates of Completion showing that they, or their sponsor, graduated at least on apprentice from a state approved and registered apprenticeship program, in the trade and/or job title called for within the construction contract, within a time period immediately preceding the bid date of such project, the length of said time period to be calculated by adding twenty-four months to the specific trade's program length as set forth in the New York State Prevailing Wage Schedule, subject to the exception found in paragraph (E) of this section. If a contractor is a signatory to a sponsor, the contractor must submit to the County a letter from the sponsor verifying its signatory status.
- C. It shall be a contractor's responsibility to submit the required Certificates of Completion as part of any bid submitted in connection with a construction contract and to provide to the County department or agency administering the construction contract the identity of apprentices who have graduated from their apprenticeship program.
- D. If a contractor utilizes a subcontractor on a construction contract, the contractor shall submit Certificates of Completion showing that the subcontractor or the subcontractor's sponsor graduated at least one apprentice from a state approved and registered apprenticeship program, in the trade and/or job title called for within the construction contract, within a time period immediately preceding the bid date of such project, the length of said time period to be calculated by adding twenty-four months to the specific trade's program length as set forth in the New York State Prevailing Wage Schedule, subject to the exception found in paragraph (H) of this section. The contractor must submit these certificates at a time designated by the department or agency administering the construction contract, but in any event, these forms must be received by the County prior to subcontractor beginning work under the contract. If the subcontractor is a signatory to a sponsor, the contractor must submit to the County a letter from the sponsor verifying the signatory status.

INSTRUCTIONS TO BIDDERS

- E. It shall be the responsibility of the County department or agency administering a construction contract to verify that a contractor or subcontractor is a participant in a state approved and registered apprenticeship program and to include the submitted Certificates of Completion as an attachment to the final contract, work order or other document memorializing the award of work to the contractor.
- F. It shall be the responsibility of the County department of agency administering a construction contract to designate an individual within that department or agency who shall be responsible for specifically identifying within a construction contract the trade(s) and/or job title(s) necessary to perform the construction contract and verifying the validity of Certificates of Completion and including same as an attachment to the final contract, work order or other document memorializing the award of work to the contractor or subcontractor.
- G. In the event a County department or agency other than the Department of Public Works is administering a construction contract, that department or agency shall notify the Department of Public Works of said contract and the Department of Public Works will assist the department or agency to achieve compliance with the apprenticeship requirements set forth in this chapter.
- H. For the purpose of this title only, the length of program for the trade of laborer shall be two years.

4. **Enforcement.** The County Department of Public Works is hereby authorized, empowered and directed to promulgate such rules and regulations that are lawful, necessary and appropriate for the implementation and enforcement of any provisions of this local law.

5. **Severability.** If any clause, sentence, paragraph, subdivision, section or part of this local law or the application thereof, to any person, individual, corporation, firm, partnership, entity or circumstance, shall be adjudged by any court of competent jurisdiction to be invalid or unconstitutional such order or judgment shall not affect, impair, or invalidate the remainder thereof, but shall be confined in its operation to the clause, sentence, paragraph, subdivision, section or part of this local law or in its application to the person, individual, corporation, firm, partnership, entity, or circumstance, directly involved in the controversy in which such judgment or order shall be rendered.

INSTRUCTIONS TO BIDDERS

6. **Applicability.** This local law shall apply to construction contracts advertised for bids on or after the effective date.

(Added by Local Law No. 9-2002, in effect August 8, 2002, amended Local Law No. 3-2013 and Local Law 3-2015 effective June 19, 2015.)

FORM OF BID BOND

IMPORTANT The bidder shall instruct the Surety Company to USE THIS FORM PROVIDED as the use of ANY OTHER FORM may cause rejection of the bid.

KNOW ALL MEN BY THESE PRESENTS,

that we, the undersigned Welsbach Electric Corp. of L.L. 300 Newtown Road, Plainview, NY 11803 as Principal; and Travelers Casualty and Surety Company of America as surety, who is licensed to do business in the State of New York, are hereby firmly bound unto the County of Nassau in the penal sum of

Ten Percent of the Amount Bid dollars (\$ 10% of Amt. Bid) for the payment of which, well and truly to be made, we hereby jointly and severally bind ourselves, our heirs, executors, administrators, successors and assigns.

Signed, this 14th day of March, 2016

The conditions of the above obligation is such that whereas the Principal has submitted to the County of Nassau a certain Bid attached hereto and hereby made a part hereof, to enter into a contract in writing for the work under Contract No. H62000-03E / PIN 0760.81 for the

Signal System Operations Phase IV

NOW, THEREFORE, the conditions of this obligation are such that if the Principal shall not withdraw said proposal except by mutual consent of the County of Nassau within a period of forty-five (45) days after the opening of bids and in the event of acceptance of the Principal's proposal, if the Principal shall,

- a. when notified by the County, execute all necessary counterparts of the contract as set forth in the contract documents in accordance with the proposal as accepted; and
- b. furnish bonds and other security as specified in the contract documents for the faithful performance and proper fulfillment of such contract, which bonds or other security shall be satisfactory in all respects to the County; and
- c. in all respects, comply with the provisions set forth in the invitation to bid; or if the County of Nassau shall reject the aforesaid proposal for a reason other than the Principal's failure to satisfy the County that he has the necessary skill, experience and liquid assets required for the contract as stated in the documents aforesaid, then this obligation shall be null and void; otherwise to remain in full force and effect.

Page 1

Provided, however, that this bond is subject to the following additional conditions and limitations.

a. In the event that the Principal fails to submit a financial statement when required by the County or in the event that an examination of the Principal indicates to the County that the Principal does not meet the financial requirements required by the County, the undersigned will, upon demand, pay to the County of Nassau, as liquidated damages for the Principal's failure to meet such requirements, a sum equal to the amount that would have been required by a certified check if the same were delivered in accordance with the provisions of the contract documents and specifications herein stated.

b. In case the Principal shall default in the performance of any provision the undersigned will upon demand pay to the County of Nassau the full amount of the damages sustained by the County of Nassau by reason of such default, except however, it is expressly understood and agreed that the liability of the surety for any and all claims hereunder shall in no event exceed the amount of this obligation as herein stated.

The Surety, for value received, hereby stipulates and agrees that the obligation of said Surety and its bond shall be in no way impaired or affected by any extension of time within which the County of Nassau may accept such Bid; and said Surety does hereby waive notice of any such extension.

IN WITNESS WHEREOF, the Principal and the Surety have hereunto set their hands and seals, and such of them as are corporations have caused their corporate seals to be hereto affixed and these presents to be signed by their proper officers, the day and year first set forth above.

STATE OF NEW YORK
DEPARTMENT OF FINANCIAL SERVICES

CERTIFICATE OF SOLVENCY UNDER SECTION 1111 OF THE NEW YORK
INSURANCE LAW

It is hereby certified that

Travelers Casualty and Surety Company of America
of Hartford, Connecticut

a corporation organized under the laws of the State of Connecticut, and duly authorized to transact the business of insurance in this State, is qualified to become surety or guarantor on all bonds, undertakings, recognizances, guaranties and other obligations required or permitted by law; and that the said corporation is possessed of a capital and surplus including gross paid-in and contributed surplus and unassigned funds (surplus) aggregating the sum of \$2,114,657,475. (Capital \$8,480,000.) as is shown by its sworn financial statement for the year ended December 31, 2014, on file in this Department, prior to audit.

The said corporation cannot lawfully expose itself to loss on any one risk or hazard to an amount exceeding 10% of its surplus to policyholders, unless it shall be protected in excess of that amount in the manner provided in Section 4118 of the Insurance Law of this State.

In Witness Whereof, I have hereunto set my hand and affixed the official seal of this Department at the City of Albany, this 27th day of April, 2015.

Telephone: (516) 454.0023 Date: March 22, 2016

FAX Tele: (516) 454.0282

NOTE: IF BIDDER IS A FIRM, FILL IN THE FOLLOWING BLANKS:

Name of Partners

Residence of Partners

NOTE: IF BIDDER IS A CORPORATION, FILL IN THE FOLLOWING BLANKS:

Organized under the laws of the State of: New York

Name of President / C.E.O. JOSEPH P. FROLO

President's Domicile: _____

Name of Vice Pres: ASST. DANIEL PIQUOTTE

Vice Pres's Domicile: _____

Corporate Officer: MICHELE VIGNATI Title: ASST. TREASURER
ASST. SECRETARY

Corporate Officer's Domicile: _____

Corporate Officer: WALTER WALTER, JR. Title: ASST. VICE PRESIDENT

Corporate Officer's Domicile: _____

The Following Paragraphs are Applicable to the Contract

THE BIDDER AFFIRMS AND DECLARES:

1. That the above bidder is of lawful age and the only one interested in this bid; and that no other person, firm or corporation, except those herein named, has any interest in this bid or in the Contract proposed to be entered into.
2. That this bid is made without any understanding, agreement or in connection with any other person, firm or corporation, making a bid for the same work, and is in all respects fair and without collusion or fraud.
3. That said bidder is not in arrears to the County of Nassau upon debt or contract, and is not a defaulter, as surety or otherwise, upon any obligation to the County of Nassau.
4. That no officer nor employee of the County of Nassau, or person whose salary is payable in whole or in part from the County Treasury is, shall be, or become interested directly, or indirectly as a contracting party, partner, stockholder, surety or otherwise, in this bid, or in the performance of the contract, or in the supplies, materials, equipment and work or labor to which it relates, or in any portion of the profits thereof.
5. That he has carefully examined the site of the work and that, from his own investigations, has satisfied himself as to the nature and location of the work, the character, quality and quantity of existing materials, all difficulties likely to be encountered, the kind and extent of equipment, other facilities needed for the performance of the work, the general and local conditions, and all other items which may, in any way, affect the work or its performance.
6. The bidder also declares that he has carefully examined and fully understands all the component parts of this Contract, that he will execute the Contract and will completely perform it in strict accordance with its terms for the following prices.
7. Where the work performed under this Contract involves a trade or occupation licensed in the County of Nassau by the Towns of Hempstead, Oyster Bay or North Hempstead or by the Cities Glen Cove or Long Beach, the contractor shall be required to have such a license.

INFORMATION FOR BIDDERS

I. Rejection of Bids.

A. The Commissioner may recommend a reject of bid if;

1. The Bidder fails to furnish any of the information required by the bid documents; or if
2. The bidder misstates or conceals any material fact in the bid, or in the sworn written statement; or if
3. The bid does not strictly conform to law or the requirements of this contract; or if
4. The bid is conditional; or if
5. The bid on Unit Price Contracts, in the opinion of the Commissioner, contains unbalanced bid prices, where the unit price proposed for any item exceeds the estimated cost by more than fifteen percent (15%), or if any lump sum item bid exceeds the estimated cost by more than twenty-five percent (25%); or if
6. A determination that the bidder is not responsible is made in accordance with law.

B. Rejection of all bids and waiver of informalities.

The Commissioner, however, reserves the right to recommend to reject all bids whenever he deems it in the best interest of the County, and also the right to waive any informalities in a bid.

II. Unit Price Contracts, Comparison of Bids.

Bids on Unit Price Contracts will be compared on the basis of a total bid price, arrived at by taking the sum of the Approximate Quantities of such item multiplied by the corresponding Unit Price, and including any Lump Sum Bid on individual items, in accordance with the items set forth in the bid proposal.

Bidders are warned that the Approximate Quantities of the various items of work and material is estimated only, and is given solely to be used as a uniform basis for the comparison of bids. The quantities actually required to complete the contract work may be more or less than estimated.

III. Lump Sum Contracts, Comparison of Bids.

Bids on Lump Sum Contracts will be compared on the basis of the Lump Sum Price bid adjusted for alternate prices bid, if any.

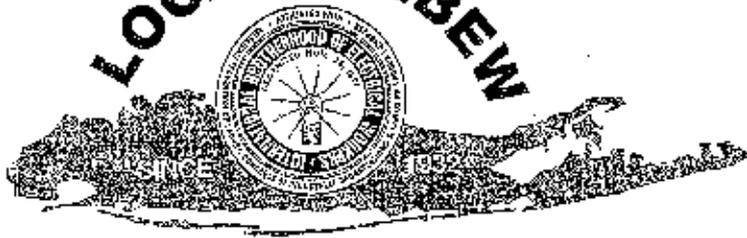

IV. Apprenticeship Training Program

For all contracts in excess of \$500,000 attach here verification letter regarding your firm's having an approved State of New York Apprenticeship Training Program.

DISADVANTAGED BUSINESS ENTERPRISE GOALS
Signal System Operations Phase 4 - 0760.81

The following Disadvantaged Business Enterprise (DBE) goals have been established for this project. The goals are expressed as a percentage of the total bid price.

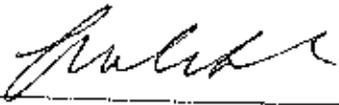

Disadvantaged Business Enterprise Goal - 3 percent

Since there is little opportunity to meet or exceed the DBE goals for this project, the contractor shall identify a list of DBE supplier/vendors that will be used in the event purchases need to be made related to this project. Prior to equipment or supplies purchase the contractor shall research the availability of said product from an approved DBE supplier and if available, make the purchase thru the DBE supplier.

Disadvantaged Business Enterprise Officer

The Bidder shall designate and enter below the name of a Disadvantaged Business Enterprise Officer who will have the responsibility for and must be capable of effectively administering and promoting an active Disadvantaged Business Enterprise Program and who must be assigned adequate authority and responsibility to do so.

Maintenance and Protection of Traffic
Traffic Control Plan
Signal System Operations Phase IV

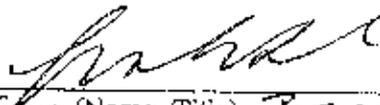

The work included in this project is related to Traffic Signal System Operations, and therefore road or lane closures will not be required for the duration of the project.

With that being said, Title 23 of the Federal Highway Administration, Department of Transportation Code of Federal Regulations Part 630 section 1010 does not apply relating to the need for a Maintenance and Protection of Traffic layout scheme or a Traffic Control Plan.

NASSAU COUNTY RIGHT-OF-WAY CERTIFICATION

The Contractor shall certify that all work performed under this contract shall be on Nassau County right-of-way only. At no time shall the Contractor's personnel or equipment be permitted on private property. This certification shall remain in effect for the duration of this contract.

COUNTY OF NASSAU

POLITICAL CAMPAIGN CONTRIBUTION DISCLOSURE FORM

1. Has the vendor or any corporate officers of the vendor provided campaign contributions pursuant to the New York State Election Law in (a) the period beginning April 1, 2016 and ending on the date of this disclosure, or (b), beginning April 1, 2018, the period beginning two years prior to the date of this disclosure and ending on the date of this disclosure, to the campaign committees of any of the following Nassau County elected officials or to the campaign committees of any candidates for any of the following Nassau County elected offices: the County Executive, the County Clerk, the Comptroller, the District Attorney, or any County Legislator? If yes, to what campaign committee?

NONE

2. VERIFICATION: This section must be signed by a principal of the consultant, contractor or Vendor authorized as a signatory of the firm for the purpose of executing Contracts.

The undersigned affirms and so swears that he/she has read and understood the foregoing statements and they are, to his/her knowledge, true and accurate.

The undersigned further certifies and affirms that the contribution(s) to the campaign committee(s) identified above were made freely and without duress, threat or any promise of a governmental benefit or in exchange for any benefit or remuneration.

Vendor: Weisbach Electric Corp. of L.I.

Dated: April 5, 2016

Signed: [Signature]

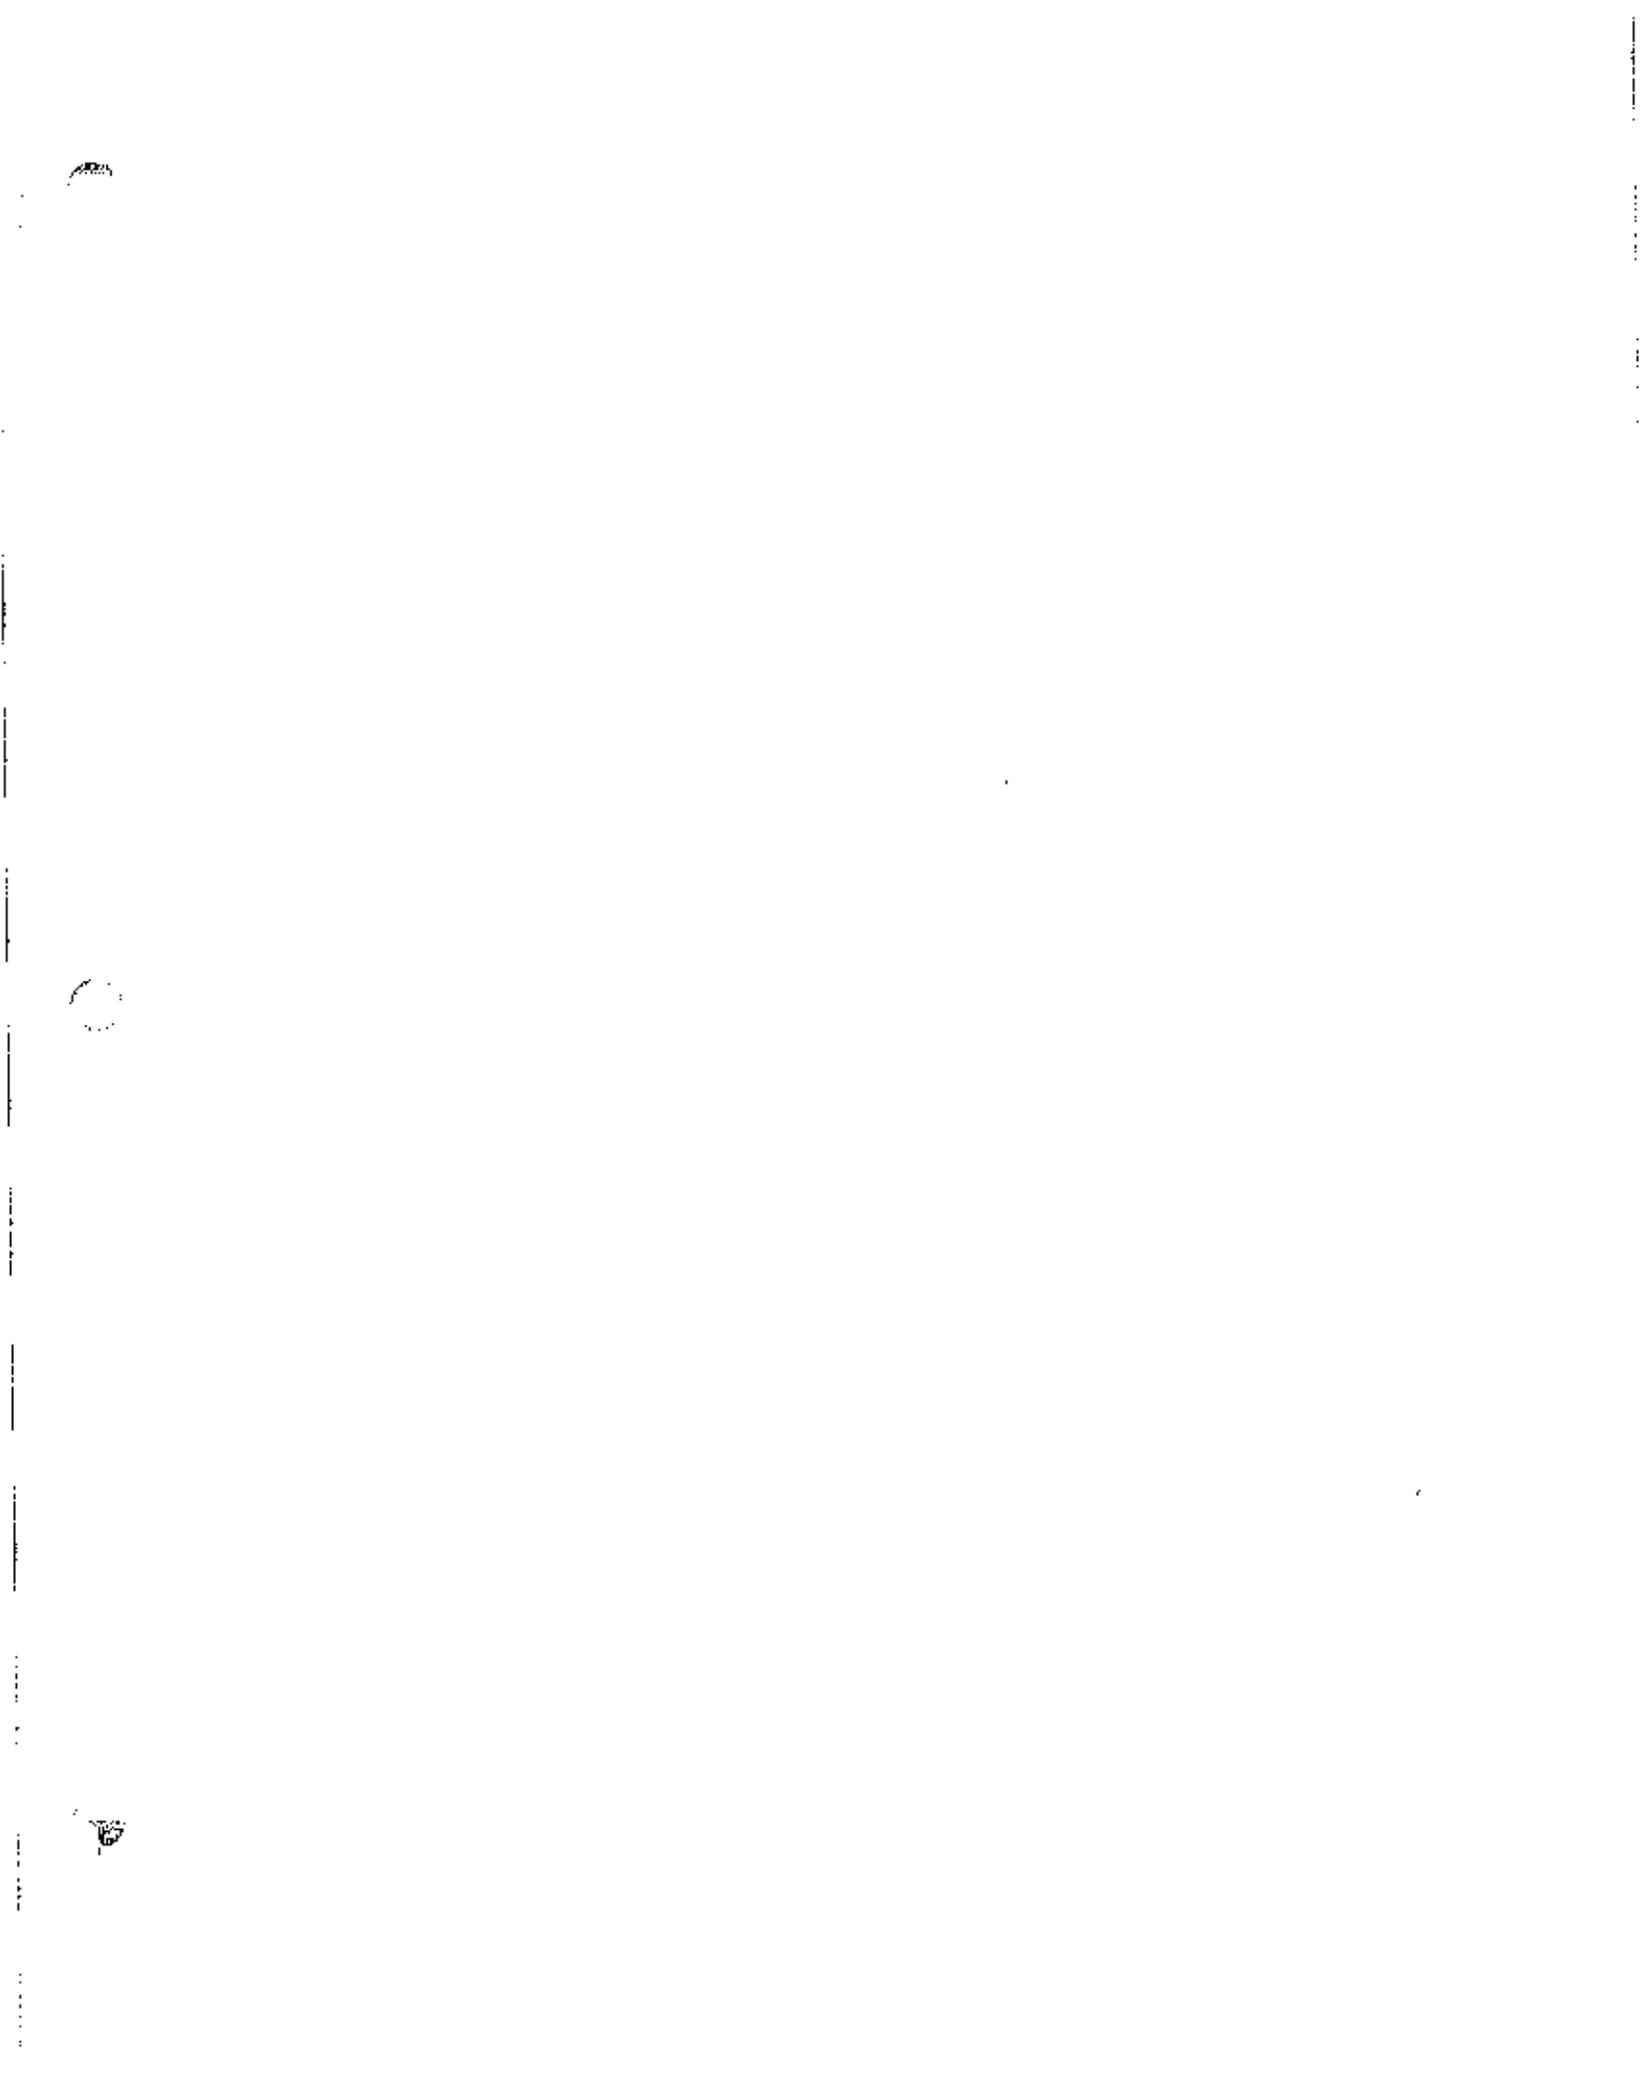

Print Name: Joseph P. Florio

Title: President / C.E.O.

Exhibit B

COUNTY OF NASSAU

LOBBYIST REGISTRATION AND DISCLOSURE FORM

1. Name, address and telephone number of lobbyist(s)/lobbying organization. The term "lobbyist" means any and every person or organization retained, employed or designated by any client to influence - or promote a matter before - Nassau County, its agencies, boards, commissions, department heads, legislators or committees, including but not limited to the Open Space and Parks Advisory Committee and Planning Commission. Such matters include, but are not limited to, requests for proposals, development or improvement of real property subject to County regulation, procurements. The term "lobbyist" does not include any officer, director, trustee, employee, counsel or agent of the County of Nassau, or State of New York, when discharging his or her official duties.

NONE

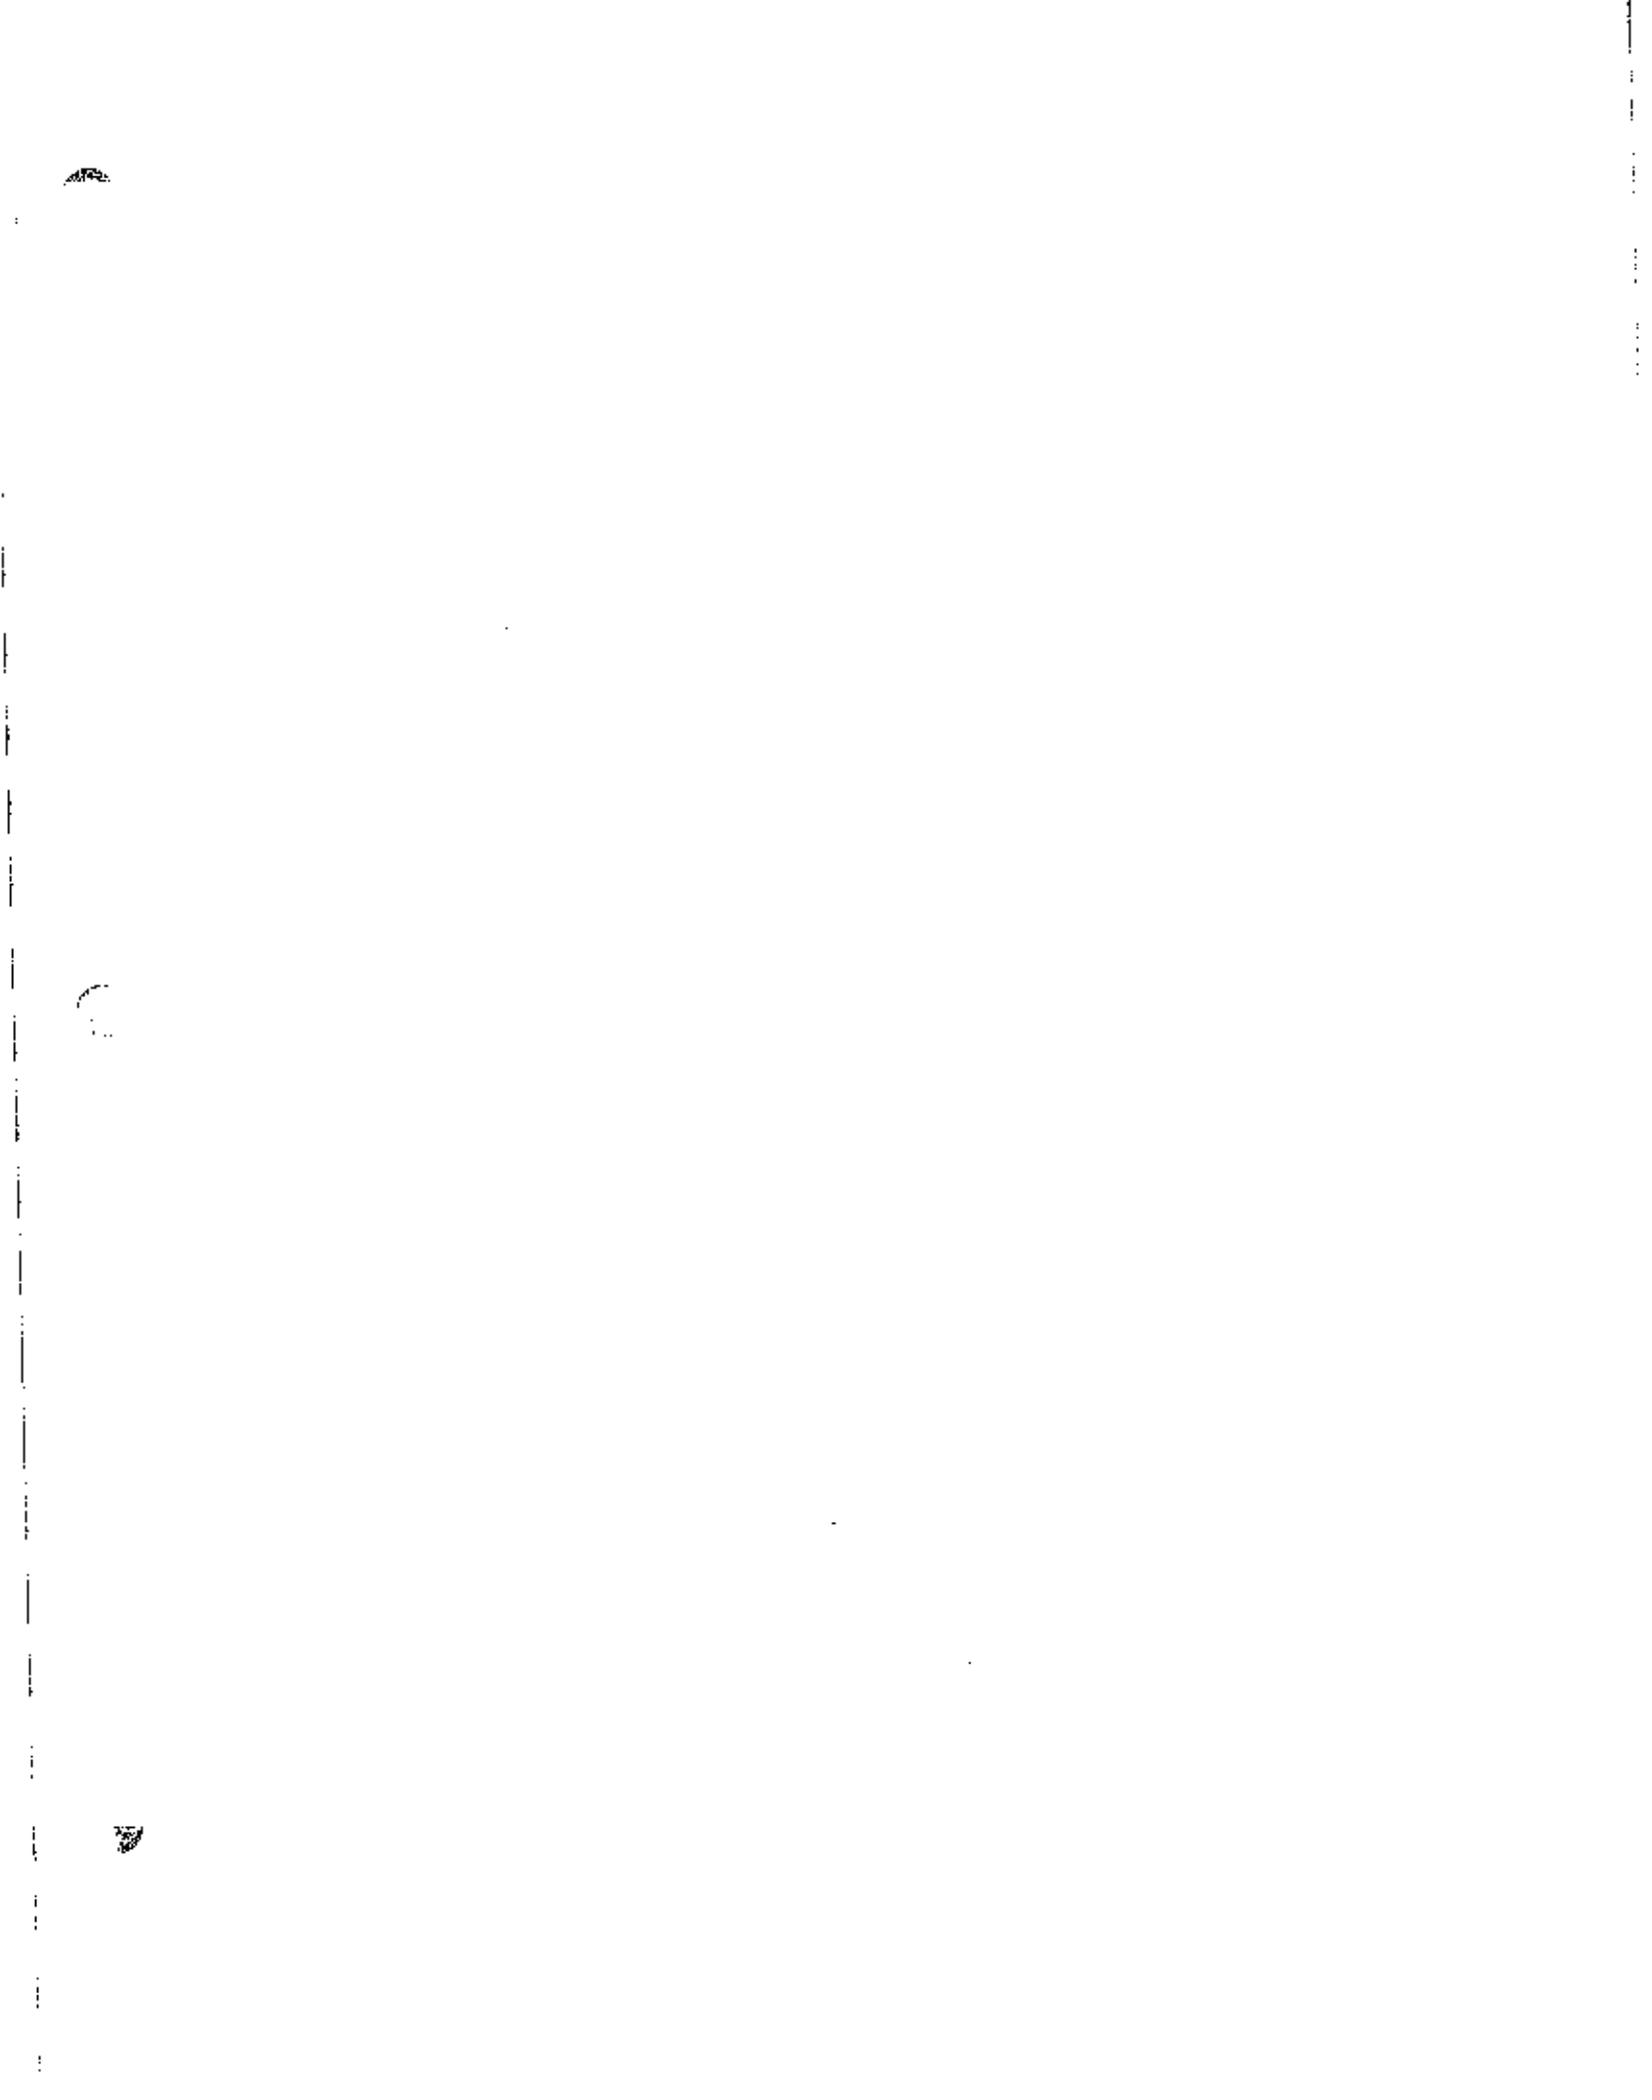

2. List whether and where the person/organization is registered as a lobbyist (e.g., Nassau County, New York State):

N/A

3. Name, address and telephone number of a firm(s) by whom, or on whose behalf, the lobbyist is retained, employed or designated:

NONE

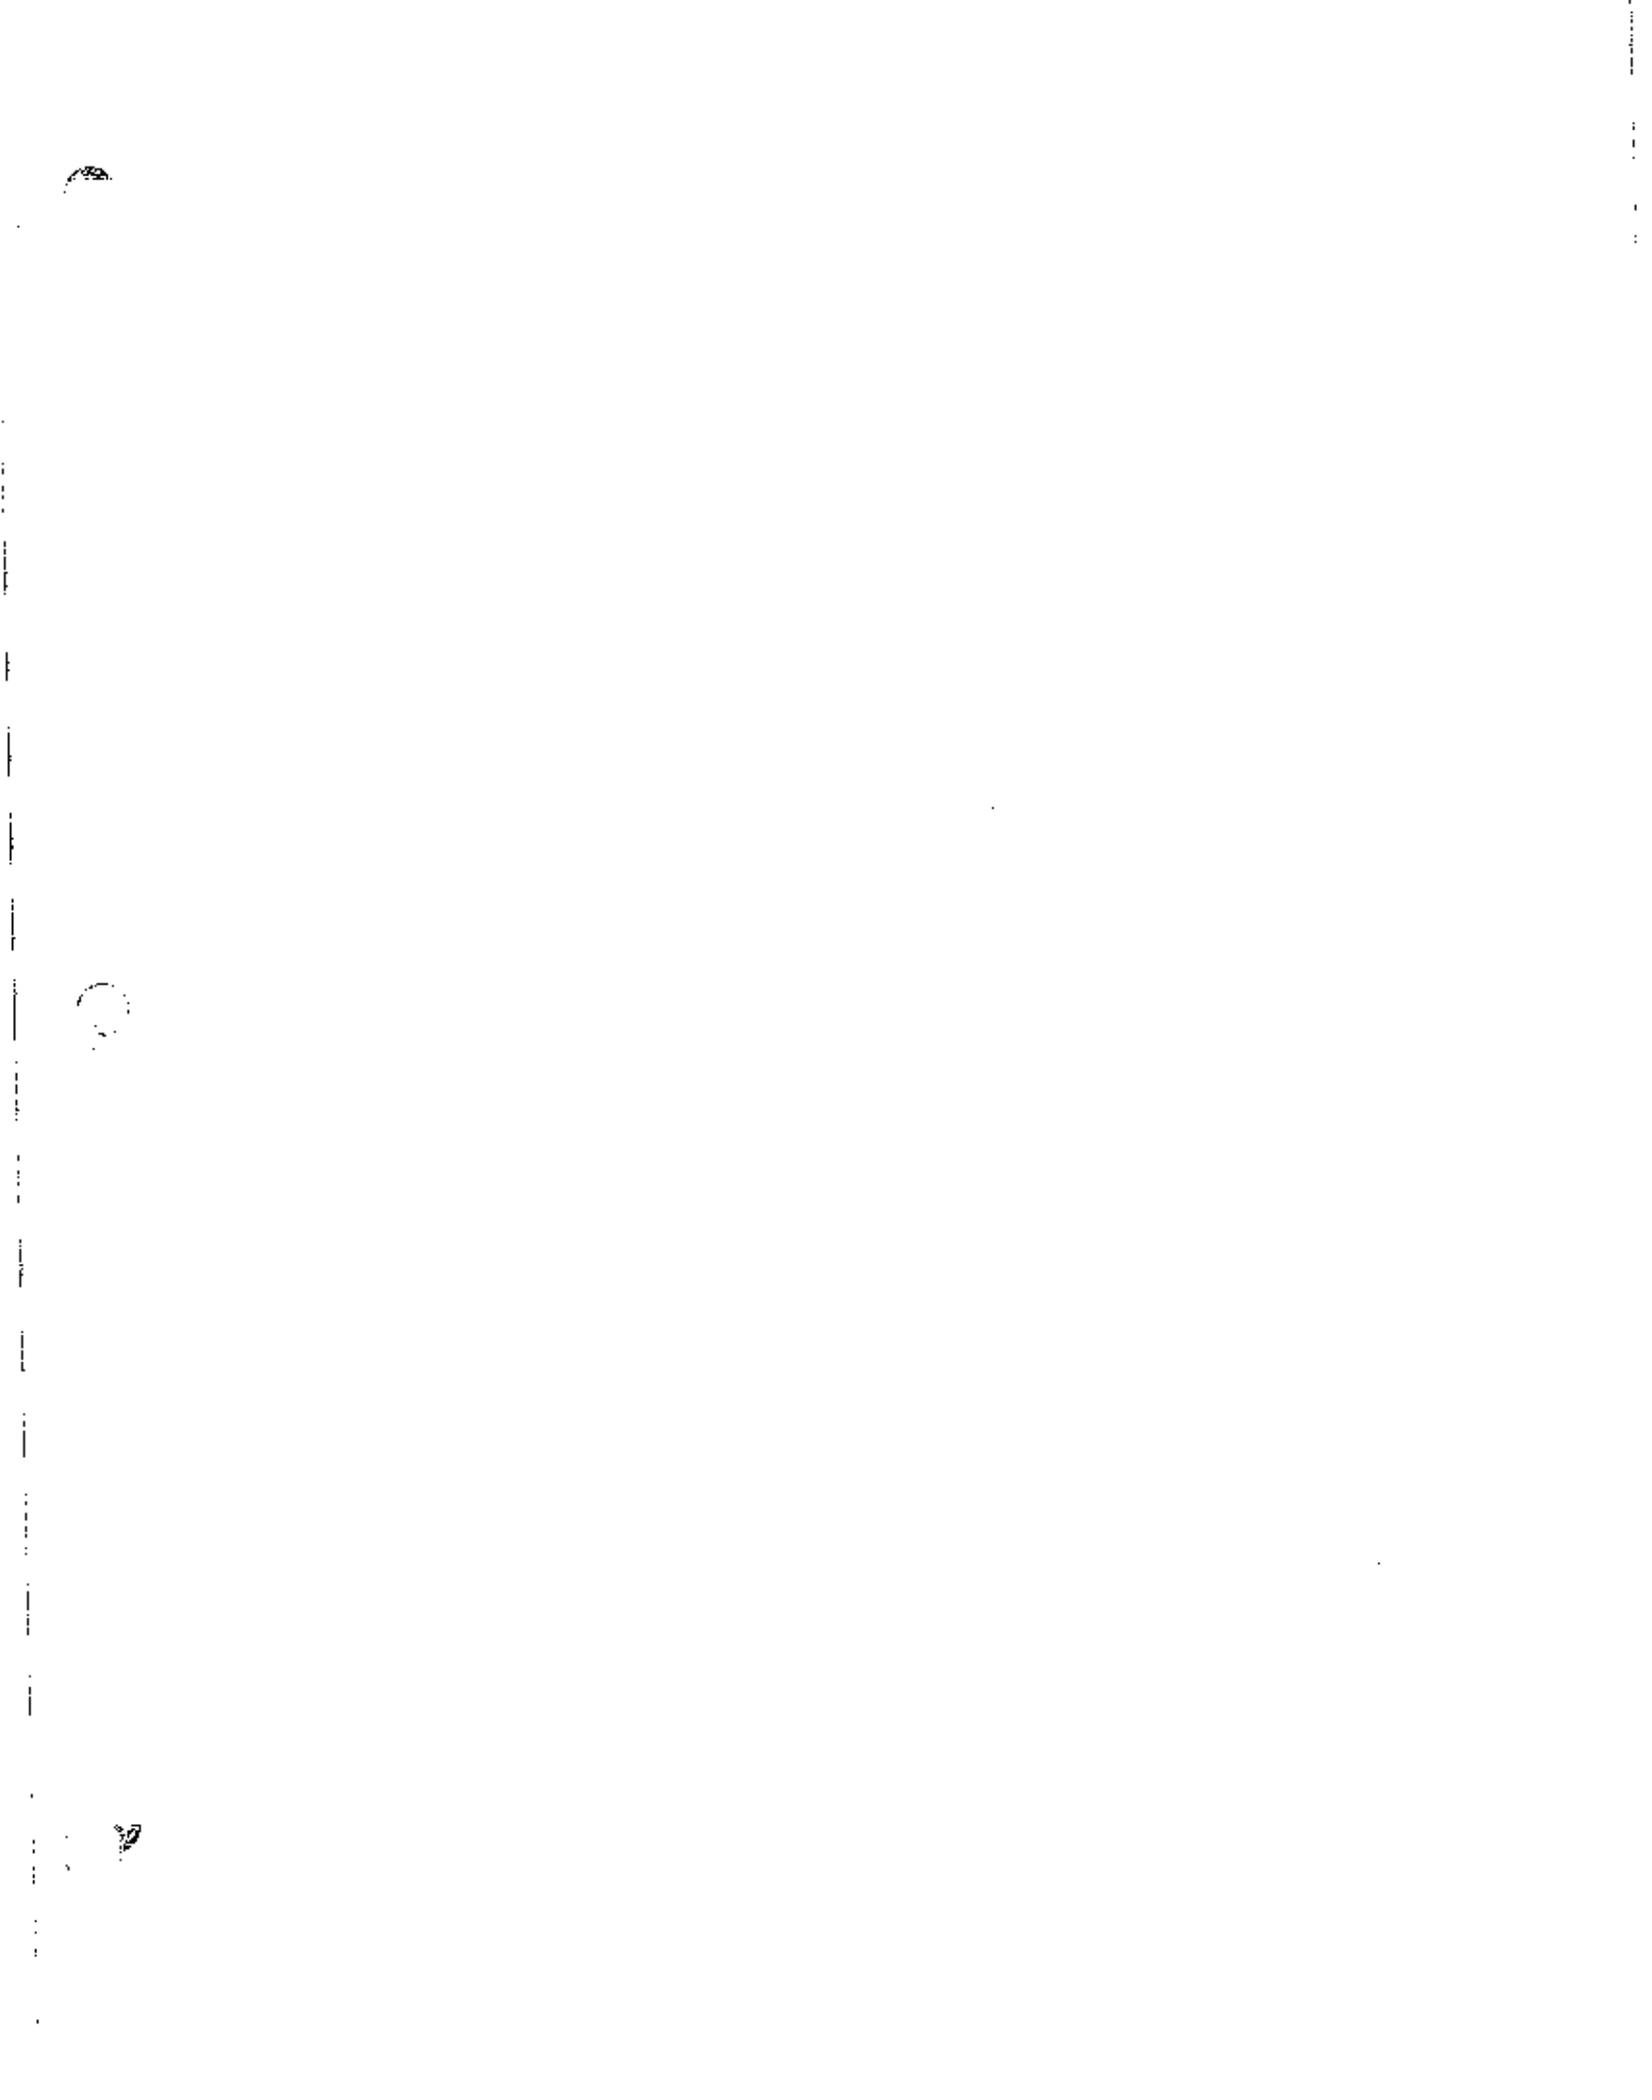

4. Describe lobbying activity conducted, or to be conducted, in Nassau County, and identify client(s) for each activity listed. See page 4 for a complete description of lobbying activities.

N/A

5. The name of persons, organizations or governmental entities before whom the lobbyist expects to lobby

NONE

6. If such lobbyist is retained or employed pursuant to a written agreement of retainer or employment, you must attach a copy of such document; and if agreement of retainer or employment is oral, attach a written statement of the substance thereof. If the written agreement of retainer or employment does not contain a signed authorization from the client by whom you have been authorized to lobby, separately attach such a written authorization from the client. N/A

7. Has the lobbyist/lobbying organization or any of its corporate officers provided campaign contributions pursuant to the New York State Election Law in (a) the period beginning April 1, 2016 and ending on the date of this disclosure, or (b), beginning April 1, 2018, the period beginning two years prior to the date of this disclosure and ending on the date of this disclosure, to the campaign committees of any of the following Nassau County elected officials or to the campaign committees of any candidates for any of the following Nassau County elected offices: the County Executive, the County Clerk, the Comptroller, the District Attorney, or any County Legislator? If yes, to what campaign committee?

NO

I understand that copies of this form will be sent to the Nassau County Department of Information Technology ("IT") to be posted on the County's website.

I also understand that upon termination of retainer, employment or designation I must give written notice to the County Attorney within thirty (30) days of termination.

VERIFICATION: The undersigned swears and so swears that he/she has read and understood the foregoing statements and they are, to his/her knowledge, true and accurate.

The undersigned further certifies and affirms that the contribution(s) to the campaign committee(s) listed above were made freely and without duress, threat or any promise of a governmental benefit or in exchange for any benefit or remuneration.

IRAN DIVESTMENT ACT – CERTIFICATION

Pursuant to New York State Finance Law §165- a, Iran Divestment Act of 2012, the Office of General Services is required to post on its web site <http://www.ogs.ny.gov/about/regs/docs/ListofEntities.pdf> a list of persons who have been determined to engage in investment activities in Iran ("the List"), as defined in that Act. Under Public Authorities Law § 2879-c, Iranian Energy Sector Divestment, the Authority, may not enter into or award a Contract unless it obtains a certification from a Bidder, who shall check the box and make the certification in Subparagraph a, below, that they are not on the List. If that certification cannot be made, the Authority may consider entering into a Contract, on a case by case basis if the Bidder checks the box and makes the certification in Subparagraph b, below, that their Iran investment is ceasing.

For purposes of this provision, a person engages in investment activities in Iran if: (A) the person provides goods or services of twenty million dollars or more in the energy sector of Iran, including a person that provides oil or liquefied natural gas tankers, or products used to construct or maintain pipelines used to transport oil or liquefied natural gas, for the energy sector of Iran; or (B) the person is a financial institution that extends twenty million dollars or more in credit to another person, for forty-five days or more, if that person will use the credit to provide goods or services in the energy sector in Iran.

The Certification is as follows:

X

a. **Certification that the Bidder is not on the List:** Each person, where person means natural person, corporation, company, limited liability company, business association, partnership society, trust, or any other nongovernmental entity, organization, or group, and each person signing on behalf of any other party, certifies, and in the case of a joint bid or proposal or partnership each party thereto certifies as to its own organization, under penalty of perjury, that to the best of its knowledge and belief that each person is not on the List created pursuant to paragraph (b) of subdivision 3 of section 165-a of the State Finance Law, or,

b. **Certification that the Bidder's investment in Iran is ceasing:** The person cannot make the certification in Subparagraph a, above, but asks the Authority to consider them for award of the Contract by certifying, under penalty of perjury, that the person's investment activities in Iran were made before April 12, 2012; the person's investment activities in Iran have not been expanded or renewed after April 12, 2012; and the person has adopted, publicized and is implementing a formal plan to cease its investment activities in Iran and to refrain from engaging in any new investments in Iran.

**Certification Regarding
Debarment, Suspension, Ineligibility and Voluntary Exclusion
Lower Tier Covered Transactions
(Sub-Recipient)**

This certification is required by the regulations implementing Executive Order 12549, Debarment and Suspension, 28 CFR Part 87, Section 87.510: Participants' responsibilities. The regulations were published as Part VII of the May 28, 1988 *Federal Register* (pages 19160-19211).

(BEFORE COMPLETING CERTIFICATION, READ INSTRUCTIONS ON REVERSE)

(1) The prospective lower tier participant certifies, by submission of this proposal, that neither it nor its principals are presently debarred, suspended, proposed for debarment, declared ineligible, or voluntarily excluded from participation in this transaction by any Federal department of agency.

(2) Where the prospective lower tier participant is unable to certify to any of the statements in this certification, such prospective participant shall attach an explanation to this proposal.

Joseph P. Florio President/C.E.O.

WELSBACH ELECTRIC Corp. OF L.I.

Name of Organization

300 NEWTOWN RD PLAINVIEW, NY 11803

Address of Organization

U.S. G.P. FORM 40817 (REV. 2/89) Previous editions are obsolete

Instructions for Certification

1. By signing and submitting this proposal, the prospective lower tier participant is providing the certification set out below.
2. The certification in this clause is a material representation of fact upon which reliance was placed when this transaction was entered into. If it is later determined that the prospective lower tier participant knowingly rendered an erroneous certification, in addition to other remedies available to the Federal Government, the department or agency with which this transaction originated may pursue available remedies, including suspension and/or debarment.
3. The prospective lower tier participant shall provide immediate written notice to the person to which this proposal is submitted if at any time the prospective lower tier participant learns that its certification was erroneous when submitted or has become erroneous by reason of changed circumstances.
4. The terms "covered transaction," "debarred," "suspended," "ineligible," "lower tier covered transaction," "participant," "person," "primary covered transaction," "principal," "proposes," and "voluntarily excluded," as used in this clause, have the meanings set out in the Definitions and Coverage sections of rules implementing Executive Order 12549.
5. The prospective lower tier participant agrees by submitting this proposal that, should the proposed covered transaction be entered into, it shall not knowingly enter into any lower tier covered transaction with a person who is debarred, suspended, declared ineligible, or voluntarily excluded from participation in this covered transaction, unless authorized by the department or agency with which this transaction originated.
6. The prospective lower tier participant further agrees by submitting this proposal that it will include the clause titled, "Certification Regarding Debarment, Suspension, Ineligibility and Voluntary Exclusion - Lower Tier Covered Transaction," without modification in all lower tier covered transactions and in all solicitations for lower tier covered transactions.
7. A participant in a covered transaction may rely upon a certification of a prospective participant in a lower tier covered transaction that it is not debarred, suspended, ineligible, or voluntarily excluded from the covered transaction, unless it knows that the certification is erroneous. A participant may decide the method and frequency by which it determines the eligibility of its principals. Each participant may check the Nonprocurement List.
8. Nothing contained in the foregoing shall be construed to require establishment of a system of reports in order to render in good faith the certification required by this clause. The knowledge and information of a participant is not required to exceed that which is normally possessed by a prudent person in the ordinary course of business dealings.
9. Except for transactions authorized under paragraph 5 of these instructions, if a participant in a covered transaction knowingly enters into a lower tier covered transaction with a person who is suspended, debarred, ineligible, or voluntarily excluded from participation in this transaction, in addition to other remedies available to the Federal Government, the department or agency with which this transaction originated may pursue available remedies, including suspension and/or debarment.

NASSAU COUNTY DEPARTMENT OF PUBLIC WORKS

WICKS EXEMPT LIST OF SUBCONTRACTORS

CONTRACT NO. **HE2000-03 E**

NOTE: This form is required for "Single Contract" projects exempt from the Wicks law. Failure to submit this form correctly may render the bidder non responsive.

Contractor's Name and Address WEISBACH ELECTRIC CO. INC. 300 NEWTON RD PLAINFIELD, NJ 07060	Project Title, Facility Name and Address: SIGNAL SYSTEM OPERATIONS, PHASE IV P.O. BOX 0760-81 HE2000-03E	Bid Date: 3/22/2016	Total Contract Amt:		
Indicate ANY work to be self-performed by the contractor in the following categories (check all that apply): <input type="checkbox"/> Plumbing and Gas Fitting <input type="checkbox"/> Steam Heating, Hot Water Heating, Ventilating and AC Apparatus <input checked="" type="checkbox"/> Electric Wiring and Standard Illuminating Fixtures					
ALL electrical work is to be self-performed, i.e. no subcontractors will be used, please check this box <input checked="" type="checkbox"/> . Slip to bottom of form, and sign it as required. Check (X) only one:					
Subcontractor's Name, Address and Federal ID No.	Plumbing and Gas Fitting	Steam Heating, Hot Water Heating, Ventilating and AC Apparatus	Electric Wiring and Standard Illuminating Fixtures	General Description of Work	Subcontractor's Contract Amt.
	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>		
	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>		
	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>		

This form must be filled out completely and legibly, signed by a company authorized representative and included in a separate, sealed envelope within the bid envelope. Use an additional page if needed.

QUALIFICATION STATEMENT

Note: All blanks in the form are to be filled in. Where blanks are not applicable to your firm, so indicate in each instance.

1. How many years has your firm been in the business under your present business name? 60 YEARS
2. How many years experience in the construction work of a similar type as this contract has your firm had;
 - a. as a Prime Contractor 60 YEARS
 - b. as a Subcontractor 60 YEARS
3. List below the construction projects your firm has under way as of this date:

Contract Amount	Class of work	Percent Completed	Name and Address of Owner or Contracting Officer
-----------------	---------------	-------------------	--

SEE ATTACHMENT #1

(use additional blank sheets if additional space is necessary)

4. List the projects which your firm as a firm has performed in the past few years which you feel will qualify you for this work:

Contract Amount	Class of work	Percent Completed	Name and Address of Owner or Contracting Officer
1,912,200.-	Computer Maintenance	95%	Country of NASSAU
752,200.-	"	100%	Country of NASSAU
9,265,900.-	"	100%	State of NEW YORK
520,300.-	"	100%	Country of NASSAU

(use additional blank sheets if additional space is necessary)

5. Have you:
 - a. ever failed to complete any work awarded to you? NO
If so; identify the project, the owner, the contract amount, the circumstances and date of all such failures to complete.
 - b. ever been defaulted on a contract? NO
If so; identify the project, the owner, the contract amount, the circumstances and the date of all default actions

**UNITED STATES
SECURITIES AND EXCHANGE COMMISSION
Washington, D.C. 20549**

FORM 10-K

- ANNUAL REPORT PURSUANT TO SECTION 13 OR 15(d) OF THE SECURITIES EXCHANGE ACT OF 1934
For the fiscal year ended **December 31, 2015**
- TRANSITION REPORT PURSUANT TO SECTION 13 OR 15(d) OF THE SECURITIES EXCHANGE ACT OF 1934
For the transition period from _____ to _____
Commission file number **1-2267**

EMCOR Group, Inc.

(Exact name of registrant as specified in its charter)

Delaware	11-2125338
(State or other jurisdiction of incorporation or organization)	(U.S. Employer Identification Number)
301 Merritt Seven Norwalk, Connecticut	06851-1092
(Address of principal executive office)	(Zip Code)

Registrant's telephone number, including area code: (203) 849-7800
Securities registered pursuant to Section 12(b) of the Act:

Title of each class	Name of each exchange on which registered
Common Stock	New York Stock Exchange
Securities registered pursuant to Section 12(g) of the Act: None	

Indicate by check mark if the registrant is a well-known seasoned issuer, as defined in Rule 405 of the Securities Act. Yes No

Indicate by check mark if the registrant is not required to file reports pursuant to Section 17 or Section 15(c) of the Securities Exchange Act of 1934 during the preceding 12 months (or for such shorter period that the registrant was required to file such reports). Yes No

Indicate by check mark whether the registrant (1) has filed all reports required to be filed by Section 13 or 15(d) of the Securities Exchange Act of 1934 during the preceding 12 months (or for such shorter period that the registrant was required to file such reports), and (2) has been subject to such filing requirements for the past 90 days. Yes No

Indicate by check mark whether the registrant has submitted electronically and posted on its corporate Web site, if any, every Interactive Data File required to be submitted and posted pursuant to Rule 405 of Regulation S-K (Section 232.405 of this chapter) during the preceding 12 months (or for such shorter period that the registrant was required to submit and post such files). Yes No

Indicate by check mark if disclosure of delinquent filers pursuant to Item 405 of Regulation S-K (Section 229.405) is not contained herein, and will not be contained, to the best of registrant's knowledge, in definitive proxy or information statements incorporated by reference to Part III of this Form 10-K or any amendment to this Form 10-K.

Indicate by check mark whether the registrant is a large accelerated filer, an accelerated filer, a non-accelerated filer, or a smaller reporting company. See the definitions of "large accelerated filer," "accelerated filer" and "smaller reporting company" in Rule 12b-2 of the Exchange Act.

Large accelerated filer Accelerated filer Non-accelerated filer (Do not check if a smaller reporting company) Smaller reporting company

Indicate by check mark whether the registrant is a shell company (as defined by Rule 12b-2 of the Exchange Act). Yes No

The aggregate market value of the common stock held by non-affiliates of the registrant was approximately \$2,245,000,000 as of the last business day of the registrant's most recently completed second fiscal quarter, based upon the closing sale price on the New York Stock Exchange reported for such date. Shares of common stock held by each executive officer and director and by each person who owns 5% or more of the outstanding common stock (based solely on filings of such 5% holders) have been excluded from such calculation as such persons may be deemed to be affiliates. This determination of affiliate status is not necessarily a conclusive determination for other purposes.

Number of shares of the registrant's common stock outstanding as of the close of business on February 23, 2016: 50,659,492 shares.

DOCUMENTS INCORPORATED BY REFERENCE

Part III. Portions of the definitive proxy statement for the 2016 Annual Meeting of Stockholders, which document will be filed with the Securities and Exchange Commission pursuant to Regulation 17A not later than 120 days after the end of the fiscal year to which this Form 10-K relates, are incorporated by reference into Parts 10 through 14 of Part III of this Form 10-K.

FORWARD-LOOKING STATEMENTS

Certain information included in this report, or in other materials we have filed or will file with the Securities and Exchange Commission (the "SEC") (as well as information included in oral statements or other written statements made or to be made by us) contains or may contain forward-looking statements within the meaning of the Private Securities Litigation Reform Act of 1995 (the "1995 Act"). Such statements are being made pursuant to the 1995 Act and with the intention of obtaining the benefit of the "safe harbor" provisions of the 1995 Act. Forward-looking statements are based on information available to us and our perception of such information as of the date of this report and our current expectations, estimates, forecasts and projections about the industries in which we operate and the beliefs and assumptions of our management. You can identify these statements by the fact that they do not relate strictly to historical or current facts. They contain words such as "anticipate," "estimate," "expect," "project," "intend," "plan," "believe," "may," "can," "could," "might," variations of such wording and other words or phrases of similar meaning in connection with a discussion of our future operating or financial performance, and other aspects of our business, including market share growth, gross profit, project mix, projects with varying profit margins, selling, general and administrative expenses, and trends in our business and other characterizations of future events or circumstances. From time to time, forward-looking statements also are included in our other periodic reports on Forms 10-Q and 8-K, in press releases, in our presentations, on our website and in other material released to the public. Any or all of the forward-looking statements included in this report and in any other reports or public statements made by us are only predictions and are subject to risks, uncertainties and assumptions, including those identified below in the "Risk Factors" section, the "Management's Discussion and Analysis of Financial Condition and Results of Operations" section, and other sections of this report, and in our Forms 10-Q for the three months ended March 31, 2015, June 30, 2015 and September 30, 2015 and in other reports filed by us from time to time with the SEC as well as in press releases, in our presentations, on our website and in other material released to the public. Such risks, uncertainties and assumptions are difficult to predict, beyond our control and may turn out to be inaccurate causing actual results to differ materially from those that might be anticipated from our forward-looking statements. We undertake no obligation to publicly update any forward-looking statements, whether as a result of new information, future events or otherwise. However, any further disclosures made on related subjects in our subsequent reports on Forms 10-K, 10-Q and 8-K should be consulted.

PART 1

ITEM 1. BUSINESS

References to the "Company," "EMCOR," "we," "us," "our" and similar words refer to EMCOR Group, Inc. and its consolidated subsidiaries unless the context indicates otherwise.

General

We are one of the largest electrical and mechanical construction and facilities services firms in the United States. In addition, we provide a number of building services and industrial services. In 2015, we had revenues of approximately \$6.7 billion. Our services are provided to a broad range of commercial, industrial, utility and institutional customers through approximately 70 operating subsidiaries and joint venture entities. Our executive offices are located at 501 Menitt Street, Norwalk, Connecticut 06851-1092, and our telephone number at those offices is (203) 849-7800.

We specialize principally in providing construction services relating to electrical and mechanical systems in all types of non-residential and certain residential facilities and in providing various services relating to the operation, maintenance and management of facilities, including refineries and petrochemical plants.

Due to a historical pattern of losses in the construction operations of our United Kingdom segment and our negative assessment of construction market conditions in the United Kingdom for the foreseeable future, we announced during the quarter ended June 30, 2013 our decision to withdraw from the construction market in the United Kingdom. During the third quarter of 2014, we ceased construction operations in the United Kingdom. The results of the construction operations of our United Kingdom segment for all periods are presented as discontinued operations.

We design, integrate, install, start-up, operate and maintain various electrical and mechanical systems, including:

- Electric power transmission and distribution systems;
- Premises electrical and lighting systems;
- Low-voltage systems, such as fire alarm, security and process control systems;
- Voice and data communications systems;
- Roadway and transit lighting and fiber optic lines;
- Heating, ventilation, air conditioning, refrigeration and clean-room process ventilation systems;
- Fire protection systems;
- Plumbing, process and high-purity piping systems;
- Controls and filtration systems;
- Water and wastewater treatment systems;
- Central plant heating and cooling systems;
- Crane and rigging services;
- Millwright services; and
- Steel fabrication, erection, and welding services.

Our building services operations, which are provided to a wide range of facilities, including commercial, utility, institutional and governmental facilities, include:

- Commercial and government site-based operations and maintenance;
- Facility maintenance and services, including reception, security and catering services;
- Outage services to utilities and industrial plants;

Table of Contents

- Military base operations support services;
- Mobile mechanical maintenance and services;
- Floor care and janitorial services;
- Landscaping, lot sweeping and snow removal;
- Facilities management;
- Vendor management;
- Call center services;
- Installation and support for building systems;
- Program development, management and maintenance for energy systems;
- Technical consulting and diagnostic services;
- Infrastructure and building projects for federal, state and local governmental agencies and bodies; and
- Small modification and retrofit projects.

Our industrial services are provided to refineries and petrochemical plants and include:

- On-site repairs, maintenance and service of heat exchangers, towers, vessels and piping;
- Design, manufacturing, repair and hydro blast cleaning of shell and tube heat exchangers and related equipment;
- Refinery turnaround planning and engineering services;
- Specialty welding services;
- Overhaul and maintenance of critical process units in refineries and petrochemical plants; and
- Specialty technical services for refineries and petrochemical plants.

We provide construction services and building services directly to corporations, municipalities and federal and state governmental entities, owners/developers, and tenants of buildings. We also provide our construction services indirectly by acting as a subcontractor to general contractors, systems suppliers, property managers and other subcontractors. Our industrial services generally are provided directly to refineries and petrochemical plants. Worldwide, as of December 31, 2015, we had approximately 29,000 employees.

Our revenues are derived from many different customers in numerous industries, which have operations in several different geographical areas. Of our 2015 revenues, approximately 94% were generated in the United States and approximately 6% were generated in foreign countries, substantially all in the United Kingdom. In 2015, approximately 32% of revenues were derived from new construction projects, 18% were derived from renovation and retrofit of customer's existing facilities, 35% were derived from our building services operations, and 14% were derived from our industrial services operations.

The broad scope of our operations is more particularly described below. For information regarding the revenues, operating income and total assets of each of our segments with respect to each of the last three years, and our revenues and assets attributable to the United States and the United Kingdom for the last three years, see Note 17 - Segment Information of the notes to consolidated financial statements included in Item 8, Financial Statements and Supplementary Data.

Operations

The electrical and mechanical construction services industry has grown over the years due principally to the increased content, complexity and sophistication of electrical and mechanical systems, as well as the installation of more technologically advanced voice and data communications, lighting, and environmental control systems in all types of facilities in large part due to the integration of digital processing and information technology. For these reasons, buildings need extensive electrical distribution systems. In addition, advanced voice and data communication systems require sophisticated power supplies and extensive low-voltage and fiber-optic communications cabling. Moreover, the need for substantial environmental controls within a building, due to the heightened need for climate control to maintain extensive computer systems at optimal temperatures, and the demand for energy savings and environmental controls in individual spaces have over the years expanded opportunities for our electrical and

Table of Contents

mechanical services businesses. The demand for these services is typically driven by non-residential construction and renovation activity.

Electrical and mechanical construction services primarily involve the design, integration, installation and start-up, and provision of services relating to: (a) electric power transmission and distribution systems, including power cables, conduits, distribution panels, transformers, generators, uninterruptible power supply systems and related switch gear and controls; (b) premises electrical and lighting systems, including fixtures and controls; (c) low-voltage systems, such as fire alarm, security and process control systems; (d) voice and data communications systems, including fiber-optic and low-voltage cabling; (e) roadway and transit lighting and fiber-optic lines; (f) heating, ventilation, air conditioning, refrigeration and clean-room process ventilation systems; (g) fire protection systems; (h) plumbing, process and high-purity piping systems; (i) controls and filtration systems; (j) water and wastewater treatment systems; (k) central plant heating and cooling systems; (l) cranes and rigging; (m) millwrighting; and (n) steel fabrication, erection and welding.

Electrical and mechanical construction services generally fall into one of two categories: (a) large installation projects with contracts often in the multi-million dollar range that involve construction of manufacturing and commercial buildings and institutional and public works projects or the fit-out of large blocks of space within commercial buildings and (b) smaller installation projects typically involving fit-out, renovation and retrofit work.

Our United States electrical and mechanical construction services operations accounted for about 51% of our 2015 revenues, approximately 65% of which were related to new construction, and approximately 35% of which were related to renovation and retrofit projects. Due to a historical pattern of losses in the construction operations of our United Kingdom segment and our negative assessment of construction market conditions in the United Kingdom for the foreseeable future, we announced during the quarter ended June 30, 2013 our decision to withdraw from the construction market in the United Kingdom. During the third quarter of 2014, we ceased construction operations in the United Kingdom. The results of the construction operations of our United Kingdom segment for all periods are presented as discontinued operations. Accordingly, we focus in the United Kingdom principally on building services.

We provide electrical and mechanical construction services for both large and small installation and renovation projects. Our largest projects have included those: (a) for institutional purposes (such as educational and correctional facilities and research laboratories); (b) for manufacturing purposes (such as pharmaceutical plants, steel, pulp and paper mills, chemical, food, automotive and semiconductor manufacturing facilities and power generation); (c) for transportation purposes (such as highways, bridges, airports and transit systems); (d) for commercial purposes (such as office buildings, data centers, convention centers, sports stadiums and shopping malls); (e) for hospitality purposes (such as resorts, hotels and casinos); (f) for water and wastewater purposes; and (g) for healthcare purposes. Our largest projects, which typically range in size from \$10.0 million up to and occasionally exceeding \$150.0 million and are frequently multi-year projects, represented approximately 27% of our worldwide construction services revenues in 2015.

Our projects of less than \$10.0 million accounted for approximately 73% of our worldwide construction services revenues in 2015. These projects are typically completed in less than one year. They usually involve electrical and mechanical construction services when an end-user or owner undertakes construction or modification of a facility to accommodate a specific use. These projects frequently require electrical and mechanical systems to meet special needs such as critical systems power supply, fire protection systems, special environmental controls and high-purity air systems, sophisticated electrical and mechanical systems for data centers, new production lines in manufacturing plants, and office arrangements in existing office buildings. They are not usually dependent upon the new construction market. Demand for these projects and types of services is often prompted by the expiration of leases, changes in technology, or changes in the customer's plant or office layout in the normal course of a customer's business.

We have a broad customer base with many long-standing relationships. We perform construction services pursuant to contracts with owners, such as corporations, municipalities and other governmental entities, general contractors, systems suppliers, construction managers, developers, other subcontractors and tenants of commercial properties. Institutional and public works projects are frequently long-term complex projects that require significant technical and management skills and the financial strength to obtain bid and performance bonds, which are often a condition to bidding for and winning these projects.

We also install and maintain lighting for streets, highways, bridges and tunnels, traffic signals, computerized traffic control systems, and signal and communication systems for mass transit systems in several metropolitan areas. In addition, in the United States, we manufacture and install sheet metal air handling systems for both our own mechanical construction operations and for unrelated mechanical contractors. We also maintain welding and pipe fabrication shops in support of some of our mechanical operations.

Our United States building services segment offers a broad range of services, including operation, maintenance and service of electrical and mechanical systems; commercial and government site-based operations and maintenance; facility maintenance and

Table of Contents

services, including outage services to utilities and manufacturing facilities; military base operations support services; mobile mechanical maintenance and services; floor care and janitorial services; landscaping, lot sweeping and snow removal; facilities management; vendor management, call center services; installation and support for building systems; program development, management and maintenance with respect to energy systems; technical consulting and diagnostic services; infrastructure and building projects for federal, state and local governmental agencies and bodies; and small modification and retrofit projects.

These building services, which generated approximately 55% of our 2015 revenues, are provided to owners, operators, tenants and managers of all types of facilities both on a contract basis for a specified period of time and on an individual task order basis. Of our 2015 building services revenues, approximately 87% were generated in the United States and approximately 13% were generated in the United Kingdom.

Our building services operations have built upon our traditional electrical and mechanical services operations and our client relationships to expand the scope of services being offered and to develop packages of services for customers on a regional and national basis.

Demand for our building services is often driven by customers' decisions to focus on their core competencies, customers' programs to reduce costs, the increasing technical complexity of their facilities and their mechanical, electrical, voice and data and other systems, and the need for increased reliability, especially in electrical and mechanical systems. These trends have led to outsourcing and privatization programs whereby customers in both the private and public sectors seek to contract out those activities that support, but are not directly associated with, the customer's core business. Clients of our building services business include federal and state governments, utilities, independent power producers, pulp and paper producers, and major corporations engaged in information technology, telecommunications, pharmaceuticals, financial services, publishing and other manufacturing, and large retailers and other businesses with geographically dispersed portfolios throughout the United States.

We currently provide building services in a majority of the states in the United States to commercial, industrial, institutional and governmental customers and as part of our operations are responsible for: (a) the oversight of all or most of the facilities operations of a business, including operation and maintenance; (b) servicing, upgrade and retrofit of HVAC, electrical, plumbing and industrial piping and steel metal systems in existing facilities; (c) interior and exterior services, including floor care and janitorial services, landscaping, lot sweeping and snow removal; (d) diagnostic and solution engineering for building systems and their components; and (e) maintenance and support services to manufacturers and power producers.

In the Washington D.C. metropolitan area, we provide building services at a number of prominent buildings, including those that house the Secret Service, The Federal Deposit Insurance Corporation, the National Foreign Affairs Training Center, and the Department of Health and Human Services, as well as other government facilities including the NASA Jet Propulsion Laboratory in Pasadena, California. We also provide building services to a number of military bases, including base operations support services to the Navy National Capital Region and the Army's Fort Huachuca, Arizona, and are also involved in a joint venture providing building services to the Naval Support Activity Mid-South Base in Tennessee. The agreements pursuant to which this division provides services to the federal government are frequently for a base year and a number of option years exercisable at the sole discretion of the government, are often subject to renegotiation by the government in terms of scope of services, and are subject to termination by the government prior to the expiration of the applicable term.

Our United Kingdom subsidiary primarily focuses on building services and currently provides a broad range of services under multi-year agreements to public and private sector customers, including airlines, airports, real estate property managers, manufacturers and governmental agencies.

Our industrial services business is a recognized leader in the refinery turnaround market and has a growing presence in the petrochemical market. In July 2013, we acquired RopeconShickland, Inc. expanding services we provide to our refinery and petrochemical customers and significantly increasing the size of our industrial services business. Our industrial services business: (a) provides after-market maintenance, repair and cleaning services for highly engineered shell and tube heat exchangers for refineries and petrochemical plants both in the field and at our own shops, including tube and shell repairs, bundle repairs, and extraction services, and (b) designs and manufactures new highly engineered shell and tube heat exchangers. We also perform a broad range of turnaround and maintenance services for critical units of refineries so as to upgrade, repair and maintain them. Such services include turnaround and maintenance services relating to: (i) engineering and planning services; (ii) advance of complex refinery turnarounds, (iii) overhaul and maintenance of critical process units (including hydrofinic alkylation units, fluid catalytic cracking units, coking units, heaters, heat exchangers and related mechanical equipment) during refinery and petrochemical plant shut downs, (iv) replacement and new construction-capital projects for refineries and petrochemical plants, and (v) other related specialty mechanical services such as (a) welding, including pipe welding, and fabrication; heater, boiler, and reformer repairs and replacements; converter repair and revamps; and vessel, exchanger and tower services; (b) tower and column repairs in refineries and petrochemical facilities; (c) installation and repair of refractory materials for critical units in process plants so as to protect

Table of Contents

equipment from corrosion, erosion, and extreme temperatures; and (d) acid-proofing services to protect critical components at refineries from chemical exposure.

Competition

In our construction services, building services and industrial services businesses, we compete with national, regional and local companies, many of which are small, owner-operated entities that carry on their businesses in a limited geographic area, as well as with certain foreign companies.

We believe that the electrical and mechanical construction services businesses are highly fragmented and our competition includes thousands of small companies across the United States. In the United States, there are a few public companies focused on providing either electrical and/or mechanical construction services, such as Integrated Electrical Services, Inc., Comfort Systems USA, Inc. and Tuter Perini Corporation. A majority of our revenues are derived from projects requiring competitive bids; however, an invitation to bid is often conditioned upon prior experience, technical capability and financial strength. Because we have total assets, annual revenues, access to bank credit and surety bonding and expertise significantly greater than most of our competitors, we believe we have a significant competitive advantage over our competitors in providing electrical and mechanical construction services. Competitive factors in the electrical and mechanical construction services business include: (a) the availability of qualified and/or licensed personnel; (b) reputation for integrity and quality; (c) safety record; (d) cost structure; (e) relationships with customers; (f) geographic diversity; (g) the ability to control project costs; (h) experience in specialized markets; (i) the ability to obtain surety bonding; (j) adequate working capital; (k) access to bank credit; and (l) price. However, there are relatively few significant barriers to entry to several types of our construction services business.

While the building services business is also highly fragmented with most competitors operating in a specific geographic region, a number of large United States based corporations such as ARCOM Technology Corporation, Johnson Controls, Inc., Fluor Corp., I&J Worldwide Services, Chisham & Wakefield Inc., CB Richard Ellis, Inc., Jones Lang LaSalle Incorporated, Sodexo, Inc., Aramark Corporation and AEM Industries Incorporated are engaged in this field, as are large original equipment manufacturers such as Carrier Corp. and Trane Inc. In addition, we compete with several regional firms serving all or portions of the markets we target, such as Delekman Valley Crest, Inc., Kollermeier Bergensons Services, Inc., SMS Assist, LLC and Perakidhu & Sons, Inc. Our principal services competitors in the United Kingdom include ISS UK Ltd. and MITE Group plc. The key competitive factors in the building services business include price, service, quality, technical expertise, geographic scope and the availability of qualified personnel and managers. Due to our size, both financial and geographic, and our technical capability and management experience, we believe we are in a strong competitive position in the building services business. However, there are relatively few barriers to entry to most of our building services businesses.

In our industrial services business, we are a leading North American provider of after-market maintenance and repair services for, and manufacturing of, highly engineered shell and tube heat exchangers and related equipment and a leader in providing specialized services to refineries and petrochemical plants. The market for providing these services and products to refineries and petrochemical plants is highly fragmented and includes large national industrial services providers, as well as numerous regional companies, including IV Industrial Companies Ltd., Matix Service Company, Staron, Turner Industries, Team, Inc., Cost-O-Fab, Dual Heat, and Wyatt Field Service Company. In the manufacture of heat exchangers, we compete with both U.S. and foreign manufacturers. The key competitive factors in the industrial services market include service, quality, ability to respond quickly, technical expertise, price, safety record and availability of qualified personnel. Due to our technical capabilities, safety record and skilled workforce, we believe that we are in a strong competitive position in the industrial services market we serve. Because of the complex tasks associated with turnarounds and the precision required in the manufacture of heat exchangers, we believe that the barriers to entry in this business are significant.

Employees

At December 31, 2015, we employed approximately 29,000 people, approximately 56% of whom are represented by various unions pursuant to more than 275 collective bargaining agreements between our individual subsidiaries and local unions. We believe that our employee relations are generally good. Only two of these collective bargaining agreements are national or regional in scope.

Backlog

Our backlog at December 31, 2015 was \$3.77 billion compared to \$3.62 billion of backlog at December 31, 2014. Backlog increases with awards of new contracts and decreases as we perform work on existing contracts. Backlog is not a term recognized under United States generally accepted accounting principles; however, it is a common measurement used in our industry. We include a project within our backlog at such time as a contract is awarded and agreement on contract terms has been reached. Backlog includes unrecognized revenues to be realized from uncompleted construction contracts plus unrecognized revenues expected to be realized over the remaining term of services contracts. However, we do not include in backlog contracts for which

Table of Contents

we are paid on a time and material basis and a fixed amount cannot be determined, and if the remaining term of a services contract exceeds 12 months, the unrecognized revenues attributable to such contract included in backlog are limited to only the next 12 months of revenues provided for in the contract award. Our backlog also includes amounts related to services contracts for which a fixed price contract value is not assigned when a reasonable estimate of total revenues can be made from budgeted amounts agreed to with our customer. Our backlog is comprised of: (a) original contract amounts, (b) change orders for which we have received written confirmations from our customers, (c) pending change orders for which we expect to receive confirmations in the ordinary course of business and (d) claim amounts that we have made against customers for which we have determined we have a legal basis under existing contractual arrangements and as to which we consider recovery to be probable. Such claim amounts were immaterial for all periods presented. Our backlog does not include anticipated revenues from unconsolidated joint ventures or variable interest entities and anticipated revenues from pass-through costs on contracts for which we are acting in the capacity of an agent and which are reported on the net basis. We believe our backlog is firm, although many contracts are subject to cancellation at the election of our customers. Historically, cancellations have not had a material adverse effect on us. We estimate that 79% of our backlog as of December 31, 2015 will be recognized as revenues during 2016.

Available Information

We file annual, quarterly and current reports, proxy statements and other information with the Securities and Exchange Commission, which we refer to as the "SEC". These filings are available to the public over the internet at the SEC's website at <http://www.sec.gov>. You may also read and copy any document we file at the SEC's Public Reference Room located at 100 F Street, N.E., Washington, D.C. 20549. Please call the SEC at 1-800-SEC-0330 for further information on the Public Reference Room.

Our internet address is www.emcorgroup.com. We make available free of charge through www.emcorgroup.com our annual reports on Form 10-K, quarterly reports on Form 10-Q, current reports on Form 8-K, and amendments to those reports, as soon as reasonably practicable after we electronically file such material with, or furnish to, the SEC. References to our website addressed in this report are provided as a convenience and do not constitute, and should not be viewed as, an incorporation by reference of the information contained on, or available through, the website. Therefore, such information should not be considered part of this report.

Our Board of Directors has an audit committee, a compensation and personnel committee and a nominating and corporate governance committee. Each of these committees has a formal charter. We also have Corporate Governance Guidelines, which include guidelines regarding related party transactions, a Code of Ethics for our Chief Executive Officer and Senior Financial Officers, and a Code of Ethics and Business Conduct for Directors, Officers and Employees. Copies of these charters, guidelines and codes, and any waivers or amendments to such codes which are applicable to our executive officers, senior financial officers or directors, can be obtained free of charge from our website, www.emcorgroup.com.

You may request a copy of the foregoing filings (excluding exhibits), charters, guidelines and codes and any waivers or amendments to such codes which are applicable to our executive officers, senior financial officers or directors, at no cost by writing to us at EMCOR Group, Inc., 301 Meritt Sever, Norwalk, CT 06851-1092, Attention: Corporate Secretary, or by telephoning us at (203) 849-7800.

ITEM 1A. RISK FACTORS

Our business is subject to a variety of risks, including the risks described below as well as adverse business and market conditions and risks associated with foreign operations. The risks and uncertainties described below are not the only ones facing us. Additional risks and uncertainties not known to us or not described below which we have not determined to be material may also impact our business operations. You should carefully consider the risks described below, together with all other information in this report, including information contained in the "Business," "Management's Discussion and Analysis of Financial Condition and Results of Operations" and "Quantitative and Qualitative Disclosures about Market Risk" sections. If any of the following risks actually occur, our business, financial position, results of operations and/or cash flows could be adversely affected, and we may not be able to achieve our goals. Such events may cause actual results to differ materially from expected and historical results, and the trading price of our common stock could decline.

Economic downturns have led to reductions in demand for our services. Negative conditions in the credit markets may adversely impact our ability to operate our business. The level of demand from our clients for our services has been, in the past, adversely impacted by slowdowns in the industries we service, as well as in the economy in general. When the general level of economic activity has been reduced from historical levels, certain of our ultimate customers have delayed or cancelled projects or capital spending, especially with respect to more profitable private sector work, and such slowdowns adversely affect our ability to grow, reducing our revenues and profitability. A number of economic factors, including financing conditions for the industries we serve, have, in the past, adversely affected our ultimate customers and their ability or willingness to fund expenditures. General concerns about the fundamental soundness of domestic and foreign economies may cause ultimate customers to defer projects even if they

have credit available to them. Worsening of financial and macroeconomic conditions could have a significant adverse effect on our revenues and profitability.

Many of our clients depend on the availability of credit to help finance their capital and maintenance projects. At times, tightened availability of credit has negatively impacted the ability of existing and prospective ultimate customers to fund projects we might otherwise perform, particularly those in the more profitable private sector. As a result, our ultimate customers may defer such projects for an unknown, and perhaps lengthy, period. Any such deferrals would inhibit our growth and would adversely affect our results of operations.

In a weak economic environment, particularly in a period of restrictive credit markets, we may experience greater difficulties in collecting payments from, and negotiating change orders and/or claims with, our clients due to, among other reasons, a diminution in our ultimate customers' access to the credit markets. If clients delay in paying or fail to pay a significant amount of our outstanding receivables, or we fail to successfully negotiate a significant portion of our change orders and/or claims with clients, it could have an adverse effect on our liquidity, results of operations and financial position.

Our business has traditionally lagged recoveries in the general economy and, therefore, may not recover as quickly as the economy at large.

Our business is vulnerable to the cyclical nature of the markets in which our clients operate and is dependent upon the timing and funding of new awards. We provide construction and maintenance services to ultimate customers operating in a number of markets which have been, and we expect will continue to be, cyclical and subject to significant fluctuations due to a variety of factors beyond our control, including economic conditions and changes in client spending.

Regardless of economic or market conditions, investment decisions by our ultimate customers may vary by location or as a result of other factors like the availability of labor, relative construction costs or competitive conditions in their industries. Because we are dependent on the timing and funding of new awards, we are therefore vulnerable to changes in our clients' markets and investment decisions.

Our business may be adversely affected by significant delays and reductions in government appropriations. Curtailed spending aimed at reducing federal, state and local budget deficits could result in governmental agencies or departments deferring or cancelling projects that we might otherwise have sought to perform. Budgetary constraints and ongoing concerns regarding the U.S. national debt may place downward pressure on spending levels of the U.S. government. Some of our businesses derive a significant portion of their revenues from federal, state and local governmental bodies.

An increase in the prices of certain materials used in our businesses could adversely affect our businesses. We are exposed to market risk of increases in certain commodity prices of materials, such as copper and steel, which are used as components of supplies or materials utilized in all of our operations. We are also exposed to increases in energy prices, particularly as they relate to gasoline prices for our fleet of over 8,300 vehicles. While we believe we can increase our prices to adjust for some price increases in commodities, there can be no assurance that price increases of commodities, if they were to occur, would be recoverable. Additionally, our fixed price contracts do not allow us to adjust our prices and, as a result, increases in material or fuel costs could reduce our profitability with respect to such projects. Fluctuations in energy prices as well as in commodity prices of materials may adversely affect our customers and as a result cause them to curtail the use of our services. Recent declines in the price of oil have caused some of our refinery customers to curtail or delay maintenance or capital projects. Further declines in the price of oil may adversely affect some of our refinery customers causing them to defer maintenance and/or capital projects performed by companies in our United States industrial services segment or delay purchases or repairs of heat exchangers that are manufactured and required by some of our companies.

Our industry is highly competitive. Our industry is served by numerous small, owner-operated private companies, a few public companies and several large regional companies. In addition, relatively few barriers prevent entry into most of our businesses. As a result, any organization that has adequate financial resources and access to technical expertise may become a competitor. Competition in our industry depends on numerous factors, including price. Certain of our competitors have lower overhead cost structures and, therefore, are able to provide their services at lower rates than we are currently able to provide. In addition, some of our competitors have greater resources than we do. We cannot be certain that our competitors will not develop the expertise, experience and resources necessary to provide services that are superior in quality and lower in price to ours. Similarly, we cannot be certain that we will be able to maintain or enhance our competitive position within our industries or maintain a customer base at current levels. We may also face competition from the in-house service organizations of existing or prospective customers, particularly with respect to building services. Many of our customers employ personnel who perform some of the same types of building services that we do. We cannot be certain that our existing or prospective customers will continue to outsource building services in the future.

Table of Contents

We are a decentralized company, which presents certain risks. While we believe decentralization has enhanced our growth and enabled us to remain responsive to opportunities and to our customers' needs, it necessarily places significant control and decision-making powers in the hands of local management. This presents various risks, including the risk that we may be slower or less able to identify or react to problems affecting a key business than we would in a more centralized environment.

Our business may also be affected by weather conditions. Adverse weather conditions, particularly during the winter season, could impact our construction services operations as those conditions affect our ability to perform efficient work outdoors in certain regions of the United States, adversely affecting the revenues and profitability of those operations. However, the absence of snow in the United States during the winter could cause us to experience reduced revenues and profitability in our United States building services segment, which has meaningful snow removal operations. In addition, cooler than normal temperatures during the summer months could reduce the need for our services, particularly in our businesses that install or service air-conditioning units, and result in reduced revenues and profitability during the period such unseasonal weather conditions persist.

Our business may be affected by the work environment. We perform our work under a variety of conditions, including but not limited to, difficult terrain, difficult site conditions and busy urban centers where delivery of materials and availability of labor may be impacted, clean-room environments where strict procedures must be followed, and sites which may have been exposed to harsh and hazardous conditions, especially at chemical plants, refineries and other process facilities. Performing work under these conditions can negatively affect efficiency and, therefore, our profitability.

Our dependence upon fixed price contracts could adversely affect our business. We currently generate, and expect to continue to generate, a significant portion of our revenues from fixed price contracts. We must estimate the total costs of a particular project to bid for fixed price contracts. The actual cost of labor and materials, however, may vary from the costs we originally estimated. These variations, along with other risks, inherent in performing fixed price contracts, may cause actual gross profits from projects to differ from those we originally estimated and could result in reduced profitability or losses on projects. Depending upon the size of a particular project, variations from the estimated contract costs can have a significant impact on our operating results for any fiscal quarter or year.

We could incur additional costs to cover certain guarantees. In some instances, we guarantee completion of a project by a specific date or price, cost savings, achievement of certain performance standards or performance of our services at a certain standard of quality. If we subsequently fail to meet such guarantees, we may be held responsible for costs resulting from such failures. Such a failure could result in our payment of liquidated or other damages. To the extent that any of these events occur, the total costs of a project could exceed the original estimated costs, and we would experience reduced profits or, in some cases, a loss.

Many of our contracts, especially our building services contracts for governmental and non-governmental entities, may be canceled on short notice, and we may be unsuccessful in replacing such contracts if they are canceled or as they are completed or expire. We could experience a decrease in revenues, net income and liquidity if any of the following occur:

- customers cancel a significant number of contracts;
- we fail to win a significant number of our existing contracts upon re-bid;
- we complete a significant number of non-recurring projects and cannot replace them with similar projects; or
- we fail to reduce operating and overhead expenses consistent with any decrease in our revenues.

We may be unsuccessful in generating internal growth. Our ability to generate internal growth will be affected by, among other factors, our ability to:

- expand the range of services offered to customers to address their evolving needs;
- attract new customers; and
- increase the number of projects performed for existing customers.

In addition, existing and potential customers in the past have reduced, and may continue to reduce, the number or size of projects available to us because of general economic conditions or due to their inability to obtain capital or pay for services we provide. Many of the factors affecting our ability to generate internal growth are beyond our control, and we cannot be certain that our strategies will be successful or that we will be able to generate cash flow sufficient to fund our operations and to support internal growth. If we are not successful, we may not be able to achieve internal growth, expand operations or grow our business.

Table of Contents

The departure of key personnel could disrupt our business. We depend on the continued efforts of our senior management. The loss of key personnel, or the inability to hire and retain qualified executives, could negatively impact our ability to manage our business.

We may be unable to attract and retain skilled employees. Our ability to grow and maintain productivity and profitability will be limited by our ability to employ, train and retain skilled personnel necessary to meet our requirements. We are dependent upon our project managers and field supervisors who are responsible for managing our projects; and there can be no assurance that any individual will continue in his or her capacity for any particular period of time, and the loss of such qualified employees could have an adverse effect on our business. We cannot be certain that we will be able to maintain an adequate skilled labor force necessary to operate efficiently and to support our business strategy or that labor expenses will not increase as a result of a shortage in the supply of these skilled personnel. Labor shortages or increased labor costs could impair our ability to maintain our business or grow our revenues.

Our unionized workforce could adversely affect our operations, and we participate in many multiemployer union pension plans which could result in substantial liabilities being incurred. As of December 31, 2015, approximately 56% of our employees were covered by collective bargaining agreements. Although the majority of these agreements prohibit strikes and work stoppages, we cannot be certain that strikes or work stoppages will not occur in the future. However, only two of our collective bargaining agreements are national or regional in scope, and not all of our collective bargaining agreements expire at the same time. Strikes or work stoppages would adversely impact our relationships with our customers and could have a material adverse effect on our financial position, results of operations and cash flows. We contribute to over 200 multiemployer union pension plans based upon wages paid to our union employees that could result in our being responsible for a portion of the unfunded liabilities under such plans. Our potential liability for unfunded liabilities could be material. Under the Employee Retirement Income Security Act, we may become liable for our proportionate share of a multiemployer pension plan's underfunding, if we cease to contribute to that pension plan or significantly reduce the employees in respect of which we make contributions to that pension plan. See Note 14 - Retirement Plans of the notes to consolidated financial statements included in Item 8, Financial Statements and Supplementary Data for additional information regarding multiemployer plans.

Fluctuating foreign currency exchange rates impact our financial results. We have operations in the United Kingdom, which in 2015 accounted for 6% of our revenues. Our reported financial position and results of operations are exposed to the effects (both positive and negative) that fluctuating exchange rates have on the process of translating the financial statements of our United Kingdom operations, which are denominated in local currencies, into the U.S. dollar.

Our failure to comply with environmental laws could result in significant liabilities. Our operations are subject to various laws, including environmental laws and regulations, among which many deal with the handling and disposal of asbestos and other hazardous or universal waste products, PCBs and fuel storage. A violation of such laws and regulations may expose us to various claims, including claims by third parties, as well as remediation costs and fines. We own and lease many facilities. Some of these facilities contain fuel storage tanks, which may be above or below ground. If these tanks were to leak, we could be responsible for the cost of remediation as well as potential fines. As a part of our business, we also install fuel storage tanks and are sometimes required to deal with hazardous materials, all of which may expose us to environmental liability.

In addition, new laws and regulations, stricter enforcement of existing laws and regulations, the discovery of previously unknown contamination or leaks, or the imposition of new clean-up requirements could require us to incur significant costs or become the basis for new or increased liabilities that could harm our financial position and results of operations, although certain of these costs might be covered by insurance. In some instances, we have obtained indemnification or covenants from third parties (including predecessors or lessors) for such clean-up and other obligations and liabilities, and we believe such indemnities and covenants are adequate to cover such obligations and liabilities. However, such third-party indemnities or covenants may not cover all of such costs or third-party indemnities may default on their obligations. In addition, unanticipated obligations or liabilities, or future obligations and liabilities, may have a material adverse effect on our business operations. Further, we cannot be certain that we will be able to identify, or be indemnified for, all potential environmental liabilities relating to any acquired business.

Adverse resolution of litigation and other legal proceedings may harm our operating results or financial position. We are a party to lawsuits and other legal proceedings, most of which occur in the normal course of our business. Litigation and other legal proceedings can be expensive, lengthy and disruptive to normal business operations. An unfavorable resolution of a particular legal proceeding could have a material adverse effect on our business, operating results, financial position and cash flows, and in some cases, on our reputation or our ability to obtain projects from customers, including governmental entities. See Item 3, Legal Proceedings and Note 15 - Commitments and Contingencies of the notes to consolidated financial statements included in Item 8, Financial Statements and Supplementary Data, for more information regarding legal proceedings in which we are involved.

Opportunities within the government sector could lead to increased governmental regulation applicable to us. As a government contractor we are subject to a number of procurement rules and other regulations, any deemed violation of which could lead to fines or penalties or a loss of business. Government agencies routinely audit and investigate government contractors. Government agencies may review a contractor's performance under its contracts, cost structure and compliance with applicable laws, regulations

Table of Contents

and standards. If government agencies determine through these audits or reviews that costs are improperly allocated to specific contracts, they will not reimburse the contractor for those costs or may require the contractor to refund previously reimbursed costs. If government agencies determine that we are engaged in improper activity, we may be subject to civil and criminal penalties and debarment or suspension from doing business with the government. Government contracts are also subject to renegotiation of terms by the government, termination by the government prior to the expiration of the term, and non-renewal by the government.

A material portion of our business depends on our ability to provide surety bonds. We may be unable to compete for or work on certain projects if we are not able to obtain the necessary surety bonds. Our construction contracts frequently require that we obtain from surety companies and provide to our customers payment and performance bonds as a condition to the award of such contracts. Such surety bonds secure our payment and performance obligations. Under standard terms in the surety market, surety companies issue bonds on a project-by-project basis and can decline to issue bonds at any time or require the posting of collateral as a condition to issuing any bonds. Current or future market conditions, as well as changes in our sureties' assessment of our or their own operating and financial risk, could cause our surety companies to decline to issue, or substantially reduce the amount of, bonds for our work or to increase our bonding costs. These actions can be taken on short notice. If our surety companies were to limit or eliminate our access to bonding, our alternatives would include seeking bonding capacity from other surety companies, increasing business with clients that do not require bonds and posting other forms of collateral for project performance, such as letters of credit, parent company guarantees or cash. We may be unable to secure these alternatives in a timely manner or acceptable terms, or at all. Accordingly, if we were to experience an interruption or reduction in the availability of bonding, we may be unable to compete for or work on certain projects. Increases in the costs of surety bonds also could adversely impact our profitability.

We are effectively self-insured against many potential liabilities. Although we maintain insurance policies with respect to a broad range of risks, including automobile liability, general liability, workers' compensation and employee group health, these policies do not cover all possible claims and certain of the policies are subject to large deductibles. Accordingly, we are effectively self-insured for a substantial number of actual and potential claims. In addition, if any of our insurance carriers defaulted on its obligations to provide insurance coverage by reason of its insolvency or for other reasons, our exposure to claims would increase and our profits would be adversely affected. Our estimates for unpaid claims and expenses are based on known facts, historical trends and industry averages, utilizing the assistance of an actuary. We reflect these liabilities in our balance sheet as "Other accrued expenses and liabilities" and "Other long-term obligations." The determination of such estimated liabilities and their appropriateness are reviewed and updated at least quarterly. However, these liabilities are difficult to assess and estimate due to many relevant factors, the effects of which are often unknown, including the severity of an injury or damage, the determination of liability in proportion to other parties, the timeliness of reported claims, the effectiveness of our risk management and safety programs and the terms and conditions of our insurance policies. Our accruals are based upon known facts, historical trends and our reasonable estimate of future expenses, and we believe such accruals are adequate. However, unknown or changing trends, risks or circumstances, such as increases in claims, a weakening economy, increases in medical costs, changes in case law or legislation or changes in the nature of the work we perform, could render our current estimates and accruals inadequate. In such case, adjustments to our balance sheet may be required and these increased liabilities would be recorded in the period that the experience becomes known. Insurance carriers may be unwilling, in the future, to provide our current levels of coverage without a significant increase in insurance premiums and/or collateral requirements to cover our obligations to them. Increased collateral requirements may be in the form of additional letters of credit and/or cash, and an increase in collateral requirements could significantly reduce our liquidity. If insurance premiums increase, and/or if insurance claims are higher than our estimates, our profitability could be adversely affected.

Health care reform could adversely affect our operating results. In 2010, the United States government enacted comprehensive health care reform legislation. To date, we have not experienced material costs related to the health care reform legislation; however, it is possible that our operating results and/or cash flows could be adversely affected in the future by increased costs, expanded liability exposure and requirements that change the ways we provide healthcare and other benefits to our employees.

We may incur liabilities or suffer negative financial impact relating to occupational, health and safety matters. Our operations are subject to extensive laws and regulations relating to the maintenance of safe conditions in the workplace. While we have invested, and will continue to invest, substantial resources in our robust occupational, health and safety programs, many of our businesses involve a high degree of operational risk, and there can be no assurance that we will avoid significant expense. These hazards can cause personal injury and loss of life, severe damage to or destruction of property and equipment and other consequential damages and could lead to suspension of operations, large damage claims and, in extreme cases, criminal liability.

Our customers seek to minimize safety risks on their sites and they frequently review the safety records of contractors during the bidding process. If our safety record were to substantially deteriorate over time, we might become ineligible to bid on certain work and our customers could cancel our contracts and/or not award us future business.

Acquisitions could adversely affect our business and results of operations. As part of our growth strategy, we acquire companies that expand, complement and/or diversify our businesses. Realization of the anticipated benefits of an acquisition will depend, among other things, upon our ability to: (a) effectively conduct due diligence on companies we propose to acquire to identify problems at these companies or (b) recognize incompatibilities or other obstacles to successful integration of the acquired business.

Table of Contents

with our other operations and gain greater efficiencies and scale that will translate into reduced costs in a timely manner. However, there can be no assurance that an acquisition we may make in the future will provide the benefits anticipated when entering into the transaction. Acquisitions we have made and future acquisitions may expose us to operational challenges and risks, including the diversion of management's attention from our existing businesses, the failure to retain key personnel or customers of the acquired business and the assumption of unknown liabilities of the acquired business for which there are inadequate reserves. Our ability to sustain our growth and maintain our competitive position may be affected by our ability to identify and acquire desirable businesses and successfully integrate any business acquired.

Our results of operations could be adversely affected as a result of goodwill and other identifiable intangible asset impairments. When we acquire a business, we record an asset called "goodwill" equal to the excess amount paid for the business, including liabilities assumed, over the fair value of the tangible and identifiable intangible assets of the business acquired. The Financial Accounting Standards Board ("FASB") requires that all business combinations be accounted for using the acquisition method of accounting and that certain identifiable intangible assets acquired in a business combination be recognized as assets apart from goodwill. FASB Accounting Standard Codification ("ASC") Topic 350, "Intangibles-Goodwill and Other" ("ASC 350") provides that goodwill and other identifiable intangible assets that have indefinite useful lives not be amortized, but instead must be tested at least annually for impairment, and identifiable intangible assets that have finite useful lives should continue to be amortized over their useful lives and be tested for impairment whenever facts and circumstances indicate that the carrying values may not be fully recoverable. ASC 350 also provides specific guidance for testing goodwill and other non-amortized identifiable intangible assets for impairment, which we test annually each October 1. ASC 350 requires management to make certain estimates and assumptions to allocate goodwill to reporting units and to determine the fair value of reporting unit net assets and liabilities. Such fair value is determined using discounted estimated future cash flows. Our development of the present value of future cash flow projections is based upon assumptions and estimates by management from a review of our operating results, business plans, anticipated growth rates and margins and the weighted average cost of capital, among others. Much of the information used in assessing fair value is outside the control of management, such as interest rates, and these assumptions and estimates can change in future periods. There can be no assurance that our estimates and assumptions made for purposes of our goodwill and identifiable intangible asset impairment testing will prove to be accurate predictions of the future. If our assumptions regarding business plans or anticipated growth rates and/or margins are not achieved, or there is a rise in interest rates, we may be required to record goodwill and/or identifiable intangible asset impairment charges in future periods, whether in connection with our next annual impairment testing on October 1, 2016 or earlier, if an indicator of an impairment is present prior to the quarter in which the annual goodwill impairment test is to be performed. It is not possible at this time to determine if any such additional impairment charge would result or, if it does, whether such a change would be material to our results of operations.

We did not record an impairment of our goodwill or identifiable intangible assets for the year ended December 31, 2015.

Amounts included in our backlog may not result in actual revenues or translate into profits. Many contracts are subject to cancellation or suspension on short notice at the discretion of the client, and the contracts in our backlog are subject to changes in the scope of services to be provided as well as adjustments to the costs relating to the contract. We have historically experienced variances in the components of backlog related to project delays or cancellations resulting from weather conditions, external market factors and economic factors beyond our control, and we may experience more delays or cancellations in the future. The risk of contracts in backlog being cancelled or suspended generally increases during periods of widespread slowdowns. Accordingly, there is no assurance that backlog will actually be realized. If our backlog fails to materialize, we could experience a reduction in revenues and a decline in profitability, which could result in a deterioration of our financial position and liquidity.

We account for the majority of our construction projects using the percentage-of-completion method of accounting; therefore, variations of actual results from our assumptions may reduce our profitability. We recognize revenues on construction contracts using the percentage-of-completion method of accounting in accordance with ASC Topic 605-35, "Revenue Recognition-Construction-Type and Production-Type Contracts". See Application of Critical Accounting Policies in Item 7. Management's Discussion and Analysis of Financial Condition and Results of Operations. Under the percentage-of-completion method of accounting, we record revenue as work on the contract progresses. The cumulative amount of revenues recorded on a contract at a specified point in time is the percentage of total estimated revenues that costs incurred to date bear to estimated total costs. Accordingly, contract revenues and total cost estimates are reviewed and revised as the work progresses. Adjustments are reflected in contract revenues in the period when such estimates are revised. Estimates are based on management's reasonable assumptions and experience, but are only estimates. Variations of actual results from assumptions on an unusually large project or on a number of average size projects could be material. We are also required to immediately recognize the full amount of the estimated loss on a contract when estimates indicate such a loss. Such adjustments and accrued losses could result in reduced profitability, which could negatively impact our cash flow from operations.

The loss of one or a few customers could have an adverse effect on us. A few clients have in the past and may in the future account for a significant portion of our revenues in any one year or over a period of several consecutive years. Although we have long-standing relationships with many of our significant clients, our clients may unilaterally reduce, fail to renew or terminate

Table of Contents

their contracts with us at any time. A loss of business from a significant client could have a material adverse effect on our business, financial position, and results of operations.

We are increasingly dependent on sophisticated information technology and infrastructure. We rely on information technology systems and hardware and third party software to run critical accounting, project management and financial information systems. If software vendors decide to discontinue further development, integration or long-term software maintenance support for our information systems, or there is any system or hardware interruption, delay, breach of security, loss of data, we may need to migrate some or all of our accounting, project management and financial information to other systems. In addition, data privacy or security breaches may pose a risk that data, including intellectual property or personal information, may be exposed to unauthorized persons or the public. These disruptions or breaches could result in financial, legal, business or reputational harm to us.

Our failure to comply with anti-bribery statutes such as the Foreign Corrupt Practices Act and the U.K. Bribery Act of 2010 could result in fines, criminal penalties and other sanctions that could have an adverse effect on our business. The U.S. Foreign Corrupt Practices Act (the "FCPA"), the U.K. Bribery Act (the "Bribery Act") and similar anti-bribery laws in other jurisdictions generally prohibit companies and their intermediaries from making improper payments to foreign officials for the purpose of obtaining or retaining business. We conduct a modest amount of business in a few countries that have experienced corruption to some degree. If we were found to be liable for violations under the FCPA, the Bribery Act or similar anti-bribery laws, either due to our own acts or omissions or due to the acts or omissions of others, we could incur substantial legal expense and suffer civil and criminal penalties or other sanctions, which could have a material adverse effect on our business, financial condition and results of operations, as well as our reputation.

Certain provisions of our corporate governance documents could make an acquisition of us, or a substantial interest in us, more difficult. The following provisions of our certificate of incorporation and bylaws, as currently in effect, as well as Delaware law, could discourage potential proposals to acquire us, delay or prevent a change in control of us, or limit the price that investors may be willing to pay in the future for shares of our common stock:

- our certificate of incorporation permits our board of directors to issue "blank check" preferred stock and to adopt amendments to our bylaws;
- our bylaws contain restrictions regarding the right of our stockholders to nominate directors and to submit proposals to be considered at stockholder meetings;
- our certificate of incorporation and bylaws limit the right of our stockholders to call a special meeting of stockholders and to act by written consent; and
- we are subject to provisions of Delaware law which prohibit us from engaging in any of a broad range of business transactions with an "interested stockholder" for a period of three years following the date a stockholder becomes classified as an interested stockholder.

ITEM 1B. UNRESOLVED STAFF COMMENTS

None.

ITEM 2. PROPERTIES

Our operations are conducted primarily in leased properties. The following table lists facilities over 50,000 square feet, both leased and owned, and identifies the business segment that is the principal user of each such facility.

	Approximate Square Feet	Lease Expiration Date, Unless Owned
1168 Tesla Street El Cajon, California (a)	87,560	8/9/2020
22302 Hathaway Avenue Hayward, California (a)	105,000	7/31/2021
4462 Governor's Center Drive Los Alamitos, California (a)	57,868	12/31/2019
18111 South Santa Fe Avenue Rancho Dominguez, California (d)	66,246	12/31/2016
940 Hamilton Court San Jose, California (c)	119,560	7/1/2024
5101 York Street Denver, Colorado (b)	77,553	2/28/2019
445 Sheridan Boulevard Lakewood, Colorado (a)	64,000	Owned
3100 Woodcock Drive Downers Grove, Illinois (a)	56,551	7/31/2017
22194 Ambler Drive Fort Wayne, Indiana (b)	135,000	7/31/2023
7614 and 7720 Opportunity Drive Fort Wayne, Indiana (b)	1,14,695	10/31/2018
2058 Charlotte Avenue Richardson, Indiana (b)	68,768	6/30/2010
4250 Highway 30 St. Gabriel, Louisiana (f)	90,000	Owned
2700 Swiss Road Sulphur, Louisiana (d)	112,000	Owned
111-01 and 111-21 14th Avenue College Point, New York (a)	73,013	2/28/2024
70 Schrieber Boulevard Farmerdale, New York (b)	76,380	7/31/2028
2102 Tobacco Road Durham, North Carolina (b)	55,944	3/31/2016

We believe that our property, plant and equipment are well maintained, in good operating condition and suitable for the purposes for which they are used.

See Note 15 - Commitments and Contingencies of the notes to consolidated financial statements included in Item 8, Financial Statements and Supplementary Data for additional information regarding lease costs. We utilize substantially all of our leased or owned facilities and believe there will be no difficulty either in negotiating the renewal of our real property leases as they expire or in finding alternative space, if necessary.

- (a) Principally used by a company engaged in the "United States electrical construction and facilities services" segment.
- (b) Principally used by a company engaged in the "United States mechanical construction and facilities services" segment.
- (c) Principally used by a company engaged in the "United States building services" segment.
- (d) Principally used by a company engaged in the "United States industrial services" segment.

ITEM 3. LEGAL PROCEEDINGS

One of our subsidiaries, USM, Inc. ("USM"), doing business in California provides, among other things, janitorial services to its customers by having those services performed by independent janitorial companies. USM and one of its customers, which owns retail stores (the "Customer"), were co-defendants in a federal class action lawsuit brought by six employees of USM's California janitorial subcontractors. The action captioned Federico Velchiz Vasquez, Jesus Velchiz Vasquez, Francisco Domingo Claudio, for themselves and all others similarly situated vs. USM, Inc. dba USM Services, Inc., a Pennsylvania Corporation, et al., was commenced on September 5, 2013 in a Superior Court of California and was removed by USM on November 22, 2013 to the United States District Court for the Northern District of California. The employees alleged in their complaint, among other things, that USM and the Customer, during a period that began before our acquisition of USM, violated a California statute that prohibits USM from entering into a contract with a janitorial subcontractor when it knew or should have known that the contract did not include funds sufficient to allow the janitorial subcontractor to comply with all local, state and federal laws or regulations governing the labor or services to be provided. The employees asserted that the amounts USM paid to its janitorial subcontractors were insufficient to allow those janitorial subcontractors to meet their obligations regarding, among other things, wages due for all hours the employees worked, minimum wages, overtime pay and meal and rest breaks. These employees sought to represent not only themselves, but also all other individuals who provided janitorial services at the Customer's stores in California during the relevant four-year time period. We do not believe USM or the Customer violated the California statute or that the employees could have brought the action as a class action on behalf of other employees of janitorial companies with whom USM subcontracted for the provision of janitorial services to the Customer. The plaintiffs sought a declaratory judgment that USM had violated the California statute, monetary damages, including all unpaid wages and interest thereon, restitution for unpaid wages, and an award of attorneys' fees and costs.

USM and its Customer have settled the claims asserted in the class action pursuant to the terms of a consent decree approved by the federal judge in the United States District Court for the Northern District of California on February 16, 2016, which followed a determination by the Court of the consent decree's fairness, adequacy and reasonableness. Under the terms of the consent decree, USM will (a) pay an aggregate of \$1.0 million (i) for monetary relief to the members of the class, (ii) for awards to the class representative plaintiffs, (iii) for California Labor Code Private Attorney General Act payments to the State of California for an indeterminate amount, and (iv) for all costs of notice and administration of the claims process, (b) pay to counsel for the class an aggregate of \$1.2 million, of which \$0.2 million has been allocated for their reimbursable costs and litigation expenses and \$1.0 million has been allocated for attorneys' fees, and (c) monitor USM's California subcontractors providing janitorial services to its Customer in accordance with agreed upon procedures designed principally to ensure janitorial employees of those subcontractors are paid no less than minimum wage.

We are involved in several other proceedings in which damages and claims have been asserted against us. Other potential claims may exist that have not yet been asserted against us. We believe that we have a number of valid defenses to such proceedings and claims and intend to vigorously defend ourselves. We do not believe that any such matters will have a material adverse effect on our financial position, results of operations or liquidity. Litigation is subject to many uncertainties and the outcome of litigation is not predictable with assurance. It is possible that some litigation matters for which reserves have not been established could be decided unfavorably to us, and that any such unfavorable decisions could have a material adverse effect on our financial position, results of operations or liquidity. See Note 15 - Commitments and Contingencies of the notes to consolidated financial statements included in Item 8. Financial Statements and Supplementary Data for a discussion regarding certain other legal proceedings.

ITEM 4. MINE SAFETY DISCLOSURES

Information concerning mine safety violations or other regulatory matters required by Section 1503(e) of the Dodd-Frank Wall Street Reform and Consumer Protection Act and Item 104 of Regulation S-K (17 CFR 229.104) is included in Exhibit 95 to this Form 10-K.

EXECUTIVE OFFICERS OF THE REGISTRANT

Anthony J. Guzzi, Age 51; President since October 2004 and Chief Executive Officer since January 2011. From October 2004 to January 2011, Mr. Guzzi served as Chief Operating Officer of the Company. From August 2001, until he joined the Company, Mr. Guzzi served as President of the North American Distribution and Aftermarket Division of Carrier Corporation ("Carrier"). Carrier is a manufacturer and distributor of commercial and residential HVAC and refrigeration systems and equipment and a provider of after-market services and components of its own products and those of other manufacturers in both the HVAC and refrigeration industries. Mr. Guzzi is also a member of our Board of Directors.

Sheldon L. Cammaker, Age 76; Vice Chairman since January 2016. From September 1987 to January 2016, Mr. Cammaker was Executive Vice President and General Counsel of the Company, and from May 1997 to January 2016, Mr. Cammaker was also Secretary of the Company. Prior to September 1987, Mr. Cammaker was a senior partner of the New York City law firm of Roteib, Flays & Sklar.

R. Kevin Matz, Age 57; Executive Vice President-Shared Services of the Company since December 2007 and Senior Vice President-Shared Services from June 2003 to December 2007. From April 1996 to June 2003, Mr. Matz served as Vice President and Treasurer of the Company and Staff Vice President-Financial Services of the Company from March 1993 to April 1996.

Mark A. Pompa, Age 51; Executive Vice President and Chief Financial Officer of the Company since April 2006. From June 2003 to April 2005, Mr. Pompa was Senior Vice President-Chief Accounting Officer of the Company, and from June 2003 to January 2007, Mr. Pompa was also Treasurer of the Company. From September 1994 to June 2003, Mr. Pompa was Vice President and Controller of the Company.

Maxine L. Mauricin, Age 44; Senior Vice President, General Counsel and Secretary of the Company since January 2016. From January 2012 to December 2015, Ms. Mauricin was Vice President and Deputy General Counsel of the Company, and from May 2002 to December 2011, she served as Assistant General Counsel of the Company. Prior to joining the Company, Ms. Mauricin was an associate at Ropes & Gray LLP.

PART II

ITEM 5. MARKET FOR REGISTRANT'S COMMON EQUITY, RELATED STOCKHOLDER MATTERS AND ISSUER PURCHASES OF EQUITY SECURITIES

Market Information. Our common stock trades on the New York Stock Exchange under the symbol "EME".

The following table sets forth high and low sales prices for our common stock for the periods indicated as reported by the New York Stock Exchange:

	High	Low
2015		
First Quarter	\$ 47.20	\$ 40.84
Second Quarter	\$ 48.84	\$ 43.74
Third Quarter	\$ 46.80	\$ 43.40
Fourth Quarter	\$ 52.37	\$ 42.85
2014	High	Low
First Quarter	\$ 47.81	\$ 40.12
Second Quarter	\$ 48.00	\$ 43.41
Third Quarter	\$ 46.94	\$ 43.96
Fourth Quarter	\$ 45.87	\$ 38.68

Holders. As of February 22, 2016, there were approximately 224 stockholders of record and, as of that date, we estimate there were approximately 33,305 beneficial owners holding our common stock in nominee or "street" name.

Dividends. We have paid quarterly dividends since October 25, 2011. We expect that quarterly dividends will be paid in the foreseeable future. Prior to October 25, 2011, no cash dividends had been paid on the Company's common stock. We currently pay a regular dividend of \$0.08 per share. Our 2013 Credit Agreement places limitations on the payment of dividends on our common stock. However, we do not believe that the terms of such agreement currently materially limit our ability to pay a quarterly dividend of \$0.08 per share for the foreseeable future.

Securities Authorized for Issuance Under Equity Compensation Plans. The following table summarizes, as of December 31, 2015, certain information regarding equity compensation plans that were approved by stockholders and equity compensation plans that were not approved by stockholders. The information in the table and in the notes thereto has been adjusted for stock splits.

Plan Category	Equity Compensation Plan Information		
	A	B	C
	Number of Securities to be Issued upon Exercise of Outstanding Options, Warrants and Rights	Weighted Average Exercise Price of Outstanding Options, Warrants and Rights	Number of Securities Remaining Available for Future Issuance under Equity Compensation Plans (Excluding Securities Reflected in Column A)
Equity Compensation Plans Approved by Security Holders	1,005,613 (1)	\$ 7.14 (2)	1,849,266 (2)
Equity Compensation Plans Not Approved by Security Holders	—	—	—
Total	1,005,613	\$ 7.14	1,849,266

- Included within this amount are 696,837 restricted stock units awarded to our non-employee directors and employees. The weighted average exercise price would have been \$53.42 had the weighted average exercise price calculation excluded such restricted stock units.
- Represents shares of our common stock available for future issuance under our 2010 Incentive Plan (the "2010 Plan"), which may be issuable in respect of options and/or stock appreciation rights granted under the 2010 Plan and/or may also be issued pursuant to the award of restricted stock, restricted stock and/or awards that are valued in whole or in part by reference to, or are otherwise based on the fair market value of, our common stock.

Purchase of Equity Securities by the Issuer and Affiliated Purchasers

The following table summarizes repurchases of our common stock made during the quarter ended December 31, 2015 by us:

Period	Total Number of Shares Purchased ⁽¹⁾	Average Price Paid Per Share	Total Number of Shares Purchased as Part of Publicly Announced Plans or Programs	Maximum Number (or Approximate Dollar Value) of Shares That May Yet Be Purchased Under the Plan or Programs
October 1, 2015 to October 31, 2015	93,612	\$48.56	93,612	\$254,346,205
November 1, 2015 to November 30, 2015	524,493	\$49.49	524,493	\$313,424,535
December 1, 2015 to December 31, 2015	1,307,919	\$49.65	1,307,919	\$254,149,818

- (1) On September 26, 2011, our Board of Directors authorized us to repurchase up to \$100.0 million of our outstanding common stock. On December 5, 2013, October 25, 2014 and October 28, 2015, our Board of Directors authorized us to repurchase up to an additional \$100.0 million, \$250.0 million and \$200.0 million of our outstanding common stock, respectively. As of December 31, 2015, there remained available authorization for us to repurchase approximately \$254.1 million of our shares. No shares have been repurchased since the programs have been announced other than pursuant to these publicly announced programs. Repurchases may be made from time to time as permitted by securities laws and other legal requirements.

Table of Contents

ITEM 6. SELECTED FINANCIAL DATA

The following selected financial data has been derived from our audited financial statements and should be read in conjunction with the consolidated financial statements, the related notes thereto and the report of our independent registered public accounting firm thereon included elsewhere in this and our previously filed annual reports on Form 10-K.

See Note 3 - Acquisitions of Businesses and Note 4 - Disposition of Assets of the notes to consolidated financial statements included in Item 8, Financial Statements and Supplementary Data for a discussion regarding acquisitions and dispositions. During the third quarter of 2014, we ceased construction operations in the United Kingdom. The results of the construction operations of our United Kingdom segment for all periods are presented as discontinued operations. In addition, the results of operations for 2011 reflect discontinued operations accounting due to the disposition in August 2011 of our Canadian subsidiary.

Capital lease obligations, including current maturities	\$ 1,869	\$ 2,833	\$ 4,652	\$ 5,881	\$ 4,457

(1) During 2015, we repurchased approximately 2.3 million shares of our common stock for approximately \$ 2.3 million. Since the inception of the repurchase program in 2011 through December 31, 2015, we have repurchased 9.9 million shares of our common stock for approximately \$595.9 million. The repurchase of shares results in a reduction of our equity. We have paid quarterly dividends since October 25, 2011. We expect that quarterly dividends will be paid in the foreseeable future. Prior to October 25, 2011, no cash dividends had been paid on the Company's common stock. We currently pay a regular quarterly dividend of \$0.08 per share.

ITEM 7. MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS

We are one of the largest electrical and mechanical, construction and facilities services firms in the United States. In addition, we provide a number of building services and industrial services. Our services are provided to a broad range of commercial, industrial, utility and institutional customers through approximately 70 operating subsidiaries and joint venture entities. Our offices are located in the United States and the United Kingdom.

Operating Segments

We have the following reportable segments which provide services associated with the design, integration, installation, start-up, operation and maintenance of various systems: (a) United States electrical construction and facilities services (involving systems for electrical power transmission and distribution; premises electrical and lighting systems; low-voltage systems, such as fire alarm, security and process control; voice and data communication; roadway and transit lighting; and fiber optic lines); (b) United States mechanical construction and facilities services (involving systems for heating, ventilation, air conditioning, refrigeration and clean-room process ventilation; fire protection; plumbing; process and high-purity piping; controls and filtration; water and wastewater treatment; central plant heating and cooling; cranes and rigging; millwrighting; and steel fabrication, erection and welding); (c) United States building services; (d) United States industrial services; and (e) United Kingdom building services. The "United States building services" and "United Kingdom building services" segments principally consist of those operations which provide a portfolio of services needed to support the operation and maintenance of customers' facilities, including commercial and government site-based operations and maintenance; facility maintenance and services, including reception, security and catering services; outage services to utilities and industrial plants; military base operations support services; mobile maintenance and services; floor care and janitorial services; landscaping, lot sweeping and snow removal; facilities management; vendor management; call center services; installation and support for building systems; program development, management and maintenance for energy systems; technical consulting and diagnostic services; infrastructure and building projects for federal, state and local governmental agencies and bodies; and small modification and retrofit projects, which services are not generally related to customers' construction programs. The segment "United States industrial services" principally consists of those operations which provide industrial maintenance and services, including those for refineries and petrochemical plants, including on-site repairs, maintenance and service of heat exchangers, towers, vessels and piping; design, manufacturing, repair and hydro blast cleaning of shell and tube heat exchangers and related equipment; refinery turnaround planning and engineering services; specialty welding services; overhaul and maintenance of critical process units in refineries and petrochemical plants; and specialty technical services for refineries and petrochemical plants.

We acquired three companies in 2015, each for an immaterial amount. Two of the companies acquired primarily provide mechanical construction services, and their results of operations have been included in our United States mechanical construction and facilities services segment. The results of operations for the other company acquired have been included in our United States building services segment.

We completed the acquisition of RepconStrickland, Inc. ("RSI") during 2013, and its results have been included in our United States industrial services segment since its acquisition. In addition, we completed two other acquisitions during 2013, and their results have been included in our United States mechanical construction and facilities services segment. These acquired businesses expanded our service capabilities into new technical areas.

Table of Contents

2015 versus 2014

Overview

The following table presents selected financial data for the fiscal years ended December 31, 2015 and 2014 (in thousands, except percentages and per share data):

	2015	2014
Revenues	\$ 6,518,326	\$ 6,420,208
Revenues increase from prior year	1.6%	1.4%
Residualizing expenses	\$ 824	\$ 1,168
Impairment loss on identifiable intangible assets	\$ —	\$ 47
Gain on sale of building	\$ —	\$ 1,540
Operating income	\$ 287,082	\$ 289,578
Operating income as a percentage of revenues	4.4%	4.5%
Income from continuing operations	\$ 172,567	\$ 78,117
Net income attributable to EMCOR Group, Inc.	\$ 172,567	\$ 78,667
Diluted earnings per common share from continuing operations	\$ 2.72	\$ 2.50

The results of our operations for 2015 set new Company records in terms of revenues and diluted earnings per share from continuing operations. Our 2015 results included increased revenues from all of our reportable segments. In addition, excluding the impact of the \$11.7 million gain on the sale of a building and the \$1.5 million impairment loss on identifiable intangible assets in 2014, our operating income (operating income as a percentage of revenues) increased in 2015 compared to 2014. Our overall 2015 operating income and operating margin were favorably impacted by improved operating performance within: (a) our United States mechanical construction and facilities services segment, partially attributable to revenues of \$12.1 million recognized as a result of the settlement of a claim on an institutional project located in the southeastern United States, and (b) our United States building services segment, as a result of increased profitability within this segment's mobile mechanical and commercial site-based services operations.

Our operating results for 2015 were negatively impacted by: (a) our United States electrical construction and facilities services segment; (b) our United States industrial services segment and (c) our United Kingdom building services segment. Decreases in both operating income and operating margin within our United States electrical construction and facilities services segment were partially attributable to approximately \$10.5 million of losses incurred on several transportation projects. Decreases in both operating income and operating margin within our United States industrial services segment were primarily due to: (a) the negative impact of a nationwide strike by union employees of certain major oil refineries in the first half of 2015, which led to both deferrals and losses of certain turnaround projects that generate relatively high gross profit margins, and (b) a decrease in the billing rates and related gross profit margins within our industrial shop services operations due to competitive market conditions resulting from decreased demand for new heat exchangers as a result of volatility in crude oil prices that led to a curtailment in capital spending.

Two of the companies acquired in 2015, which are reported in our United States mechanical construction and facilities services segment, generated incremental revenues of \$12.5 million and less than \$0.1 million of operating income, net of \$0.3 million of amortization expense associated with identifiable intangible assets. The results of operations for the third company acquired in 2015, which are reported in our United States building services segment, were de minimis.

Discussion and Analysis of Results of Operations

Revenues

As described in more detail below, revenues for 2015 were \$6.7 billion, compared to \$6.4 billion for 2014. The increase in revenues for 2015 was primarily attributable to: (a) increased revenues from both of our domestic construction segments, (b) increased demand for our industrial field services within our United States industrial services segment and (c) increased revenues from our mobile mechanical services operations within our United States building services segment. Revenues increased within our United States industrial services segment despite a nationwide strike by union employees of certain major oil refineries that negatively impacted the first half of 2015.

Table of Contents

The following table presents our revenues for each of our operating segments and the approximate percentages that each segment's revenues were of total revenues for the years ended December 31, 2015 and 2014 (in thousands, except for percentages):

	2015	% of Total	2014	% of Total
Revenues from unrelated entities:				
United States electrical construction and facilities services	\$ 1,567,142	20%	\$ 1,312,288	18%
United States mechanical construction and facilities services	2,312,750	34%	2,201,212	34%
United States building services	1,739,359	25%	1,721,341	27%
United States industrial services	922,085	14%	559,980	10%
Other United States operations	6,241,040	94%	6,099,521	95%
United Kingdom building services	377,477	6%	350,444	5%
Total worldwide operations	<u>\$ 6,318,725</u>	100%	<u>\$ 6,434,989</u>	100%

Revenues of our United States electrical construction and facilities services segment were \$1,567.1 million for the year ended December 31, 2015 compared to revenues of \$1,312.3 million for the year ended December 31, 2014. The increase in revenues was primarily attributable to an increase in revenues from commercial, healthcare and manufacturing construction projects, partially offset by a decrease in revenues from institutional construction projects.

Our United States mechanical construction and facilities services segment revenues for the year ended December 31, 2015 were \$2,312.8 million, a \$111.6 million increase compared to revenues of \$2,201.2 million for the year ended December 31, 2014. The increase in revenues was primarily attributable to an increase in revenues from commercial and institutional construction projects, partially offset by a decline in revenues from manufacturing, water and wastewater and transportation construction projects. The results for the year ended December 31, 2015 included \$12.5 million of revenues generated by companies acquired in 2015.

Revenues of our United States building services segment were \$1,739.3 million and \$1,721.3 million in 2015 and 2014, respectively. The increase in revenues was primarily attributable to increased revenues from: (a) our mobile mechanical services operations, in part due to significant activity in the California and New England regions and increased project and retrofit activities, and (b) our energy services operations. These increases were partially offset by decreased revenues from: (a) our government site-based services operations as a result of the completion in 2014 of two large long-term site-based joint venture projects not renewed pursuant to rebid, (b) our commercial site-based services operations as a result of: (i) a decline in add-on project activities, (ii) a decrease in revenues from ice snow removal activities, as a result of less snowfall in geographical areas in which many of our contracts are based on a per snow event basis, and (iii) a decrease in revenues from supplier management contracts.

Revenues of our United States industrial services segment for the year ended December 31, 2015 increased by \$361 million compared to the year ended December 31, 2014. The increase in revenues was primarily due to large capital and maintenance project activity within our industrial field services operations. Revenues increased within this segment despite a nationwide strike by union employees of certain major oil refineries that negatively impacted the first half of 2015.

Our United Kingdom building services segment revenues were \$377.5 million in 2015 compared to \$350.4 million in 2014. The increase in revenues was due to an increase in activity in the commercial market attributable to several new contract awards as well as increased work under existing contracts. The increase in revenues was partially offset by a decrease of \$29.2 million relating to the effect of unfavorable exchange rates for the British pound versus the United States dollar.

Table of Contents

Backlog

The following table presents our operating segment backlog from unrelated entities and their respective percentages of total backlog (in thousands, except for percentages):

	December 31, 2015	% of Total	December 31, 2014	% of Total
Backlog:				
United States electrical construction and facilities services	\$ 1,445,791	38%	\$ 1,376,379	34%
United States mechanical construction and facilities services	1,683,521	45%	1,473,016	41%
United States building services	383,196	10%	732,960	20%
United States industrial services	54,578	1%	101,154	3%
Total United States operations	\$ 3,567,086	97%	\$ 3,683,509	98%
United Kingdom building services	125,097	3%	150,984	4%
Total worldwide operations	\$ 3,771,183	100%	\$ 3,834,493	100%

Our backlog at December 31, 2015 was \$3.77 billion compared to \$3.83 billion at December 31, 2014. This increase in backlog was primarily attributable to an increase in backlog from our United States mechanical construction and facilities services segment and our United States building services segment, partially offset by lower backlog from our other reportable segments. Backlog increases with awards of new contracts and decreases as we perform work on existing contracts. Backlog is not a term recognized under United States generally accepted accounting principles; however, it is a common measurement used in our industry. We include a project within our backlog at such time as a contract is awarded and agreement on contract terms has been reached. Backlog includes unrecognized revenues to be realized from uncompleted construction contracts plus unrecognized revenues expected to be realized over the remaining term of services contracts. However, we do not include in backlog contracts for which we are paid on a time and material basis and a fixed amount cannot be determined, and if the remaining term of a services contract exceeds 12 months, the unrecognized revenues attributable to such contract included in backlog are limited to only the next 12 months of revenues provided for in the contract award. Our backlog also includes amounts related to services contracts for which a fixed price contract value is not assigned when a reasonable estimate of total revenues can be made from budgeted amounts agreed to with our customer. Our backlog is comprised of: (a) original contract amounts, (b) change orders for which we have received written confirmations from our customers, (c) pending change orders for which we expect to receive confirmations in the ordinary course of business and (d) claim amounts that we have made against customers for which we have determined we have a legal basis under existing contractual arrangements and as to which we consider recovery to be probable. Such claim amounts were immaterial for all periods presented. Our backlog does not include anticipated revenues from unconsolidated joint ventures or variable interest entities and anticipated revenues from pass-through costs on contracts for which we are acting in the capacity of an agent and which are reported on the net basis. We believe our backlog is firm, although many contracts are subject to cancellation at the election of our customers. Historically, cancellations have not had a material adverse effect on us.

Cost of sales and Gross profit

The following table presents cost of sales, gross profit (revenues less cost of sales), and gross profit margin (gross profit as a percentage of revenues) for the years ended December 31, 2015 and 2014 (in thousands, except for percentages):

	2015	2014
Cost of sales	\$ 2,734,247	\$ 2,517,719
Gross profit	\$ 944,479	\$ 907,246
Gross profit margin	24.1%	24.1%

Our gross profit for the year ended December 31, 2015 was \$944.5 million, a \$37.2 million increase compared to the gross profit of \$907.2 million for the year ended December 31, 2014. Our gross profit margin was 24.1% for both 2015 and 2014. Favorable variances in both gross profit and gross profit margin within: (a) our United States mechanical construction and facilities services segment, which included revenues of \$12.1 million recognized as a result of the settlement of a claim on an institutional project located in the southeastern United States, and (b) our United States building services segment were partially offset by decreases in gross profit and gross profit margin within our United Kingdom building services and our United States electrical construction and facilities services segment. Gross profit within our United States industrial services segment slightly increased; however, gross margin within this segment declined due to a decrease in the billing rates and related gross profit margins within our industrial shop services operations due to competitive market conditions resulting from decreased demand for new heat exchangers as a result of volatility in crude oil prices that led to a curtailment in capital spending.

Table of Contents

Selling, general and administrative expenses

The following table presents selling, general and administrative expenses and SG&A margin (selling, general and administrative expenses as a percentage of revenues) for the years ended December 31, 2015 and 2014 (in thousands, except for percentages):

	2015	2014
Selling, general and administrative expenses	\$ 656,575	\$ 626,478
Selling, general and administrative expenses as a percentage of revenues	9.8%	9.5%

Our selling, general and administrative expenses for the year ended December 31, 2015 were \$656.6 million, a \$30.1 million increase compared to selling, general and administrative expenses of \$626.5 million for the year ended December 31, 2014. Selling, general and administrative expenses as a percentage of revenues were 9.8% for both 2015 and 2014. The increase in selling, general and administrative expenses was due to higher employee related costs such as incentive compensation, salaries and medical insurance costs, as well as certain other costs including computer hardware and software expenses, partially offset by a decrease in legal costs. Increased incentive compensation was principally due to higher annual operating results within certain operations than in 2014, which resulted in increased accruals for their incentive compensation plans. The increase in salaries was attributable to an increase in headcount, commensurate with an increase in revenues, as well as cost of living adjustments and merit pay increases.

Restructuring expenses

Restructuring expenses were \$0.8 million and \$1.2 million for 2015 and 2014, respectively. The 2015 restructuring expenses included \$0.9 million of employee severance obligations and the reversal of \$0.1 million relating to the termination of leased facilities. The 2014 restructuring expenses included \$0.6 million of employee severance obligations and \$0.6 million relating to the termination of leased facilities. As of December 31, 2015 and 2014, the balance of restructuring related obligations yet to be paid was \$0.1 million and \$0.3 million, respectively. The majority of obligations outstanding as of December 31, 2014 was paid during 2015. The obligations outstanding as of December 31, 2015 will be paid during the first half of 2016.

Gain on sale of building

On July 22, 2014, we sold a building and land owned by one of our subsidiaries reported in the United States mechanical construction and facilities services segment. We recognized a gain of approximately \$11.7 million on this transaction in the third quarter of 2014, which has been classified as a "Gain on sale of building" in the Consolidated Statements of Operations.

Impairment loss on goodwill and identifiable intangible assets

No impairment of our identifiable intangible assets was recognized for the year ended December 31, 2015. In conjunction with our 2014 annual impairment test on October 1, we recognized a \$1.5 million non-cash impairment charge related to subsidiary trade names within the United States mechanical construction and facilities services segment and the United States building services segment. The 2014 impairment primarily resulted from lower forecasted revenues from two companies within these segments. Additionally, no impairment of our goodwill was recognized for the years ended December 31, 2015 and 2014.

Table of Contents

Operating income (loss)

The following table presents by segment our operating income (loss) and each segment's operating income (loss) as a percentage of each segment's revenues from unaffiliated entities for the years ended December 31, 2015 and 2014 (in thousands, except for percentages):

	2015	% of Segment Revenues	2014	% of Segment Revenues
Operating income (loss):				
United States electrical construction and facilities services	\$ 22,225	6.0%	\$ 90,873	8.0%
United States mechanical construction and facilities services	138,658	6.0%	114,418	5.2%
United States building services	70,512	4.1%	66,885	3.3%
United States industrial services	\$5,469	6.1%	63,159	7.5%
Total United States operations	347,864	5.5%	334,335	5.5%
United Kingdom building services	11,634	3.1%	15,011	4.3%
Corporate administration	(71,642)	—	(68,578)	—
Restructuring expenses	(824)	—	(1,168)	—
Impairment loss on identifiable intangible assets	—	—	(54,713)	—
Gain on sale of building	—	—	11,749	—
Total worldwide operations	287,032	4.3%	289,876	4.3%
Other corporate items:				
Interest expense	(8,522)	—	(9,075)	—
Interest income	673	—	842	—
Income from controlling operations, net of income taxes	\$ 279,183	—	\$ 281,645	—

As described in more detail below, we had operating income of \$287.1 million for 2015 compared to operating income of \$289.9 million for 2014. Operating margin was 4.3% and 4.5% for 2015 and 2014, respectively. Included within operating income for 2014 was an \$11.7 million gain on the sale of a building, resulting in a 0.2% impact on our consolidated operating margin for 2014.

Operating income of our United States electrical construction and facilities services segment for the year ended December 31, 2015 was \$22.2 million compared to operating income of \$90.9 million for the year ended December 31, 2014. The decrease in operating income for the year ended December 31, 2015 was due to a decrease in gross profit from transportation, institutional and manufacturing construction projects and an increase in selling, general and administrative expenses due to higher employee related costs such as incentive compensation and salaries. The decrease in gross profit from transportation construction projects included approximately \$10.1 million of losses incurred on several projects due to productivity issues and delays. The increase in incentive compensation was principally due to higher annual operating results within certain operations than in 2014, which resulted in increased accruals for certain of our incentive compensation plans. The decrease in operating income was partially offset by an increase in gross profit from: (a) commercial construction projects, partially due to profits recognized on contracts in the Mid-Atlantic region and (b) healthcare construction projects. The decrease in operating margin for the year ended December 31, 2015 was attributable to a decrease in gross profit margin, partially as a result of losses recorded on transportation projects, as well as an increase in the ratio of selling, general and administrative expenses to revenues resulting from an increase in incentive compensation due to higher annual operating results within certain operations than in 2014.

Our United States mechanical construction and facilities services segment operating income for the year ended December 31, 2015 was \$138.7 million, a \$24.3 million increase compared to operating income of \$114.4 million for the year ended December 31, 2014. Operating income was favorably impacted by an increase in gross profit from institutional, commercial and manufacturing construction projects, partially offset by an increase in selling, general and administrative expenses. The results for 2015 included revenues of \$12.1 million recognized as a result of the settlement of a claim on an institutional project located in the southeastern United States. The results for 2014 included the receipt of \$3.0 million from former shareholders of a company we had acquired as a result of the settlement of a claim by us under the acquisition agreement; this payment has been recorded as a reduction of "Cost of sales" in the Consolidated Statements of Operations. The increase in selling, general and administrative expenses was primarily the result of an increase in incentive compensation due to higher annual operating results than in 2014, which resulted in increased accruals for certain of our incentive compensation plans. Companies acquired in 2015 generated operating income of less than \$0.1 million, net of amortization expense of \$2.3 million attributable to identifiable intangible assets. The increase in operating margin for the year ended December 31, 2015 was attributable to an increase in gross profit margin.

Table of Contents

Operating income of our United States building services segment was \$70.5 million and \$65.9 million in 2015 and 2014, respectively. The increase in operating income was primarily attributable to improved performance from: (a) our mobile mechanical services operations, partially due to increased profitability in projects, retrofits, repair services work and service contracts, and (b) our commercial site-based services operations, partially due to a reduction in legal costs. These increases were partially offset by a decrease in operating income from (a) our energy services operations as, in 2014, we benefited from the successful completion of a large project, and (b) our government site-based services operations as a result of the completion in 2014 of two large long-term site-based joint venture projects not renewed pursuant to rebid. The results for the year ended December 31, 2015 included income of approximately \$2.7 million, net of associated legal costs, upon the favorable settlement of a claim by us against the former owner of a company we had previously acquired within our commercial site-based services operations. The increase in operating margin for the year ended December 31, 2015 was attributable to an increase in gross profit margin.

Operating income of our United States industrial services segment for the year ended December 31, 2015 decreased by \$5.7 million compared to operating income for the year ended December 31, 2014. The decrease in operating income was primarily attributable to: (a) a decrease in gross profit from our industrial shop services operations due to: (i) a decrease in the billing rates and related gross profit margins due to competitive market conditions resulting from decreased demand for new heat exchangers as a result of volatility in crude oil prices that led to a curtailment in capital spending and (ii) the mix of work, which included fewer repair projects than in 2014, that generate relatively high gross profit margins, (b) the negative impact of a nationwide strike by union employees of certain major oil refineries in the first half of 2015, which led to both defaults and losses of certain turnaround projects that generate relatively high gross profit margins, and (c) an increase in selling, general and administrative expenses due to higher employee related costs such as salaries and employee benefits, partially as a result of increased headcount. The decrease in operating income was partially offset by large capital and maintenance project activity within our industrial field services operations. The decrease in operating margin for the year ended December 31, 2015 was attributable to a decrease in gross profit margin.

Our United Kingdom building services segment's operating income for the year ended December 31, 2015 was \$11.6 million compared to operating income of \$15.0 million for the year ended December 31, 2014. The decrease in operating income and operating margin was primarily attributable to the impact of \$4.8 million of income recognized in the second quarter of 2014 as a result of a reduction in the estimate of certain accrued contract costs that were no longer expected to be incurred. The overall decrease in gross profit in this segment was partially offset by an increase in gross profit from both new contract awards and increased project activity within the commercial market. This segment recorded a decrease in operating income of \$0.9 million relating to the effect of unfavorable exchange rates for the British pound versus the United States dollar.

Our corporate administration operating loss was \$71.6 million for 2015 compared to \$68.6 million in 2014. The increase in expenses for the year ended December 31, 2015 was primarily due to an increase in certain employment costs, such as incentive compensation and salaries, as well as certain other expenses including legal costs. The increase in incentive compensation was partially due to higher awards earned than in 2014, which resulted in increased accruals for certain of our incentive compensation plans.

Non-operating items

Interest expense was \$8.9 million and \$9.1 million for 2015 and 2014, respectively. The decrease in interest expense for 2015 compared to 2014 was primarily due to lower borrowings outstanding.

Interest income was \$0.7 million and \$0.5 million for 2015 and 2014, respectively. The decrease in interest income was primarily related to lower invested cash balances.

For joint ventures that have been accounted for using the consolidation method of accounting, noncontrolling interest represents the allocation of earnings to our joint venture partners who either have a minority-ownership interest in the joint venture or are not at risk for the majority of losses of the joint venture.

Our 2015 income tax provision from continuing operations was \$126.3 million compared to \$123.5 million for 2014. The actual income tax rates on income from continuing operations before income taxes, less amounts attributable to noncontrolling interests, for the years ended December 31, 2015 and 2014, were 38.1% and 37.4%, respectively. The increase in the 2015 income tax provision compared to 2014 was predominantly due to certain increases in the state tax provision attributable to the mix of earnings and the effect of a change in the United Kingdom statutory tax rate on deferred tax assets.

Discontinued operations

Due to a historical pattern of losses in the construction operations of our United Kingdom segment and our negative assessment of construction market conditions in the United Kingdom for the foreseeable future, we announced during the quarter ended June 30, 2013 our decision to withdraw from the construction market in the United Kingdom. During the third quarter of 2014, we ceased construction operations in the United Kingdom. The results of the construction operations of our United Kingdom segment for all periods are presented in our Consolidated Financial Statements as discontinued operations.

*2014 versus 2013***Overview**

The following table presents selected financial data for the fiscal years ended December 31, 2014 and 2013 (in thousands, except percentages and per share data):

	2014	2013
Revenues	\$ 6,324,068	\$ 6,233,327
Revenues increase from prior year	1.4%	2.2%
Res including expenses	\$ 1,169	\$ 607
Impairment loss on identifiable intangible assets	\$ 1,471	\$ —
Gain on sale of building	\$ 11,749	\$ —
Operating income	\$ 289,576	\$ 240,350
Operating income as a percentage of revenues	4.6%	3.9%
Income from continuing operations	\$ 178,117	\$ 150,423
Net income attributable to BMCOR Group, Inc.	\$ 168,762	\$ 133,792
Diluted earnings per common share from continuing operations	\$ 2.59	\$ 2.16

Overall revenues, operating income and operating margin (operating income as a percentage of revenues) increased in 2014 compared to 2013. The increase in revenues is primarily attributable to higher revenues from our United States industrial services segment and our United Kingdom building services segment, partially offset by a decline in revenues from our (a) United States mechanical construction and facilities services segment, (b) United States building services segment and (c) United States electrical construction and facilities services segment. Companies acquired in 2013, which are reported in our United States industrial segment and our United States mechanical construction and facilities services segment, generated incremental revenues of \$231.2 million in 2014. This amount reflects acquired companies' revenues in 2014 only for the time period these entities were not owned by BMCOR in the comparable 2013 period.

The increases in operating income were primarily attributable to improved operating performance within all of our reportable segments, except for our United States electrical construction and facilities services segment and our United States building services segment. Operating income margins increased within all of our reportable segments, except for our United States electrical construction and facilities services segment and our United States industrial services segment. In addition, our operating income and operating margin were favorably impacted by an \$11.7 million gain on the sale of a building. Companies acquired in 2013, which are reported in our United States industrial segment and our United States mechanical construction and facilities services segment, contributed \$9.3 million to operating income, net of \$8.2 million of amortization expense associated with identifiable intangible assets. These amounts reflect acquired companies' operating results in 2014 only for the time period these entities were not owned by BMCOR in the comparable 2013 period.

Table of Contents

Discussion and Analysis of Results of Operations

Revenues

As described in more detail below, revenues for 2014 were \$6.4 billion compared to \$6.3 billion for 2013. The increase in revenues for 2014 was primarily attributable to revenues of \$231.2 million attributable to companies acquired in 2013 (which reflects acquired companies' revenues in 2014 only for the time period those entities were not owned by EMCOR in the comparable 2013 period) and higher revenues from our United States industrial services segment and our United Kingdom building services segment. This increase was partially offset by lower revenues from our other reportable segments.

The following table presents our revenues for each of our operating segments and the approximate percentages that each segment's revenues were of total revenues for the years ended December 31, 2014 and 2013 (in thousands, except for percentages):

	2014	% of Total	2013	% of Total
Revenues from unrelated entities:				
United States electrical construction and facilities services	\$ 1,311,364	20%	\$ 1,345,750	21%
United States mechanical construction and facilities services	2,201,212	34%	2,329,834	37%
United States building services	1,721,341	27%	1,795,978	28%
United States industrial services	839,980	13%	519,413	8%
Special United States operations	607,420	9%	2,880,975	45%
United Kingdom building services	350,444	5%	343,552	5%
Total worldwide operations	<u>\$ 6,484,061</u>	<u>100%</u>	<u>\$ 6,395,322</u>	<u>100%</u>

Revenues of our United States electrical construction and facilities services segment were \$1,312.0 million for the year ended December 31, 2014 compared to revenues of \$1,345.8 million for the year ended December 31, 2013. The decrease in revenues was primarily attributable to a decrease in revenues from institutional and manufacturing construction projects, primarily in the southern California and Washington D.C. markets, as well as a decrease in revenues from water and wastewater construction projects. These decreases were partially offset by higher levels of work from transportation, commercial and healthcare projects.

Our United States mechanical construction and facilities services segment revenues for the year ended December 31, 2014 were \$2,201.2 million, a \$128.6 million decrease compared to revenues of \$2,329.8 million for the year ended December 31, 2013. This decrease in revenues was primarily attributable to a decline in revenues from manufacturing construction projects, partially as the result of the completion in 2013 of several large projects within this market sector, which were not replaced. This decrease was partially offset by: (a) an increase in revenues from commercial, hospitality and institutional construction projects and (b) incremental revenues of \$19.2 million generated by companies acquired in 2013. This amount reflects acquired companies' revenues in 2014 only for the time period those entities were not owned by EMCOR in the comparable 2013 period.

Revenues of our United States building services segment were \$1,721.3 million and \$1,795.9 million in 2014 and 2013, respectively. This decrease in revenues was primarily attributable to decreased revenues from: (a) our commercial site-based services operations, as a result of a decline in revenues from supplier management contracts, including a large contract that was terminated by agreement of both parties, (b) our energy services operations, due to a reduction in large project work, and (c) our government site-based services operations, as a result of the completion of a large long-term site-based joint venture project located in the Pacific Northwest not renewed pursuant to bid. These decreases were partially offset by an increase in revenues from our mobile mechanical service operations, primarily within the California and New England markets.

Revenues of our United States industrial services segment for the year ended December 31, 2014 increased by \$326.6 million compared to the year ended December 31, 2013, for the seven months ended July 31, 2014, RSI generated incremental revenues of \$212.0 million. This amount reflects RSI's revenues in 2014 only for the time period RSI was not owned by EMCOR in the comparable 2013 period. The increase in revenues was also attributable to an increased demand for our industrial field services operations, partially offset by a decrease in revenues from our industrial shop services operations.

Our United Kingdom building services segment revenues were \$350.4 million in 2014 compared to \$343.6 million in 2013. This increase in revenues was due to an increase of \$16.9 million relating to the effect of favorable exchange rates for the British pound versus the United States dollar and increased activity within the commercial and healthcare markets, partially offset by decreased activity within the transportation and institutional markets.

Table of Contents

Backlog

The following table presents our operating segment backlog from related entities and their respective percentages of total backlog (in thousands, except for percentages):

	December 31, 2014	% of Total	December 31, 2013	% of Total
Backlog:				
United States electrical construction and facilities services	\$ 1,175,372	33%	\$ 993,059	30%
United States mechanical construction and facilities services	1,473,018	41%	1,325,941	40%
United States building services	329,860	20%	261,354	25%
United States industrial services	131,154	3%	94,187	3%
Total United States operations	3,109,504	86%	2,674,541	95%
United Kingdom building services	50,084	4%	167,804	5%
Intel worldwide operations	\$ 1,853,688	100%	\$ 2,543,706	100%

Our backlog at December 31, 2014 was \$3.63 billion compared to \$3.54 billion at December 31, 2013. This increase in backlog was primarily attributable to an increase in contracts awarded for work in our: (a) United States electrical construction and facilities services segment and (b) United States mechanical construction and facilities services segment. Backlog increases with awards of new contracts and decreases as we perform work on existing contracts.

Cost of sales and Gross profit

The following table presents cost of sales, gross profit (revenues less cost of sales), and gross profit margin (gross profit as a percentage of revenues) for the years ended December 31, 2014 and 2013 (in thousands, except for percentages):

	2014	2013
Cost of sales	\$ 2,312,519	\$ 2,113,884
Gross profit	\$ 907,246	\$ 821,626
Gross profit margin	14.1%	13.0%

Our gross profit for the year ended December 31, 2014 was \$907.2 million, an \$85.6 million increase compared to the gross profit of \$821.6 million for the year ended December 31, 2013. The increase in gross profit was primarily attributable to improved profitability within all of our reportable segments, except for our United States electrical construction and facilities services segment. Gross profit in 2013 within our United States mechanical construction and facilities services segment was negatively impacted by aggregate losses of approximately \$24.5 million from one of our subsidiaries at two projects located in the southeastern United States. Companies acquired in 2013 included in our United States industrial services segment and our United States mechanical construction and facilities services segment contributed an aggregate of \$35.9 million to gross profit in 2014. This amount reflects acquired companies' gross profit in 2014 only for the time period those entities were not owned by LMCOR in the comparable 2013 period.

Our gross profit margin was 14.1% and 13.0% for 2014 and 2013, respectively. Gross profit margin for 2014 increased within most of our reportable segments. Our consolidated gross profit margin benefited from an increase in revenues from our United States industrial services segment, which historically generates higher gross profit margins than our other reportable segments. Gross profit margin for 2013 was adversely impacted by the two significant project write-downs reported in our United States mechanical construction and facilities services segment, resulting in a 0.4% impact on consolidated gross profit margin.

Selling, general and administrative expenses

The following table presents selling, general and administrative expenses, and selling, general and administrative expenses as a percentage of revenues, for the years ended December 31, 2014 and 2013 (in thousands, except for percentages):

	2014	2013
Selling, general and administrative expenses	\$ 626,478	\$ 580,149
Selling, general and administrative expenses as a percentage of revenues	9.8%	9.2%

Our selling, general and administrative expenses for the year ended December 31, 2014 were \$626.5 million, a \$45.8 million increase compared to selling, general and administrative expenses of \$580.6 million for the year ended December 31, 2013. Selling, general and administrative expenses as a percentage of revenues were 9.8% and 9.2% for the years ended December 31, 2014 and 2013, respectively. This increase in selling, general and administrative expenses primarily resulted from: (a) \$26.6 million of

Table of Contents

expenses directly related to companies acquired in 2013, including amortization expense of \$8.2 million attributable to identifiable intangible assets (which reflect acquired companies' expenses in 2014 only for the time period those entities were not owned by LMCOR in the comparable 2013 period), (h) higher employee related costs such as incentive compensation and employee benefits and (i) higher legal costs, including the unfavorable settlement of a legal matter. In addition, our selling, general and administrative expenses as a percentage of revenues increased due to higher revenues from our United States industrial services segment, which has a higher fixed cost structure than our other reportable segments. Selling, general and administrative expenses for the year ended December 31, 2013 included \$6.1 million of transaction costs associated with the acquisition of RSI. Selling, general and administrative expenses for the year ended December 31, 2013 were reduced by \$6.8 million of income attributable to the reversal of contingent consideration accruals relating to acquisitions made prior to 2013.

Restructuring expenses

Restructuring expenses were \$1.2 million and \$0.6 million for 2014 and 2013, respectively. The 2014 restructuring expenses included \$0.6 million of employee severance obligations and \$0.6 million relating to the termination of leased facilities. The 2013 restructuring expenses included \$0.5 million of employee severance obligations and \$0.1 million relating to the termination of leased facilities. As of December 31, 2014 and 2013, the balance of restructuring related obligations yet to be paid was \$0.3 million and \$0.2 million, respectively. The majority of obligations outstanding as of December 31, 2014 and December 31, 2013 were paid during 2015 and 2014, respectively.

Gain on sale of building

On July 22, 2014, we sold a building and land owned by one of our subsidiaries reported in the United States mechanical construction and facilities services segment. We recognized a gain of approximately \$1.7 million on this transaction in the third quarter of 2014, which has been classified as a "Gain on sale of building" in the Consolidated Statements of Operations.

Impairment loss on goodwill and identifiable intangible assets

In conjunction with our 2014 annual impairment test on October 1, we recognized a \$1.5 million non-cash impairment charge related to subsidiary trade names within the United States mechanical construction and facilities services segment and the United States building services segment. The 2014 impairment primarily resulted from lower forecasted revenues from two companies within those segments. No impairment of our identifiable intangible assets was recognized for the year ended December 31, 2013. Additionally, no impairment of our goodwill was recognized for the years ended December 31, 2014 and 2013.

Operating income (loss)

The following table presents by segment our operating income (loss) and each segment's operating income (loss) as a percentage of such segment's revenues from unrelated entities for the years ended December 31, 2014 and 2013 (in thousands, except for percentages):

	2014	% of Segment Revenues	2013	% of Segment Revenues
Operating income (loss):				
United States electrical, construction and facilities services	\$ 107,591	6.9%	\$ 98,101	7.3%

Table of Contents

As described in more detail below, we had operating income of \$289.9 million for 2014 compared to operating income of \$240.4 million for 2013. Operating margin was 4.5% and 5.8% for 2014 and 2013, respectively. Included within operating income for 2014 was an \$11.7 million gain on the sale of a building, resulting in a 0.2% impact on our consolidated operating margin for 2014. Operating income for 2013 was negatively impacted by aggregate losses of approximately \$24.5 million from one of our subsidiaries at two projects located in the southeastern United States, resulting in a 0.4% impact on our consolidated operating margin for 2013.

Operating income of our United States electrical construction and facilities services segment for the year ended December 31, 2014 was \$90.9 million compared to operating income of \$98.1 million for the year ended December 31, 2013. The decrease in operating income for the year ended December 31, 2014 was primarily the result of a decrease in gross profit attributable to institutional, transportation, manufacturing and water and wastewater construction projects, as well as an increase in selling, general and administrative expenses, mainly attributable to employment costs. This segment was also negatively impacted by project losses incurred from one of our subsidiaries whose operations we are in the process of closing. The decrease in operating margin for the year ended December 31, 2014 was primarily the result of an increase in the ratio of selling, general and administrative expenses to revenues.

Our United States mechanical construction and facilities services segment operating income for the year ended December 31, 2014 was \$114.4 million, a \$20.7 million increase compared to operating income of \$93.8 million for the year ended December 31, 2013. Operating income was favorably impacted by an increase in gross profit from institutional, commercial, healthcare and hospitality construction projects, partially offset by a decrease in gross profit from manufacturing and transportation construction projects. The results for 2014 included the receipt of \$5.0 million from former shareholders of a company we had acquired as a result of the settlement of a claim by us under the acquisition agreement; this payment has been recorded as a reduction of "Cost of sales" in the Consolidated Statements of Operations. The results for 2013 included aggregate losses of approximately \$24.5 million from one of our subsidiaries at two projects located in the southeastern United States, resulting in a 1.1% impact on this segment's operating margin, partially offset by \$6.7 million of income attributable to the reversal of contingent consideration accruals related to acquisitions made prior to 2013. Companies acquired in 2013 generated operating income of \$0.9 million, net of amortization expense of \$0.2 million attributable to identifiable intangible assets, for the year ended December 31, 2014. These amounts reflect acquired companies' operating results in 2014 only for the time period these entities were not owned by BMCOR in the comparable 2013 period. The increase in operating margin for the year ended December 31, 2014 was attributable to an increase in gross profit margin.

Operating income of our United States building services segment was \$65.9 million and \$67.2 million in 2014 and 2013, respectively. The decrease in operating income was primarily attributable to a decrease in operating income from this segment's: (a) commercial site-based services operations, due to: (i) decreased volume from supplier management contracts and (ii) higher legal costs, including the unfavorable settlement of a legal matter; and (b) energy services operations, due to a reduction of large project work. These decreases were partially offset by an increase in gross profit from this segment's: (a) mobile mechanical services operations, partially due to increased profitability in projects, retrofits and repair services work and (b) government site-based services operations, partially due to the successful close-out of two large long-term joint venture projects and reduced selling, general and administrative expenses. The increase in operating margin for the year ended December 31, 2014 was attributable to an increase in gross profit margin.

Operating income of our United States industrial services segment for the year ended December 31, 2014 increased by \$24.4 million compared to operating income for the year ended December 31, 2013. For the seven months ended July 31, 2014, RSI contributed \$2.4 million of operating income, net of \$8.0 million of amortization expense attributable to identifiable intangible assets. These amounts reflect RSI's operating results in 2014 only for the time period RSI was not owned by BMCOR in the comparable 2013 period. Operating income also benefited from an increase in demand for this segment's industrial field services. The increase in operating income was partially offset by a reduction in operating income from our industrial shop services operations, which had benefited from exceptionally strong demand during the first quarter of 2013.

Our United Kingdom building services segment's operating income for the year ended December 31, 2014 was \$15.0 million compared to operating income of \$3.3 million for the year ended December 31, 2013. This segment recognized income of \$4.8 million during the second quarter of 2014, which has been recorded as a reduction of "Cost of sales" in the Consolidated Statements of Operations, as a result of a reduction in the estimate of certain awarded contract costs that were no longer expected to be incurred, which was partially offset by a decrease in income from the commercial and transportation markets. The increase in operating margin for the year ended December 31, 2014 was attributable to an increase in gross profit margin and a decrease in the ratio of selling, general and administrative expenses to revenues.

Our corporate administration operating loss was \$68.6 million for 2014 compared to \$69.9 million in 2013. Our corporate administration operating loss for 2013 included \$6.1 million of transaction costs associated with the acquisition of RSI. The benefit of the absence of these transaction costs for 2014 was partially offset by an increase in certain employment costs, such as incentive

Table of Contents

compensation and employee benefits. Also, our corporate administration operating loss for 2013 was reduced by the receipt of an insurance recovery of approximately \$2.5 million that was received in January 2013 associated with a previously disposed of operation, which is classified as a component of "Cost of sales" in the Consolidated Statements of Operations.

Non-operating items

Interest expense was \$9.1 million and \$8.8 million for 2014 and 2013, respectively. The \$0.3 million increase in interest expense for 2014 compared to 2013 was primarily due to increased borrowings associated with the term loan executed in November 2012.

Interest income was \$0.3 million and \$1.1 million for 2014 and 2013, respectively. The decrease in interest income was primarily related to lower invested cash balances.

For joint ventures that have been accounted for using the consolidation method of accounting, noncontrolling interest represents the allocation of earnings to our joint venture partners who either have a minority-ownership interest in the joint venture or are not at risk for the majority of losses of the joint venture.

Our 2014 income tax provision from continuing operations was \$103.5 million compared to \$52.3 million for 2013. The actual income tax rates on income from continuing operations before income taxes, less amounts attributable to noncontrolling interests, for the years ended December 31, 2014 and 2013, were 37.4% and 35.9%, respectively. The increase in the 2014 income tax provision compared to 2013 was primarily due to the effect of increased income before income taxes and the 2013 reversal of previously unrecognized income tax benefits.

Discontinued operations

Due to a historical pattern of losses in the construction operations of our United Kingdom segment and our negative assessment of construction market conditions in the United Kingdom for the foreseeable future, we announced during the quarter ended June 30, 2013 our decision to withdraw from the construction market in the United Kingdom. During the third quarter of 2014, we ceased construction operations in the United Kingdom. The results of the construction operations of our United Kingdom segment for all periods are presented in our Consolidated Financial Statements as discontinued operations.

Liquidity and Capital Resources

The following table presents net cash provided by (used in) operating activities, investing activities and financing activities for the years ended December 31, 2015, 2014 and 2013 (in thousands):

	2015	2014	2013
Net cash provided by operating activities	\$ 266,676	\$ 246,667	\$ 150,069
Net cash used in investing activities	\$ (59,898)	\$ (21,668)	\$ (483,422)
Net cash provided by financing activities	\$ (149,473)	\$ (229,950)	\$ (87,691)
Effect of exchange rate changes on cash and cash equivalents	\$ (2,510)	\$ (2,796)	\$ 832

Our consolidated cash balance increased by approximately \$54.8 million from \$432.1 million at December 31, 2014 to \$486.9 million at December 31, 2015. Net cash provided by operating activities for 2015 was \$266.7 million compared to \$246.7 million of net cash provided by operating activities for 2014. The increase in cash provided by operating activities was primarily due to: (a) a \$70.7 million increase in net over-billings related to the timing of customer billings and payments, (b) a \$50.6 million increase in accounts payable and (c) a \$40.5 million increase in other working capital changes, partially offset by a \$142.7 million increase in accounts receivable. Net cash used in investing activities was \$59.8 million for 2015 compared to net cash used in investing activities of \$21.7 million for 2014. The increase in cash used in investing activities was primarily due to payments to acquire businesses in 2015. Net cash used in financing activities for 2015 decreased by approximately \$30.5 million compared to 2014. This decrease in net cash used in financing activities was primarily due to a decrease in funds used for the repurchase of common stock. Cash flows from discontinued operations were immaterial and are not expected to significantly affect future liquidity.

Our consolidated cash balance decreased by approximately \$7.8 million from \$439.8 million at December 31, 2013 to \$432.1 million at December 31, 2014. Net cash provided by operating activities for 2014 was \$246.7 million compared to \$150.1 million of net cash provided by operating activities for 2013. The increase in cash provided by operating activities was primarily due to: (a) a \$46.1 million increase in net income, (b) a \$59.6 million decrease in accounts receivable and (c) a \$16.0 million reduction in income taxes paid, partially offset by a \$12.2 million decrease in accounts payable. Net cash used in investing activities was \$21.7 million for 2014 compared to net cash used in investing activities of \$483.4 million for 2013. The decrease in cash used in investing activities was primarily due to the lack of acquisitions in 2014. Net cash used in financing activities for 2014 increased by approximately \$397.0 million compared to 2013. The increase in net cash used in financing activities was primarily due to an

Table of Contents

increase in funds used for the repurchase of common stock of \$175.9 million, the repayment of long-term debt, and the payment of regular quarterly dividends to stockholders, partially offset by an increase in proceeds from the exercise of stock options.

The following is a summary of material contractual obligations and other commercial commitments (in millions):

	Payments Due by Period				
	Total	Less than 1 year	1-3 years	3-5 years	After 5 years
Contractual Obligations					
Term loan (floating interest, maturity at 7.87%) (1)	\$ 329.4	\$ 22.7	\$ 306.7	\$ —	\$ —
Capital lease obligations	4.1	1.5	1.5	1.1	—
Operating leases	239.6	56.0	140	50.1	46.9
Open purchase obligations (2)	1,021.2	802.4	199.7	19.1	—
Other long-term obligations, including current portion (3)	965.6	41.5	310.8	41.3	—
Liabilities related to uncertain income tax positions	5.2	4.5	—	—	0.7
Total Contractual Obligations	\$ 3,601.1	\$ 928.6	\$ 968.0	\$ 211.6	\$ 47.7

	Amount of Commitment Expirations by Period				
	Total Amount Committed	Less than 1 year	1-3 years	3-5 years	After 5 years
Other Commercial Commitments					
Letters of credit	\$ 29.2	\$ 29.2	\$ —	\$ —	\$ —

- On November 25, 2013, we entered into a \$750.0 million revolving credit facility (the "2013 Revolving Credit Facility") and a \$250.0 million term loan (the "Term Loan"), (collectively referred to as the "2013 Credit Agreement"). The proceeds of the Term Loan were used to repay amounts drawn under our previous credit agreement. As of December 31, 2015, the amount outstanding under the Term Loan was \$315.0 million.
- Represents open purchase orders for material and subcontracting costs related to construction and service contracts. These purchase orders are not reflected in our consolidated balance sheets and should not impact future cash flows, as amounts should be recovered through customer billings.
- Represents primarily insurance related liabilities and liabilities for deferred income taxes, incentive compensation and deferred compensation, classified as other long-term liabilities in the consolidated balance sheets. Cash payments for insurance and deferred compensation related liabilities may be payable beyond three years, but it is not practical to estimate these payments; therefore, these liabilities are reflected in the 1-3 years payment period. We provide funding to our post retirement plans based on at least the minimum funding required by applicable regulations. In determining the minimum required funding, we utilize current actuarial assumptions and exchange rates to forecast estimates of amounts that may be payable for up to five years in the future. In our judgment, actuarial funding estimates beyond a five year time horizon cannot be reliably estimated, and therefore, have not been included in the table.

Until November 25, 2013, we had a revolving credit agreement (the "2011 Credit Agreement") as amended, which provided for a revolving credit facility of \$750.0 million. The 2011 Credit Agreement was effective November 21, 2011. Effective November 25, 2013, we amended and restated the 2011 Credit Agreement to provide for a \$750.0 million revolving credit facility (the "2013 Revolving Credit Facility") and a \$250.0 million term loan (the "Term Loan") (collectively referred to as the "2013 Credit Agreement") expiring November 25, 2018. The proceeds of the Term Loan were used to repay amounts drawn under the 2011 Credit Agreement. We may increase the 2013 Revolving Credit Facility to \$1.05 billion if additional lenders are identified and/or existing lenders are willing to increase their current commitments. We may allocate up to \$250.0 million of available capacity under the 2013 Revolving Credit Facility to letters of credit for our account or for the account of our subsidiaries. The 2013 Revolving Credit Agreement is guaranteed by most of our direct and indirect subsidiaries and is secured by substantially all of our assets and most of the assets of most of our subsidiaries. The 2013 Revolving Credit Facility and the Term Loan contain various covenants providing for, among other things, maintenance of certain financial ratios and certain limitations on payment of dividends, common stock repurchases, investments, acquisitions, indebtedness and capital expenditures. We were in compliance with all such covenants as of December 31, 2015 and December 31, 2014. A commitment fee is payable on the average daily unused amount under the 2013 Revolving Credit Facility, which ranges from 0.20% to 0.30%, based on certain financial tests. The fee was 0.20% of the unused amount as of December 31, 2015. Drawn fees under the 2013 Revolving Credit Facility and the

Table of Contents

Term Loan bear interest at (1) a rate which is the prime commercial lending rate announced by Bank of Montreal from time to time (3.50% at December 31, 2015) plus 0.25% to 0.75%, based on certain financial tests or (2) United States Dollar LIBOR (0.42% at December 31, 2015) plus 1.25% to 1.75%, based on certain financial tests. The interest rate in effect at December 31, 2015 was 1.67%. Fees for letters of credit issued under the 2013 Revolving Credit Facility range from 1.25% to 1.75% of the respective face amounts of outstanding letters of credit and are charged based on certain financial tests. We capitalized approximately \$3.0 million of debt issuance costs associated with the 2013 Credit Agreement. This amount is being amortized over the life of the agreement and is included as part of interest expense. We are required to make principal payments on the Term Loan in installments on the last day of March, June, September and December of each year, commencing with the calendar quarter ended March 31, 2014, in the amount of \$4.4 million, with a final payment of all unpaid principal and interest due and payable on November 25, 2018. As of December 31, 2015 and December 31, 2014, the balance on the Term Loan was \$315.6 million and \$332.5 million, respectively. As of December 31, 2015 and December 31, 2014, we had approximately \$99.0 million and \$95.5 million of letters of credit outstanding, respectively. There were no borrowings outstanding under the 2013 Revolving Credit Facility as of December 31, 2015 and December 31, 2014.

The terms of our construction contracts frequently require that we obtain from surety companies ("Surety Companies") and provide to our customers payment and performance bonds ("Surety Bonds") as a condition to the award of such contracts. The Surety Bonds secure our payment and performance obligations under such contracts, and we have agreed to indemnify the Surety Companies for amounts, if any, paid by them in respect of Surety Bonds issued on our behalf. In addition, at the request of labor unions representing certain of our employees, Surety Bonds are sometimes provided to secure obligations for wages and benefits payable to or for such employees. Public sector contracts require Surety Bonds more frequently than private sector contracts, and accordingly, our bonding requirements typically increase as the amount of public sector work increases. As of December 31, 2015, based on our percentage-of-completion of our projects covered by Surety Bonds, our aggregate estimated exposure, assuming defaults on all our then existing contractual obligations, was approximately \$1.2 billion, which represents approximately 32% of our total backing. The Surety Bonds are issued by Surety Companies in return for premiums, which vary depending on the size and type of bond.

From time to time, we discuss with our current and other Surety Bond providers the amounts of Surety Bonds that may be available to us based on our financial strength and the absence of any default by us on any Surety Bond issued on our behalf and believe those amounts are currently adequate for our needs. However, if we experience changes in our bonding relationships or if there are adverse changes in the surety industry, we may seek to satisfy certain customer requests for Surety Bonds by posting other forms of collateral in lieu of Surety Bonds such as letters of credit, parent company guarantees or cash, seeking to convince customers to forego the requirement for Surety Bonds, by increasing our activities in our business segments that rarely require Surety Bonds such as our building and industrial services segments, and/or by refraining from bidding for certain projects that require Surety Bonds. There can be no assurance that we would be able to effectuate alternatives to providing Surety Bonds to our customers or to obtain, on favorable terms, sufficient additional work that does not require Surety Bonds. Accordingly, if we were to experience a reduction in the availability of Surety Bonds, we could experience a material adverse effect on our financial position, results of operations and/or cash flows.

In the ordinary course of business, we, at times, guarantee obligations of our subsidiaries under certain contracts. Generally, we are liable under such an arrangement only if our subsidiary fails to perform its obligations under the contract. Historically, we have not incurred any substantial liabilities as a consequence of these guarantees.

We do not have any other material financial guarantees or off-balance sheet arrangements other than those disclosed herein.

We are a party to lawsuits and other proceedings in which other parties seek to recover from us amounts ranging from a few thousand dollars to over \$10.0 million. We do not believe that any such matters will have a material adverse effect on our financial position, results of operations or liquidity.

On September 26, 2011, our Board of Directors authorized us to repurchase up to \$100.0 million of our outstanding common stock. On December 5, 2011, October 23, 2014 and October 28, 2015, our Board of Directors authorized us to repurchase up to an additional \$100.0 million, \$250.0 million and \$200.0 million of our outstanding common stock, respectively. During 2015, we repurchased approximately 2.3 million shares of our common stock for approximately \$112.5 million. Since the inception of these repurchase programs through December 31, 2015, we have repurchased 9.9 million shares of our common stock for approximately \$595.9 million. As of December 31, 2015, there remained authorization for us to repurchase approximately \$254.1 million of our shares. The repurchase programs do not obligate the Company to acquire any particular amount of common stock and may be suspended, recommenced or discontinued at any time or from time to time without prior notice. Repurchases may be made from time to time to the extent permitted by securities laws and other legal requirements, including provisions in our credit agreement placing limitations on such repurchases. The repurchase programs have been and will be funded from our operations.

We have paid quarterly dividends since October 25, 2011. We expect that quarterly dividends will be paid in the foreseeable future. Prior to October 25, 2011, no cash dividends had been paid on the Company's common stock. We currently pay a regular

Table of Contents

quarterly dividend of \$0.08 per share. Our 2013 Credit Agreement places limitations on the payment of dividends on our common stock. However, we do not believe that the terms of such agreement currently materially limit our ability to pay a quarterly dividend of \$0.08 per share for the foreseeable future. The payment of dividends has been and will be funded from our operations.

Our primary source of liquidity has been, and is expected to continue to be, cash generated by operating activities. We also maintain our 2013 Revolving Credit Facility that may be utilized, among other things, to meet short-term liquidity needs in the event cash generated by operating activities is insufficient or to enable us to seize opportunities to participate in joint ventures or to make acquisitions that may require access to cash on short notice or for any other reason. Negative macroeconomic trends may have an adverse effect on liquidity. During economic downturns, there have been typically fewer small discretionary projects from the private sector and our competitors have aggressively bid larger long-term infrastructure and public sector contracts. Short-term liquidity is also impacted by the type and length of construction contracts in place and large account activities in our United States industrial services segment that are billed in arrears pursuant to contractual terms that are standard within this industry. Performance of long duration contracts typically requires greater amounts of working capital. While we strive to maintain a net over-billed position with our customers, there can be no assurance that a net over-billed position can be maintained. Our net over-billings, defined as the balance sheet accounts "Billings in excess of costs and estimated earnings on uncompleted contracts" less "Costs and estimated earnings in excess of billings on uncompleted contracts", were \$311.5 million and \$265.4 million as of December 31, 2015 and 2014, respectively.

Long-term liquidity requirements can be expected to be met initially through cash generated from operating activities and our 2013 Revolving Credit Facility. Based upon our current credit ratings and financial position, we can reasonably expect to be able to incur long-term debt to fund acquisitions. Over the long term, our primary revenue risk factor continues to be the level of demand for non-residential construction services and for building and industrial services, which is influenced by macroeconomic trends including interest rates and governmental economic policy. In addition, our ability to perform work is critical to meeting long-term liquidity requirements.

We believe that our current cash balances and our borrowing capacity available under our 2013 Revolving Credit Facility or other forms of financing available to us through borrowings, combined with cash expected to be generated from operations, will be sufficient to provide our short-term and foreseeable long-term liquidity and meet our expected capital expenditure requirements.

Certain Insurance Matters

As of December 31, 2015 and 2014, we utilized approximately \$97.3 million and \$94.6 million, respectively, of letters of credit obtained under our 2013 Revolving Credit Facility as collateral for insurance obligations.

New Accounting Pronouncements

We review new accounting standards to determine the expected impact, if any, that the adoption of such standards will have on our financial position and/or results of operations. See Note 2 - Summary of Significant Accounting Policies of the notes to consolidated financial statements included in Item 8, Financial Statements and Supplementary Data for further information regarding new accounting standards, including the anticipated dates of adoption and the effects on our consolidated financial position, results of operations or liquidity.

Application of Critical Accounting Policies

Our consolidated financial statements are based on the application of significant accounting policies, which require management to make significant estimates and assumptions. Our significant accounting policies are described in Note 2 - Summary of Significant Accounting Policies of the notes to consolidated financial statements included in Item 8, Financial Statements and Supplementary Data of this Form 10-K. We believe that some of the more critical judgment areas in the application of accounting policies that affect our financial condition and results of operations are the impact of changes in the estimates and judgments pertaining to: (a) revenue recognition from (i) long-term construction contracts for which the percentage-of-completion method of accounting is used and (ii) services contracts; (b) collectibility or valuation of accounts receivable; (c) insurance liabilities; (d) income taxes; and (e) goodwill and identifiable intangible assets.

Revenue Recognition from Long-term Construction Contracts and Services Contracts

We believe our most critical accounting policy is revenue recognition from long-term construction contracts for which we use the percentage-of-completion method of accounting. Percentage-of-completion accounting is the prescribed method of accounting for long-term contracts in accordance with Accounting Standards Codification ("ASC") Topic 605-35, "Revenue Recognition-Construction-Type and Production-Type Contracts", and, accordingly, is the method used for revenue recognition within our industry. Percentage-of-completion is measured principally by the percentage of costs incurred to date for each contract to the estimated total costs for such contract at completion. Certain of our electrical contracting business units measure percentage-of-completion by the percentage of labor costs incurred to date for each contract to the estimated total labor costs for such contract.

Table of Contents

Pre-contract costs from our construction projects are generally expensed as incurred. Application of percentage-of-completion accounting results in the recognition of costs and estimated earnings in excess of billings on uncompleted contracts in our Consolidated Balance Sheets. Costs and estimated earnings in excess of billings on uncompleted contracts reflected in the Consolidated Balance Sheets arise when revenues have been recognized but the amounts cannot be billed under the terms of contracts. Such amounts are recoverable from customers based upon various measures of performance, including achievement of certain milestones, completion of specified units or completion of a contract.

Costs and estimated earnings in excess of billings on uncompleted contracts also include amounts we seek or will seek to collect from customers or others for errors or changes in contract specifications or design, contract change orders in dispute or unapproved as to both scope and price or other customer-related causes of unanticipated additional contract costs (claims and unapproved change orders). Such amounts are recorded at estimated net realizable value and take into account factors that may affect our ability to bill and ultimately collect unbilled revenues. The profit associated with claim amounts is not recognized until the claim has been settled and payment has been received. During 2015, we recognized revenues of \$12.1 million as a result of the settlement of a claim within our United States mechanical construction and facilities services segment, which represents the recovery of cost on a project in which we incurred significant losses in a prior year. There were no significant settlements or payment of claims in 2014. As of December 31, 2015 and 2014, costs and estimated earnings in excess of billings on uncompleted contracts included unbilled revenues for unapproved change orders of approximately \$18.9 million and \$18.8 million, respectively, and claims of approximately \$0.9 million and \$3.0 million, respectively. In addition, accounts receivable as of December 31, 2015 and 2014 included claims of approximately \$0.3 million and \$2.5 million, respectively. These are contractually billed amounts and refer to contracts with unapproved change orders and claims of approximately \$52.0 million and \$54.0 million as of December 31, 2015 and 2014, respectively. For contracts in claim status, contractually billed amounts will generally not be paid by the customer to us until final resolution of related claims. Due to uncertainties inherent in estimates employed in applying percentage-of-completion accounting, estimates may be revised as project work progresses. Application of percentage-of-completion accounting requires that the impact of revised estimates be reported prospectively in the consolidated financial statements. In addition to revenue recognition for long-term construction contracts, we recognize revenues from the performance of services for maintenance, repair and retrofit work consistent with the performance of the services, which are generally on a pro-rata basis over the life of the contractual arrangement. Expenses related to all services arrangements are recognized as incurred. Revenues related to the engineering, manufacturing and repairing of steel and tube heat exchangers are recognized when the product is shipped and all other revenue recognition criteria have been met. Costs related to this work are included in inventory until the product is shipped. Provisions for the entirety of estimated losses on contracts are made in the period in which such losses are determined. There were no significant losses recognized in 2015 and 2014.

Accounts Receivable

We are required to estimate the collectibility of accounts receivable. A considerable amount of judgment is required in assessing the likelihood of realization of receivables. Relevant assessment factors include the creditworthiness of the customer, our prior collection history with the customer and related aging of past due balances. The provision for doubtful accounts ending 2015, 2014 and 2013 amounted to approximately \$2.9 million, \$2.9 million and \$3.5 million, respectively. At December 31, 2015 and 2014, our accounts receivable of \$1,359.9 million and \$1,234.2 million, respectively, included allowances for doubtful accounts of \$11.2 million and \$10.4 million, respectively. The increase in our allowances for doubtful accounts was primarily due to an increase in the provision for doubtful accounts, partially offset by the write-off of previously reserved accounts receivable. Specific accounts receivable are evaluated when we believe a customer may not be able to meet its financial obligations due to deterioration of its financial condition or its credit ratings. The allowance for doubtful accounts requirements are based on the best facts available and are re-evaluated and adjusted on a regular basis as additional information is received.

Insurance Liabilities

We have loss payment deductibles for certain workers' compensation, automobile liability, general liability and property claims, have self-insured retentions for certain other casualty claims and are self-insured for employee-related health care claims. Losses are recorded based upon estimates of our liability for claims incurred and for claims incurred but not reported. The liabilities are derived from known facts, historical trends and industry averages utilizing the assistance of an actuary to determine the best estimate for the majority of these obligations. We believe the liabilities recognized on our balance sheets for these obligations are adequate. However, such obligations are difficult to assess and estimate due to numerous factors, including severity of injury, determination of liability in proportion to other parties, timely reporting of occurrences and effectiveness of safety and risk management programs. Therefore, if our actual experience differs from the assumptions and estimates used for recording the liabilities, adjustments may be required and will be recorded in the period that the experience becomes known. Our estimated insurance liabilities for workers' compensation, automobile liability, general liability and property claims increased by \$9.2 million for the year ended December 31, 2015 compared to the year ended December 31, 2014, primarily due to higher revenues and an increase in estimated losses as a result of unfavorable claims experience. If our estimated insurance liabilities for workers'

Table of Contents

compensation, automobile liability, general liability and property claims were to increase by 10%, it would have resulted in \$14.4 million of additional expense for the year ended December 31, 2015.

Income Taxes

We had net deferred income tax liabilities at December 31, 2015 and 2014 of \$120.6 million and \$127.8 million, respectively, primarily resulting from differences between the carrying value and income tax basis of certain identifiable intangible assets and depreciable fixed assets, which will impact our taxable income in future periods. Included within these net deferred income tax liabilities are \$121.4 million and \$114.2 million of deferred income tax assets as of December 31, 2015 and 2014, respectively. A valuation allowance is required when it is more likely than not that all or a portion of a deferred income tax asset will not be realized. As of December 31, 2015 and 2014, the total valuation allowance on deferred income tax assets, related to state net operating carryforwards, was approximately \$0.6 million and \$2.0 million, respectively. We have determined that as of December 31, 2015, a valuation allowance was not required on any of the remaining deferred tax assets because of significant deferred tax liabilities, exclusive of the deferred tax liabilities related to indefinite-lived intangible assets, and projected future taxable income.

Goodwill and Identifiable Intangible Assets

As of December 31, 2015, we had \$843.2 million and \$472.8 million, respectively, of goodwill and net identifiable intangible assets (primarily consisting of our contract backlog, developed technology/vendor network, customer relationships, non-competition agreements and trade names), primarily arising out of the acquisition of companies. As of December 31, 2014, goodwill and net identifiable intangible assets were \$834.1 million and \$502.1 million, respectively. The changes in goodwill since December 31, 2014 were related to the acquisition of three companies in 2015. The determination of related estimated useful lives for identifiable intangible assets and whether those assets are impaired involves significant judgments based upon short and long-term projections of future performance. These forecasts reflect assumptions regarding the ability to successfully integrate acquired companies, as well as macroeconomic conditions. ASC Topic 350, "Intangibles—Goodwill and Other" ("ASC 350") requires goodwill and other identifiable intangible assets with indefinite useful lives not be amortized, but instead tested at least annually for impairment (which we test each October), absent any impairment indicators, and be written down if impaired. ASC 350 requires that goodwill be allocated to its respective reporting unit and that identifiable intangible assets with finite lives be amortized over their useful lives.

We test for impairment of our goodwill at the reporting unit level. Our reporting units are consistent with the reportable segments identified in Note 17, "Segment Information", of the notes to consolidated financial statements included in Item 8, Financial Statements and Supplementary Data. In assessing whether our goodwill is impaired, we utilize the two-step process as prescribed by ASC 350. The first step of this test compares the fair value of the reporting unit, determined based upon discounted estimated future cash flows, to the carrying amount, including goodwill. If the fair value exceeds the carrying amount, no further analysis is required and no impairment loss is recognized. If the carrying amount of the reporting unit exceeds the fair value, the goodwill of the reporting unit is potentially impaired and step two of the goodwill impairment test would need to be performed to measure the amount of an impairment loss, if any. In the second step, the impairment is computed by comparing the implied fair value of the reporting unit's goodwill with the carrying amount of the goodwill. If the carrying amount of the reporting unit's goodwill is greater than the implied fair value of its goodwill, an impairment loss in the amount of the excess is recognized and charged to operations. The weighted average cost of capital used in our annual testing for impairment as of October 1, 2015 was 11.1%, 11.1% and 11.0% for our domestic construction segments, our United States building services segment and our United States industrial services segment, respectively. The perpetual growth rate used for our annual testing was 2.7% for all of our domestic segments. Unfavorable changes in these key assumptions may affect future testing results and cause us to fail step one of the goodwill impairment testing process. For example, keeping all other assumptions constant, a 50 basis point increase in the weighted average cost of capital would cause the estimated fair value of our United States industrial services segment to approach its carrying value. A 50 basis point increase in the weighted average cost of capital would not significantly reduce the excess of the estimated fair value compared to the carrying value for any of our other domestic segments. In addition, keeping all other assumptions constant, a 50 basis point reduction in the perpetual growth rate would not significantly reduce the excess of the estimated fair value compared to the carrying value for any of our domestic segments. For the years ended December 31, 2015, 2014 and 2013, no impairment of our goodwill was recognized.

As of December 31, 2015, we had \$843.2 million of goodwill on our balance sheet and, of this amount, approximately 45.6% relates to our United States industrial services segment, approximately 27.3% relates to our United States building services segment, approximately 26.3% relates to our United States mechanical construction and facilities services segment and approximately 0.5% relates to our United States electrical construction and facilities services segment. As of the date of our latest impairment test, the carrying values of our United States industrial services, United States building services, United States mechanical construction and facilities services and United States electrical construction and facilities services segments were approximately \$725.5 million, \$445.1 million, \$249.5 million and \$62.9 million, respectively. The fair values of our United States industrial services, United States building services, United States mechanical construction and facilities services and United States electrical construction

Table of Contents

and facilities services segments exceeded their carrying values by approximately \$52.5 million, \$291.2 million, \$772.2 million and \$661.7 million, respectively.

We also test for the impairment of trade names that are not subject to amortization by calculating the fair value of such trade names using the " Relief from Royalty Payments " methodology. This approach involves two steps: (a) estimating reasonable royalty rates for each trade name and (b) applying these royalty rates to a net revenue stream and discounting the resulting cash flows to determine fair value. This fair value is then compared with the carrying value of each trade name. If the carrying amount of the trade name is greater than the implied fair value of the trade name, an impairment in the amount of the excess is recognized and charged to operations. For the years ended December 31, 2015 and 2013, no impairment of our trade names was recognized. The annual impairment review of our trade names for the year ended December 31, 2014 resulted in a \$1.5 million non-cash impairment charge as a result of a change in the fair value of subsidiary trade names associated with certain prior acquisitions reported within our United States mechanical construction and facilities services segment and our United States building services segment.

In addition, we review for the impairment of other identifiable intangible assets that are being amortized whenever facts and circumstances indicate that their carrying values may not be fully recoverable. This test compares their carrying values to the undiscounted pre-tax cash flows expected to result from the use of the assets. If the assets are impaired, the assets are written down to their fair values, generally determined based on their future discounted cash flows. For the years ended December 31, 2015, 2014 and 2013, no impairment of our other identifiable intangible assets was recognized.

We have certain businesses, particularly within our United States industrial services segment, whose results are highly impacted by the demand for some of our offerings within the industrial and oil and gas markets. Future performance of this segment, along with a continued evaluation of the conditions of its end user markets, will be important to ongoing impairment assessments. Should this segment's actual results suffer a decline or expected future results be revised downward, the risk of goodwill impairment or impairment of other identifiable intangible assets would increase.

Our development of the present value of future cash flow projections used in impairment testing is based upon assumptions and estimates by management from a review of our operating results, business plans, anticipated growth rates and margins and weighted average cost of capital, among others. Those assumptions and estimates can change in future periods, and other factors used in assessing fair value are outside the control of management, such as interest rates. There can be no assurances that estimates and assumptions made for purposes of our goodwill and identifiable intangible asset impairment testing will prove to be accurate predictions of the future. If our assumptions regarding future business performance or anticipated growth rates and/or margins are not achieved, or there is a rise in interest rates, we may be required to record goodwill and/or identifiable intangible asset impairment charges in future periods. It is not possible at this time to determine if any such future impairment charge would result or, if it does, whether such a charge would be material.

ITEM 7A. QUANTITATIVE AND QUALITATIVE DISCLOSURES ABOUT MARKET RISK

We have not used any derivative financial instruments during the years ended December 31, 2015 and 2014, including trading or speculating on changes in interest rates or commodity prices of materials used in our business.

We are exposed to market risk for changes in interest rates for borrowings under the 2013 Credit Agreement, which provides for a revolving credit facility and a term loan. Borrowings under the 2013 Credit Agreement bear interest at variable rates. For further information on borrowing rates and interest rate sensitivity, refer to the Liquidity and Capital Resources discussion in Item 7. Management's Discussion and Analysis of Financial Condition and Results of Operations. As of December 31, 2015, there were no borrowings outstanding under the revolving credit facility and the balance on the term loan was \$315.0 million. Based on the \$315.0 million borrowings outstanding under the 2013 Credit Agreement, if overall interest rates were to increase by 25 basis points, interest expense, net of income taxes, would increase by approximately \$0.5 million in the next twelve months. Conversely, if overall interest rates were to decrease by 25 basis points, interest expense, net of income taxes, would decrease by approximately \$0.5 million in the next twelve months.

We are also exposed to construction market risk and its potential related impact on accounts receivable or costs and estimated earnings in excess of billings on uncompleted contracts. The amounts recorded may be at risk if our customers' ability to pay these obligations is negatively impacted by economic conditions. We continually monitor the creditworthiness of our customers and maintain on-going discussions with customers regarding contract status with respect to change orders and billing terms. Therefore, we believe we take appropriate action to manage market and other risks, but there is no assurance that we will be able to reasonably identify all risks with respect to collectibility of these assets. See also the previous discussions of Revenue Recognition from Long-term Construction Contracts and Services Contracts and Accounts Receivable under Application of Critical Accounting Policies in Item 7. Management's Discussion and Analysis of Financial Condition and Results of Operations.

Amounts invested in our foreign operations are translated into U.S. dollars at the exchange rates in effect at year end. The resulting translation adjustments are recorded as accumulated other comprehensive income (loss), a component of equity, in our

Table of Contents

Consolidated Balance Sheets. We believe the exposure to the effects that fluctuating foreign currencies may have on our consolidated results of operations is limited because the foreign operations primarily invoice customers and collect obligations in their respective local currencies. Additionally, expenses associated with these transactions are generally contracted and paid for in their same local currencies.

In addition, we are exposed to market risk of fluctuations in certain commodity prices of materials, such as copper and steel, which are used as components of supplies or materials utilized in our construction and building and industrial services operations. We are also exposed to increases in energy prices, particularly as they relate to gasoline prices for our fleet of over 8,500 vehicles. While we believe we can increase our contract prices to adjust for some price increases in commodities, there can be no assurance that price increases of commodities, if they were to occur, would be recoverable. Additionally, our Fixed price contracts do not allow us to adjust our prices and, as a result, increases in material or fuel costs could reduce our profitability with respect to projects in progress.

Balance, December 31, 2015	\$ 1,480,056	\$ 61	\$ 136,569	\$ (6,353)	\$ 1,434,983	\$ (10,309)	\$ 3,345

- (1) As of December 31, 2015, represents cumulative foreign currency translation and post-retirement liability adjustments of \$3.5 million and \$(80.5) million, respectively. As of December 31, 2014, represents cumulative foreign currency translation and post-retirement liability adjustments of \$1.1 million and \$(87.3) million, respectively. As of December 31, 2013, represents cumulative foreign currency translation and post-retirement liability adjustments of \$5.1 million and \$(91.9) million, respectively.
- (2) Includes the tax benefits associated with all share-based compensation of \$1.6 million in 2015, \$8.6 million in 2014 and \$5.2 million in 2013.

The accompanying notes to consolidated financial statements are an integral part of these statements.

EMCOR Group, Inc. and Subsidiaries
NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

NOTE 1 - NATURE OF OPERATIONS

References to the "Company," "EMCOR," "we," "us," "our" and similar words refer to EMCOR Group, Inc. and its consolidated subsidiaries unless the context indicates otherwise.

We are one of the largest electrical and mechanical construction and facilities services firms in the United States. In addition, we provide a number of building services and industrial services. We specialize principally in providing construction services relating to electrical and mechanical systems in all types of non-residential and certain residential facilities and in providing various services relating to the operation, maintenance and management of facilities, including refineries and petrochemical plants.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Principles of Consolidation

The consolidated financial statements include the accounts of the Company and its majority-owned subsidiaries and joint ventures. Significant intercompany accounts and transactions have been eliminated. All investments over which we exercise significant influence, but do not control (a 20% to 50% ownership interest), are accounted for using the equity method of accounting. Additionally, we participate in a joint venture with another company, and we have consolidated this joint venture as we have determined that through our participation we have a variable interest and are the primary beneficiary as defined by the Financial Accounting Standards Board ("FASB") Accounting Standard Codification ("ASC") Topic 810, "Consolidation".

For joint ventures that have been accounted for using the consolidation method of accounting, noncontrolling interest represents the allocation of earnings to our joint venture partners who either have a minority-ownership interest in the joint venture or are not at risk for the majority of losses of the joint venture.

The results of operations of companies acquired have been included in the results of operations from the date of the respective acquisition.

Principles of Preparation

The preparation of the consolidated financial statements, in conformity with accounting principles generally accepted in the United States, requires us to make estimates and assumptions that affect the reported amounts of assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could materially differ from those estimates.

During the third quarter of 2014, we ceased construction operations in the United Kingdom. The results of the construction operations of our United Kingdom segment for all periods are presented as discontinued operations. The segment formerly named the United Kingdom construction and building services segment has been renamed the United Kingdom building services segment.

Revenue Recognition

Revenues from long-term construction contracts are recognized on the percentage-of-completion method in accordance with ASC Topic 605-35, "Revenue Recognition-Construction-Type and Production-Type Contracts". Percentage-of-completion is measured principally by the percentage of costs incurred to date for each contract to the estimated total costs for such contract at completion. Certain of our electrical contracting business units measure percentage-of-completion by the percentage of labor costs incurred to date for each contract to the estimated total labor costs for such contract. Pre-contract costs from our construction projects are generally expensed as incurred. Revenues from the performance of services for maintenance, repair and retrofit work are recognized consistent with the performance of the services, which are generally on a pro-rata basis over the life of the contractual arrangement. Expenses related to all services arrangements are recognized as incurred. Revenues related to the engineering, manufacturing and repairing of steel and tube heat exchangers are recognized when the product is shipped and all other revenue recognition criteria have been met. Costs related to this work are included in inventory until the product is shipped. In the case of customer change orders for uncompleted long-term construction contracts, estimated recoveries are included for work performed in forecasting ultimate profitability on certain contracts. Due to uncertainties inherent in the estimation process, it is possible that completion costs, including those arising from contract penalty provisions and final contract settlements, will be revised in the near-term. Such revisions to costs and income are recognized in the period in which the revisions are determined. Provisions for the entirety of estimated losses on uncompleted contracts are made in the period in which such losses are determined. There were no significant losses recognized in 2013 and 2014.

EMCOR Group, Inc. and Subsidiaries
NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - (Continued)*Costs and estimated earnings on uncompleted contracts*

Costs and estimated earnings in excess of billings on uncompleted contracts arise in the consolidated balance sheets when revenues have been recognized but the amounts cannot be billed under the terms of the contracts. Such amounts are recoverable from customers upon various measures of performance, including achievement of certain milestones, completion of specified units, or completion of a contract. Also included in costs and estimated earnings on uncompleted contracts are amounts we seek or will seek to collect from customers or others for errors or changes in contract specifications or design, contract change orders in dispute or unapproved as to both scope and/or price or other customer-related causes of unanticipated additional contract costs (claims and unapproved change orders). Such amounts are recorded at estimated net realizable value when realization is probable and can be reasonably estimated. No profit is recognized on construction costs incurred in connection with claim amounts. Claims and unapproved change orders made by us involve negotiation and, in certain cases, litigation. In the event litigation costs are incurred by us in connection with claims or unapproved change orders, such litigation costs are expensed as incurred, although we may seek to recover these costs. We believe that we have established legal bases for pursuing recovery of our recorded unapproved change orders and claims, and it is management's intention to pursue and litigate such claims, if necessary, until a determination or settlement is reached. Unapproved change orders and claims also involve the use of estimates, and it is reasonably possible that revisions to the estimated recoverable amounts of recorded claims and unapproved change orders may be made in the near term. If we do not successfully resolve these matters, a net expense (recorded as a reduction in revenues) may be required, in addition to amounts that may have been previously provided for. We record the profit associated with the settlement of claims upon receipt of final payment. During 2015, we recognized revenues of \$12.1 million as a result of the settlement of a claim within our United States mechanical construction and facilities services segment, which represents the recovery of cost on a project in which we incurred significant losses in a prior year. There were no significant settlements or payment of claims in 2014. Claims against us are recognized when a loss is considered probable and amounts are reasonably determinable.

Costs and estimated earnings on uncompleted contracts and related amounts billed as of December 31, 2015 and 2014 were as follows (in thousands):

	2015	2014
Contractually billed amounts on uncompleted contracts	\$ 7,532,108	\$ 6,201,227
Estimated earnings, thereon	562,587	308,543
	8,094,695	6,509,770
Less: billings to date	8,756,596	8,694,425
	<u>\$ (391,501)</u>	<u>\$ (268,381)</u>

Such amounts were included in the accompanying Consolidated Balance Sheets at December 31, 2015 and 2014 under the following captions (in thousands):

	2015	2014
Costs and estimated earnings in excess of billings on uncompleted contracts	\$ 115,734	\$ 103,301
Billings in excess of costs and estimated earnings on uncompleted contracts	(429,235)	(368,555)
	<u>\$ (391,501)</u>	<u>\$ (368,381)</u>

As of December 31, 2015 and 2014, costs and estimated earnings in excess of billings on uncompleted contracts included unbilled revenues for unapproved change orders of approximately \$18.9 million and \$18.8 million, respectively, and claims of approximately \$0.9 million and \$3.0 million, respectively. In addition, accounts receivable as of December 31, 2015 and 2014 included claims of approximately \$0.3 million and \$2.3 million, respectively. There are contractually billed amounts and retention related to contracts with unapproved change orders and claims of \$52.0 million and \$54.0 million as of December 31, 2015 and 2014, respectively. For contracts in claim status, contractually billed amounts will generally not be paid by the customer to us until final resolution of related claims.

Classification of Contract Amounts

In accordance with industry practice, we classify as current all assets and liabilities relating to the performance of long-term contracts. The term of our contracts ranges from one month to four years and, accordingly, collection or payment of amounts relating to these contracts may extend beyond one year. Accounts receivable at December 31, 2015 and 2014 included \$189.2 million and \$177.8 million, respectively, of retainage billed under terms of our contracts. We estimate that approximately 85% of

EMCOR Group, Inc. and Subsidiaries
NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - (Continued)

this retainage will be collected during 2016. Accounts payable at December 31, 2015 and 2014 included \$34.6 million and \$35.7 million, respectively, of retainage withheld under terms of the contracts. We estimate that approximately 90% of this retainage will be paid during 2016.

Cash and cash equivalents

For purposes of the consolidated financial statements, we consider all highly liquid instruments with original maturities of three months or less to be cash equivalents. We maintain a centralized cash management system whereby our excess cash balances are invested in high quality, short-term money market instruments, which are considered cash equivalents. We have cash balances in certain of our domestic bank accounts that exceed federally insured limits.

Allowance for Doubtful Accounts

Accounts receivable are recorded at the invoiced amount and do not bear interest. The Company maintains an allowance for doubtful accounts. This allowance is based upon the best estimate of the probable losses in existing accounts receivable. The Company determines the allowances based upon individual accounts when information indicates the customer may have an inability to meet their financial obligations, as well as historical collection and write-off experience. These amounts are re-evaluated and adjusted on a regular basis as additional information is received. Actual write-offs are charged against the allowance when collection efforts have been unsuccessful. At December 31, 2015 and 2014, our accounts receivable of \$1,355.9 million and \$1,214.2 million, respectively, included allowances for doubtful accounts of \$11.2 million and \$10.6 million, respectively. The provision for doubtful accounts during 2015, 2014 and 2013 amounted to approximately \$2.9 million, \$2.9 million and \$3.5 million, respectively.

Inventories

Inventories are stated at the lower of cost or market. Cost is determined principally using the average cost method.

Property, plant and equipment

Property, plant and equipment is stated at cost. Depreciation, including amortization of assets under capital leases, is recorded principally using the straight-line method over estimated useful lives of 3 to 10 years for machinery and equipment, 3 to 7 years for vehicles, furniture and fixtures and computer hardware/software and 25 years for buildings. Leasehold improvements are amortized over the shorter of the remaining life of the lease term or the expected service life of the improvement.

The carrying values of property, plant and equipment are reviewed for impairment whenever facts and circumstances indicate that the carrying amount may not be fully recoverable. In performing this review for recoverability, property, plant and equipment is assessed for possible impairment by comparing their carrying values to their undiscounted net pre-tax cash flows expected to result from the use of the asset. Impaired assets are written down to their fair values, generally determined based on their estimated future discounted cash flows. Based on the results of our testing for the years ended December 31, 2015, 2014 and 2013, no impairment of property, plant and equipment was recognized.

Goodwill and Identifiable Intangible Assets

Goodwill and other identifiable intangible assets with indefinite lives that are not being amortized, such as trade names, are tested at least annually for impairment (which we test each October 1, absent any impairment indicators) and are written down if impaired. Identifiable intangible assets with finite lives are amortized over their useful lives and are reviewed for impairment whenever facts and circumstances indicate that their carrying values may not be fully recoverable. See Note 8 - Goodwill and Identifiable Intangible Assets of the notes to consolidated financial statements for additional information.

Insurance Liabilities

Our insurance liabilities are determined actuarially based on claims filed and an estimate of claims incurred but not yet reported. At December 31, 2015 and 2014, the estimated current portion of undiscounted insurance liabilities of \$29.9 million and \$28.8 million, respectively, were included in "Other accrued expenses and liabilities" in the accompanying Consolidated Balance Sheets. The estimated non-current portion of the undiscounted insurance liabilities included in "Other long-term obligations" at December 31, 2015 and 2014 were \$114.3 million and \$106.3 million, respectively.

EMCOR Group, Inc. and Subsidiaries
NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - (Continued)

Foreign Operations

The financial statements and transactions of our foreign subsidiaries are maintained in their functional currency and translated into U.S. dollars in accordance with ASC Topic 830, "Foreign Currency Matters". Translation adjustments have been recorded as "Accumulated other comprehensive loss", a separate component of "Equity".

Income Taxes

We account for income taxes in accordance with the provisions of ASC Topic 740, "Income Taxes" ("ASC 740"). ASC 740 requires an asset and liability approach which requires the recognition of deferred income tax assets and deferred income tax liabilities for the expected future tax consequences of temporary differences between the carrying amounts and the tax bases of assets and liabilities. Valuation allowances are established when necessary to reduce deferred income tax assets when it is more likely than not that a tax benefit will not be realized.

We account for uncertain tax positions in accordance with the provisions of ASC 740. We recognize accruals of interest related to unrecognized tax benefits as a component of the income tax provision.

Valuation of Share-Based Compensation Plans

We have various types of share-based compensation plans and programs, which are administered by our Board of Directors or its Compensation and Personnel Committee. See Note 13 - Share-Based Compensation Plans of the notes to consolidated financial statements for additional information regarding the share-based compensation plans and programs.

We account for share-based payments in accordance with the provisions of ASC Topic 718, "Compensation-Stock Compensation" ("ASC 718"). ASC 718 requires that all share-based payments issued to acquire goods or services, including grants of employee stock options, be recognized in the statement of operations based on their fair values, net of estimated forfeitures. ASC 718 requires forfeitures to be estimated at the time of grant and revised, if necessary, in subsequent periods if actual forfeitures differ from those estimates. Compensation expense related to share-based awards is recognized over the requisite service period, which is generally the vesting period. For shares subject to graded vesting, our policy is to apply the straight-line method in recognizing compensation expense. ASC 718 requires the benefits of tax deductions in excess of recognized compensation expense to be reported as a financing cash inflow, rather than as an operating cash inflow in the Consolidated Statements of Cash Flows. This requirement reduces net operating cash flows and increases net financing cash flows.

New Accounting Pronouncements

In November 2015, an accounting pronouncement was issued by the FASB to simplify the presentation of deferred income taxes within the balance sheet. This pronouncement eliminates the requirement that deferred tax assets and liabilities are presented as current or noncurrent based on the nature of the underlying assets and liabilities. Instead, the pronouncement requires all deferred tax assets and liabilities, including valuation allowances, to be classified as noncurrent. This pronouncement is effective for fiscal years beginning after December 15, 2016, with early adoption permitted. We intend to adopt this pronouncement on January 1, 2017, and the adoption will not have a material impact on our financial position and/or results of operations.

In September 2015, an accounting pronouncement was issued by the FASB which eliminates the requirement that an acquirer in a business combination account for measurement-period adjustments retrospectively. Instead, an acquirer will recognize a measurement-period adjustment during the period in which it determines the amount of the adjustment. This pronouncement is effective for fiscal years beginning after December 15, 2015, with early adoption permitted. We intend to adopt this pronouncement on January 1, 2016, and the adoption will not have a material impact on our financial position and/or results of operations.

In April 2015, an accounting pronouncement was issued by the FASB to update the guidance related to the presentation of debt issuance costs. This guidance requires debt issuance costs, related to a recognized debt liability, be presented in the balance sheet as a direct deduction from the carrying amount of the related debt liability rather than being presented as an asset. This pronouncement is effective retrospectively for fiscal years beginning after December 15, 2015, with early adoption permitted. We intend to adopt this pronouncement on January 1, 2016, and the adoption will not have a material impact on our financial position and/or results of operations.

On January 1, 2015, we adopted the accounting pronouncement issued by the FASB updating existing guidance on discontinued operations. This guidance raises the threshold for a disposal to qualify as a discontinued operation, and requires new disclosures of both discontinued operations and certain other disposals that do not meet the definition of a discontinued operation. This

EMCOR Group, Inc. and Subsidiaries
NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - (Continued)

pronouncement is aimed at reducing the frequency of disposals reported as discontinued operations by focusing on strategic shifts that have or will have a major effect on an entity's operations and financial results. We will consider this guidance in conjunction with future disposals, if any.

In May 2014, an accounting pronouncement was issued by the FASB to clarify existing guidance on revenue recognition. This guidance includes the required steps to achieve the core principle that a company should recognize revenue when it transfers promised goods or services to customers in an amount that reflects the consideration to which the company expects to be entitled in exchange for those goods or services. This pronouncement is effective for fiscal years and interim periods beginning after December 15, 2017, with early adoption permitted. The guidance permits the use of one of two retrospective transition methods. We have not yet selected a transition method nor have we determined the effect that the adoption of the pronouncement may have on our financial position and/or results of operations.

NOTE 3 - ACQUISITIONS OF BUSINESSES

On October 19, 2015, October 13, 2015 and June 1, 2015, we acquired three companies, each for an immaterial amount. Two of the companies acquired primarily provide mechanical construction services, and their results of operations have been included in our United States mechanical construction and facilities services segment. The results of operations for the other company acquired have been included in our United States building services segment. The purchase price for the acquisition of these businesses is subject to finalization based on certain contingencies provided for in the purchase agreement. The acquisition of these businesses was accounted for by the acquisition method, and the prices paid for them have been allocated to their respective assets and liabilities, based upon the estimated fair values of their assets and liabilities at the dates of their respective acquisitions.

On July 29, 2013, we completed the acquisition of Repson-Strickland, Inc. ("RSI"). This acquisition expands and strengthens our service offerings to new and existing customers and enhances our position within the industrial services and energy market sectors. Under the terms of the transaction, we acquired 100% of RSI's stock for total consideration of \$453.6 million. The acquisition was funded with cash on hand and \$250.0 million from borrowings under our revolving credit facility. This acquisition was accounted for using the acquisition method of accounting. We acquired working capital of \$35.5 million and other net liabilities of \$67.3 million, and have ascribed \$267.8 million to goodwill and \$227.4 million to identifiable intangible assets in connection with the acquisition of RSI, which has been included in our United States industrial services segment. We expect that \$49.0 million of acquired goodwill will be deductible for tax purposes.

On December 2, 2013 and May 31, 2013, we acquired two companies, each for an immaterial amount. These companies primarily provide mechanical construction services and have been included in our United States mechanical construction and facilities services segment. The purchase price for the acquisition of these businesses was finalized with an insignificant impact. The acquisition of these businesses was accounted for by the acquisition method, and the prices paid for them have been allocated to their respective assets and liabilities, based upon the estimated fair values of their respective assets and liabilities at the dates of their respective acquisitions. We believe these businesses further expand our service capabilities into new geographical and/or technical areas.

During the years ended December 31, 2015 and December 31, 2013, we recorded net reversals of \$0.5 million and \$6.8 million, respectively, of liabilities resulting in non-cash income attributable to contingent consideration arrangements relating to prior acquisitions. During the year ended December 31, 2014, we recorded an increase of \$0.6 million of liabilities resulting in non-cash expense attributable to contingent consideration arrangements relating to prior acquisitions.

EMCOR Group, Inc. and Subsidiaries
NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

NOTE 4 - DISPOSITION OF ASSETS

In January 2014, we sold a subsidiary reported in our United States building services segment. Proceeds from the sale totaled approximately \$1.1 million. Included in net income for the year ended December 31, 2014 was a loss of \$0.6 million from this sale, which is classified as a component of "Scaling, general, and administrative expenses" in the Consolidated Statements of Operations.

On July 22, 2014, we sold a building and land owned by one of our subsidiaries reported in the United States mechanical construction and facilities services segment. We recognized a gain of approximately \$11.7 million on this transaction in the third quarter of 2014, which has been classified as a "Gain on sale of building" in the Consolidated Statements of Operations.

Due to a historical pattern of losses in the construction operations of our United Kingdom segment and our negative assessment of construction market conditions in the United Kingdom for the foreseeable future, we announced during the quarter ended June 30, 2013 our decision to withdraw from the construction market in the United Kingdom. During the third quarter of 2014, we ceased construction operations in the United Kingdom. The results of the construction operations of our United Kingdom segment for all periods are presented in our Consolidated Financial Statements as discontinued operations.

The results of the discontinued operation are as follows (in thousands):

	For the twelve months ended December 31,		
	2015	2014	2013
Revenues	\$ 2,623	\$ 19,727	\$ 89,433
Loss from discontinued operation, net of income taxes	\$ (60)	\$ (1,690)	\$ (23,069)
Related loss per share from discontinued operation	\$ (0.00)	\$ (0.02)	\$ (0.34)

Included in the Consolidated Balance Sheets at December 31, 2015 and December 31, 2014 are the following major classes of assets and liabilities associated with the discontinued operation (in thousands):

	December 31, 2015	December 31, 2014
Assets of discontinued operation		
Current assets	\$ 2,525	\$ 6,265
Non-current assets	\$ —	\$ 238
Liabilities of discontinued operation		
Current liabilities	\$ 4,407	\$ 10,743
Non-current liabilities	\$ —	\$ 94

At December 31, 2015, the assets and liabilities of the discontinued operation consisted of accounts receivable, contract retentions and contract warranty obligations that are expected to be collected or fulfilled in the ordinary course of business. Additionally at December 31, 2015, there remained \$0.2 million of obligations related to employee severance and the termination of leased facilities, which is expected to be paid during the first half of 2016. The settlement of the remaining assets and liabilities may result in additional income and/or expenses. Such income and/or expenses are expected to be immaterial and will be reflected as an additional component of "Loss from discontinued operation" as incurred.

EMCOR Group, Inc. and Subsidiaries
NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

NOTE 5 - EARNINGS PER SHARE

The following tables summarize our calculation of Basic and Diluted Earnings (Loss) per Common Share ("EPS") for the years ended December 31, 2015, 2014 and 2013 (in thousands, except share and per share data):

	2015	2014	2013
Numerator:			
Earnings from continuing operations attributable to EMCOR Group, Inc. common stockholders	\$ 172,346	\$ 174,354	\$ 156,801
Loss from discontinued operation, net of income taxes	(60)	(4,690)	(23,069)
Net income attributable to EMCOR Group, Inc. common stockholders	<u>\$ 172,286</u>	<u>\$ 169,664</u>	<u>\$ 133,732</u>
Denominator:			
Weighted average common shares used to compute basic earnings (loss) per common share	69,789,120	68,431,897	67,686,190
Effect of dilutive securities—Share-based awards	518,952	720,623	990,542
Shares used to compute diluted earnings (loss) per common share	<u>70,308,072</u>	<u>69,152,520</u>	<u>68,676,732</u>
Basic earnings (loss) per common share:			
From continuing operations attributable to EMCOR Group, Inc. common stockholders	\$ 2.47	\$ 2.56	\$ 2.19
From discontinued operation	(0.00)	(0.07)	(0.34)
Net income attributable to EMCOR Group, Inc. common stockholders	<u>\$ 2.47</u>	<u>\$ 2.49</u>	<u>\$ 1.85</u>
Diluted earnings (loss) per common share:			
From continuing operations attributable to EMCOR Group, Inc. common stockholders	\$ 2.42	\$ 2.39	\$ 2.05
From discontinued operation	(0.00)	(0.07)	(0.34)
Net income attributable to EMCOR Group, Inc. common stockholders	<u>\$ 2.42</u>	<u>\$ 2.32</u>	<u>\$ 1.71</u>

There were no anti-dilutive awards for the years ended December 31, 2015, 2014 and 2013.

EMCOR Group, Inc. and Subsidiaries
NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

NOTE 6 - INVENTORIES

Inventories as of December 31, 2015 and 2014 consist of the following amounts (in thousands):

	2015	2014
Raw materials and construction materials	23,281	23,231
Work in process	14,306	23,524
	<u>\$ 37,587</u>	<u>\$ 46,755</u>

NOTE 7 - PROPERTY, PLANT AND EQUIPMENT

Property, plant and equipment in the accompanying Consolidated Balance Sheets consisted of the following amounts as of December 31, 2015 and 2014 (in thousands):

	2015	2014
Machinery and equipment	123,211	126,273
Vehicles	51,673	45,036
Furniture and fixtures	20,280	20,293
Computer hardware/software	85,999	89,638
Land, buildings and leasehold improvements	88,877	81,208
Construction in progress	5,688	6,926
	<u>286,128</u>	<u>269,377</u>
Accumulated depreciation and amortization	(264,154)	(241,829)
	<u>\$ 121,974</u>	<u>\$ 127,548</u>

Depreciation and amortization expense related to property, plant and equipment, including capital leases, was \$36.3 million, \$36.5 million and \$36.3 million for the years ended December 31, 2015, 2014 and 2013, respectively.

NOTE 8 - GOODWILL AND IDENTIFIABLE INTANGIBLE ASSETS

Goodwill at December 31, 2015 and 2014 was approximately \$849.2 million and \$834.1 million, respectively, and reflects the excess of cost over fair market value of net identifiable assets of companies acquired. Goodwill attributable to companies acquired in 2015 has been valued at \$9.1 million. No companies were acquired in 2014. ASC Topic 805, "Business Combinations" ("ASC 805") requires that all business combinations be accounted for using the acquisition method and that certain identifiable intangible assets acquired in a business combination be recognized as assets apart from goodwill. ASC Topic 350, "Intangibles—Goodwill and Other" ("ASC 350") requires goodwill and other identifiable intangible assets with indefinite useful lives not be amortized, such as trade names, but instead tested at least annually for impairment (which we test each October 1, absent any impairment indicators) and be written down if impaired. ASC 350 requires that goodwill be allocated to its respective reporting unit and that identifiable intangible assets with finite lives be amortized over their useful lives. As of December 31, 2015, approximately 45.6% of our goodwill related to our United States industrial services segment, approximately 27.1% of our goodwill related to our United States building services segment, approximately 26.8% related to our United States mechanical construction and facilities services segment and approximately 0.5% related to our United States electrical construction and facilities services segment.

We test for impairment of goodwill at the reporting unit level. Our reporting units are consistent with the reportable segments identified in Note 17, "Segment Information", of the notes to consolidated financial statements. In assessing whether our goodwill is impaired, we utilize the two-step process as prescribed by ASC 350. The first step of this test computes the fair value of the reporting unit, determined based upon discounted estimated future cash flows, to the carrying amount, including goodwill. If the fair value exceeds the carrying amount, no further analysis is required and no impairment loss is recognized. If the carrying amount of the reporting unit exceeds the fair value, the goodwill of the reporting unit is potentially impaired and step two of the goodwill impairment test would need to be performed to measure the amount of an impairment loss, if any. In the second step, the impairment is computed by comparing the implied fair value of the reporting unit's goodwill with the carrying amount of the goodwill. If the carrying amount of the reporting unit's goodwill is greater than the implied fair value of its goodwill, an impairment loss in the amount of the excess is recognized and charged to operations. The weighted average cost of capital used in our annual testing for

EMCOR Group, Inc. and Subsidiaries
NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

NOTE 8 - GOODWILL AND IDENTIFIABLE INTANGIBLE ASSETS - (Continued)

Impairment as of October 1, 2015 was 11.1%, 11.7% and 11.0% for our domestic construction segments, our United States building services segment and our United States industrial services segment, respectively. The perpetual growth rate used for our annual testing was 2.7% for all of our domestic segments. Unfavorable changes in these key assumptions may affect future testing results and cause us to fail step one of the goodwill impairment testing process. For example, keeping all other assumptions constant, a 50 basis point increase in the weighted average cost of capital would cause the estimated fair value of our United States industrial services segment to approach its carrying value. A 50 basis point increase in the weighted average cost of capital would not significantly reduce the excess of the estimated fair value compared to the carrying value for any of our other domestic segments. In addition, keeping all other assumptions constant, a 50 basis point reduction in the perpetual growth rate would not significantly reduce the excess of the estimated fair value compared to the carrying value for any of our domestic segments. For the years ended December 31, 2015, 2014 and 2013, no impairment of our goodwill was recognized.

We also test for the impairment of trade names that are not subject to amortization by calculating the fair value of such trade names using the "franchise royalty payments" methodology. This approach involves two steps: (a) estimating reasonable royalty rates for each trade name and (b) applying these royalty rates to a net revenue stream and discounting the resulting cash flows to determine fair value. This fair value is then compared with the carrying value of each trade name. If the carrying amount of the trade name is greater than the implied fair value of the trade name, an impairment in the amount of the excess is recognized and charged to operations. For the years ended December 31, 2015 and 2013, no impairment of our trade names was recognized. The annual impairment review of our trade names for the year ended December 31, 2014 resulted in a \$1.5 million non-cash impairment charge as a result of a change in the fair value of subsidiary trade names associated with certain prior acquisitions reported within our United States mechanical construction and facilities services segment and our United States building services segment.

In addition, we review for the impairment of other identifiable intangible assets that are being amortized whenever facts and circumstances indicate that their carrying values may not be fully recoverable. This test compares their carrying values to the undiscounted pre-tax cash flows expected to result from the use of the assets. If the assets are impaired, the assets are written down to their fair values, generally determined based on their future discounted cash flows. For the years ended December 31, 2015, 2014 and 2013, no impairment of our other identifiable intangible assets was recognized.

Our development of the present value of future cash flow projections used in impairment testing is based upon assumptions and estimates by management from a review of our operating results, business plans, anticipated growth rates and margins and weighted average cost of capital, among others. These assumptions and estimates can change in future periods, and other factors used in assessing fair value are outside the control of management, such as interest rates. There can be no assurance that our estimates and assumptions made for purposes of our goodwill and identifiable intangible asset impairment testing will prove to be accurate predictions of the future. If our assumptions regarding future business performance plans or anticipated growth rates and/or margins are not achieved, or there is a rise in interest rates, we may be required to record goodwill and/or identifiable intangible asset impairment charges in future periods. It is not possible at this time to determine if any such future impairment charge would result or, if it does, whether such a charge would be material.

The changes in the carrying amount of goodwill by reportable segments during the years ended December 31, 2015 and 2014 were as follows (in thousands):

	United States electrical construction and facilities services segment	United States mechanical construction and facilities services segment	United States building services segment	United States industrial services segment	Total
Balance at December 31, 2013	\$ 3,823	\$ 217,285	\$ 229,204	\$ 384,543	\$ 834,825
Acquisitions, sales and purchase price adjustments	—	—	(819)	96	(723)
Balance at December 31, 2014	3,823	217,285	328,386	384,639	834,102
Acquisitions, sales and purchase price adjustments	—	8,816	252	—	9,068
Balance at December 31, 2015	\$ 3,823	\$ 226,071	\$ 328,637	\$ 384,639	\$ 843,170

The aggregate goodwill balance as of December 31, 2015 included \$210.6 million of accumulated impairment charges, which were comprised of \$159.5 million within the United States building services segment and \$71.1 million within the United States industrial services segment.

Total	\$ 773,000	\$ (214,969)	\$ (54,261)	\$ 503,770

Identifiable intangible assets attributable to companies acquired in 2015 have been valued at \$8.7 million. No companies were acquired in 2014. See Note 3 - Acquisitions of Businesses of the notes to consolidated financial statements for additional information. The identifiable intangible amounts are amortized on a straight-line basis. The weighted average amortization periods for the unamortized balances remaining are, in the aggregate, approximately 11 years, which are comprised of the following: 11.5 years for developed technology/vendor network, 11 years for customer relationships, 1.5 years for non-competition agreements and 4 years for trade names.

Amortization expense related to identifiable intangible assets with finite lives was \$17.9 million, \$33.0 million and \$31.0 million for the years ended December 31, 2015, 2014 and 2013, respectively. The following table presents the estimated future amortization expense of identifiable intangible assets in the following years (in thousands):

2016	\$ 37,380
2017	35,003
2018	32,833
2019	30,853
2020	30,671
Thereafter	181,490
	\$ 348,232

EMCOR Group, Inc. and Subsidiaries
NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

NOTE 9 - DEBT*Credit Facilities*

Until November 25, 2013, we had a revolving credit agreement (the "2011 Credit Agreement") as amended, which provided for a revolving credit facility of \$750.0 million. The 2011 Credit Agreement was effective November 21, 2011. Effective November 25, 2013, we amended and restated the 2011 Credit Agreement to provide for a \$750.0 million revolving credit facility (the "2013 Revolving Credit Facility") and a \$350.0 million term loan (the "Term Loan") (collectively referred to as the "2013 Credit Agreement") expiring November 25, 2018. The proceeds of the Term Loan were used to repay amounts drawn under the 2011 Credit Agreement. We may increase the 2013 Revolving Credit Facility to \$1.05 billion if additional lenders are identified and/or existing lenders are willing to increase their current commitments, and we may allocate up to \$250.0 million of available capacity under the 2013 Revolving Credit Facility to letters of credit for our account or for the account of our subsidiaries. The 2013 Credit Agreement is guaranteed by most of our direct and indirect subsidiaries and is secured by substantially all of our assets and most of the assets of most of our subsidiaries. The 2013 Revolving Credit Facility and the Term Loan contain various covenants providing for, among other things, maintenance of certain financial ratios and certain limitations on payment of dividends, common stock repurchases, investments, acquisitions, indebtedness and capital expenditures. We were in compliance with all such covenants as of December 31, 2015 and December 31, 2014. A commitment fee is payable on the average daily unused amount under the 2013 Revolving Credit Facility, which ranges from 0.20% to 0.35%, based on certain financial tests. The fee was 0.20% of the unused amount as of December 31, 2015. Borrowings under the 2013 Credit Agreement bear interest at (1) a rate which is the prime commercial lending rate announced by Bank of Montreal from time to time (3.50% at December 31, 2015) plus 0.25% to 0.75%, based on certain financial tests or (2) United States dollar LIBOR (0.42% at December 31, 2015) plus 1.25% to 1.75%, based on certain financial tests. The interest rate in effect at December 31, 2015 was 1.67%. Fees for letters of credit issued under the 2013 Revolving Credit Facility range from 1.25% to 1.75% of the respective face amounts of outstanding letters of credit and are computed based on certain financial tests. We capitalized approximately \$3.0 million of debt issuance costs associated with the 2013 Credit Agreement. This amount is being amortized over the life of the agreement and is included as part of interest expense. We are required to make principal payments on the Term Loan in installments on the last day of March, June, September and December of each year, commencing with the calendar quarter ended March 31, 2014, in the amount of \$4.4 million, with a final payment of all unpaid principal and interest due and payable on November 25, 2018. As of December 31, 2015 and December 31, 2014, the balance on the Term Loan was \$315.0 million and \$332.5 million, respectively. As of December 31, 2015 and December 31, 2014, we had approximately \$99.0 million and \$95.5 million of letters of credit outstanding, respectively. There were no borrowings outstanding under the 2013 Revolving Credit Facility as of December 31, 2015 and December 31, 2014.

Long-term debt in the accompanying Consolidated Balance Sheets consisted of the following amounts as of December 31, 2015 and 2014 (in thousands):

	2015	2014
Term Loan, interest payable at varying amounts through 2018	\$ 315,000	\$ 332,500
Capitalized Lease Obligations, at weighted average interest rates from 3.0% to 5.8% payable in varying amounts through 2020	3,869	2,881
Other payable through 2019	18,828	19,041
Less current maturities	(315,915)	(335,440)
	<u>\$ 300,065</u>	<u>\$ 316,599</u>

Capitalized Lease Obligations

See Note 15 - Commitments and Contingencies of the notes to consolidated financial statements for additional information.

EMCOR Group, Inc. and Subsidiaries
NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

NOTE 10 - FAIR VALUE MEASUREMENTS

We use a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy, which gives the highest priority to quoted prices in active markets, is comprised of the following three levels:

Level 1 - Unadjusted quoted market prices in active markets for identical assets and liabilities.

Level 2 - Observable inputs, other than Level 1 inputs. Level 2 inputs would typically include quoted prices in markets that are not active or financial instruments for which all significant inputs are observable, either directly or indirectly.

Level 3 - Prices or valuations that require inputs that are both significant to the measurement and unobservable.

The following tables provide the assets and liabilities carried at fair value measured on a recurring basis as of December 31, 2015 and December 31, 2014 (in thousands):

Asset Category	Assets at Fair Value as of December 31, 2015			
	Level 1	Level 2	Level 3	Total
Cash and cash equivalents ⁽¹⁾	\$ 498,560	\$ —	\$ —	\$ 498,560
Restricted cash ⁽²⁾	4,232	—	—	4,232
Deferred compensation plan assets ⁽³⁾	7,097	—	—	7,097
Total	\$ 498,560	\$ —	\$ —	\$ 498,560

Asset Category	Assets at Fair Value as of December 31, 2014			
	Level 1	Level 2	Level 3	Total
Cash and cash equivalents ⁽¹⁾	\$ 442,056	\$ —	\$ —	\$ 442,056
Restricted cash ⁽²⁾	6,474	—	—	6,474
Deferred compensation plan assets ⁽³⁾	3,159	—	—	3,159
Total	\$ 441,669	\$ —	\$ —	\$ 441,669

- (1) Cash and cash equivalents consist primarily of money market funds with original maturity dates of three months or less, which are Level 1 assets. At December 31, 2015 and 2014, we had \$15.4 million and \$15.7 million, respectively, in money market funds.
- (2) Restricted cash is classified as "Prepaid expenses and other" in our consolidated balance sheets.
- (3) Deferred compensation plan assets are classified as "Other assets" in our consolidated balance sheets.

We believe that the carrying values of our financial instruments, which include accounts receivable and other financing commitments, approximate their fair values due primarily to their short-term maturities and low risk of counterparty default. The carrying value of our debt associated with the 2015 Credit Agreement approximates its fair value due to the variable rate on such debt.

NOTE 11 - INCOME TAXES

Our 2015 income tax provision from continuing operations was \$106.3 million compared to \$103.5 million for 2014 and \$82.3 million for 2013. The actual income tax rates on income from continuing operations before income taxes, less amounts attributable to noncontrolling interests, for the years ended December 31, 2015, 2014 and 2013, were 38.1%, 37.4% and 35.9%, respectively. The increase in the 2015 income tax provision compared to 2014 was predominantly due to certain increases in the state tax provision attributable to the mix of earnings and the effect of a change in the United Kingdom statutory tax rate on deferred tax assets. The increase in the 2014 income tax provision compared to 2013 was primarily due to the effect of increased income before income taxes and the 2013 reversal of reserves for previously unrecognized income tax benefits.

As of December 31, 2015 and 2014, the amount of unrecognized income tax benefits was \$4.8 million and \$5.2 million (of which \$3.6 million, if recognized, would favorably affect our effective income tax rate), respectively.

EMCOR Group, Inc. and Subsidiaries
NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

NOTE 11 - INCOME TAXES - (Continued)

As of December 31, 2015 and 2014, we had an accrual of \$0.4 million and \$0.5 million for the payment of interest related to unrecognized income tax benefits included in the Consolidated Balance Sheets, respectively. During each of the years ended December 31, 2015 and 2014, we recognized approximately \$0.1 million in interest expense related to our unrecognized income tax benefits. In addition, we reversed less than \$0.1 million and \$0.1 million of accrued interest expense related to our unrecognized income tax benefits for the years ended December 31, 2015 and 2014, respectively. As of December 31, 2015 and 2014, we had total income tax reserves included in "Other long-term liabilities" of \$5.2 million and \$5.5 million, respectively. We record interest expense on unrecognized tax benefits in income tax expense.

A reconciliation of the beginning and end of year unrecognized income tax benefits is as follows (in thousands):

	2015	2014
Balance at beginning of year	\$ 5,203	\$ 5,418
Additions based on tax positions related to the current year	611	1,053
Additions based on tax positions related to prior years	-	3,806
Reductions for tax positions of prior years	(1,053)	(1,162)
Reductions due to expired statute of limitations	-	(609)
Balance at end of year	\$ 4,761	\$ 5,203

It is reasonably possible that approximately \$4.1 million of unrecognized income tax benefits at December 31, 2015, primarily relating to uncertain tax positions attributable to tax return filing positions, may decrease in the next twelve months as a result of estimated settlements with taxing authorities and the expiration of applicable statutes of limitations.

We file income tax returns with the Internal Revenue Service and various state, local and foreign tax agencies. The Company is currently under examination by the Internal Revenue Service and various taxing authorities for the years 2008 through 2014. During the first quarter of 2014, the Internal Revenue Service finalized its audit of our federal income tax returns for the years 2010 through 2013. We agreed to and paid an assessment, for an immaterial amount, proposed by the Internal Revenue Service pursuant to such audit.

The income tax provision in the accompanying Consolidated Statements of Operations for the years ended December 31, 2015, 2014 and 2013 consisted of the following (in thousands):

	2015	2014	2013
Current:			
Federal provision	\$ 84,405	\$ 80,882	\$ 60,409
State and local provisions	21,226	14,532	2,897
Foreign provision	232	2,356	7,083
	106,556	97,780	70,429
Deferred	(10,300)	8,746	11,857
	\$ 96,256	\$ 100,226	\$ 82,286

EMCOR Group, Inc. and Subsidiaries
NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

NOTE 11 - INCOME TAXES - (Continued)

Factors accounting for the variation from U.S. statutory income tax rates from continuing operations for the years ended December 31, 2015, 2014 and 2013 were as follows (in thousands):

	2015	2014	2013
Federal income taxes at the statutory rate	\$ 97,588	\$ 93,870	\$ 81,343
Noncontrolling interests	(77)	(1,667)	(1,247)
State and local income taxes, net of federal tax benefits	12,590	2,046	3,116
State tax reserves	62	(38)	(6,529)
Permanent differences	3,006	2,951	3,320
Domestic manufacturing deduction	(6,604)	(5,008)	(4,774)
Foreign income tax including UK statutory rate changes	(361)	(1,387)	(516)
Federal tax reserves	14	62	263
Other	(52)	(653)	(1,261)
	<u>\$ 106,256</u>	<u>\$ 103,528</u>	<u>\$ 82,236</u>

The components of the net deferred income tax liability are included in "Prepaid expenses and other" of \$36.0 million, "Other assets" of \$1.3 million, and "Other long-term obligations" of \$167.9 million at December 31, 2015, and the components of net deferred income tax liability are included in "Prepaid expenses and other" of \$29.3 million, "Other assets" of \$16.6 million, and "Other long-term obligations" of \$173.7 million at December 31, 2014 in the accompanying Consolidated Balance Sheets.

The amounts recorded for the years ended December 31, 2015 and 2014 were as follows (in thousands):

	2015	2014
Deferred income tax assets:		
Excess of amounts expensed for financial statement purposes over amounts deducted for income tax purposes		
Insurance liabilities	\$ 76,582	\$ 64,233
Pension liability	6,255	10,142
Deferred compensation	28,033	19,896
Other (including liabilities and reserves)	28,562	31,823
Total deferred income tax assets	<u>129,432</u>	<u>114,094</u>
Valuation allowance for deferred tax assets	(805)	(1,024)
Net deferred income tax assets	<u>128,627</u>	<u>113,070</u>
Deferred income tax liabilities:		
Costs capitalized for financial statement purposes and deducted for income tax purposes		
Goodwill and identifiable intangible assets	(218,715)	(216,126)
Other, primarily depreciation of property, plant and equipment	(22,310)	(23,884)
Total deferred income tax liabilities	<u>(241,025)</u>	<u>(240,010)</u>
Net deferred income tax liabilities	<u>\$ (112,398)</u>	<u>\$ (126,940)</u>

We file a consolidated federal income tax return including all of our U.S. subsidiaries. As of December 31, 2015 and 2014, the total valuation allowance on net deferred income tax assets was approximately \$0.8 million and \$2.0 million, respectively, related to state and local net operating losses. The reason for the net decrease in the valuation allowance for 2015 was related to the utilization of state and local net operating loss carryforwards. Although realization is not assured, we believe it is more likely than not that the deferred income tax assets, net of the valuation allowance discussed above, will be realized. The amount of the deferred income tax asset considered realizable, however, could be reduced if estimates of future income are reduced.

EMCOR Group, Inc. and Subsidiaries
NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

NOTE 11 - INCOME TAXES - (Continued)

At December 31, 2015, we had trading losses for United Kingdom income tax purposes of approximately \$29.4 million, which have no expiration date. Such losses are subject to review by the United Kingdom taxing authority. Realization of the deferred income tax assets is dependent on our generating sufficient taxable income. We believe that the deferred income tax assets will be realized through projected future income.

Income before income taxes from continuing operations for the years ended December 31, 2015, 2014 and 2013 consisted of the following (in thousands):

	2015	2014	2013
United States	\$ 25,167	\$ 263,529	\$ 219,350
Foreign	15,956	18,116	13,409
	\$ 41,123	\$ 281,645	\$ 232,759

As of December 31, 2015, we had undistributed foreign earnings from our United Kingdom subsidiary of approximately \$21.9 million for which we have not recorded a deferred tax liability, as we have provided taxes on a significant portion of such earnings in prior periods and the earnings on which income taxes have not been provided are indefinitely reinvested. As of December 31, 2015, the amount of cash held in the United Kingdom was approximately \$46.5 million which, if repatriated, should not result in any federal or state income taxes. As of December 31, 2015, we had undistributed foreign earnings from our Puerto Rico subsidiary of approximately \$1.4 million for which we have not recorded a deferred tax liability as such earnings are indefinitely reinvested. As of December 31, 2015, the amount of cash held in Puerto Rico was approximately \$3.0 million which, if repatriated, may result in federal and state income taxes of approximately \$0.5 million.

NOTE 12 - COMMON STOCK

As of December 31, 2015 and December 31, 2014, there were 61,067,868 and 62,981,229 shares of our common stock outstanding, respectively.

We have paid quarterly dividends since October 25, 2011. In December 2013, our Board of Directors announced its intention to increase the regular quarterly dividend to \$0.08 per share commencing with the dividend to be paid in the first quarter of 2014. We currently pay a regular quarterly dividend of \$0.08 per share.

On September 26, 2011, our Board of Directors authorized us to repurchase up to \$100.0 million of our outstanding common stock. On December 5, 2013, October 23, 2014 and October 28, 2015, our Board of Directors authorized us to repurchase up to an additional \$100.0 million, \$250.0 million and \$200.0 million of our outstanding common stock, respectively. During 2015, we repurchased approximately 2.3 million shares of our common stock for approximately \$12.3 million. Since the inception of these repurchase programs through December 31, 2015, we have repurchased 9.9 million shares of our common stock for approximately \$195.9 million. As of December 31, 2015, there remained authorization for us to repurchase approximately \$254.1 million of our shares. The repurchase programs do not obligate the Company to acquire any particular amount of common stock and may be suspended, recommenced or discontinued at any time or from time to time without prior notice. Repurchases may be made from time to time to the extent permitted by securities laws and other legal requirements, including provisions in our credit agreement placing limitations on such repurchases. The repurchase programs have been and will be funded from our operations.

NOTE 13 - SHARE-BASED COMPENSATION PLANS

We have an incentive plan under which stock options, stock awards, stock units and other share-based compensation may be granted to officers, non-employee directors and key employees of the Company. Under the terms of this plan, 3,250,000 shares were authorized and 1,849,265 shares are available for grant or issuance as of December 31, 2015. Any issuances under this plan are valued at the fair market value of the common stock on the grant date. The vesting and expiration of any stock option grants and the vesting schedule of any stock awards or stock units are determined by the Compensation and Personnel Committee of our Board of Directors at the time of the grant. Additionally, we have outstanding stock options that were issued under other plans, and no further grants may be made under these plans.

We recognized \$8.8 million, \$8.1 million and \$6.9 million of compensation expense for stock units awarded to non-employee directors and employees pursuant to incentive plans for the years ended December 31, 2015, 2014 and 2013, respectively. We have \$6.6 million of compensation expense, net of income taxes, which will be recognized over the remaining vesting periods of up to approximately four years. In addition, an aggregate of 93,399 restricted stock units granted to an employee and our non-employee directors vested as of December 31, 2015, but issuance has been deferred for certain periods up to five years or upon retirement.

All outstanding stock options were fully vested as of December 31, 2012; therefore, no compensation expense was recognized for the years ended December 31, 2015, 2014 and 2013.

As a result of stock option exercises, \$3.8 million, \$6.9 million and \$5.2 million of proceeds were received during the years ended December 31, 2015, 2014 and 2013, respectively. The income tax benefit derived in 2015, 2014 and 2013 as a result of such exercises and share-based compensation was \$1.6 million, \$8.6 million and \$5.2 million, respectively, of which \$1.7 million, \$8.3 million and \$4.6 million, respectively, represented excess tax benefits. The total intrinsic value of options (the amount by which the stock price exceeded the exercise price of the option on the date of exercise) that were exercised during 2015, 2014 and 2013 was \$4.6 million, \$23.5 million and \$12.5 million, respectively.

At December 31, 2015, 2014 and 2013, 206,726 options, 566,774 options and 1,310,897 options were exercisable, respectively. The weighted average exercise price of exercisable options at December 31, 2015, 2014 and 2013 was approximately \$23.42, \$24.15 and \$18.12, respectively. The total aggregate intrinsic value of options outstanding and exercisable as of December 31, 2015, 2014 and 2013 were approximately \$7.6 million, \$11.5 million and \$31.9 million, respectively.

The following table summarizes information about our stock options as of December 31, 2015:

Stock Options Outstanding and Exercisable			
Range of Exercise Prices	Number	Weighted Average Remaining Life	Weighted Average Exercise Price
\$20.42 - \$29.54	110,000	1.41 Years	\$26.43
\$22.52 - \$24.48	140,000	3.31 Years	\$23.92
\$27.39 - \$29.26	56,726	0.54 Years	\$27.96

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

NOTE 13 - SHARE-BASED COMPENSATION PLANS - (Continued)

We have an employee stock purchase plan. Under the terms of this plan, the maximum number of shares of our common stock that may be purchased is 3,000,000 shares. Generally, our corporate employees and non-union employees of our United States subsidiaries are eligible to participate in this plan. Employees covered by collective bargaining agreements generally are not eligible to participate in this plan.

NOTE 14 - RETIREMENT PLANS

Defined Benefit Plans

Our United Kingdom subsidiary has a defined benefit pension plan covering all eligible employees (the "UK Plan"); however, no individual joining the company after October 31, 2001 may participate in the plan. On May 31, 2010, we curtailed the future accrual of benefits for active employees under this plan.

We account for our UK Plan and other defined benefit plans in accordance with ASC 715, "Compensation-Retirement Benefits" ("ASC 715"). ASC 715 requires that (a) the funded status, which is measured as the difference between the fair value of plan assets and the projected benefit obligations, be recorded in our balance sheet with a corresponding adjustment to accumulated other comprehensive income (loss) and (b) gains and losses for the differences between actuarial assumptions and actual results, and unrecognized service costs, be recognized through accumulated other comprehensive income (loss). These amounts will be subsequently recognized as net periodic pension cost.

The change in benefit obligations and assets of the UK Plan for the years ended December 31, 2015 and 2014 consisted of the following components (in thousands):

	2015	2014
Change in pension benefit obligation		
Benefit obligation at beginning of year	\$ 332,806	\$ 308,877
Interest expense	11,803	14,022
Actuarial (gain) loss	(21,707)	40,906
Benefits paid	(9,644)	(8,013)
Foreign currency exchange rate changes	(17,273)	(21,039)
Benefit obligation at end of year	<u>295,985</u>	<u>332,806</u>
Change in pension plan assets		
Fair value of plan assets at beginning of year	282,005	269,811
Actual return on plan assets	569	24,012
Employer contributions	5,631	6,028
Benefits paid	(9,564)	(9,915)
Foreign currency exchange rate changes	(13,136)	(17,841)
Fair value of plan assets at end of year	<u>261,555</u>	<u>282,005</u>
Funded status at end of year	<u>\$ (34,430)</u>	<u>\$ (50,801)</u>

The actuarial gain in 2015 and actuarial loss in 2014 resulted from fluctuations in corporate bond yields leading to changes in the discount rate assumptions as disclosed below.

Amounts not yet reflected in net periodic pension cost and included in accumulated other comprehensive loss:

	2015	2014
Unrecognized losses	<u>\$ 88,818</u>	<u>\$ 102,673</u>

The underfunded status of the UK Plan of \$32.3 million and \$50.7 million at December 31, 2015 and 2014, respectively, is included in "Other long-term obligations" in the accompanying Consolidated Balance Sheets. No plan assets are expected to be returned to us during the year ended December 31, 2016.

EMCOR Group, Inc. and Subsidiaries
NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

NOTE 14 - RETIREMENT PLANS - (Continued)

The weighted average assumptions used to determine benefit obligations as of December 31, 2015 and 2014 were as follows:

	2015	2014
Discount rate	3.3%	3.5%

The weighted average assumptions used to determine net periodic pension cost for the years ended December 31, 2015, 2014 and 2013 were as follows:

	2015	2014	2013
Discount rate	3.3%	3.6%	3.3%
Annual rate of return on plan assets	6.3%	6.7%	6.7%

The annual rate of return on plan assets has been determined by modeling possible returns using the actuary's portfolio return calculator and the fair value of plan assets. This models the long term expected returns of the various asset classes held in the portfolio and allows for the additional benefits of holding a diversified portfolio. For measurement purposes of the liability, the annual rates of inflation of covered pension benefits assumed for each of 2015 and 2014 was 2.0%.

The components of net periodic pension cost of the UK Plan for the years ended December 31, 2015, 2014 and 2013 were as follows (in thousands):

	2015	2014	2013
Interest cost	\$ 11,606	\$ 14,021	\$ 12,325
Expected return on plan assets	(16,161)	(16,888)	(16,369)
Amortization of unrecognized loss	3,530	2,029	2,500
Net periodic pension cost	\$ (2,052)	\$ (852)	\$ 517

Actuarial gains and losses are amortized using a corridor approach whereby cumulative gains and losses in excess of the greater of 10% of the pension benefit obligation or the fair value of plan assets are amortized over the average life expectancy of plan participants. The amortization period for 2015 was 27 years.

The reclassification adjustment, net of income taxes, for the UK Plan from accumulated other comprehensive loss into net periodic pension cost for the years ended December 31, 2015, 2014 and 2013 was approximately \$2.0 million, \$1.6 million and \$2.0 million, respectively, which was classified as a component of "Cost of sales" and "Selling, general and administrative expenses" in the Consolidated Statements of Operations. The estimated unrecognized loss for the UK Plan that will be amortized from accumulated other comprehensive loss into net periodic pension cost over the next year is approximately \$1.8 million, net of income taxes.

UK Plan Assets

The weighted average asset allocations and weighted average target allocations at December 31, 2015 and 2014 were as follows:

Asset Category	Target Asset Allocation	December 31, 2015	December 31, 2014
Equity securities	45.0%	43.3%	43.2%
Debt securities	55.0%	56.3%	56.6%
Cash	%	0.4%	0.2%
Total	100.0%	100.0%	100.0%

EMCOR Group, Inc. and Subsidiaries
NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

NOTE 14 - RETIREMENT PLANS - (Continued)

Plan assets of our UK Plan are invested in marketable equity and equity like securities through various funds. These funds invest in a diverse range of investments, trading in the United Kingdom, the United States and other international locations, such as Asia Pacific and other European locations. Most securities are invested in funds that invest in UK corporate bonds and UK government bonds.

The following tables set forth by level, within the fair value hierarchy discussed in Note 10 - Fair Value Measurements, the fair value of assets of the UK Plan as of December 31, 2015 and 2014 (in thousands):

Asset Category	Assets at Fair Value as of December 31, 2015			
	Level 1	Level 2	Level 3	Total
Equity and equity like investments	\$ —	\$ 114,213	\$ —	\$ 114,213
Corporate bonds	—	114,434	—	114,434
Government bonds	—	34,077	—	34,077
Cash	897	—	—	897
Total	\$ 897	\$ 262,724	\$ —	\$ 263,621

Asset Category	Assets at Fair Value as of December 31, 2014			
	Level 1	Level 2	Level 3	Total
Equity and equity like investments	\$ —	\$ 121,739	\$ —	\$ 121,739
Corporate bonds	—	124,380	—	124,380
Government bonds	—	88,219	—	88,219
Cash	657	—	—	657
Total	\$ 657	\$ 234,338	\$ —	\$ 235,095

In regards to the plan assets of our UK Plan, investment amounts have been allocated within the fair value hierarchy across all three levels. The characteristics of the assets that sit within each level are summarized as follows:

Level 1-This asset represents cash.

Level 2-These assets are a combination of the following:

- (a) Assets that are not exchange traded but have a unit price that is based on the net asset value of the fund. The unit prices are not quoted but the underlying assets held by the fund are either:
 - (i) held in a variety of listed investments
 - (ii) held in UK treasury bonds or corporate bonds with the asset value being based on fixed income streams. Some of the underlying bonds are also listed or regulated markets.

It is the value of the underlying assets that have been used to calculate the unit price of the fund.

- (b) Assets that are not exchange traded but have a unit price that is based on the net asset value of the fund. The unit prices are quoted. The underlying assets within these funds comprise cash or assets that are listed on a regulated market (i.e., the values are based on observable market data) and it is these values that are used to calculate the unit price of the fund.

Level 3-Assets that are not exchange traded but have a unit price that is based on the net asset value of the fund. The unit prices are not quoted and are not available on any market.

EMCOR Group, Inc. and Subsidiaries
NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

NOTE 14 - RETIREMENT PLANS - (Continued)

The table below sets forth a summary of changes in the fair value of the UK Plan's Level 3 assets for the years ended December 31, 2015 and 2014 (in thousands):

	2015	2014
Equity and Equity Like Investments		
Start of year balance	\$ 1,000	\$ 1,000
Actual return on plan assets, relating to assets still held at reporting date	—	—
Purchases, sales and settlements, net	—	—
Change due to exchange rate changes	—	(307)
End of year balance	\$ 1,000	\$ 693

The investment policies and strategies for the plan assets are established by the plan trustees (who are independent of the Company) to achieve a reasonable balance between risk, likely return and administration expense, as well as to maintain funds at a level to meet minimum funding requirements. In order to ensure that an appropriate investment strategy is in place, an analysis of the UK Plan's assets and liabilities is completed periodically.

Cash Flows:**Contributions**

Our United Kingdom subsidiary expects to contribute approximately \$5.4 million to its UK Plan in 2016.

Estimated Future Benefit Payments

The following estimated benefit payments are expected to be paid in the following years (in thousands):

	Pension Benefits
2016	\$ 0,309
2017	\$ 9,869
2018	\$ 10,000
2019	\$ 11,717
2020	\$ 11,872
Succeeding five years	\$ 65,494

The following table shows certain information for the UK Plan where the accumulated benefit obligation is in excess of plan assets as of December 31, 2015 and 2014 (in thousands):

	2015	2014
Projected benefit obligation	\$ 295,825	\$ 332,806
Accumulated benefit obligation	\$ 295,825	\$ 332,806
Fair value of plan assets	\$ 253,555	\$ 282,095

We also sponsor two U.S. defined benefit plans in which participation by new individuals is frozen. The benefit obligation associated with these plans as of December 31, 2015 and 2014 was approximately \$7.0 million and \$6.7 million, respectively. The estimated fair value of the plan assets as of December 31, 2015 and 2014 was approximately \$4.9 million and \$5.1 million, respectively. The plan assets are considered Level 1 assets within the fair value hierarchy and are predominantly invested in cash, equities, and equity and bond funds. The pension liability balances as of December 31, 2015 and 2014 are classified as "Other long-term obligations" in the accompanying Consolidated Balance Sheets. The measurement date for these two plans is December 31 of each year. The major assumptions used in the actuarial valuations to determine benefit obligations as of December 31, 2015 and 2014 included discount rates of 4.00% and 3.86% for 2015 and 4.50% and 4.30% for 2014. Also, included was an expected rate of return of 7.00% for both 2015 and 2014. The reclassification adjustment, net of income taxes, from accumulated other comprehensive loss into net periodic pension cost for the years ended December 31, 2015, 2014 and 2013 was approximately \$0.2 million, \$0.2 million and \$0.3 million, respectively, which was classified as a component of "Selling, general and administrative expenses" in the Consolidated Statements of Operations. The estimated loss for these plans that will be amortized

EMCOR Group, Inc. and Subsidiaries
NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

NOTE 14 - RETIREMENT PLANS - (Continued)

from accumulated other comprehensive loss into net periodic pension cost over the next year is approximately \$0.2 million, net of income taxes. The future estimated benefit payments expected to be paid from the plans for the next ten years is approximately \$0.4 million per year.

Multiemployer Plans

We participate in over 200 multiemployer pension plans ("MEPPs") that provide retirement benefits to certain union employees in accordance with various collective bargaining agreements ("CBAs"). As one of many participating employers in these MEPPs, we are responsible with the other participating employers for any plan underfunding. Our contributions to a particular MEPP are established by the applicable CBAs; however, our required contributions may increase based on the funded status of an MEPP and legal requirements of the Pension Protection Act of 2004 (the "PPA"), which requires substantially underfunded MEPPs to implement a funding improvement plan ("FIP") or a rehabilitation plan ("RP") to improve their funded status. Factors that could impact the funded status of an MEPP include, without limitation, investment performance, changes in the participant demographics, decline in the number of contributing employers, changes in actuarial assumptions and the utilization of extended amortization provisions.

An FIP or RP requires a particular MEPP to adopt measures to correct its underfunding status. These measures may include, but are not limited to: (a) an increase in our contribution rate as a signatory to the applicable CBA, (b) a reallocation of the contributions already being made by participating employers for various benefits to individuals participating in the MEPP and/or (c) a reduction in the benefits to be paid to future and/or current retirees. In addition, the PPA requires that a 5% surcharge be levied on employer contributions for the first year commencing shortly after the date the employer receives notice that the MEPP is in critical status and a 10% surcharge on each succeeding year until a CBA is in place with terms and conditions consistent with the RP.

We could also be obligated to make payments to MEPPs if we either cease to have an obligation to contribute to the MEPP or significantly reduce our contributions to the MEPP because we reduce our number of employees who are covered by the relevant MEPP for various reasons, including, but not limited to, layoffs or closure of a subsidiary assuming the MEPP has unfunded vested benefits. The amount of such payments (referred to as a complete or partial withdrawal liability) would equal our proportionate share of the MEPP's unfunded vested benefits. We believe that certain of the MEPPs in which we participate may have unfunded vested benefits. Due to uncertainty regarding future factors that could trigger withdrawal liability, as well as the absence of specific information regarding the MEPP's current financial situation, we are unable to determine (a) the amount and timing of any future withdrawal liability, if any, and (b) whether our participation in these MEPPs could have a material adverse impact on our financial position, results of operations or liquidity. We did not record any withdrawal liability for the years ended December 31, 2015 and 2014. We recorded a withdrawal liability of approximately \$0.1 million for the year ended December 31, 2013.

The following table lists all domestic MEPPs to which our contributions exceeded \$2.0 million in 2015. Additionally, this table also lists all domestic MEPPs to which we contributed in 2015 in excess of \$0.5 million for MEPPs in the critical status, "red zone" and \$1.0 million in the endangered status, "orange or yellow zones", as defined by the PPA (in thousands):

Pension Fund	TIN/Pension Plan Number	PPA Zone Status (1)		FIP/RP Status	Cash Flows			Cash flows greater than 5% of total plan contributions (2)	Expiration Date of CBA

					\$ 1,029	\$ 1,770	\$ 1,032			
Total Contributions					\$ 1,479,054	\$ 1,770,291	\$ 1,112,711			

- (1) The zone status represents the most recent available information for the respective MEPP, which may be 2014 or earlier for the 2015 year and 2013 or earlier for the 2014 year.
- (2) This information was obtained from the respective plans' Form 5500 ("Forms") for the most current available filing. These dates may not correspond with our fiscal year contributions. The above noted percentages of contributions are based upon disclosures contained in the plans' Forms. These Forms, among other things, disclose the names of individual participating employees whose annual contributions account for more than 5% of the aggregate annual amount contributed by all participating employers for a past year. Accordingly, if the annual contribution of two or more of our subsidiaries each accounted for less than 5% of such contributions, but in the aggregate accounted for in excess of 5% of such contributions, that greater percentage is not available and accordingly is not disclosed.
- (3) For these respective plans, a funding surcharge was currently in effect for 2015.

The nature and diversity of our business may result in volatility in the amount of our contributions to a particular MEPP for any given period. That is because, in any given market, we could be working on a significant project and/or projects, which could result in an increase in our direct labor force and a corresponding increase in our contributions to the MEPP(s) dictated by the applicable CBA. When that particular project(s) finishes and is not replaced, the number of participants in the MEPP(s) who are employed by us would also decrease, as would our level of contributions to the particular MEPP(s). Additionally, the amount of contributions to a particular MEPP could also be affected by the terms of the CBA, which could require at a particular time, an increase in the contribution rate and/or surcharges. Our contributions to various MEPPs did not increase as a result of acquisitions made since 2013.

We also participate in two MEPPs that are located within the United Kingdom for which we have contributed \$0.2 million, \$0.2 million and \$0.3 million for the years ended December 31, 2015, 2014 and 2013, respectively. The information that we have obtained relating to these plans is not as readily available and/or as comparable as the information that has been ascertained in the United States. Based upon the most recently available information, one of the plans is 100% funded, and the other plan is between 65% and less than 80% funded. A recovery plan has been put in place for the plan that is less than 80% funded, which requires higher contribution amounts to be paid by our UK operations.

Additionally, we contribute to certain multiemployer plans that provide post retirement benefits such as health and welfare benefits and/or defined contribution/annuity plans, among others. Our contributions to these plans approximated \$108.1 million, \$93.3 million and \$93.5 million for the years ended December 31, 2015, 2014 and 2013, respectively. Our contributions to other post retirement benefit plans did not increase as a result of acquisitions made since 2013. The amount of contributions to these plans is also subject for the most part to the factors discussed above in conjunction with the MEPPs.

Defined Contribution Plans

We have defined contribution retirement and savings plans that cover eligible employees in the United States. Contributions to these plans are based on a percentage of the employee's base compensation. The expenses recognized for the years ended December 31, 2015, 2014 and 2013 for these plans were \$26.5 million, \$25.3 million and \$22.6 million, respectively. At our discretion, we may make additional supplemental matching contributions to a defined contribution retirement and savings plan. The expenses recognized related to additional supplemental matching for the years ended December 31, 2015, 2014 and 2013 were \$4.8 million, \$4.3 million and \$4.0 million, respectively.

KMCOR Group, Inc. and Subsidiaries
NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

NOTE 14 - RETIREMENT PLANS - (Continued)

Our United Kingdom subsidiary has defined contribution retirement plans. The expense recognized for the years ended December 31, 2015, 2014 and 2013 was \$4.0 million, \$4.5 million and \$4.0 million, respectively.

NOTE 15 - COMMITMENTS AND CONTINGENCIES*Commitments*

We lease land, buildings and equipment under various leases. The leases frequently include renewal options and escalation clauses and require us to pay for utilities, taxes, insurances and maintenance expenses.

Future minimum payments, by year and in the aggregate, under capital leases, non-cancelable operating leases and related subleases with initial or remaining terms of one or more years at December 31, 2015, were as follows (in thousands):

	Capital Leases	Operating Leases	Sublease Income
2016	\$ 4,559	\$ 50,010	\$ 558
2017	437	47,670	257
2018	350	46,677	126
2019	1,093	28,199	61
2020	77	21,854	-
Thereafter	-	46,283	-
Total minimum lease payments	\$ 6,516	\$ 209,563	\$ 1,002
Amounts representing interest	(247)	-	-
Future value of net minimum lease payments	\$ 6,269	\$ 209,563	\$ 1,002

Rent expense for operating leases and other rental items, including short-term equipment rentals charged to cost of sales for our construction contracts, for the years ended December 31, 2015, 2014 and 2013 was \$122.0 million, \$118.4 million and \$118.6 million, respectively. Rent expense for the years ended December 31, 2015, 2014 and 2013 was reported net of sublease rental income of \$1.2 million, \$1.3 million and \$1.2 million, respectively.

Contractual Guarantees

We have agreements with our executive officers and certain other key management personnel providing for severance benefits for such employees upon termination of their employment under certain circumstances.

From time to time in the ordinary course of business, we guarantee obligations of our subsidiaries under certain contracts. Generally, we are liable under such an arrangement only if our subsidiary fails to perform its obligations under the contract. Historically, we have not incurred any substantial liabilities as a consequence of these guarantees.

The terms of our construction contracts frequently require that we obtain from surety companies ("Surety Companies") and provide to our customers payment and performance bonds ("Surety Bonds") as a condition to the award of such contracts. The Surety Bonds secure our payment and performance obligations under such contracts, and we have agreed to indemnify the Surety Companies for amounts, if any, paid by them in respect of Surety Bonds issued on our behalf. In addition, at the request of labor unions representing certain of our employees, Surety Bonds are sometimes provided to secure obligations for wages and benefits payable to or for such employees. Public sector contracts require Surety Bonds more frequently than private sector contracts, and accordingly, our bonding requirements typically increase as the amount of public sector work increases. As of December 31, 2015, based on our percentage-of-completion of our projects covered by Surety Bonds, our aggregate estimated exposure, had there been defaults on all our then existing contractual obligations, was approximately \$1.2 billion. The Surety Bonds are issued by Surety Companies in return for premiums, which vary depending on the size and type of bond.

We are subject to regulation with respect to the handling of certain materials used in construction, which are classified as hazardous or toxic by federal, state and local agencies. Our practice is to avoid participation in projects principally involving the remediation or removal of such materials. However, when remediation is required as part of our contract performance, we believe

EMCOR Group, Inc. and Subsidiaries
NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

NOTE 15 - COMMITMENTS AND CONTINGENCIES - (Continued)

we comply with all applicable regulations governing the discharge of material into the environment or otherwise relating to the protection of the environment.

At December 31, 2015, we employed approximately 29,000 people, approximately 56% of whom are represented by various unions pursuant to more than 375 collective bargaining agreements between our individual subsidiaries and local unions. We believe that our employee relations are generally good. Only two of these collective bargaining agreements are national or regional in scope.

Restructuring expenses were \$0.8 million, \$1.2 million and \$9.6 million for 2015, 2014 and 2013, respectively. The 2015 restructuring expenses included \$0.9 million of employee severance obligations and a reversal of \$0.1 million relating to the termination of leased facilities. The 2014 restructuring expenses included \$0.6 million of employee severance obligations and \$0.6 million relating to the termination of leased facilities. The 2013 restructuring expenses included \$0.5 million of employee severance obligations and \$0.1 million relating to the termination of leased facilities. As of December 31, 2015, 2014 and 2013, the balance of our restructuring related obligations yet to be paid was \$0.1 million, \$0.3 million and \$0.3 million, respectively. The majority of obligations outstanding as of December 31, 2014 and 2013 were paid during 2015 and 2014, respectively. The obligations outstanding as of December 31, 2015 will be paid during the first half of 2016.

The changes in restructuring activity by reportable segments during the years ended December 31, 2015 and December 31, 2014 were as follows (in thousands):

	United States electrical construction and facilities services segment	United States mechanical construction and facilities services segment	United States building services segment	Corporate Administration	Total
Balance at December 31, 2013	\$ 30	\$ 104	\$ —	\$ —	\$ 134

Payments	(149)	(32)	(543)	—	(1,024)
Balance at December 31, 2015	\$ —	\$ —	\$ 41	\$ —	\$ 41

A summary of restructuring expenses by reportable segments recognized for the year ended December 31, 2015 was as follows (in thousands):

	United States electrical construction and facilities services segment	United States mechanical construction and facilities services segment	United States building services segment	Corporate Administration	Total
Severance	\$ 930	\$ 0	\$ 924	\$ —	\$ 1,854
Leased facilities	(106)	—	—	—	(106)
Total charges	\$ (106)	\$ 0	\$ 924	\$ —	\$ 824

Government Contracts

As a government contractor, we are subject to U.S. government audits and investigations relating to our operations, fines, penalties and compensatory and treble damages, and possible suspension or debarment from doing business with the government. Based on currently available information, we believe the outcome of ongoing government disputes and investigations will not have a material impact on our financial position, results of operations or liquidity.

KMCOR Group, Inc. and Subsidiaries
NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

NOTE 15 - COMMITMENTS AND CONTINGENCIES - (Continued)*Legal Matters*

One of our subsidiaries was a subcontractor to a mechanical contractor ("Mechanical Contractor") on a construction project where an explosion occurred. An investigation of the matter could not determine who was responsible for the explosion. As a result of the explosion, lawsuits have been commenced against various parties, but, to date, no lawsuits have been commenced against our subsidiary with respect to personal injury or damage to property as a consequence of the explosion. However, the Mechanical Contractor has asserted claims, in the context of an arbitration proceeding against our subsidiary, alleging that our subsidiary is responsible for a portion of the damages for which the Mechanical Contractor may be liable as a result of: (a) personal injury suffered by individuals as a result of the explosion and (b) the Mechanical Contractor's legal fees and associated management costs in defending against any and all such claims. In the most recent filing with the Arbitrator, the Mechanical Contractor has stated claims against our subsidiary for alleged violations of the Connecticut and Massachusetts Unfair and Deceptive Trade Practices Acts in the ongoing arbitration proceeding. Further, the general contractor (as assignee of the Mechanical Contractor) on the construction project, and for whom the Mechanical Contractor worked, has alleged that our subsidiary is responsible for losses asserted by the owner of the project and/or the general contractor because of delays in completion of the project and for damages to the owner's property. We believe, and have been advised by counsel, that we have a number of meritorious defenses to all such matters. We believe that the ultimate outcome of such matters will not have a material adverse effect on our consolidated financial position, results of operations or liquidity. Notwithstanding our assessment of the final impact of this matter, we are not able to estimate with any certainty the amount of loss, if any, which would be associated with an adverse resolution.

One of our subsidiaries, USM, Inc. ("USM"), doing business in California, provides, among other things, janitorial services to its customers by having those services performed by independent janitorial companies. USM and one of its customers, which owns retail stores (the "Customer"), were co-defendants in a federal class action lawsuit brought by six employees of USM's California janitorial subcontractors. The action was commenced on September 5, 2013 in a Superior Court of California and was removed by USM on November 22, 2013 to the United States District Court for the Northern District of California. The employees alleged in their complaint, among other things, that USM and the Customer, during a period that began before our acquisition of USM, violated a California statute that prohibits USM from entering into a contract with a janitorial subcontractor when it knew or should have known that the contract did not include funds sufficient to allow the janitorial subcontractor to comply with all local, state and federal laws or regulations governing the labor or services to be provided. The employees asserted that the amounts USM paid to its janitorial subcontractors were insufficient to allow those janitorial subcontractors to meet their obligations regarding, among other things, wages due for all hours their employees worked, minimum wages, overtime pay and meal and rest breaks. These employees sought to represent not only themselves, but also all other individuals who provided janitorial services at the Customer's stores in California during the relevant four-year time period. We do not believe USM or the Customer violated the California statute or that the employees could have brought the action as a class action on behalf of other employees of janitorial companies with whom USM subcontracted for the provision of janitorial services to the Customer. The plaintiffs sought a declaratory judgment that USM had violated the California statute, monetary damages, including all unpaid wages and interest thereon, restitution for unpaid wages, and an award of attorneys' fees and costs.

USM and its Customer have settled claims asserted in the class action pursuant to the terms of a consent decree approved by the federal judge in the United States District Court for the Northern District of California on February 16, 2016, which followed a determination by the Court of the consent decree's fairness, adequacy and reasonableness. Under the terms of the consent decree, USM will (a) pay an aggregate of \$1.0 million (i) for monetary relief to the members of the class, (ii) for awards to the class representative plaintiffs, (iii) for California Labor Code Private Attorney General Act payments to the State of California for an immaterial amount, and (iv) for all costs of notice and administration of the claims process, (b) pay to counsel for the class an aggregate of \$1.3 million, of which \$0.3 million has been allocated for their reimbursable costs and litigation expenses and \$1.0 million has been allocated for attorneys' fees, and (c) monitor USM's California subcontractors providing janitorial services to its Customer in accordance with agreed upon procedures designed principally to ensure janitorial employees of those subcontractors are paid no less than minimum wage. The settlement amount was accrued for us of December 31, 2014. During 2015, a payment of \$1.0 million was made to a third party claims administrator who was holding the funds pending approval by the Court of the consent decree, and the balance of \$1.3 million was paid in February 2016 after final approval by the Court.

We are involved in several other proceedings in which damages and claims have been asserted against us. Other potential claims may exist that have not yet been asserted against us. We believe that we have a number of valid defenses to such proceedings and claims and intend to vigorously defend ourselves. We do not believe that any such matters will have a material adverse effect on our financial position, results of operations or liquidity. Litigation is subject to many uncertainties and the outcome of litigation is not predictable with assurance. It is possible that some litigation matters for which reserves have not been established could be

EMCOR Group, Inc. and Subsidiaries
NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

NOTE 15 - COMMITMENTS AND CONTINGENCIES - (Continued)

decided unfavorably to us, and that any such unfavorable decisions could have a material adverse effect on our financial position, results of operations or liquidity.

NOTE 16 - ADDITIONAL CASH FLOW INFORMATION

The following presents information about cash paid for interest, income taxes and other non-cash financing activities for the years ended December 31, 2015, 2014 and 2013 (in thousands):

	2015	2014	2013
Cash paid during the year for:			
Interest	\$ 3,856	\$ 3,431	\$ 40,588
Income taxes	\$ 99,754	\$ 88,277	\$ 104,324
Non-cash financing activities:			
Assets acquired under capital lease obligations	\$ 3,847	\$ 93	\$ 414

NOTE 17 - SEGMENT INFORMATION

We have the following reportable segments: (a) United States electrical construction and facilities services (involving systems for electrical power transmission and distribution; premises electrical and lighting systems; low-voltage systems, such as fire alarm, security and process control; voice and data communication; roadway and transit lighting; and fiber optic lines); (b) United States mechanics' construction and facilities services (involving systems for heating, ventilation, air conditioning, refrigeration and clean-room process ventilation; fire protection; plumbing, process and high-purity piping; controls and filtration; water and wastewater treatment and control plant heating and cooling; cranes and rigging; millwrighting; and steel fabrication, erection and welding); (c) United States building services; (d) United States industrial services; and (e) United Kingdom building services. The "United States building services" and "United Kingdom building services" segments principally consist of those operations which provide a portfolio of services needed to support the operation and maintenance of customers' facilities, including commercial and government site-based operations and maintenance; facility maintenance and services, including reception, security and catering services; outage services to utilities and industrial plants; military base operations support services; mobile maintenance and services; floor care and janitorial services; landsweeping, lot sweeping and snow removal; facilities management; vendor management; call center services; installation and support for building systems; program development, management and maintenance for energy systems; technical consulting and diagnostic services; infrastructure and building projects for federal, state and local governmental agencies and bodies; and small modification and retrofit projects, which services are not generally related to customers' construction programs. The segment "United States industrial services" principally consists of those operations which provide industrial maintenance and services, including those for refineries and petrochemical plants, including on-site repairs, maintenance and service of heat exchangers, towers, vessels and piping; design, manufacturing, repair and hydro blast cleaning of shell and tube heat exchangers and related equipment; refinery turnaround planning and engineering services; specialty welding services; overhaul and maintenance of critical process units in refineries and petrochemical plants, and specialty technical services for refineries and petrochemical plants.

The results of our United States mechanical construction and facilities services segment included revenues of \$12.7 million recognized during the fourth quarter of 2015 as a result of the settlement of a claim on an institutional project located in the southeastern United States. Our United Kingdom building services segment recognized income of \$4.8 million during the second quarter of 2014, which has been recorded as a reduction of "Cost of sales" in the Consolidated Statements of Operations for the year ended December 31, 2014, as a result of a reduction in the estimate of certain accrued contract costs that were no longer expected to be incurred within its building services operations. Our corporate administration operating loss for the year ended December 31, 2013 was reduced by the receipt of an insurance recovery of approximately \$2.6 million that was received in January 2013 associated with a previously disposed of operation, which has been classified as a component of "Cost of sales" in the Consolidated Statements of Operations.

Report of Independent Registered Public Accounting Firm

The Board of Directors and Stockholders of EMCOR Group, Inc. and subsidiaries:

We have audited the accompanying consolidated balance sheets of EMCOR Group, Inc. and subsidiaries as of December 31, 2015 and 2014, and the related consolidated statements of operations, comprehensive income, equity and cash flows for each of the three years in the period ended December 31, 2015. Our audits also included the financial statement schedule listed in the Index at Item 15(e). These financial statements and schedule are the responsibility of the Company's management. Our responsibility is to express an opinion on these financial statements and schedule based on our audits.

We conducted our audits in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the consolidated financial position of EMCOR Group, Inc. and subsidiaries at December 31, 2015 and 2014, and the consolidated results of their operations and their cash flows for each of the three years in the period ended December 31, 2015, in conformity with U.S. generally accepted accounting principles. Also, in our opinion, the related financial statement schedule, when considered in relation to the basic financial statements taken as a whole, presents fairly in all material respects the information set forth therein.

We also have audited, in accordance with the standards of the Public Company Accounting Oversight Board (United States), EMCOR Group, Inc. and subsidiaries' internal control over financial reporting as of December 31, 2015, based on criteria established in Internal Control-Integrated Framework issued by the Committee of Sponsoring Organizations of the Treadway Commission (2013 Framework) and our report dated February 25, 2016 expressed an unqualified opinion thereon.

Report of Independent Registered Public Accounting Firm

The Board of Directors and Stockholders of EMCOR Group, Inc. and subsidiaries:

We have audited EMCOR Group, Inc. and subsidiaries' internal control over financial reporting as of December 31, 2015, based on criteria established in Internal Control-Integrated Framework issued by the Committee of Sponsoring Organizations of the Treadway Commission (2013 Framework) (the COSO criteria). EMCOR Group, Inc. and subsidiaries' management is responsible for maintaining effective internal control over financial reporting, and for its assessment of the effectiveness of internal control over financial reporting included in the accompanying Management's Report on Internal Control over Financial Reporting. Our responsibility is to express an opinion on the Company's internal control over financial reporting based on our audit.

We conducted our audit in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether effective internal control over financial reporting was maintained in all material respects. Our audit included obtaining an understanding of internal control over financial reporting, assessing the risk that a material weakness exists, testing and evaluating the design and operating effectiveness of internal control based on the assessed risk, and performing such other procedures as we considered necessary in the circumstances. We believe that our audit provides a reasonable basis for our opinion.

A company's internal control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Because of its inherent limitations, internal control over financial reporting may not prevent or detect misstatements. Also, projections of any evaluation of effectiveness to future periods are subject to the risk that controls may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

In our opinion, EMCOR Group, Inc. and subsidiaries maintained, in all material respects, effective internal control over financial reporting as of December 31, 2015, based on the COSO criteria.

We also have audited, in accordance with the standards of the Public Company Accounting Oversight Board (United States), the consolidated balance sheets of EMCOR Group, Inc. and subsidiaries as of December 31, 2015 and 2014, and the related consolidated statements of operations, comprehensive income, equity and cash flows for each of the three years in the period ended December 31, 2015 and our report dated February 25, 2016 expressed an unqualified opinion thereon.

ITEM 9. CHANGES IN AND DISAGREEMENTS WITH ACCOUNTANTS ON ACCOUNTING AND FINANCIAL DISCLOSURE

Not applicable.

ITEM 9A. CONTROLS AND PROCEDURES

Based on an evaluation of our disclosure controls and procedures (as required by Rules 13a-15(b) of the Securities Exchange Act of 1934), our President and Chief Executive Officer, Anthony J. Guzzi, and our Executive Vice President and Chief Financial Officer, Mark A. Pompa, have concluded that our disclosure controls and procedures (as defined in Rule 13a-15(e) of the Securities Exchange Act of 1934) are effective as of the end of the period covered by this report.

Management's Report on Internal Control over Financial Reporting

Our management is responsible for establishing and maintaining adequate internal control over financial reporting (as defined in Rules 13a-15(f) and 15d-15(f) under the Securities and Exchange Act of 1934). Our internal control over financial reporting is a process designed with the participation of our principal executive officer and principal financial officer or persons performing similar functions to provide reasonable assurance regarding the reliability of financial reporting and the preparation of our financial statements for external reporting purposes in accordance with U.S. generally accepted accounting principles.

Our internal control over financial reporting includes policies and procedures that: (a) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect our transactions and dispositions of assets, (b) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with U.S. generally accepted accounting principles, and that our receipts and expenditures are being made only in accordance with authorizations of our management and Board of Directors and (c) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use or disposition of our assets that could have a material effect on our financial statements.

Because of its inherent limitations, our disclosure controls and procedures may not prevent or detect misstatements. A control system, no matter how well conceived and operated, can only provide reasonable, not absolute, assurance that the objectives of the control system are met. Because of the inherent limitations in all control systems, no evaluation of controls can provide absolute assurance that all control issues and instances of fraud, if any, have been detected. Also, projections of any evaluation of effectiveness to future periods are subject to the risk that controls may become inadequate because of changes in conditions or that the degree of compliance with the policies or procedures may deteriorate.

As of December 31, 2015, our management conducted an evaluation of the effectiveness of our internal control over financial reporting based on the framework established in *Internal Control-Integrated Framework (2013)* issued by the Committee of Sponsoring Organizations of the Treadway Commission ("COSO"). Based on this evaluation, management has determined that LMCOR's internal control over financial reporting is effective as of December 31, 2015.

The effectiveness of our internal control over financial reporting as of December 31, 2015 has been audited by Ernst & Young LLP, an independent registered public accounting firm, as stated in its report appearing in this Annual Report on Form 10-K, which such report expressed an unqualified opinion on the effectiveness of our internal control over financial reporting as of December 31, 2015.

Changes to Internal Control over Financial Reporting

In addition, our management with the participation of our principal executive officer and principal financial officer or persons performing similar functions has determined that no change to our internal control over financial reporting (as that term is defined in Rules 13(a)-15(f) and 15(d)-15(f) of the Securities Exchange Act of 1934) occurred during the fourth quarter of our fiscal year ended December 31, 2015 that has materially affected, or is reasonably likely to materially affect, our internal control over financial reporting.

ITEM 9B. OTHER INFORMATION

Not applicable.

PART III

ITEM 10. DIRECTORS, EXECUTIVE OFFICERS AND CORPORATE GOVERNANCE

The information required by this Item 10 with respect to directors is incorporated herein by reference to the Section of our definitive Proxy Statement for the 2016 Annual Meeting of Stockholders entitled "Election of Directors", which Proxy Statement is to be filed with the Securities and Exchange Commission pursuant to Regulation 14A not later than 120 days after the end of the fiscal year to which this Form 10-K relates (the "Proxy Statement"). The information required by this Item 10 concerning compliance with Section 16(a) of the Securities Exchange Act of 1934 is incorporated herein by reference to the section of the Proxy Statement entitled "Section 16(a) Beneficial Ownership Reporting Compliance". The information required by this Item 10 concerning the Audit Committee of our Board of Directors and Audit Committee financial experts is incorporated by reference to the section of the Proxy Statement entitled "Meetings and Committees of the Board of Directors" and "Corporate Governance". Information regarding our executive officers is contained in Part I of this Form 10-K following Item 4 under the heading "Executive Officers of the Registrant". We have adopted a Code of Ethics that applies to our Chief Executive Officer and our Senior Financial Officers, which is listed on the Exhibit Index.

ITEM 11. EXECUTIVE COMPENSATION

The information required by this Item 11 is incorporated herein by reference to the sections of the Proxy Statement entitled "Compensation Discussion and Analysis", "Executive Compensation and Related Information", "Potential Post-Employment Payments", "Director Compensation", "Compensation Committee Interlocks and Insider Participation" and "Compensation Committee Report".

ITEM 12. SECURITY OWNERSHIP OF CERTAIN BENEFICIAL OWNERS AND MANAGEMENT AND RELATED STOCKHOLDER MATTERS

The information required by this Item 12 (other than the information required by Section 201(c) of Regulation S-K, which is set forth in Part II, Item 5 of this Form 10-K) is incorporated herein by reference to the sections of the Proxy Statement entitled "Security Ownership of Certain Beneficial Owners" and "Security Ownership of Management".

ITEM 13. CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS AND DIRECTOR INDEPENDENCE

The information required by this Item 13 is incorporated herein by reference to the sections of the Proxy Statement entitled "Compensation Committee Interlocks and Insider Participation" and "Corporate Governance".

ITEM 14. PRINCIPAL ACCOUNTING FEES AND SERVICES

The information required by this Item 14 is incorporated herein by reference to the section of the Proxy Statement entitled "Ratification of Appointment of Independent Auditors".

PART IV

ITEM 15. EXHIBITS AND FINANCIAL STATEMENT SCHEDULES

(a)(1) The following consolidated financial statements of EMCOR Group, Inc. and Subsidiaries are filed as part of this report under Part II, Item 8, Financial Statements and Supplementary Data:

Financial Statements:

Consolidated Balance Sheets - December 31, 2015 and 2014

Consolidated Statements of Operations - Years Ended December 31, 2015, 2014 and 2013

Consolidated Statements Comprehensive Income - Years Ended December 31, 2015, 2014 and 2013

Consolidated Statements of Cash Flows - Years Ended December 31, 2015, 2014 and 2013

Consolidated Statements of Equity - Years Ended December 31, 2015, 2014 and 2013

Notes to Consolidated Financial Statements

Reports of Independent Registered Public Accounting Firm

(a)(2) The following financial statement schedule is included in this Form 10-K report: Schedule II - Valuation and Qualifying Accounts

All other schedules are omitted because they are not required, are inapplicable, or the information is otherwise shown in the consolidated financial statements or notes thereto.

(a)(3) For the list of exhibits, see the Exhibit Index immediately following the signature page hereof, which Exhibit Index is incorporated herein by reference.

SIGNATURES

Pursuant to the requirements of Section 13 or 15(c) of the Securities Exchange Act of 1934, the Registrant has duly caused this report to be signed on its behalf by the undersigned hereunto duly authorized.

Date: February 25, 2016

EMCOR GROUP, INC.

(Registrant)

BY: /s/ ANTHONY J. GUZZI
Anthony J. Guzzi
 President and Chief Executive Officer

Pursuant to the requirements of the Securities Exchange Act of 1934, this report has been signed below by the following persons on behalf of the Registrant and in the capacities indicated on February 25, 2016.

**FIFTH AMENDMENT
TO THE
LONG TERM INCENTIVE PLAN
OF EMCOR GROUP, INC.**

WHEREAS, the EMCOR Group, Inc. Long Term Incentive Plan was adopted in 2005 and has since been amended (the aforesaid plan, as amended, the LTIP);

WHEREAS, Section 8.1 of the LTIP provided that the Board of Directors of EMCOR Group, Inc. (the "Board") may amend the LTIP, subject to the terms of Section 8.1; and

WHEREAS, the Board has determined that the LTIP shall be further amended as provide below;

NOW, THEREFORE, the Long Term Incentive Plan is hereby amended as follows:

1. Section 2 is hereby amended to add the following paragraph to the definition of Earnings Per Share:

"Earnings Per Share" for a Three Year Applicable Period commencing on or after January 1, 2015 shall mean the aggregate of the diluted earnings per share of the Company's Common Stock for each of such three years, as reported in the Company's "Consolidated Statements of Operations" for such years in accordance with generally accepted accounting principles; provided, however, that in computing net income to arrive at any such year's earnings per share there shall be excluded from the calculation of such net income (a) non-cash charges associated with the write-down of balance sheet values of assets, (b) investment banking, consulting, legal, and accounting fees and related disbursements directly associated with any proposed or consummated (i) acquisition or investment or (ii) sale or disposition of Company assets or securities, (c) the effect of any changes in statutory tax rates from those in effect on March 29, 2010, (d) restructuring charges due to sale or closure of a subsidiary's business, (e) the cumulative effect of any change in accounting principles, (f) charges associated with withdrawal liabilities relating to multi-employer pension plans and lump sum type surcharges (as opposed to increases in hourly contribution rates) assessed by multi-employer pension plans, to eliminate underfunding in their respective plans and (g) income or loss from discontinued operations; and provided further, however, that the Compensation Committee may, within the first 90 days of a Three Year Applicable Period, adjust any such period's Earnings Per Share, to the extent permitted under Section 162(m) of the Code, to omit the impact on such Earnings Per Share of extraordinary items, gains or losses on the acquisition or disposal of a business, and/or unusual or infrequently occurring events and transactions."

2. Except as hereinabove amended, the LTIP, as previously amended, shall remain in full force and effect.

IN WITNESS WHEREOF, the undersigned has executed this Amendment as of the 5th day of March 2015.

EMCOR GROUP, INC.

By: Isaiah Anthony J. Givoda
President and Chief Executive Officer

**SIXTH AMENDMENT
TO THE
LONG TERM INCENTIVE PLAN
OF EMCOR GROUP, INC.**

WHEREAS, the EMCOR Group, Inc. Long Term Incentive Plan was adopted in 2005 and has since been amended (the aforesaid plan, as amended, the "LTIP");

WHEREAS, Section 8.1 of the LTIP provides that the Board of Directors of EMCOR Group, Inc. (the "Board") may amend the LTIP, subject to the terms of Section 8.1; and

WHEREAS, the Board has determined that the LTIP should be further amended as provided below;

NOW, THEREFORE, the LTIP is hereby amended as follows:

1. Effective January 1, 2016 new Section 9.14 is added to read as follows:

"9.14. Recoupment of Awards. All Performance Based Target Bonus awards, that may be granted with respect to Applicable Three Year Periods commencing on or after January 1, 2016, whether or not vested, will be subject to the Company's Executive Compensation Recoupment Policy, as such policy may be amended and in effect from time to time (the "Clawback Policy"). By participating in the Plan, including by receiving any award benefit or payment under the Plan, a Participant will be deemed to have agreed to comply promptly and in full with all terms and conditions of the Clawback Policy with respect to such award."

2. Except as hereinabove amended, the LTIP, as previously amended, shall remain in full force and effect.

IN WITNESS WHEREOF, the undersigned has executed this Amendment as of the 1st day of January 2016.

EMCOR GROUP, INC.

By: /s/ Anthony J. Guzzi
President and Chief Executive Officer

EMCOR Group, Inc.

EXECUTIVE COMPENSATION RECOVERY POLICY

The Board of Directors (the "Board") of EMCOR Group Inc. (the "Company") has adopted the following policy on the recoupment of executive compensation (the "policy"). References to the Board herein shall include any committee of the Board that has been delegated authority by the Board to administer and enforce this policy in accordance with its terms.

In the event that the Company is required to prepare an accounting restatement to correct an error that is material to its previously issued financial statements under the securities laws, with respect to any cash or equity-based bonus or other cash or equity-based incentive compensation that was granted, earned or became vested based wholly or in part upon the attainment of any financial reporting measure ("incentive-based compensation") during the three completed fiscal years immediately preceding the "required financial restatement date," the Board must seek reimbursement of the amount (computed without regard to any taxes paid) of any such incentive-based compensation awarded or paid to an Executive or effect the cancellation of unvested and vested equity awards previously granted to an Executive, if and to the extent the amount of such incentive-based compensation would have been lower had the level of achievement of the applicable financial reporting measure been calculated based on such restated financial results, unless the Board, or a duly authorized committee, thereof determines, after a reasonable attempt to recover such amount, that it would be impracticable to seek such recovery as a result of the imposition of undue costs on the Company or its shareholders or it would violate non-U.S. law.

The Board will seek the full amount of a recovery under this policy from an affected Executive, absent a determination by the Board in its sole discretion that such recovery would be impracticable. However, the Board has discretion to determine the form and timing of any such recovery, provided that such recovery is accomplished in a reasonably prompt manner. The Board will take such steps as it deems necessary in its sole discretion to ensure that all Executives subject to the policy agree to abide by its terms.

For purposes of this policy, the "required financial restatement date" is the earlier to occur of the date when the Board concludes, or reasonably should have concluded, that the Company's financial statements contained a material error or the date when a court, regulator or other legally authorized body directs the Company to issue a restatement to correct such a material error. For the avoidance of doubt, an Executive will be deemed to have received incentive-based compensation in the fiscal year when the financial reporting measure that is applicable, in whole or in part, to the incentive-based compensation award is obtained, even if the Executive remains subject to additional payment conditions with respect to such award.

If the achievement of a certain financial reporting measure was considered in determining the incentive-based compensation awarded or paid to an Executive, but the incentive-based compensation was not awarded or paid on a formulaic basis such that the amount of any erroneously awarded incentive-based compensation cannot be determined directly from the information in the accounting restatement, the Board will determine in its sole discretion the recoverable amount based on its reasonable estimate of the effect of the financial restatement.

For purposes of this policy, an "Executive" shall mean any current or former employee who is, or was, an "officer" of the Company for purposes of Section 16 of the Securities and Exchange Act of 1934, as amended, at any time during the performance period applicable to the incentive-based compensation at issue.

The remedies under this policy are in addition to, and not in lieu of, any legal and equitable claims the Company may have or any actions that may be imposed by law enforcement agencies, regulators or other authorities. This policy will be administered in a manner that complies with applicable law and securities exchange listing requirements. The Company may adopt additional recoupment provisions in the future or amend existing requirements as required by law or regulation. Subject to the foregoing, the Board shall have the discretionary authority to make all determinations under this policy, including the authority to construe and apply all relevant terms, and may amend this policy at any time.

MINE SAFETY DISCLOSURES

During the reporting period covered by this report, our subsidiary MOR-PPM, Inc. ("PPM") received one significant and substantial citation from the Mine Safety and Health Administration ("MSHA") for work performed at Unimin Corporation's Tunnel City Mine in Tomah, WI. The citation was subsequently terminated by MSHA. The total civil penalty assessed by MSHA related to PPM's work at the Tunnel City Mine for this reporting period was \$1,788.00. PPM has no other disclosures to report under section 1503 for the Tunnel City Mine for the period covered by this report.

On December 1, 2015, PPM received an imminent danger order dated November 30, 2015 issued by MSHA under Section 107(a) of the Federal Mine Safety and Health Act of 1977 for work performed at the Blair Plant in Trempealeau County, Wisconsin. The order was terminated within minutes of it being issued and no employees or equipment were injured or damaged. No civil penalty has been assessed. PPM has no other disclosures to report under section 1503 for the Blair Plant for the period covered by this report.

During the reporting period covered by this report, PPM received two citations from MSHA for work performed at the H-Crush Wyeville Mine in Wyeville, Wisconsin. The order was subsequently terminated by MSHA. The total civil penalty assessed by MSHA related to PPM's work at the Wyeville Mine for this reporting period was \$227.00. PPM has no other disclosures to report under section 1503 for the Wyeville Mine for the period covered by this report.

During the reporting period covered by this report, our subsidiary Southern Industrial Constructors, Inc. ("SIC") received a single proposed civil penalty assessment of \$100.00 from MSHA related to work performed at 3M Corporation's Pittsboro Plant in Morencie, NC. The citation was subsequently terminated by MSHA. SIC has no other disclosures to report under section 1503 for the Pittsboro Plant for the period covered by this report.

NOTICE OF AWARD

NO TEXT ON THIS PAGE

**COUNTY OF NASSAU
DEPARTMENT OF PUBLIC WORKS**
1194 PROSPECT AVENUE
WESTBURY, NEW YORK 11590-2723

NOTICE OF AWARD

June 13, 2016

Joseph P. Florio, President
Welsbach Electric Corp. of L.I.
300 Newtown Road
Plainview, New York 11803

Dear Mr. Florio:

As a result of bids received on March 22, 2016, for work to be done under:
CONTRACT NO: H62000-03F
TITLED: Nassau County Traffic Signal System Operations
Phase IV-PIN 0760.81

You are hereby notified that you are awarded the contract by the County of Nassau, as the lowest responsible bidder, based on your total bid of \$ 2,448,500.00 as per Nassau County Resolution Number 158-2016 and the County Executive's subsequent approval of the contract. Under the terms of the contract documents, you are required to submit the following at the execution of the contract:

1. Insurance and Performance and Labor and Material Bonds:

You must submit to the County of Nassau, Department of Public Works, on or before the date of the signing of the contract, two (2) copies of insurance policies, or certificates thereof, and two (2) copies of Performance and Labor and Material Bonds, in the proper form as provided in the contract documents, and a check for Five Hundred Thirty-Three Dollars (\$533.00) made payable to the County of Nassau for a processing fee. Two (2) copies of Performance and Labor and Material Bonds are to be executed and dated on or before the same day that the contract is to be executed.

2. Signing and Execution of the Contract:

Notice is hereby given that you, your partners, or corporate officers with corporate seal, as the case may be, must be at the Department of Public Works office, 1194 Prospect Avenue, Westbury, New York, to sign and execute the contract **no later than 10:30 A.M. on Friday, June 17, 2016.** Your attention is called to the provision in the Instruction to Bidders which provides for forfeiture of bidder's deposit upon failure to comply with the provisions therein for submitting proper Insurances, Performance and Labor and Material Bonds, and the execution of this contract. You are hereby notified that before any materials can be used in the performance of this contract, they must be officially accepted by the Department of Public Works.

Your particular attention is called to the laws and terms of the contract governing employees, limitation of working hours, and minimum and prevailing rates of pay for employees. In addition, payment of wages must be made in cash unless approval to pay otherwise is granted by the State Industrial Commissioner. No subcontractors or suppliers will be permitted unless they are officially registered and approved, in writing, by the County of Nassau.

Very truly yours,

Shila Shah-Gavnoudias, P.E.
Commissioner of Public Works

COUNTY OF NASSAU
STATE OF NEW YORK
Department of Public Works
AGREEMENT

For furnishing all labor, materials and equipment, together with all work incidental thereto, necessary and required for the contract entitled:

SIGNAL SYSTEM OPERATIONS PHASE 4
PIN 0760.81
VARIOUS ROADWAYS
NASSAU COUNTY, NEW YORK

Contract No. H6200003E

THIS AGREEMENT,

made and executed this _____ day of _____, 20____,
by and between the County of Nassau, hereinafter called the party of the
first part, and

the Contractor, hereinafter called the party of the second part.

WITNESSETH:

In consideration of the mutual stipulations, agreements and covenants herein contained, the parties hereto have agreed with each other, the party of the first part, for itself, its successors and assigns, and the party of the second part, for itself or themselves, its successors and assigns, or its or their executors, administrators and assigns, as follows:

ARTICLE I. GENERAL

- A. The Contractor shall do all the work and furnish all labor, materials, equipment, tools and appliances, except as hereinafter otherwise stated, that may be necessary and proper for performing and completing the work.
- B. The Contractor further agrees that he is fully informed regarding all of the conditions affecting the work to be done and labor and materials to be furnished for the completion of this contract and that his information was secured by personal investigation and research and not from the estimates of the Commissioner of Public Works, and that he will make no claim against the County by reason of estimates, tests or representations of any officer or agent of the County.

Agree H&GE

Page 2

ARTICLE II. DEFINITIONS

Whenever the following words appear in this Contract and Specifications hereto attached:

COUNTY:

The word "County" or pronoun used in place thereof shall mean the County of Nassau as above mentioned, represented by its County Executive, party of the first part.

CONTRACTOR:

The word "Contractor" or pronoun used in place thereof shall mean: the party of the second part of this Agreement, and shall apply thereto regardless of number or gender.

ENGINEER:

The word "Engineer" or pronoun used in place thereof shall mean the Commissioner of Public Works, acting directly or through authorized agent or agents.

HE, HIM, HIMSELF: The word "he" shall mean "he or she", "him" shall mean "him" or "her", "himself" shall mean "himself" or "herself" wherever appropriate throughout the Contract.

NOTICE:

NOTICE:

The word "Notice" shall mean written notice. Notice shall be served upon the Contractor, either personally or by leaving the said notice at his residence or with his agent in charge of the work, or with any employee found on the work, or addressed to the Contractor at the residence or place of business given in the bid and deposited in post paid wrapper in any Post Office Box regularly maintained by the United States Post Office.

SPECIFICATIONS:

The word "Specifications" shall mean all of the directions, conditions, requirements and standards of performance applying to the work as hereinafter detailed and designated as such and this project uses NYSDOT standard specifications of 2008 with approved updates.

ARTICLE III. SPECIAL CONDITIONS

The said work shall be performed in accordance with the true intent and meaning of the 2008 NY State Standard Specifications, therefore which, together with the Proposal, Notice to Bidders, Instruction to Bidders, Notice of Award and the Bond, are hereby referred to and made a

Agree H&GE

Page 3

part of this Contract, without any further expense of any nature whatsoever to the County than the consideration named in this Contract. The County, however, reserves the right to make such additions, deductions or changes, as it deems necessary, making an addition or deduction therefore at the prices named in the proposal for this work; and this Contract shall in no way be invalidated thereby, and no claim shall be made by the Contractor for any loss of anticipated profits because of any such change, or by reason of any variation between the approximate quantities and the quantities of the work as done.

ARTICLE IV. EXTRA WORK

It is further agreed that any material to be furnished or work necessary to be done other than that specified in this Contract shall be covered by a supplemental contract or resolution and that no claim will be made by the Contractor for any such work performed or material furnished before such supplemental contract shall have been approved or passed by the County Executive. Notification will be made to NYSDOT Construction prior to the start of any added or extra work. Work shall conform to the latest NYS Standard Specifications (2008) Sec 109-C5. Refer to section 104 Scope of Work for any changes, contingencies, extra work or deductions on the project.

ARTICLE V. DETERMINATION AND DECISIONS

The work under this Contract shall be done to the satisfaction of the County Executive and Commissioner of Public Works, and in full accordance with the Plans and Specifications or any amendments or additions thereto, and before final acceptance by the County Executive all matters of dispute must be adjusted to the mutual satisfaction of the parties hereto. Determinations and Decisions, in case any question shall arise, shall constitute a condition precedent to the right of the Contractor to receive any money thereof, until the matter in question has been adjusted.

Article VI. County's Right and Notice IT IS MUTUALLY AGREED THAT,

1. if the Contractor fails to begin work when notified to do so by the Commissioner; or
2. if the Contractor becomes insolvent or,
3. if a petition of bankruptcy is filed by or against the Contractor, or
4. if the work to be done under this Contract shall be abandoned or,
5. if this Contract or any part thereof shall be sublet without the consent of the Commissioner of Public Works being first obtained in writing or,
6. if this Contract or any right, monies or claim thereunder shall be assigned by the Contractor otherwise than as herein specified, or,
7. if, at any time, the Commissioner shall be of the opinion that the conditions herein specified as to the rate of progress are not fulfilled or,
8. that the work or any part thereof is unnecessarily or unreasonably

Agree H&GE

Page 4

- delayed, or,
9. that the Contractor is not or has not been executing the Contract in good faith or,
 10. that the Contractor is violating any of the provisions of this Contract; the Commissioner, with the approval of the County Executive and without prejudice to any other rights or remedy of the County, shall have the right to declare the Contractor in default and so notify the Contractor by a written notice, setting forth the ground or grounds upon which such default is declared and that the Contractor shall discontinue the work, either as to a portion of the same or the whole thereof.

Article VII. Contractor's Duty

Upon receipt of the notice provided in Article VI, above, the Contractor shall immediately discontinue all further operations on the work or such part thereof; and shall immediately quit the site or such part thereof, leaving untouched all plant, materials, equipment, tools and supplies.

Article VIII. Completion of the Work

1. The Commissioner, after declaring the Contractor in default as provided in Article VI above, may then have the work completed by such means and in such manner, by contract with or without public letting, or otherwise, as he may deem advisable, utilizing for such purpose such of the Contractor's plant, materials, equipment, tools and supplies remaining on the site, as well as such subcontractors, as he may deem advisable.
2. The expense of such completion, including the cost of reletting, shall be deducted and paid by the County out of the monies due or to become due to the Contractor under this Contract, or any part thereof; and in case such expense is more than the sum remaining unpaid of the original Contract price, the Contractor and his sureties shall pay the amount of such deficiency to the County of Nassau.

ARTICLE IX. MACHINERY AND PLANT

The Contractor shall furnish at his own cost all transportation, apparatus, ways, works, machinery, and plant, and also suitable appliances requisite for the execution of this Contract, and shall be solely answerable for the same, and for the safe, proper and lawful construction, maintenance and use thereof. The Contractor shall cover and protect the work from damage, and all injury to the same before completion of this Contract and its acceptance by the County Executive shall be made good by the Contractor who shall be solely answerable for all damages to the County, to the neighboring premises, or to any private or personal property due to improper, illegal or negligent conduct of himself or his subcontractor, employees or agents in or about the said work, or in the execution of the work covered by this Contract or any extra work undertaken, as hereinafter provided, or to any defect

Agree H&GE

Page 5

in or improper use of scaffolding, apparatus, ways, works, machinery and plant. He shall assume the defense and save harmless the County, it's officers or agents from all claims whatsoever relating to labor or materials furnished for the work, or to inventions, patents or patent rights used in the work or in doing the work.

ARTICLE X. PATENTED DEVICE, MATERIAL AND PROCESSES

It is mutually understood and agreed that contract prices are to include all royalties and costs arising from patents, trademarks and copyrights in any way involved in the work. Whenever the Contractor is required or desires to use any design, device, material or process covered by letters patent or copyright, the Contractor shall indemnify and save harmless the County of Nassau from any and all claims for infringement by reason of the use of any such patented design, device, material or process, to be performed under the Contract and shall indemnify the said County for any costs, expenses and damages which it may be obliged to pay, by reason of any such infringement, at any time during the prosecution or after the completion of the work. The NYSDOT Materials Inspection Manual (MIRK Part 2-A), as well as the Materials Approved List are two important references to utilize in order to determine if materials are acceptable on the contract. Also make sure the contractor submits applicable Materials Certifications, including 'Buy America' certifications for all steel items, if any, on the project

ARTICLE XI. RESPONSIBILITY FOR INJURIES TO PERSONS AND PROPERTY.

- A. The Contractor shall be solely responsible for physical injuries (including death) to persons (including, but not limited to, employees of the Contractor and subcontractors and employees of the County of Nassau) or damage to property (including, but not limited to, property of the County of Nassau or the Contractor or subcontractors) occurring on account of or in connection with the performance of the work hereunder or sustained by any employee of the Contractor, a subcontractor, County of Nassau or other persons while at the site of the work, and shall indemnify and save harmless the County of Nassau from loss and liability upon any and all claims on account of such injuries to persons (including death) or damage to property, and from all costs and expenses in suits which may be brought against the County of Nassau on account of any such injuries to persons or damage to property, irrespective of the actual cause of the accident and irrespective of whether it shall have been due to negligence of the Contractor or his subcontractors or negligence of the County of Nassau, their respective agents, servants or employees.
- B. The term "loss and liability", as used herein, shall be deemed to include, but not to be limited to, liability for the payment of Worker's Compensation under the Worker's Compensation Law of the State of New York, and the Contractor specifically covenants to reimburse the County of Nassau for all payments of Worker's Compensation which the County of Nassau shall be required to make to any employee who shall claim to have sustained injuries on account

of or in connection with the work hereunder, whether or not such injuries shall have been sustained as a result or negligence of the Contractor, his subcontractors, the County of Nassau, their respective agents, servants or employees, or negligence of the injured employee.

- C. The Contractor shall be solely responsible for all injuries to person or damage to property therein occurring on account of the performance of work under this Contract whether due to negligence, fault or default of the Contractor or not, and irrespective of whether it shall have been due to the negligence, fault or default of the County of Nassau, its respective agents, servants or employees. The Contractor shall fully protect, indemnify and save harmless the County of Nassau from loss and from liability upon any and all claims on account of such injuries to employees or other persons or damage to property on account of any work done by the Contractor and from any costs and expenses in suits which may be brought against the County of Nassau for such damages or injuries.
- D. The obligation of the Contractor to indemnify and save harmless the County of Nassau as herein above set forth is absolute and not dependent upon any question of negligence on the part of the Contractor, the subcontractor, the County of Nassau, their respective agents, servants or employees. The approval by the County of Nassau of the methods of doing the work or the failure of the County of Nassau to call attention to improper or inadequate methods or to require a change in methods or to direct the Contractor to take any particular precautions or to refrain from doing any particular thing shall not excuse the Contractor in case of any such injury to person or damage to property.
- E. The Contractor shall take out and maintain during the life of this Contract a liability insurance policy and renewals thereof, issued by an insurance company approved by the County of Nassau, insuring the Contractor at all times during the life of the Contract against loss by reason of his contractual liability under this ARTICLE with limits of * for injuries to persons (including death) and * for damage to property. A Certificate of the issuance of such insurance policy shall be delivered to the County of Nassau upon the execution and delivery of this Contract and such Certificate shall contain an agreement by the insurance company issuing the policy that the policy will not be canceled without 10 days prior notice to the County of Nassau. At least 2 weeks prior to the expiration of the original policy or any renewal thereof a new certificate of the renewal of such insurance, containing an agreement by the insurance company that the insurance will not be canceled without 10 days prior notice to the County of Nassau shall be delivered to the County of Nassau.

* See Article XXVIII for schedule.

ARTICLE XLI. TIME OF START AND COMPLETION

Agree H&GE

Page 7

A. The Contractor shall commence work on the day specified in the Notice To Proceed signed by the Commissioner. However, before starting work, Nassau County will be required to set up a pre-construction meeting with the following in attendance: Nassau County project management, lowest bid contractor, NYSDOT Construction monitors for Local Projects, and utility representatives (if applicable). Two submittals will be required at the time of the meeting: 1. the prime contractors Health and Safety Plan, to be reviewed and approved by Nassau County prior to any work being performed. A copy of the plan will be sent to NYSDOT Construction indicating approval by the sponsor (section 107-05 of the NYS Standard Specifications) 2. A copy of the revised Construction Management Plan for NYSDOT and a second copy that can be signed by all four required signers and kept as part of the project records. Time being of the essence of this contract, the contractor shall thereafter prosecute the work diligently, using such means and methods of construction as will assure its full completion, in accordance with the requirements of the Contract Documents, not later than the date specified in the said notice.

B. Unless the date for completion is extended as herein provided, the Contractor shall complete the work in the number of consecutive calendar days fixed in this contract. The period for performance shall start from the day specified in the Commissioner's Notice To Proceed.

C. Unless approved in writing by the County, in its sole and absolute discretion, no contractual work shall be permitted on Official County Holidays. The Contractor is responsible for coordination with the County Engineer and/or his duly authorized representative prior to the start of work to determine the date(s) of observance of the Official County Holiday(s) that may occur during the course of the Contract. The Official County Holidays are: New Years Day, Martin Luther King, Jr. Day, Lincoln's Birthday, Washington's Birthday, Memorial Day, Independence Day, Labor Day, Columbus Day, Election Day, Veteran's Day, Thanksgiving Day, Friday after Thanksgiving Day and Christmas Day. Failure of the Contractor(s) to consider Official County Holidays during the preparation of their work plans and schedules shall not be cause for a delay claim against the County. Should circumstances arise, during the course of the Contract, where the Contractor requests approval to work on an Official County Holiday and it is granted, the Contractor will be required to reimburse the County for the cost of providing inspection services. Furthermore, failure of the Contractor to have considered such contingency costs in his bid price shall not be cause for an extra work claim to the County at a later date.

ARTICLE XIII. EXTENSION OF TIME

A. It is mutually agreed that no extension beyond the date of completion fixed by the terms of this Contract shall be effective unless in writing signed by the Commissioner of Public Works. Such extension shall be for such time and upon such terms and conditions

as shall be fixed by the Commissioner of Public Works, which may include a charge for engineering and inspection expenses actually incurred upon the work. Applications for such extension shall be filed by the Contractor with the Commissioner of Public Works, approved or denied, and submitted to NYSDOT Construction for their concurrence at least fifteen (15) days prior to the date of expiration fixed by the terms of this agreement. Nassau County shall submit to NYSDOT Construction a copy of both letters, including the initial letter from the Contractor requesting an extension of time with specific reasons (such as weather, etc), as well as the letter from Nassau County acknowledging and approving the time request. The request for a time extension by the contractor shall be submitted by Nassau County to NYSDOT Construction for their concurrence, only after the contractor has submitted a letter requesting time extension with a detailed explanation to the Nassau County and Nassau County has then agreed to the extension and sent a response letter to the contract approving the time extension request. The contractor's request for a time extension must be submitted to the County for a considerable period prior to the actual completion date preferably at least one month. The Contractor's request for extension must be submitted to the County prior to the actual completion date.

3. The Contractor agrees to make no claim for damages for delay in performance of this Contract occasioned by any act or omission to act by the County or any of its representatives and agrees that any such claim shall be fully compensated for by an extension of time to complete the performance of the work as provided herein.

ARTICLE XIV. LIQUIDATED DAMAGES

It is mutually agreed between the parties that time is of the essence in this Contract, and that there will be on the part of the County considerable monetary damage in the event of any delay in the completion of the same. The sum of \$500.00 per day is hereby agreed upon as the liquidated damages for each and every day after the specified date of completion in which the work remains in an incomplete condition, which amount shall in no event be considered as a penalty or otherwise than as the liquidated and adjusted damages of the County because of the said delay. The party of the second part hereby agrees that the sum of \$500.00 for each such day shall be deducted and retained out of monies which may become due hereunder. The County agrees that the date when such liquidated damages shall cease to accrue shall be the date of advise of completion as given by the Commissioner of Public Works, and waives the right of such liquidated damages as to the period covered by the final inspection and by notice to any parties interested.

When work is stopped by order of the Commissioner of Public Works during the Winter, the liquidated damages will be waived for the period until work may be resumed in the following spring.

* See Article XXVIII for schedule.

ARTICLE XV. INSURANCE AND BOND REQUIREMENTS

Agree H&GE

Page 9

A. GENERAL

1. At the execution of this contract, the contractor, at his own expense, must furnish those insurance policies and bonds as described below. Insurance certificates will be acceptable at date of contractor's signing.
2. All insurance policies and bonds must remain in effect throughout the duration of this contract.
3. Limits of liability are described in the Schedule of Requirements (Article XXVI) of this agreement.

B. CONTRACTOR'S PUBLIC LIABILITY INSURANCE

The contractor shall procure such Public Liability Insurance as shall protect him and his subcontractor(s) or any one directly or indirectly employed by either of them from claims for damage for bodily injury, including death, as well for claims for damage to property which may arise from operations under this contract for all Municipalities, Municipal Sub-Divisions and Fee Owners of properties on which work is done.

C. WORKER'S COMPENSATION INSURANCE

In accordance with the laws of The State of New York, failure to comply with this provision shall make this contract void.

D. OWNER'S CONTINGENT PUBLIC LIABILITY INSURANCE

The Contractor shall also furnish Owners Contingent Public Liability Insurance protecting, as the named insured;

1. The County of Nassau;
2. all Municipalities, Municipal Sub-Divisions; and
3. Fee Owners of Properties,
4. Consultants

on which work is being done, each to the full limits of liability as are listed in the Schedule of Requirements (Article XXVI) of this agreement, against claims arising from the operations of the Contractor and his subcontractors.

E. BONDS

The Contractor shall execute both a Performance Bond and a Labor and Material Bond, each in the amount of one hundred percent (100%) of the contract price, to remain in effect for the duration of the contract. In addition the bond forms are provided with the Contract Bid Documents and must be used, no other bond forms are acceptable.

Such bonds to be executed by a surety company authorized to do business in the State of New York and acceptable to the County

Comptroller; or bonds secured by collateral, or securities approved by the County Comptroller, and approved as to form and manner of execution by the County Attorney. Attorneys in fact who sign contract bonds must file with such bonds a certified copy of the power of attorney to sign such bonds.

All Bonds shall be issued by a Surety Company authorized to do business in the State of New York as evidenced by the Surety Company's most recent Certificate of Solvency under Section 3112 of the New York Insurance Law, a copy of which must be attached to the Bond OR issued by a Surety Company listed in the most recent copy of the Department of Treasury's Listing of Approved Sureties (Department Circular 579). The amount of said Bond shall not exceed the limits set by the aforesaid Certificate of Solvency or Treasury Department Circular.

ARTICLE XVI. ARREARS TO COUNTY (Sec. 2206 COUNTY CHARTER)

The Contractor warrants that he is not in arrears to the County upon debt or contract, and that he is not a defaulter, as surety, contractor or otherwise.

ARTICLE XVII. WORKER'S COMPENSATION LAW

Pursuant to the provisions of Chapter Four Hundred and Seventy-eight of the Laws of Nineteen Hundred Sixteen or amendments thereto, this Contract shall be void and of no effect unless the party of the second part shall secure compensation for the benefit of, and keep insured during the life of this Contract, such employees as are required to be insured by the provisions of Chapter Forty-one of the Laws of Nineteen Hundred Fourteen and acts amendatory thereto, known as the "Worker's Compensation Law."

ARTICLE XVIII. LABOR LAWS AND NOTICE OF EMPLOYERS' RIGHTS

An updated New York State Schedule of Prevailing Hourly Wage Rates for this Contract have been applied for and should be attached. If the updated schedule has not been received at the time of bid, they will be attached and made part of this agreement prior to execution of Contract, the Prevailing Wage Rates apply.

1. All persons employed to perform any work under this contract, must be provided with major medical and hospitalization benefits for the duration of this contract. Such benefits may be provided through a monthly lump-sum payment to the health care insurer of the employee's choice. Nothing herein shall be deemed to require the establishment or maintenance of an employee benefit plan.
2. No apprentice employed by the Contractor or any of his subcontractors shall be permitted to perform any work required

under this contract unless said apprentice is individually enrolled in, or a graduate of, a New York State approved apprentice training program registered with the Commissioner of Labor, and in conformity with Article 23 of the New York State Labor Law.

3. The Contractor must pay all wages and supplements required by law. Cash payments in lieu of fringe benefit supplements may be made at the option of the contractor, but any such cash payments must be made by check, draft or order payable to the employee. Records of such cash payments must be made promptly available for inspection upon request for the Nassau County Office of Labor Relations.

4. Posting of Notices

- a. Every Contractor who is a party to a public works contract with the County of Nassau shall, on behalf of its employees, Subcontractors, employees of Subcontractors and independent Contractors of Subcontractors, acknowledge and agrees to establish and maintain a Bulletin Board at or near the established job site Management Office or at such site as the Nassau County Department of Public Works directs, for the conspicuous posting of Notices including the New York State Department of Labor Schedules of Prevailing Wages and Supplements applicable to the Project, Worker's Compensation Law Notices, and all other Notices which are required by law and such Notices as the County of Nassau may require the Contractor to post at the site. To the extent practicable, notice must be posted in such a manner so that the general public may view same at the entrance to the job site.
- b. Such posting shall be secure from deterioration and/or obliteration by the elements, defacement, and acts of vandalism.
- c. Notices shall be maintained in a legible manner and shall be replaced if damaged, defaced, rendered illegible or removed for any reason.
- d. The posting of such Notices shall be undertaken prior to commencement of work at the site, if practical and feasible, and shall be maintained until the project has been substantially completed.
- e. Said notice shall include the telephone number and address of the New York State Department of Labor, Bureau of Public Works.
- f. For multiple prime contracts, each Contractor is required to provide the above, and identify the Contract to which it pertains. Nothing herein shall be construed

to relieve the Contractor from posting requirements otherwise required by law.

5. Providing Notice to Employees

- a. The Contractor shall, on behalf of its employees, Subcontractors, employees of Subcontractors and independent Contractors of Subcontractors, provide written notice to each employee including all his Subcontractors employees that he or she is entitled to receive the prevailing wage and supplements for the occupation for which he or she has been hired. Such written notice shall be given to the employee at or before such individual commences work at the Project Site.
- b. The Contractor shall obtain from each employee a written acknowledgment that the employee has received a copy of such notice and is receiving the prevailing wage rate. For the purpose of this section, an employee includes, in addition to those immediately under the hire and/or supervision of the Contractor, employees and independent contractors of subcontractors engaged in work at the Project Site. The written acknowledgments of the employees required herein shall accompany each month's partial payment request. Wage rate interviews should be performed periodically and be included in the project file. Be sure to use the appropriate NY State MWRK 10 form. Also, be sure to complete the bottom section of this MWRK form by verifying the salary of the particular worker against the certified payrolls submitted by the contractor.

6. Payroll Records

- a. The Contractor shall, on behalf of its employees, Subcontractors, employees of Subcontractors and independent Contractors of Subcontractors, maintain at the job site (or such place designated by the County of Nassau) original payrolls, employee attendance records and/or transcripts thereof as are required to be maintained pursuant to Section 220 of the New York Labor Law and shall maintain the written acknowledgments of the employees as required above with the payrolls and transcripts.
- b. The Contractor shall, on behalf of its employees, Subcontractors, employees of Subcontractors and independent Contractors of Subcontractors, provide to the Resident Project Engineer the Nassau County Director of Labor Relations (or other individuals designated by

the County of Nassau) upon application for payment an employment attendance sheet for all employees, including employees of Subcontractors, for each day on which work is performed on the site, upon a form acceptable to the County of Nassau, containing such information as the County of Nassau deems appropriate, including job classification, hours of employment, wage rate and supplements payable and employer. A current attendance record shall be maintained at a location designated by the County of Nassau.

- c. Every Contractor on a public works contract to which Nassau County is a party shall, on behalf of its employees, Subcontractors, employees of Subcontractors and independent Contractors of Subcontractors, submit a transcript of its original payroll record for all work performed by the Contractor to the Public Works Commissioner of the County of Nassau, the Clerk of the Nassau County Legislature and to the Nassau County Office of Labor Relations within thirty days after the issuance of its first payroll, and every thirty days thereafter. Submissions shall be in such a form as to comply with Section 220 of the Labor Law.
- d. Upon receipt of a copy of the prevailing rate schedule of wages and supplements specified in the public improvement contract, or of a subsequently issued prevailing rate schedule, every Contractor and Subcontractor shall provide a verified statement attesting that the Contractor and Subcontractor has received and reviewed such schedule of wages and supplements, or subsequently issued schedule, and agrees that it will pay the applicable prevailing wages and will provide the supplements specified therein. Such verified statement shall be filed with the Public Works Commissioner of the County of Nassau and the Clerk of the Nassau County Legislature. It shall be a violation of Local Law 1998 for any Contractor or its Subcontractor to fail to provide to its Subcontractor a copy of the prevailing rate schedule of wages and supplements specified in the contract as well as any prevailing rate issued subsequent to the schedule specified in the contract.
- e. Before the Contractor may request a progress payment for any item of work performed by a Subcontractor, the Contractor shall furnish the County of Nassau with a copy of that Subcontractor's verified statement required by New York Labor Law Section 220-a. Before issuance of the final payment, the Contractor shall furnish the County with the original certifications and verified statements required by New York Labor Law Section 220-a. Before any payment is made to the contractor, the

contractor must submit materials certifications as per the contract items specifications to Nassau County along with the AAP-231LL form, Employment Monthly Utilization form and the AAP 21LL, Contractor Report of Contract Payments. These two forms must be printed from the ERO system and included with the payment. After this information has been reviewed and found acceptable to Nassau County, payment procedures may begin.

- f. Before final payment is made by or on behalf of the county for any sum or sums due on account of a contract for a public improvement, it shall be the duty of the Nassau County Comptroller to require the Contractor to file every verified statement required to be obtained by the Contractor from its Subcontractors pursuant to subdivision two of Local Law 1998 and to file a statement in writing in form satisfactory to such officer certifying to the amounts then due and owing from such Contractor filing such statement to or on behalf of any and all laborers for daily or weekly wages or supplements on account of labor performed upon the work under the contract, setting forth therein the names of the persons whose wages or supplements are unpaid and the amount due to each or on behalf of each respectively. Such statement shall also set forth the amounts known by the Contractor to be then due and owing from each Subcontractor, or from a Subcontractor of such Subcontractor, for wages or supplements, or shall certify that the Contractor has no knowledge of such amounts owing to or on behalf of any laborers of its Subcontractors, and that in the event it is determined by the Commissioner that the wages or supplements or both of any employees of such Subcontractors have not been paid or provided pursuant to the appropriate schedule of wages and supplements, the Contractor shall be responsible for payment of such wages or supplements pursuant to New York State law. Such statements so to be filed shall be verified by the oath of the Contractor that he or she has read such statement subscribed by him or her and knows the contents thereof, and that the same is true of his or her own knowledge except with respect to wages and supplements owing by Subcontractors which may be certified upon information and belief. Before Nassau County submits the final payment for reimbursement, Nassau County shall contact and coordinate with NYS DOT Local Projects Construction Monitors to schedule a final inspection. This will be performed only after the first punchlist is completed by the contractor. During the final inspection, a second punchlist will be established. The items of incomplete work or work not meeting specification will need to be resolved by the contractor. Nassau County will need to follow the requirements from Chapter 17 of the PLAFAP

manual for Local Project Close-Outs.

- g. The Contractor shall ensure that all employees on the job site shall have received appropriate training and possess all required state and county licenses for specialty, craft, skill, trade or other professional or licensed trades.
- h. No Contractor, Subcontractor, nor any person acting on its behalf should in any manner discriminate because of race, creed, color, religion, sex, national origin, age, marital status, or disability, against any citizen of the State of New York who is qualified and available to perform the work to which the employment relates.

PREVENTION OF DELAY

The Contractor and his Subcontractors shall not employ any labor or means whose employment or utilization during the course of this Contract, may tend to, or in any way cause, or result in, strikes, work stoppages, delays, suspension of work or similar troubles by workmen employed by the Contractor or his Subcontractors, or by any of the trades working in or about the job sites where work is being performed under this Contract, or any other Contract on the job site. Any violation of this requirement by the Contractor may, upon written determination of the Commissioner of Public Works, be considered as proper and sufficient cause for canceling and terminating this Contract without any penalty to the COUNTY and the COUNTY shall be entitled to recover any damages from the Contractor that may have been caused by such violation.

Schedule Year: 2015 through 2016
Date Requested: 08/09/2015
PRC#: 2015008240

Location: Various - Nassau County
Project ID#: H62000-03E
Project Type: This contract will provide personnel to operate and maintain the County's traffic signal and ITS communications infrastructure.

PREVAILING WAGE SCHEDULE FOR ARTICLE 8 PUBLIC WORK PROJECT

Attached is the current schedule(s) of the prevailing wage rates and prevailing hourly supplements for the project referenced above. A unique Prevailing Wage Case Number (PRC#) has been assigned to the schedule(s) for your project.

The schedule is effective from July 2015 through June 2016. All updates, corrections, posted on the 1st business day of each month, and future copies of the annual determination are available on the Department's website www.labor.state.ny.us. Updated PDF copies of your schedule can be accessed by entering your assigned PRC# at the proper location on the website.

It is the responsibility of the contracting agency or its agent to annex and make part the attached schedule, to the specifications for this project, when it is advertised for bids and /or to forward said schedules to the successful bidder(s), immediately upon receipt, in order to insure the proper payment of wages.

Please refer to the "General Provisions of Laws Covering Workers on Public Work Contracts" provided with this schedule, for the specific details relating to other responsibilities of the Department of Jurisdiction.

Upon completion or cancellation of this project, enter the required information and mail **OR** fax this form to the office shown at the bottom of this notice, **OR** fill out the electronic version via the NYSDOL website.

General Provisions of Laws Covering Workers on Article 8 Public Work Contracts

Introduction

The Labor Law requires public work contractors and subcontractors to pay laborers, workers, or mechanics employed in the performance of a public work contract not less than the prevailing rate of wage and supplements (fringe benefits) in the locality where the work is performed.

Responsibilities of the Department of Jurisdiction

A Department of Jurisdiction (Contracting Agency) includes a state department, agency, board or commission; a county, city, town or village; a school district, board of education; or board of cooperative educational services; a sewer, water, fire, improvement and other district corporation; a public benefit corporation; and a public authority awarding a public work contract.

The Department of Jurisdiction (Contracting Agency) awarding a public work contract MUST obtain a Prevailing Rate Schedule listing the hourly rates of wages and supplements due the workers to be employed on a public work project. This schedule may be obtained by completing and forwarding a "Request for Wage and Supplement Information" form (PW 39) to the Bureau of Public Work. The Prevailing Rate Schedule MUST be included in the specifications for the contract to be awarded and is deemed part of the public work contract.

Upon the awarding of the contract, the law requires that the Department of Jurisdiction (Contracting Agency) furnish the following information to the Bureau: the name and address of the contractor; the date the contract was let and the approximate dollar value of the contract. To facilitate compliance with this provision of the Labor Law, a copy of the Department's "Notice of Contract Award" form (PW 13) is provided with the original Prevailing Rate Schedule.

The Department of Jurisdiction (Contracting Agency) is required to notify the Bureau of the completion or cancellation of any public work project. The Department's PW 200 form is provided for that purpose.

Both the PW 13 and PW 200 forms are available for completion online.

Hours

No laborer, worker, or mechanic in the employ of a contractor or subcontractor engaged in the performance of any public work project shall be permitted to work more than eight hours in any day or more than five days in any week, except in cases of extraordinary emergency. The contractor and the Department of Jurisdiction (Contracting Agency) may apply to the Bureau of Public Work for a dispensation permitting workers to work additional hours or days per week on a particular public work project.

There are very few exceptions to this rule. Complete information regarding these exceptions is available on the "4 Day / 10 Hour Work Schedule" form (PW 30R).

Wages and Supplements

The wages and supplements to be paid and/or provided to laborers, workers, and mechanics employed on a public work project shall be not less than those listed in the current Prevailing Rate Schedule for the locality where the work is performed. If a prime contractor on a public work project has not been provided with a Prevailing Rate Schedule, the contractor must notify the Department of Jurisdiction (Contracting Agency) who in turn must request an original Prevailing Rate Schedule from the Bureau of Public Work. Requests may be submitted by mail to NYSDOL, Bureau of Public Work, State Office Bldg. Campus, Bldg. 12, Rm. 150, Albany, NY 12240; Fax to Bureau of Public Work (518) 485-1870; or electronically at the NYSDOL website www.labor.state.ny.us.

Upon receiving the original schedule, the Department of Jurisdiction (Contracting Agency) is REQUIRED to provide complete copies to all prime contractors who in turn MUST, by law, provide copies of all applicable county schedules to each subcontractor and obtain from each subcontractor an affidavit certifying such schedules were received. If the original schedule expired, the contractor may obtain a copy of the new annual determination from the NYSDOL website www.labor.state.ny.us.

The Commissioner of Labor makes an annual determination of the prevailing rates. This determination is in effect from July 1st through June 30th of the following year. The annual determination is available on the NYSDOL website www.labor.state.ny.us.

Payrolls and Payroll Records

Every contractor and subcontractor MUST keep original payrolls or transcripts subscribed and affirmed as true under penalty of perjury. Payrolls must be maintained for at least three (3) years from the project's date of completion. At a minimum, payrolls must show the following information for each person employed on a public work project: Name, Address, Last 4 Digits of Social Security Number, Classification(s) in which the worker was employed, Hourly wage rate(s) paid, Supplements paid or provided, and Daily and weekly number of hours worked in each classification.

Every contractor and subcontractor shall submit to the Department of Jurisdiction (Contracting Agency), within thirty (30) days after issuance of its first payroll and every thirty (30) days thereafter, a transcript of the original payrolls, subscribed and affirmed as true under penalty of perjury. The Department of Jurisdiction (Contracting Agency) shall collect, review for facial validity, and maintain such payrolls.

In addition, the Commissioner of Labor may require contractors to furnish, with ten (10) days of a request, payroll records sworn to as their validity and accuracy for public work and private work. Payroll records include, by are not limited to time cards, work description sheets, proof that supplements were provided, canceled payroll checks and payrolls. Failure to provide the requested information within the allotted ten (10) days will result in the withholding of up to 26% of the contract, not to exceed \$100,000.00. If the contractor or subcontractor does not maintain a place of business in New York State and the amount of the contract exceeds \$25,000.00, payroll records and certifications must be kept on the project worksite.

The prime contractor is responsible for any underpayments of prevailing wages or supplements by any subcontractor.

All contractors or their subcontractors shall provide to their subcontractors a copy of the Prevailing Rate Schedule specified in the public work contract as well as any subsequently issued schedules. A failure to provide these schedules by a contractor or subcontractor is a violation of Article 8, Section 220-a of the Labor Law.

All subcontractors engaged by a public work project contractor or its subcontractor, upon receipt of the original schedule and any subsequently issued schedules, shall provide to such contractor a verified statement attesting that the subcontractor has received the Prevailing Rate Schedule and will pay or provide the applicable rates of wages and supplements specified therein. (See NY's Labor Laws, Article 8, Section 220-a).

Determination of Prevailing Wage and Supplement Rate Updates Applicable to All Counties

The wages and supplements contained in the annual determination become effective July 1st whether or not the new determination has been received by a given contractor. Care should be taken to review the rates for obvious errors. Any corrections should be brought to the Department's attention immediately. It is the responsibility of the public work contractor to use the proper rates. If there is a question on the proper classification to be used, please call the district office located nearest the project. Any errors in the annual determination will be corrected and posted to the NYSOGL website on the first business day of each month. Contractors are responsible for paying these updated rates as well, retroactive to July 1st.

When you review the schedule for a particular occupation, your attention should be directed to the dates above the column of rates. These are the dates for which a given set of rates is effective. To the extent possible, the Department posts rates in its possession that cover periods of time beyond the July 1st to June 30th time frame covered by a particular annual determination. Rates that extend beyond that instant time period are informational ONLY and may be updated in future annual determinations that actually cover the then appropriate July 1st to June 30th time period.

Withholding of Payments

When a complaint is filed with the Commissioner of Labor alleging the failure of a contractor or subcontractor to pay or provide the prevailing wages or supplements, or when the Commissioner of Labor believes that unpaid wages or supplements may be due, payments on the public work contract shall be withheld from the prime contractor in a sufficient amount to satisfy the alleged unpaid wages and supplements, including interest and civil penalty, pending a final determination.

When the Bureau of Public Work finds that a contractor or subcontractor on a public work project failed to pay or provide the requisite prevailing wages or supplements, the Bureau is authorized by Sections 220-b and 255.2 of the Labor Law to so notify the financial officer of the Department of Jurisdiction (Contracting Agency) that awarded the public work contract. Such officer MUST then withhold or cause to be withheld from any payment due the prime contractor an amount of such contract the amount indicated by the Bureau as sufficient to satisfy the unpaid wages and supplements, including interest and any civil penalty that may be assessed by the Commissioner of Labor. The withholding continues until there is a final determination of the underpayment by the Commissioner of Labor or by the court in the event a legal proceeding is instituted for review of the determination of the Commissioner of Labor.

The Department of Jurisdiction (Contracting Agency) shall comply with this order of the Commissioner of Labor or of the court with respect to the release of the funds so withheld.

Summary of Notice Posting Requirements

The current Prevailing Rate Schedule must be posted in a prominent and accessible place on the site of the public work project. The prevailing wage schedule must be enclosed in, or constructed of, materials capable of withstanding adverse weather conditions and be titled "PREVAILING RATE OF WAGES" in letters no smaller than two (2) inches by two (2) inches.

The "Public Work Project" notice must be posted at the beginning of the performance of every public work contract, on each job site.

Every employer providing workers' compensation insurance and disability benefits must post notices of such coverage in the format prescribed by the Workers' Compensation Board in a conspicuous place on the jobsite.

Every employer subject to the NYS Human Rights Law must conspicuously post at its offices, places of employment, or employment/training centers, notices furnished by the State Division of Human Rights.

Employers liable for contributions under the Unemployment Insurance Law must conspicuously post on the jobsite notices furnished by the NYS Department of Labor.

Apprentices

Employees cannot be paid apprentice rates unless they are individually registered in a program registered with the NYS Commissioner of Labor. The allowable ratio of apprentices to journeyworkers in any craft classification can be no greater than the statewide building trade ratios promulgated by the Department of Labor and included with the Prevailing Rate Schedule. An employee listed on a payroll as an apprentice who is not registered as above or is performing work outside the classification of work for which the apprentice is indentured, must be paid the prevailing journeyworker's wage rate for the classification of work the employee is actually performing.

NYS DOL Labor Law, Article 8, Section 220-3, require that only apprentices individually registered with the NYS Department of Labor may be paid apprenticeship rates on a public work project. No other Federal or State Agency or office registers apprentices in New York State.

Persons wishing to verify the apprentice registration of any person must do so in writing by mail, to the NYSDOL Office of Employability Development / Apprenticeship Training, State Office Bldg. Campus, Bldg. 12, Albany, NY 12240 or by Fax to NYSDOL Apprenticeship Training (518) 467-7154. All requests for verification must include the name and social security number of the person for whom the information is requested.

The only conclusive proof of individual apprentice registration is written verification from the NYSDOL Apprenticeship Training Albany Center's office. Neither Federal nor State Apprenticeship Training offices outside of Albany can provide conclusive registration information.

It should be noted that the existence of a registered apprenticeship program is not conclusive proof that any person is registered in that program. Furthermore, the existence or possession of wallet cards, identification cards, or copies of state forms is not conclusive proof of the registration of any person as an apprentice.

Interest and Penalties

In the event that an underpayment of wages and/or supplements is found:

- Interest shall be assessed at the rate then in effect as prescribed by the Superintendent of Banks pursuant to section 24-a of the Banking Law, per annum from the date of underpayment to the date restitution is made.
- A Civil Penalty may also be assessed, not to exceed 25% of the total of wages, supplements, and interest due.

Debarment

Any contractor or subcontractor and/or its successor shall be ineligible to submit a bid on or be awarded any public work contract or subcontract with any state, municipal corporation or public body for a period of five (5) years when:

- Two (2) willful determinations have been rendered against that contractor or subcontractor and/or its successor within any consecutive six (6) year period.
- There is any willful determination that involves the falsification of payroll records or the kickback of wages or supplements.

Criminal Sanctions

Willful violations of the Prevailing Wage Law (Article 8 of the Labor Law) may be a felony punishable by fine or imprisonment of up to 15 years, or both.

Discrimination

No employee or applicant for employment may be discriminated against on account of age, race, creed, color, national origin, sex, disability or marital status.

No contractor, subcontractor nor any person acting on its behalf, shall by reason of race, creed, color, disability, sex or national origin discriminate against any citizen of the State of New York who is qualified and available to perform the work to which the employment relates (NYS Labor Law, Article 6, Section 220-9(f)).

No contractor, subcontractor, nor any person acting on its behalf, shall in any manner, discriminate against or intimidate any employee on account of race, creed, color, disability, sex, or national origin (NYS Labor Law, Article 8, Section 220-9(b)).

The Human Rights Law also prohibits discrimination in employment because of age, marital status, or religion.

There may be deducted from the amount payable to the contractor under the contract a penalty of \$50.00 for each calendar day during which such person was discriminated against or intimidated in violation of the provision of the contract (NYS Labor Law, Article 6, Section 220-e(c)).

The contract may be cancelled or terminated by the State or municipality. All monies due or to become due thereunder may be forfeited for a second or any subsequent violation of the terms or conditions of the anti-discrimination sections of the contract (NYS Labor Law, Article 6, Section 220-e(d)).

Every employer subject to the New York State Human Rights Law must conspicuously post at its offices, places of employment, or employment training centers notices furnished by the State Division of Human Rights.

Workers' Compensation

In accordance with Section 142 of the State Finance Law, the contractor shall maintain coverage during the life of the contract for the benefit of such employees as required by the provisions of the New York State Workers' Compensation Law.

A contractor who is awarded a public work contract must provide proof of workers' compensation coverage prior to being allowed to begin work.

The insurance policy must be issued by a company authorized to provide workers' compensation coverage in New York State. Proof of coverage must be on form C-100.2 (Certificate of Workers' Compensation Insurance) and must name this agency as a certificate holder.

If New York State coverage is added to an existing out-of-state policy, it can only be added to a policy from a company authorized to write workers' compensation coverage in this state. The coverage must be listed under item 2A of the information page.

The contractor must maintain proof that subcontractors doing work covered under this contract secured and maintained a workers' compensation policy for all employees working in New York State.

Every employer providing workers' compensation insurance and disability benefits must post notices of such coverage in the format prescribed by the Workers' Compensation Board in a conspicuous place on the jobsite.

Unemployment Insurance

Employers liable for contributions under the Unemployment Insurance Law must conspicuously post on the jobsite notices furnished by the New York State Department of Labor.

Andrew M. Cuomo, Governor

Marco J. Musolino, Acting Commissioner

Nassau County Dept Public Work

Loretta DiOnofrio, Hydrogeologist II
1184 Prospect Avenue
Westbury NY 11590

Schedule Year: 2016 through 2016
Date Requested: 08/06/2015
PRC#: 2015008240

Location: Various - Nassau County
Project ID#: H6200-03E
Project Type: This contract will provide personnel to operate and maintain the County's traffic signal and ITS communications infrastructure.

Notice of Contract Award

New York State Labor Law, Article 8, Section 220.3a requires that certain information regarding the awarding of public work contracts, be furnished to the Commissioner of Labor. One "Notice of Contract Award" (PW 18, which may be photocopied), **MUST** be completed for **EACH** prime contractor on the above referenced project.

Upon notifying the successful bidder(s) of this contract, enter the required information and mail **OR** fax this form to the office shown at the bottom of this notice, **OR** fill out the electronic version via the NYSDOL website.

IMPORTANT NOTICE

FOR

CONTRACTORS & CONTRACTING AGENCIES

Social Security Numbers on Certified Payrolls

The Department of Labor is cognizant of the concerns of the potential for misuse or inadvertent disclosure of social security numbers. Identity theft is a growing problem and we are sympathetic to contractors' concerns with regard to inclusion of this information on payrolls if another identifier will suffice.

For these reasons, *the substitution of the use of the last four digits of the social security number on certified payrolls submitted to contracting agencies on public work projects is now acceptable to the Department of Labor.*

NOTE: This change does not affect the Department's ability to request and receive the entire social security number from employers during the course of its public work / prevailing wage investigations.

Budget Policy & Reporting Manual

B-610

Public Work Enforcement Fund

effective date December 7, 2005

1. Purpose and Scope:

This item describes the Public Work Enforcement Fund (the Fund, PWEF) and its relevance to State agencies and public benefit corporations engaged in construction or reconstruction contracts, maintenance and repair, and announces the recently-enacted increase to the percentage of the dollar value of such contracts that must be deposited into the Fund. This item also describes the roles of the following entities with respect to the Fund:

- New York State Department of Labor (DOL),
- The Office of the State Comptroller (OSC), and
- State agencies and public benefit corporations.

2. Background and Statutory References:

DOL uses the Fund to enforce the State's Labor Law as it relates to contracts for construction or reconstruction, maintenance and repair, as defined in subdivision two of Section 220 of the Labor Law. State agencies and public benefit corporations participating in such contracts are required to make payments to the Fund.

Chapter 511 of the Laws of 1995 (as amended by Chapter 513 of the Laws of 1997, Chapter 658 of the Laws of 1999, Chapter 376 of the Laws of 2003 and Chapter 407 of the Laws of 2005) established the Fund.

3. Procedures and Agency Responsibilities:

The Fund is supported by transfers and deposits based on the value of contracts for construction and reconstruction, maintenance and repair, as defined in subdivision two of Section 220 of the Labor Law, into which all State agencies and public benefit corporations enter.

Chapter 407 of the Laws of 2005 increased the amount required to be provided to this fund to .10 of one-percent of the total cost of each such contract, to be calculated at the time agencies or public benefit corporations enter into a new contract or if a contract is amended. The provisions of this bill became effective August 2, 2005.

**To all State Departments, Agency Heads and Public Benefit Corporations
IMPORTANT NOTICE REGARDING PUBLIC WORK ENFORCEMENT FUND**

OSC will report to DOL on all construction-related ("D") contracts approved during the month, including contract amendments, and then DOL will bill agencies the appropriate assessment monthly. An agency may then make a determination if any of the billed contracts are exempt and so note on the bill submitted back to DOL. For any instance where an agency is unsure if a contract is or is not exempt, they can call the Bureau of Public Work at the number noted below for a determination. Payment by check or journal voucher is due to DOL within thirty days from the date of the billing. DOL will verify the amounts and forward them to OSC for processing.

For those contracts which are not approved or administered by the Comptroller, monthly reports and payments for deposit into the Public Work Enforcement Fund must be provided to the Administrative Finance Bureau at the DOL within 30 days of the end of each month or on a payment schedule mutually agreed upon with DOL.

Reports should contain the following information:

- Name and billing address of State agency or public benefit corporation;
- State agency or public benefit corporation contact and phone number;
- Name and address of contractor receiving the award;
- Contract number and effective dates;
- Contract amount and PWEF assessment charge (if contract amount has been amended, reflect increase or decrease to original contract and the adjustment in the PWEF charge); and
- Brief description of the work to be performed under each contract.

Checks and Journal Vouchers, payable to the "New York State Department of Labor" should be sent to:

Department of Labor
Administrative Finance Bureau-PWRP Unit
Building 12, Room 464
State Office Campus
Albany, NY 12240

Any questions regarding billing should be directed to NYSDOL's Administrative Finance Bureau-PWEF Unit at (518) 457-3624 and any questions regarding Public Work Contracts should be directed to the Bureau of Public Work at (518) 457-5589.

Construction Industry Fair Play Act

Required Posting For Labor Law Article 25-B § 861-d

Construction industry employers must post the "Construction Industry Fair Play Act" notice in a prominent and accessible place on the job site.

Failure to post the notice can result in penalties of up to \$1,500 for a first offense and up to \$5,000 for a second offense.

The posting is included as part of this wage schedule. Additional copies may be obtained from the NYS DOL website, www.labor.ny.gov.

If you have any questions concerning the Fair Play Act, please call the State Labor Department toll-free at 1-866-435-1499 or email us at: dol.misclassified@labor.state.ny.us.

WORKER NOTIFICATION

(Labor Law §220, paragraph a of subdivision 3-a)

Effective February 24, 2008

This provision is an addition to the existing prevailing wage rate law, Labor Law §220, paragraph a of subdivision 3-a. It requires contractors and subcontractors to provide written notice to all laborers, workers or mechanics of the *prevailing wage rate* for their particular job classification *on each pay stub**. It also requires contractors and subcontractors to *post a notice* at the beginning of the performance of every public work contract *on each job site* that includes the telephone number and address for the Department of Labor and a statement informing laborers, workers or mechanics of their right to contact the Department of Labor if he/she is not receiving the proper prevailing rate of wages and/or supplements for his/her particular job classification. The required notification will be provided with each wage schedule, may be downloaded from our website www.labor.state.ny.us or made available upon request by contacting the Bureau of Public Work at 518-457-5589.

* In the event that the required information will not fit on the pay stub, an accompanying sheet or attachment of the information will suffice.

OSHA 10-hour Construction Safety and Health Course – S1537-A

Effective July 18, 2008

This provision is an addition to the existing prevailing wage rate law, Labor Law §220, section 220-h. It requires that on all public work projects of at least \$250,000.00, all laborers, workers and mechanics working on the site, be certified as having successfully completed the OSHA 10-hour construction safety and health course. It further requires that the advertised bids and contracts for every public work contract of at least \$250,000.00, contain a provision of this requirement.

NOTE: The OSHA 10 Legislation only applies to workers on a public work project that are required, under Article 8, to receive the prevailing wage.

Requirements for OSHA 10 Compliance

Chapter 282 of the Laws of 2007, codified as Labor Law 220-h took effect on July 18, 2008. The statute provides as follows:

The advertised specifications for every contract for public work of \$250,000.00 or more must contain a provision requiring that every worker employed in the performance of a public work contract shall be certified as having completed an OSHA 10 safety training course. The clear intent of this provision is to require that all employees of public work contractors, required to be paid prevailing rates, receive such training "prior to the performing any work on the project."

The Bureau will enforce the statute as follows:

All contractors and sub contractors must attach a copy of proof of completion of the OSHA 10 course to the first certified payroll submitted to the contracting agency and on each succeeding payroll where any new or additional employee is first listed.

Proof of completion may include but is not limited to:

- Copies of bona fide course completion card (*Note: Completion cards do not have an expiration date.*)
- Training roster, attendance record or other documentation from the certified trainer pending the issuance of the card.
- Other valid proof

**A certification by the employer attesting that all employees have completed such a course is not sufficient proof that the course has been completed.

Any questions regarding this statute may be directed to the New York State Department of Labor, Bureau of Public Work at 518-485-5696.

IMPORTANT INFORMATION

Regarding Use of Form PW30R

"Employer Registration for Use of 4 Day / 10 Hour Work Schedule"

To use the '4 Day / 10 Hour Work Schedule':

There **MUST** be a Dispensation of Hours (PW30) in place on the project

AND

You **MUST** register your intent to work 4 / 10 hour days, by completing the PW30R Form.

REMEMBER...

The '4 Day / 10 Hour Work Schedule' applies **ONLY** to Job Classifications and Counties listed on the PW30R Form.

Do not write in any additional Classifications or Counties.

(Please note : For each Job Classification check the individual wage schedule for specific details regarding their 4/10 hour day posting)

Instructions for Completing Form PW30R

"Employer Registration for Use of 4 Day / 10 Hour Work Schedule"

Before completing Form PW30R check to be sure ...

- There is a *Dispensation of Hours* in place on the project.
- The 4 Day / 10 Hour Work Schedule applies to the Job Classifications you will be using.
- The 4 Day / 10 Hour Work Schedule applies to the County / Counties where the work will take place.

Instructions (Type or Print legibly):

Contractor Information:

- Enter the Legal Name of the business, FEIN, Street Address, City, State, Zip Code, the Company's Phone and Fax numbers, and the Company's email address (if applicable)
- Enter the Name of a Contact Person for the Company along with their Phone and Fax numbers, and the personal email address (if applicable)

Project Information:

- Enter the Prevailing Rate Case number (PRCA) assigned to this project
- Enter the Project Name / Type (i.e. Smithtown CSD - Replacement of HS Roof)
- Enter the Exact Location of Project (i.e. Smithtown HS, 143 County Route #2, Smithtown, NY, Bldgs. 1 & 2)
- If you are a Subcontractor, enter the name of the Prime Contractor for which you work
- On the Checklist of Job Classifications -
 - Go to pages 2 and 3 of the form
 - Place a checkmark in the box to the right of the Job Classification you are choosing
 - Mark all Job Classifications that apply

*** Do not write in any additional Classifications or Counties.***

Requestor Information:

- Enter the name of the person submitting the registration, their title with the company, and the date the registration is filled out

Return Completed Form:

- Mail the completed PW30R form (3 pages) to: NYSOCL Bureau of Public Work, SOBC- Bldg. 12 - Rm. 130, Albany, NY 12240 -OR-
- Fax the completed PW30R form (3 pages) to: NYSOCL Bureau of Public Work at (518)435-1870

New York State Department of Labor
 Bureau of Public Work

Introduction to the Prevailing Rate Schedule

Information About Prevailing Rate Schedule

This information is provided to assist you in the interpretation of particular requirements for each classification of worker contained in the attached Schedule of Prevailing Rates.

Classification

It is the duty of the Commissioner of Labor to make the proper classification of workers taking into account whether the work is heavy and highway, building, sewer and water, tunnel work, or residential, and to make a determination of wages and supplements to be paid or provided. It is the responsibility of the public work contractor to use the proper rate. If there is a question as to the proper classification to be used, please call the district office located nearest the project. District office locations and phone numbers are listed below.

Prevailing Wage Schedules are issued separately for "General Construction Projects" and "Residential Construction Projects" on a county-by-county basis.

General Construction Rates apply to projects such as: Buildings, Heavy & Highway, and Tunnel and Water & Sewer rates.

Residential Construction Rates generally apply to construction, reconstruction, repair, alteration, or demolition of one family, two family, row housing, or rental type units intended for residential use.

Some rates listed in the Residential Construction Rate Schedule have a very limited applicability listed along with the rate. Rates for occupations or locations not shown on the residential schedule must be obtained from the General Construction Rate Schedule. Please contact the local Bureau of Public Work office before using Residential Rate Schedules, to ensure that the project meets the required criteria.

Paid Holidays

Paid Holidays are days for which an eligible employee receives a regular day's pay, but is not required to perform work. If an employee works on a day listed as a paid holiday, this remuneration is in addition to payment of the required prevailing rate for the work actually performed.

Overtime

At a minimum, all work performed on a public work project in excess of eight hours in any one day or more than five days in any workweek is overtime. However, the specific overtime requirements for each trade or occupation on a public work project may differ. Specific overtime requirements for each trade or occupation are contained in the prevailing rate schedules.

Overtime holiday pay is the premium pay that is required for work performed on specified holidays. It is only required where the employee actually performs work on such holidays.

The applicable holidays are listed under HOLIDAYS: OVERTIME. The required rate of pay for these covered holidays can be found in the OVERTIME PAY section listings for each classification.

Supplemental Benefits

Particular attention should be given to the supplemental benefit requirements. In most cases the payment or provision of supplements is for each hour worked (noted in the schedule as "Per hour worked"). Some classifications require the payment or provision of supplements for each hour paid (noted in the schedule as "Per hour paid"), which require supplements to be paid or provided at a premium rate for premium hours worked. Some classifications may also require the payment or provision of supplements for paid holidays on which no work is performed.

Effective Dates

When you review the schedule for a particular occupation, your attention should be directed to the dates above the column of rates. These are the dates for which a given set of rates is effective. This rate listed is valid until the next effective rate change or until the new annual determination which takes effect on July 1 of each year. All contractors and subcontractors are required to pay the current prevailing rates of wages and supplements. If you have any questions please contact the Bureau of Public Work or visit the New York State Department of Labor website (www.labor.state.ny.us) for current wage rate information.

Apprentice Training Ratios

The following are the allowable ratios of registered Apprentices to Journeyworkers.

For example, the ratio 1:1,1:3 indicates the allowable initial ratio is one Apprentice to one Journeyworker. The Journeyworker must be in place on the project before an Apprentice is allowed. Then three additional Journeyworkers are needed before a second Apprentice is allowed. The last ratio repeats indefinitely. Therefore, three more Journeyworkers must be present before a third Apprentice can be hired, and so on.

Please call Apprentice Training Central Office at (516) 457-6020 if you have any questions.

Title (Trade)	Ratio
Boilermaker (Construction)	1:1,1:1
Boilermaker (Shop)	1:1,1:3
Carpenter (Legal I&H, Pile Driver/Dockbuilder)	1:1,1:4
Carpenter (Residential)	1:1,1:3

Electrical (Outside) Lineman	1:1,1:2
Electrician (Inside)	1:1,1:3
Elevator/Escalator Construction & Modernizer	1:1,1:2
Glazier	1:1,1:3
Insulation & Asbestos Worker	1:1,1:3
Iron Worker	1:1,1:3
Laborer	1:1,1:3
Mason	1:1,1:4
Millwright	1:1,1:4
Oil Engineer	1:1,1:5
Painter	1:1,1:3
Plumber & Steamfitter	1:1,1:3
Roofer	1:1,1:2
Sheet Metal Worker	1:1,1:3
Sprinkler Fitter	1:1,1:2

- (S*) Two and one half times the hourly rate the first 8 hours on Sunday or Holidays. One and one half times the hourly rate all additional hours.
- (T) Triple the hourly rate for Holidays, if worked
- (U) Four times the hourly rate for Holidays, if worked
- (V) Including benefits at SAME PREMIUM as shown for overtime
- (W) Three and one half for benefits on all overtime hours.

Holiday Codes

PAID Holidays:

Paid Holidays are days for which an eligible employee receives a regular pay's pay, but is not required to perform work. If an employee works on a day listed as a paid holiday, this remuneration is in addition to payment of the required prevailing rate for the work actually performed.

OVERTIME Holiday Pay:

Overtime holiday pay is the premium pay that is required for work performed on specified holidays. It is only required where the employee actually performs work on such holidays. The applicable holidays are listed under HOLIDAYS; OVERTIME. The required rate of pay for these covered holidays can be found in the OVERTIME PAY section listings for each classification.

Following is an explanation of the code(s) listed in the HOLIDAY section of each classification contained in the attached schedule. The Holidays as listed below are to be paid at the wage rates at which the employee is normally classified.

- (1) None
- (2) Labor Day
- (3) Memorial Day and Labor Day
- (4) Memorial Day and July 4th
- (5) Memorial Day, July 4th, and Labor Day
- (6) New Year's, Thanksgiving, and Christmas
- (7) Lincoln's Birthday, Washington's Birthday, and Veterans Day
- (8) Good Friday
- (9) Lincoln's Birthday
- (10) Washington's Birthday
- (11) Columbus Day
- (12) Election Day
- (13) Presidential Election Day
- (14) 1/2 Day on Presidential Election Day
- (15) Veterans Day
- (16) Day after Thanksgiving
- (17) July 4th
- (18) 1/2 Day before Christmas
- (19) 1/2 Day before New Year's
- (20) Thanksgiving
- (21) New Year's Day
- (22) Christmas
- (23) Day before Christmas
- (24) Day before New Year's
- (25) Presidents Day
- (26) Martin Luther King, Jr. Day
- (27) Memorial Day

SEE PAGE TWO FOR LAWS RELATING TO PUBLIC WORK CONTRACTS

NEW YORK STATE DEPARTMENT OF LABOR
Bureau of Public Work - Debarment List

LIST OF EMPLOYERS INELIGIBLE TO BID ON OR BE
AWARDED ANY PUBLIC WORK CONTRACT

Under Article 8 and Article 9 of the NYS Labor Law, a contractor, sub-contractor and/or its successor shall be debarred and ineligible to submit a bid on or be awarded any public work or public building service contract/sub-contract with the state, any municipal corporation or public body for a period of five (5) years from the date of debarment when:

- Two (2) final determinations have been rendered within any consecutive six-year (6) period determining that such contractor, sub-contractor and/or its successor has WILLFULLY failed to pay the prevailing wage and/or supplements
- One (1) final determination involves falsification of payroll records or the kickback of wages and/or supplements

NOTE: The agency issuing the determination and providing the information, is denoted under the heading 'Fiscal Officer'. DOL = NYS Dept. of Labor; NYC = New York City Comptroller's Office; AG = NYS Attorney General's Office; DA = County District Attorney's Office.

A list of those barred from bidding, or being awarded, any public work contract or subcontract with the State, under section 141-b of the Workers' Compensation Law, may be obtained at the following link, on the NYS DOI Website:

General Decision Number: NY160012 01/08/2016 NY12

Superseded General Decision Number: NY20150012

State: New York

Construction Types: Building, Heavy, Highway and Residential.

Countries: Nassau and Suffolk Counties in New York.

BUILDING CONSTRUCTION PROJECTS, RESIDENTIAL CONSTRUCTION PROJECTS (including single family homes and apartments up to and including 4 stories), HEAVY CONSTRUCTION PROJECTS, HIGHWAY CONSTRUCTION PROJECTS

Note: Under Executive Order (EO) 13658, an hourly minimum wage of \$10.15 for calendar year 2016 applies to all contracts subject to the Davis-Bacon Act for which the solicitation was issued on or after January 1, 2015. If this contract is covered by the EO, the contractor must pay all workers in any classification listed on this wage determination at least \$10.15 (or the applicable wage rate listed on this wage determination, if it is higher) for all hours spent performing on the contract in calendar year 2016. The EO minimum wage rate will be adjusted annually. Additional information on contractor requirements and worker protections under the EO is available at www.dol.gov/whd/govcontracts.

FOOTNOTES:

9. PAID HOLIDAYS: New Year's Day, Presidents' Day, Memorial Day, Independence Day, Labor Day, Columbus Day, Election Day, Veterans' Day (Armistice Day), Thanksgiving Day, Day after Thanksgiving and Christmas Day. Employees working two (2) days in the calendar week in which a holiday falls are to be paid for such holiday, provided that they shape one remaining workday during such calendar week.

WELDERS - Receive rate prescribed for craft performing operation to which welding is incidental.

=====

Unlisted classifications needed for work not included within the scope of the classifications listed may be added after award only as provided in the labor standards contract clauses (29CFR 5.5 (a) (1) (ii)).

The body of each wage determination lists the classification and wage rates that have been found to be prevailing for the cited type(s) of construction in the area covered by the wage determination. The classifications are listed in alphabetical order of "identifiers" that indicate whether the particular rate is a union rate (current union negotiated rate for local), a survey rate (weighted average rate) or a union average rate (weighted union average rate).

Union Rate Identifiers

A four letter classification abbreviation identifier enclosed in dotted lines beginning with characters other than "SU" or "JAVG" denotes that the union classification and rate were prevailing for that classification in the survey. Example: PLUM0198-005 07/01/2014. PLUM is an abbreviation identifier of the union which prevailed in the survey for this classification, which in this example would be Plumbers. 0198 indicates the local union number or district council number where applicable, i.e., Plumbers Local 0198. The next number, 005 in the example, is an internal number used in processing the wage determination. 07/01/2014 is the effective date of the most current negotiated rate, which in this example is July 1, 2014.

Union prevailing wage rates are updated to reflect all rate changes in the collective bargaining agreement (CBA) governing this classification and rate.

Survey Rate Identifiers

Classifications listed under the "SU" identifier indicate that no one rate prevailed for this classification in the survey and

the published rate is derived by computing a weighted average rate based on all the rates reported in the survey for that classification. As this weighted average rate includes all rates reported in the survey, it may include both union and non-union rates. Example: SDFA2012-007 5/13/2014. SD indicates the rates are survey rates based on a weighted average calculation of rates and are not majority rates. LA indicates the State of Louisiana. 2012 is the year of survey on which these classifications and rates are based. The next number, 007 in the example, is an internal number used in producing the wage determination. 5/13/2014 indicates the survey completion date for the classifications and rates under that identifier.

Survey wage rates are not updated and remain in effect until a new survey is conducted.

Union Average Rate Identifiers

Classification(s) listed under the UAWG Identifier indicate that no single majority rate prevailed for those classifications; however, 100% of the data reported for the classifications was union data. EXAMPLE: UAWG-OH-0010 08/29/2014. UAWG indicates that the rate is a weighted union average rate. OH indicates the state. The next number, 0010 in the example, is an internal number used in producing the wage determination. 08/29/2014 indicates the survey completion date for the classifications and rates under that identifier.

A UAWG rate will be updated once a year, usually in January of each year, to reflect a weighted average of the current negotiated/CBA rate of the union locals from which the rate is based.

WAGE DETERMINATION APPEALS PROCESS

1.) Has there been an initial decision in the matter? This can be:

- * an existing published wage determination
- * a survey underlying a wage determination
- * a Wage and Hour Division letter setting forth a position on a wage determination matter
- * a conformance (additional classification and rate) ruling

On survey related matters, initial contact, including requests for summaries of surveys, should be with the Wage and Hour Regional Office for the area in which the survey was conducted because those Regional Offices have responsibility for the Davis-Bacon survey program. If the response from this initial contact is not satisfactory, then the process described in 2.) and 3.) should be followed.

With regard to any other matter not yet ripe for the formal process described here, initial contact should be with the Branch of Construction Wage Determinations. Write to:

Branch of Construction Wage Determinations
 Wage and Hour Division
 U.S. Department of Labor
 200 Constitution Avenue, N.W.
 Washington, DC 20210

2.) If the answer to the question in 1.) is yes, then an interested party (those affected by the action) can request review and reconsideration from the Wage and Hour Administrator (See 29 CFR Part 1.8 and 29 CFR Part 7). Write to:

Wage and Hour Administrator
 U.S. Department of Labor
 200 Constitution Avenue, N.W.
 Washington, DC 20210

The request should be accompanied by a full statement of the interested party's position and by any information (wage payment data, project description, area practice material, etc.) that the requestor considers relevant to the issue.

3.) If the decision of the Administrator is not favorable, an interested party may appeal directly to the Administrative Review Board (formerly the Wage Appeals Board). Write to:

Administrative Review Board
 U.S. Department of Labor
 200 Constitution Avenue, N.W.
 Washington, DC 20210

4.) All decisions by the Administrative Review Board are final.

=====

END OF GENERAL DECLARATION

□

APPENDIX A-1: SUPPLEMENTAL TITLE VI PROVISIONS (CIVIL RIGHTS ACT)

To be included in all contracts

During the performance of this contract, the contractor, for itself, its assignees and successors in interest (hereinafter referred to as the "contractor") agrees as follows:

- (1) **Compliance with Regulations:** The contractor shall comply with the Regulation relative to nondiscrimination in Federally-assisted programs of the Department of Transportation of the United States, Title 49, Code of Federal Regulations, Part 21, and the Federal Highway Administration (hereinafter "FHWA") Title 23, Code of Federal Regulations, Part 200 as they may be amended from time to time, (hereinafter referred to as the Regulations), which are herein incorporated by reference and made a part of this contract.
- (2) **Nondiscrimination:** The Contractor, with regard to the work performed by it during the contract, shall not discriminate on the grounds of race, color, or national origin, sex, age, and disability/handicap in the selection and retention of subcontractors, including procurements of materials and leases of equipment. The contractor shall not participate either directly or indirectly in the discrimination prohibited by 49 CFR, section 21.5 of the Regulations, including employment practices when the contract covers a program set forth in Appendix B of the Regulations.
- (3) **Solicitations for Subcontractors, Including Procurements of Materials and Equipments:** In all solicitations either by competitive bidding or negotiation made by the contractor for work to be performed under a subcontract, including procurements of materials or leases of equipment, each potential subcontractor or supplier shall be notified by the contractor of the contractor's obligations under this contract and the Regulations relative to nondiscrimination on the grounds of race, color, or national origin, sex, age, and disability/handicap.
- (4) **Information and Reports:** The contractor shall provide all information and reports required by the Regulations or directives issued pursuant thereto, and shall permit access to its books, records, accounts, other sources of information, and its facilities as may be determined by NYSDOT or the FHWA to be pertinent to ascertain compliance with such Regulations, orders and instructions. Where any information required of a contractor is in the exclusive possession of another who fails or refuses to furnish this information the contractor shall so certify to NYSDOT's Office of Civil Rights or FHWA, as appropriate, and shall set forth what efforts it has made to obtain the information.
- (5) **Sanctions for Noncompliance:** In the event of the contractor's noncompliance with the nondiscrimination provisions of this contract, NYSDOT shall impose such contract sanctions as it or the FHWA may determine to be appropriate, including, but not limited to:
 - (a.) withholding of payments to the contractor under the contract until the contractor complies, and/or
 - (b.) cancellation, termination or suspension of the contract, in whole or in part.
- (6) **Incorporation of Provisions:** The contractor shall include the provisions of paragraphs (1) through (5) in every subcontract, including procurements of materials and leases of equipment, unless exempt by the Regulations, or directives issued pursuant thereto.

The contractor shall take such action with respect to any subcontractor procurement as NYSDOT or the FHWA may direct as a means of enforcing such provisions including sanctions for non-compliance. Provided, however, that, in the event a contractor becomes involved in, or is threatened with, litigation with a subcontractor or supplier as a result of such direction, the contractor may request NYSDOT to enter into such litigation to protect the interests of NYSDOT, and, in addition, the contractor may request the United States to enter into such litigation to protect the interests of the United States.

Appendix D

Introduced by Legislator Denenberg

Local Law No. 172006

A LOCAL LAW in relation to reducing the emission of pollutants from diesel fuel-powered motor vehicles

Passed by the Nassau County Legislature on November 23, 2006

Voting: ayes: 17, nays: 0, abstained: 0

Became a Law on December 13, 2006 with the approval of the County Executive.

BE IT ENACTED by the County Legislature of the County of Nassau, as follows:

Section 1. This law shall be known as the Ultra Low Sulfur Diesel Fuel Law and shall appear in the miscellaneous laws as title sixty-two.

§ 2. Definitions.

As used in this local law, the following terms shall have the following meanings:

"Best available retrofit technology" means technology, verified by the EPA for reducing the emission of pollutants that achieves reductions in particulate matter emissions at the highest classification level for diesel emission control strategies, as set forth in section five of this local law, which is applicable to the particular engine and application. Such technology shall also, at a reasonable cost, achieve the greatest reduction in emissions of nitrogen oxides at such particulate matter reduction levels and shall in no event result in a net increase in the emissions of either particulate matter or nitrogen oxides.

"Commissioner" shall mean the Commissioner of the Department of Public Works.

"County contractor" means any person who enters into an agreement or contract with the County valued at more than one hundred fifty thousand dollars to perform County work or any person who enters into an agreement or contract with such person to perform County work.

"County department" means any department of County government that uses diesel-powered vehicles in any capacity.

"County" means County of Nassau.

"County work" means to provide labor, services, material and/or equipment which traditionally has been provided by the government of the County through County employees or contractors, except that it shall not mean labor, services, materials and equipment provided by a common carrier; a utility company; a shipping company (including overnight delivery companies); or a manufacturer or delivery company which delivers materials or equipment to County government.

"EPA" means the United States Environmental Protection Agency.

"Gross vehicle weight rating" means the value specified by the manufacturer of a motor vehicle model as the maximum design loaded weight of a single vehicle of that model.

"Motor vehicle" means a vehicle owned by the County and operated or driven upon a public highway which is propelled by any power other than muscular power, except electrically-driven mobility assistance devices operated or driven by a person with a disability, provided, however, that this term shall not include vehicles that are specially equipped for emergency response by the fire commission, the department of emergency management, or the sheriff's department.

"Non-road diesel vehicle" means a motor vehicle powered by a diesel engine fifty horsepower or greater, including but not limited to excavators, backhoes, cranes, compressors, bulldozers, and similar equipment, but not including a vehicle used for competition.

"On-road diesel vehicle" means a motor vehicle powered by a diesel engine that is used to transport persons or property on a street or highway.

"Person" means any individual, partnership, firm, company, association, joint stock association, corporation or other like organization.

"Reasonable cost means that such technology does not cost greater than thirty percent more than other technology applicable to the particular engine and application that falls within the same classification level for diesel emission control strategies, as set forth in section five of this local law, when considering the cost of the strategies, themselves, and the cost of installation.

"Specially equipped vehicle" means a motor vehicle defined as specially equipped pursuant to rules and regulations developed and approved by an appropriate department of county government designated by the county executive, and adopted by the County legislature.

"Ultra low sulfur diesel fuel" means diesel fuel that has a sulfur content of no more than fifteen parts per million.

§ 3. Use of ultra low sulfur diesel fuel required.

a. All on-road diesel vehicles and non-road diesel vehicles owned, leased, or operated by the County, and all such vehicles used by a County contractor to do County work shall be powered by ultra low sulfur diesel fuel.

b. All on-road diesel vehicles and non-road diesel vehicles owned, leased, or operated by the County, and all such vehicles used by a County contractor to do County work and have a gross vehicle weight rating of more than eight thousand five hundred pounds shall utilize the best available retrofit technology or be equipped with an engine certified to the applicable two thousand seven EPA standard for particulate matter as set forth in section 86.007-1.1 of title forty of the code of federal regulations or to any subsequent EPA standard for such pollutant that is at least as stringent, pursuant to the following schedule:

Twenty five percent of all such motor vehicles by January 1, 2009;

Fifty percent of all such motor vehicles by January 1, 2011;

One hundred percent of all such motor vehicles by January 1, 2013.

(1) This subdivision shall not apply to any vehicle subject to a lease or public works contract entered into or renewed prior to the effective date of this section.

§ 4. County executive discretion regarding technology.

a. The county executive shall make determinations, and shall publish a list containing such determination, as to the best available retrofit technology to be used for each type of diesel fuel-powered motor vehicle to which this section applies. Each such determination shall be reviewed and revised, as needed, on a regular basis, but in no event less often than annually.

b. The county executive may determine that a technology, whether or not it has been verified by the EPA, may be appropriate to test, on an experimental basis, on a

particular type of diesel fuel-powered motor vehicle owned or operated by a county department. The county executive may authorize such technology to be installed on up to three of such type of motor vehicles. Any motor vehicle on which such technology is installed may be counted for the purpose of meeting the requirements of subdivision b of section three of this local law. Such technology shall not be required to be installed on other motor vehicles of the same type and shall be subject to the provisions of paragraph d of this section.

c. Any solicitation for a public works contract and any contract entered into as a result of such solicitation shall include a specification that all contractors in the performance of such contract shall utilize the best available technology for reducing the emission of pollutants for diesel powered on-road vehicles and non-road vehicles and all contractors in the performance of such contract shall comply with such specification.

d. No county department or county contractor shall be required to replace best available retrofit technology or experimental technology utilized for a diesel fuel-powered motor vehicle in accordance with the provisions of this section within three years of having first utilized such technology for such vehicle, except that technology that falls within level four as set forth in section five of this law, shall not be required to be replaced until it has reached the end of its useful life.

§ 5. Classification of diesel emission control strategies.

The classification levels for diesel emission control strategies are as follows, with level four being the highest classification level:

Level Four -- strategy reduces diesel particulate matter emissions by eighty-five percent or greater or reduces engine emissions to less than or equal to .01 grams diesel particulate matter per brake horsepower-hour;

Level Three -- strategy reduces diesel particulate matter emissions by between fifty and eighty-four percent;

Level Two - strategy reduces diesel particulate matter emissions by between twenty-five and fifty-nine percent;

Level One - strategy reduces diesel particulate matter emissions by between twenty and twenty-four percent.

§ 6. Contractor violations.

The Commissioner is authorized to enforce the provisions of this section.

a. Any contractor who violates any provision of this section shall be liable for a civil penalty between the amounts of one thousand and ten thousand dollars, in addition to twice the amount of money saved by such contractor for failure to comply with this section.

b. No contractor shall make a false claim with respect to the provisions of this section to any county agency. Where a contractor has been found to have done so, such contractor shall be liable for a civil penalty of twenty thousand dollars, in addition to twice the amount of money saved by such contractor in association with having made such false claim.

§ 7. Procedure when ultra-low sulfur diesel fuel is unavailable.

The county executive shall issue a written determination that permits the use of diesel fuel that has a sulfur content of no more than thirty parts per million to fulfill the requirements of this law if ultra low sulfur diesel fuel is not available to meet the needs of county departments to fulfill the requirements of this law. Such determination shall expire after six months if such lack of availability persists, but in no event shall be in effect after January first, two thousand eight.

§ 8. Waiver.

The county executive may issue a waiver for the use of ultra low sulfur diesel fuel where a county department makes a written finding, approved in writing by the county executive, that a sufficient quantity of ultra low sulfur diesel fuel, or diesel fuel that has a sulfur content of no more than thirty parts per million where a determination is in effect pursuant to section seven of this law, is not available to meet the requirements of this law, provided that such department, to the extent practicable, shall use whatever quantity of ultra low sulfur diesel fuel or diesel fuel that has a sulfur content of no more than thirty parts per million is available for its diesel fuel-powered motor vehicles. Any waiver issued pursuant to this section shall expire after two months, unless the county department renews the finding, in writing, and the county executive approves such renewal, in writing.

§ 9. Report to county executive and legislature.

a. Not later than January first, two thousand eight, and not later than January first of each year thereafter, the appropriate department or departments of county government, as determined by the county executive, shall submit a report to the county executive and legislature of Nassau county regarding, among other things, the use of ultra low sulfur diesel fuel and the use of the best available retrofit technology by diesel fuel-powered motor vehicles owned or operated by county departments during the immediately preceding calendar year. The information contained in this report shall include, but not be limited to, for each county department: (i) the total number of diesel fuel-powered motor vehicles owned or operated by such department; (ii) the number of such motor vehicles that were powered by ultra low sulfur diesel fuel; (iii) the total number of diesel fuel-powered motor vehicles owned or operated by such department having a gross vehicle weight rating of more than eight thousand five hundred pounds; (iv) the number of such motor vehicles that utilized the best available retrofit technology, including a breakdown by motor vehicle model, engine year, and the type of technology used for each vehicle; (v) the number of such motor vehicles that are equipped with an engine certified to the applicable two thousand seven EPA standard for particulate matters as set forth in section 86-007-1.1 of title forty of the code of federal regulations or to any subsequent EPA standard for particulate matter that is at least as stringent; (vi) the number of such motor vehicles that utilized technology in accordance with paragraph two of subdivision c of this section and the results and analysis regarding the testing of such technology; and (vii) all waivers, findings, and renewals of such findings, issued pursuant to sections seven and eight of this law that, for each waiver, shall include, but not be limited to, the quantity of diesel fuel needed to power diesel fuel-powered motor vehicles owned or operated by such department; specific information concerning the availability of ultra low sulfur diesel fuel or diesel fuel that has a sulfur content of no more than thirty parts per million where a determination is in effect pursuant to section seven of this law; and detailed information concerning the department's efforts to obtain ultra low sulfur diesel fuel or diesel fuel that has a sulfur content of no more than thirty parts per million where a determination is in effect pursuant to sections seven or eight of this law.

b. Where a determination is in effect pursuant to section seven or eight of this law, information regarding diesel fuel that has a sulfur content of no more than thirty parts per million shall be reported whenever information is requested for ultra low sulfur diesel fuel pursuant to paragraph one of this section.

c. the report due January first, two thousand eight in accordance with paragraph a of this section shall only include the information required pursuant to subparagraphs (i), (ii), and (vi) of such paragraph.

§10. Inapplicability.

This law shall not apply:

a. when federal or state funding precludes the county from imposing the requirement of this law; or

b. to purchases that are emergency procurements pursuant to the County charter or any local law allowing for such emergency procurements.

c. where such applicability would interfere with the purchase, lease or operation of emergency response vehicles operated by the Department of Emergency Management or the Nassau County Police Department.

d. to a diesel powered non-road vehicle where: 1) the commissioner certifies that the best available technology for reducing the emission of pollutants as required herein is unavailable for such vehicle, in which case such agency or contractor shall use whatever technology is available and appropriate for such vehicle that the commissioner approves for reducing the emission of pollutants; or 2) the vehicle is used for fewer than five calendar days per contract; or 3) the commissioner issues a written waiver based upon a finding that the use of the best available technology for reducing the emission of pollutants may present a hazard or threat to the safety of the operator, other workers or members of the public.

§ 11. Severability.

If any clause, sentence, paragraph, subdivision, section or part of this local law or the application thereof to any person, individual, corporation, firm, partnership, entity or circumstance shall be adjudged by any court of competent jurisdiction to be invalid or unconstitutional, such order or judgment shall not affect, impair, effect or invalidate the remainder thereof, but shall be confined in its operation to the clause, sentence,

paragraph, subdivision, section or part of this law or in its application to the person, individual, corporation, firm, partnership, entity or circumstance directly involved in the controversy in which such order or judgment shall be rendered.

§ 12. SEQRA Determination

It is hereby determined, based on the recommendation of the Nassau County Planning Commission acting in an advisory capacity to the Nassau County Legislature, the lead agency, and pursuant to the provisions of the State Environmental Quality Review Act ("SEQRA"), § NYECL section 0101 et seq. and its implementing regulations, Part 617 of 6 NYCRR, and Section 1611 of the County Government Law of Nassau County, that this Local Law will not have a significant impact on the environment and that no further environmental review or action is required. A record of the Planning Commission's recommendation of negative declaration for this action shall be maintained in a file, readily accessible to the public, at the office of the Planning Commission.

§ 13. Effective date.

This local law shall take effect immediately.

APPROVED

County Executive

Appendix "EE"

Equal Employment Opportunities for Minorities and Women

The provisions of this Appendix EE are hereby made a part of the document to which it is attached.

The Contractor shall comply with all federal, State and local statutory and constitutional anti-discrimination provisions. In addition, Local Law No. 14-2002, entitled "Participation by Minority Group Members and Women in Nassau County Contracts," governs all County Contracts as defined herein and solicitations for bids or proposals for County Contracts. In accordance with Local Law 14-2002:

(a) The Contractor shall not discriminate against employees or applicants for employment because of race, creed, color, national origin, sex, age, disability or marital status in recruitment, employment, job assignments, promotions, upgradings, demotions, transfers, layoffs, terminations, and rates of pay or other forms of compensation. The Contractor will undertake or continue existing programs related to recruitment, employment, job assignments, promotions, upgradings, transfers, and rates of pay or other forms of compensation to ensure that minority group members and women are afforded equal employment opportunities without discrimination.

(b) At the request of the County contracting agency, the Contractor shall request each employment agency, labor union, or authorized representative of workers with which it has a collective bargaining or other agreement or understanding, to furnish a written statement that such employment agency, union, or representative will not discriminate on the basis of race, creed, color, national origin, sex, age, disability, or marital status and that such employment agency, labor union, or representative will affirmatively cooperate in the implementation of the Contractor's obligations herein.

(c) The Contractor shall state, in all solicitations or advertisements for employees, that, in the performance of the County Contract, all qualified applicants will be afforded equal employment opportunities without discrimination because of race, creed, color, national origin, sex, age, disability or marital status.

(d) The Contractor shall make best efforts to solicit active participation by certified minority or women-owned business enterprises ("Certified M/WBEs") as defined in Section 101 of Local Law No. 14-2002, for the purpose of granting of Subcontracts.

(e) The Contractor shall, in its advertisements and solicitations for Subcontractors, indicate its interest in receiving bids from Certified M/WBEs and the requirement that Subcontractors must be equal opportunity employers.

(f) Contractors must notify and receive approval from the respective Department Head prior to issuing any Subcontracts and, at the time of requesting such authorization, must submit a signed Best Efforts Checklist.

(g) Contractors for projects under the supervision of the County's Department of Public Works shall also submit a utilization plan listing all proposed Subcontractors so that, to the greatest extent feasible, all Subcontractors will be approved prior to commencement of work. Any additions or changes to the list of subcontractors under the utilization plan shall be approved by the Commissioner of the Department of Public Works when made. A copy of the utilization plan any additions or changes thereto shall be submitted by the Contractor to the Office of Minority Affairs simultaneously with the submission to the Department of Public Works.

(h) At any time after Subcontractor approval has been requested and prior to being granted, the contracting agency may require the Contractor to submit Documentation Demonstrating Best Efforts to Obtain Certified Minority or Women-owned Business Enterprises. In addition, the contracting agency may require the Contractor to submit such documentation at any time after Subcontractor approval when the contracting agency has reasonable cause to believe that the existing Best Efforts Checklist may be

inaccurate. Within ten working days (10) of any such request by the contracting agency the Contractor must submit Documentation.

(j) In the case where a request is made by the contracting agency or a Deputy County Executive acting on behalf of the contracting agency, the Contractor must, within two (2) working days of such request, submit evidence to demonstrate that it employed Best Efforts to obtain Certified M/WBE participation through proper documentation.

(i) Award of a County Contract alone shall not be deemed or interpreted as approval of all Contractor's Subcontracts and Contractor's fulfillment of Best Efforts to obtain participation by Certified M/WBEs.

(k) A Contractor shall maintain Documentation Demonstrating Best Efforts to Obtain Certified Minority or Women-owned Business Enterprises for a period of six (6) years. Failure to maintain such records shall be deemed failure to make Best Efforts to comply with this Appendix EE, evidence of false certification as M/WBE compliant or considered breach of the County Contract.

(l) The Contractor shall be bound by the provisions of Section 109 of Local Law No. 14-2002 providing for enforcement of violations as follows:

- a. Upon receipt by the Executive Director of a complaint from a contracting agency that a County Contractor has failed to comply with the provisions of Local Law No. 14-2002, this Appendix EE or any other contractual provisions included in furtherance of Local Law No. 14-2002, the Executive Director will try to resolve the matter.
- b. If efforts to resolve such matter to the satisfaction of all parties are unsuccessful, the Executive Director shall refer the matter, within thirty days (30) of receipt of the complaint, to the American Arbitration Association for proceeding thereon.
- c. Upon conclusion of the arbitration proceedings, the arbitrator shall submit to the Executive Director his recommendations regarding the imposition of sanctions, fines or penalties. The Executive Director shall either (i) adopt the recommendation of the arbitrator (ii) determine that no sanctions, fines or penalties should be imposed or (iii) modify the recommendation of the arbitrator, provided that such modification shall not expand upon any sanction recommended or impose any new sanction, or increase the amount of any recommended fine or penalty. The Executive Director, within ten days (10) of receipt of the arbitrator's award and recommendations, shall file a determination of such matter and shall cause a copy of such determination to be served upon the respondent by personal service or by certified mail return receipt requested. The award of the arbitrator, and the fines and penalties imposed by the Executive Director, shall be final determinations and may only be vacated or modified as provided in the civil practice law and rules ("CPLR").

(m) The contractor shall provide contracting agency with information regarding all subcontracts awarded under any County Contract, including the amount of compensation paid to each Subcontractor and shall complete all forms provided by the Executive Director or the Department Head relating to subcontractor utilization and efforts to obtain M/WBE participation.

Failure to comply with provisions (a) through (m) above, as ultimately determined by the Executive Director, shall be a material breach of the contract constituting grounds for immediate termination. Once a final determination of failure to comply has been reached by the Executive Director, the determination of whether to terminate a contract shall rest with the Deputy County Executive with oversight responsibility for the contracting agency.

Provisions (a), (b) and (c) shall not be binding upon Contractors or Subcontractors in the performance of work or the provision of services or any other activity that are unrelated, separate, or distinct from the County Contract as expressed by its terms.

The requirements of the provisions (a), (b) and (c) shall not apply to any employment or application for employment outside of this County or solicitations or advertisements therefor or any

existing programs of affirmative action regarding employment outside of this County and the effect of contract provisions required by these provisions (a), (b) and (c) shall be so limited.

The Contractor shall include provisions (a), (b) and (c) in every Subcontract in such a manner that these provisions shall be binding upon each Subcontractor as to work in connection with the County Contract.

As used in this Appendix EE the term "Best Efforts Checklist" shall mean a list signed by the Contractor, listing the procedures it has undertaken to procure Subcontractors in accordance with this Appendix EE.

As used in this Appendix EE the term "County Contract" shall mean (i) a written agreement or purchase order instrument, providing for a total expenditure in excess of twenty-five thousand dollars (\$25,000), whereby a County contracting agency is committed to expend or does expend funds in return for labor, services, supplies, equipment, materials or any combination of the foregoing, to be performed for, or rendered or furnished to the County; or (ii) a written agreement in excess of one hundred thousand dollars (\$100,000), whereby a County contracting agency is committed to expend or does expend funds for the acquisition, construction, demolition, replacement, major repair or renovation of real property and improvements thereon. However, the term "County Contract" does not include agreements or orders for the following services: banking services, insurance policies or contracts, or contracts with a County contracting agency for the sale of bonds, notes or other securities.

As used in this Appendix EE the term "County Contractor" means an individual, business enterprise, including sole proprietorship, partnership, corporation, not-for-profit corporation, or any other person or entity other than the County, whether a contractor, licensor, licensee or any other party, that is (i) a party to a County Contract, (ii) a bidder in connection with the award of a County Contract, or (iii) a proposed party to a County Contract, but shall not include any Subcontractor.

As used in this Appendix EE the term "County Contractor" shall mean a person or firm who will manage and be responsible for an entire contracted project.

As used in this Appendix EE "Documentation Demonstrating Best Efforts to Obtain Certified Minority or Women-owned Business Enterprises" shall include, but is not limited to the following:

- a. Proof of having advertised for bids, where appropriate, in minority publications, trade newspapers/notices and magazines, trade and union publications, and publications of general circulation in Nassau County and surrounding areas or having verbally solicited M/WBEs whom the County Contractor reasonably believed might have the qualifications to do the work. A copy of the advertisement, if used, shall be included to demonstrate that it contained language indicating that the County Contractor welcomed bids and quotes from M/WBE Subcontractors. In addition, proof of the date(s) any such advertisements appeared must be included in the Best Effort Documentation. If verbal solicitation is used, a County Contractor's affidavit with a notary's signature and stamp shall be required as part of the documentation.
- b. Proof of having provided reasonable time for M/WBE Subcontractors to respond to bid opportunities according to industry norms and standards. A chart outlining the schedule/time frame used to obtain bids from M/WBEs is suggested to be included with the Best Effort Documentation.
- c. Proof or affidavit of follow-up of telephone calls with potential M/WBE subcontractors encouraging their participation. Telephone logs indicating such action can be included with the Best Effort Documentation.
- d. Proof or affidavit that M/WBE Subcontractors were allowed to review bid specifications, blue prints and all other bid/RFP related items at no charge to the M/WBEs, other than reasonable documentation costs incurred by the County Contractor that are passed onto the M/WBE.

- e. Proof or affidavit that sufficient time prior to making award was allowed for M/WBEs to participate effectively, to the extent practicable given the timeframe of the County Contract.
- f. Proof or affidavit that negotiations were held in good faith with interested M/WBEs, and that M/WBEs were not rejected as unqualified or unacceptable without sound business reasons based on (1) a thorough investigation of M/WBE qualifications and capabilities reviewed against industry custom and standards and (2) cost of performance. The basis for rejecting any M/WBE deemed unqualified by the County Contractor shall be included in the Best Effort Documentation.
- g. If an M/WBE is rejected based on cost, the County Contractor must submit a list of all sub-bidders for each item of work solicited and their bid prices for the work.
- h. The conditions of performance expected of Subcontractors by the County Contractor must also be included with the Best Effort Documentation.
- i. County Contractors may include any other type of documentation they feel necessary to further demonstrate their Best Efforts regarding their bid documents.

As used in this Appendix EE the term "Executive Director" shall mean the Executive Director of the Nassau County Office of Minority Affairs; provided, however, that Executive Director shall include a designee of the Executive Director except in the case of final determinations issued pursuant to Section (a) through (i) of these rules.

As used in this Appendix EE the term "Subcontract" shall mean an agreement consisting of part or parts of the contracted work of the County Contractor.

As used in this Appendix EE, the term "Subcontractor" shall mean a person or firm who performs part or parts of the contracted work of a prime contractor providing services, including construction services, to the County pursuant to a county contract. Subcontractor shall include a person or firm that provides labor, professional or other services, materials or supplies to a prime contractor that are necessary for the prime contractor to fulfill its obligations to provide services to the County pursuant to a county contract. Subcontractor shall not include a supplier of materials to a contractor who has contracted to provide goods but no services to the County, nor a supplier of incidental materials to a contractor, such as office supplies, tools and other items of nominal cost that are utilized in the performance of a service contract.

Provisions requiring contractors to retain or submit documentation of best efforts to utilize certified subcontractors and requiring Department head approval prior to subcontracting shall not apply to inter-governmental agreements. In addition, the tracking of expenditures of County dollars by not-for-profit corporations, other municipalities, States, or the federal government is not required.

ARTICLE XIX. PRICES

The County shall pay as set forth in this Contract and the Contractor shall receive the price stipulated as full compensation for everything furnished and done by him under this Contract, and for all loss or damage arising out of the nature of the work aforesaid or from the action of the elements, or from unforeseen obstructions or difficulties encountered in the prosecution of the work and for all expense incurred by or in consequence of the discontinuance of the work herein specified, and for well and faithfully completing the work and the whole thereof as herein specified, and for making repairs to and maintaining the work in good condition until the final acceptance of the work. After the contract award package is reviewed by NYSDOT Construction found to be in order, it may be awarded to the low bid contractor. The contractor shall be paid as per the unit bid prices for each item of work. Nassau County reimbursement payments shall be made on a semi-monthly or monthly basis when Nassau County generates an estimate for payment.

ARTICLE XX. PAYMENTS

- A. On or about the first of each month, the Contractor may make an estimate of the amount and the fair value of the work done and may apply for partial payment therefor. The Contractor shall revise the estimate as the Engineer may direct. All payments shall be made in accordance with the equipment specification and the New York State Procedures for Locally Administered Federal Aid Projects manual.
- B. Before any payments shall be made under this Contract, the Contractor and all subcontractors performing any part of the work called for by this Contract must file in the office of the Department of Public Works of the County of Nassau verified statements provided for in Section 220-a of the Labor Law, as amended, certifying to the amounts then due and owing from the Contractor and subcontractor filing such statements to any and all laborers for daily or weekly wages on account of labor performed upon the work under this Contract, setting forth therein the names of the persons whose wages are unpaid and the amount due to each respectively.
- C. The Contractor must set forth in his statement the names of all his subcontractors and each subcontractor must likewise in his statement set forth the names of his subcontractors. If the Contractor or subcontractor has no subcontractor, he shall so state in his statement. If there be nothing due and owing to any laborer for daily or weekly wages on account of labor performed upon the work under this Contract, verified statements to that effect must be filed by the Contractor and all subcontractors before any payments are made under this Contract. At the pre-construction meeting the contractor shall submit CONR 891A forms for each of the approved subcontractors indicating the particular items of work, and these sheets will be included as part of the project record.

- D. Fringe benefit supplements to employees paid by the contractor are to be paid to a federally qualified pension, health or welfare program and a New York State registered apprentice training program. Direct payments in cash for fringe benefit supplements will not be allowed.
- E. Before any payments are made to the contractor, the contractor must submit Materials Certifications as per the contract items specifications to the sponsor or sponsor's representative, along with the AAP-33LL form, Employment Monthly Utilization form and the AAP 2AMU, Contractor Report of Contract Payments. These two forms must be printed from the EEO system and included with the payment. After this information has been viewed and found acceptable to the Sponsor/Sponsor's representative, payment procedures may begin.
- F. The contractor shall submit at the Pre-construction meeting a copy of CONR 89LL forms for each of the approved subcontractors indicating the particular items of work, and these sheets will be included as part of the project records.
- G. Prompt Payment Provisions

NYS General Municipal Law Section 106-b and NYS Finance Law Article 9, § 139-f were modified to require the Prime Contractor to pay their subcontractors and suppliers within seven (7) calendar days (formerly fifteen calendar days) of receipt of payment from the public owner/sponsor, and provides for interest on late payments for all public works contracts after July 21, 2008. Any contract provisions stating any other payment schedule will not be allowed; contracts cannot modify state finance law.

ARTICLE XXI. FINAL PAYMENT

Within fifteen days after completion of the work and compliance with all the terms of this Contract, and submission of satisfactory evidence of having repaired any and all damage to public or privately owned properties resulting from but not a part of the work under this Contract, the Commissioner of Public Works shall cause a final inspection to be made for approval of all work included in this Contract and shall issue a final certificate of completion to the Contractor for the work done under the Contract. The County shall, not later than thirty (30) days after the acceptance of this work, pay the Contractor the entire sum so found to be due thereunder after deductions of all previous payments and all previous payments. All prior estimates and payments shall be subject to correction in the final estimate and payment. Before Nassau County submits the final payment for reimbursement, Nassau County shall contact and coordinate with NYSDOT Local Projects Construction Monitors to schedule a final inspection. This will be performed only after the first punchlist is completed by the contractor. During the final inspection, a second punchlist will be established. The items of incomplete work or work not meeting specifications will need to be resolved by the contractor. Before final payment is made to the contractor, the contractor must submit the CONR 193 Materials Certifications forms to Nassau County along with the final AAP-331L Composite form, Employment Monthly Utilization form. In addition, the contractor needs to submit a Final Report AAP 211L for the DBE firm(s) as well as subcontractors if applicable. These two forms (Final Report 'Composite' AAP 331L and the Final Report(s) AAP 211L) must be printed from the EDC system and included. After this information has been reviewed and found to be acceptable to Nassau County along with concurrence from NYSDOT Planning and Construction Departments, payment procedures may begin. Nassau County will need to follow the requirements from Chapter 17 of the PLAFAP manual for Local Projects Close-Outs.

ARTICLE XXII. NO ESTOPPEL

The County shall not, nor shall any department or officer thereof be precluded or stopped by any acceptance, return, certificate or payment made or given by the Commissioner of Public Works or other officer, agent or employee of the County under any provision of this agreement, from at any time (either before or after the final completion and acceptance of the work and payment therefor pursuant to any such acceptance, return certificate or payment) showing the true and correct amount, quality and character of the work done and materials furnished by the Contractor or any other person under this Agreement, or from showing at any time that any such acceptance, return, certificate or payment is untrue and incorrect, or improperly made in any particular, or that the work and materials or any part thereof do not in fact conform to the specifications, and the County shall not be precluded or stopped, notwithstanding any such acceptance, return, certificate or payment in accordance therewith, from demanding and recovering from the Contractor such damages as it may sustain by reason of his failure to comply with the specifications.

Agree H&GE

Page 20

ARTICLE XXIII. NO WAIVER OF RIGHTS

Neither the inspection by the County nor by the Commissioner of Public Works, nor by any of their employees, nor any order, measurements or certificate of the Commissioner of Public Works, nor any order of the County for payment of money, nor any money, nor any payment for or acceptance of the whole or any part of the work by the Commissioner of Public Works, or the County, nor any extension of time, nor any possession by the County or its employees, shall operate as a waiver of any provision of this Contract, nor any power herein provided, nor shall any waiver of any breach of this Contract be held as a waiver of any other subsequent breach. Any remedy provided in this Contract shall be taken and construed as cumulative; i.e. - in addition to each and every other former suit, action or legal proceeding. The County shall also be entitled as of right to an injunction against any breach of the provisions of this Contract.

ARTICLE XXIV. CLAIMS AND LIABILITY

No person other than the signer of this Contract as Contractor has any interest hereunder, and no claims shall be made or be valid and neither the County nor any agent thereof shall be liable, or be held to pay any money, except as hereinbefore provided. The acceptance by the Contractor of the last payment shall operate as and shall be a release to the County and every officer or agent thereof, from any claims and liability to the Contractor for anything done or furnished, or any act or neglect of the Contractor or any person relating to or affecting the work. No payment, however, final or otherwise, shall operate to release the Contractor or his sureties from any obligations under this contract or the performance Bond.

ARTICLE XXV. FINAL COMPENSATION

Upon the faithful performance of the work herein embraced as set forth in the Contract, and its acceptance by the Commissioner of Public Works, the County of Nassau hereby agrees to pay and the Contractor agrees to receive the prices stipulated in the proposal as full compensation for work done under the Contract.

ARTICLE XXVI. SPECIFICATION REFERENCES

All specifications, conditions and all other matter contained in the book prepared by the Department of Public Works of the County of Nassau are taken from the latest 2008 New York State Standard Specifications (Us Customary Units) including Region 10 "Special" specifications. Standard "Installation Details" are included on the plans or in the itemized proposal including addenda to the specifications, shall be a part of this Contract and incorporated therein by reference.

ARTICLE XXVII. THIS ARTICLE IS NOT INCLUDED IN THIS CONTRACT

Agree ERGE

Page 21

ARTICLE XXVIII. SCHEDULE OF REQUIREMENTS

A. The following schedule shall apply to the appropriate articles of this agreement:

1. TIME FOR COMPLETION, 1095 calendar days

2. INSURANCE:

a. Contractor's Public Liability Insurance and Owner's Protective Public Liability Insurance shall be equal to the following minimum limits of liability:

1) Minimum Limits of Liability, for each occurrence.

a) Personal Injury - \$ 2,500,000

b) Property Damage - \$ 500,000

c) Or a Combined Single Limit of \$ 3,000,000 or greater.

b. Owner's Contingent public liability Insurance

1) For named insured, see:

Article XV. - Insurance Requirements,

Sec. D. - Owner's Contingent Public Liability Insurance

3. LIQUIDATED DAMAGES, \$500.00 per day

ARTICLE XXIX. SUPERVISION

The Contractor shall give his personal supervision to the faithful prosecution of the work and in case of his absence he shall have a competent English-speaking representative or foreman on the ground who shall follow without delay all instructions of the Commissioner or his assistants in the prosecution and completion of the work and every part thereto, in full authority to supply men/women, material and labor immediately.

ARTICLE XXX. SUBLET OR ASSIGN

A. The Contractor shall not assign, transfer, convey, sublet or otherwise dispose of this Contract or of his right, title or interest in or to it or any part thereof, or his power to execute it or assign, by power of attorney or otherwise, any of the monies due or to become due under this Agreement unless the previous written consent of the County Executive shall first be obtained thereto, and the giving of any such consent to a particular subcontract or assignment shall not dispense with the necessity of such consent to any further or other subcontracts or assignments. The County Executive reserves the right to limit the total amounts of subcontracts to 60 percent (60%) of the total contract price.

Agree H&GE

Page 22

- B. Before making any subcontract, the Contractor must submit a written statement to the Commissioner giving the name and address of the proposed subcontractor, the portion of the work materials which he is to perform and furnish, and any other information tending to prove that the proposed subcontractor has the necessary facilities, skill, integrity, past experience and financial resources to perform the work in accordance with the terms and conditions of this Contract. As part of the approval process, the contractor will assure that the proposed subcontractor is registered in the County's financial and E-Procurement system.
- C. If the Commissioner finds that the proposed subcontractor is qualified and is registered in the above cited system (see paragraph b. above) he will notify the Contractor.
- D. The Commissioner may revoke his approval of a subcontractor when, such subcontractor evidences an unwilling or inability to perform his work in strict accordance with this Contract.
- E. No assignment will receive approval unless the instrument of assignments contains a clause to the effect that it is agreed that the funds to be paid the assignee under this assignment are subject to a prior lien for services rendered or materials supplied for the performance of the work called for in said Contract in favor of all persons, firms, or corporations rendering such services or supplying such materials.
- F. The approval of the Commissioner of a subcontractor shall not relieve the Contractor of any of his responsibilities, duties, and liabilities hereunder. The Contractor shall be solely responsible to the County for the acts of defaults of his subcontractor and of such subcontractor's officers, agents, and employees, each of whom shall, for all purposes, be deemed to be the agent or employee of the Contractor. Nothing contained in the Contract shall create any contractual relationship between any subcontractor and the County.
- G. In addition, the Contractor, at the time of receiving approval from the Commissioner of the name of a subcontractor, shall, before permitting such subcontractor to commence any work contemplated by this Contract, furnish two certificates of workmen's compensation coverage of the employees of said subcontractor. Unless such certificates shall be furnished to the Commissioner, the approval of such subcontractor shall be deemed revoked.

ARTICLE XXXI. COMPTROLLER'S CERTIFICATE

This Contract shall not be binding or of any force unless the County Comptroller shall endorse thereon his certificate that there remains unexpended and unapplied a balance of the appropriation of fund applicable thereto sufficient to pay the estimated expense of executing this Contract as certified by the Officers making the same. In addition the Contractor shall maintain full and complete books and records of accounts in accordance with accepted accounting practices and such other

records as may be prescribed by the Comptroller of the County of Nassau. Such books and records shall be retained for a period of six (6) years and shall at all times be available for audit and inspection by the Comptroller of the County of Nassau or his duly designated representative.

ARTICLE XXXII. ALL LEGAL PROVISIONS DEEMED INCLUDED; SEPARABILITY; SUPEREMACY; COMPLIANCE WITH LAW

1. Every provision of Law required to be inserted into or referenced by this Agreement is intended to be part of this Agreement. If any such provision is not inserted or is not inserted in correct form then: (a) such provision shall be deemed inserted into this Agreement for purposes of interpretation, and (b) upon the application of either party this Agreement shall be formally amended to comply strictly with the Law, without prejudice to the rights of either party.

2. In the event that any provision of this Agreement shall be held to be invalid, illegal or unenforceable, the validity, legality and enforceability of the remaining provisions shall not in any way be affected or impaired thereby.

3. Unless the application of this subsection will cause a provision by Law to be excluded from this Agreement, in the event of any conflict between the terms set forth above the signature page to this Agreement and those contained in any schedule, exhibit, appendix, or attachment to this Agreement, the terms and conditions set forth above the signature page shall control. To the extent possible, all terms of this Agreement should be read together as not conflicting.

4. The Firm shall comply with any and all applicable federal, state and local Laws, including those relating to conflicts of interest, discrimination, and confidentiality, in connection with its performance under this Agreement. In furtherance of the foregoing, the Firm is bound by and shall comply with the terms of Appendix EE attached hereto. As used in this Agreement, the word "Law" means any and all statutes, rules, regulations, orders, ordinances, writs, injunctions, official resolutions, or decrees, as the same may be amended from time to time, enacted, adopted, promulgated, released, or issued, by or on behalf of any government or political subdivision thereof, quasi-governmental authority, court or official investigative body.

5. The Contractor represents that it is in compliance with the provisions of Local Law No. 9-2002, 'Apprenticeship Training Programs for County Contractors,' including having apprenticeship programs appropriate to the type and scope of work to be performed, which have been registered with and approved by the New York State Commissioner of Labor in accordance with Article 23 of the New York Labor Law. Further,

the Contractor shall ensure that any subcontractors performing work under the Contract with a value in excess of \$100,000 will similarly utilize approved apprenticeship programs."

6. Minimum Service Standards: Regardless of whether required by Law:

- a. The Firm shall, and shall cause Consultant Agents to, conduct its, his or her activities in connection with this Agreement so as not to endanger or harm any Person or property.
- b. The Firm shall deliver services under this Agreement in a professional manner consistent with the best practices of the industry in which the Firm operates. The Firm shall take all actions necessary or appropriate to meet the obligation described in the immediately preceding sentence, including obtaining and maintaining, and causing all Consultant Agents to obtain and maintain, all licenses, certifications, and approvals (collectively, "Approvals") necessary or appropriate in connection with the performance of services under this Agreement.

OWNERS AND CONTRACTORS PROTECTIVE LIABILITY COVERAGE FORM – COVERAGE FOR OPERATIONS OF DESIGNATED CONTRACTOR

Various provisions of this policy restrict coverage. Read the entire policy carefully to determine rights, duties and what is and is not covered.

Throughout this policy the words "you" and "your" refer to the Named Insured shown in the Declarations. The words "we," "us" and "our" refer to the company providing this insurance.

The word "insured" means any person or organization qualifying as such under Section II – Who Is An Insured.

Other words and phrases that appear in quotation marks have special meaning. Refer to Section V – Definitions.

SECTION I – COVERAGES

BODILY INJURY AND PROPERTY DAMAGE LIABILITY

1. Insuring Agreement

a. We will pay those sums that the insured becomes legally obligated to pay as damages because of "bodily injury" or "property damage" to which this insurance applies. We will have the right and duty to defend the insured against any "suit" seeking those damages. However, we will have no duty to defend the insured against any "suit" seeking damages for "bodily injury" or "property damage" to which this insurance does not apply. We may, at our discretion, investigate any "occurrence" and settle any claim or "suit" that may result. But:

- (1) The amount we will pay for damages is limited as described in Section III – Limits Of Insurance; and
- (2) Our right and duty to defend ends when we have used up the applicable limit of insurance in the payment of judgments or settlements.

No other obligation or liability to pay sums or perform acts or services is covered unless explicitly provided for under Supplementary Payments.

b. This insurance applies to "bodily injury" and "property damage" only if:

- (1) The "bodily injury" or "property damage" is caused by an "occurrence" and arises out of:

- (a) Operations performed for you by the "contractor" at the location specified in the Declarations; or
 - (b) Your acts or omissions in connection with the general supervision of such operations;
- (2) The "bodily injury" or "property damage" occurs during the policy period; and
 - (3) Prior to the policy period, no insured listed under Paragraph 1. of Section II – Who Is An Insured and no "employee" authorized by you to give or receive notice of an "occurrence" or claim, knew that the "bodily injury" or "property damage" had occurred. In whole or in part. If such a listed insured or authorized "employee" knew, prior to the policy period, that the "bodily injury" or "property damage" occurred, then any continuation, change or resumption of such "bodily injury" or "property damage" during or after the policy period will be deemed to have been known prior to the policy period.
- c. "Bodily injury" or "property damage" which occurs during the policy period and was not, prior to the policy period, known to have occurred by any insured listed under Paragraph 1. of Section II – Who Is An Insured or any "employee" authorized by you to give or receive notice of an "occurrence" or claim, includes any continuation, change or resumption of that "bodily injury" or "property damage" after the end of the policy period.
- d. "Bodily injury" or "property damage" will be deemed to have been known to have occurred at the earliest time when any insured listed under Paragraph 1. of Section II – Who Is An Insured or any "employee" authorized by you to give or receive notice of an "occurrence" or claim:
 - (1) Reports all, or any part, of the "bodily injury" or "property damage" to us or any other insurer;
 - (2) Receives a written or verbal demand or claim for damages because of the "bodily injury" or "property damage"; or
 - (3) Becomes aware by any other means that "bodily injury" or "property damage" has occurred or has begun to occur.

- e. Damages because of "bodily injury" include damages claimed by any person or organization for care, loss of services or death resulting at any time from the "bodily injury."

2. Exclusions

This insurance does not apply to:

a. Expected Or Intended Injury

"Bodily injury" or "property damage" expected or intended from the standpoint of the insured. This exclusion does not apply to "bodily injury" resulting from the use of reasonable force to protect persons or property.

b. Contractual Liability

"Bodily injury" or "property damage" for which the insured is obligated to pay damages by reason of the assumption of liability in a contract or agreement. This exclusion does not apply to liability for damages:

- (1) That the insured would have in the absence of the contract or agreement; or

- (2) Assumed in a contract or agreement that is an "insured contract," provided the "bodily injury" or "property damage" occurs subsequent to the execution of the contract or agreement. Solely for the purposes of liability assumed in an "insured contract," reasonable attorneys' fees and necessary litigation expenses incurred by or for a party other than an insured are deemed to be damages because of "bodily injury" or "property damage," provided:

- (a) Liability to such party for, or for the cost of, that party's defense has also been assumed in the same "insured contract"; and

- (b) Such attorneys' fees and litigation expenses are for defense of that party against a civil or alternative dispute resolution proceeding in which damages to which this insurance applies are alleged.

c. Work Completed Or Put To Intended Use

"Bodily injury" or "property damage" which occurs after the earlier of the following times:

- (1) When all "work" on the project (other than service, maintenance or repairs) to be performed for you by the "contractor" at the site of the covered operations has been completed; or

- (2) When that portion of the "contractor's" "work," out of which the injury or damage arises, has been put to its intended use by any person or organization, other than another contractor or subcontractor working directly or indirectly for the "contractor" or as part of the same project.

d. Acts Or Omissions By You And Your Employees

"Bodily injury" or "property damage" arising out of your, or your "employees," acts or omissions other than general supervision of "work" performed for you by the "contractor."

e. Workers' Compensation And Similar Laws

Any obligation of the insured under a workers' compensation, disability benefits or unemployment compensation law or any similar law.

f. Employer's Liability

"Bodily injury" to:

- (1) An "employee" of the insured arising out of and in the course of:
- (a) Employment by the Insured; or
 - (b) Performing duties related to the conduct of the insured's business; or
- (2) The spouse, child, parent, brother or sister of that "employee" as a consequence of Paragraph (1) above.

This exclusion applies whether the insured may be liable as an employer or in any other capacity and to any obligation to share damages with or repay someone else who must pay damages because of the injury.

This exclusion does not apply to liability assumed by the insured under an "insured contract."

g. Damage To Property

"Property damage" to:

- (1) Property you own, rent, or occupy, including any costs or expenses incurred by you, or any other person, organization or entity, for repair, replacement, enhancement, restoration or maintenance of such property for any reason, including prevention of injury to a person or damage to another's property;
- (2) Property loaned to you;
- (3) Personal property in the care, custody or control of the insured; or
- (4) "Work" performed for you by the "contractor."

h. War

"Bodily injury" or "property damage," however caused, arising, directly or indirectly, out of:

- (1) War, including undeclared or civil war;
- (2) Warlike action by a military force, including action in hindering or defending against an actual or expected attack, by any government, sovereign or other authority using military personnel or other agents; or
- (3) Insurrection, rebellion, revolution, usurped power, or action taken by governmental authority in hindering or defending against any of these.

i. Mobile Equipment

"Bodily injury" or "property damage" arising out of the use of "mobile equipment" in, or while in practice for, or while being prepared for, any prearranged racing, speed, demolition, or stunting activity.

j. Pollution

(1) "Bodily injury" or "property damage" arising out of the actual, alleged or threatened discharge, dispersal, seepage, migration, release or escape of "pollutants":

- (a) At or from any premises, site or location which is or was at any time owned or occupied by, or rented or loaned to, any insured. However, this subparagraph does not apply to:
 - (i) "Bodily injury" if sustained within a building and caused by smoke, fumes, vapor or soot produced by or originating from equipment that is used to heat, cool or dehumidify the building, or equipment that is used to heat water for personal use, by the building's occupants or their guests;
 - (ii) "Bodily injury" or "property damage" arising out of heat, smoke or fumes from a "hostile fire";
- (b) At or from any premises, site or location which is or was at any time used by or for any insured or others for the handling, storage, disposal, processing or treatment of waste;
- (c) Which are or were at any time transported, handled, stored, treated, disposed of, or processed as waste by or for:
 - (i) Any insured; or
 - (ii) Any person or organization for whom you may be legally responsible; or

(d) At or from any premises, site or location on which any insured or any contractors or subcontractors working directly or indirectly on any insured's behalf are performing operations if the "pollutants" are brought on or to the premises, site or location in connection with such operations by such insured, contractor or subcontractor. However, this subparagraph does not apply to:

- (i) "Bodily injury" or "property damage" arising out of the escape of fuels, lubricants or other operating fluids which are needed to perform the normal electrical, hydraulic or mechanical functions necessary for the operation of "mobile equipment" or its parts, if such fuels, lubricants or other operating fluids escape from a vehicle part designed to hold, store or receive them. This exception does not apply if the "bodily injury" or "property damage" arises out of the intentional discharge, dispersal or release of the fuels, lubricants or other operating fluids, or if such fuels, lubricants or other operating fluids are brought on or to the premises, site or location with the intent that they be discharged, dispersed or released as part of the operations being performed by such insured, contractor or subcontractor;
 - (ii) "Bodily injury" or "property damage" sustained within a building and caused by the release of gases, fumes or vapors from materials brought into that building in connection with operations being performed by or on behalf of any insured; or
 - (iii) "Bodily injury" or "property damage" arising out of heat, smoke or fumes from a "hostile fire."
- (e) At or from any premises, site or location on which any insured or any contractors or subcontractors working directly or indirectly on any insured's behalf are performing operations if the operations are to test for, monitor, clean up, remove, contain, treat, detoxify or neutralize, or in any way respond to, or assess the effects of "pollutants."

The first part of the document discusses the importance of maintaining accurate records of all transactions. It emphasizes that every entry should be supported by a valid receipt or invoice. This not only helps in tracking expenses but also ensures compliance with tax regulations.

In the second section, the author provides a detailed breakdown of the company's financial performance over the last quarter. This includes a comparison of actual results against the budgeted figures. The analysis shows that while revenue has increased, there has been a corresponding rise in operating expenses, which has impacted the overall profit margin.

The third section focuses on the company's strategic initiatives for the upcoming year. It outlines key areas for growth, such as expanding into new markets and investing in research and development. The author also discusses the potential risks associated with these initiatives and proposes mitigation strategies to ensure the company remains on track.

Finally, the document concludes with a summary of the key findings and recommendations. It stresses the need for continued vigilance in financial management and a commitment to transparency in reporting. The author expresses confidence in the company's ability to overcome challenges and achieve its long-term goals.

(2) Any loss, cost or expense arising out of any:

- (a) Request, demand, order or statutory or regulatory requirement that any insured or others test for, monitor, clean up, remove, contain, treat, detoxify or neutralize, or in any way respond to, or assess the effects of "pollutants"; or
- (b) Claim or suit by or on behalf of a governmental authority for damages because of testing for, monitoring, cleaning up, removing, containing, treating, detoxifying or neutralizing, or in any way responding to, or assessing the effects of "pollutants."

However, this paragraph does not apply to liability for damages because of "property damage" that the insured would have in the absence of such request, demand, order or statutory or regulatory requirement, or such claim or "suit" by or on behalf of a governmental authority.

k. Damage To Impaired Property Or Property Not Physically Injured

"Property damage" to "impaired property" or property that has not been physically injured, arising out of:

- (1) A defect, deficiency, inadequacy or dangerous condition in "work" performed for you by the "contractor"; or
- (2) A delay or failure by you or anyone acting on your behalf to perform a contract or agreement in accordance with its terms.

This exclusion does not apply to the loss of use of other property arising out of sudden and accidental physical injury to "work" performed for you by the "contractor."

l. Electronic Data

Damages arising out of the loss of, loss of use of, damage to, corruption of, inability to access, or inability to manipulate electronic data.

However, this exclusion does not apply to liability for damages because of "bodily injury."

As used in this exclusion, electronic data means information, facts or programs stored as or on, created or used on, or transmitted to or from computer software, including systems and applications software, hard or floppy disks, CD-ROMs, tapes, drives, cells, data processing devices or any other media which are used with electronically controlled equipment.

SUPPLEMENTARY PAYMENTS

1. We will pay, with respect to any claim we investigate or settle, or any "suit" against an insured we defend:

- a. All expenses we incur.
- b. Up to \$250 for cost of bail bonds required because of accidents or traffic law violations arising out of the use of any vehicle to which this insurance applies. We do not have to furnish these bonds.
- c. The cost of bonds to release attachments, but only for bond amounts within the applicable limit of insurance. We do not have to furnish these bonds.
- d. All reasonable expenses incurred by the insured at our request to assist us in the investigation or defense of the claim or "suit," including actual loss of earnings up to \$250 a day because of time off from work.
- e. All court costs taxed against the insured in the "suit." However, these payments do not include attorneys' fees or attorneys' expenses taxed against the insured.
- f. Prejudgment interest awarded against the insured on that part of the judgment we pay. If we make an offer to pay the applicable limit of insurance, we will not pay any prejudgment interest based on that period of time after the offer.
- g. All interest on the full amount of any judgment that accrues after entry of the judgment and before we have paid, offered to pay, or deposited in court the part of the judgment that is within the applicable limit of insurance.
- h. Expenses incurred by the insured for first aid administered to others at the time of an accident for "bodily injury" to which this insurance applies.

These payments will not reduce the limits of insurance.

- 2. If we defend an insured against a "suit" and an indemnitee of the insured is also named as a party to the "suit," we will defend that indemnitee if all of the following conditions are met:
 - a. The "suit" against the indemnitee seeks damages for which the insured has assumed the liability of the indemnitee in a contract or agreement that is an "insured contract";
 - b. This insurance applies to such liability assumed by the insured;
 - c. The obligation to defend, or the cost of the defense of, that indemnitee, has also been assumed by the insured in the same "insured contract";

1. The first part of the document discusses the importance of maintaining accurate records of all transactions. This is essential for ensuring the integrity of the financial statements and for providing a clear audit trail. The records should be kept in a secure and accessible location, and should be updated regularly.

2. The second part of the document outlines the various methods used to collect and analyze data. This includes both qualitative and quantitative techniques, and should be tailored to the specific needs of the study. It is important to ensure that the data collection process is rigorous and unbiased, and that the analysis is thorough and objective.

3. The third part of the document describes the results of the study and the conclusions drawn from the data. This should be presented in a clear and concise manner, and should include a discussion of the limitations of the study and any implications for future research. The conclusions should be based on the evidence presented, and should be supported by appropriate statistical tests.

4. The fourth part of the document provides a detailed description of the methodology used in the study. This should include information about the sample size, the selection criteria, and the specific procedures used for data collection and analysis. This section is important for ensuring the transparency and replicability of the study.

5. The fifth part of the document discusses the ethical considerations that were taken into account during the study. This includes information about the approval of the study by the appropriate ethics committees, and the measures taken to ensure the confidentiality and anonymity of the participants. It is important to ensure that the study is conducted in a responsible and ethical manner.

6. The sixth part of the document provides a summary of the key findings of the study and the implications for practice. This should be presented in a clear and concise manner, and should include a discussion of the limitations of the study and any implications for future research. The conclusions should be based on the evidence presented, and should be supported by appropriate statistical tests.

7. The final part of the document provides a list of references and a list of appendices. The references should include all of the sources used in the study, and the appendices should include any additional information that is relevant to the study. This section is important for providing a complete and accurate record of the study.

- d. The allegations in the "suit" and the information we know about the "occurrence" are such that no conflict appears to exist between the interests of the insured and the interests of the indemnitee;
- e. The indemnitee and the insured ask us to conduct and control the defense of that indemnitee against such "suit" and agree that we can assign the same counsel to defend the insured and the indemnitee; and
- f. The indemnitee:

(1) Agrees in writing to:

- (a) Cooperate with us in the investigation, settlement or defense of the "suit";
- (b) Immediately send us copies of any demands, notices, summonses or legal papers received in connection with the "suit";
- (c) Notify any other insurer whose coverage is available to the Indemnitee; and
- (d) Cooperate with us with respect to coordinating other applicable insurance available to the Indemnitee; and

(2) Provides us with written authorization to:

- (a) Obtain records and other information related to the "suit"; and
- (b) Conduct and control the defense of the indemnitee in such "suit."

So long as the above conditions are met, attorneys' fees incurred by us in the defense of that Indemnitee, necessary litigation expenses incurred by us and necessary litigation expenses incurred by the indemnitee at our request will be paid as Supplementary Payments. Notwithstanding the provisions of Paragraph 2.b.(2) of Section I – Coverages – Bodily Injury And Property Damage Liability, such payments will not be deemed to be damages for "bodily injury" and "property damage" and will not reduce the limits of Insurance.

Our obligation to defend an insured's indemnitee and to pay for attorneys' fees and necessary litigation expenses as Supplementary Payments ends when we have used up the applicable limit of insurance in the payment of judgments or settlements or the conditions set forth above, or the terms of the agreement described in Paragraph f. above, are no longer met.

SECTION II – WHO IS AN INSURED

1. If you are designated in the Declarations as:
 - a. An individual, you and your spouse are insureds.

- b. A partnership or joint venture, you are an insured. Your members, your partners, and their spouses are also insureds, but only with respect to their duties as partners or members of a joint venture.
 - c. A limited liability company, you are an insured. Your members are also insureds, but only with respect to their duties as members of a limited liability company. Your managers are insureds, but only with respect to their duties as your managers.
 - d. An organization other than a partnership, joint venture or limited liability company, you are an insured. Your "executive officers" and directors are insureds, but only with respect to their duties as your officers or directors. Your stockholders are also insureds, but only with respect to their liability as stockholders.
2. Each of the following is also an insured:
- a. Any person (other than your "employee") or any organization while acting as your real estate manager.
 - b. Any person or organization having proper temporary custody of your property if you die, but only:
 - (1) With respect to liability arising out of the maintenance or use of that property; and
 - (2) Until your legal representative has been appointed.
 - c. Your legal representative if you die, but only with respect to duties as such. That representative will have all your rights and duties under this Coverage Part.

No person or organization is an insured with respect to the conduct of any current or past partnership, joint venture or limited liability company that is not shown as a Named Insured in the Declarations.

SECTION III – LIMITS OF INSURANCE

1. The Limits of Insurance shown in the Declarations and the rules below fix the most we will pay regardless of the number of:
 - a. Insureds;
 - b. Claims made or "suits" brought; or
 - c. Persons or organizations making claims or bringing "suits."
2. The Aggregate Limit is the most we will pay for the sum of damages because of all "bodily injury" and "property damage."
3. Subject to Paragraph 2. above, the Each Occurrence Limit is the most we will pay for the sum of damages because of all "bodily injury" and "property damage" arising out of any one "occurrence."

If you designate more than one project in the Declarations, the Aggregate Limit shall apply separately to each project.

The Limits of Insurance of this Coverage Part apply separately to each consecutive annual period and to any remaining period of less than 12 months, starting with the beginning of the policy period shown in the Declarations, unless the policy period is extended after issuance for an additional period of less than 12 months. In that case, the additional period will be deemed part of the last preceding period for purposes of determining the Limits of Insurance.

SECTION IV – CONDITIONS

1. Bankruptcy

Bankruptcy or insolvency of the insured or of the insured's estate will not relieve us of our obligations under this Coverage Part.

2. Cancellation

- a. The first Named Insured shown in the Declarations may cancel this policy by mailing or delivering to us advance written notice of cancellation.
- b. We may cancel this policy by mailing or delivering to the first Named Insured and the "contractor" written notice of cancellation at least:
 - (1) 10 days before the effective date of cancellation if we cancel for nonpayment of premium; or
 - (2) 30 days before the effective date of cancellation if we cancel for any other reason.
- c. We will mail or deliver our notices to the first Named Insured's and the "contractor's" last mailing address known to us.
- d. Notice of cancellation will state the effective date of cancellation. The policy period will end on that date.
- e. If this policy is cancelled, we will send the "contractor" any premium refund due. If we cancel, the refund will be pro rata. If the first Named Insured cancels, the refund may be less than pro rata. The cancellation will be effective even if we have not made or offered a refund.
- f. If notice is mailed, proof of mailing will be sufficient proof of notice.

3. Changes

This policy contains all the agreements between you, the "contractor" and us concerning the insurance afforded. The first Named Insured shown in the Declarations and the "contractor" are authorized to make changes in the terms of this policy with our consent. This policy's terms can be amended or waived only by endorsement issued by us and made a part of this policy.

4. Duties In The Event Of Occurrence, Claim Or Suit

- a. You must see to it that we are notified as soon as practicable of an "occurrence" which may result in a claim. To the extent possible, notice should include:
 - (1) How, when and where the "occurrence" took place;
 - (2) The names and addresses of any injured persons and witnesses; and
 - (3) The nature and location of any injury or damage arising out of the "occurrence."
- b. If a claim is made or "suit" is brought against any insured, you must:
 - (1) Immediately record the specifics of the claim or "suit" and the date received; and
 - (2) Notify us as soon as practicable.You must see to it that we receive written notice of the claim or "suit" as soon as practicable.
- c. You and any other involved insured must:
 - (1) Immediately send us copies of any demands, notices, summonses or legal papers received in connection with the claim or "suit";
 - (2) Authorize us to obtain records and other information;
 - (3) Cooperate with us in the investigation or settlement of the claim or defense against the "suit"; and
 - (4) Assist us, upon our request, in the enforcement of any right against any person or organization which may be liable to the insured because of injury or damage to which this insurance may also apply.
- d. No insured will, except at that insured's own cost, voluntarily make a payment, assume any obligation, or incur any expense, other than for first aid, without our consent.

5. Examination Of Your Books And Records

We may examine and audit your books and records as well as the "contractor's" books and records as they relate to this policy at any time during the policy period and up to three years afterward.

6. Inspections And Surveys

a. We have the right to:

- (1) Make inspections and surveys at any time;
- (2) Give you reports on the conditions we find; and
- (3) Recommend changes.

b. We are not obligated to make any inspections, surveys, reports or recommendations and any such actions we do undertake relate only to Insurability and the premiums to be charged. We do not make safety inspections. We do not undertake to perform the duty of any person or organization to provide for the health or safety of workers or the public. And we do not warrant that conditions:

- (1) Are safe or healthful; or
- (2) Comply with laws, regulations, codes or standards.

c. Paragraphs a. and b. of this condition apply not only to us, but also to any rating, advisory, rate service or similar organization which makes insurance inspections, surveys, reports or recommendations.

d. Paragraph b. of this condition does not apply to any inspections, surveys, reports or recommendations we may make relative to certification, under state or municipal statutes, ordinances or regulations, of boilers, pressure vessels or elevators.

7. Legal Action Against Us

No person or organization has a right under this Coverage Part:

- a. To join us as a party or otherwise bring us into a "suit" asking for damages from an insured; or
- b. To sue us on this Coverage Part unless all of its terms have been fully complied with.

A person or organization may sue us to recover on an agreed settlement or on a final judgment against an insured; but we will not be liable for damages that are not payable under the terms of this Coverage Part or that are in excess of the applicable limit of insurance. An agreed settlement means a settlement and release of liability signed by us, the insured and the claimant or the claimant's legal representative.

8. Other Insurance

The Insurance afforded by this Coverage Part is primary insurance and we will not seek contribution from any other Insurance available to you unless the other insurance is provided by a contractor other than the designated "contractor" for the same operation and job location designated in the Declarations. Then we will share with that other insurance by the method described below.

If all of the other insurance permits contribution by equal shares, we will follow this method also. Under this approach, each insurer contributes equal amounts until it has paid its applicable limit of insurance or none of the loss remains, whichever comes first.

If any of the other insurance does not permit contribution by equal shares, we will contribute by limits. Under this method, each insurer's share is based on the ratio of its applicable limit of insurance to the total applicable limits of insurance of all insurers.

9. Premiums

The "contractor":

- a. Is responsible for the payment of all premiums; and
- b. Will be the payee for any return premiums we pay.

10. Premium Audit

a. We will compute all premiums for this Coverage Part in accordance with our rules and rates.

b. Premium shown in this Coverage Part as advance premium is a deposit premium only. At the close of each audit period we will compute the earned premium for that period and send notice to the "contractor." The due date for audit and retrospective premiums is the date shown as the due date on the bill. If the sum of the advance and audit premiums paid for the policy period is greater than the earned premium, we will return the excess to the "contractor."

c. The "contractor" must keep records of the information we need for premium computation, and send us copies at such times as we may request.

11. Separation Of Insureds

Except with respect to the Limits of Insurance, and any rights or duties specifically assigned in this Coverage Part to the first Named Insured, this insurance applies:

- a. As if each Named Insured were the only Named Insured; and

- b. Separately to each insured against whom claim is made or "suit" is brought.

12. Transfer Of Rights Of Recovery Against Others To Us

If the insured has rights to recover all or part of any payment we have made under this Coverage Part those rights are transferred to us. The insured must do nothing after loss to impair them. At our request, the insured will bring "suit" or transfer those rights to us and help us enforce them.

13. When We Do Not Renew

If we decide not to renew this Coverage Part, we will mail or deliver to the first Named Insured shown in the Declarations written notice of the nonrenewal not less than 30 days before the expiration date.

If notice is mailed, proof of mailing will be sufficient proof of notice.

SECTION V – DEFINITIONS

1. "Auto" means:

- a. A land motor vehicle, trailer or semitrailer designed for travel on public roads, including any attached machinery or equipment; or
- b. Any other land vehicle that is subject to a compulsory or financial responsibility law or other motor vehicle insurance law where it is licensed or principally garaged.

However, "auto" does not include "mobile equipment."

- 2. "Bodily injury" means bodily injury, sickness or disease sustained by a person, including death resulting from any of these at any time.
- 3. "Contractor" means the contractor designated in the Declarations.
- 4. "Employee" includes a "leased worker." "Employee" does not include a "temporary worker."
- 5. "Executive officer" means a person holding any of the officer positions created by your charter, constitution, bylaws or any other similar governing document.
- 6. "Hostile fire" means one which becomes uncontrollable or breaks out from where it was intended to be.
- 7. "Impaired property" means tangible property, other than work performed for you, that cannot be used or is less useful because:
 - a. It incorporates work performed for you that is known or thought to be defective, deficient, inadequate or dangerous; or
 - b. You have failed to fulfill the terms of a contract or agreement;

if such property can be restored to use by the repair, replacement, adjustment or removal of the work performed for you or your fulfilling the terms of the contract or agreement.

8. "Insured contract" means:

- a. A lease of premises;
- b. A sidetrack agreement;
- c. Any easement or license agreement, except in connection with construction or demolition operations on or within 50 feet of a railroad;
- d. An obligation, as required by ordinance, to indemnify a municipality, except in connection with work for a municipality; or
- e. An elevator maintenance agreement.

9. "Leased worker" means a person leased to you by a labor leasing firm under an agreement between you and the labor leasing firm, to perform duties related to the conduct of your business. "Leased worker" does not include a "temporary worker."

10. "Mobile equipment" means any of the following types of land vehicles, including any attached machinery or equipment:

- a. Bulldozers, farm machinery, forklifts and other vehicles designed for use principally off public roads;
- b. Vehicles maintained for use solely on or next to premises you own or rent;
- c. Vehicles that travel on crawler treads;
- d. Vehicles, whether self-propelled or not, maintained primarily to provide mobility to permanently mounted:
 - (1) Power cranes, shovels, loaders, diggers or drills; or
 - (2) Road construction or resurfacing equipment such as graders, scrapers or rollers;
- e. Vehicles not described in Paragraph a., b., c. or d. above that are not self-propelled and are maintained primarily to provide mobility to permanently attached equipment of the following types:
 - (1) Air compressors, pumps and generators, including spraying, welding, building cleaning, geophysical exploration, lighting and well servicing equipment; or
 - (2) Cherry pickers and similar devices used to raise or lower workers;
- f. Vehicles not described in Paragraph a., b., c. or d. above maintained primarily for purposes other than the transportation of persons or cargo.

However, self-propelled vehicles with the following types of permanently attached equipment are not "mobile equipment" but will be considered "autos":

- (1) Equipment designed primarily for:
 - (a) Snow removal;
 - (b) Road maintenance, but not construction or resurfacing; or
 - (c) Street cleaning;
- (2) Cherry pickers and similar devices mounted on automobile or truck chassis and used to raise or lower workers; and
- (3) Air compressors, pumps and generators, including spraying, welding, building cleaning, geophysical exploration, lighting and well servicing equipment.

However, "mobile equipment" does not include land vehicles that are subject to a compulsory or financial responsibility law or other motor vehicle insurance law where it is licensed or principally garaged. Land vehicles subject to a compulsory or financial responsibility law or other motor vehicle insurance law are considered "autos."

11. "Occurrence" means an accident, including continuous or repeated exposure to substantially the same general harmful conditions.
12. "Pollutants" mean any solid, liquid, gaseous or thermal irritant or contaminant, including smoke, vapor, soot, fumes, acids, alkalis, chemicals and waste. Waste includes materials to be recycled, reconditioned or reclaimed.
13. "Property damage" means:
 - a. Physical injury to tangible property, including all resulting loss of use of that property. All such loss of use shall be deemed to occur at the time of the physical injury that caused it; or
 - b. Loss of use of tangible property that is not physically injured. All such loss of use shall be deemed to occur at the time of the "occurrence" that caused it.

For the purposes of this insurance, electronic data is not tangible property.

As used in this definition, electronic data means information, facts or programs stored as or on, created or used on, or transmitted to or from, computer software, including systems and applications software, hard or floppy disks, CD-ROMs, tapes, drives, cells, data processing devices or any other media which are used with electronically controlled equipment.

14. "Suit" means a civil proceeding, brought in the United States of America (including its territories and possessions), Puerto Rico or Canada, in which damages because of "bodily injury" or "property damage" to which this insurance applies are alleged. "Suit" includes:
 - a. An arbitration proceeding in which such damages are claimed and to which the insured must submit or does submit with our consent; or
 - b. Any other alternative dispute resolution proceeding in which such damages are claimed and to which the insured submits with our consent.
15. "Temporary worker" means a person who is furnished to you to substitute for a permanent "employee" on leave or to meet seasonal or short-term workload conditions.
16. "Work" includes materials, parts or equipment furnished in connection with the operations.

COMMON POLICY CONDITIONS

All Coverage Parts included in this policy are subject to the following conditions.

A. Cancellation

1. The first Named Insured shown in the Declarations may cancel this policy by mailing or delivering to us advance written notice of cancellation.
2. We may cancel this policy by mailing or delivering to the first Named Insured written notice of cancellation at least:
 - a. 10 days before the effective date of cancellation if we cancel for nonpayment of premium; or
 - b. 30 days before the effective date of cancellation if we cancel for any other reason.
3. We will mail or deliver our notice to the first Named Insured's last mailing address known to us.
4. Notice of cancellation will state the effective date of cancellation. The policy period will end on that date.
5. If this policy is cancelled, we will send the first Named Insured any premium refund due. If we cancel, the refund will be pro rata. If the first Named Insured cancels, the refund may be less than pro rata. The cancellation will be effective even if we have not made or offered a refund.
6. If notice is mailed, proof of mailing will be sufficient proof of notice.

B. Changes

This policy contains all the agreements between you and us concerning the insurance afforded. The first Named Insured shown in the Declarations is authorized to make changes in the terms of this policy with our consent. This policy's terms can be amended or waived only by endorsement issued by us and made a part of this policy.

C. Examination Of Your Books And Records

We may examine and audit your books and records as they relate to this policy at any time during the policy period and up to three years afterward.

D. Inspections And Surveys

1. We have the right to:
 - a. Make inspections and surveys at any time;

- b. Give you reports on the conditions we find; and

- c. Recommend changes.

2. We are not obligated to make any inspections, surveys, reports or recommendations and any such actions we do undertake relate only to insurability and the premiums to be charged. We do not make safety inspections. We do not undertake to perform the duty of any person or organization to provide for the health or safety of workers or the public. And we do not warrant that conditions:

- a. Are safe or healthful; or

- b. Comply with laws, regulations, codes or standards.

3. Paragraphs 1. and 2. of this condition apply not only to us, but also to any rating, advisory, rate service or similar organization which makes insurance inspections, surveys, reports or recommendations.

4. Paragraph 2. of this condition does not apply to any inspections, surveys, reports or recommendations we may make relative to certification, under state or municipal statutes, ordinances or regulations, of boilers, pressure vessels or elevators.

E. Premiums

The first Named Insured shown in the Declarations:

1. Is responsible for the payment of all premiums; and
2. Will be the payee for any return premiums we pay.

F. Transfer Of Your Rights And Duties Under This Policy

Your rights and duties under this policy may not be transferred without our written consent except in the case of death of an individual named insured.

If you die, your rights and duties will be transferred to your legal representative but only while acting within the scope of duties as your legal representative. Until your legal representative is appointed, anyone having proper temporary custody of your property will have your rights and duties but only with respect to that property.

THIS ENDORSEMENT CHANGES THE POLICY. PLEASE READ IT CAREFULLY.

NUCLEAR ENERGY LIABILITY EXCLUSION ENDORSEMENT

(Broad Form)

This endorsement modifies insurance provided under the following:

BUSINESSOWNERS POLICY
COMMERCIAL GENERAL LIABILITY COVERAGE PART
EMPLOYMENT-RELATED PRACTICES LIABILITY COVERAGE PART
FARM COVERAGE PART
LIQUOR LIABILITY COVERAGE PART
OWNERS AND CONTRACTORS PROTECTIVE LIABILITY COVERAGE PART
POLLUTION LIABILITY COVERAGE PART
PRODUCTS/COMPLETED OPERATIONS LIABILITY COVERAGE PART
RAILROAD PROTECTIVE LIABILITY COVERAGE PART
SPECIAL PROTECTIVE AND HIGHWAY LIABILITY POLICY NEW YORK DEPARTMENT OF
TRANSPORTATION

1. The insurance does not apply:

A. Under any Liability Coverage, to "bodily injury" or "property damage":

(1) With respect to which an "insured" under the policy is also an insured under a nuclear energy liability policy issued by Nuclear Energy Liability Insurance Association, Mutual Atomic Energy Liability Underwriters, Nuclear Insurance Association of Canada or any of their successors, or would be an insured under any such policy but for its termination upon exhaustion of its limit of liability; or

(2) Resulting from the "hazardous properties" of "nuclear material" and with respect to which (a) any person or organization is required to maintain financial protection pursuant to the Atomic Energy Act of 1954, or any law amendatory thereof, or (b) the "insured" is, or had this policy not been issued would be, entitled to indemnity from the United States of America, or any agency thereof, under any agreement entered into by the United States of America, or any agency thereof, with any person or organization.

B. Under any Medical Payments coverage, to expenses incurred with respect to "bodily injury" resulting from the "hazardous properties" of "nuclear material" and arising out of the operation of a "nuclear facility" by any person or organization.

C. Under any Liability Coverage, to "bodily injury" or "property damage" resulting from "hazardous properties" of "nuclear material", if:

(1) The "nuclear material" (a) is at any "nuclear facility" owned by, or operated by or on behalf of, an "insured" or (b) has been discharged or dispersed therefrom;

(2) The "nuclear material" is contained in "spent fuel" or "waste" at any time possessed, handled, used, processed, stored, transported or disposed of, by or on behalf of an "insured"; or

(3) The "bodily injury" or "property damage" arises out of the furnishing by an "insured" of services, materials, parts or equipment in connection with the planning, construction, maintenance, operation or use of any "nuclear facility", but if such facility is located within the United States of America, its territories or possessions or Canada, this exclusion (3) applies only to "property damage" to such "nuclear facility" and any property thereat.

2. As used in this endorsement:

"Hazardous properties" includes radioactive, toxic or explosive properties.

"Nuclear material" means "source material", "Special nuclear material" or "by-product material".

"Source material", "special nuclear material", and "by-product material" have the meanings given them in the Atomic Energy Act of 1954 or in any law amendatory thereof.

"Spent fuel" means any fuel element or fuel component, solid or liquid, which has been used or exposed to radiation in a "nuclear reactor".

"Waste" means any waste material (a) containing "by-product material" other than the tailings or

CC

CC

CC

wastes produced by the extraction or concentration of uranium or thorium from any ore processed primarily for its "source material" content, and (b) resulting from the operation by any person or organization of any "nuclear facility" included under the first two paragraphs of the definition of "nuclear facility".

"Nuclear facility" means:

- (a) Any "nuclear reactor";
- (b) Any equipment or device designed or used for (1) separating the isotopes of uranium or plutonium, (2) processing or utilizing "spent fuel", or (3) handling, processing or packaging "waste";
- (c) Any equipment or device used for the processing, fabricating or alloying of "special nuclear material" if at any time the total amount of such material in the custody of the "insured" at

the premises where such equipment or device is located consists of or contains more than 25 grams of plutonium or uranium 233 or any combination thereof, or more than 250 grams of uranium 235;

- (d) Any structure, basin, excavation, premises or place prepared or used for the storage or disposal of "waste";

and includes the site on which any of the foregoing is located, all operations conducted on such site and all premises used for such operations.

"Nuclear reactor" means any apparatus designed or used to sustain nuclear fission in a self-supporting chain reaction or to contain a critical mass of fissionable material.

"Property damage" includes all forms of radioactive contamination of property.

EMPLOYMENT-RELATED PRACTICES EXCLUSION

This endorsement modifies insurance provided under the following:

**OWNERS AND CONTRACTORS PROTECTIVE LIABILITY COVERAGE PART
POLLUTION LIABILITY COVERAGE PART**

The following exclusion is added to Paragraph 2.,
**Exclusions of Coverages – Bodily Injury And
Property Damage Liability (Section I – Coverages):**

This insurance does not apply to:

"Bodily injury" to:

(1) A person arising out of any:

- (a) Refusal to employ that person;**
- (b) Termination of that person's employment; or**
- (c) Employment-related practices, policies, acts or omissions, such as coercion, demotion, evaluation, reassignment, discipline, defamation, harassment, humiliation, discrimination or malicious prosecution directed at that person; or**

(2) The spouse, child, parent, brother or sister of that person as a consequence of "bodily injury" to that person at whom any of the employment-related practices described in Paragraphs (a), (b) or (c) above is directed.

This exclusion applies:

- (1) Whether the injury-causing event described in Paragraphs (a), (b) or (c) above occurs before employment, during employment or after employment of that person;**
- (2) Whether the insured may be liable as an employer or in any other capacity; and**
- (3) To any obligation to share damages with or repay someone else who must pay damages because of the injury.**

WAIVER OF TRANSFER OF RIGHTS OF RECOVERY AGAINST OTHERS TO US

This endorsement modifies insurance provided under the following:

OWNERS AND CONTRACTORS PROTECTIVE LIABILITY COVERAGE PART.

SCHEDULE

Name of Person or Organization: EMCOR GROUP, INC. / WELSBACH ELECTRIC CORP. OF L.I.

(If no entry appears above, information required to complete this endorsement will be shown in the Declarations as applicable to this endorsement.)

The TRANSFER OF RIGHTS OF RECOVERY AGAINST OTHERS TO US Condition (Section IV) is amended by the addition of the following:

We waive any right of recovery we may have against the person or organization shown in the Schedule above because of payments we make for "bodily injury" or "property damage" arising out of your ongoing operations. This waiver applies only to the person or organization shown in the Schedule above.

POLICY NUMBER: GL 6042909113
ENDT. NO. 4

THIS ENDORSEMENT CHANGES THE POLICY. PLEASE READ IT CAREFULLY.

EXCLUSION - ASBESTOS

This endorsement modifies insurance provided under the following:

- COMMERCIAL GENERAL LIABILITY COVERAGE PART
- PRODUCTS/COMPLETED OPERATIONS LIABILITY COVERAGE PART
- LIQUOR LIABILITY COVERAGE FORM
- FARM COVERAGE FORM
- OWNERS AND CONTRACTORS PROTECTIVE LIABILITY COVERAGE FORM
- RAILROAD PROTECTIVE LIABILITY COVERAGE FORM
- SPECIAL PROTECTIVE AND HIGHWAY LIABILITY POLICY - NEW YORK
- POLLUTION LIABILITY COVERAGE FORM

This insurance does not apply to:

- (1) "Bodily Injury", "property damage", or "personal and advertising injury" arising out of the actual, alleged or threatened exposure at any time to asbestos; or
- (2) Any loss, cost or expense that may be awarded or incurred:
 - (a) by reason of a claim or "suit" for any such injury or damage; or

(b) in complying with a governmental direction or request to test for, monitor, clean up, remove, contain or dispose of asbestos.

Asbestos means the mineral in any form whether or not the asbestos was at any time:

- (1) airborne as a fiber, particle or dust;
- (2) contained in or, formed a part of a product, structure or other real or personal property;
- (3) carried on clothing;
- (4) inhaled or ingested; or
- (5) transmitted by any other means.

THIS ENDORSEMENT CHANGES THE POLICY. PLEASE READ IT CAREFULLY.

CAP ON LOSSES FROM CERTIFIED ACTS OF TERRORISM

This endorsement modifies insurance provided under the following:

COMMERCIAL GENERAL LIABILITY COVERAGE PART
LIQUOR LIABILITY COVERAGE PART
OWNERS AND CONTRACTORS PROTECTIVE LIABILITY COVERAGE PART
POLLUTION LIABILITY COVERAGE PART
PRODUCTS/COMPLETED OPERATIONS LIABILITY COVERAGE PART
RAILROAD PROTECTIVE LIABILITY COVERAGE PART
UNDERGROUND STORAGE TANK POLICY

- A.** If aggregate insured losses attributable to terrorist acts certified under the federal Terrorism Risk Insurance Act exceed \$100 billion in a calendar year and we have met our insurer deductible under the Terrorism Risk Insurance Act, we shall not be liable for the payment of any portion of the amount of such losses that exceeds \$100 billion, and in such case insured losses up to that amount are subject to pro rata allocation in accordance with procedures established by the Secretary of the Treasury.
- "Certified act of terrorism" means an act that is certified by the Secretary of the Treasury, in accordance with the provisions of the federal Terrorism Risk Insurance Act, to be an act of terrorism pursuant to such Act. The criteria contained in the Terrorism Risk Insurance Act for a "certified act of terrorism" include the following:
- 1.** The act resulted in insured losses in excess of \$5 million in the aggregate, attributable to all types of insurance subject to the Terrorism Risk Insurance Act; and
 - 2.** The act is a violent act or an act that is dangerous to human life, property or infrastructure and is committed by an individual or individuals as part of an effort to coerce the civilian population of the United States or to influence the policy or affect the conduct of the United States Government by coercion.
- B.** The terms and limitations of any terrorism exclusion, or the inapplicability or omission of a terrorism exclusion, do not serve to create coverage for injury or damage that is otherwise excluded under this Coverage Part.

THIS ENDORSEMENT CHANGES THE POLICY. PLEASE READ IT CAREFULLY.

EXCLUSION – EXTERIOR INSULATION AND FINISH SYSTEMS

This endorsement modifies insurance provided under the following:

OWNERS AND CONTRACTORS PROTECTIVE LIABILITY COVERAGE PART

A. This insurance does not apply to "bodily injury" or "property damage" arising out of, caused by, or attributable to, whether in whole or in part, the following:

1. The design, manufacture, construction, fabrication, preparation, distribution and sale, installation, application, maintenance or repair, including remodeling, service, correction or replacement, of any "exterior insulation and finish system" or any part thereof, or any substantially similar system or any part thereof, including the application or use of conditioners, primers, accessories, flashings, coatings, caulking or sealants in connection with such a system.

B. The following definition is added to **Section V – Definitions:**

"Exterior insulation and finish system" means a non-load bearing exterior cladding or finish system, and all component parts therein, used on any part of any structure, and consisting of:

1. A rigid or semi-rigid insulation board made of expanded polystyrene and other materials;
2. The adhesive and/or mechanical fasteners used to attach the insulation board to the substrate;
3. A reinforced or unreinforced base coat;
4. A finish coat providing surface texture to which color may be added; and
5. Any flashing, caulking or sealant used with the system for any purpose.

THIS ENDORSEMENT CHANGES THE POLICY. PLEASE READ IT CAREFULLY.

**EXCLUSION – ACCESS OR DISCLOSURE OF
CONFIDENTIAL OR PERSONAL INFORMATION AND
DATA-RELATED LIABILITY – WITH
LIMITED BODILY INJURY EXCEPTION**

This endorsement modifies insurance provided under the following:

OWNERS AND CONTRACTORS PROTECTIVE LIABILITY COVERAGE PART
PRODUCTS/COMPLETED OPERATIONS LIABILITY COVERAGE PART

Exclusion 2.i. of Section I – Coverages – Bodily Injury And Property Damage Liability is replaced by the following:

2. Exclusions

This insurance does not apply to:

I. Access Or Disclosure Of Confidential Or Personal Information And Data-related Liability

Damages arising out of:

- (1) Any access to or disclosure of any person's or organization's confidential or personal information, including patents, trade secrets, processing methods, customer lists, financial information, credit card information, health information or any other type of nonpublic information; or
- (2) The loss of, loss of use of, damage to, corruption of, inability to access, or inability to manipulate electronic data.

This exclusion applies even if damages are claimed for notification costs, credit monitoring expenses, forensic expenses, public relations expenses or any other loss, cost or expense incurred by you or others arising out of that which is described in Paragraph (1) or (2) above.

However, unless Paragraph (1) above applies, this exclusion does not apply to damages because of "bodily injury."

As used in this exclusion, electronic data means information, facts or programs stored on or on, created or used on, or transmitted to or from computer software, including systems and applications software, hard or floppy disks, CD-ROMs, tapes, drives, cells, data processing devices or any other media which are used with electronically controlled equipment.

1. The first part of the document discusses the importance of maintaining accurate records of all transactions and activities. It emphasizes that this is crucial for ensuring transparency and accountability in the organization's operations.

2. The second part of the document outlines the various methods and tools used to collect and analyze data. It highlights the need for consistent and reliable data collection processes to support effective decision-making.

3. The third part of the document focuses on the role of technology in data management and analysis. It discusses how modern software solutions can streamline data collection, storage, and reporting, thereby improving efficiency and accuracy.

4. The fourth part of the document addresses the challenges associated with data management, such as data quality, security, and privacy. It provides strategies to mitigate these risks and ensure that data is used responsibly and ethically.

5. The fifth part of the document concludes by summarizing the key findings and recommendations. It stresses the importance of ongoing monitoring and evaluation to ensure that data management practices remain effective and aligned with the organization's goals.

6. The final part of the document provides a detailed appendix of references and additional resources. This section is intended to provide further context and support for the information presented in the main body of the report.

THIS ENDORSEMENT CHANGES THE POLICY. PLEASE READ IT CAREFULLY.

NEW YORK CHANGES – OWNERS AND CONTRACTORS PROTECTIVE LIABILITY COVERAGE FORM

This endorsement modifies insurance provided under the following:

OWNERS AND CONTRACTORS PROTECTIVE LIABILITY COVERAGE PART

A. Paragraph 1. Insuring Agreement of Section I – Coverages is replaced by the following:

1. Insuring Agreement

a. We will pay those sums that the insured becomes legally obligated to pay as damages because of "bodily injury" or "property damage" to which this insurance applies. We will have the right and duty to defend the insured against any "suit" seeking those damages even if the allegations of the "suit" are groundless, false or fraudulent. However, we will have no duty to defend the insured against any "suit" seeking damages for "bodily injury" or "property damage" to which this insurance does not apply. We may, at our discretion, investigate any "occurrence" and settle any claim or "suit" that may result. But:

- (1) The amount we will pay for damages is limited as described in Section III – Limits Of Insurance; and
- (2) Our right and duty to defend end when we have used up the applicable limit of insurance in the payment of judgments or settlements.

No other obligation or liability to pay sums or perform acts or services is covered unless explicitly provided for under Supplementary Payments.

b. This insurance applies to "bodily injury" and "property damage" only if:

- (1) The "bodily injury" or "property damage" is caused by an "occurrence" and arises out of:
 - (a) Operations performed for you by the "contractor" at the location specified in the Declarations; or
 - (b) Your acts or omissions in connection with the general supervision of such operations;

(2) The "bodily injury" or "property damage" occurs during the policy period; and

(3) Prior to the policy period, no insured listed under Paragraph 1. of Section II – Who Is An Insured and no "employee" authorized by you to give or receive notice of an "occurrence" or claim, knew that the "bodily injury" or "property damage" had occurred, in whole or in part. If such a listed insured or authorized "employee" knew, prior to the policy period, that the "bodily injury" or "property damage" occurred, then any continuation, change or resumption of such "bodily injury" or "property damage" during or after the policy period will be deemed to have been known prior to the policy period.

c. "Bodily injury" or "property damage" which occurs during the policy period and was not, prior to the policy period, known to have occurred by any insured listed under Paragraph 1. of Section II – Who Is An Insured or any "employee" authorized by you to give or receive notice of an "occurrence" or claim, includes any continuation, change or resumption of that "bodily injury" or "property damage" after the end of the policy period.

d. "Bodily injury" or "property damage" will be deemed to have been known to have occurred at the earliest time when any insured listed under Paragraph 1. of Section II – Who Is An Insured or any "employee" authorized by you to give or receive notice of an "occurrence" or claim:

- (1) Reports all, or any part, of the "bodily injury" or "property damage" to us or any other insurer;
- (2) Receives a written or verbal demand or claim for damages because of the "bodily injury" or "property damage"; or

(3) Becomes aware by any other means that "bodily injury" or "property damage" has occurred or has begun to occur.

e. Damages because of "bodily injury" include damages claimed by any person or organization for care, loss of services or death resulting at any time from the "bodily injury."

B. The following is added as Paragraph e. to **Duties In The Event Of Occurrence, Claim Or Suit** under Paragraph 4. of **Section IV - Conditions**:

e. Notice given by or on behalf of the insured, or written notice by or on behalf of the injured person or any other claimant, to any agent of ours in New York State, with particulars sufficient to identify the insured, shall be considered to be notice to us.

C. Paragraph 6. **Inspections And Surveys** of **Section IV - Conditions** is replaced by the following:

6. Inspections And Surveys

a. We have the right to:

- (1) Make inspections and surveys at any time;
- (2) Give you reports on the conditions we find; and
- (3) Recommend changes.

b. We are not obligated to make inspections, surveys, reports or recommendations and any such actions we do undertake relate only to insurability and the premiums to be charged. We do not make safety inspections. We do not undertake to perform the duty of any person or organization to provide for the health or safety of workers or the public. And we do not warrant that conditions:

- (1) Are safe or healthful; or
- (2) Comply with laws, regulations, codes or standards.

c. Paragraphs a. and b. of this condition apply not only to us, but also to any rating, advisory, rate service or similar organization which makes insurance inspections, surveys, reports or recommendations.

d. Paragraph b. of this condition does not apply to any inspections, surveys, reports or recommendations we may make relative to certification, under state or municipal statutes, ordinances or regulations, of boilers, pressure vessels or elevators.

D. Paragraph 7. **Legal Action Against Us** of **Section IV - Conditions** is replaced by the following:

7. Legal Action Against Us

a. Except as provided in Paragraph b., no person or organization has a right under this Coverage Part:

- (1) To join us as a party or otherwise bring us into a "suit" asking for damages from an insured; or
- (2) To sue us on this Coverage Part unless all of its terms have been fully complied with.

A person or organization may sue us to recover on an agreed settlement or on a final judgment against an insured; but we will not be liable for damages that are not payable under the terms of this Coverage Part or that are in excess of the applicable limit of insurance. An agreed settlement means a settlement and release of liability signed by us, the insured and the claimant or the claimant's legal representative.

b. With respect to "bodily injury" and if provided by endorsement, "personal injury" claims, if we deny coverage or do not admit liability because an insured or the injured person, someone acting for the injured person or other claimant fails to give us written notice as soon as practicable, then the injured person, someone acting for the injured person or other claimant may bring an action against us, provided the sole question is whether the denial of coverage or nonadmission of liability is based on the failure to provide timely notice.

However, the injured person, someone acting for the injured person or other claimant may not bring an action if within 60 days after we deny coverage or do not admit liability, we or an insured:

- (1) Brings an action to declare the rights of the parties under the policy; and
- (2) Names the injured person, someone acting for the injured person or other claimant as a party to the action.

- E. The following provision is added and supersedes any provision to the contrary:

Failure to give notice to us as required under this Coverage Part shall not invalidate any claim made by the insured, injured person or any other claimant, unless the failure to provide such timely notice has prejudiced us. However, no claim made by the insured, injured person or other claimant will be invalidated if it shall be shown not to have been reasonably possible to give such timely notice and that notice was given as soon as was reasonably possible thereafter.

- F. When **CG 28 07**, Principals Protective Liability Coverage endorsement, is attached to an Owners And Contractors Protective Liability Coverage Form, the definition of "loading and unloading" in Paragraph **D.2.** of that endorsement does not apply.

THIS ENDORSEMENT CHANGES THE POLICY. PLEASE READ IT CAREFULLY.

NEW YORK CHANGES - TRANSFER OF DUTIES WHEN A LIMIT OF INSURANCE IS USED UP

This endorsement modifies insurance provided under the following:

OWNERS AND CONTRACTORS PROTECTIVE LIABILITY COVERAGE PART
PRODUCTS/COMPLETED OPERATIONS LIABILITY COVERAGE PART
RAILROAD PROTECTIVE LIABILITY COVERAGE PART
SPECIAL PROTECTIVE AND HIGHWAY LIABILITY COVERAGE FORM

The following Condition is added to CONDITIONS (Section IV):

Transfer of Duties When a Limit of Insurance Is Used Up.

a. If we conclude that, based on "occurrences," claims or "suits" which have been reported to us and to which this insurance may apply, the Aggregate Limit or the Each Occurrence Limit is likely to be used up in the payment of judgments or settlements, we will notify the first Named Insured, in writing, to that effect.

b. When a limit of insurance described in paragraph a. above has actually been used up in the payment of judgments or settlements:

(1) We will notify the first Named Insured, in writing, as soon as practicable, that:

(a) Such a limit has actually been used up; and

(b) Our duty to defend "suits" seeking damages subject to that limit has also ended.

(2) We will initiate, and cooperate in, the transfer of control, to any appropriate insured, of all claims and "suits" seeking damages which are subject to that limit and which are reported to us before that limit is used up. That Insured must cooperate in the transfer of control of said claims and "suits."

We agree to take such steps, as we deem appropriate, to avoid a default in, or continue the defense of, such "suits" until such transfer is completed, provided the appropriate insured is cooperating in completing such transfer.

We will take no action whatsoever with respect to any claim or "suit" seeking damages that would have been subject to that limit, had it not been used up, if the claim or "suit" is reported to us after that limit of insurance has been used up.

(3) The first Named Insured, and any other insured involved in a "suit" seeking damages subject to that limit, must arrange for the defense of such "suit" within such time period as agreed to between the appropriate insured and us. Absent any such agreement, arrangements for the defense of such "suit" must be made as soon as practicable.

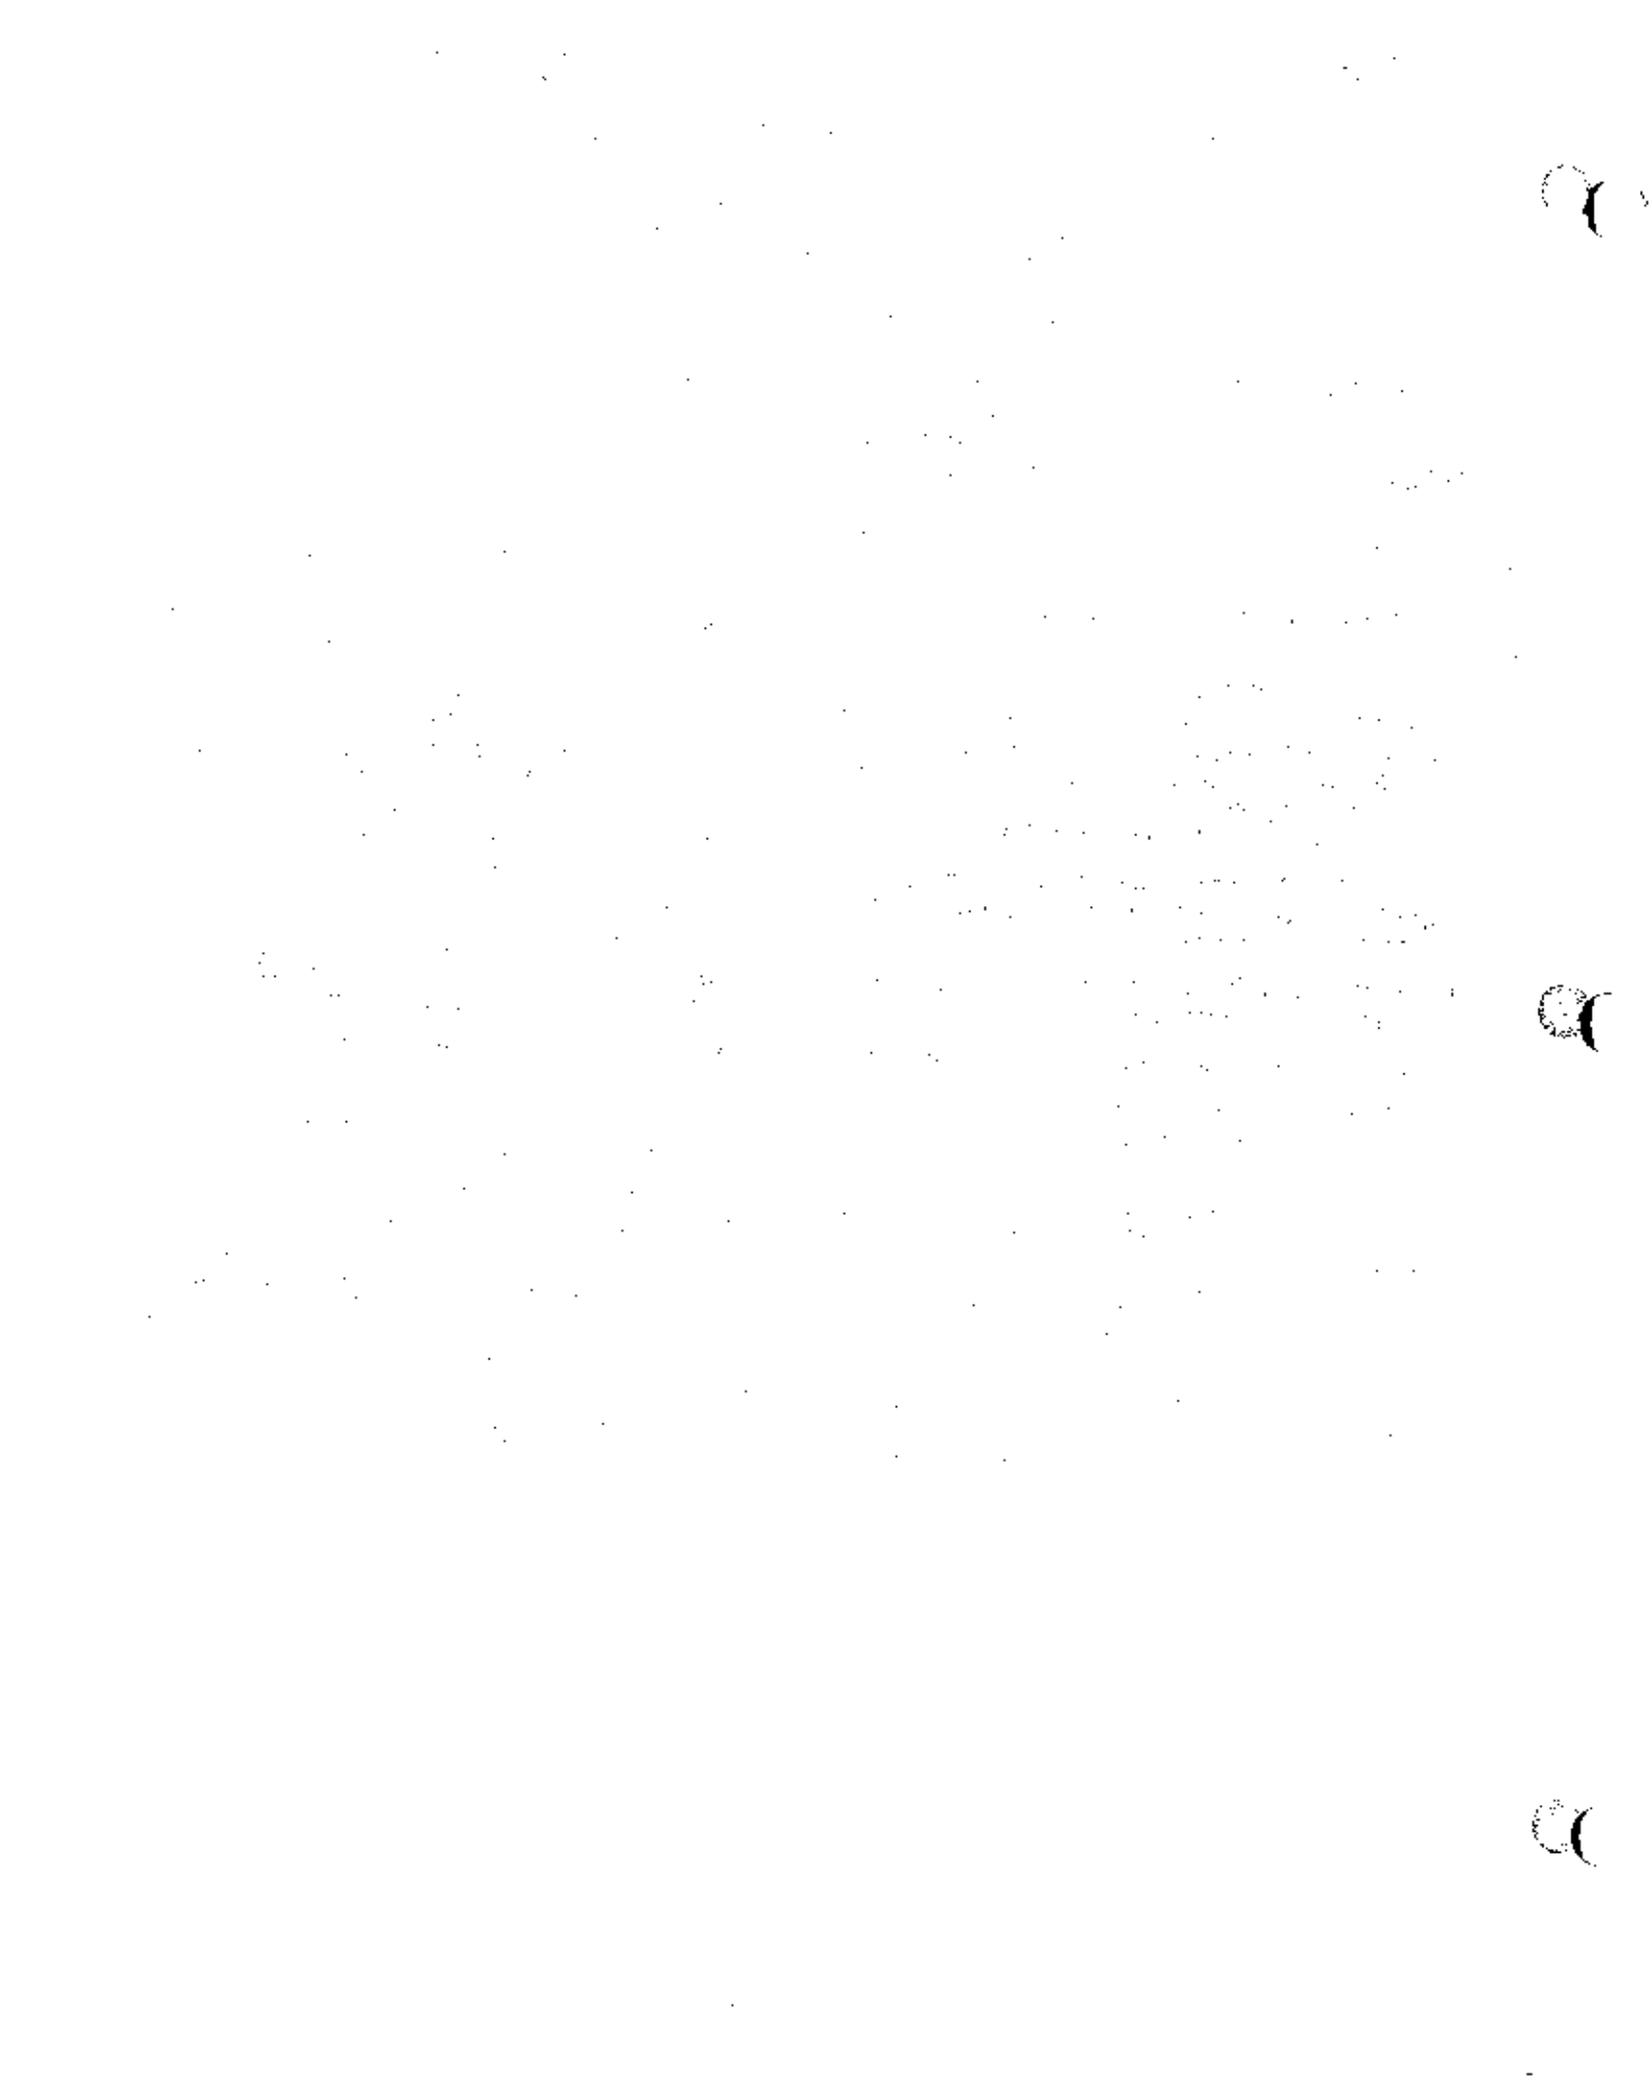

c. The first Named Insured will reimburse us for expenses we incur in taking those steps we deem appropriate in accordance with paragraph b.(2) above.

The duty of the first Named Insured to reimburse us will begin on:

(1) The date on which the applicable limit of insurance is used up, if we sent notice in accordance with paragraph a. above; or

(2) The date on which we sent notice in accordance with paragraph b.(1) above, if we did not send notice in accordance with paragraph a. above.

d. The exhaustion of any limit of insurance by the payments of judgments or settlements, and the resulting end of our duty to defend, will not be affected by our failure to comply with any of the provisions of this Condition.

THIS ENDORSEMENT CHANGES THE POLICY. PLEASE READ IT CAREFULLY.

NEW YORK CHANGES – CANCELLATION AND NONRENEWAL

This endorsement modifies insurance provided under the following:

OWNERS AND CONTRACTORS PROTECTIVE LIABILITY COVERAGE PART
SPECIAL PROTECTIVE AND HIGHWAY LIABILITY POLICY

A. Paragraphs a., b., c. and e. of the Cancellation Condition are replaced by the following:

a. The first Named Insured shown in the Declarations may cancel this entire policy by mailing or delivering to us advance written notice of cancellation.

b. Cancellation Of Policies In Effect:

(1) 60 Days Or Less

We may cancel this policy by mailing or delivering to the first Named Insured and the "contractor" written notice of cancellation at least:

(a) 30 days before the effective date of cancellation if we cancel for any reason not included in Paragraph (b) below.

(b) 15 days before the effective date of cancellation if we cancel for any of the following reasons:

(i) Nonpayment of premium, provided, however, that a notice of cancellation on this ground shall inform the first Named Insured and the "contractor" of the amount due;

(ii) Conviction of a crime arising out of acts increasing the hazard insured against;

(iii) Discovery of fraud or material misrepresentation in the obtaining of the policy or in the presentation of a claim thereunder;

(iv) After issuance of the policy or after the last renewal date, discovery of an act or omission, or a violation of any policy condition, that substantially and materially increases the hazard insured against, and which occurred subsequent to inception of the current policy period;

(v) Material change in the nature or extent of the risk, occurring after issuance or last annual renewal anniversary date of the policy, which causes the risk of loss to be substantially and materially increased beyond that contemplated at the time the policy was issued or last renewed;

(vi) Required pursuant to a determination by the Superintendent that continuation of our present premium volume would jeopardize our solvency or be hazardous to the interest of our policyholders, our creditors or the public; or

(vii) A determination by the Superintendent that the continuation of the policy would violate, or would place us in violation of, any provision of the Insurance Code.

Handwritten text at the top of the page, possibly a title or header.

Handwritten text in the upper middle section of the page.

Handwritten text in the left column, starting with a large initial letter.

Handwritten text in the right column, continuing the narrative or list.

(2) For More Than 60 Days

If this policy has been in effect for more than 60 days, or if this policy is a renewal or continuation of a policy we issued, we may cancel this policy only for any of the reasons listed in Paragraph (1)(b) above, provided:

- (a) We mail the first Named Insured and the "contractor" written notice at least 15 days before the effective date of cancellation; and
- (b) If we cancel for nonpayment of premium, our notice of cancellation informs the first Named Insured and the "contractor" of the amount due.

- c. We will mail or deliver our notice including the reason to the first Named Insured and the "contractor" at the respective addresses shown in the policy and the authorized agent or broker.
- e. If this policy is cancelled, we will send the "contractor" any premium refund due. If we cancel, the refund will be pro rata. If the first Named Insured cancels, the refund may be less than pro rata.

However, when the premium is advanced under a premium finance agreement, the cancellation refund will be pro rata. Under such financed policies, we will be entitled to retain a minimum earned premium of 10% of the total policy premium or \$60, whichever is greater. The cancellation will be effective even if we have not made or offered a refund.

B. The following is added to the Cancellation Condition:

If one of the reasons for cancellation in Paragraph A.b.(1)(b) exists, we may cancel this entire policy, even if the reason for cancellation pertains only to a new coverage or endorsement initially effective subsequent to the original issuance of this policy.

C. The following Conditions are added and supersede any other provisions to the contrary:

1. Nonrenewal

If we decide not to renew this policy, we will send notice as provided in Paragraph C.3. below.

2. Conditional Renewal

If we condition renewal of this policy upon:

- a. A change of limits;
- b. A change in type of coverage;
- c. A reduction of coverage;

- d. An increased deductible;
- e. An addition of exclusion;
- f. Increased premiums in excess of 10%, exclusive of any premium increase due to and commensurate with insured value added or increased exposure units; or as a result of experience rating, loss rating, retrospective rating or audit;

we will send notice as provided in Paragraph C.3. below.

3. Notices Of Nonrenewal And Conditional Renewal

- a. If we decide not to renew this policy or to conditionally renew this policy as provided in Paragraphs C.1. and C.2. above, we will mail or deliver written notice to the first Named Insured shown in the Declarations and the "contractor" at least 60 but not more than 120 days before:

(1) The expiration date; or

(2) The anniversary date if this is a continuous policy.

- b. Notice, including the specific reason(s) for nonrenewal or conditional renewal, the amount of any premium increase (for conditional renewal) and a description of any other changes, will be mailed or delivered to the first Named Insured and the "contractor" at the respective addresses shown in the policy and the authorized agent or broker. If notice is mailed, proof of mailing will be sufficient proof of notice.

- c. We will not send you notice of non-renewal or conditional renewal if you, your authorized agent or broker or another insurer of yours mails or delivers notice that the policy has been replaced or is no longer desired.

- d. If we send the first Named Insured or the "contractor" an incomplete or late conditional renewal notice or a late nonrenewal notice:

(1) As provided for in Paragraph C.3. above, and if notice is provided prior to the expiration date of this policy, coverage will remain in effect at the same terms and conditions of this policy at the lower of the current rates or the prior period's rates until 60 days after such notice is mailed or delivered, unless the first Named Insured, during this 60-day period, has replaced the coverage or elects to cancel sooner;

- (2) And if the notice is provided on or after the expiration date of this policy, coverage will remain in effect at the same terms and conditions of this policy for another required policy period at the lower of the current rates or the prior period's rates, unless the first Named Insured, during this additional required policy period, has replaced the coverage or elects to cancel sooner.
- e. If you elect to renew on the basis of a late conditional renewal notice, the terms, conditions and rates set forth in such notice shall apply:
 - (1) Upon expiration of the 60-day period unless Subparagraph (2) below applies; or
 - (2) Notwithstanding the provisions in Paragraphs d.(1) and d.(2), as of the renewal date of the policy if the conditional renewal notice was sent at least 30 days prior to the expiration or anniversary date of the policy.
- f. The aggregate limits of this policy as shown in the Declarations will be increased in proportion to any policy extension provided in accordance with Paragraph C.3.d. above.
- g. The last sentence of Limits of Insurance does not apply when the policy period is extended because we sent the first Named Insured or the "contractor" an incomplete or late conditional renewal notice or a late nonrenewal notice.

THIS ENDORSEMENT CHANGES THE POLICY. PLEASE READ IT CAREFULLY.
NEW YORK CHANGES – CALCULATION OF PREMIUM

This endorsement modifies insurance provided under the following:

BOILER AND MACHINERY COVERAGE PART
CAPITAL ASSETS PROGRAM (OUTPUT POLICY) COVERAGE PART
COMMERCIAL AUTOMOBILE COVERAGE PART
COMMERCIAL GENERAL LIABILITY COVERAGE PART
COMMERCIAL INLAND MARINE COVERAGE PART
COMMERCIAL PROPERTY COVERAGE PART
CRIME AND FIDELITY COVERAGE PART
EMPLOYMENT-RELATED PRACTICES LIABILITY COVERAGE PART
FARM COVERAGE PART
LIQUOR LIABILITY COVERAGE PART
OWNERS AND CONTRACTORS PROTECTIVE LIABILITY COVERAGE PART
PRODUCTS/COMPLETED OPERATIONS LIABILITY COVERAGE PART
RAILROAD PROTECTIVE LIABILITY COVERAGE PART
SPECIAL PROTECTIVE AND HIGHWAY LIABILITY POLICY – NEW YORK

- A. For policies with fixed terms in excess of one year, or policies with no stated expiration date, except as provided in paragraph B., the following applies:

The premium shown in the Declarations was computed based on rates and rules in effect at the time the policy was issued. On each renewal or continuation of this policy, we will compute the premium in accordance with our rates and rules then in effect.

- B. For policies with fixed terms in excess of one year, where premium is computed and paid annually, the following applies:
1. The premium shown in the Declarations was computed based on rates and rules in effect at the time the policy was issued. Such rates and rules will be used to calculate the premium at each anniversary, for the entire term of the policy, unless the specific reasons described in paragraphs 2. or 3. apply.
 2. The premium will be computed based on the rates and rules in effect on the anniversary date of the policy only when, subsequent to the inception of the current policy period, one or more of the following occurs:
 - a. After issuance of the policy or after the last renewal date, discovery of an act or omission, or a violation of any policy

condition, that substantially and materially increases the hazard insured against, and that occurred subsequent to inception of the current policy period;

- b. A material physical change in the property insured, occurring after issuance or last anniversary renewal date of the policy, causes the property to become uninsurable in accordance with underwriting standards in effect at the time the policy was issued or last renewed; or
 - c. A material change in the nature or extent of the risk, occurring after issuance or last anniversary renewal date of the policy, which causes the risk of "loss" to be substantially and materially increased beyond that contemplated at the time the policy was issued or last renewed.
3. If, subsequent to the inception of the current policy period, the Limit of Insurance is increased, or Additional Coverages or Causes of Loss are insured, the rate and rules in effect at the time of the change will be applied to calculate the premium and will continue to apply to the change at subsequent anniversary dates.

THIS ENDORSEMENT CHANGES THE POLICY. PLEASE READ IT CAREFULLY.
NEW YORK CHANGES – NON-BINDING ARBITRATION

This endorsement modifies insurance provided under the following:

COMMERCIAL GENERAL LIABILITY COVERAGE PART
LIQUOR LIABILITY COVERAGE PART
OWNERS AND CONTRACTORS PROTECTIVE LIABILITY COVERAGE PART
PRODUCT WITHDRAWAL COVERAGE PART
PRODUCTS/COMPLETED OPERATIONS LIABILITY COVERAGE PART
RAILROAD PROTECTIVE LIABILITY COVERAGE PART

If we and the insured do not agree whether coverage is provided under this Coverage Part for a claim made against the insured, then either party may make a written demand for arbitration.

When this demand is made, each party will select an arbitrator. The two arbitrators will select a third. If they cannot agree within 30 days, either may request that selection be made by a judge of a court having jurisdiction. Each party will:

1. Pay the expenses it incurs; and
2. Bear the expenses of the third arbitrator equally.

Unless both parties agree otherwise, arbitration will take place in the county or parish in which the address shown in the Declarations is located. Local rules of law as to procedure and evidence will apply. Any decision agreed to by the arbitrators may be appealed to a court of competent jurisdictions.

THIS ENDORSEMENT CHANGES THE POLICY. PLEASE READ IT CAREFULLY.

NEW YORK CHANGES – PREMIUM AUDIT

This endorsement modifies insurance provided under the following:

OWNERS AND CONTRACTORS PROTECTIVE LIABILITY COVERAGE PART
SPECIAL PROTECTIVE AND HIGHWAY LIABILITY POLICY

- A.** Paragraph **b.** of the **Premium Audit** Condition (**Section IV – Conditions**) is replaced by the following:
- 10. Premium Audit**
- b.** Premium shown in this Coverage Part as advance premium is a deposit premium only. At the close of each audit period we will compute the earned premium for that period and send notice to the "contractor". The due date for audit and retrospective premiums is the date shown as the due date on the bill. An audit to determine the final premium due or to be refunded will be completed within 180 days after the expiration date of the policy. But the audit may be waived if the total annual premium attributable to the auditable exposure base is not reasonably expected to exceed \$1500. If the sum of the advance and audit premiums paid for the policy term is greater than the earned premium, we will return the excess to the "contractor".
- B.** Except as provided in Paragraph **A.** above, the **Examination Of Your Books And Records** Condition (**Section IV – Conditions**) continues to apply.

THIS ENDORSEMENT CHANGES THE POLICY. PLEASE READ IT CAREFULLY.

**EARLIER NOTICE OF CANCELLATION
PROVIDED BY US**

This endorsement modifies insurance provided under the following:

OWNERS AND CONTRACTORS PROTECTIVE LIABILITY COVERAGE PART

SCHEDULE

Number of Days' Notice 90

(If no entry appears above, information required to complete this Schedule will be shown in the Declarations as applicable to this endorsement.)

For any statutorily permitted reason other than nonpayment of premium, the number of days required for notice of cancellation, as provided in paragraph b. of either the CANCELLATION Condition (Section **IV** - Conditions) or as amended by an applicable state cancellation endorsement, is increased to the number of days shown in the Schedule above.

FORM OF PERFORMANCE BOND

Bond No. 108516506
82443368

KNOW ALL MEN BY THESE PRESENTS,

that Wolbach Electric Corp. d/b/a, 300 Newtown Road, Fairview NY 11533 (hereinafter called the "Contractor") and Travelers Casualty and Surety Company of America & Federal Insurance Company a corporation created and existing under the laws of the State of CT & IN, and licensed to do business in the State of New York, having its principal office in the city of One Tower Square, Hartford, CT 06183 (TR) & 15 Mountain View Road, Warren, NJ 07058 (FE) (hereinafter called the "Surety"), are held firmly bound unto the COUNTY OF NASSAU, a municipal corporation of the State of New York (hereinafter called the "Owner"), in the full and just sum of

Two Million Four Hundred Forty Eight Thousand Five Hundred and 00/100 Dollars (\$2,448,500.00) good and lawful money of the United States of America, to the payment of which said sum of money, with and truly to be made and done, the said Contractor binds themselves (himself, itself), their (his, its) heirs, executors and administrators, successors and assigns, and the said Surety binds itself, its successors and assigns jointly and severally, firmly by these presents.

Signed, sealed and dated this 15th day of June, 2016

WHEREAS, said Contractor has entered into a certain written contract, bearing even date with these premises with the COUNTY OF NASSAU, for the

Contract No. H62000-03E, Nassau County Traffic Signal System Operations, Phase V, P/N 0750.81

which contract is hereby made a part of this bond as if herein set forth in full.

NOW, THEREFORE, THE CONDITION OF THE FOREGOING OBLIGATION IS SUCH, that if the said Contractor shall well, truly and faithfully comply with and perform all the terms, covenants and conditions of said contract on their (his, its) part to be kept and performed, according to the true intent and meaning of said contract, and shall protect the said Owner against, and pay any and all amounts, damages, cost and judgments which may or shall be recovered against said Owner or its officers or agents or which the said Owner may be called upon to pay to any person or corporation by reason of any damages arising or growing out of the doing of said work, or the manner of doing the same, or the neglect of the said Contractor or his (their, its) agents or servants, or the improper performance of the said work by the said Contractor, or his (their, its) agents or servants, or the infringement of any or patent rights by reason of the use of any materials furnished or work done as aforesaid or otherwise, and

also pay or cause to be paid the wages and compensation for labor performed and services rendered of all persons engaged in the prosecution of the work provided for therein, whether such persons be agents, servants or employees of the contractor, or his (their, its) successors or of any subcontractor or of any assignee thereof, (including all persons so engaged who perform the work of laborers or of mechanics regardless of any contractual relationship between the Contractor, or his (their, its) successors, or assigns, or any subcontractor or any assignee thereof) and such laborers or mechanics, but not including office employees not regularly stationed at the site of the work, and, further, shall pay or cause to be paid all lawful claims of subcontractors and of material men and other third persons arising out of or in connection with said Contract, and the work, labor, services, supplies and material furnished in and about the performance and completion thereof,

Under this obligation shall be null and void, otherwise to remain in full force and virtue.

And the said Surety, for value received, hereby stipulates and agrees, if requested to do so by the Owner to fully perform and complete the work mentioned and described in said contract and specifications, pursuant to the terms, conditions and covenants thereof, if for any cause, said Contractor fails or neglects to so fully perform and complete said work, and said Surety further agrees to commence said work of completion within twenty days after notice thereof from the Owner, and to complete the same within twenty days from the expiration of the time allowed said Contractor in said contract and specifications for the completion of said work. When the contractor is declared in default by the Commissioner, the Surety Company must honor default notice and immediately progress the work to completion in the same manner as though the contractor were bankrupt or had willfully defaulted.

And the Surety, for value received, for itself and its successors and assigns, hereby stipulates and agrees that the obligations of said Surety and of its successors and assigns, and this bond shall in no way be impaired or affected by any extension of time, modification, omission, addition or change in or to the said contract or the work to be performed thereunder, or by any payment thereunder before the time required therein, or by any waiver of any provision thereof, or by any assignment, subletting or other transfer thereof, or any part thereof, or of any work to be performed, or of any moneys due or to become due thereunder; and the said Surety for itself and its successors and assigns, does hereby waive notice of any and all of such extensions, modifications, omissions, additions, changes, payments, waivers, assignments, subcontracts, and transfers, and hereby stipulates and agrees that any and all things done or omitted to be done by and in relation to the executors, administrators, successors, assigns, subcontractors and other transferees of the Contract shall have the same effect as to said Surety and its successors and assigns, as though done or omitted to be done by and in relation to said Contractor.

IN TESTIMONY WHEREOF, the said Contractor has hereunto set his (their, its) hand and seal and the said Surety has caused this instrument to be signed by its duly authorized officer (s) or representative (s), and its corporate seal to be hereunto affixed, the day and year first above written.

CERTIFICATION

Extract from the By-Laws of **FEDERAL INSURANCE COMPANY**, **VIGILANT INSURANCE COMPANY**, and **PACIFIC INDEMNITY COMPANY**:

Except as otherwise provided in these By-Laws or by law or as otherwise directed by the Board of Directors, the President or any Vice President shall be authorized to execute and deliver, in the name and on behalf of the Corporation, all agreements, bonds, contracts, deeds, mortgages, and other instruments, either for the Corporation's own account or in a fiduciary or other capacity, and the seal of the Corporation, if appropriate, shall be affixed thereto by any of such officers or the Secretary or an Assistant Secretary. The Board of Directors, the President or any Vice President designated by the Board of Directors may authorize any other officer, employee or agent to execute and deliver, in the name and on behalf of the Corporation, agreements, bonds, contracts, deeds, mortgages, and other instruments, either for the Corporation's own account or in a fiduciary or other capacity, and, if appropriate, to affix the seal of the Corporation thereto. The grant of such authority by the Board or any such officer may be general or confined to specific instances.

I, Dawn M. Chloros, Assistant Secretary of **FEDERAL INSURANCE COMPANY**, **VIGILANT INSURANCE COMPANY**, and **PACIFIC INDEMNITY COMPANY** (the "Companies"), do hereby certify that:

- (i) the foregoing extract of the By-Laws of the Companies is true and correct;
- (ii) the Companies are duly licensed and authorized to transact surety business in all 50 of the United States of America and the District of Columbia and are authorized by the U.S. Treasury Department, further, Federal and Vigilant are licensed in the U.S. Virgin Islands, and Federal is licensed in Guam, Puerto Rico, and each of the Provinces of Canada except Prince Edward Island; and
- (iii) the foregoing Power of Attorney is true, correct and in full force and effect.

Given under my hand and seals of said Companies at Warren, NJ this **16th** day of **June**, 2016

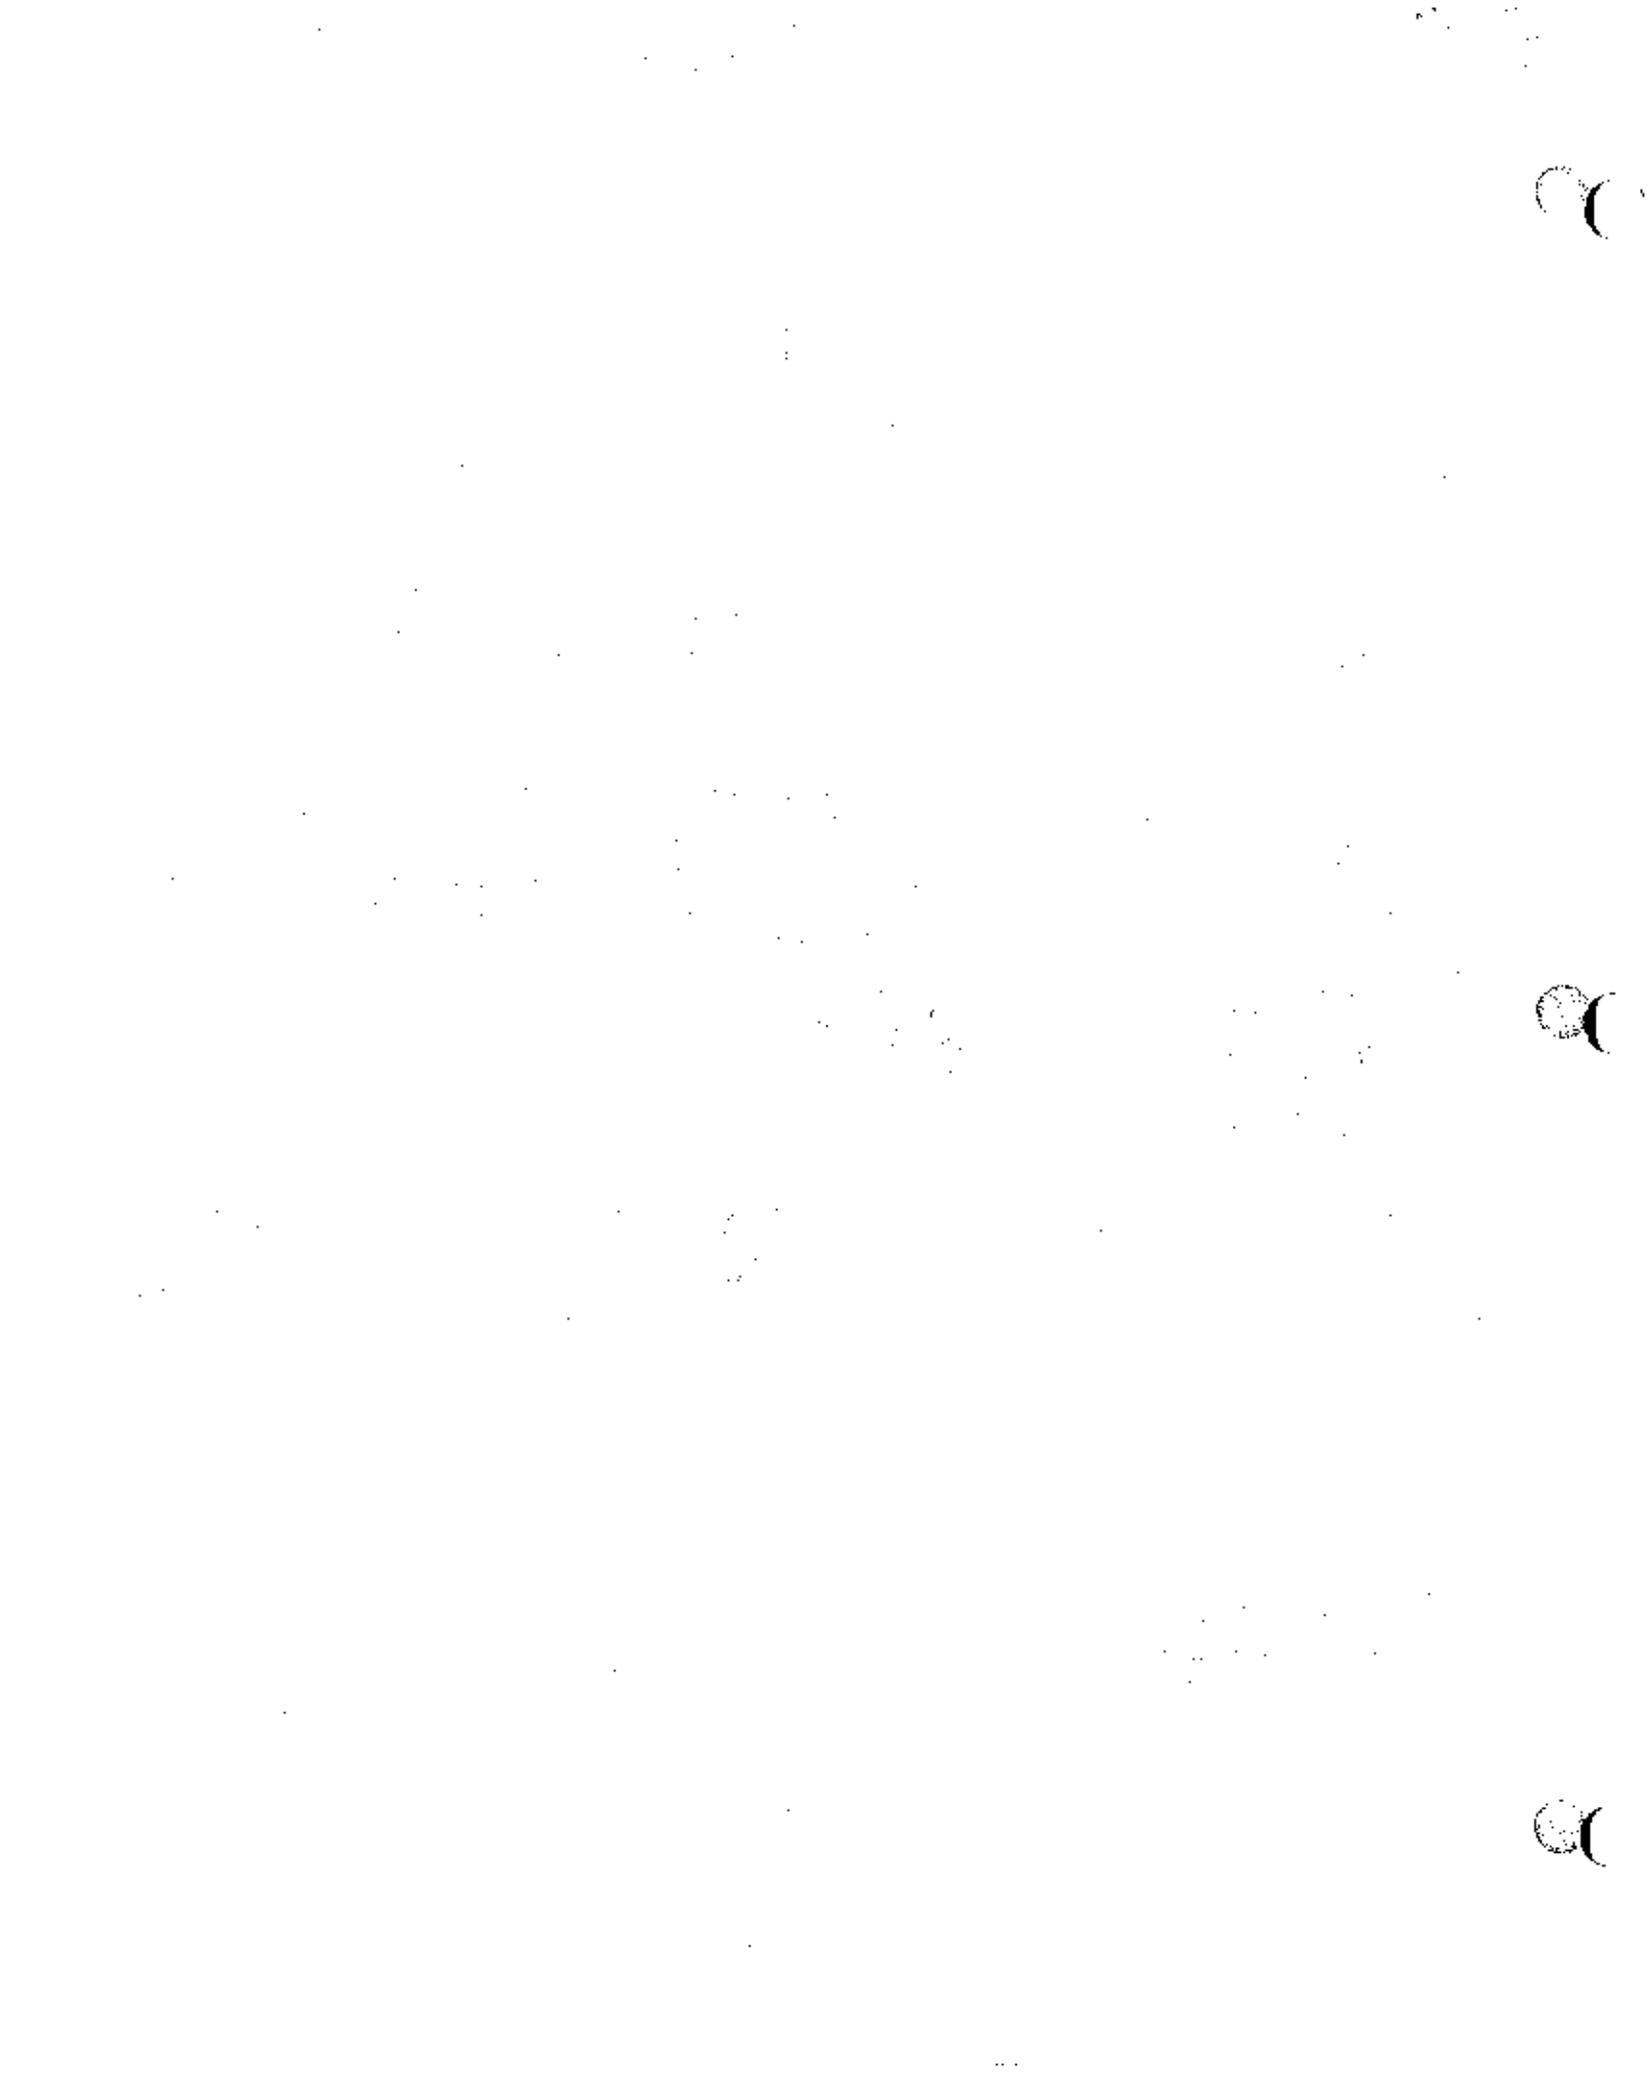

Dawn M. Chloros, Assistant Secretary

This Power of Attorney is granted under and by the authority of the following resolutions adopted by the Board of Directors of Farmington, California, Fidelity and Guaranty Insurance Company, Fidelity and Guaranty Insurance Underwriters, Inc., St. Paul Fire and Marine Insurance Company, St. Paul Guaranty Insurance Company, St. Paul Mercury Insurance Company, Travelers Casualty and Surety Company of America, Casualty and Surety Company of America, United States Fidelity and Guaranty Company, which resolutions are now in full force and effect, making as follows:

RESOLVED, that the Chairman, the President, any Vice Chairman, any Executive Vice President, any Senior Vice President, any Vice President, any Second Vice President, any Assistant President, any General Secretary or any Assistant Secretary may appoint attorneys-in-fact and agents-in-fact for and on behalf of the Company and may give and appoint such authority as his or her certificate of authority may prescribe to sign with the Company's name and seal with the Company's seal bonds, recognizances, contracts of indemnity, and other writings obligatory in the nature of a bond, recognizance, or conditional undertaking and any of said officers or the Board of Directors at any time may remove any such appointed and receive as power given him or her and it is

FURTHER RESOLVED that the Chairman, the President, any Vice Chairman, any Executive Vice President, any Senior Vice President, or any Vice President may delegate all or any part of the foregoing authority to one or more officers or employees of this Company, provided that each such delegation is in writing and a copy thereof is filed in the office of the Secretary; and it is

FURTHER RESOLVED, that any bond, recognizance, contract of indemnity, or writing obligatory in the nature of a bond, recognizance, or conditional undertaking shall be valid and binding upon the Company when signed by the President, any Vice Chairman, any Executive Vice President, any Senior Vice President or any Vice President, any Second Vice President, the Treasurer, any Assistant Treasurer, the Corporate Secretary or any Assistant Secretary and duly attested and sealed with the Company's seal by a Secretary or Assistant Secretary; or duly executed under seal, if required by one or more Attorneys-in-Fact or Agents-in-Fact in the power prescribed in his or her certificate or their certificate of authority or by one or more Company officers pursuant to a written delegation of authority; and it is

FURTHER RESOLVED, that the signature of each of the following officers: President, any Executive Vice President, any Senior Vice President, any Vice President, any Assistant Vice President, any Secretary, any Assistant Secretary, and the seal of the Company may be effected by facsimile or by Power of Attorney or by any certificate relating thereto appointing Resident Vice Presidents, Resident Assistant Secretaries or Attorneys-in-Fact for purposes only of executing and attesting to bonds and undertakings and other writings obligatory in the nature thereof, and any such Power of Attorney or certificate bearing such facsimile signature or facsimile seal shall be valid and binding upon the Company and any such power so executed and verified by such facsimile signature and facsimile seal shall be valid and binding on the Company in the future with respect to any bond or undertaking to which it is attached.

I, Kevin E. Hughes, an underlined Assistant Secretary of Farmington Casualty Company, Fidelity and Guaranty Insurance Company, Fidelity and Guaranty Insurance Underwriters, Inc., St. Paul Fire and Marine Insurance Company, St. Paul Guaranty Insurance Company, St. Paul Mercury Insurance Company, Travelers Casualty and Surety Company, Travelers Casualty and Surety Company of America, and United States Fidelity and Guaranty Company do hereby certify that the above and foregoing is a true and correct copy of the Power of Attorney executed by said Companies, which is in full force and effect and has not been revoked.

IN TESTIMONY WHEREOF, I have hereunto set my hand and affixed the seals of said Companies this 16th day of June 1916

Kevin E. Hughes

CERTIFICATE OF SOLVENCY UNDER SECTION 1111 OF THE NEW
YORK INSURANCE LAW

STATE OF NEW YORK

DEPARTMENT OF FINANCIAL SERVICES

It is hereby certified that

Travelers Casualty and Surety Company of America

Of Hartford, Connecticut

a corporation organized under the laws of the State of Connecticut and duly authorized to transact the business of insurance in this State, is qualified to become surety or guarantor on all bonds, undertakings, recognizances, guaranties and other obligations required or permitted by law; and that the said corporation is possessed of a capital and surplus including gross paid-in and contributed surplus and unassigned funds (surplus) aggregating the sum of \$2,232,075,875 (Capital \$6,480,000) as is shown by its sworn financial statement for the first quarter ending March 31, 2016 on file in this Department, prior to audit.

The said corporation cannot lawfully expose itself to loss on any one risk or hazard to an amount exceeding 10% of its surplus to policyholders, unless it shall be protected in excess of that amount in the manner provided in Section 4118 of the Insurance Law of this State.

In Witness Whereof, I have

unto set my hand and affixed

official seal of this Department
in the City of Albany, this

18th day of May, 2016.

LABOR AND MATERIAL PAYMENT BOND

FORM OF LABOR AND MATERIAL PAYMENT BOND

KNOW ALL MEN BY THESE PRESENTS:

that Walsagh Electric Corp. of LI, 233 Newtown Road, Plainville, NY 11803 as Principal,
(Here insert the name and address, or legal title, of the Contractor)

hereinafter called Principal, and Travlers Casualty and Surety Company of America & Federal Insurance Company

a corporation of the State of CT&IN, and licensed to do business in the State of New York, with its home office in

One Tower Square, Hartford, CT 06185 (TR) & 15 Mountain View Road, Warren, N.J. 07059 (FE), as Surety, hereinafter called Surety, and hold and firmly bound unto the County of Nassau, as Obligee, hereinafter called Owner, for the use and benefit of claimants as herein below defined, in the amount of

Two Million Four Hundred Forty Eight Thousand Five Hundred and 00/100 Dollars (\$2,448,500.00)
(Here insert a sum equal to the contract price), for the payment whereof Principal and Surety bind themselves, their heirs, executors, administrators, successors and assigns, jointly and severally, firmly by these presents.

WHEREAS,

Principal has by written agreement dated June 13, 2016 entered into a contract with Owner for,
Contract No. H62000-03E, Nassau County Traffic Signal System Operations, Phase V, PIN 0760 61

which contract is by reference made a part herof, and is hereafter referred to as the CONTRACT.

NOW THEREFORE, THE CONDITION OF THIS OBLIGATION IS SUCH, that, if the Principal shall promptly make payment to all claimants as hereinafter defined, for all labor and material used or reasonably required for use in the performance of the CONTRACT, then this obligation shall be void; otherwise it shall remain in full force and effect, subject, however, to the following conditions:

1. A claimant is defined as one having a direct contract with the Principal or with a sub-contractor of the Principal for labor, material, or both, used or reasonably required for use in the performance of the contract, labor and material being construed to include that part of water, gas, power, light, heat, oil, gasoline, telephone service or rental of equipment directly applicable to the CONTRACT.
2. The above named Principal, and Surety hereby jointly and severally agree with the Owner that every claimant as herein defined, who has not been paid in full before the expiration of a period of ninety (90) days after the date on which the last of such claimant's work or labor was done or performed, or materials were furnished by such

- claimant, may sue on this bond for the use of such claimant in the name of the Owner, prosecute the suit to final judgment for such sum or sums as may be justly due claimant, and have execution thereon, provided, however, that the Owner shall not be liable for the payments of any cost or expenses of any such suit.
3. No suit or action shall be commenced hereunder by any claimant.
 - a. Unless claimant shall have given written notice to the following: Principal, the Owner, and the Surety above named, within ninety(90) days after such claimant did or performed the last of the work or labor, or furnished the last of the materials for which said claim is made, stating with substantial accuracy the amount claimed and the name of the party to whom the materials were furnished, or for whom the work or labor was done or performed. Such notice shall be served by mailing the same by registered mail, postage prepaid, in an envelope addressed to the Principal, Owner and Surety, at any place where an office is regularly maintained for the transaction of business, or served in any manner in which legal process may be served in the state in which the aforesaid project is located, save that such service need not be made by a public officer.
 - b. After the expiration of one (1) year following the date on which Principal ceased work on said CONTRACT.
 - c. Other than in a court of competent jurisdiction in and for the County of Nassau.
 4. The amount of this bond shall be reduced by and to the extent of any payment or payments made in good faith hereunder, inclusive of the payment by Surety of mechanics liens which may be filed of record against said improvements, whether or not claim for the amount of such lien be presented under and against this bond.

CERTIFICATION

Extract from the By-Laws of FEDERAL INSURANCE COMPANY, VIGILANT INSURANCE COMPANY, and PACIFIC INDEMNITY COMPANY:

"Except as otherwise provided in these By-Laws or by law or as otherwise directed by the Board of Directors, the President or any Vice President shall be authorized to execute and deliver, in the name and on behalf of the Corporation, all agreements, bonds, contracts, deeds, mortgages, and other instruments, either for the Corporation's own account or in a fiduciary or other capacity, and the seal of the Corporation, if appropriate, shall be affixed thereto by any of such officers or the Secretary or an Assistant Secretary. The Board of Directors, the President or any Vice President designated by the Board of Directors may authorize any other officer, employee or agent to execute and deliver, in the name and on behalf of the Corporation, agreements, bonds, contracts, deeds, mortgages, and other instruments, either for the Corporation's own account or in a fiduciary or other capacity, and if appropriate, to affix the seal of the Corporation thereto. The grant of such authority by the Board or any such officer may be general or confined to specific instances."

I, Dawn M. Chloros, Assistant Secretary of FEDERAL INSURANCE COMPANY, VIGILANT INSURANCE COMPANY, and PACIFIC INDEMNITY COMPANY (the "Companies") do hereby certify that:

- (i) the foregoing extract of the By-Laws of the Companies is true and correct,
- (ii) the Companies are duly licensed and authorized to transact surety business in all 50 of the United States of America and the District of Columbia and are authorized by the U.S. Treasury Department; further, Federal and Vigilant are licensed in the U.S. Virgin Islands and Federal is licensed in Guam, Puerto Rico, and each of the Provinces of Canada except Prince Edward Island; and
- (iii) the foregoing Power of Attorney is true, correct and in full force and effect.

Given under my hand and seal of said Companies at Warren, New Jersey, 16th day of June, 2016

Dawn M. Chloros

CERTIFICATE OF SOLVENCY

NO TEXT ON THIS PAGE

CERTIFICATE OF SOLVENCY UNDER SECTION 1111 OF THE NEW YORK INSURANCE LAW

STATE OF NEW YORK
DEPARTMENT OF FINANCIAL SERVICES

It is hereby certified that

Travelers Casualty and Surety Company of America

Of Hartford, Connecticut

a corporation organized under the laws of the State of Connecticut and duly authorized to transact the business of insurance in this State, is qualified to become surety or guarantor on all bonds, undertakings, recognizances, guaranties and other obligations required or permitted by law; and that the said corporation is possessed of a capital and surplus including gross paid-in and contributed surplus and unassigned funds (surplus) aggregating the sum of \$2,232,075,875 (Capital \$6,480,000) as is shown by its sworn financial statement for the first quarter ending March 31, 2016 on file in this Department, prior to audit.

The said corporation cannot lawfully expose itself to loss on any one risk or hazard to an amount exceeding 10% of its surplus to policyholders, unless it shall be protected in excess of that amount in the manner provided in Section 4118 of the Insurance Law of this State.

In Witness Whereof, I have
unto set my hand and affixed
official seal of this Department
in the City of Albany, this

18th day of May, 2016.

Jacqueline Catalfamo
Special Deputy Superintendent

NASSAU COUNTY
DEPARTMENT OF PUBLIC WORKS
TRAFFIC MANAGEMENT CENTER

SIGNAL SYSTEM OPERATIONS

DIVISION 1 - GENERAL

1. PURPOSE

The purpose of this specification is to establish the minimum requirements for the operation of the County's traffic signal control computer and the ancillary equipment located at the Traffic Management Center in the DPW Building, Westbury, New York 11590, together with all field communications units and fiber optic modems located throughout Nassau County, and the certification and conditioning of the interconnect cables.

2. CONTRACTOR EXPERIENCE

The proper operation of the Traffic Management Center traffic signal control system is of a critical public safety nature. Prospective bidders must have at least three years of satisfactory maintenance experience and demonstrate management ability in the actual operation and maintenance of a considerable number of types of complex Traffic Control Equipment and Intelligent Transportation Systems.

The prospective bidders or their sub-contractor must have:

- a) at least three years extensive experience with time division multiplex systems and modems operating at a BAUD rate of 1550 bits per second with a minimum of 15 telemetry units on a single communications channel.
- b) a thorough understanding of the Concurrent M48-080 ULI (Universal Logic Interface), together with actual interface experience at a minimum of three locations.
- c) an extensive knowledge of private and public owned traffic control cable plants.
- d) extensive knowledge and a minimum of three years experience with traffic control equipment, cabinet wiring, and the interfacing of traffic control equipment with telemetry devices.

- e) primary experience maintaining a central traffic signal computer system with a minimum of 350 traffic signals and fifty (50) communications lines.
- f) extensive knowledge and experience with fiber optic cable, modems, connectors, and the maintenance of these items.
- g) extensive knowledge of Ethernet communications as well as layer three internet protocol communications, internet protocol (IP) addressing, spanning tree protocols, Ethernet over copper (first mile) protocols, VLANs, and network security protocols.
- h) contractor must have staff available at all times who are Cisco "Certified".
- i) contractor shall be familiar with the following software and operating systems: Windows Server, Microsoft Office Suite, PC Anywhere, Cisco Software, Ipswitch What's-Up Gold, Siemens Tactics, and Actelis MetaAssist.

The primary Contractor will be permitted to issue subcontracts only for Items 1A, 1G, III, and II of this document, which is the operations / maintenance of the traffic control computer equipment located at the Traffic Management Center, and the repair of units under Item 2. All subcontractors are subject to the approval of the County. All other items of work in this contract must be fulfilled by personnel of the primary Contractor.

It is noted that there are time requirements in this contract for the completion of emergency and maintenance work. It is vitally important that sufficient spare parts are in stock or readily available within 24 hours in order that the Contractor can comply with these time requirements and adequately insure the public safety.

3. AREA OF COVERAGE

The area of coverage for this contract shall include, but not be limited to, all items in this contract under the jurisdiction of the Division of Engineering, Traffic Management.

The County of Nassau reserves the right during the terms of this contract to increase, decrease, or eliminate an item of coverage, and the Contractor is hereby advised that he will receive no additional compensation other than the unit prices as expressed in the contract for such addition or deletion (see Appendix IV).

4. WORK INCLUDED

The work includes the furnishing of all transportation, labor, materials, signs, equipment, parts, tools, and appurtenances required to perform the work in accordance with this specification.

5. DEFINITIONS

The following definitions are in addition to the definitions as described in Article 1 of the Agreement.

a) Commissioner

The Commissioner of Public Works, County of Nassau or a representative of the Office of the Commissioner of Public Works, County of Nassau.

b) Communications Line

Any copper or fiber optic line used to transmit and receive data for a given control zone, including all spares and voice lines associated with the control zone.

c) Computer and Ancillary Equipment

Electronic devices used to supervise the split, offset, and cycle length of traffic signal controllers in systems. The computer and ancillary equipment are located at the Traffic Management Center, Department of Public Works, Division of Engineering, Traffic Management, 1194 Prospect Avenue, Westbury, New York 11590.

d) Controller

The mechanism used to time and control the indications of traffic signals; including the cabinet, terminals, wiring, switches, cabinet relays, auxiliary equipment, and all other parts, except time clocks, detectors, amplifiers, and special timing units.

e) Department

Department of Public Works, Nassau County.

f) Deputy Commissioner

Deputy Commissioner of the Department of Public Works, Division of Engineering.

g) Destination Time Signs

Equipment used to determine travel times along roadways, and then displays the average time to a particular destination. When Destination Time Signs are mentioned in this document, it refers to all related equipment including tag readers.

h) Direct Labor Cost

(As applied to Division 2, Section III, Time and Material) shall be the current New York State prevailing base labor rate schedule for an electronic technician in the

Nassau County area as verified by the New York State Department of Labor plus sixty percent (60%) supplement. This 60% supplement shall cover all fixed, variable, and other direct labor costs of the Contractor. The above 60% supplement shall not change for the duration of this contract. Any changes to the base labor rate during the duration of this contract, shall be verified by the New York State Department of Labor before payment can be made. Supplement percentages for the Subcontractor's personnel will be computed and verified by the Department.

i) Division

Division of Engineering, Department of Public Works, Nassau County

j) Electrically-Operated Traffic Control Devices

All traffic control signals, pedestrian control signals, floodlights, and all other illuminated devices whose maintenance is the responsibility of the Department of Public Works.

k) Fiber Optic Enclosures

Any unit specifically designed and utilized for housing fiber optic splices, whether located at Central or in the field. Fiber optic distribution cabinets and fiber optic splice cases are included in this category.

l) Fiber Optic Modem

A device used as an interface between an electrical signal and a light signal. These units are located at Central and in cabinets in the field.

m) Fiber Optic Splice

A device used to connect one fiber to another permanently. This connection couples light from one component to another with as little loss of optical power as possible, by the precise alignment of the mated fiber core so that nearly all the light is coupled from one fiber across the junction into the other fiber.

n) Field Communication Unit

An electronic device used to receive and transmit messages between the computer and ancillary equipment, and the local traffic signal controller. This unit may be located within the confines of the traffic signal controller cabinet. This unit may be digital (Ethernet) or analog (telemetry).

o) Hourly Rates

(As applied to Division 2, Section III, Time and Material) shall indicate the current

direct labor cost for those personnel that modify, construct, remove or install traffic control devices.

p) Incident Management Equipment

Closed circuit television camera systems that are used to monitor vehicular movement along roadways within the County. The incident management system is made up of field cameras, digital encoders, decoders, hardware and control equipment.

q) Maintain, Maintaining, Maintenance

These terms shall include in addition to other work specified, the following:

- (i) the monthly inspection of all equipment under the "Routine Maintenance and Inspection Program."
- (ii) the repair or replacement of any defective or worn-out control device, electrical, electronic, mechanical, or electro/mechanical component or part.

r) Material

(As applied to Division 2, Section III, Time and Material) are those physical components and equipment that are furnished and/or installed. The cost of these materials shall be the net cost to the Contractor, including all discounts. Proof of material and equipment costs shall be submitted to the Engineer for approval prior to payment.

s) Miscellaneous Devices

Devices not included in other categories.

t) Overhead

(As applied to Division 2, Section III, Time and Material) shall include the following expenses of the Contractor and Subcontractor, and shall be deemed to include all other costs other than direct labor cost, material, and profit percentages:

- (i) all transportation costs, including vehicles, rental charges, fuel, repair, and incidentals, except Subcontractors' transportation costs and rental charges
- (ii) all other equipment except Subcontractors' equipment
- (iii) office personnel
- (iv) supervision, including transportation

- (v) insurance
- (vi) office expenses; including light, heat, power, rent, and office equipment
- (vii) communications equipment, including phones, internet and TV.
- (viii) travel time; direct labor cost to and from job site

u) Overtime

Overtime paid by the Contractor on emergency time and material work, as ordered by the Division, will be computed for the total labor cost actually paid by the Contractor, and shall be listed separately from other time costs. All overtime shall be verified by the Division.

v) Project Manager

County employee assigned to oversee the operation and administration of this contract.

w) Routine Maintenance

Work items that shall be performed regularly to insure that equipment will continue to operate efficiently and safely.

x) Sensor Station

The location of devices used to measure the volume, speed, and time occupancy of traffic in a particular lane or lanes. When located away from a signalized intersection, the cabinet will contain the appropriate number of amplifiers for the sensors. The cabinet may also contain terminations of the interconnect cable and field communications units.

y) Subcontractor

Any individual, firm, or corporation to whom the Contractor, with the written consent of the Department, sublets any part of the contract.

z) Traffic Signal System Contractor

The individual firm or corporation undertaking the execution of the work under the terms of this contract and acting directly or through his, their, or its agents, and employees. This traffic signal system Contractor must be aware that he will be working closely and in cooperation with any Traffic Signal Maintenance Contractor to insure the proper functioning of the signals controlled

by the traffic computer.

aa) Traffic Management Center (TMC)

Located in the DPW Building, 1194 Prospect Avenue, Westbury, New York 11590. The traffic control computers and all ancillary equipment including a display wall are located there. All commands, instructions, and reports generated to operate the system are originated from the Traffic Management Center.

bb) Traffic Signal Shop

Located at 1194 Prospect Ave, Westbury New York, 11590. This center is responsible for the operation and maintenance of all County-owned traffic signal installations, and miscellaneous devices operating within Nassau County not covered under this contract.

cc) Traffic Signal Maintenance Contractor

The electrical contractor duly authorized by the County of Nassau to maintain all County-owned traffic signal installations, and miscellaneous devices operating within Nassau County, in accordance with the currently valid contract.

dc) Unscheduled Maintenance

Emergency repairs, which occur as the result of equipment failure or damage, shall include all work required to restore the system or other equipment under the jurisdiction of the Traffic Engineering Unit to its original normal operating condition. All necessary work under this definition will be paid under Section III, Time and Material.

ec) Variable Message Signs

Variable message signs are electronic messages signs mounted over or at the side of the roadway to communicate messages to motorists. These signs are controlled from the Traffic Management Center.

6. APPARENT OMISSIONS

The apparent silence of these specifications as to any detail or the apparent omission from them of a detailed plan concerning any work to be done and materials to be furnished, shall be regarded as meaning that only the best workmanship and material shall be used. Work not specified, but involved in the proper execution of the work, is required and shall be performed by the Contractor as though it were specifically delineated or described. Interpretation of these specifications shall be made upon that basis. All schedules, directives, and conditions are subject to change by the direction of the Commissioner.

7. NUMBER OF UNITS

The number of units shown in the bid schedule is an estimate of the number expected to be in service on the effective date of the contract. The actual number of units in the service at that time may vary from the estimate.

8. COMMUNICATIONS SERVICE

The Contractor's communication center shall receive and record all calls for service or repair originating from the public and forward all calls for service or repair to the Traffic Management Center for action.

9. CHARGING THE CONTRACTOR FOR WORK PERFORMED BY OTHERS

When the Contractor fails to perform on time in response to calls, this work will be subject to being accomplished by other than the successful bidder of this contract, as so ordered by the Commissioner. All direct and indirect costs and expenses related thereto will be paid by the Contractor, in accordance with the Agreement.

10. EQUIPMENT

During the course of the contract, equipment shall be furnished to the Traffic Management Center for use by Nassau County personnel in the administration of this contract. A list of said equipment will be provided with model numbers/specifications that will be provided to Traffic Management staff within twenty (20) days of the request.

It is expressly understood and agreed that the foregoing bid is the basis for establishing the amount of the bid security on this proposal and includes the following allowance:

\$100,000 for the purchase of computer hardware, computer equipment, software, tools, communication equipment, office equipment, field equipment, apparel and any other incidentals or purchases that may be required as authorized by the project manager. Payments to the Contractor will be strictly on the basis of manufacturer's or supplier's invoices including shipping. Sales tax will not be reimbursed. If the cost of the equipment exceeds the \$100,000 allowance, the Contractor will be paid the increase amount based on invoices. The equipment shall be delivered within twenty (20) calendar days after the request is made.

11. REQUIRED EQUIPMENT

a) The Contractor shall provide for each of its full time field maintenance employees assigned to this contract the following equipment for the duration of the contract:

- One (1) Cellular telephone (smartphone)
- One (1) Operations Laptop with mobile charger, wireless LAN communications, and carry case. Laptop computer shall be equal or

greater than Dell Latitude 14 E7450, HP ZBook 14 G2 or approved equivalent including Windows OS and MS Office Professional

b) The Contractor shall provide the following equipment for use by Nassau County Traffic Management Staff for the duration of the contract:

- Three (3) Cellular 4G telephones (smartphones)
- Two (2) 4G Mobile Hotspots
- One (1) 4G USB Cellular Modem
- One (1) 12 Volt Wireless 4G Ethernet Gateway with Service, mobile antennas, cabling and vehicle mount.
- Two (2) Internet Modems from two (2) separate internet service providers each with ten (10) Static IP addresses and each having a minimum of 110 MBPS download / 110 MBPS upload speeds.
- Six (6) HDTV Receivers – from two (2) separate television service providers with mid-level service plans.
- Two (2) TMC Operations Desktop Computers that shall be equal to or greater than Dell Optiplex 9020 SFF, HP ProDesk 600 G1, or approved equivalent. Each with (2) two 24 Inch flat screen monitors, Wireless mouse & keyboard, Windows OS and MS Office Professional.
- One (1) Portable Generator - Honda EU7000iS, Yamaha EF6300iSDE, or approved equivalent. Provided with cover and battery tender.
- One (1) Operations Portable Radio Repeater - Motorola CDR700, Kenwood TKR-750, or approved equivalent. UHF 450-520 Mhz repeater with program software, cables, controller and duplexer.

12. PARTS - CONTRACTOR

For the purpose of repair and maintenance, the Contractor shall furnish all parts as required for use in the operation of the electronic control devices, including complete units or parts, necessary to comply with the terms of this contract. The County of Nassau will not be responsible for furnishing any parts under this contract, except as stated under 21 - SPARE EQUIPMENT - NASSAU COUNTY".

All replacement parts or components shall be new and equal to the original part or component replaced. If the Contractor replaces a defective component or part with anything but the same manufacturer's make, model, quality, etc., he shall first receive permission in writing from the Division. Prior to the start of the project, the contractor shall have in their inventory the equipment listed in Division 2, Appendix V. The inventory equipment listed in Division 2, Appendix V must be maintained for the duration of the contract.

13. CONTRACTOR'S COMMUNICATIONS AND OPERATIONS CENTER

The Contractor shall maintain an Operations Center within the County of Nassau. The center shall include office facilities, complete shop facilities, and storage area to perform the required work under this specification.

required work under this specification.

Upon issuance of the Commence Work Order, the Contractor's Operations Center shall be fully equipped with complete shop facilities, including test equipment for the repair of various types of electronic control equipment.

14. SHOP FACILITY

The Contractor shall have on hand a complete stock of electronic control equipment within the Nassau County limits. This equipment shall be sufficient to insure strict compliance with the requirements of this specification.

The shop facility shall include, in addition to other equipment, the following minimum equipment:

- a) A device that emulates the central communication commands with a self contained modem, and provides detector simulation, phase return inputs, and a solid state controller interface. This device attaches to a telemetry unit and exercises the communications, inputs, and outputs.
- b) Oscilloscope
- c) Analog Voltmeter or equivalent.
- d) VOM with audible continuity.
- e) One portable Oscilloscope with Dual Channel.
- f) Logic State Analyzer
- g) Fiber optic splicing equipment (stripper, cleaver, splicer, connectors, etc.).
- h) Optical Time Deflection Reflectometer (OTDR) for testing fiber optic cable.
- i) Fiber Optic laser test light - to easily identify breaks in fiber cable.
- j) Network test set that will test and identify all 8 pairs of Cat 5 or Cat 6 cable

The above equipment shall be functionally operational and tested. The shop facilities shall be available at all times during the business day for inspection by the Department.

15. CONTRACTOR'S PERSONNEL

The Contractor shall maintain a sufficient staff of trained maintenance, modification, field, and bench emergency repair personnel. The maintenance personnel assigned by the Contractor shall be Journeymen Maintenance Electricians, each with a minimum of five

years experience in each of the following: in-field troubleshooting, repairs of electrical/electronic traffic signal equipment, telemetry maintenance and operation, Ethernet communications maintenance and operation, and communications cable diagnostics.

At the start of this contract all field maintenance personnel assigned to this contract, shall be certified by the International Municipal Signal Association, Inc. as "Traffic Signal Technician - Level I". In addition, at the start of this contract, the primary maintenance personnel shall be certified as "Traffic Signal Technician - Level II" and "Traffic Signal Electrician - Level II". The certification exams shall be obtained through the I.M.S.A. The Contractor is responsible for any and all fees necessary for the required applications and examinations. The I.M.S.A. shall administer the certification exams. The Contractor shall furnish photocopies of all Certification Documents to the Engineer. Primary maintenance personnel must also have a valid Cisco CCENT certification for the duration of the contract.

The Contractor shall assign two (2) people permanently (primary maintenance personnel) to this contract with qualifications as described above that will work Monday to Friday excluding holidays. The Contractor shall assign at least one (1) additional person, with the same qualifications, to this contract, when any of the following system conditions exist:

- a) any three or more noncontiguous communications zones are down (failed).
- b) any twenty (20) or more intersections in noncontiguous zones are down (failed).
- c) any other conditions deemed an emergency by the County Project Manager.
- d) if either of the two (2) permanent personnel are absent. (sick / vacation)

Failure to furnish personnel in a timely manner shall result in a penalty of 1/10th of Items 1A/1B and 2A/2B monthly bid price for each day delay in meeting this requirement.

In addition to the two (2) permanent personnel indicated above, the contractor shall supply one (1) full time (Monday to Friday) apprentice that participates in an approved apprenticeship program.

Work hours: Staff assigned to this contract shall work split shifts in order to cover a twelve (12) hour work day (7 AM to 7 PM). The morning shift shall consist of 7 AM to 4 PM including a 1 hour meal break and the afternoon shift shall consist of 10 AM to 7 PM including a 1 hour meal break.

Personnel shall have sufficiently equipped vehicles assigned to them for exclusive use on this contract. One vehicle shall be equipped with an interior equipment storage shelving system and an aerial bucket with sufficient height to service communications cable, aerial termination boxes (ATB), overhead message signs and traffic surveillance cameras located throughout the system. The second vehicle, a commercial van or cargo style vehicle shall be equipped with an interior equipment storage shelving system, four wheel drive and a class III towing hitch. Both vehicles will be equipped with a minimum of 2,000 watt 12 volt DC to

110 volt AC power inverter, and both vehicles shall have less than 30,000 miles at the commencement of the contract. The apprentice will not be assigned a vehicle, however a vehicle with a class III towing hitch must be available for the apprentice's use in the event it is needed.

Additionally, the Contractor shall assign a Project Manager for supervision, with a minimum of three years experience in the management of traffic signal and traffic computer maintenance. This position is full-time and shall be on duty in the County of Nassau only. The Contractor shall provide adequate supervision, competent in directing the necessary personnel and the required work. Supervisory personnel shall have the authority to act for the Contractor. The names, telephone numbers, and technical experience of these employees shall be submitted to the Project Manager within ten (10) days of the commence work date.

16. DAILY WORK REPORT

The Contractor shall be required to keep a neat, accurate, and up-to-date record of the types and locations of all equipment within the scope of this contract. These records shall be in a format approved by the Division, and shall include, but not be limited to the following:

- a) location and number of intersections controlled by electrically operated field communication devices.
- b) type and amount of field communication equipment at each intersection, and method of operation.
- c) time, date, and details of repairs, replacement, cleaning, etc. by intersection.
- d) timing, offset, and program information by intersection and section.
- e) complete maintenance history of all equipment in this contract by serial number and intersection.

Daily work reports, provided by the County Project Manager, must be completed and delivered to the Traffic Management Center weekly for record keeping and verification of work completed. All records shall become the property of the County of Nassau

17. WORK ORDERS

All calls for service shall be recorded on the daily work report. These work orders shall be in a format approved by the Project Manager, and shall include, but not be limited to the following:

- a) location
- b) device number

- d) date and time Contractor was notified of work
- e) person making notification or authorizing work
- f) date and time Contractor arrived at scene
- g) date and time repair was completed
- h) type of malfunction and/or damage found
- i) repair of malfunction and/or damage and how it was serviced, etc.
- j) serviceman's name

Nassau shall issue consecutive numbered work orders. Delinquent work orders shall not be permitted. After ten days, delinquent work orders shall be deemed just cause to delay any claim for payment until the delinquent work order is complete and forwarded to County.

18. INTERSECTION RECORD CARD

The Traffic Signal Maintenance Contractor (separate contract) maintains the 5" x 8" intersection record card. This record shall remain at the intersection controller cabinet. Under the terms of this contract, the record card shall be kept up to date by indicating the date any device was installed, the date removed for maintenance (scheduled or unscheduled), the work performed at the intersection, and the date reinstalled. A separate record card will also be used for Camera, VMS and Communications HUB cabinets.

19. REPORTS

All work performed in accordance with the terms of this specification shall be tabulated and reported in conjunction with the monthly claim in a form agreeable to the Commissioner.

20. SPARE EQUIPMENT - NASSAU COUNTY

Nassau County will furnish the following spare traffic computer equipment:

- a) 10 field communications telemetry units
- b) 2 handheld program units
- c) 6 Actelis Ethernet field communications units
- d) 4 Cisco 8 port Ethernet field switches
- e) 2 Cisco 24 port Ethernet field switches
- f) 5 Cisco and 5 Coretek optional SFP modules

The Contractor shall maintain the above spare equipment. Upon completion of this contract, the above County-owned equipment shall be returned to the County within fourteen (14) calendar days. This equipment shall be checked out and be certified in working order to the County. Failure to return this equipment in a timely manner and in satisfactory working order shall result in delay of payment of the final claim.

The Contractor shall remove, transport, and return the field communications units to the field locations at no addition cost to Nassau County.

21. WIRING DIAGRAMS

All wiring diagrams pertaining to County-owned equipment, originating either with the equipment manufacturer or the Contractor, are the property of the County and shall be forwarded to the Project Manager at the conclusion of this contract.

22. CLEANLINESS

Upon completion of the work at each location, the Contractor shall remove all remaining material and shall leave the area, which may have been affected by this operation in a neat and orderly condition.

23. COOPERATION

A certain amount of County-owned equipment covered by this specification is installed on poles owned by utility companies. The Contractor shall respect the rights of, and cooperate as fully as possible with these utility companies, other contractors, and all County departments.

24. STANDARDS

New York State Department of Transportation Traffic Signal Standard Specifications including Region 10 special specifications are made a part of this contract.

25. RECOURSE

This contract does not imply that the approved Contractor, following the award of this contract, has the exclusive right or legal recourse to the County for any other similar computer control type contract, or any other traffic signal contract, which includes the computer installation and maintenance work that may be awarded during the life of this contract.

26. VANDALISM

The Contractor at no additional expense to the County shall repair all damage caused by vandalism to equipment maintained under this contract. Payment for vandalism shall be distributed over the items of this contract and included in the bid.

27. SAFETY

The Contractor shall be responsible for initiating, maintaining, and supervising all safety precautions and programs in connection with the work. The Contractor shall take all reasonable precautions for the safety of, and shall provide all reasonable protection to prevent damage, injury, or loss to:

- a) all employees on the work site and all other persons who may be affected thereby.
- b) all the work and all materials and equipment to be incorporated therein, whether in storage on or off the job site, under the care, custody, or control of the Contractor, or any of his Subcontractors or Sub-subcontractors.
- c) other property at the job site or adjacent thereto, including roadways, structures, and utilities not designated for removal, relocation, or replacement in the course of construction.

The Contractor shall comply with all applicable laws, ordinances, rules, regulations, and orders of any public authority having jurisdiction for the safety of persons or property or to protect them from damage, injury, or loss. The Contractor shall erect and maintain, as required by existing conditions and progress of the work, and or as ordered by the Engineer, all reasonable safeguards for safety and protection, including posting warning signs and other warnings against hazards, in accordance with the New York State Manual of Uniform Traffic Control Devices, promulgating safety regulations and notifying owners and users of adjacent utilities.

When the use or storage of hazardous material or equipment is necessary for the execution of the work, the Contractor shall exercise the utmost care and shall carry on such activities under the supervision of properly qualified personnel.

All damage or loss to any property caused in whole or in part by the Contractor, any subcontractor, any sub-subcontractor, or anyone directly or indirectly employed by any of them, or by anyone for whose acts any of them may be liable, shall be remedied by the Contractor.

The Contractor shall designate a responsible member of his organization, under the contract, whose duty shall be the prevention of accidents. This person shall be the Contractor's Project Manager, unless otherwise designated in writing by the Contractor to the County.

28. OPERATIONAL UNITS

On the last County working day of the calendar month, one hundred (100%) percent of the field communications units, whether or not they are connected to the central computer, must be operational. If not, this will be justification for delaying payment of the monthly claims until this requirement is met. An operational unit is defined as a field communications unit that is ready and capable of performing all required functions.

29. AERIAL CABLE

The Contractor shall make an annual inspection of all aerial cable. The first inspection shall occur within six (6) months of the commence work date. All reports of such inspections shall be forwarded to the Traffic Management Center with the next monthly claim. Inspection shall include the checking of all connections at all aerial termination boxes

(ATB), checking the integrity of all "in-line" splices, checking the jacket for crazing, splitting, checking, or any other damage. Any tree branches found to be interfering with or affecting the cable shall be removed. The removal of any tree branches shall be considered routine maintenance and shall be completely at the expense of the Contractor.

30. POLE TRANSFERS

All pole transfers whether scheduled or unscheduled will be completed as soon as practical after notification by the Project Manager. No additional payments shall be made for pole transfers if they are completed utilizing either of the personnel assigned to this contract during normal business hours.

31. EQUIPMENT TOWING

As requested by the project manager, contractor vehicles may be requested and utilized to tow field equipment such as portable traffic equipment and cargo trailers.

32. STORM RESPONSE

During the planning stages for an impending storm, the contractor's personnel assigned to this contract will be placed on standby, to maintain a state of readiness in order facilitate a quick response to incidents immediately following the storm. If needed, additional personnel with 4 x 4 vehicles may also be requested to be placed on standby.

32. TRAFFIC SIGNAL BACKUP POWER

At any given time, the contractor must maintain one electrician available to respond with the Traffic Management Emergency Response team. This team will respond to traffic signal power outages and connect back-up generators to restore signal operation.

33. FUNDING

The total value of this contract shall be equal to the amount appropriated in the 2016-2018 approved budget, together with those amounts which shall be appropriated in the approved budgets for the succeeding years, together with any additional appropriation which may be made during the term of this contract for the purpose of this contract.

34. LENGTH OF CONTRACT

The contract term shall be for thirty six (36) months, except as provided for under the paragraph entitled Special Provisions and Conditions, Division 2 page 12.

**NASSAU COUNTY
DEPARTMENT OF PUBLIC WORKS
TRAFFIC MANAGEMENT CENTER**

COMPUTER AND FIELD COMMUNICATIONS

DIVISION 2 - DETAIL OF ITEMS

SECTION I

Operations and maintenance of all items shall be paid for on the basis of a unit cost per month, multiplied by the number of months of the contract duration to determine the cost of these items.

SECTION II - ITEMS INCLUDED

ITEM 1A - Computer Equipment

The work is comprised of the operations, repair and maintenance of the Legacy traffic control computer and ancillary equipment under the Concurrent product line as well as the New Traffic Management servers under the Deil product line, the Hewlett-Packard video wall servers and ancillary equipment, and various servers and communications equipment related to the Incident Management and Travel Time Signs systems. The contractor will also be responsible to repair/maintain various Cisco equipment including Ethernet switches, as well as copper and fiber optic patch panels.

Contractor shall provide a service/support/maintenance contract with the Activu Corporation for the 10 Mitsubishi video cubes and associated equipment and servers listed in appendix 1. The Activu contract must include, but is not limited to an annual re-lamping, two (2) annual maintenance site visits and technical support. Contractor shall provide a service/support/maintenance contract with Teseste for the traffic surveillance video management system, associated equipment and servers listed in appendix 1.

The above referenced equipment is located in the Traffic Management Center, 1194 Prospect Avenue, Westbury, New York 11590 (see Appendix D).

Contractor shall provide a 36 month information service contract with "Schneider Electric" for their MxVision Weather Sentry software. And a 36 month "Breaking News Network" contract for access to their Desktop News Client and Mobile Device Application.

Any call for maintenance under this Item shall be responded to between the hours of 8 a.m. and 5 p.m., Monday through Friday, excluding holidays. The call will be serviced within two (2) hours on the same day the call is placed. If the call is placed after 3 p.m., it shall be responded to by 8 a.m. the next work day.

ITEM 1B - Ancillary Equipment

Included in Item 1B is the operations, repair and maintenance of all other equipment ancillary to the computer system, including, but not limited to Concurrent, Dell, Cisco, Etherway and Hewlett Packard product line located in the Traffic Management Center, DPW Building, 1194 Prospect Avenue, Westbury, New York 11590 (see Appendix II), as well as, in field locations (see Appendix III). This equipment shall be maintained under the same requirements established under Item 1A - Computer Equipment. If the equipment under this item is changed, added to, or modified during the course of the contract, the bid price for this item will be adjusted to reflect the change.

All equipment in Items 1A and 1B shall be subjected to a monthly preventive maintenance regimen in order to ensure maximum systems availability. Preventive maintenance shall cover each element of this system with a specific, detailed checklist designed to identify marginal system components so that corrective actions can be taken prior to a failure.

Particular emphasis should be placed upon the repair and return to service of both the central and field modems. The Contractor shall maintain a minimum of six (6) operational 1550 BAUD modems, six (6) operational Actelis Ethernet switches, and six (6) operational Cisco 8 port 2960 Ethernet switches as spares. In addition, the contractor shall maintain an inventory of multiple types of 100Base and 1000Base SFP modules with LC connectors.

Payment for these items shall be inclusive of Item 1A and 1B described. The basis for payment shall be unit cost per month.

ITEM 2A - Field Communications

The work is comprised of the operations, repair, maintenance and operations of field communications units including all internal components and attaching cables to the point of attachment on the terminal strip within the cabinet. Communications units and attaching cables are subject to routine inspection every sixty (60) days and reported on the daily work order form. All "standby" data found in the telemetry units shall be checked and adjusted to meet current timing schedules. Maintenance under this item shall also include the checking of all system sensors to verify communication with the associated signal cabinet. Any sensor loop or amplifier that is found to be malfunctioning shall be reported to the Traffic Management Center for forwarding through Signal Operations at 1194 Prospect Avenue, Westbury to the current Traffic Signal Maintenance Contractor (separate contractor).

- Field telemetry units are usually located at signalized intersections in either pole-mounted or ground-mounted cabinets. These cabinets contain, in addition to the field telemetry units, other equipment used in the timing and controlling of traffic signals. The Contractor shall only be responsible for maintenance and operation of the Field telemetry units and its associated cables.

- Ethernet communications units are usually located at signalized intersections, camera cabinets, VMS cabinets and communications I/O cabinets either pole-mounted or ground-mounted. These cabinets contain, in addition to the field telemetry units, other equipment used in the timing and controlling of traffic signals. In traffic signal cabinets, the Contractor shall only be responsible for maintenance and operation of the Ethernet communications units and its associated cables.

The Contractor shall be available between the hours of 7:00 a.m. and 7:00 p.m., Monday through Friday, excluding all legal Nassau County holidays. These hours of operation may be changed during the life of the contract at the direction of the County. As the beginning of the contract, the contractor shall submit a list of paid holidays to the County project manager for approval.

The Contractor shall respond only to work orders and directives issued from the Traffic Management Center. Response to work orders shall be as follows:

- a) all work orders transmitted to the Contractor between the hours of 7 a.m. and 7 p.m. on a normal business day shall require the Contractor to respond to the intersection or intersections within two (2) hours.
- b) all work orders transmitted to the Contractor at times other than those specified in Paragraph (a) above, shall require the Contractor to respond to the intersection or intersections on a priority established by the Traffic Control Center as follows: Work orders received prior to 7 a.m. shall require the Contractor to respond by 9 a.m. the same day; Work orders received after 7 p.m. shall require the Contractor to respond commencing no later than 7:00 a.m. the next business day following the transmittal.

All field communications units that have failed or are removed from the field for repairs shall be repaired or replaced within five (5) calendar days.

When a field communications unit is removed from the field location for repairs, the Contractor shall replace the defective unit with a working spare from the contractor's stock or furnished by the County.

All units repaired and returned to service shall operate a minimum of twenty-four (24) hours to fulfill the requirement of a completed repair. If a repaired and returned to service unit fails within twenty-four (24) hours it shall be considered as non-operational and not repaired for the purposes of billing.

Thunderstorms, lightning damage, etc. shall not be justification for failure to fulfill the obligations as specified in the contract.

Maintenance under this item shall also include the synchronization of all communications units not connected to the Traffic Management Center, 2070 controllers (see Appendix V)

that have replaced pre-existing controllers, and telemetry units within system control zones in order to maintain system progressions, as well as any other device that the Engineer deems necessary. All communications units operating in standby mode, and all 2070 controllers with no communications shall be checked and resynchronized on a weekly schedule or as ordered by the Project Manager.

In addition, during the course of this contract, it is anticipated that existing field equipment (controller, field communications unit, etc.) that are located at some signalized locations will be replaced under separate contracts with 2070 controllers in order to provide future interconnection with the proposed Central Traffic Computer. The proposed Central Traffic Computer will eventually replace the existing Micro-3 (Legacy) Central Traffic Computer.

Existing timing schedules for the traffic signal controllers at all Nassau County signalized intersections covered under this contract will remain in force and shall be maintained with the 2070 controller, unless modified timings are ordered by the Project Manager.

This item shall maintain all Intelligent Transportation Systems installed in the signal cabinets, auxiliary cabinets or communications IICB cabinets. This equipment includes but is not limited to; system sensor detection loops and amplifiers, blue tooth reader equipment, wi-fi reader equipment, road weather information systems equipment and battery back-up devices.

Maintenance under this item shall include the furnishing and replacement of non-functioning varistors, lightning protection, and line conditioning equipment in place prior to this contract or installed during its life. The Contractor shall be responsible for maintaining lightning protection on all copper communications lines both at Central and field locations covered in this contract.

The fiber optic splice cases associated with the computerized signal system shall be maintained under this item. The work is comprised of the maintenance of the fiber optic splice case (including case resealing), splice trays, copper terminations, associated attaching cables, and related hardware.

The operational inventory for the purposes of billing shall be determined as the number of intersections equipped with operational communications units, whether or not they are connected to the Central Computer, for the entire billing month.

Any intersections without an operational communications unit at any time during a given month shall have its monthly maintenance bid price (Item 2A) deducted from the operational inventory for that month.

Payment for this item shall be all inclusive of Item 2A described. The basis for payment shall be a unit cost per month for each telemetry unit in operation under the jurisdiction of this Division.

ITEM 2B - Field Ethernet Switches

The work is comprised of the operations, repair and maintenance of Ethernet Switches (both local signal and hub locations) including all internal components and associated cables to the patch panel within the cabinet. Ethernet Switches and associated cables are subject to routine inspection every sixty (60) days and reported on the daily work order form. Maintenance under this item shall also include the checking of all system sensors to verify communication with the associated 2070 Controller. Any sensor loop or amplifier that is found to be malfunctioning shall be reported to the Traffic Management Center for forwarding to the Signal Shop for repair.

The Ethernet Switches are usually located at signalized intersections in either pole-mounted or base-mounted cabinets. These cabinets contain, in addition to the Ethernet Switch, other equipment used in the timing and controlling of traffic signals. The Contractor shall only be responsible for the Ethernet Switches, Transceivers, Media Converters, SFP modules, and their associated copper or fiber cables and is not permitted to make any adjustments or repairs to the other equipment in the cabinet.

The Contractor shall be available between the hours of 7:00 a.m. and 7:00 p.m., Monday through Friday, excluding all legal Nassau County holidays. These hours of operation may be changed during the life of the contract at the direction of the County.

The Contractor shall respond only to work orders and directives issued from the Traffic Management Center. Response to work orders shall be as follows:

- a) all work orders transmitted to the Contractor between the hours of 7 a.m. and 5 p.m. on a normal business day shall require the Contractor to respond to the intersection or intersections within two (2) hours.
- b) all work orders transmitted to the Contractor at times other than those specified in Paragraph (a) above, shall require the Contractor to respond to the intersection or intersections on a priority established by the Traffic Management Center as follows: Work orders received prior to 7 a.m. shall require the Contractor to respond by 9 a.m. the same day; Work orders received after 7 p.m. shall require the Contractor to respond commencing no later than 7:00 a.m. the next business day following the transmittal.

All Ethernet Switches that have failed or are removed from the field for repairs shall be repaired or replaced within five (5) calendar days.

When an Ethernet Switch is removed from the field location for repairs, the Contractor shall replace the defective unit with a working spare from the stock furnished by the County.

All units repaired and returned to service shall operate a minimum of twenty-four (24) hours to fulfill the requirement of a completed repair. If a repaired and returned to service unit fails

within twenty-four (24) hours it shall be considered as non-operational and not repaired for the purposes of billing. An operational unit is one that satisfies all requirements of the respective Specification for the particular Ethernet Switch, Transceiver, or SFP module.

Thunderstorms, lightning damage, etc. shall not be justification for failure to fulfill the obligations as specified in the contract.

Maintenance under this item shall also include the synchronization of all traffic signals not connected to the Traffic Management Center Server (Closed Loop Systems). All units operating remotely with no communication back to the Traffic Management Center shall be checked and resynchronized on a weekly schedule or as ordered by the project manager.

Existing timing schedules for the traffic signal controllers at all Nassau County signalized intersections covered under this contract will remain in force and shall be maintained with the 2070 controller, unless modified timings are ordered by the Engineer.

This item shall maintain all Intelligent Transportation Systems installed in the signal cabinets, auxiliary cabinets or communications HUB cabinets. This equipment includes but is not limited to; system sensor detection loops and amplifiers, blue tooth reader equipment, wi-fi reader equipment, road weather information systems equipment and battery back-up devices.

Maintenance under this item shall include the furnishing and replacement of non-functioning varistors, lightning protection, and line conditioning equipment in place prior to this contract or installed during its life. The Contractor shall be responsible for maintaining lightning protection on all copper communications lines both at Central and field locations covered in this contract.

The fiber optic splice cases associated with the computerized signal system shall be maintained under this item. The work is comprised of the maintenance of the fiber optic splice case (including case resealing), splice trays, copper terminations, associated attaching cables, and related hardware.

The operational inventory for the purposes of billing shall be determined as the number of intersections equipped with operational Ethernet Switches, whether or not they are connected to the Traffic Management Center, for the entire billing month.

Any intersections without an operational Ethernet Switch at any time during a given month shall have its monthly maintenance bid price (Item 2) deducted from the operational inventory for that month.

Payment for this item shall be all inclusive of Item 2A described. The basis for payment shall be a unit cost per month for each Ethernet Switch in operation under the jurisdiction of this Division.

Work that consists of correcting data transmission problems, which may arise on the existing, copper

or fiber cable plant during the course of the contract is included as part of section 2A/2B. When elevated signal to noise ratios or other interferences to data transmissions occur, the Contractor shall remove or reduce this interference, by replacing existing devices that have deteriorated or by installing devices such as inductors, capacitors, Line amplifiers, etc. or by cleaning and applying a protective coat to cable terminations located in controller, termination, or splice cabinets. The work also consists of correcting optical transmission problems which may arise on the existing fiber optic cable plant during the course of the contract. When elevated line loss conditions occur, the Contractor shall develop an Optical Time Domain Reflectometer (OTDR) trace to identify the problem area. The Contractor shall reduce the line loss by re-splicing existing splice locations, and/or adding, removing, or changing fiber optic signal attenuators, as necessary or as ordered by the Engineer. Payment for this work is included as part of section 2A/2B. Any fiber optic signal attenuators removed shall be returned to the Traffic Management Center.

ITEM 3 – Incident Management Camera Equipment

The work is comprised of the operations, repair and maintenance of the County's Incident Management System including cameras, camera control, camera cabinets, encoders, decoders and associated communications equipment. Approximately 100 Cameras and all associated equipment are subject to routine inspection every ninety (90) days and reported on the daily work order form.

The Incident Management Cameras are usually located at signalized intersections in either cantilever mounted (dome camera) or at the top of a strain pole (top mount) configuration. The camera cabinets contain, in addition to the Ethernet Switch, other equipment used in the conjunction with the operation of the traffic camera.

The Contractor shall be available between the hours of 7:00 a.m. and 7:00 p.m., Monday through Friday, excluding all legal Nassau County holidays. These hours of operation may be changed during the life of the contract at the direction of the County.

The Contractor shall respond only to work orders or directives issued from the Traffic Management Center. Response to work orders shall be as follows:

- a) all work orders transmitted to the Contractor between the hours of 7 a.m. and 7 p.m. on a normal business day shall require the Contractor to respond to the intersection or intersections within two (2) hours.
- b) all work orders transmitted to the Contractor at times other than those specified in Paragraph (a) above, shall require the Contractor to respond to the intersection or intersections on a priority established by the Traffic Management Center as follows: Work orders received prior to 7 a.m. shall require the Contractor to respond by 9 a.m. the same day; Work orders received after 7 p.m. shall require the Contractor to respond commencing no later than 7:00 a.m. the next business day following the transmittal.

All cameras that have failed or are removed from the field for repairs shall be repaired or replaced within five (5) calendar days.

All units repaired and returned to service shall operate a minimum of twenty-four (24) hours to fulfill the requirement of a completed repair. If a repaired and returned to service unit fails within twenty-four (24) hours it shall be considered as non-operational and not repaired for the purposes of billing. An operational unit is one that satisfies all requirements of the respective Specification for the particular piece of camera equipment.

ITEM 4 - Travel Time Signs

The work is comprised of the operations, repair and maintenance of the County's Travel Time Sign System including signs, control equipment, cabinets, tag readers, and associated communications equipment. Approximately 12 Travel Time Signs and all associated equipment are subject to routine inspection every ninety (90) days and reported on the daily work order form.

The Travel Time Signs are usually located road-side along the County's major arterials. The Travel Time Sign cabinets contain, in addition to the Ethernet Switch, other equipment used in the conjunction with the operation of the sign system.

The Contractor shall be available between the hours of 7:00 a.m. and 7:00 p.m., Monday through Friday, excluding all legal Nassau County holidays. These hours of operation may be changed during the life of the contract at the direction of the County.

The Contractor shall respond only to work orders and directives issued from the Traffic Management Center. Response to work orders shall be as follows:

- a) all work orders transmitted to the Contractor between the hours of 7 a.m. and 7 p.m. on a normal business day shall require the Contractor to respond to the intersection or intersections within two (2) hours.
- b) all work orders transmitted to the Contractor at times other than those specified in Paragraph (a) above, shall require the Contractor to respond to the intersection or intersections on a priority established by the Traffic Management Center as follows: Work orders received prior to 7 a.m. shall require the Contractor to respond by 9 a.m. the same day; Work orders received after 7 p.m. shall require the Contractor to respond commencing no later than 7:00 a.m. the next business day following the transmittal.

All signs that have failed or are removed from the field for repairs shall be repaired or replaced within five (5) calendar days.

All units repaired and returned to service shall operate a minimum of twenty-four (24) hours

to fulfill the requirement of a completed repair. If a repaired and returned to service unit fails within twenty-four (24) hours it shall be considered as non-operational and not repaired for the purposes of billing. An operational unit is one that satisfies all requirements of the respective Specification for the particular piece of camera equipment.

ITEM 5 – Variable Message Signs

The work is comprised of the operations, repair and maintenance of the County's Variable Message Signs (VMS) including signs, control equipment, cabinets, sign support structures, and associated communications equipment. Approximately forty (40) Variable Message Signs and all associated equipment are subject to routine inspection every ninety (90) days and reported on the daily work order form.

The VMS are usually located road-side along the County's major arterials. The VMS cabinets contain, in addition to the Ethernet Switch, other equipment used in the conjunction with the operation of the sign system.

The Contractor shall be available between the hours of 7:00 a.m. and 7:00 p.m., Monday through Friday, excluding all legal Nassau County holidays. These hours of operation may be changed during the life of the contract at the direction of the County.

The Contractor shall respond only to work orders and directives issued from the Traffic Management Center. Response to work orders shall be as follows:

- a) all work orders transmitted to the Contractor between the hours of 7 a.m. and 7 p.m. on a normal business day shall require the Contractor to respond to the intersection or intersections within two (2) hours.
- b) all work orders transmitted to the Contractor at times other than those specified in Paragraph (a) above, shall require the Contractor to respond to the intersection or intersections on a priority established by the Traffic Management Center as follows: Work orders received prior to 7 a.m. shall require the Contractor to respond by 9 a.m. the same day; Work orders received after 7 p.m. shall require the Contractor to respond commencing no later than 7:00 a.m. the next business day following the transmittal.

All VMS signs that have failed or are removed from the field for repairs shall be repaired or replaced within five (5) calendar days.

All units repaired and returned to service shall operate a minimum of twenty-four (24) hours to fulfill the requirement of a completed repair. If a repaired and returned to service unit fails within twenty-four (24) hours it shall be considered as non-operational and not repaired for the purposes of billing. An operational unit is one that satisfies all requirements of the respective Specification for the particular piece of camera equipment.

ITEM 6 – As Ordered (furnish equipment – force bid)

During the course of this contract \$100,000 has been allocated for the purchase of supplies and equipment which will be selected by the County during the course of the contract period. Details regarding this item can be found in Division 1, Section 10.

ITEM 7 – Trailer Mounted VMS Signs

Contractor shall provide four (4) trailer mounted Variable Message Signs for use in conjunction with the Operations of the Traffic Management Center. In the event of planned or un-planned events, these VMS signs will be deployed in order to inform the motoring public of details related to construction, road closures and alternate routes available. Two (2) signs (mid-size) shall be 48 inches high X 96 inches high, and the other two (2) signs (full-size) shall be 78 inches high X 126 inches high. Upon completion of the project, ownership of the 4 signs will be transferred to Nassau County. All four (4) signs shall meet or exceed the following specifications:

- Single Color Display
- LED Full matrix display with message scrolling and scheduling capability
- Solar powered with 110 Volt charging system
- Battery array should operate sign for 20 days without sun/110V charging
- IP cellular network connectivity (including Verizon cellular service fees)
- Remote control access software (must be compatible with AMSIG software)
- Hydraulic Sign Hoist
- Metal battery boxes.
- Handheld operators terminal
- Sign trailer shall be orange in color
- 2 5/16" trailer hitch with the ability to tow trailers in tandem
- All trailer lights must be LED with 7 pin vehicle connector

ITEM 8 – Forklift

Contractor shall provide one (1) sit-down forklift for use in conjunction with Traffic Management field and warehouse operations. Forklift shall meet or exceed the following specifications:

- 4,000 pound lift capacity
- Pneumatic Tires
- Gasoline / Natural Gas internal combustion engine (4 cylinder)
- Power shift transmission
- Mirrors
- Cab roof
- Front and rear work lights

- Steering wheel spinner knob
- Bracket for trailer tow ball

SECTION III - TIME AND MATERIAL

The Contractor as ordered by the Engineer under this Section shall perform installations, modifications, and major repairs. The County reserves the right to furnish any or all materials under Section III, Time and Material.

The County reserves the right to request a written estimate for all installations and modifications. All estimates shall be returned to the Engineer no later than two (2) weeks from the date of the request.

Upon issuance of a work order, the Contractor shall complete the actual field construction within four (4) weeks. Catalog cuts must be provided to the project manager for review and approval prior to purchase or installation of any materials.

The Contractor shall be subject to all the provisions of the Articles in the Agreement of this contract for any incomplete work, and shall be noted accordingly.

PAYMENT - TIME AND MATERIAL

Payment for work performed as directed under this Section shall be on a Time and Material basis. Claims for payment of material furnished, including material furnished by a Subcontractor shall clearly show material cost and percentage for overhead and profit. Material cost times (the sum of the overhead and profit percentage + 100%) shall be equal to the total cost of material for this item.

Claims for the payment of time, including the Subcontractor's time shall clearly show the personnel hours and the hourly rates for direct labor cost and percentage for overhead and profit. Hourly rates of direct labor cost times (the sum of the overhead and profit percentage + 100%) shall equal the total cost of time. Claims for the payment of equipment used by the Subcontractors shall show the actual number of hours worked for each piece of equipment used on the job.

The hourly equipment rates shall be the daily rates divided by eight (8) as listed in the "Rental Rate Blue Book for Construction Equipment" (Blue Book), published by the Equipment Guide Book Company, or approved equal.

The Contractor shall require that payment for any work performed by a Subcontractor be verified with an itemized breakdown of material used and its cost, personnel hours, hourly rates of direct labor costs, and equipment type and number of hours used. Additionally, the Contractor shall be allowed five (5%) percent of the Subcontractor's paid cost of materials, direct labor costs, and equipment costs to cover the Contractor's additional overhead and

supervision costs. In computing the five (5%) percent, it shall be based solely on the Subcontractor's cost of labor, materials, and equipment, exclusive of overhead and profit. The Subcontractor's percentage for overhead and profit shall be not more than the Contractor's percentage for overhead and profit less five (5%) percent.

SECTION IV - MATERIALS AND INSTALLATION

All materials furnished by the Contractor shall be new and of excellent quality acceptable to the Engineer. The project manager may require the submission of samples for approval. All such materials used in modifications and major repairs shall be the same as that which is replaced, or better. The Contractor shall specify, in writing, to the project manager, the manufacturer's name, model, quantity, etc. of the materials he intends to use.

All materials and installation methods shall meet the applicable "Traffic Signal Standard Specifications and Drawings." These specifications and standards may be changed from time to time during the life of this contract, and the latest revision shall govern. Materials used on Federal Aid projects should conform with NYSDOT Materials Inspection Manual (See also MURK Part 2-A) as well as the "Materials Approved List"

SPECIAL PROVISIONS AND CONDITIONS

Extension of Contract:

The County reserves the right to extend this contract for a period of not more than twelve (12) calendar months beyond the normal termination date, at one to three month intervals, at the same bid price per item. Notice of extension will be given in writing not less than fifteen (15) days in advance of the existing contract termination date.

APPENDIX I

ITEM 1A - COMPUTER EQUIPMENT

<u>Item</u>	<u>Qty</u>	<u>Manufacturer</u>	<u>Description</u>
1)	20	Dell	Dell Power Edge Server
2)	20	Dell	Optiplex desktop computer & monitors
3)	1	Symmetrioom	Network time clock
4)	1	Cisco	6500 Series switch
5)	40	Cisco	24 port network switch
6)	10	Cisco	48 port network switch
7)	1	Cisco	VPN Firewall
8)	200	Cisco	8 port network switch
9)	400	Actelis	Ethernet over copper modem
10)	10	HP	Proliant Server
11)	2	APC	8000 VA Smart-UPS
12)	5	APC	3000 VA Smart-UPS
13)	10	APC	1200 VA Back-UPS
14)	8	Latitude	Dell Laptop
15)	2	HP	Color Inkjet Printer
16)	3	HP	Color Laser Printer
17)	10	67 Inch	Mitsubishi Video Cubes
18)	20	Samsung	IID Display Monitors
19)	3	Etherwan	24 Port SFP Switch
20)	2	Buffalo	Terrastation Network Storage
21)	6	Vaddio	Quad 4 Rack Mount Monitors
22)	6	Teleste	8 Port Analog Video Decoders
23)	3	Teleste	1 Port HD Video Decoders
24)	6	Motorola	FX500 Portable Radios
25)	2	Motorola	IIT1250 Portable Radios
26)	6	Motorola	CDM1250 Mobile Radios
27)	3	Samsung	DVD / Blu-ray player
28)	400	Comnet	Fiber/Copper Media Converters

During the course of this contract, the number of equipment listed above may increase or decrease as part of system expansion, upgrade or replacement.

APPENDIX II

ITEM 1B - ANCILLARY EQUIPMENT

- 1) Communication racks complete include but may not be limited to: power supplies, fiber optic patch panels, rack-mounted media converters, keyboard, video, mouse pull out trays, shelving units, wire management, cooling fans and power wires.
- 2) Singlemode fiber optic duplex patch cables in various lengths with LC and ST connectors.
- 3) Ethernet patch cables in various lengths.
- 4) Fiber optic SFP modules for various transmit distances for 100 Mbps and gigabit.
- 5) Miscellaneous computer power cables and connectors
- 6) Miscellaneous VGA and HDMI cables and connectors
- 7) VGA and HDMI Extenders via cat 6 cable
- 8) KVM Extenders with sound via cat 6 cable
- 9) USB Extenders via cat 6 cable

The equipment listed above will remain the property of the Contractor until such time that it is installed in the field. Storage space at Nassau County's Traffic Management warehouse will be made available to house the equipment listed above. Equipment should be inventoried and delivered to the Traffic Management warehouse prior to the start of the contract and will remain in storage for the duration of the contract.

General Notes

1) Specifications and Standards

All work included in the contract shall be in accordance with the following 2008 Standard Specifications (US Customary) and Drawings, as modified and amended in the Contract Specifications and Drawings.

- a. New York State, Department of Transportation Standard Specifications.
- b. New York State, Department of Transportation "Special" Specifications.
- c. New York State, Department of Transportation "Special" Specifications for the County of Nassau, State of New York.

Contractor is directed to the installation detail sheets included in the plans for specific details regarding installation in accordance with the specification. In addition, notes are made in the "General Notes" section of the plan set to identify minor changes to the NYS Specification in order to comply with Nassau County standards.

2) Scope of Work

- a. At all times during the life of this contract, the Contractor shall maintain safe vehicular traffic and access to adjacent private properties located throughout the entire length of the contract.
- b. The Contractor will provide a place for concrete test cylinders in proximity to the work so that the cylinders share the same curing conditions as the newly placed concrete. The Contractor will protect these cylinders for the three days they will be left on the job site.

3) Utilities

- a. The Contractor is directed to notify all utilities well in advance of his beginning work to allow them time to mark out their facilities.
- b. The Contractor is directed to notify all privately owned utilities well in advance of his beginning work to allow them time to adjust their manholes and other castings.
- c. The Contractor will see to it that utility valve boxes and manholes are readily accessible at all times. He will not store materials over them and should it become necessary to cover the boxes and manholes with spoil, he will devise a method for finding them quickly and assist the utility

company to uncover them. Further, the boxes will be uncovered during non-working hours.

- d. Mechanical excavation will not be used within two (2) feet on either side of any utility or house service so marked by the utility company. Hand digging will be required to expose the utility pipe.
- e. Prior to backfilling, a gas utility representative will inspect all gas facilities. Damaged pipe will be repaired by the utility company, before backfilling. The County will not be responsible for any of the costs associated with the repair of damaged utilities. The Contractor's attention is called to existing Long Island Power Authority overhead circuits. The Contractor is warned to keep all equipment and personnel a minimum of ten (10) feet from any conductor. The Contractor shall fully cooperate with the Long Island Power Authority (LI'PA) and comply with its requirements for safe operation.
- f. The Contractor's attention is called to the fact that there are utilities, both publicly and privately owned, that are now in place within the contract area. The owners of privately owned utilities may be relocating parts of their existing plants to conform with the new lines and grades of this project. The Contractor shall cooperate with the various agencies carrying out this work, which must be coordinated with the work of this contract.
- g. Existing structures, utilities and facilities, either shown or not shown on the plans, above or below the ground, which new items of work shall encounter may not have been located accurately. The Contractor shall determine the locations and elevations of pertinent structures, utilities and facilities, before new installations are started, so that there will be no interference with the progression of the work. Any conflict between existing structures, utilities and facilities and the new items of work shall be ascertained by the Contractor prior to commencing any work under the respective items and called to the attention of the Engineer.
- h. Grades and locations of new installations may be changed by the Engineer, if necessary to prevent conflict with existing installations. Therefore, the Contractor shall determine the locations of all existing installations accurately, both as to line and grade, before new items of work are started.
- i. If the Contractor does not follow the above procedure and new work has to be removed and replaced, or there is a delay, all cost will be borne by the Contractor, and the County will only pay for the amount of the items in place complete at the completion of the contract. The Contractor shall conduct his operations so that all utility services are maintained at all times.

- j. The Contractor shall exercise extreme care in the performance of any operation, in the vicinity of the existing or relocated cable pipelines. No such operations shall take place without the LIPA representatives on hand. All excavation in the immediate vicinity of these lines shall be done by hand, with such application as to ensure that the pipe shall not be punctured or the coating disrupted. In the event that any length of cable pipeline is exposed, it shall be supported and protected to the satisfaction of LIPA inspection personnel. No blind shooting shall be driven in the proximity of the existing electric cable pipes before first exposing these cable pipes by hand.
- k. The Contractor should inspect the plans of the utility companies plan to ascertain the location of the underground work and locations of crossings of sewer and drainage work. The Contractor shall coordinate his work with the work being done by the utility companies. It is anticipated that job meetings will be held at various times to aid coordination of the work.

4) Clean up

- a. The Contractor will be required to backfill and regrade all areas that are disturbed by him during the life of this contract. In all cases disturbed areas shall be cleaned up and restored to the condition existing prior to the commencement of the work.
- b. Where the disturbed area was originally earth, it shall be properly graded to meet and match the surrounding terrain, and left with a smooth surface. Clean-up shall be as defined herein above, but if in the opinion of the Engineer, the Contractor has exercised carelessness or disregard to private property in the conduct of his work, then restorative measures required thereto shall be included in this procedure.
- c. No separate payment will be made for any of this clean up and restoration work, but the cost thereof shall be included in the unit prices bid for the various items.

5) Job Site Safety

The Contractor shall exercise precaution at all times for the protection of all personnel. The safety provisions of applicable laws shall be observed, but job site safety is the sole responsibility of the Contractor and his subcontractors and cannot be assumed by the County or its agents.

6) Rubbish and debris

The Contractor shall legally dispose of all unsuitable material, rubbish, and debris at some separate location, not in the vicinity of the site.

7) Protection of Facilities

The Contractor shall protect all work done under this contract from possible damage for the duration of the contract. He shall be responsible for the repair or replacement, to the satisfaction of the Engineer, of any material, structure, or property on or adjacent to the site and damaged by him or his employees through the construction openings up to the time of acceptance by the County.

8) Circumstances where Construction Site is Beyond ROW

The Contractor shall obtain permission from the owner of a property before entering that property for any reason whatsoever. The construction site shall include areas beyond the right of way and working easement lines to allow for grade revisions to driveways and walks on private property.

9) Concrete Breaking

The Contractor is cautioned that the use of a ball operated from a crane or other equipment will not be permitted under any circumstances for the breaking up of any concrete. Any machine or method used must meet the approval of the Engineer.

10) Drainage Installation

The Contractor shall plan his work and progress so that, at all times, either the new or the existing drainage facilities will function to carry off stormwater runoff so that no damage or inconvenience will result.

11) Sales Tax Exemptions

Nassau County is exempt from the payment of New York State Sales Tax and Compensating Use Taxes under Section 1116 of Article 28 of the Tax Law of the State of New York, and is exempt from the payment of Nassau County Sales and Uses Taxes under Section 7, Ordinances 404-C-1968, enacted pursuant to Section 1210 of Article 29 of the Tax Law of the State of New York. However, it is not to be construed by bidders as relieving them from any obligation to pay sales tax on applicable items pursuant to the terms of the present sales tax laws.

12) Cold Patch

No separate payment of cold patch material used in this contract will be made. The cost thereof shall be included in the unit prices bid for the various contract items.

13) Requirements of Other Municipal Departments

The Contractor shall give all necessary notices, obtain all permits, and pay all fees in connection with the work under this contract. Nassau County will obtain any NYSDOT Highway Work Permits if required. He shall comply with all laws, ordinances, rules, and regulations of Nassau County and Municipal Departments having jurisdiction over work of this character. These shall take precedence over any requirements of these specifications where and if a conflict occurs. This however, shall not be interpreted as permitting the use of materials and equipment inferior to those specified.

14) Private Facilities in Public Rights-of-Way

- a. The Contractor shall be aware that sprinkler heads, private lamp and sign posts, electric signs, electric lines, water service, oil inlets, oil lines, horticultural planting, landscaping, etc. are owned privately, but exist in the public rights-of-way. The Contractor may be required to remove these appurtenances as ordered by the Engineer.
- b. No separate payment for this work will be made. The cost thereof shall be included in the unit prices bid for the various contract items.

15) Special O.S.H.A. Notes

- a. The Safety Provisions in the Specification are primarily to protect County property and the public against unsafe acts of the Contractor. The Occupational Safety and Health Act (OSHA) of 1970 requires that "Each Employer (1) shall furnish to each of his employees employment and a place of employment which are free from recognized hazards that are causing or likely to cause death or serious physical harm to his employees; (2) shall comply with the occupational safety and health standards promulgated under this act".
The regulations in the act may be more stringent than are required by the Plans and/or Specifications. The Contractor however must conform to the O.S.H.A. Regulations and such conformance shall not be reason to demand additional payment or claim extra work.
- b. Sheet piling, if included in the project, shall conform strictly to the Requirements of the O.S.H.A. Regulations for Construction-Subpart P, Excavation, Trenching, and Shoring:

1926.650 -- General protection requirements;
1926.651 -- Specific excavation requirements;
1926.652 -- Specific trenching requirements; and
1926.653 -- Definitions applicable to this subpart.

- 16) The Contractor shall notify the Nassau County Police Department, local fire departments, and local transportation authorities in writing as to the conditions prevailing on the construction site and detours in use. Duplicate copies of such notices shall be filed with the Engineer.

SPECIAL PROVISIONS

1) Schedule

The contract shall be completed within thirty-six (36) months from the commencement of work date unless the County extends the original scope of work. In that event, the contract shall be extended to allow for the completion of additional work. The length of the extension shall be in proportion to the amount of work added. The length of the extension shall be the sole discretion of the County.

2) Contractor Experience and Requirements

- a. The nature of the work involved in this contract requires the Contractor to possess prior satisfactory experience in the installation and maintenance of traffic signals. The proper operation of signals has critical public safety aspects.
- b. Prospective bidders (primary contractor) must have at least three (3) years of satisfactory experience in the actual installation and maintenance of considerable numbers and types of traffic signals and traffic control equipment.
- c. Prospective bidders must be trained and certified in the handling and the installation of the fiber optic cable, fiber optic splices, testing of fiber optic systems, and various other related items. The prospective bidder must be trained and certified by the fiber optic cable manufacturer, the manufacturer of the fiber optic splice enclosures, and the manufacturer of the fiber optic test equipment.

3) Maintenance of Traffic Signals

- a. All the traffic signal communications being improved, as part of this contract shall be maintained by the Contractor.
- b. All signal communications will be transferred to Contractor maintenance on the commence work date and will remain until termination of the contract.
- c. The Contractor shall be responsible to repair or replace any traffic signal equipment installed, which is damaged by any means. The Engineer shall approve repairs. Replacements shall meet all the contract specifications and requirements.
- d. The County will provide replacements for existing traffic signal equipment, which is to be retained under the provisions of the contract.

Installations of the replacement equipment will be paid for under, Time and Materials.

4) Standards

New York State Traffic Signal Standard Specifications and Drawings" (2008 latest edition) are made part of this contract.

5) Equipment Approval

All equipment furnished and/or installed by the Contractor shall be new and conform to the Traffic Signal Specifications and Standard Drawings" (latest edition) including painting. Catalog cuts and/or manufacturer name, model number, and description for all fiber optic related equipment, and all other furnished equipment, shall be submitted to Traffic Management, 1194 Prospect Avenue, Westbury, New York 11590, Attention Jeff P. Lindgren for approval, prior to installation as requested by the Department.

6) Recourse

This contract does not imply that the low bidder, following the award of this contract, has the exclusive right or legal recourse to the County of Nassau for any other similar type contract, or any other traffic signal interconnect contract which includes the furnishing and installation of traffic signal interconnect, that may be awarded during the life of this contract.

7) Maintenance and Protection of Traffic

- a. Where work is being constructed on streets, sidewalks, easements or other locations normally used by the public, the Contractor shall conduct his work so as to minimize the interference with the safe and direct movement of pedestrian and vehicular travel. The Contractor shall provide all necessary construction signs, fencing, barricades, and lighting as required by the Commissioner. The material and its placement shall conform to the latest edition of the "National Manual of Uniform Traffic Control Devices" with "New York State supplement" and directives of the County of Nassau. When directed by the Commissioner, the Contractor shall provide the safe means of crossing over trenches or obstacles within the work site either by bridging or other suitable structures.
- b. Accessibility to fire hydrants, police and fire call boxes, and provision for the ingress and egress of emergency vehicles including police, fire, and ambulance vehicles shall be required at all times.
- c. All work performed under this paragraph shall be at the Contractor's expense and at no additional cost to the County.

- d. No separate payments shall be made since all work for maintenance and protection of traffic shall be included in the unit prices bid for the various contract items.

8) Work Zone Traffic Control

- a. The Work Zone Traffic Control (WZTC) schemes should refer to NYSDOT Standard Specifications Section 619 and National Manual of Uniform Traffic Control Devices (MUTCD) with NYS Supplement. Standard sheets from Section 619 (nysdot.gov) can be used for guidance for shoulder and/or lane closures.
- b. No separate payments shall be made since all work for Work Zone Traffic Control shall be included in the unit prices bid for the various contract items. All traffic control devices, signs and pavement markings shall be NYSDOT approved products and materials.
- c. Workers, pedestrians and motorists should be accommodated and protected at all times within the entire project limits.

9) Underground Facilities

Before doing any work over, under, or near underground facilities, all provisions of Industrial Code Rule #753 of Title 12, of the Official Compilation of Codes, Rules, and Regulations of the State of New York, effective February 5, 1997 shall be strictly enforced and complied with.

10) Cleanliness

Upon completion of the work at each location or work order, the Contractor shall remove all remaining materials and shall leave the area, which may have been affected by his operation, in a neat and orderly condition.

11) Hold Harmless

- a. The Hold Harmless and Indemnification Provisions of this contract are to include, but not limited to, any civil action for damage brought against the County which the basis of such action is an allegation of (1) a malfunctioning traffic control device and/or (2) a defectively maintained traffic control device.
- b. The obligation of the Contractor to hold harmless and indemnify the County is absolute and shall not be dependent on the Contractor having has received any actual notice from the County of any malfunctioning and/or defectively maintained traffic control device.

12) Transportation of Removed Equipment

All equipment removed from field locations shall be returned to the Traffic Management Center at 1194 Prospect Avenue in the same condition as when removed from operation. All work related to removing existing equipment, and returning the same to the Signal Operations Center shall be at the Contractors expense and at no additional cost to the County.

13) Additional Work -- Extension of Contract

The County of Nassau reserves the right to extend the terms of this contract at the accepted bid prices for either furnishing only or furnishing and installing when the successful bidder is notified within ninety (90) days of the date of approval of the catalog cuts. The extension shall not exceed 50% of the total price bid. All extra work must be in accordance with the latest NYS Standard Specifications (2008), Section 109-05. The request for an extension of time by the contractor shall be submitted to NYSDOT Construction for their concurrence, only after the contractor has submitted a letter for time extension with a detailed explanation to Nassau County and Nassau County has agreed to the extension.

14) Contract Administration and Inspection

The Department of Public Works through the Division of Highway and General Engineering, Traffic Engineering Unit will be the administrator of this contract and shall approve all equipment to be supplied, verify and approve all claim vouchers, and be responsible for furnishing all necessary inspections to verify compliance with the contract.

15) Funding

This contract is funded out of the Public Works Operating Budget and is eligible for Federal Aid reimbursement.

16) Payment

Payments of this contract will be made on a monthly basis for work completed during the preceding calendar month. No partial payments shall be made for material on hand and not installed. The retainage specified in the preceding pages of this contract will be deducted from each monthly claim and paid to the Contractor at the successful completion of the contract.

**APPENDIX 2
IRAN DIVESTMENT ACT**

As a result of the Iran Divestment Act of 2012 (Act), Chapter 1 of the 2012 Laws of New York, a new provision has been added to the State Finance Law (SFL), § 165-a, effective April 12, 2012. Under the Act, the Commissioner of the Office of General Services (OGS) will be developing a list (prohibited entities list) of "persons" who are engaged in "investment activities in Iran" (both are defined terms in the law). Pursuant to SFL § 165-a(3)(a), the initial list is expected to be issued no later than 120 days after the Act's effective date, at which time it will be posted on the OGS website.

By entering into this Contract, Contractor (or any assignee) certifies that once the prohibited entities list is posted on the OGS website, it will not utilize on such Contract any subcontractor that is identified on the prohibited entities list. Additionally, Contractor agrees that after the list is posted on the OGS website, should it seek to renew or extend the Contract, it will be required to certify at the time the Contract is renewed or extended that it is not included on the prohibited entities list. Contractor also agrees that any proposed Assignee of the Contract will be required to certify that it is not on the prohibited entities list before the New York State Department of Transportation (NYSDOT) may approve a request for Assignment of Contract.

During the term of the Contract, should NYSDOT receive information that a person is in violation of the above-referenced certification, NYSDOT will offer the person an opportunity to respond. If the person fails to demonstrate that it has ceased its engagement in the investment which is in violation of the Act within 90 days after the determination of such violation, then NYSDOT shall take such action as may be appropriate including, but not limited to, imposing sanctions, seeking compliance, recovering damages, or declaring the Contractor in default.

NYSDOT reserves the right to reject any request for assignment for an entity that appears on the prohibited entities list prior to the award of a contract, and to pursue a responsibility review with respect to any entity that is awarded a contract and appears on the prohibited entities list after contract award.

**APPENDIX 2-S
IRAN DIVESTMENT ACT**

As a result of the Iran Divestment Act of 2012 (Act), Chapter 1 of the 2012 Laws of New York, a new provision has been added to the State Finance Law (SFL), § 165-a, effective April 12, 2012. Under the Act, the Commissioner of the Office of General Services (OGS) will be developing a list (prohibited entities list) of "persons" who are engaged in "investment activities in Iran" (both are defined terms in the law). Pursuant to SFL § 165-a(3)(b), the initial list is expected to be issued no later than 120 days after the Act's effective date, at which time it will be posted on the OGS website.

By entering into a renewal or extension of this Contract, Contractor (or any assignee) certifies that once the prohibited entities list is posted on the OGS website, it will not utilize on such Contract any subcontractor that is identified on the prohibited entities list.

Additionally, Contractor understands that during the term of this Contract, should NYSDOT receive information that a person is in violation of the above-referenced certification NYSDOT will offer the person an opportunity to respond. If the person fails to demonstrate that it has ceased its engagement in the investment which is in violation of the Act within 90 days after the determination of such violation, then NYSDOT shall take such action as may be appropriate including, but not limited to, imposing sanctions, seeking compliance, recovering damages, or declaring the Contractor in default.

NYSDOT reserves the right to reject any renewal, extension or request for assignment for an entity that appears on the prohibited entities list hereafter and to pursue a responsibility review with respect to any entity that is granted a contract extension/renewal or assignment and appears on the prohibited entities list thereafter.

APPENDIX A-1: SUPPLEMENTAL TITLE VI PROVISIONS (CIVIL RIGHTS ACT)

To be included in all contracts

During the performance of this contract, the contractor, for itself, its assignees and successors in interest (hereinafter referred to as the "contractor") agrees as follows:

- (1) **Compliance with Regulations:** The contractor shall comply with the Regulation relative to nondiscrimination in Federally-assisted programs of the Department of Transportation of the United States, Title 49, Code of Federal Regulations, Part 21, and the Federal Highway Administration (hereinafter "FHWA") Title 23, Code of Federal Regulations, Part 200 as they may be amended from time to time, (hereinafter referred to as the Regulations), which are herein incorporated by reference and made a part of this contract.
- (2) **Nondiscrimination:** The Contractor, with regard to the work performed by it during the contract, shall not discriminate on the grounds of race, color, or national origin, sex, age, and disability/handicap in the selection and retention of subcontractors, including procurements of materials and leases of equipment. The contractor shall not participate either directly or indirectly in the discrimination prohibited by 49 CFR, section 21.5 of the Regulations, including employment practices when the contract covers a program set forth in Appendix B of the Regulations.
- (3) **Solicitations for Subcontractors, Including Procurements of Materials and Equipment:** In all solicitations either by competitive bidding or negotiation made by the contractor for work to be performed under a subcontract, including procurements of materials or leases of equipment, each potential subcontractor or supplier shall be notified by the contractor of the contractor's obligations under this contract and the Regulations relative to nondiscrimination on the grounds of race, color, or national origin, sex, age, and disability/handicap.
- (4) **Information and Reports:** The contractor shall provide all information and reports required by the Regulations or directives issued pursuant thereto, and shall permit access to its books, records, accounts, other sources of information, and its facilities as may be determined by NYSDOT or the FHWA to be pertinent to ascertain compliance with such Regulations, orders and instructions. Where any information required of a contractor is in the exclusive possession of another who fails or refuses to furnish this information the contractor shall so certify to NYSDOT's Office of Civil Rights or FHWA, as appropriate, and shall set forth what efforts it has made to obtain the information.
- (5) **Sanctions for Noncompliance:** In the event of the contractor's noncompliance with the nondiscrimination provisions of this contract, NYSDOT shall impose such contract sanctions as it or the FHWA may determine to be appropriate, including, but not limited to:
 - (a.) withholding of payments to the contractor under the contract until the contractor complies, and/or
 - (b.) cancellation, termination or suspension of the contract, in whole or in part.
- (6) **Incorporation of Provisions:** The contractor shall include the provisions of paragraphs (1) through (5) in every subcontract, including procurements of materials and leases of equipment, unless exempt by the Regulations, or directives issued pursuant thereto.

The contractor shall take such action with respect to any subcontractor procurement as NYSDOT or the FHWA may direct as a means of enforcing such provisions including sanctions for non-compliance. Provided, however, that, in the event a contractor becomes involved in, or is threatened with, litigation with a subcontractor or supplier as a result of such direction, the contractor may request NYSDOT to enter into such litigation to protect the interests of NYSDOT, and, in addition, the contractor may request the United States to enter into such litigation to protect the interests of the United States.

If Sponsors use NYSDOT Standard Specifications for their construction projects, include the following Federal requirements in ALL contract bid proposals:

- Certification for Federal Aid Contracts.**
- Disclosure of Lobbying Activities.**
- Non-Collusive Bidding Certification, this format provides a single signature page for the bidder to sign with all requirements listed.**
- U.S. Department of Transportation Hotline Information.**
- Equal Employment Opportunity Requirements. See Section 102-11 of the NYSDOT Standard Specifications.**
- FIWA-1273 Required Contract Provisions.**

Appendix 12 – 1.3

CERTIFICATION FOR FEDERAL AID CONTRACTS

The prospective participant certifies, by signing and submitting this bid or proposal, to the best of his/her knowledge and belief, that:

1. No Federal appropriated funds have been paid or will be paid, by or on behalf of the undersigned, to any person for influencing or attempting to influence an officer or employee of any Federal agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress, in connection with the awarding of any Federal contract, the making of any Federal grant, the making of any Federal loan, the entering into of any cooperative agreement, and the extension, continuation, renewal, amendment, or modification of any Federal contract, grant, loan, or cooperative agreement.
2. If any funds other than Federal appropriated funds have been paid or will be paid to any person for influencing or attempting to influence an officer or employee of any Federal agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress, in connection with this Federal contract, grant, loan, or cooperative agreement, the undersigned shall complete and submit Standard Form-LLL, "Disclosure Form to Report Lobbying", in accordance with its instructions.

This certification is a material representation of fact upon which reliance was placed when this transaction was made or entered into. Submission of this certification is a prerequisite for making or entering into this transaction imposed by Section 1352, Title 31, U. S. Code. Any person who fails to file the required certification shall be subject to a civil penalty of not less than \$10,000.00 and not more than \$100,000.00 for each such failure.

The prospective participant also agrees by submitting his/her bid or proposal that he/she shall require that the language of this certification be included in all lower tier subcontracts which exceed \$100,000.00 and that such subrecipients shall certify and disclose accordingly.

THESE MUST BE INCLUDED IN ALL FEDERAL AID CONTRACTS, AND MUST BE INCLUDED IN EACH BID PROPOSAL WHETHER NYSDOT SPECIFICATIONS OR LOCAL SPECIFICATIONS ARE USED.

INSTRUCTIONS FOR COMPLETION OF SF-LLL, DISCLOSURE OF LOBBYING ACTIVITIES

This disclosure form shall be completed by the reporting entity, whether subawardee or prime Federal recipient, at the initiation or receipt of a covered Federal action, or a material change to a previous filing, pursuant to title 31 U.S.C. section 1352. The filing of a form is required for each payment or agreement to make payment to any lobbying entity for influencing or attempting to influence an officer or employee of any agency, Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with a covered Federal action. Complete all items that apply for both the initial filing and material change report. Refer to the implementing guidance published by the Office of Management and Budget for additional information.

1. Identify the type of covered Federal action for which lobbying activity is and/or has been secured to influence the outcome of a covered Federal action.
2. Identify the status of the covered Federal action.
3. Identify the appropriate classification of this report. If this is a follow-up report caused by a material change to the information previously reported, enter the year and quarter in which the change occurred. Enter the date of the last previously submitted report by this reporting entity for this covered Federal action.
4. Enter the full name, address, city, state and zip code of the reporting entity. Include Congressional District, if known. Check the appropriate classification of the reporting entity that designates if it is, or expects to be, a prime or subaward recipient. Identify the tier of the subawardee, e.g., the first subawardee of the prime is the 1st tier. Subawards include but are not limited to subcontracts, subgrants, and contract awards under grants.
5. If the organization filing the report in Item 4 checks "Subawardee", then enter the full name, address, city, state and zip code of the prime Federal recipient. Include Congressional District, if known.
6. Enter the name of the Federal agency making the award or loan commitment. Include at least one organizational level below agency name, if known. For example, Department of Transportation, United States Coast Guard.
7. Enter the Federal program name or description for the covered Federal action (Item 1). If known, enter the full Catalog of Federal Domestic Assistance (CFDA) number for grants, cooperative agreements, loans, and loan commitments.
8. Enter the most appropriate Federal identifying number available for the Federal action identified in item 1 (e.g., Request for Proposal (RFP) number; Invitation for Bid (IFB) number; grant announcement number; the contract, grant, or loan award number; the application/proposal control number assigned by the Federal agency). Include prefixes, e.g., "RFP-DE-90-001".
9. For a covered Federal action where there has been an award or loan commitment by the Federal agency, enter the Federal amount of the award/loan commitment for the prime entity.

Appendix 12 - 1.5

identified in item 4 or 5.

10. (a) Enter the full name, address, city, state and zip code for the lobbying registrant under the Lobbying Disclosure Act of 1995 engaged by the reporting entity identified in item 4 to influence the Federal covered action.

(b) Enter the full names of the individual(s) performing services, and include full address if different from 10(a). Enter Last Name, First Name, and Middle Initial (MI).

11. The certifying official shall sign and date the form; print his/her name, title, and telephone number.

According to the Paperwork Reduction Act, as amended, no persons are required to respond to a collection of information unless it displays a valid OMB Control Number. The valid OMB Control Number for this information collection is OMB No. 0348-0046. Public reporting burden for this collection of information is estimated to average 10 minutes per response, including time for reviewing instructions, searching existing data sources, gathering and maintaining the data needed, and completing and reviewing the collection of information. Send comments regarding the burden estimate or any other aspect of this collection of information, including suggestions for reducing this burden, to the Office of Management and Budget, Paperwork Reduction Project (0348-0046), Washington, D.C. 20503.

NON-COLLUSIVE BIDDING CERTIFICATIONS

REQUIRED BY SECTION 139-D, STATE FINANCE LAW and SECTION 103-D OF GENERAL MUNICIPAL LAW

"Section 139-d, SFL and Section 103-d, GML, "Statement of non-collusion in bids to the state."

1. Every bid hereafter made to the state or any public department, agency, or official thereof, where competitive bidding is required by statute, rule, or regulation, for work or services performed or to be performed or goods sold or to be sold, shall contain the following statement subscribed by the bidder and affirmed by such bidder as true under the penalties of perjury:

Non-collusive bidding certification.

(a) By submission of this bid, each bidder and each person signing on behalf of any bidder certifies, and in the case of a joint bid, each party thereto certifies as to its own organization, under penalty of perjury, that to the best of his knowledge and belief:

(1) The prices in this bid have been arrived at independently without collusion, consultation, communication, or agreement, for the purpose of restricting competition, as to any matter relating to such prices with any other bidder or with any competitor;

(2) Unless otherwise required by law, the prices which have been quoted in this bid have not been knowingly disclosed by the bidder and will not knowingly be disclosed by the bidder prior to opening, directly or indirectly, to any other bidder or to any competitor; and

(3) No attempt has been made or will be made by the bidder to induce any other person, partnership, or corporation to submit or not to submit a bid for the purpose of restricting competition.

(b) A bid shall not be considered for award nor shall any award be made where (a)(1)(2) and (3) above have not been complied with; provided however, that if in any case the bidder cannot make the foregoing certification, the bidder shall so state and shall furnish with the bid a signed statement which sets forth in detail the reasons therefore. Where (a)(1)(2) and (3) above have not been complied with, the bid shall not be considered for award nor shall any award be made unless the head of the purchasing unit of the state, public department, or agency to which the bid is made, or his designee, determines that such disclosure was not made for the purpose of restricting competition.

The fact that the bidder (a) has published price lists, rates, or tariffs covering items being procured, (b) has informed prospective customers of proposed or pending publication of new or revised price lists for such items or (c) has sold the same items to other customers at the same prices being bid, does not constitute, without more, a disclosure within the meaning of subparagraph one (a).

2. Any bid hereafter made to the state or any public department, agency, or official thereof by a corporate bidder for work or services performed or to be performed or goods sold or to be sold, where competitive bidding is required by statute, rule, or regulation, and where such bid contains the certification referred to in subdivision one of this section, shall be deemed to have been authorized by the board of directors of the bidder and such authorization shall be deemed to have included the signing and submission of the bid and the inclusion therein of the certificate as to non-collusion as the act and deed of the corporation."

Appendix 12 - 1.9

REQUIRED BY TITLE 23, U. S. CODE, AND SECTION 112. A NON-COLLUSIVE BIDDING CERTIFICATION MUST BE INCLUDED IN EVERY BID PROPOSAL REGARDLESS OF WHETHER NYSDOT SPECIFICATIONS OR LOCAL SPECIFICATIONS ARE USED.

(A) 2

"By submission of this bid, the bidder does hereby tender to the Owner this sworn statement pursuant to Section 1128 of Title 23, U. S. Code-Highways and does hereby certify, in conformance with said Section 112 of Title 23, U. S. Code-Highways that the said Contractor has not, either directly or indirectly, entered into any agreement, participated in any collusion, or otherwise taken any action in restraint of free competitive bidding in connection with the above contract."

REQUIRED BY TITLE 49, CFR, VOLUME 1, SUBTITLE A, PART 29

"The signatory to the proposal, being duly sworn, certifies that, EXCEPT AS NOTED BELOW, his/her company and any person associated therewith in the capacity of owner, partner, director, officer, or major stockholder (of five percent or more ownership):

1. Is not currently under suspension, debarment, voluntary exclusion, or determination of ineligibility by any Federal agency;
2. Has not been suspended, debarred, voluntarily excluded, or determined ineligible by any Federal agency within the past three years;
3. Does not have a proposed debarment pending; and
4. Has not been indicted, convicted, or had a civil judgment rendered against it by a court of competent jurisdiction in any matter involving fraud or official misconduct within the past three years.

EXCEPTIONS: The Contractor should list any relevant information, attaching additional sheets to the proposal if necessary. (Exceptions will not necessarily result in disapproval, but will be considered in determining responsibility. For any exception noted, the Contractor should indicate to whom it applies, the initiating agency, and the dates of actions. Providing false information may result in criminal prosecution or administrative sanctions).

THESE MUST BE INCLUDED IN ALL FEDERAL AID CONTRACTS. HOWEVER, THE NYS COLLUSIVE BIDDING CERTIFICATION AND MANY IN USE BY LOCAL GOVERNMENTS ARE ALMOST IDENTICAL AND ARE ACCEPTABLE.

THE FOLLOWING PAGES ARE THE REQUIRED CERTIFICATION REGARDING NON-COLLUSIVE BIDDING PROCEDURES AND THE CONTRACTOR'S ELIGIBILITY TO SUBMIT A BID UNDER FEDERAL LAW. THE LAST PAGE IS A GENERAL BIDDER INFORMATION FORM. ALL SHOULD BE INCLUDED IN THE CONTRACT DOCUMENTS, IMMEDIATELY FOLLOWING THE PAGE(S) WHICH CONTAINS THE NON-COLLUSIVE BIDDING REQUIREMENTS. BY SIGNING ONE OF THESE CERTIFICATIONS, THE CONTRACTOR CERTIFIES THAT HE UNDERSTANDS AND AGREES TO BE BOUND BY THE PROVISIONS OF THE FOLLOWING LAWS:

Appendix 12 - 1.10

known to me to be described in and who executed the foregoing instrument, and that he/she acknowledged that he/she executed the same.

GOALS FOR WOMEN

Female Goals - 6.9%

Goals for the utilization of women by Federal and Federally assisted construction contractors were last published on April 7, 1978 (43 CFR 4888, 149000). That April 7, 1978 publication included a 6.9% goal for the period from April 1, 1980 until March 31, 1981. Pursuant to 41 CFR 60-4.3, the 6.9% goal for female utilization is extended until further notice.

REQUIRED CONTRACT PROVISIONS FEDERAL-AID CONSTRUCTION CONTRACTS

- I. General
- J. Nondiscrimination
- II. Nonsegregated Facilities
- IV. Davis-Bacon and Related Act Provisions
- V. Contract Work Hours and Safety Standards Act Provisions
- V. Subletting or Assigning the Contract
- VI. Safety: Accident Prevention
- VII. False Statements Concerning Highway Projects
- X. Implementation of Clean Air Act and Federal Water Pollution Control Act
- X. Compliance with Governmentwide Suspension and Debarment Requirements
- XI. Certification Regarding Use of Contract Funds for Lobbying

ATTACHMENTS

A. Employment and Materials Preference for Appalachian Development Highway System or Appalachian Local Access Road Contracts (Included in Appalachian contracts only)

I. GENERAL

1. Form FHWA-1273 must be physically incorporated in each construction contract funded under Title 23 (excluding emergency contracts solely intended for debris removal). The contractor (or subcontractor) must insert this form in each subcontract and further require its inclusion in all lower tier subcontracts (excluding purchase orders, rental agreements and other agreements for supplies or services).

The applicable requirements of Form FHWA-1273 are incorporated by reference for work done under any purchase order, rental agreement or agreement for other services. The prime contractor shall be responsible for compliance by any subcontractor, lower-tier subcontractor or service provider.

Form FHWA-1273 must be included in all Federal-aid design-build contracts, in all subcontracts and in lower tier subcontracts (excluding subcontracts for design services, purchase orders, rental agreements and other agreements for supplies or services). The design-builder shall be responsible for compliance by any subcontractor, lower-tier subcontractor or service provider.

Contracting agencies may reference Form FHWA-1273 in bid proposal or request for proposal documents, however, the Form FHWA-1273 must be physically incorporated (not referenced) in all contracts, subcontracts and lower-tier subcontracts (excluding purchase orders, rental agreements and other agreements for supplies or services related to a construction contract).

2. Subject to the applicability criteria noted in the following sections, these contract provisions shall apply to all work performed on the contract by the contractor's own organization and with the assistance of workers under the contractor's immediate superintendence and to all work performed on the contract by piecework, station work, or by subcontract.

Appendix 12 - 1.17

3. A breach of any of the stipulations contained in these Required Contract Provisions may be sufficient grounds for withholding of progress payments, withholding of final payment, termination of the contract, suspension / debarment or any other action determined to be appropriate by the contracting agency and FHWA.

4. Selection of Labor: During the performance of this contract, the contractor shall not use convict labor for any purpose within the limits of a construction project on a Federal-aid highway unless it is labor performed by convicts who are on parole, supervised release, or probation. The term Federal-aid highway does not include roadways functionally classified as local roads or rural minor collectors.

II. NONDISCRIMINATION

The provisions of this section related to 23 CFR Part 230 are applicable to all Federal-aid construction contracts and to all related construction subcontracts of \$10,000 or more. The provisions of 23 CFR Part 230 are not applicable to material supply, engineering, or architectural service contracts.

In addition, the contractor and all subcontractors must comply with the following policies: Executive Order 11246, 41 CFR 60, 29 CFR 1625-1627, Title 23 JSC Section 140, the Rehabilitation Act of 1973, as amended (29 USC 794), Title VI of the Civil Rights Act of 1964, as amended, and related regulations including 49 CFR Parts 21, 26 and 27; and 23 CFR Parts 200, 230, and 633.

The contractor and all subcontractors must comply with: the requirements of the Equal Opportunity Clause in 41 CFR 60-1.4(b) and, for all construction contracts exceeding \$10,000, the Standard Federal Equal Employment Opportunity Construction Contract Specifications in 41 CFR 60-4.3.

Note: The U.S. Department of Labor has exclusive authority to determine compliance with Executive Order 11246 and the policies of the Secretary of Labor including 41 CFR 60, and 29 CFR 1625-1627. The contracting agency and the FHWA have the authority and the responsibility to ensure compliance with Title 23 USC Section 140, the Rehabilitation Act of 1973, as amended (29 USC 794), and Title VI of the Civil Rights Act of 1964, as amended, and related regulations including 49 CFR Parts 21, 26 and 27; and 23 CFR Parts 200, 230, and 633.

The following provision is adopted from 23 CFR 230, Appendix A, with appropriate revisions to conform to the U.S. Department of Labor (US DOL) and FHWA requirements.

1. Equal Employment Opportunity: Equal employment opportunity (EEO) requirements not to discriminate and to take affirmative action to assure equal opportunity as set forth under laws, executive orders, rules, regulations (28 CFR 35, 29 CFR 1630, 29 CFR 1625-1627, 41 CFR 60 and 49 CFR 27) and orders of the Secretary of Labor as modified by the provisions prescribed herein and imposed pursuant to 23 U.S.C. 140 shall constitute the EEO and specific affirmative action standards for the contractor's project activities under this contract. The provisions of the Americans with Disabilities Act of 1990 (42 U.S.C. 12101 et seq.) set forth under 28 CFR 35 and 29 CFR 1630 are incorporated by reference in this contract. In the execution of this contract, the contractor agrees to comply with the following minimum specific requirement activities of EEO:

Appendix 12 - 1.18

a. The contractor will work with the contracting agency and the Federal Government to ensure that it has made every good faith effort to provide equal opportunity with respect to all of its terms and conditions of employment and in their review of activities under the contract.

b. The contractor will accept as its operating policy the following statement:

"It is the policy of this Company to assure that applicants are employed, and that employees are treated during employment, without regard to their race, religion, sex, color, national origin, age or disability. Such action shall include: employment, upgrading, demotion, or transfer; recruitment or recruitment advertising; layoff or termination; rates of pay or other forms of compensation; and selection for training, including apprenticeship, pre-apprenticeship, and/or on-the-job training."

2. EEO Officer: The contractor will designate and make known to the contracting officers an EEO Officer who will have the responsibility for and must be capable of effectively administering and promoting an active EEO program and who must be assigned adequate authority and responsibility to do so.

3. Dissemination of Policy: All members of the contractor's staff who are authorized to hire, supervise, promote, and discharge employees, or who recommend such action, or who are substantially involved in such action, will be made fully cognizant of, and will implement, the contractor's EEO policy and contractual responsibilities to provide EEO in each grade and classification of employment. To ensure that the above agreement will be met, the following actions will be taken as a minimum:

a. Periodic meetings of supervisory and personnel office employees will be conducted before the start of work and then not less often than once every six months, at which time the contractor's EEO policy and its implementation will be reviewed and explained. The meetings will be conducted by the EEO Officer.

b. All new supervisory or personnel office employees will be given a thorough indoctrination by the EEO Officer, covering all major aspects of the contractor's EEO obligations within thirty days following their reporting for duty with the contractor.

c. All personnel who are engaged in direct recruitment for the project will be instructed by the EEO Officer in the contractor's procedures for locating and hiring minorities and women.

d. Notices and posters setting forth the contractor's EEO policy will be placed in areas readily accessible to employees, applicants for employment, and potential employees.

e. The contractor's EEO policy and the procedures to implement such policy will be brought to the attention of employees by means of meetings, employee handbooks, or other appropriate means.

4. Recruitment: When advertising for employees, the contractor will include in all advertisements for employees the notation: "An Equal Opportunity Employer." All such advertisements will be placed in publications having a large circulation among minorities and women in the area from which the project work force would normally be derived.

a. The contractor will, unless precluded by a valid bargaining agreement, conduct systematic and direct recruitment through public and private employee referral sources likely to yield qualified minorities and women. To meet this requirement, the contractor will identify sources of potential minority group employees, and establish with such identified sources procedures whereby minority and women applicants may be referred to the contractor for employment consideration.

b. In the event the contractor has a valid bargaining agreement providing for exclusive hiring hall referrals, the contractor is expected to observe the provisions of that agreement to the extent that the system meets the contractor's compliance with EEO contract provisions. Where implementation of such an agreement has the effect of discriminating against minorities or women, or obligates the contractor to do the same, such implementation violates Federal nondiscrimination provisions.

c. The contractor will encourage its present employees to refer minorities and women as applicants for employment. Information and procedures with regard to referring such applicants will be discussed with employees.

5. Personnel Actions: Wages, working conditions, and employee benefits shall be established and administered, and personnel actions of every type, including hiring, upgrading, promotion, transfer, demotion, layoff, and termination, shall be taken without regard to race, color, religion, sex, national origin, age or disability. The following procedures shall be followed:

a. The contractor will conduct periodic inspections of project sites to insure that working conditions and employee facilities do not indicate discriminatory treatment of project site personnel.

b. The contractor will periodically evaluate the spread of wages paid within each classification to determine any evidence of discriminatory wage practices.

c. The contractor will periodically review selected personnel actions in depth to determine whether there is evidence of discrimination. Where evidence is found, the contractor will promptly take corrective action. If the review indicates that the discrimination may extend beyond the actions reviewed, such corrective action shall include all affected persons.

d. The contractor will promptly investigate all complaints of alleged discrimination made to the contractor in connection with its obligations under this contract, will attempt to resolve such complaints, and will take appropriate corrective action within a reasonable time. If the investigation indicates that the discrimination may affect persons other than the complainant, such corrective action shall include such other persons. Upon completion of each investigation, the contractor will inform every complainant of all of their avenues of appeal.

6. Training and Promotion:

a. The contractor will assist in locating, qualifying, and increasing the skills of minorities and women who are applicants for employment or current employees. Such efforts should be aimed at developing full journey level status employees in the type of trade or job classification involved.

b. Consistent with the contractor's work force requirements and as permissible under Federal and State regulations, the contractor shall make full use of training programs, i.e., apprenticeship, and on-the-job training programs for the geographical area of contract performance. In the event a special provision for training is provided under this contract, this subparagraph will be superseded as indicated in the special provision. The contracting agency may reserve training positions for persons who receive welfare assistance in accordance with 23 U.S.C. 140(a).

c. The contractor will advise employees and applicants for employment of available training programs and entrance requirements for each.

d. The contractor will periodically review the training and promotion potential of employees who are minorities and women and will encourage eligible employees to apply for such training and promotion.

7. Unions: If the contractor relies in whole or in part upon unions as a source of employees, the contractor will use good faith efforts to obtain the cooperation of such unions to increase opportunities for minorities and women. Actions by the contractor, either directly or through a contractor's association acting as agent, will include the procedures set forth below:

a. The contractor will use good faith efforts to develop, in cooperation with the unions, joint training programs aimed toward qualifying more minorities and women for membership in the unions and increasing the skills of minorities and women so that they may qualify for higher paying employment.

b. The contractor will use good faith efforts to incorporate an EEO clause into each union agreement to the end that such union will be contractually bound to refer applicants without regard to their race, color, religion, sex, national origin, age or disability.

c. The contractor is to obtain information as to the referral practices and policies of the labor union except that to the extent such information is within the exclusive possession of the labor union and such labor union refuses to furnish such information to the contractor, the contractor shall so certify to the contracting agency and shall set forth what efforts have been made to obtain such information.

d. In the event the union is unable to provide the contractor with a reasonable flow of referrals within the time limit set forth in the collective bargaining agreement, the contractor will, through independent recruitment efforts, fill the employment vacancies without regard to race, color, religion, sex, national origin, age or disability; making full efforts to obtain qualified and/or qualifiable minorities and women. The failure of a union to provide sufficient referrals (even though it is obligated to provide exclusive referrals under the terms of a collective bargaining agreement) does not relieve the contractor from the requirements of this paragraph. In the event the union referral practice prevents the contractor from meeting the obligations pursuant to Executive Order 11246, as amended, and these special provisions, such contractor shall immediately notify the contracting agency.

8. Reasonable Accommodation for Applicants / Employees with Disabilities: The contractor must be familiar with the requirements for and comply with the Americans with

Disabilities Act and all rules and regulations established there under. Employers must provide reasonable accommodation in all employment activities unless to do so would cause an undue hardship.

9. Selection of Subcontractors, Procurement of Materials and Leasing of Equipment: The contractor shall not discriminate on the grounds of race, color, religion, sex, national origin, age or disability in the selection and retention of subcontractors, including procurement of materials and leases of equipment. The contractor shall take all necessary and reasonable steps to ensure nondiscrimination in the administration of this contract.

a. The contractor shall notify all potential subcontractors and suppliers and lessors of their EEO obligations under this contract.

b. The contractor will use good faith efforts to ensure subcontractor compliance with their EEO obligations.

10. Assurance Required by 49 CFR 26.13(b):

a. The requirements of 49 CFR Part 26 and the State DOT's U.S. DOT-approved DBE program are incorporated by reference.

b. The contractor or subcontractor shall not discriminate on the basis of race, color, national origin, or sex in the performance of this contract. The contractor shall carry out applicable requirements of 49 CFR Part 26 in the award and administration of DOT-assisted contracts. Failure by the contractor to carry out these requirements is a material breach of this contract, which may result in the termination of this contract or such other remedy as the contracting agency deems appropriate.

11. Records and Reports: The contractor shall keep such records as necessary to document compliance with the EEO requirements. Such records shall be retained for a period of three years following the date of the final payment to the contractor for all contract work and shall be available at reasonable times and places for inspection by authorized representatives of the contracting agency and the FHWA.

a. The records kept by the contractor shall document the following:

(1) The number and work hours of minority and non-minority group members and women employed in each work classification on the project;

(2) The progress and efforts being made in cooperation with unions, when applicable, to increase employment opportunities for minorities and women; and

(3) The progress and efforts being made in locating, hiring, training, qualifying, and upgrading minorities and women;

b. The contractors and subcontractors will submit an annual report to the contracting agency each July for the duration of the project, indicating the number of minority, women, and non-minority group employees currently engaged in each work classification required by the contract work. This information is to be reported on Form FHWA-1301. The staffing data should

represent the project work force on board in all or any part of the last payroll period preceding the end of July. If on-the-job training is being required by special provision, the contractor will be required to collect and report training data. The employment data should reflect the work force on board during all or any part of the last payroll period preceding the end of July.

III. NONSEGREGATED FACILITIES

This provision is applicable to all Federal-aid construction contracts and to all related construction subcontracts of \$10,000 or more.

The contractor must ensure that facilities provided for employees are provided in such a manner that segregation on the basis of race, color, religion, sex, or national origin cannot result. The contractor may neither require such segregated use by written or oral policies nor tolerate such use by employee custom. The contractor's obligation extends further to ensure that its employees are not assigned to perform their services at any location, under the contractor's control, where the facilities are segregated. The term "facilities" includes waiting rooms, work areas, restaurants and other eating areas, time clocks, restrooms, washrooms, locker rooms, and other storage or dressing areas, parking lots, drinking fountains, recreation or entertainment areas, transportation, and housing provided for employees. The contractor shall provide separate or single-user restrooms and necessary dressing or sleeping areas to assure privacy between sexes.

IV. DAVIS-BACON AND RELATED ACT PROVISIONS

This section is applicable to all Federal-aid construction projects exceeding \$2,000 and to all related subcontracts and lower-tier subcontracts (regardless of subcontract size). The requirements apply to all projects located within the right-of-way of a roadway that is functionally classified as Federal-aid highway. This excludes roadways functionally classified as local roads or rural minor collectors, which are exempt. Contracting agencies may elect to apply these requirements to other projects.

The following provisions are from the U.S. Department of Labor regulations in 29 CFR 5.5 "Contract provisions and related matters" with minor revisions to conform to the FHWA-1273 format and FHWA program requirements.

1. Minimum wages

a. All laborers and mechanics employed or working upon the site of the work, will be paid unconditionally and not less often than once a week, and without subsequent deduction or rebate on any account (except such payroll deductions as are permitted by regulations issued by the Secretary of Labor under the Copeland Act (29 CFR part 3)), the full amount of wages and bona fide fringe benefits (or cash equivalents thereof) due at time of payment computed at rates not less than those contained in the wage determination of the Secretary of Labor which is attached hereto and made a part hereof, regardless of any contractual relationship which may be alleged to exist between the contractor and such laborers and mechanics.

Contributions made or costs reasonably anticipated for bona fide fringe benefits under section 1(p)(2) of the Davis-Bacon Act on behalf of laborers or mechanics are considered wages paid to

REVISED JULY 2012

such laborers or mechanics, subject to the provisions of paragraph 1.d. of this section; also, regular contributions made or costs incurred for more than a weekly period (but not less often than quarterly) under plans, funds, or programs which cover the particular weekly period, are deemed to be constructively made or incurred during such weekly period. Such laborers and mechanics shall be paid the appropriate wage rate and fringe benefits on the wage determination for the classification of work actually performed, without regard to skill, except as provided in 29 CFR 5.5(a)(4). Laborers or mechanics performing work in more than one classification may be compensated at the rate specified for each classification for the time actually worked therein; Provided, That the employer's payroll records accurately set forth the time spent in each classification in which work is performed. The wage determination (including any additional classification and wage rates conformed under paragraph 1.b. of this section) and the Davis-Bacon poster (WH-1321) shall be posted at all times by the contractor and its subcontractors at the site of the work in a prominent and accessible place where it can be easily seen by the workers.

b. (1) The contracting officer shall require that any class of laborers or mechanics, including helpers, which is not listed in the wage determination and which is to be employed under the contract shall be classified in conformance with the wage determination. The contracting officer shall approve an additional classification and wage rate and fringe benefits therefore only when the following criteria have been met:

(i) The work to be performed by the classification requested is not performed by a classification in the wage determination; and

(ii) The classification is utilized in the area by the construction industry; and

(iii) The proposed wage rate, including any bona fide fringe benefits, bears a reasonable relationship to the wage rates contained in the wage determination.

(2) If the contractor and the laborers and mechanics to be employed in the classification (if known), or their representatives, and the contracting officer agree on the classification and wage rate (including the amount designated for fringe benefits where appropriate), a report of the action taken shall be sent by the contracting officer to the Administrator of the Wage and Hour Division, Employment Standards Administration, U.S. Department of Labor, Washington, DC 20210. The Administrator, or an authorized representative, will approve, modify, or disapprove every additional classification action within 30 days of receipt and so advise the contracting officer or will notify the contracting officer within the 30-day period that additional time is necessary.

(3) In the event the contractor, the laborers or mechanics to be employed in the classification or their representatives, and the contracting officer do not agree on the proposed classification and wage rate (including the amount designated for fringe benefits, where appropriate), the contracting officer shall refer the questions, including the views of all interested parties and the recommendation of the contracting officer, to the Wage and Hour Administrator for determination. The Wage and Hour Administrator, or an authorized representative, will issue a determination within 30 days of receipt and so advise the contracting officer or will notify the contracting officer within the 30-day period that additional time is necessary.

Appendix 12 - 1.24

(4) The wage rate (including fringe benefits where appropriate) determined pursuant to paragraphs 1.b.(2) or 1.b.(3) of this section, shall be paid to all workers performing work in the classification under this contract from the first day on which work is performed in the classification.

c. Whenever the minimum wage rate prescribed in the contract for a class of laborers or mechanics includes a fringe benefit which is not expressed as an hourly rate, the contractor shall either pay the benefit as stated in the wage determination or shall pay another bona fide fringe benefit or an hourly cash equivalent thereof.

d. If the contractor does not make payments to a trustee or other third person, the contractor may consider as part of the wages of any laborer or mechanic the amount of any costs reasonably anticipated in providing bona fide fringe benefits under a plan or program. Provided, That the Secretary of Labor has found, upon the written request of the contractor, that the applicable standards of the Davis-Bacon Act have been met. The Secretary of Labor may require the contractor to set aside in a separate account assets for the meeting of obligations under the plan or program.

2. Withholding

The contracting agency shall upon its own action or upon written request of an authorized representative of the Department of Labor, withhold or cause to be withheld from the contractor under this contract, or any other Federal contract with the same prime contractor, or any other federally-assisted contract subject to Davis-Bacon prevailing wage requirements, which is held by the same prime contractor, so much of the accrued payments or advances as may be considered necessary to pay laborers and mechanics, including apprentices, trainees, and helpers, employed by the contractor or any subcontractor the full amount of wages required by the contract. In the event of failure to pay any laborer or mechanic, including any apprentice, trainee, or helper, employed or working on the site of the work, all or part of the wages required by the contract, the contracting agency may, after written notice to the contractor, take such action as may be necessary to cause the suspension of any further payment, advance, or guarantee of funds until such violations have ceased.

3. Payrolls and basic records

a. Payrolls and basic records relating thereto shall be maintained by the contractor during the course of the work and preserved for a period of three years thereafter for all laborers and mechanics working at the site of the work. Such records shall contain the name, address, and social security number of each such worker, his or her correct classification, hourly rates of wages paid (including rates of contributions or costs anticipated for bona fide fringe benefits or cash equivalents thereof of the types described in section 1(b)(2)(B) of the Davis-Bacon Act), daily and weekly number of hours worked, deductions made and actual wages paid. Whenever the Secretary of Labor has found under 29 CFR 5.6(a)(1)(iv) that the wages of any laborer or mechanic include the amount of any costs reasonably anticipated in providing benefits under a plan or program described in section 1(b)(2)(B) of the Davis-Bacon Act, the contractor shall maintain records which show that the commitment to provide such benefits is enforceable, that the plan or program is financially responsible, and that the plan or program has been communicated in writing to the laborers or mechanics affected, and records which show the

REVISED JULY 2012

costs anticipated or the actual cost incurred in providing such benefits. Contractors employing apprentices or trainees under approved programs shall maintain written evidence of the registration of apprenticeship programs and certification of trainee programs, the registration of the apprentices and trainees, and the ratios and wage rates prescribed in the applicable programs.

b. (1) The contractor shall submit weekly for each week in which any contract work is performed a copy of all payrolls to the contracting agency. The payrolls submitted shall set out accurately and completely all of the information required to be maintained under 29 CFR 5.5(a)(3)(i), except that full social security numbers and home addresses shall not be included on weekly transmittals. Instead the payrolls shall only need to include an individually identifying number for each employee (e.g., the last four digits of the employee's social security number). The required weekly payroll information may be submitted in any form desired. Optional Form WH-347 is available for this purpose from the Wage and Hour Division Web site at <http://www.dol.gov/easa/whd/forms/wb347instr.htm> or its successor site. The prime contractor is responsible for the submission of copies of payrolls by all subcontractors. Contractors and subcontractors shall maintain the full social security number and current address of each covered worker, and shall provide them upon request to the contracting agency for transmission to the State DOT, the FHWA or the Wage and Hour Division of the Department of Labor for purposes of an investigation or audit of compliance with prevailing wage requirements. It is not a violation of this section for a prime contractor to require a subcontractor to provide addresses and social security numbers to the prime contractor for its own records, without weekly submission to the contracting agency.

(2) Each payroll submitted shall be accompanied by a "Statement of Compliance," signed by the contractor or subcontractor or his or her agent who pays or supervises the payment of the persons employed under the contract and shall certify the following:

(i) That the payroll for the payroll period contains the information required to be provided under §5.5 (a)(3)(ii) of Regulations, 29 CFR part 5, the appropriate information is being maintained under §5.5 (a)(3)(i) of Regulations, 29 CFR part 5, and that such information is correct and complete;

(ii) That each laborer or mechanic (including each helper, apprentice, and trainee) employed on the contract during the payroll period has been paid the full weekly wages earned, without rebate, either directly or indirectly, and that no deductions have been made either directly or indirectly from the full wages earned, other than permissible deductions as set forth in Regulations, 29 CFR part 3;

(iii) That each laborer or mechanic has been paid not less than the applicable wage rates and fringe benefits or cash equivalents for the classification of work performed, as specified in the applicable wage determination incorporated into the contract.

(3) The weekly submission of a properly executed certification set forth on the reverse side of Optional Form WH-347 shall satisfy the requirement for submission of the "Statement of Compliance" required by paragraph 3.b.(2) of this section.

(4) The falsification of any of the above certifications may subject the contractor or subcontractor to civil or criminal prosecution under section 1001 of title 18 and section 231 of title 31 of the United States Code.

c. The contractor or subcontractor shall make the records required under paragraph 3.a. of this section available for inspection, copying, or transcription by authorized representatives of the contracting agency, the State DOT, the FHWA, or the Department of Labor, and shall permit such representatives to interview employees during working hours on the job. If the contractor or subcontractor fails to submit the required records or to make them available, the FHWA may, after written notice to the contractor, the contracting agency or the State DOT, take such action as may be necessary to cause the suspension of any further payment, advance, or guarantee of funds. Furthermore, failure to submit the required records upon request or to make such records available may be grounds for debarment action pursuant to 29 CFR 5.12.

4. Apprentices and trainees

a. Apprentices (programs of the USDOL).

Apprentices will be permitted to work at less than the predetermined rate for the work they performed when they are employed pursuant to and individually registered in a bona fide apprenticeship program registered with the U.S. Department of Labor, Employment and Training Administration, Office of Apprenticeship Training, Employer and Labor Services, or with a State Apprenticeship Agency recognized by the Office, or if a person is employed in his or her first 90 days of probationary employment as an apprentice in such an apprenticeship program, who is not individually registered in the program, but who has been certified by the Office of Apprenticeship Training, Employer and Labor Services or a State Apprenticeship Agency (where appropriate) to be eligible for probationary employment as an apprentice.

The allowable ratio of apprentices to journeymen on the job site in any craft classification shall not be greater than the ratio permitted to the contractor as to the entire work force under the registered program. Any worker listed on a payroll at an apprentice wage rate, who is not registered or otherwise employed as stated above, shall be paid not less than the applicable wage rate on the wage determination for the classification of work actually performed. In addition, any apprentice performing work on the job site in excess of the ratio permitted under the registered program shall be paid not less than the applicable wage rate on the wage determination for the work actually performed. Where a contractor is performing construction on a project in a locality other than that in which its program is registered, the ratios and wage rates (expressed in percentages of the journeyman's hourly rate) specified in the contractor's or subcontractor's registered program shall be observed.

Every apprentice must be paid at not less than the rate specified in the registered program for the apprentice's level of progress, expressed as a percentage of the journeyman hourly rate specified in the applicable wage determination. Apprentices shall be paid fringe benefits in accordance with the provisions of the apprenticeship program. If the apprenticeship program does not specify fringe benefits, apprentices must be paid the full amount of fringe benefits listed on the wage determination for the applicable classification. If the Administrator determines that a different practice prevails for the applicable apprentice classification, fringes shall be paid in accordance with that determination.

Appendix 12 -- 1.27

REVISED JULY 2012

In the event the Office of Apprenticeship Training, Employer and Labor Services, or a State Apprenticeship Agency recognized by the Office, withdraws approval of an apprenticeship program, the contractor will no longer be permitted to utilize apprentices at less than the applicable predetermined rate for the work performed until an acceptable program is approved.

b. Trainees (programs of the USDOL).

Except as provided in 29 CFR 5.16, trainees will not be permitted to work at less than the predetermined rate for the work performed unless they are employed pursuant to and individually registered in a program which has received prior approval, evidenced by formal certification by the U.S. Department of Labor, Employment and Training Administration.

The ratio of trainees to journeymen on the job site shall not be greater than permitted under the plan approved by the Employment and Training Administration.

Every trainee must be paid at not less than the rate specified in the approved program for the trainee's level of progress, expressed as a percentage of the journeyman hourly rate specified in the applicable wage determination. Trainees shall be paid fringe benefits in accordance with the provisions of the trainee program. If the trainee program does not mention fringe benefits, trainees shall be paid the full amount of fringe benefits listed on the wage determination unless the Administrator of the Wage and Hour Division determines that there is an apprenticeship program associated with the corresponding journeyman wage rate on the wage determination which provides for less than full fringe benefits for apprentices. Any employee listed on the payroll at a trainee rate who is not registered and participating in a training plan approved by the Employment and Training Administration shall be paid not less than the applicable wage rate on the wage determination for the classification of work actually performed. In addition, any trainee performing work on the job site in excess of the ratio permitted under the registered program shall be paid not less than the applicable wage rate on the wage determination for the work actually performed.

In the event the Employment and Training Administration withdraws approval of a training program, the contractor will no longer be permitted to utilize trainees at less than the applicable predetermined rate for the work performed until an acceptable program is approved.

c. Equal employment opportunity. The utilization of apprentices, trainees and journeymen under this part shall be in conformity with the equal employment opportunity requirements of Executive Order 11246, as amended, and 29 CFR part 30.

d. Apprentices and Trainees (programs of the U.S. DOT).

Apprentices and trainees working under apprenticeship and skill training programs which have been certified by the Secretary of Transportation as promoting EEO in connection with Federal-aid highway construction programs are not subject to the requirements of paragraph 4 of this Section IV. The straight time hourly wage rates for apprentices and trainees under such programs will be established by the particular programs. The ratio of apprentices and trainees to journeymen shall not be greater than permitted by the terms of the particular program.

Appendix 12 - 1.28

REVISED JULY 2012

5. Compliance with Copeland Act requirements. The contractor shall comply with the requirements of 29 CFR part 3, which are incorporated by reference in this contract.

6. Subcontracts. The contractor or subcontractor shall insert Form FHWA-1273 in any subcontracts and also require the subcontractors to include Form FHWA-1273 in any lower tier subcontracts. The prime contractor shall be responsible for the compliance by any subcontractor or lower tier subcontractor with all the contract clauses in 29 CFR 5.5.

7. Contract termination: debarment. A breach of the contract clauses in 29 CFR 5.5 may be grounds for termination of the contract, and for debarment as a contractor and a subcontractor as provided in 29 CFR 5.12.

8. Compliance with Davis-Bacon and Related Act requirements. All rulings and interpretations of the Davis-Bacon and Related Acts contained in 29 CFR parts 1, 3, and 5 are herein incorporated by reference in this contract.

9. Disputes concerning labor standards. Disputes arising out of the labor standards provisions of this contract shall not be subject to the general disputes clause of this contract. Such disputes shall be resolved in accordance with the procedures of the Department of Labor set forth in 29 CFR parts 5, 6, and 7. Disputes within the meaning of this clause include disputes between the contractor (or any of its subcontractors) and the contracting agency, the U.S. Department of Labor, or the employees or their representatives.

10. Certification of eligibility.

a. By entering into this contract, the contractor certifies that neither it (nor he or she) nor any person or firm who has an interest in the contractor's firm is a person or firm ineligible to be awarded Government contracts by virtue of section 3(a) of the Davis-Bacon Act or 29 CFR 5.12(a)(1).

b. No part of this contract shall be subcontracted to any person or firm ineligible for award of a Government contract by virtue of section 3(a) of the Davis-Bacon Act or 29 CFR 5.12(a)(1).

c. The penalty for making false statements is proscribed in the U.S. Criminal Code, 18 U.S.C. 1001.

V. CONTRACT WORK HOURS AND SAFETY STANDARDS ACT

The following clauses apply to any Federal-aid construction contract in an amount in excess of \$100,000 and subject to the overtime provisions of the Contract Work Hours and Safety Standards Act. These clauses shall be inserted in addition to the clauses required by 29 CFR 5.5(e) or 29 CFR 4.6. As used in this paragraph, the terms laborers and mechanics include watchmen and guards.

1. Overtime requirements. No contractor or subcontractor contracting for any part of the contract work which may require or involve the employment of laborers or mechanics shall require or permit any such laborer or mechanic in any workweek in which he or she is employed on such work to work in excess of forty hours in such workweek unless such laborer or

Appendix f2 - 1.29

mechanic receives compensation at a rate not less than one and one-half times the basic rate of pay for all hours worked in excess of forty hours in such workweek.

2. Violation; liability for unpaid wages; liquidated damages. In the event of any violation of the clause set forth in paragraph (1.) of this section, the contractor and any subcontractor responsible therefor shall be liable for the unpaid wages. In addition, such contractor and subcontractor shall be liable to the United States (in the case of work done under contract for the District of Columbia or a territory, to such District or to such territory), for liquidated damages. Such liquidated damages shall be computed with respect to each individual laborer or mechanic, including watchmen and guards, employed in violation of the clause set forth in paragraph (1.) of this section, in the sum of \$10 for each calendar day on which such individual was required or permitted to work in excess of the standard workweek of forty hours without payment of the overtime wages required by the clause set forth in paragraph (1.) of this section.

3. Withholding for unpaid wages and liquidated damages. The FHWA or the contacting agency shall, upon its own action or upon written request of an authorized representative of the Department of Labor withhold or cause to be withheld, from any moneys payable on account of work performed by the contractor or subcontractor under any such contract or any other Federal contract with the same prime contractor, or any other federally-assisted contract subject to the Contract Work Hours and Safety Standards Act, which is held by the same prime contractor, such sums as may be determined to be necessary to satisfy any liabilities of such contractor or subcontractor for unpaid wages and liquidated damages as provided in the clause set forth in paragraph (2.) of this section.

4. Subcontracts. The contractor or subcontractor shall insert in any subcontracts the clauses set forth in paragraph (1.) through (4.) of this section and also a clause requiring the subcontractors to include these clauses in any lower tier subcontracts. The prime contractor shall be responsible for compliance by any subcontractor or lower tier subcontractor with the clauses set forth in paragraphs (1.) through (4.) of this section.

VI. SUBLETTING OR ASSIGNING THE CONTRACT

This provision is applicable to all Federal-aid construction contracts on the National Highway System.

1. The contractor shall perform with its own organization contract work amounting to not less than 30 percent (or a greater percentage if specified elsewhere in the contract) of the total original contract price, excluding any specialty items designated by the contracting agency. Specialty items may be performed by subcontract and the amount of any such specialty items performed may be deducted from the total original contract price before computing the amount of work required to be performed by the contractor's own organization (23 CFR 535.116).

a. The term "perform work with its own organization" refers to workers employed or leased by the prime contractor, and equipment owned or rented by the prime contractor, with or without operators. Such term does not include employees or equipment of a subcontractor or lower tier subcontractor, agents of the prime contractor, or any other assignees. The term may include payments for the costs of hiring leased employees from an employee leasing firm meeting all relevant Federal and State regulatory requirements. Leased employees may only be included

in this form if the prime contractor meets all of the following conditions:

- (1) the prime contractor maintains control over the supervision of the day-to-day activities of the leased employees;
- (2) the prime contractor remains responsible for the quality of the work of the leased employees;
- (3) the prime contractor retains all power to accept or exclude individual employees from work on the project; and
- (4) the prime contractor remains ultimately responsible for the payment of predetermined minimum wages, the submission of payrolls, statements of compliance and all other Federal regulatory requirements.

b. "Specialty Items" shall be construed to be limited to work that requires highly specialized knowledge, abilities, or equipment not ordinarily available in the type of contracting organizations qualified and expected to bid or propose on the contract as a whole and in general are to be limited to minor components of the overall contract.

2. The contract amount upon which the requirements set forth in paragraph (1) of Section VI is computed includes the cost of material and manufactured products which are to be purchased or produced by the contractor under the contract provisions.

3. The contractor shall furnish (a) a competent superintendent or supervisor who is employed by the firm, has full authority to direct performance of the work in accordance with the contract requirements, and is in charge of all construction operations (regardless of who performs the work) and (b) such other of its own organizational resources (supervision, management, and engineering services) as the contracting officer determines is necessary to assure the performance of the contract.

4. No portion of the contract shall be sublet, assigned or otherwise disposed of except with the written consent of the contracting officer, or authorized representative, and such consent when given shall not be construed to relieve the contractor of any responsibility for the fulfillment of the contract. Written consent will be given only after the contracting agency has assured that each subcontract is evidenced in writing and that it contains all pertinent provisions and requirements of the prime contract.

5. The 30% self-performance requirement of paragraph (1) is not applicable to design-build contracts; however, contracting agencies may establish their own self-performance requirements.

VII. SAFETY: ACCIDENT PREVENTION

This provision is applicable to all Federal-aid construction contracts and to all related subcontracts.

1. In the performance of this contract the contractor shall comply with all applicable Federal, State, and local laws governing safety, health, and sanitation (23 CFR 635). The contractor shall provide all safeguards, safety devices and protective equipment and take any other needed actions as it determines, or as the contracting officer may determine, to be reasonably necessary to protect the life and health of employees on the job and the safety of the public and

Appendix 12 -- 1.31

REVISED JULY 2012

to protect property in connection with the performance of the work covered by the contract.

2. It is a condition of this contract, and shall be made a condition of each subcontract, which the contractor enters into pursuant to this contract, that the contractor and any subcontractor shall not permit any employee, in performance of the contract, to work in surroundings or under conditions which are unsanitary, hazardous or dangerous to his/her health or safety, as determined under construction safety and health standards (29 CFR 1926) promulgated by the Secretary of Labor, in accordance with Section 107 of the Contract Work Hours and Safety Standards Act (40 U.S.C. 3704).

3. Pursuant to 29 CFR 1926.3, it is a condition of this contract that the Secretary of Labor or authorized representative thereof, shall have right of entry to any site of contract performance to inspect or investigate the matter of compliance with the construction safety and health standards and to carry out the duties of the Secretary under Section 107 of the Contract Work Hours and Safety Standards Act (40 U.S.C. 3704).

VIII. FALSE STATEMENTS CONCERNING HIGHWAY PROJECTS

This provision is applicable to all Federal-aid construction contracts and to all related subcontracts.

In order to assure high quality and durable construction in conformity with approved plans and specifications and a high degree of reliability on statements and representations made by engineers, contractors, suppliers, and workers on Federal-aid highway projects, it is essential that all persons concerned with the project perform their functions as carefully, thoroughly, and honestly as possible. Willful falsification, distortion, or misrepresentation with respect to any facts related to the project is a violation of Federal law. To prevent any misunderstanding regarding the seriousness of these and similar acts, Form FHWA-1022 shall be posted on each Federal-aid highway project (23 CFR 635) in one or more places where it is readily available to all persons concerned with the project:

18 U.S.C. 1020 reads as follows:

"Whoever, being an officer, agent, or employee of the United States, or of any State or Territory, or whoever, whether a person, association, firm, or corporation, knowingly makes any false statement, false representation, or false report as to the character, quality, quantity, or cost of the material used or to be used, or the quantity or quality of the work performed or to be performed, or the cost thereof in connection with the submission of plans, maps, specifications, contracts, or costs of construction on any highway or related project submitted for approval to the Secretary of Transportation; or

Whoever knowingly makes any false statement, false representation, false report or false claim with respect to the character, quality, quantity, or cost of any work performed or to be performed, or materials furnished or to be furnished, in connection with the construction of any highway or related project approved by the Secretary of Transportation; or

Whoever knowingly makes any false statement or false representation as to material fact in any statement, certificate, or report submitted pursuant to provisions of the Federal-aid Roads Act approved July 1, 1916, (39 Stat. 355), as amended and supplemented;

Shall be fined under this title or imprisoned not more than 5 years or both."

IX. IMPLEMENTATION OF CLEAN AIR ACT AND FEDERAL WATER POLLUTION CONTROL ACT

This provision is applicable to all Federal-aid construction contracts and to all related subcontracts.

By submission of this bid/proposal or the execution of this contract, or subcontract, as appropriate, the bidder, proposer, Federal-aid construction contractor, or subcontractor, as appropriate, will be deemed to have stipulated as follows:

1. That any person who is or will be utilized in the performance of this contract is not prohibited from receiving an award due to a violation of Section 508 of the Clean Water Act or Section 806 of the Clean Air Act.
2. That the contractor agrees to include or cause to be included the requirements of paragraph (1) of this Section X in every subcontract, and further agrees to take such action as the contracting agency may direct as a means of enforcing such requirements.

X. CERTIFICATION REGARDING DEBARMENT, SUSPENSION, INELIGIBILITY AND VOLUNTARY EXCLUSION

This provision is applicable to all Federal-aid construction contracts, design-build contracts, subcontracts, lower-tier subcontracts, purchase orders, lease agreements, consultant contracts or any other covered transaction requiring FHWA approval or that is estimated to cost \$25,000 or more -- as defined in 2 CFR Parts 180 and 1200.

1. Instructions for Certification -- First Tier Participants:

a. By signing and submitting this proposal, the prospective first tier participant is providing the certification set out below.

b. The inability of a person to provide the certification set out below will not necessarily result in denial of participation in this covered transaction. The prospective first tier participant shall submit an explanation of why it cannot provide the certification set out below. The certification or explanation will be considered in connection with the department or agency's determination whether to enter into this transaction. However, failure of the prospective first tier participant to furnish a certification or an explanation shall disqualify such a person from participation in this transaction.

c. The certification in this clause is a material representation of fact upon which reliance was placed when the contracting agency determined to enter into this transaction. If it is later determined that the prospective participant knowingly rendered an erroneous certification, in addition to other remedies available to the Federal Government, the contracting agency may terminate this transaction for cause of default.

Appendix 12 - 1.33

d. The prospective first tier participant shall provide immediate written notice to the contracting agency to whom this proposal is submitted if any time the prospective first tier participant learns that its certification was erroneous when submitted or has become erroneous by reason of changed circumstances.

e. The terms "covered transaction," "debarred," "suspended," "ineligible," "participant," "person," "principal," and "voluntarily excluded," as used in this clause, are defined in 2 CFR Parts 180 and 1200. "First Tier Covered Transactions" refers to any covered transaction between a grantee or subgrantee of Federal funds and a participant (such as the prime or general contract). "Lower Tier Covered Transactions" refers to any covered transaction under a First Tier Covered Transaction (such as subcontracts). "First Tier Participant" refers to the participant who has entered into a covered transaction with a grantee or subgrantee of Federal funds (such as the prime or general contractor). "Lower Tier Participant" refers any participant who has entered into a covered transaction with a First Tier Participant or other Lower Tier Participants (such as subcontractors and suppliers).

f. The prospective first tier participant agrees by submitting this proposal that, should the proposed covered transaction be entered into, it shall not knowingly enter into any lower tier covered transaction with a person who is debarred, suspended, declared ineligible, or voluntarily excluded from participation in this covered transaction, unless authorized by the department or agency entering into this transaction.

g. The prospective first tier participant further agrees by submitting this proposal that it will include the clause titled "Certification Regarding Debarment, Suspension, Ineligibility and Voluntary Exclusion-Lower Tier Covered Transactions," provided by the department or contracting agency, entering into this covered transaction, without modification, in all lower tier covered transactions and in all solicitations for lower tier covered transactions exceeding the \$25,000 threshold.

h. A participant in a covered transaction may rely upon a certification of a prospective participant in a lower tier covered transaction that is not debarred, suspended, ineligible, or voluntarily excluded from the covered transaction, unless it knows that the certification is erroneous. A participant is responsible for ensuring that its principals are not suspended, debarred, or otherwise ineligible to participate in covered transactions. To verify the eligibility of its principals, as well as the eligibility of any lower tier prospective participants, each participant may, but is not required to, check the Excluded Parties List System website (<https://www.epls.gov/>), which is compiled by the General Services Administration.

i. Nothing contained in the foregoing shall be construed to require the establishment of a system of records in order to render in good faith the certification required by this clause. The knowledge and information of the prospective participant is not required to exceed that which is normally possessed by a prudent person in the ordinary course of business dealings.

j. Except for transactions authorized under paragraph (f) of these instructions, if a participant in a covered transaction knowingly enters into a lower tier covered transaction with a person who is suspended, debarred, ineligible, or voluntarily excluded from participation in this transaction, in addition to other remedies available to the Federal Government, the department or agency may terminate this transaction for cause or default.

Appendix 12 - 1.34

2. Certification Regarding Debarment, Suspension, Ineligibility and Voluntary Exclusion - First Tier Participants:

a. The prospective first tier participant certifies to the best of its knowledge and belief, that it and its principals:

(1) Are not presently debarred, suspended, proposed for debarment, declared ineligible, or voluntarily excluded from participating in covered transactions by any Federal department or agency;

(2) Have not within a three-year period preceding this proposal been convicted of or had a civil judgment rendered against them for commission of fraud or a criminal offense in connection with obtaining, attempting to obtain, or performing a public (Federal, State or local) transaction or contract under a public transaction; violation of Federal or State antitrust statutes or commission of embezzlement, theft, forgery, bribery, falsification or destruction of records, making false statements, or receiving stolen property;

(3) Are not presently indicted for or otherwise criminally or civilly charged by a governmental entity (Federal, State or local) with commission of any of the offenses enumerated in paragraph (a)(2) of this certification; and

(4) Have not within a three-year period preceding this application/proposal had one or more public transactions (Federal, State or local) terminated for cause or default.

b. Where the prospective participant is unable to certify to any of the statements in this certification, such prospective participant shall attach an explanation to this proposal.

2. Instructions for Certification - Lower Tier Participants:

(Applicable to all subcontracts, purchase orders and other lower tier transactions requiring prior FHWA approval or estimated to cost \$25,000 or more - 2 CFR Parts 180 and 1200)

a. By signing and submitting this proposal, the prospective lower tier is providing the certification set out below.

b. The certification in this clause is a material representation of fact upon which reliance was placed when this transaction was entered into. If it is later determined that the prospective lower tier participant knowingly rendered an erroneous certification, in addition to other remedies available to the Federal Government, the department, or agency with which this transaction originated may pursue available remedies, including suspension and/or debarment.

c. The prospective lower tier participant shall provide immediate written notice to the person to which this proposal is submitted if at any time the prospective lower tier participant learns that its certification was erroneous by reason of changed circumstances.

d. The terms "covered transaction," "debarred," "suspended," "ineligible," "participant," "person," "principal," and "voluntarily excluded," as used in this clause, are defined in 2 CFR

Appendix 12 - 1.35

REVISED JULY 2012

Parts 180 and 1200. You may contact the person to which this proposal is submitted for assistance in obtaining a copy of those regulations. "First Tier Covered Transactions" refers to any covered transaction between a grantee or subgrantee of Federal funds and a participant (such as the prime or general contract). "Lower Tier Covered Transactions" refers to any covered transaction under a First Tier Covered Transaction (such as subcontracts). "First Tier Participant" refers to the participant who has entered into a covered transaction with a grantee or subgrantee of Federal funds (such as the prime or general contractor). "Lower Tier Participant" refers any participant who has entered into a covered transaction with a First Tier Participant or other Lower Tier Participants (such as subcontractors and suppliers).

e. The prospective lower tier participant agrees by submitting this proposal that, should the proposed covered transaction be entered into, it shall not knowingly enter into any lower tier covered transaction with a person who is debarred, suspended, declared ineligible, or voluntarily excluded from participation in this covered transaction, unless authorized by the department or agency with which this transaction originated.

f. The prospective lower tier participant further agrees by submitting this proposal that it will include this clause titled "Certification Regarding Debarment, Suspension, Ineligibility and Voluntary Exclusion-Lower Tier Covered Transaction," without modification, in all lower tier covered transactions and in all solicitations for lower tier covered transactions exceeding the \$25,000 threshold.

g. A participant in a covered transaction may rely upon a certification of a prospective participant in a lower tier covered transaction that is not debarred, suspended, ineligible, or voluntarily excluded from the covered transaction, unless it knows that the certification is erroneous. A participant is responsible for ensuring that its principals are not suspended, debarred, or otherwise ineligible to participate in covered transactions. To verify the eligibility of its principals, as well as the eligibility of any lower tier prospective participants, each participant may, but is not required to, check the Excluded Parties List System website (<http://www.epls.gov/>), which is compiled by the General Services Administration.

h. Nothing contained in the foregoing shall be construed to require establishment of a system of records in order to render in good faith the certification required by this clause. The knowledge and information of participant is not required to exceed that which is normally possessed by a prudent person in the ordinary course of business dealings.

i. Except for transactions authorized under paragraph e of these instructions, if a participant in a covered transaction knowingly enters into a lower tier covered transaction with a person who is suspended, debarred, ineligible, or voluntarily excluded from participation in this transaction, in addition to other remedies available to the Federal Government, the department or agency with which this transaction originated may pursue available remedies, including suspension and/or debarment.

Certification Regarding Debarment, Suspension, Ineligibility and Voluntary Exclusion-- Lower Tier Participants:

1. The prospective lower tier participant certifies, by submission of this proposal, that neither it

Appendix 12 - 1.36

REVISED JULY 2012

nor its principals is presently debarred, suspended, proposed for debarment, declared ineligible, or voluntarily excluded from participating in covered transactions by any Federal department or agency.

2. Where the prospective lower tier participant is unable to certify to any of the statements in this certification, such prospective participant shall attach an explanation to this proposal.

XI. CERTIFICATION REGARDING USE OF CONTRACT FUNDS FOR LOBBYING

This provision is applicable to all Federal-aid construction contracts and to all related subcontracts which exceed \$100,000 (49 CFR 20).

1. The prospective participant certifies, by signing and submitting this bid or proposal, to the best of his or her knowledge and belief, that:

a. No Federal appropriated funds have been paid or will be paid, by or on behalf of the undersigned, to any person for influencing or attempting to influence an officer or employee of any Federal agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with the awarding of any Federal contract, the making of any Federal grant, the making of any Federal loan, the entering into of any cooperative agreement, and the extension, continuation, renewal, amendment, or modification of any Federal contract, grant, loan, or cooperative agreement.

b. If any funds other than Federal appropriated funds have been paid or will be paid to any person for influencing or attempting to influence an officer or employee of any Federal agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with this Federal contract, grant, loan, or cooperative agreement, the undersigned shall complete and submit Standard Form-LLL, "Disclosure Form to Report Lobbying," in accordance with its instructions.

2. This certification is a material representation of fact upon which reliance was placed when this transaction was made or entered into. Submission of this certification is a prerequisite for making or entering into this transaction imposed by 31 U.S.C. 1352. Any person who fails to file the required certification shall be subject to a civil penalty of not less than \$10,000 and not more than \$100,000 for each such failure.

3. The prospective participant also agrees by submitting its bid or proposal that the participant shall require that the language of this certification be included in all lower tier subcontracts, which exceed \$100,000 and that all such recipients shall certify and disclose accordingly.

ATTACHMENT A EMPLOYMENT AND MATERIALS PREFERENCE FOR APPALACHIAN DEVELOPMENT HIGHWAY SYSTEM OR APPALACHIAN LOCAL ACCESS ROAD CONTRACTS

Appendix 12 - 1.37

This provision is applicable to all Federal-aid projects funded under the Appalachian Regional Development Act of 1965.

1. During the performance of this contract, the contractor undertaking to do work which is, or reasonably may be, done as on-site work, shall give preference to qualified persons who regularly reside in the labor area as designated by the DOL wherein the contract work is situated, or the subregion, or the Appalachian counties of the State wherein the contract work is situated, except:

- a. To the extent that qualified persons regularly residing in the area are not available.
- b. For the reasonable needs of the contractor to employ supervisory or specially experienced personnel necessary to assure an efficient execution of the contract work.
- c. For the obligation of the contractor to offer employment to present or former employees as the result of a lawful collective bargaining contract, provided that the number of nonresident persons employed under this subparagraph (1c) shall not exceed 20 percent of the total number of employees employed by the contractor on the contract work, except as provided in subparagraph (4) below.

2. The contractor shall place a job order with the State Employment Service indicating (a) the classifications of the laborers, mechanics and other employees required to perform the contract work, (b) the number of employees required in each classification, (c) the date on which the participant estimates such employees will be required, and (d) any other pertinent information required by the State Employment Service to complete the job order form. The job order may be placed with the State Employment Service in writing or by telephone. If during the course of the contract work, the information submitted by the contractor in the original job order is substantially modified, the participant shall promptly notify the State Employment Service.

3. The contractor shall give full consideration to all qualified job applicants referred to him by the State Employment Service. The contractor is not required to grant employment to any job applicants who, in his opinion, are not qualified to perform the classification of work required.

4. If, within one week following the placing of a job order by the contractor with the State Employment Service, the State Employment Service is unable to refer any qualified job applicants to the contractor, or less than the number requested, the State Employment Service will forward a certificate to the contractor indicating the unavailability of applicants. Such certificate shall be made a part of the contractor's permanent project records. Upon receipt of this certificate, the contractor may employ persons who do not normally reside in the labor area to fill positions covered by the certificate, notwithstanding the provisions of subparagraph (1c) above.

5. The provisions of 28 CFR 633.207(e) allow the contracting agency to provide a contractual preference for the use of mineral resource materials native to the Appalachian region.

6. The contractor shall include the provisions of Sections 1 through 4 of this Attachment A in every subcontract for work which is, or reasonably may be, done as on-site work.

Chapter 13 Affirmative Action Contract Requirements

OVERVIEW OF CHAPTER 13 REVISIONS

Chapter 13 has been completely re-written to make the information more user friendly for local project sponsors and Regional Local Project Liaisons (RLPLs). The chapter has specific information regarding the federally mandated EEO and DBE programs only. **NOTE: The training requirement has been eliminated from all local projects.** However, the EEO requirement is still a federal mandate. We have provided the sponsors and the RLPLs with specific time frames with easy to follow checklists for the construction and the consultant programs. The procedures in this chapter follow the Department's established contract award and consultant designation processes.

Additionally, the chapter now references and includes all required contractual reporting forms for construction (13 forms) and consultant (8 forms) that shall be submitted by the contractor/consultant to the sponsor, then to the RLPL and finally to OEODC during specific times of the administration of the contract. Construction and Consultant Checklists and forms have been provided in the Appendices of this chapter.

0 1 1 0

Chapter 13
Affirmative Action Contract Requirements

13.1 PURPOSE

This chapter serves to direct local sponsors of Federal-aid transportation projects through the contractual process in a manner consistent with United States Department of Transportation (USDOT) rules and regulations implementing the USDOT Disadvantaged Business Enterprise (DBE) program as mandated by Federal law. A DBE is any for-profit small business concern that is at least 51 percent owned by one or more individuals who are both socially and economically disadvantaged or, in the case of a corporation, in which 51 percent of the stock is owned by one or more such individuals, and whose management and daily business operations are controlled by one or more of the socially and economically disadvantaged individuals who own it.

A socially and economically disadvantaged individual is a individual who is a citizen (or lawfully admitted permanent resident) of the United States, and who is:

1. Any individual who NYSDOT finds to be a socially and economically disadvantaged individual on a case-by-case basis.
2. Any individual in the following groups, members of which are rebuttably presumed to be socially and economically disadvantaged.
 - (i) "Black Americans", which includes persons having origins in any of the Black racial groups of Africa;
 - (ii) "Hispanic Americans", which includes persons of Mexican, Puerto Rican, Cuban, Dominican, Central or South American, or other Spanish or Portuguese culture or origin, regardless of race;
 - (iii) "Native Americans", which includes persons who are American Indians, Eskimos, Aleuts, or Native Hawaiians;
 - (iv) "Asian-Pacific Americans", which includes persons whose origins are from Japan, China, Taiwan, Korea, Burma (Myanmar), Vietnam, Laos, Cambodia (Kampuchea), Thailand, Malaysia, Indonesia, the Philippines, Brunei, Samoa, Guam, or the U.S. Trust Territories of the Pacific Islands (Republic of Palau), the Commonwealth of the Northern Mariana Islands, Macao, Fiji, Tonga, Kiribati, Juvaki, Nauru, Federated States of Micronesia, or Hong Kong;
 - (v) "Subcontinent Asian Americans", which includes persons whose origins are from India, Pakistan, Bangladesh, Bhutan, the Maldives Islands, Nepal or Sri Lanka;

PREPARED BY

REVISED
MARCH 2002

Chapter 13
Affirmative Action Contract Requirements

(vi) Women;

Chapter 13
Affirmative Action Contract Requirements

- (vii) Any additional groups whose members are designated as socially and economically disadvantaged by the Small Business Administration (SBA), at such time as the SBA designation becomes effective.

The New York State Department of Transportation (NYSDOT) is required to file a Disadvantaged Business Enterprise (DBE) participation plan with the FHWA each year which sets an overall, Statewide goal for Federal-aid highway and bridge contracts let in New York State. This includes Federal-aid contracts let by the New York State Thruway Authority, New York City DOT and other municipalities and public authorities.

13.2 BACKGROUND

The NYSDOT is a recipient of Federal financial assistance from the United States Department of Transportation within the State of New York. Therefore, according to Volume 49 of the Code of Federal Regulations, Part 26, as a condition of receiving Federal assistance for contracts let by local project sponsors, NYSDOT is required to establish procedures for local sponsors to follow to assure the sponsors comply with rules and regulations prescribed by 49 CFR, Part 26. The intent of the DBE program is to remedy discriminatory practices which have prevented DBEs from competing fairly for Federal-aid transportation contracts and sub-contracts.

The original concept to remedy historic discrimination was part of Title VI of the 1964 Civil Rights Act, as amended. Title VI of the Civil Rights Act of 1964, as amended, states that "no persons in the United States shall on the basis of race, color, or national origin be excluded from participation in, or be denied the benefits of or be subjected to discrimination under any program or activity receiving Federal financial assistance." In 1987, Congress further clarified the intent of Title VI to include all programs and activities of Federal-aid recipients whether those programs and activities are federally-funded or not. The DBE program was created in 1980 and has been continued under the Transportation Equity Act for the 21st Century (TEA 21). TEA 21 requires that the program be "narrowly tailored" so that small businesses (Ref: 13 CFR Part 121 and 49 CFR 26.65) in general, regardless of DBE status, are encouraged to participate on Federal-aid contracts.

13.3 EQUAL EMPLOYMENT OPPORTUNITY (EEO) POLICY STATEMENT

41 CFR Part 60 prohibits prime contractors and subcontractors, with contracts in excess of \$10,000 from discriminating in employment and requires these contractors to take steps to ensure that employees and applicants are treated equal without regard to race, color, religion, sex, or national origin.

MARCH 2002

Chapter 13
Affirmative Action Contract Requirements

Chapter 13
Affirmative Action Contract Requirements

13.4 NYSDOT DBE CERTIFICATION POLICY

Only firms certified by NYSDOT as DBEs are eligible to be used by the project sponsor or the contractor in order to meet the DBE participation goal set on a Federally-aided contract. NYSDOT maintains a directory of firms eligible to participate as DBEs on Federal-aid contracts.

Although NYSDOT may certify a firm as a DBE, the Department's certification does not guarantee that the DBE will be awarded a contract or subcontract to participate on a Federal-aid project. The certification applies only to the DBE's eligibility to participate in the program under the Federal rules. Those firms not certified as DBEs with NYSDOT can obtain an application for DBE certification from the NYSDOT's Office of Equal Opportunity Development and Compliance (OEODC).

NYSDOT does not pre-qualify firms for contracts nor recommends particular firms to participate on any contract. 49CFR Section 26.31 mandates NYSDOT to "...maintain and make available to interested persons a directory identifying all firms eligible to participate as DBEs in [NYSDOT's] program." The NYSDOT directory, which is updated the first week of each month, can be located on NYSDOT's web page at:

<http://www.dot.state.ny.us/oeodc/menu.html>

If you do not have web access, please contact the OEODC Office at (518) 457-1129.

13.5 CONSTRUCTION CONTRACTS

13.5.1 DBE Requirements and Goals

A DBE participation goal must be established for locally sponsored Federal-aid construction contracts that meet the dollar threshold requirements.

For contracts with an engineer's estimate greater than one million dollars, the sponsor must contact the Regional Local Program Liaison (RLPL) to obtain the goals. The RLPL must utilize the Highway Design Manual, Chapter 21 to assign a goal for the project.

For contracts with an engineer's estimate less than one million dollars, no goals will be set.

13.5.2 NYSDOT DBE Pre-award and Post-award Analysis Process

To analyze a construction contract, it is recommended that the sponsor adopt NYSDOT's procedure. The sponsor is responsible for ensuring that the pre-award packages are complete and that good faith efforts have taken place to ensure that the DBE's goals "have been met." Pre-award packages must

Chapter 13 Affirmative Action Contract Requirements

be submitted to the RLPL seven (7) days after bid opening. If the RLPL finds deficiencies in the package, then the sponsors must provide justification for the deficiencies prior to award of the contract. If the package is complete, then approval will be given by the RLPL, or his/her designee.

13.5.2.1 Sponsor's Responsibilities (Pre-Award)

The sponsor must perform the following:

Review pre-award package for completeness (a complete package includes Forms AAP-19 and AAPHC89s; see Appendices 13-1 and 13-2, respectively).

- Ensure all forms are signed and dated by the prime contractors and subcontractors.
- Ensure receipt of one AAP-19 from the prime contractor and one AAPHC-89 from each DBE subcontractor proposed.
- Check certification of firms proposed to perform the work items listed on the AAPHC-89 with NYS DOT Registry.

To ensure goals are met, the sponsor will need to subtract out the bid amounts for the cost of mobilization, telephone, computer, interim payment, any plant production, fuel adjustment, asphalt adjustment, "B" portion and any fixed price item. Goal attainment will be based on this adjusted figure.

If goals are met, the sponsor provides an award letter and a copy of the AAPHC-89 to the contractor with a copy to the subcontractor(s) and Regional Local Project Liaison (RLPL).

If goals were not met, the prime contractor must provide the following to the sponsor for the good faith effort package for review:

- Form AAP-10, Telephone Solicitation Log (see Appendix 13-3).
- Copies of letters sent to prospective DBE subcontractors.
- Copies of advertisements (i.e., Newspaper ads)

Upon receipt of the documentation, the sponsor must make a determination of whether the contractor has demonstrated a good faith effort to meet the goal. If attempts were made to show that good-faith efforts were performed, provide an award letter with a copy to the RLPL. The RLPL also gets a copy of the AAP-19 and AAPHC-89s. The sponsor will utilize this data in conjunction with other documentation noted throughout this chapter to monitor the contractor's compliance during the life of the contract.

NOTE: The final DBE percentage of participation on a contract will be calculated based on actual dollars paid to DBE firms divided by the total amount paid to the contractor for work done.

Chapter 13
Affirmative Action Contract Requirements

13.5.2.2 Sponsor's Responsibilities (Post-Award)

The sponsor must perform the following:

Schedule a pre-construction meeting and confirm by letter (Notice of Pre-Construction meeting) to the contractor, their designated EEO Representative and the R.L.P.L.

At the pre-construction meeting, the sponsor must utilize Form AAPHC-183, Federal Requirements (see Appendix 13-4) as a guide, and review and discuss the following:

- AAP-19 - DBE Schedule of Utilization: this form is a prerequisite to contract award, and it provides a variety of information necessary to determine a good faith effort on the part of the prime contractor.
- AAPHC-89 - DBE Utilization Report: This form will indicate the firm numbers the subcontractors will be performing, estimated start date, bid amount, agreed amount, etc. For items marked as less than 100%, the sponsor obtains an explanation from the contractor as to what portion of work the DBE is actually performing.
- AAP Form On Site Designation: this form identifies the Project Site Representative and DBE Liaison Officer (see Appendix 13-5).
- CCS-22 - Notice of Unions and Others: this form gives notice that the project is a public contract in the State of New York and the contractor has agreed under the nondiscrimination clauses of the contract to abide by EEO provisions (see Appendix 13-6).
- AAP-35 - Workforce and Training Utilization Schedule: this form will give the sponsor the estimated average monthly contract work force for each trade for a calendar year. If there is a change in the workforce, the AAP-35 must be revised by the prime contractor and submitted to the sponsor for approval (see Appendix 13-7).
- AAP-21 - Prime Contractor's Report of Payment: this form verifies prompt payment was made to the subcontractor(s) (see Appendix 13-8).
- AAP33 - Monthly Employment Utilization Report: this form is prepared by the contractor and subcontractors to document their performance in attempting to meet the equal employment opportunity goals included in the contract. After the prime contractor receives all the subcontractor reports, a composite AAP-33 for the entire combined contract workforce must be submitted, every month, for the life of the contract (see Appendix 13-9).

Chapter 13
Affirmative Action Contract Requirements

- FHWA 1391 - Prime contractors and subcontractors with a subcontract of \$10,000 or more that work on Federal-aid contracts must file Form 1391. This report is for work performed during the month of July. The prime contractor must submit one 1391 for their firm, one 1391 for each Subcontractor who was active during the month of July, and one 1391 composite of the entire project workforce for July. This form is due to the sponsor by the second Friday in August (see Appendix 13-10).
- FHWA 1392 - Form 1392 must be completed by the sponsor and is a composite of all 1391 data. To ensure compliance with FHWA reporting requirements, this form is due to the RLPL by the third Friday in August. After review, the 1392 with copies of the 1391 composites must be submitted to NYS DOT no later than the fourth Friday in August (see Appendix 13-11).

*****NOTE:** If the AAP-35 is not approved, no work shall occur until such time that it is accepted.

13.5.3 Training

Although training is a Federal requirement for recipients of Federal funds, sponsors of Local projects are not required to invoke training requirements due to the fact that NYS DOT did not include the Locally-let contracts in the Department's OJT Plan that was submitted to FHWA.

13.5.4. Contract Monitoring

13.5.4.1 Monthly Submittal/Forms and Revisions

Should any deviations from the originally approved AAP-19, Schedule of Utilization and AAPHC-89, DBE Utilization Report, take place after award, the sponsor will require the contractor to submit a revised AAP-19, and an AAPHC-89-1, Revised DBE Utilization Report (see Appendix 13-12), to the sponsor for approval.

On a monthly basis the sponsor should:

- Receive AAP-33: this form should be reviewed for conformance with EEO provisions. If deficiencies are noted, the sponsor sends a deficiency letter to the contractor requesting they address the issue of underutilization and what efforts the contractor will take to rectify the problem.
- Receive annotated certified payrolls to ensure individuals are receiving prevailing wage rates and all individuals listed on the payroll are on that specific project site.

Chapter 13
Affirmative Action Contract Requirements

- Perform an on-site visit to ensure all DBE subcontractors listed on the AAPHC-89s are performing a commercially useful function (CUF); one in which a firm is responsible for execution of a distinct element of work on a contract and carries out its responsibilities by actually performing, managing, and supervising the work involved.
- Perform a visual assessment of the workforce to ensure that the workforce is accurately reflected on the AAP-33.

The AAP-33 and certified payrolls must be retained by the sponsor for three (3) years after final acceptance of the project. The sponsor is responsible for the timely submission and accuracy of the payrolls and monthly AAP-33 reports.

13.5.4.2 Prompt Payment

The sponsor must ensure that all subcontractors are promptly paid by the prime contractor according to 49 CFR, Part 28.29, and include in the prime contractor's contract clauses, the following:

1. To pay the subcontractors within 15 days after receiving payment from the sponsor.
2. To pay retainage to all subcontractors within 45 days following satisfactory completion of the subcontracted work.

The assurance of prompt payment is monitored through the use of the AAP-21, Contractor Report of Contract Payments form. This form must be submitted by the contractor for all subcontractors/vendors by the fifteenth day of the month or when requested by the Department.

13.5.5 Reporting Requirements

The forms listed below are construction reporting requirements and are to be submitted to the R.L.P.L as noted. A copy of each form and instructions for completing them are provided in the Appendices to Chapter 13.

The sponsor shall submit to the R.L.P.L the following construction reporting forms:

- AAP-10: Telephone Solicitation Log (pre-award and when changing utilization.)
- AAP-19: Schedule of Utilization (submitted with all approved AAPHC-89s, as necessary, when any change to an approved AAP-19 takes place.)
- AAP-21: Prime Contractor Report of Contract Payments (submitted for each payment.)

Chapter 13
Affirmative Action Contract Requirements

- FHWA 1391: Annual EEO Report
- FHWA 1392: Annual EEO Composite Report
- AAP-33: Monthly Employment Utilization Report (monthly requirement.)
- AAP-35: Workforce and Training Utilization Schedule (pre-award, as requested, and when there is significant change in the workforce.)
- AAPHC-89: Utilization Worksheet (submitted for each subcontractor at pre-award.)
- AAPHC-89-1: Revised Utilization Worksheet (submitted when any change to the approved AAPHC-89 takes place.)

13.5.6 Federal Reporting Requirements (Mandated)

13.5.6.1 USDOT Semi Annual Report - DBE Utilization

All local governments are responsible for completing this report (see Appendix 13-13) for each contract as well as a composite for each county. This report is due to the RLPL by the first Friday in November for the period April 1st to September 30th and the first Friday in May for the period October 1st to March 31st.

13.6 CONSULTANT CONTRACTS

13.6.1 DBE Requirements and Goals

Local sponsors entering into contracts for consulting services must comply with Federal rules and regulations regarding DBE participation. Sponsors are encouraged to solicit DBE participation on all consultant contracts. The Department encourages the sponsor to apply NYSDOT's DBE goal of up to 18% within the limitations of any project. All DBE participation reported to the sponsor on a contract will be credited toward the Department's race-neutral goal. For consultant selection procedures, refer to Chapter 6 of this Manual for guidance.

To determine if the DBE percentage has been met, the sponsor must calculate the direct technical labor of each DBE firm and then divide by the total direct technical labor of the agreement.

In order to provide all consultant designation information to the RLPL, the sponsor must provide documentation as indicated on the Consultant Designation Information Sheet (See Appendix 13-14). This form must be completed after all negotiations have taken place. It must be submitted for each designation or any time there is a revision to the original agreement. A revision includes any additional assignment of work or a supplement agreement.

Chapter 13
Affirmative Action Contract Requirements

Upon receipt of the Consultant Designation Information Sheet, the RLPL will review the documentation and submit it to Main Office OEODC within seven (7) days of receipt. If there are any deficiencies in the package, then the RLPL must have the sponsor provide justification. When the package is complete, then approval shall be given to the sponsor by the RLPL or his/her designee.

13.6.2 Sponsor's Responsibilities

13.6.2.1 NYSDOT Designation Analysis Process

To analyze a consultant agreement, it is recommended that the sponsor adopt NYSDOT's procedure. The sponsor is responsible for ensuring consultant agreements are complete, good faith efforts have taken place, and DBE goals have been met. Designation packages must be submitted to the RLPL along with the completed Consultant Designation Information Sheet and copies of the scope meeting minutes.

The sponsor must perform the following:

- Send out scope meeting notification letters to the Prime, Subconsultant(s), designated EEO Representative(s) and the RLPL.
- The sponsor will conduct the scope meeting utilizing the Department's established procedure as documented in the Consultant Scope Meeting Script provided in Appendix 13-15.
- The sponsor will distribute the following forms to prime consultants:
 1. AAP-43: EEO Officer Designation (see Appendix 13-16)
 2. AAP-44: Subconsultant Division of Work (see Appendix 13-17)
 3. AAP-45: Subconsultant Evaluation Report (see Appendix 13-18)
 4. AAP-46: Consultant Engineers EEO Report (see Appendix 13-19)
 5. Schedule of Payment (see Appendix 13-20)

13.6.2.2 Monitoring Consultant Agreements for DBE Participation

The sponsor must perform the following:

- Ensure that all DBE firms are certified for proposed items of work.

Chapter 13
Affirmative Action Contract Requirements

- Compare the Expression of Interest (EOI) with the negotiated agreement to ensure that DBE work assignments are consistent with the EOI.
- Ensure that the DBE participation reflects participation offered in the EOI.

13.6.2.3 Monitoring Consultant Agreement for Commercially Useful Function (CUF)

The sponsor must perform the following:

- Compare the EOI with the negotiated agreement to ensure that DBE work assignments are consistent with the EOI.
- Ensure that the DBEs are performing a distinct element of work and are in control of their operations.

13.6.2.4 Monitoring Forms

The sponsor must perform the following:

- Ensure that all required forms from the prime consultant and subconsultants have been submitted.
- Ensure that the minutes of the scope meeting have been received.

13.6.2.5 Monitoring Payment

The sponsor must ensure that all subconsultants are promptly paid by the prime consultant according to 49 CFR, Part 26.29, and include in the prime consultant's clauses the following:

- To pay the subconsultants within ten (10) days after receiving payment from the sponsor.
- Prior to processing a payment voucher, the sponsor must ensure that Form AAP-07 (see Appendix 13-21) is attached with all applicable documentation. If the package is complete, the sponsor should submit it to the RLPL.

Affirmative Action Contract Requirements

13.6.3 Federal Reporting Requirements (Mandated)

13.6.3.1 AAP-46: Consultant Engineers EEO Report

Prime consultants and subconsultants with a subcontract of \$10,000 or more that work on Federal-aid contracts, must file Form AAP-46 (see Appendix 13-19). This report is for work performed during the month of July. The prime consultant must submit one AAP-46 for their firm, one AAP-46 for each Subconsultant who was active during the month of July, and one AAP-46 composite of the entire project workforce for July. This form is due to the sponsor by the second Friday in August.

13.6.3.2 USDOT Semi-Annual Report - DBE Utilization

All Local governments are responsible for completing this report (see Appendix 13-13) for each contract as well as a composite for each county. This report is due to the RLPL by the first Friday in November for the period April 1st to September 30th and the first Friday in May for the period October 1st to March 31st.

APPROVAL TO SUBCONTRACT

Contract No. 0	County(ies) 0	PIN 0	Project Sponsor 0	Date Submitted January 0, 1900
CONTRACTOR INFORMATION				
Name 0	Federal ID No. 0			
Address 1 0	Address 2 0			
City 0	State 0	Zip 00000	Telephone No. -	
SUBCONTRACTOR INFORMATION				
Name 0	Federal ID No. 0			
Address 1 0	Address 2 0			
City 0	State 0	Zip 00000	Telephone No. -	
Estimated Beginning Date 1/0/00		Estimated Completion Date 1/0/00		

The Prime Contractor shall inform the Sponsor's Engineer-in-Charge (EIC) of the dates when the Subcontractor starts and completes all work under the subcontract. When the work performed by the Subcontractor is included in an estimate for payment, labor affidavits, copies of payrolls, etc., are to be submitted in the same manner and numbers as required of the Prime Contractor. This approval may be rescinded at any time in the progress of the work if the Subcontractor is determined unsatisfactory.

No work may be assigned by the Subcontractor to a second tier Subcontractor. No work may be performed by a Subcontractor other than that specifically approved by the Sponsor. The signatories below agree that violations of the foregoing may result in no payment by the Sponsor for the related work.

No work shall be started by the Subcontractor prior to filing the required insurances. The Contractor and Subcontractor hereby certify that the subcontract is in writing, and contains all the pertinent provisions of the price contract in regard to Federal and State Laws and Regulations.

NEW YORK STATE VENDOR RESPONSIBILITY QUESTIONNAIRE FOR-PROFIT CONSTRUCTION (CCA-2)

You have selected the For-Profit Construction questionnaire, commonly known as the "CCA-2," which may be printed and completed in this format or, for your convenience, may be completed online using the New York State Vendor System.

COMPLETION & CERTIFICATION

The person(s) completing the questionnaire must be knowledgeable about the vendor's business and operations. An owner or official must certify the questionnaire and the signature must be notarized.

NEW YORK STATE VENDOR IDENTIFICATION NUMBER (VENDOR ID)

The Vendor ID is a ten-digit identifier issued by New York State when the vendor is registered on the Statewide Vendor File. This number must now be included on the questionnaire. If the business entity has not obtained a Vendor ID, contact the IT Service Desk at ITServiceDesk@oss.state.ny.us or call 866-370-4672.

DEFINITIONS

All underlined terms are defined in the "New York State Vendor Responsibility Definitions List," found at <http://www.oss.state.ny.us/vendor/documents/questionnaire/definitions.pdf>. These terms may not have their ordinary, common or traditional meanings. Each vendor is strongly encouraged to read the respective definitions for any and all underlined terms. By submitting this questionnaire, the vendor agrees to be bound by the terms as defined in the "New York State Vendor Responsibility Definitions List" existing at the time of certification.

RESPONSES

Every question must be answered. Each response must provide all relevant information which can be obtained within the limits of the law. However, information regarding a determination or finding made in error which was subsequently corrected or overturned, and/or was withdrawn by the issuing government entity, is not required. Individuals and Sole Proprietors may use a Social Security Number but are encouraged to obtain and use a federal Employer Identification Number (EIN).

FOR-PROFIT CONSTRUCTION (CCA-2)**

BUSINESS ENTITY INFORMATION				
Legal Business Name		EIN		
Address of the Principal Place of Business (street, city, state, zip code)		New York State Vendor Identification Number:		
		Telephone	Fax	
		ext.		
Website				
Authorized Contact for this Questionnaire				
Name		Telephone	Fax	
		ext.		
Title		Email		
Additional Business Entity Identities: If applicable, list any other <u>DBA</u> , <u>Trade Name</u> , <u>Former Name</u> , <u>Other Identity</u> , or <u>EIN</u> used in the last five (5) years, the state or county where filed and the status (active or inactive).				
Type	Name	EIN	State or County where filed	Status

I. BUSINESS CHARACTERISTICS				
1.0 Business Entity Type – Check appropriate box and provide additional information:				
a) <input type="checkbox"/> Corporation (including PC)	Date of Incorporation			
b) <input type="checkbox"/> Limited Liability Company (LLC or PLLC)	Date Organized			
c) <input type="checkbox"/> Limited Liability Partnership	Date of Registration			
d) <input type="checkbox"/> Limited Partnership	Date Established			
e) <input type="checkbox"/> General Partnership	Date Established	County (if formed in NYS)		
f) <input type="checkbox"/> Sole Proprietor	How many years in business?			
g) <input type="checkbox"/> Other	Date Established			
If Other, explain:				
1.1 Was the Business Entity formed in New York State?				<input type="checkbox"/> Yes <input type="checkbox"/> No
If "No," indicate jurisdiction where the Business Entity was formed:				
<input type="checkbox"/> United States	State			
<input type="checkbox"/> Other	Country			

NEW YORK STATE VENDOR RESPONSIBILITY QUESTIONNAIRE FOR-PROFIT CONSTRUCTION (CCA-2)

1. BUSINESS CHARACTERISTICS

1.2 Is the Legal Business Entity publicly traded?

Yes No

If "Yes," provide the CIK code or Ticker Symbol:

1.3 Is the Business Entity currently registered to do business in New York State?

Yes No

Note: Select "Not Required" if the Business Entity is a Sole Proprietor or General Partnership.

Not Required

If "No," explain why the Business Entity is not required to be registered to do business in New York State:

1.4 Is the responding Business Entity a Joint Venture? *Note: If the submitting Business Entity is a Joint Venture, also submit a separate questionnaire for each Business Entity comprising the Joint Venture.*

Yes No

1.5 If the Business Entity's Principal Place of Business is not in New York State, does the Business Entity maintain an office in New York State?

Yes No

(Select "N/A" if Principal Place of Business is in New York State.)

N/A

If "Yes," provide the address and telephone number for one office located in New York State.

1.6 Is the Business Entity a New York State certified Minority-Owned Business Enterprise, or Women-Owned Business Enterprise, or New York State Small Business, or Federally certified Disadvantaged Business Enterprise?

Yes No

If "Yes," check all that apply:

- New York State certified Minority-Owned Business Enterprise (MBE)
- New York State certified Women-Owned Business Enterprise (WBE)
- New York State Small Business
- Federally certified Disadvantaged Business Enterprise (DBE)

1.7 Identify each person or business entity that is, or has been within the past five (5) years, Principal Owner of 5.0% or more of the firm's shares; a Business Entity Official; or one of the five largest shareholders, if applicable. *(Attach additional pages if necessary.)*

Joint Ventures: Provide information for all firms involved.

Name <i>(For each person, include middle initial)</i>	Title	Percentage of ownership <i>(Enter 0%, if not applicable)</i>	Employment status with the firm
			<input type="checkbox"/> Current <input type="checkbox"/> Former
			<input type="checkbox"/> Current <input type="checkbox"/> Former
			<input type="checkbox"/> Current <input type="checkbox"/> Former
			<input type="checkbox"/> Current <input type="checkbox"/> Former

**NEW YORK STATE VENDOR RESPONSIBILITY QUESTIONNAIRE
FOR-PROFIT CONSTRUCTION (CCA-2)**

H. AFFILIATE and JOINT VENTURE RELATIONSHIPS		
2.0 Are there any other <u>construction</u> -related firms in which, now or in the past five years, the submitting <u>Business Entity</u> or any of the individuals or business entities listed in question 1.7 either owned or owns 5.0% or more of the shares of, or was or is one of the five largest shareholders or a director, officer, partner or proprietor of said other firm? <i>(Attach additional pages if necessary.)</i>		<input type="checkbox"/> Yes <input type="checkbox"/> No
Firm/Company Name	Firm/Company EIN (If available)	Firm/Company's Primary Business Activity
Firm/Company Address		
Explain relationship with the firm and include percent of ownership, if applicable (enter N/A, if not applicable):		
Are there any shareholders, directors, officers, owners, partners or proprietors that the submitting <u>Business Entity</u> has in common with this firm?		<input type="checkbox"/> Yes <input type="checkbox"/> No
Individual's Name <i>(Include middle initial)</i>	Position/Title with Firm/Company	
2.1 Does the <u>Business Entity</u> have any <u>construction</u> -related <u>affiliates</u> not identified in the response to question 2.0 above? <i>(Attach additional pages if necessary.)</i>		<input type="checkbox"/> Yes <input type="checkbox"/> No
Affiliate Name	Affiliate EIN (If available)	Affiliate's Primary Business Activity
Affiliate Address		
Explain relationship with the affiliate and include percent of ownership, if applicable (enter N/A, if not applicable):		
Are there any shareholders, directors, officers, owners, partners or proprietors that the submitting <u>Business Entity</u> has in common with this affiliate?		<input type="checkbox"/> Yes <input type="checkbox"/> No
Individual's Name <i>(Include middle initial)</i>	Position/Title with Firm/Company	
2.2 Has the <u>Business Entity</u> participated in any <u>construction</u> -related <u>Joint Ventures</u> within the past three (3) years? <i>(Attach additional pages if necessary.)</i>		<input type="checkbox"/> Yes <input type="checkbox"/> No
Joint Venture Name	Joint Ventures EIN (If available)	Identify parties to the Joint Venture

NEW YORK STATE VENDOR RESPONSIBILITY QUESTIONNAIRE FOR-PROFIT CONSTRUCTION (CCA-2)

III. CONTRACT HISTORY

3.0 Has the Business Entity completed any construction contracts? Yes No

If "Yes," list the ten most recent construction contracts the Business Entity has completed using Attachment A - Completed Construction Contracts, found at www.psc.state.ny.us/vendors/documents/questionnaire/ac2252a.doc, if less than ten, include most recent subcontracts on projects up to that number.

3.1 Does the Business Entity, currently have uncompleted construction contracts? Yes No

If "Yes," list all current uncompleted construction contracts by using Attachment B - Uncompleted Construction Contracts, found at www.psc.state.ny.us/vendors/documents/questionnaire/ac2252b.doc.
Note: Ongoing projects must be included.

IV. INTEGRITY - CONTRACT BIDDING

Within the past five (5) years, has the Business Entity, an affiliate, or any predecessor company or entity:

4.0 Been suspended or barred from any government contracting process or been disqualified on any government procurement? Yes No

4.1 Been subject to a denial or revocation of a government prequalification? Yes No

4.2 Had any bid rejected by a government entity for lack of qualifications, responsibility or because of the submission of an informal, non-responsive or incomplete bid? Yes No

4.3 Had a proposed subcontract rejected by a government entity for lack of qualifications, responsibility or because of the submission of an informal, non-responsive or incomplete bid? Yes No

4.4 Had a low bid rejected on a government contract for failure to make good faith efforts on any Minority-Owned Business Enterprise, Women-Owned Business Enterprise or Disadvantaged Business Enterprise goal or statutory affirmative action requirements on a previously held contract? Yes No

4.5 Agreed to a voluntary exclusion from bidding/contracting with a government entity? Yes No

4.6 Initiated a request to withdraw a bid submitted to a government entity or made any claim of an error on a bid submitted to a government entity? Yes No

For each "Yes," provide an explanation of the issue(s), the Business Entity involved, the relationship to the submitting Business Entity, the government entity involved, project(s), relevant dates, any remedial or corrective action(s) taken and the current status of the issue(s). Provide answer(s) below or attach additional sheets with numbered responses.

V. INTEGRITY - CONTRACT AWARD

Within the past five (5) years, has the Business Entity, an affiliate, or any predecessor company or entity:

5.0 Defaulted on, or been suspended, canceled or terminated for cause on any contract? Yes No

5.1 Been subject to an administrative proceeding or civil action seeking specific performance or restitution (except any disputed work proceeding) in connection with any government contract? Yes No

5.2 Entered into a formal monitoring agreement, consent decree or stipulation settlement as specified by, or agreed to with, any government entity? Yes No

5.3 Had its surety called upon to complete any contract whether government or private sector? Yes No

5.4 Forfeited all or part of a standby letter of credit in connection with any government contract? Yes No

NEW YORK STATE VENDOR RESPONSIBILITY QUESTIONNAIRE FOR-PROFIT CONSTRUCTION (CCA-2)

V. INTEGRITY - CONTRACT AWARD

Within the past five (5) years, has the Business Entity, an affiliate, or any predecessor company or entity:

For each "Yes," provide an explanation of the issue(s), the Business Entity involved, the relationship to the submitting Business Entity, the government entity/owners involved, project(s), contract number(s), relevant dates, any remedial or corrective action(s) taken and the current status of the issue(s). Provide answer(s) below or attach additional sheets with numbered responses.

VI. CERTIFICATIONS/LICENSES

Within the past five (5) years, has the Business Entity, an affiliate, or any predecessor company or entity:

- | | |
|--|--|
| 6.0 Had a revocation or <u>suspension</u> of any business or professional permit and/or license? | <input type="checkbox"/> Yes <input type="checkbox"/> No |
| 6.1 Had a denial, decertification, revocation or forfeiture of New York State certification of <u>Minority-Owned Business Enterprise</u> , <u>Women-Owned Business Enterprise</u> or a federal certification of <u>Disadvantaged Business Enterprise</u> status, for other than a change of ownership? | <input type="checkbox"/> Yes <input type="checkbox"/> No |

For each "Yes," provide an explanation of the issue(s), the Business Entity involved, the relationship to the submitting Business Entity, the government entity involved, relevant dates, any remedial or corrective action(s) taken and the current status of the issue(s). Provide answer(s) below or attach additional sheets with numbered responses.

VII. LEGAL PROCEEDINGS/GOVERNMENT INVESTIGATIONS

Within the past five (5) years, has the Business Entity, an affiliate, or any predecessor company or entity:

- | | |
|--|--|
| 7.0 Been the subject of a criminal <u>investigation</u> , whether open or closed, or an indictment for any business-related conduct constituting a crime under local, state or federal law? | <input type="checkbox"/> Yes <input type="checkbox"/> No |
| 7.1 Been the subject of: | |
| (i.) An indictment, grant of immunity, <u>judgment</u> or conviction (including entering into a plea bargain) for conduct constituting a crime; or | <input type="checkbox"/> Yes <input type="checkbox"/> No |
| (ii.) NEW YORK STATE VENDOR RESPONSIBILITY QUESTIONNAIRE FOR-PROFIT CONSTRUCTION (CCA-2)

VII. LEGAL PROCEEDINGS/GOVERNMENT INVESTIGATIONS

Within the past five (5) years, has the Business Entity, an affiliate, or any predecessor company or entity:

7.6 Other than previously disclosed, been the subject of any suites, notices or violation orders; a pending administrative hearing, proceeding or determination of a violation of:

- Federal, state or local health laws, rules or regulations;
- Federal, state or local environmental laws, rules or regulations;
- Unemployment insurance or workers compensation coverage or glum requirements;
- Any labor law or regulation, which was deemed willful;
- Employee Retirement Income Security Act (ERISA);
- Federal, state or local human rights laws;
- Federal, state or local security laws?

Yes No

*For each "Yes," provide an explanation of the issue(s), the Business Entity involved, the relationship to the submitting Business Entity, the government entity involved, relevant dates, any remedial or corrective action(s) taken and the current status of the issue(s). Provide answer(s) below or attach additional sheets with numbered responses.
Note: Information regarding a determination or finding made in error, which was subsequently corrected or overturned, and/or was withdrawn by the issuing government entity, is not required.*

VIII. LEADERSHIP INTEGRITY

If the Business Entity is a Joint Venture Entity, answer "N/A - Not Applicable" to questions in this section.

Within the past five (5) years has any individual previously identified or any individual currently or formerly having the authority to sign, execute or approve bids, proposals, contracts or supporting documentation on behalf of the Business Entity with any government entity been:

8.0 Sanctioned relative to any business or professional permit and/or license?

Yes No

8.1 Suspended, debarred or disqualified from any government contracting process?

N/A

8.2 The subject of a criminal investigation, whether open or closed, or an indictment for any business-related conduct constituting a crime under local, state or federal law?

Yes No

N/A

8.3 Charged with a misdemeanor or felony, indicted, granted immunity, convicted of a crime or subject to a judgment for:

- (i) Any business-related activity, including but not limited to fraud, coercion, extortion, bribe or bribe-receiving, giving or accepting unlawful gratuities, immigration or tax fraud, racketeering, mail fraud, wire fraud, price-fixing or collusive bidding; or
- (ii) Any crime, whether or not business-related, the underlying conduct of which related to truthfulness, including but not limited to the filing of false documents or false sworn statements, perjury or larceny

Yes No

N/A

For each "Yes," provide an explanation of the issue(s), the individual involved, the relationship to the submitting Business Entity, the government entity involved, relevant dates, any remedial or corrective action(s) taken and the current status of the issue(s). Provide answer(s) below or attach additional sheets with numbered responses.

NEW YORK STATE VENDOR RESPONSIBILITY QUESTIONNAIRE FOR-PROFIT CONSTRUCTION (CCA-2)

IX. FINANCIAL AND ORGANIZATIONAL CAPACITY		
9.0 Within the past five (5) years, has the <u>Business Entity</u> or any <u>affiliate</u> received any <u>formal unsatisfactory performance assessment(s)</u> from any <u>government entity</u> on any contract?	<input type="checkbox"/> Yes	<input type="checkbox"/> No
<i>If "Yes," provide an explanation of the issue(s), the Business Entity involved, the relationship to the submitting Business Entity, the government entity involved, relevant dates, any remedial or corrective action(s) taken and the current status of the issue(s). Provide answer below or attach additional sheets with numbered responses.</i>		
9.1 Within the past five (5) years, has the <u>Business Entity</u> or any <u>affiliate</u> had any <u>liquidated damages</u> assessed over \$25,000?	<input type="checkbox"/> Yes	<input type="checkbox"/> No
<i>If "Yes," provide an explanation of the issue(s), the Business Entity involved, the relationship to the submitting Business Entity, relevant dates, the contracting party involved, the amount assessed and the current status of the issue(s). Provide answer below or attach additional sheets with numbered responses.</i>		
9.2 Within the past five (5) years, has the <u>Business Entity</u> or any <u>affiliate</u> had any <u>liens, claims or judgments</u> over \$25,000 filed against the <u>Business Entity</u> which remain undischarged or were unsatisfied for more than 90 days? (Note: including but not limited to tax warrants or liens. Do not include UCC filings.)	<input type="checkbox"/> Yes	<input type="checkbox"/> No
<i>If "Yes," provide an explanation of the issue(s), the Business Entity involved, the relationship to the submitting Business Entity, relevant dates, the Lien holder or Claimants' name(s), the amount of the lien(s) and the current status of the issue(s). Provide answer below or attach additional sheets with numbered responses.</i>

Certification

The undersigned: (1) recognizes that this questionnaire is submitted for the express purpose of assisting New York State government entities (including the Office of the State Comptroller (OSC)) in making responsibility determinations regarding award or approval of a contract or subcontract and that such government entities will rely on information disclosed in the questionnaire in making responsibility determinations; (2) acknowledges that the New York State government entities and OSC may, in their discretion, by means which they may choose, verify the truth and accuracy of all statements made herein; and (3) acknowledges that intentional submission of false or misleading information may result in criminal penalties under State and/or Federal Law, as well as a finding of non-responsibility, contract suspension or contract termination.

The undersigned certifies that he/she:

- is knowledgeable about the submitting Business Entity's business and operations;
- has read and understands all of the questions contained in the questionnaire;
- has not altered the content of the questionnaire in any manner;
- has reviewed and/or supplied full and complete responses to each question;
- to the best of his/her knowledge, information and belief, confirms that the Business Entity's responses are true, accurate and complete, including all attachments, if applicable;
- understands that New York State government entities will rely on the information disclosed in the questionnaire when entering into a contract with the Business Entity; and
- is under an obligation to update the information provided herein to include any material changes to the Business Entity's responses at the time of bid/proposal submission through the contract award notification, and may be required to update the information at the request of the New York State government entities or OSC prior to the award and/or approval of a contract, or during the term of the contract.

Contract Summary

Purpose: This is an amendment to extend a contract for services related to the Department's license plate readers. The purpose of the amendment is to extend the term of the contract for one (1) additional year and increase the maximum amount to pay for extended warranty coverage for the Department's stock of license plate readers.
Method of Procurement: Contract amendment. Please see procurement history below.
Procurement History: The contractor was selected as a sole source provider. The Department's stock of license plate readers are a proprietary system for hardware and software. ELSAGE is the sole manufacturer of its automated license plate reader equipment. The software includes proprietary features that allow the license plate reader units to report into the County's server for effective data sharing.
Description of General Provisions: Contractor provides extended warranty coverage for license plate reader hardware and

software.

Impact on Funding / Price Analysis: \$145,484.75 increase to the maximum amount of the contract. With this increase, the new maximum amount is \$966,222.75.

RULES RESOLUTION NO. – 2022

A RESOLUTION AUTHORIZING THE COUNTY EXECUTIVE TO EXECUTE AN AMENDMENT TO A PERSONAL SERVICES AGREEMENT BETWEEN THE COUNTY OF NASSAU, ACTING ON BEHALF OF THE NASSAU COUNTY POLICE DEPARTMENT, AND SELEX ES, INC D/B/A ELSAG

WHEREAS, the County has negotiated an amendment to a personal services agreement with Selex ES, Inc. d/b/a ELSAG to provide maintenance and support related to license plate recognition services, a copy of which is on file with the Clerk of the Legislature; now, therefore, be it

RESOLVED, that the Rules Committee of the Nassau County Legislature authorizes the County Executive to execute the said amendment to an agreement with Selex ES, Inc. d/b/a ELSAG.

AMENDMENT NO. 3

AMENDMENT (together with any appendices or exhibits hereto, this "Amendment") dated as of the date that this Amendment is executed by Nassau County (the "Effective Date"), between (i) Nassau County, a municipal corporation having its principal office at 1550 Franklin Avenue, Mineola, New York 11501 (the "County"), acting for and on behalf of the Nassau County Police Department, having its principal office at 1490 Franklin Avenue, Mineola, New York, 11501 (the "Department") and (ii) Selex ES Inc., d/b/a ELSAG, a North Carolina corporation authorized to do business in the State of New York, having its principal office at 205 H Creek Ridge Road, Greensboro, NC 27406 (the "Contractor").

WITNESSETH:

WHEREAS, pursuant to County contract number **COPD16000001** between the County and the Contractor, executed on behalf of the County on January 25, 2016, as amended by amendment one (1), County contract amendment number **CLPD17000005**, executed on behalf of the County on May 24, 2017, and amendment two (2), County contract amendment number CLPD18000010, executed on behalf of the County on July 12, 2019 (the "Original Agreement"), the Contractor provides license plate recognition ("LPR") support and maintenance services, which are more fully described in the Original Agreement (the services contemplated by the Original Agreement, the "Services"); and

WHEREAS, the term of the Original Agreement was from August 1, 2015 until July 31, 2021, unless sooner terminated in accordance with the provisions of such agreement (the "Term"); and

WHEREAS, the Maximum Amount that the County agreed to reimburse the Contractor for Services under the Original Agreement was not to exceed Eight Hundred Twenty Thousand Seven Hundred Thirty-eight Dollars (\$820,738.00) (the "Maximum Amount"); and

WHEREAS, the Department is desirous of amending the Original Agreement to extend the Original Term, add certain services, and increase the Maximum Amount.

NOW, THEREFORE, in consideration of the promises and mutual covenants contained in this Amendment, the parties agree as follows:

1. Term. The Term of the Original Agreement shall be extended by one (1) year, so that the termination date of the Original Agreement, as amended by this Amendment (the "Amended Agreement"), shall be July 31, 2022.

2. Services. Paragraph 2 of the Original Agreement is amended to expand the Services to include costs for extended warranty coverage as described in the quote attached herein as "Appendix D" and made a part hereof.

3. Maximum Amount. (a)(i) The Maximum Amount in the Original Agreement shall be increased by **One Hundred Forty-five Thousand Four Hundred Eighty-four Dollars and Seventy-five Cents (\$145,484.75)** ("Amendment 3 Maximum Amount"), so that the maximum amount that the County shall pay to the Contractor as full consideration for all Services provided under the Amended Agreement shall be Nine Hundred Sixty-six Thousand Two Hundred Twenty-two Dollars and Seventy-five Cents (\$966,222.75) ("Amended Maximum Amount").

4. Full Force and Effect. All terms and conditions of the Original Agreement not expressly amended by this Amendment shall remain in full force and effect and govern the relationship of the parties for the term of the Amended Agreement.

[Remainder of Page Left Intentionally Blank.]

IN WITNESS WHEREOF, the parties have executed this Amendment as of the Effective Date.

Contract Approval Request Form (As of January 1, 2015)

1. Vendor: Selex ES Inc

2. Amount requiring NIFA approval: \$145,484.75

Amount to be encumbered: \$145,484.75

Slip Type: Amendment

If new contract - \$ amount should be full amount of contract

If advisement - NIFA only needs to review if it is increasing funds above the amount previously approved by NIFA

If amendment - \$ amount should be full amount of amendment only

3. Contract Term: 08/01/2021 to 07/31/2022

Has work or services on this contract commenced? Yes

If yes, please explain: Contractor continuing these important services as contract amendment is routed through approvals.

4. Funding Source:

General Fund (GEN)	X	Grant Fund (GRT)
Capital Improvement Fund (CAP)		Other
Federal %	0	
State %	0	
County %	100	

Is the cash available for the full amount of the contract? Yes

If not, will it require a future borrowing? No

Has the County Legislature approved the borrowing? N/A

Has NIFA approved the borrowing for this contract? N/A

5. Provide a brief description (4 to 5 sentences) of the item for which this approval is requested:

This is an amendment to extend a contract for services related to the Department's license plate readers. The purpose of the amendment is to extend the term of the contract for one (1) additional year and increase the maximum amount to pay for extended warranty coverage for the Department's stock of license plate readers.

6. Has the item requested herein followed all proper procedures and thereby approved by the:

Nassau County Attorney as to form Yes

Nassau County Committee and/or Legislature

Date of approval(s) and citation to the resolution where approval for this item was provided:

7. Identify all contracts (with dollar amounts) with this or an affiliated party within the prior 12 months:

Contract ID	Posting Date	Amount Added in Prior 12 Months

COMPTROLLER APPROVAL FORM FOR PERSONAL, PROFESSIONAL OR HUMAN SERVICES CONTRACTS

Attach this form along with all personal, professional or human services contracts, contract renewals, extensions and amendments.

CONTRACTOR NAME: Selex ES d/b/a ELSAG

CONTRACTOR ADDRESS: 4221 Tudor Lane, Greensboro NC 27410

FEDERAL TAX ID #: [REDACTED]

Instructions: Please check the appropriate box (“”) after one of the following roman numerals, and provide all the requested information.

I. The contract was awarded to the lowest, responsible bidder after advertisement for sealed bids. The contract was awarded after a request for sealed bids was published in _____ [newspaper] on _____ [date]. The sealed bids were publicly opened on _____ [date]. _____ [#] of sealed bids were received and opened.

II. The contractor was selected pursuant to a Request for Proposals. The Contract was entered into after a written request for proposals was issued on _____ [date]. Potential proposers were made aware of the availability of the RFP by advertisement in _____ [newspaper], posting on industry websites, via email to interested parties and by publication on the County procurement website. Proposals were due on _____ [date]. _____ [state #] proposals were received and evaluated. The evaluation committee consisted of: _____

_____ (list # of persons on committee and their respective departments). The proposals were scored and ranked. As a result of the scoring and ranking, the highest-ranking proposer was selected.

III. This is a renewal, extension or amendment of an existing contract.

The contract was originally executed by Nassau County on 1/25/2016 [date]. This is a renewal or extension pursuant to the contract, or an amendment within the scope of the contract or RFP (copies of the relevant pages are attached). The original contract was entered into after the vendor was selected as a sole source provider. The License Plate Readers that are the subject of this contract are a proprietary system for hardware and software. Selex ES d/b/a ELSAG is the sole manufacturer of its Automated License Plate Reader (ALPR) equipment. [describe procurement method, i.e., RFP, three proposals evaluated, etc.] Attach a copy of the most recent evaluation of the contractor's performance for any contract to be renewed or extended. If the contractor has not received a satisfactory evaluation, the department must explain why the contractor should nevertheless be permitted to continue to contract with the county.

IV. Pursuant to Executive Order No. 1 of 1993, as amended, at least three proposals were solicited and received. The attached memorandum from the department head describes the proposals received, along with the cost of each proposal.

- A. The contract has been awarded to the proposer offering the lowest cost proposal; **OR:**
- B. The attached memorandum contains a detailed explanation as to the reason(s) why the contract was awarded to other than the lowest-cost proposer. The attachment includes a specific delineation of the unique skills and experience, the specific reasons why a proposal is deemed superior, and/or why the proposer has been judged to be able to perform more quickly than other proposers.

V. Pursuant to Executive Order No. 1 of 1993 as amended, the attached memorandum from the department head explains why the department did not obtain at least three proposals.

- A. There are only one or two providers of the services sought or less than three providers submitted proposals. The memorandum describes how the contractor was determined to be the sole source provider of the personal service needed or explains why only two proposals could be obtained. If two proposals were obtained, the memorandum explains that the contract was awarded to the lowest cost proposer, or why the selected proposer offered the higher quality proposal, the proposer's unique and special experience, skill, or expertise, or its availability to perform in the most immediate and timely manner.
- B. The memorandum explains that the contractor's selection was dictated by the terms of a federal or New York State grant, by legislation or by a court order. (Copies of the relevant documents are attached).
- C. Pursuant to General Municipal Law Section 104, the department is purchasing the services required through a New York State Office of General Services contract no. _____, and the attached memorandum explains how the purchase is within the scope of the terms of that contract.

D. Pursuant to General Municipal Law Section 119-o, the department is purchasing the services required through an inter-municipal agreement.

VI. This is a human services contract with a not-for-profit agency for which a competitive process has not been initiated. Attached is a memorandum that explains the reasons for entering into this contract without conducting a competitive process, and details when the department intends to initiate a competitive process for the future award of these services. For any such contract, where the vendor has previously provided services to the county, attach a copy of the most recent evaluation of the vendor's performance. If the contractor has not received a satisfactory evaluation, the department must explain why the contractor should nevertheless be permitted to contract with the county.

In certain limited circumstances, conducting a competitive process and/or completing performance evaluations may not be possible because of the nature of the human services program, or because of a compelling need to continue services through the same provider. In those circumstances, attach an explanation of why a competitive process and/or performance evaluation is inapplicable.

VII. This is a public works contract for the provision of architectural, engineering or surveying services. The attached memorandum provides details of the department's compliance with Board of Supervisors' Resolution No. 928 of 1993, including its receipt and evaluation of annual Statements of Qualifications & Performance Data, and its negotiations with the most highly qualified firms.

Instructions with respect to Sections VIII, IX and X: All Departments must check the box for VIII. Then, check the box for either IX or X, as applicable.

VIII. Participation of Minority Group Members and Women in Nassau County Contracts. The selected contractor has agreed that it has an obligation to utilize best efforts to hire MWBE sub-contractors. Proof of the contractual utilization of best efforts as outlined in Exhibit "EE" may be requested at any time, from time to time, by the Comptroller's Office prior to the approval of claim vouchers.

IX. Department MWBE responsibilities. To ensure compliance with MWBE requirements as outlined in Exhibit "EE", Department will require vendor to submit list of sub-contractor requirements prior to submission of the first claim voucher, for services under this contract being submitted to the Comptroller.

X. Vendor will not require any sub-contractors.

In addition, if this is a contract with an individual or with an entity that has only one or two employees: a review of the criteria set forth by the Internal Revenue Service, *Revenue Ruling No. 87-41, 1987-1 C.B. 296*, attached as Appendix A to the Comptroller's Memorandum, dated February 13, 2004, concerning independent contractors and employees indicates that the contractor would not be considered an employee for federal tax purposes.

Department Head Signature

NOTE: Any information requested above, or in the exhibit below, may be included in the county's "staff summary" form in lieu of a separate memorandum.

COUNTY OF NASSAU

POLITICAL CAMPAIGN CONTRIBUTION DISCLOSURE FORM

1. Has the vendor or any corporate officers of the vendor provided campaign contributions pursuant to the New York State Election Law in (a) the period beginning April 1, 2016 and ending on the date of this disclosure, or (b), beginning April 1, 2018, the period beginning two years prior to the date of this disclosure and ending on the date of this disclosure, to the campaign committees of any of the following Nassau County elected officials or to the campaign committees of any candidates for any of the following Nassau County elected offices: the County Executive, the County Clerk, the Comptroller, the District Attorney, or any County Legislator?

YES NO If yes, to what campaign committee?

2. VERIFICATION: This section must be signed by a principal of the consultant, contractor or Vendor authorized as a signatory of the firm for the purpose of executing Contracts.

The undersigned affirms and so swears that he/she has read and understood the foregoing statements and they are, to his/her knowledge, true and accurate.

The undersigned further certifies and affirms that the contribution(s) to the campaign committees identified above were made freely and without duress, threat or any promise of a governmental benefit or in exchange for any benefit or remuneration.

Electronically signed and certified at the date and time indicated by:
Barry Dilks [BARRY.DILKS@LEONARDOCOMPANY-US.COM]

Title: VP Finance

Business History Form

The contract shall be awarded to the responsible proposer who, at the discretion of the County, taking into consideration the reliability of the proposer and the capacity of the proposer to perform the services required by the County, offers the best value to the County and who will best promote the public interest.

In addition to the submission of proposals, each proposer shall complete and submit this questionnaire. The questionnaire shall be filled out by the owner of a sole proprietorship or by an authorized representative of the firm, corporation or partnership submitting the Proposal.

NOTE: All questions require a response, even if response is "none" or "not-applicable." No blanks.

(USE ADDITIONAL SHEETS IF NECESSARY TO FULLY ANSWER THE FOLLOWING QUESTIONS).

Date: 08/02/2021

1) Proposer's Legal Name: Selex ES Inc.

2) Address of Place of Business: 4221 Tudor Lane

City: Greensboro State/Province/Territory: NC Zip/Postal Code: 27410

Country: US

Address: 205 H. Creek Ridge Road

City: Greensboro State/Province/Territory: NC Zip/Postal Code: 27406

Country: US

Start Date: 26-SEP-07 End Date: 14-JUL-17

3) Mailing Address (if different): _____

City: _____ State/Province/Territory: _____ Zip/Postal Code: _____

Country: _____

Phone: (336) 379-7135

Does the business own or rent its facilities? Rent _____ If other, please provide details: _____

4) Dun and Bradstreet number: 198749777

5) Federal I.D. Number: ██████████

6) The proposer is a: Corporation (Describe) _____

7) Does this business share office space, staff, or equipment expenses with any other business?

YES NO If yes, please provide details: _____

8) Does this business control one or more other businesses?

YES NO If yes, please provide details:

- 9) Does this business have one or more affiliates, and/or is it a subsidiary of, or controlled by, any other business?
YES NO If yes, please provide details:

Selex ES Inc. is a subsidiary of Leonardo SpA, based in Rome, Italy. Selex operates as a separate line of business and entity, and Leonardo will not take part in the performance of this contract.

- 10) Has the proposer ever had a bond or surety cancelled or forfeited, or a contract with Nassau County or any other government entity terminated?

YES NO If yes, state the name of bonding agency, (if a bond), date, amount of bond and reason for such cancellation or forfeiture: or details regarding the termination (if a contract).

- 11) Has the proposer, during the past seven years, been declared bankrupt?

YES NO If yes, state date, court jurisdiction, amount of liabilities and amount of assets

- 12) In the past five years, has this business and/or any of its owners and/or officers and/or any affiliated business, been the subject of a criminal investigation and/or a civil anti-trust investigation by any federal, state or local prosecuting or investigative agency? And/or, in the past 5 years, have any owner and/or officer of any affiliated business been the subject of a criminal investigation and/or a civil anti-trust investigation by any federal, state or local prosecuting or investigative agency, where such investigation was related to activities performed at, for, or on behalf of an affiliated business.

YES NO If yes, provide details for each such investigation, an explanation of the circumstances and corrective action taken.

- 13) In the past 5 years, has this business and/or any of its owners and/or officers and/or any affiliated business been the subject of an investigation by any government agency, including but not limited to federal, state and local regulatory agencies? And/or, in the past 5 years, has any owner and/or officer of an affiliated business been the subject of an investigation by any government agency, including but not limited to federal, state and local regulatory agencies, for matters pertaining to that individual's position at or relationship to an affiliated business.

YES NO If yes, provide details for each such investigation, an explanation of the circumstances and corrective action taken.

- 14) Has any current or former director, owner or officer or managerial employee of this business had, either before or during such person's employment, or since such employment if the charges pertained to events that allegedly occurred during the time of employment by the submitting business, and allegedly related to the conduct of that business:

a) Any felony charge pending?

YES NO If yes, provide details for each such investigation, an explanation of the circumstances and corrective action taken.

b) Any misdemeanor charge pending?

YES NO If yes, provide details for each such investigation, an explanation of the circumstances and corrective action taken.

c) In the past 10 years, you been convicted, after trial or by plea, of any felony and/or any other crime, an element of which relates to truthfulness or the underlying facts of which related to the conduct of business?

YES NO If yes, provide details for each such investigation, an explanation of the circumstances and corrective action taken.

d) In the past 5 years, been convicted, after trial or by plea, of a misdemeanor?

YES NO If yes, provide details for each such investigation, an explanation of the circumstances and corrective action taken.

e) In the past 5 years, been found in violation of any administrative, statutory, or regulatory provisions?

YES NO If yes, provide details for each such investigation, an explanation of the circumstances and corrective action taken.

15) In the past (5) years, has this business or any of its owners or officers, or any other affiliated business had any sanction imposed as a result of judicial or administrative proceedings with respect to any professional license held?

YES NO If yes, provide details for each such investigation, an explanation of the circumstances and corrective action taken.

16) For the past (5) tax years, has this business failed to file any required tax returns or failed to pay any applicable federal, state or local taxes or other assessed charges, including but not limited to water and sewer charges?

YES NO If yes, provide details for each such year. Provide a detailed response to all questions checked 'YES'. If you need more space, photocopy the appropriate page and attach it to the questionnaire.

17) Conflict of Interest:

a) Please disclose any conflicts of interest as outlined below. NOTE: If no conflicts exist, please expressly state "No conflict exists."

(i) Any material financial relationships that your firm or any firm employee has that may create a conflict of interest or the appearance of a conflict of interest in acting on behalf of Nassau County.

No conflict exists.

(ii) Any family relationship that any employee of your firm has with any County public servant that may create a conflict of interest or the appearance of a conflict of interest in acting on behalf of Nassau

County.

No conflict exists

(iii) Any other matter that your firm believes may create a conflict of interest or the appearance of a conflict of interest in acting on behalf of Nassau County.

No conflict exists.

b) Please describe any procedures your firm has, or would adopt, to assure the County that a conflict of interest would not exist for your firm in the future.

Current procedure is for single points of contact for Sales and Contract Management to review potential conflicts and relevant obligations prior to contract execution.

A. Include a resume or detailed description of the Proposer's professional qualifications, demonstrating extensive experience in your profession. Any prior similar experiences, and the results of these experiences, must be identified.

Have you previously uploaded the below information under in the Document Vault?

YES NO

Is the proposer an individual?

YES NO Should the proposer be other than an individual, the Proposal MUST include:

i) Date of formation;

06/11/2001

ii) Name, addresses, and position of all persons having a financial interest in the company, including shareholders, members, general or limited partner. If none, explain.

Willem Nieuwkerk, CEO

[REDACTED]

Jason Laquatra, President and General Manager

Selex ES Inc. a Leonardo Company

Selex ES Inc. (Selex), is the legal subsidiary of the fully owned Leonardo Company. ELSAG is the product branding for our automatic license plate recognition (ALPR) systems. Selex manufactures the ELSAG MPH-900 LPR systems and its propriety software. Selex ALPR systems are manufactured in Greensboro, NC along with our help desk headquarters out of Greensboro, NC. Selex's local technicians are hired and trained to be onsite for technical support. A. Relevant Experience:

#1 Lower Manhattan Security Initiative (LMSI)

Population: 8.3 million

Implementation Date: May 2008

Duration: Major installation was completed in 12 months, ELASG continues to manage and add systems as required by LMSI each year.

Products: MPH-900 and FPH-900

The New York City Police Department (NYPD) Lower Manhattan Security Initiative (LMSI) is a city-wide security program intended to increase surveillance and security in New York City (NYC) funded by the Department of Homeland Security (DHS). The LMSI is based on integration of counterterrorism technologies, including closed circuit televisions (CCTVs); chemical, biological, radiological, and nuclear detectors; street barriers; and license plate readers (LPRs). Selex was chosen to develop a large-scale LPR system, including mobile and fixed LPRs, which was integrated into the current NYPD's Information infrastructure. Selex worked closely with the NYPD and the associate contractors to ensure that multiple independent solutions work seamlessly and simultaneously within a single management and control infrastructure.

Selex provided 30 vehicle-based LPR systems and 86 fixed LPR systems located throughout Lower Manhattan. The cameras are connected to a set of local field control units that store and manage data and include automated communication capabilities continually exchanging data with central servers. The vehicle-based LPR and fixed LPR systems are integrated into a single collection, query, and reporting system tied to a custom set of alarms.

Selex was required to install LPR system in a complex urban infrastructure. To install fixed camera units, Selex had to replace many light poles and associated subterranean ballast blocks. Selex coordinated with the New York State Department of Transportation (DOT), NYC DOT, utilities, unions, licensed contractors, and other regulatory and law enforcement agencies in the city. Selex also conducted site surveys on the Brooklyn Bridge, Battery Tunnel, and other historic sites throughout NYC, as required, to meet contract requirements.

Relevancy of Work Performed

- Successful deployment and integration of Fixed Lane Dual Use and Mobile LPR systems into a larger network.
- Site surveys and site design documentation
- Central management and monitoring capability for data storage and analysis ➤ Follow-on warranty and customer support services

Demonstrated Quality of Work

- Integrated system seamlessly into existing security monitoring network
- System design allowed information sharing with other local and Federal agencies
- All components/systems installed on time and within budget
- All components/system elements passed comprehensive acceptance

#2 National Capital Region Project

Population: 6 million

Implementation Date: October 2010

Duration: Major installation was completed in 6 months, ELASG continues to manage and add systems as required by NCR

Products: MPH-900 and FPH-900

An initiative of the US Department of Homeland Security, the National Capital Region Project is a 31 agency multi- jurisdictional security project surrounding the nation’s Capital. These agencies include all municipalities of the following areas:

- The City of Alexandria
- Arlington County
- The District of Columbia
- Fairfax County
- Loudoun County
- Montgomery County
- Prince George's County
- Prince William County

Selex was contracted to deploy both mobile and fixed cameras throughout the geographic landscape of the jurisdictions. In total, over 100 fixed cameras have been installed in MD/DC/VA and 180 more will be complete by the end of 2011. Servers at each jurisdiction are networked together via NCRNet, a fiber connection between jurisdictions. Statewide servers are in place with Maryland State Police with over 100 cameras reporting to the Maryland Crime Analysis Center and soon Virginia State Police will have a similarly configured statewide server. The Maryland Governors' Office supported the purchase of

additional fixed systems for the University of Maryland and BWI Airport as a result of the success of NCR.

Relevancy of Work Performed

- Successful deployment and integration of Fixed Systems into a larger network involving 31 jurisdictions.
- Site surveys and site design documentation
- Central management and monitoring capability for data storage and analysis ➤ Follow-on warranty and customer support services

Demonstrated Quality of Work

- Integrated system seamlessly into existing security monitoring network
- System design allowed information sharing with other local and Federal agencies
- All components/systems installed on time and within budget
- All components/system elements passed comprehensive acceptance

#3 New York Division of Criminal Justice Services State Wide License Plate Reader (LPR) Program

Population: 20 million

Implementation Date: 2008, 2009, 2010

Duration: Three years, three individual rounds of purchases

Products: MPH-900 and FPH-900

Selex deployed a wide range of mobile and fixed LPR cameras, including magnetic/transportable units, permanently installed units, fixed cameras, and covert units, across New York State for the New York

State Division of Criminal Justice Services (NYS DCJS). Selex deployed mobile LPRs throughout the state to a diverse group of law enforcement agencies in a coordinated effort to combat vehicular crime and promote highway safety. Over 300 agencies in New York, including the largest police department in the world (NYPD), every County Sheriff's Office, every agency in high drug and auto crime areas, probation offices, and even small towns along drug routes, have received LPRs in a coordinated program to reduce crime, improve officer safety and ensure compliance with traffic and insurance laws.

Every square foot of New York State is covered by an agency with an LPR unit. The implementation is so broad that on a typical drive across the state, a vehicle can easily come across a plate reader-equipped police car five or more times. The units are deployed in the local department's vehicle using the existing PC/laptop and integrated into their local systems. Data is distributed state-wide using existing infrastructure. The units use a state-specific set of alarm classes including stolen vehicles, stolen plates, wanted persons, suspended registrations, registered sex offenders, immigration violators, and individuals on supervised release. This data further improves officer safety by providing important information in advance of a traffic stop.

Relevancy of Work Performed

- Large scale deployment of LPR systems, integrated into an information network that allows data collection, storage, and analyses in support of criminal justice organization
- Site surveys, site design documentation, installation, and integration with legacy components
- On-site training and comprehensive acceptance testing
- Warranty maintenance and follow-on customer support services

Demonstrated Quality of Work

The implementation of this project has had a measurable statewide impact on stolen vehicle recovery rates (down 21 percent), and vehicle and traffic law arrests (up 24 percent). Selex demonstrated an ability to implement an advanced software management system controlling LPR systems/computers in police cars without requiring computer reconfiguration and without interfering with the in-place mobile computer-aided dispatch system or records management systems. System software operates in a wide range of communication infrastructures, firewalls, and networks across the state.

#4 New York State Police

Population: 20 million

Implementation Date: October 2005

Technology Update: June 2013

Duration: Major installation was completed within 6 months, ELASG continues to manage and add systems as required by NYSP

Products: MPH-900

Selex implemented a state-wide mobile License Plate Reader (LPR) system for the New York State Police (NYSP), resulting in the deployment of 100 mobile LPR units. Selex provided equipment, installation and follow-on support, integration engineering services, training, and integration of LPR systems into diverse networks.

Selex installed the LPRs in patrol and unmarked vehicles across the state and the systems are tied to a central data distribution and collection system. Cameras and processors were carefully mounted in the trunk to maximize trunk space and safety. Selex worked with the NYSP Fleet Managers to integrate the installation process into the existing workflow for new vehicles. Each step in the installation process was reviewed to ensure minimal impact on the vehicle availability.

Selex integrated the LPR 2-way data flow directly into the existing automated processes of the NYSP's current system (TraCs CAD and RMS), minimizing the impact on the police's standard shift procedures. NYSP continues to see outstanding LPR results daily and is a model for efficient and effective LPR implementation on a widely distributed geographic force.

In June of 2013, NYSP added an additional 40 mobile camera systems, fixed cameras at three sites, and upgraded their back-office system to the newest release to EOC. In 2016, NYSP added 75 additional mobile units to their fleet and installed quarterly through 2017.

Relevancy of Work Performed

- Deployed and integrated 100 Mobile LPR systems within an existing state-wide communications network, similar in size and scope to the CBP LPR system
- Site surveys and site designs, component/system installation, on-site systems integration ➤ Customized interfaces into existing FBI data flow and data transmission infrastructure.
- On-site training and formal acceptance testing
- Follow-on warranty maintenance and support services

Demonstrated Quality of Work

- This fixed-price contract was completed on time and within budget.
- Systems and components passed acceptance testing and are in use today. The project provided a dramatic and measurable increase in law enforcement effectiveness through a focused LPR

enabled capability, resulting in hundreds of stolen vehicle recoveries and a measurable reduction in suspended registrations and uninsured vehicle operation.

- In 2008 alone, the system was credited with direct responsibility for more than 16,000 VTL arrests, 70 felony convictions, and 77 additional wanted person apprehensions.

NYSP continues to expand the program and has repeatedly called on Selex support strategic and tactical planning efforts for patrol and special operations. Selex also developed covert models and approaches that have improved police safety and resulted in high profile convictions

- i) Date of Formation 1991

6. Has any governmental entity awarded any contracts to a business or organization listed in Section 5 in the past 3 years while you were a principal owner or officer?
YES NO If Yes, provide details.

NOTE: An affirmative answer is required below whether the sanction arose automatically, by operation of law, or as a result of any action taken by a government agency. Provide a detailed response to all questions checked "YES". If you need more space, photocopy the appropriate page and attach it to the questionnaire.

7. In the past (5) years, have you and/or any affiliated businesses or not-for-profit organizations listed in Section 5 in which you have been a principal owner or officer:
- a. Been debarred by any government agency from entering into contracts with that agency?
YES NO If yes, provide an explanation of the circumstances and corrective action taken.

- b. Been declared in default and/or terminated for cause on any contract, and/or had any contracts cancelled for cause?
YES NO If yes, provide an explanation of the circumstances and corrective action taken.

- c. Been denied the award of a contract and/or the opportunity to bid on a contract, including, but not limited to, failure to meet pre-qualification standards?
YES NO If yes, provide an explanation of the circumstances and corrective action taken.

- d. Been suspended by any government agency from entering into any contract with it; and/or is any action pending that could formally debar or otherwise affect such business's ability to bid or propose on contract?
YES NO If yes, provide an explanation of the circumstances and corrective action taken.

8. Have any of the businesses or organizations listed in response to Question 5 filed a bankruptcy petition and/or been the subject of involuntary bankruptcy proceedings during the past 7 years, and/or for any portion of the last 7 year period, been in a state of bankruptcy as a result of bankruptcy proceedings initiated more than 7 years ago and/or is any such business now the subject of any pending bankruptcy proceedings, whenever initiated?

YES NO If 'Yes', provide details for each such instance. (Provide a detailed response to all questions check "Yes". If you need more space, photocopy the appropriate page and attached it to the questionnaire.)

9.

a. Is there any felony charge pending against you?

YES NO If yes, provide an explanation of the circumstances and corrective action taken.

b. Is there any misdemeanor charge pending against you?

YES NO If yes, provide an explanation of the circumstances and corrective action taken.

c. Is there any administrative charge pending against you?

YES NO If yes, provide an explanation of the circumstances and corrective action taken.

d. In the past 10 years, have you been convicted, after trial or by plea, of any felony, or of any other crime, an element of which relates to truthfulness or the underlying facts of which related to the conduct of business? Y

YES NO If yes, provide an explanation of the circumstances and corrective action taken.

e. In the past 5 years, have you been convicted, after trial or by plea, of a misdemeanor?

YES NO If yes, provide an explanation of the circumstances and corrective action taken.

f. In the past 5 years, have you been found in violation of any administrative or statutory charges?

YES NO If yes, provide an explanation of the circumstances and corrective action taken.

10. In addition to the information provided in response to the previous questions, in the past 5 years, have you been the subject of a criminal investigation and/or a civil anti-trust investigation by any federal, state or local prosecuting or investigative agency and/or the subject of an investigation where such investigation was related to activities performed at, for, or on behalf of the submitting business entity and/or an affiliated business listed in response to Question 5?

YES NO If yes, provide an explanation of the circumstances and corrective action taken.

11. In addition to the information provided, in the past 5 years has any business or organization listed in response to Question 5, been the subject of a criminal investigation and/or a civil anti-trust investigation and/or any other type of investigation by any government agency, including but not limited to federal, state, and local regulatory agencies while you were a principal owner or officer?

YES NO If yes, provide an explanation of the circumstances and corrective action taken.

12. In the past 5 years, have you or this business, or any other affiliated business listed in response to Question 5 had any sanction imposed as a result of judicial or administrative proceedings with respect to any professional license held?

YES NO If yes, provide an explanation of the circumstances and corrective action taken.

13. For the past 5 tax years, have you failed to file any required tax returns or failed to pay any applicable federal, state or local taxes or other assessed charges, including but not limited to water and sewer charges?

YES NO If yes, provide an explanation of the circumstances and corrective action taken.

I, Gary Stevens , hereby acknowledge that a materially false statement willfully or fraudulently made in connection with this form may result in rendering the submitting business entity and/or any affiliated entities non-responsible, and, in addition, may subject me to criminal charges.

I, Gary Stevens , hereby certify that I have read and understand all the items contained in this form; that I supplied full and complete answers to each item therein to the best of my knowledge, information and belief; that I will notify the County in writing of any change in circumstances occurring after the submission of this form; and that all information supplied by me is true to the best of my knowledge, information and belief. I understand that the County will rely on the information supplied in this form as additional inducement to enter into a contract with the submitting business entity.

CERTIFICATION

A MATERIALLY FALSE STATEMENT WILLFULLY OR FRAUDULENTLY MADE IN CONNECTION WITH THIS QUESTIONNAIRE MAY RESULT IN RENDERING THE SUBMITTING BUSINESS ENTITY NOT RESPONSIBLE WITH RESPECT TO THE PRESENT BID OR FUTURE BIDS, AND, IN ADDITION, MAY SUBJECT THE PERSON MAKING THE FALSE STATEMENT TO CRIMINAL CHARGES.

COUNTY OF NASSAU

CONSULTANT'S, CONTRACTOR'S AND VENDOR'S DISCLOSURE FORM

1. Name of the Entity: Selex ES Inc.

Address: 4221 Tudor Lane

City: Greensboro State/Province/Territory: NC Zip/Postal Code: 27410

Country: US

2. Entity's Vendor Identification Number: [REDACTED]

3. Type of Business: Closely Held Corp (specify) _____

4. List names and addresses of all principals; that is, all individuals serving on the Board of Directors or comparable body, all partners and limited partners, all corporate officers, all parties of Joint Ventures, and all members and officers of limited liability companies (attach additional sheets if necessary):

1 File(s) uploaded Selex ES Inc. _Officers And Board Members.docx

No principals have been attached to this form.

5. List names and addresses of all shareholders, members, or partners of the firm. If the shareholder is not an individual, list the individual shareholders/partners/members. If a Publicly held Corporation, include a copy of the 10K in lieu of completing this section.

If none, explain.

Selex ES Inc. is wholly owned by Leonardo International SpA.

No shareholders, members, or partners have been attached to this form.

6. List all affiliated and related companies and their relationship to the firm entered on line 1. above (if none, enter "None"). Attach a separate disclosure form for each affiliated or subsidiary company that may take part in the performance of this contract. Such disclosure shall be updated to include affiliated or subsidiary companies not previously disclosed that participate in the performance of the contract.

Selex ES Inc. is a subsidiary of Leonardo SpA based in Rome, Italy. Selex operates as a separate line of business and entity, and Leonardo will not take part in the performance of this contract.

7. List all lobbyists whose services were utilized at any stage in this matter (i.e., pre-bid, bid, post-bid, etc.). If none, enter "None." The term "lobbyist" means any and every person or organization retained, employed or designated by any client to influence - or promote a matter before - Nassau County, its agencies, boards, commissions, department heads, legislators or committees, including but not limited to the Open Space and Parks Advisory Committee and Planning Commission. Such matters include, but are not limited to, requests for proposals, development or improvement of real property subject to County regulation, procurements. The term "lobbyist" does not include any officer, director, trustee, employee, counsel or agent of the County of Nassau, or State of New York, when discharging his or her official duties.

Are there lobbyists involved in this matter?

YES NO

(a) Name, title, business address and telephone number of lobbyist(s):

N/A

(b) Describe lobbying activity of each lobbyist. See below for a complete description of lobbying activities.

N/A

(c) List whether and where the person/organization is registered as a lobbyist (e.g., Nassau County, New York State):

N/A

INTER-DEPARTMENTAL MEMO

DATE: April 21, 2022

TO: Robert Cleary, Chief Procurement & Compliance
Officer

FROM: Police Department

SUBJECT: **COUNTY AMENDMENT NUMBER CLPD22000004**
SELEX ES INC. – DELAY MEMO

This item is an amendment to a contract for services related to the Police Department's license plate reader system. The purpose of the amendment is to extend the original term of the contract for one (1) additional year and increase the maximum amount by \$145,484.75, to pay for extended warranty coverage.

The contract amendment was delayed in order to utilize funding from the County's 2022 budget, which was not available for encumbrance until after the extended term start date. Once the 2022 funding was made available, there was an additional short delay while the contractor updated their vendor disclosure forms (which had expired) and provided current certificates of insurance.

Attorney – Legal Bureau

AMENDMENT NO. 2

AMENDMENT (together with any appendices or exhibits hereto, this "Amendment") dated as of the date that this Amendment is executed by Nassau County (the "Effective Date"), between (i) Nassau County, a municipal corporation having its principal office at 1550 Franklin Avenue, Mineola, New York 11501 (the "County"), acting for and on behalf of the Nassau County Police Department, having its principal office at 1490 Franklin Avenue, Mineola, New York, 11501 (the "Department") and (ii) Selex ES Inc., d/b/a ELSAG, a North Carolina corporation authorized to do business in the State of New York, having its principal office at 205 H Creek Ridge Road, Greensboro, NC 27406 (the "Contractor").

WITNESSETH:

WHEREAS, pursuant to County contract number COPD16000001 between the County and the Contractor, executed on behalf of the County on January 25, 2016, as amended by amendment one (1), County contract amendment number CLPD17000005, executed on behalf of the County on May 24, 2017 (the "Original Agreement"), the Contractor performs license plate recognition ("LPR") support and maintenance services, which are more fully described in the Original Agreement (the services contemplated by the Original Agreement, the "Services"); and

WHEREAS, the term of the Original Agreement was from August 1, 2015 until July 31, 2018, unless sooner terminated in accordance with the provisions of such agreement, provided, however, that the County may renew the Original Agreement under the same terms and conditions for two (2) additional one (1) year periods (the "Term"); and

WHEREAS, the Maximum Amount that the County agreed to reimburse the Contractor for Services under the Original Agreement was not to exceed Three Hundred Sixty Thousand Four Hundred and Thirty-Nine Dollars (\$360,439.00) (the "Maximum Amount"); and

WHEREAS, the Department is desirous of amending the Original Agreement to extend the Original Term, add certain services and increase the Maximum Amount; and

NOW, THEREFORE, in consideration of the promises and mutual covenants contained in this Amendment, the parties agree as follows:

1. Term. The Term of the Original Agreement shall be extended by three (3) years, so that the termination date of the Original Agreement, as amended by this Amendment (the "Amended Agreement"), shall be July 31, 2021.

2. Services. Paragraph 2 of the Original Agreement is amended to expand the Services to include costs for extended warranty coverage as described in the Statement of Work attached herein as "Appendix C" and made a part hereof.

3. Maximum Amount. (a)(i) The Maximum Amount in the Original Agreement shall be increased by **Four Hundred Sixty Thousand Two Hundred Ninety-nine Dollars (\$460,299.00)** (“Amendment 2 Maximum Amount”), so that the maximum amount that the County shall pay to the Contractor as full consideration for all Services provided under the Amended Agreement shall be **Eight Hundred Twenty Thousand Seven Hundred Thirty-eight Dollars (\$820,738.00)** (“Amended Maximum Amount”). (ii) The increase under this Amendment 2 shall be payable for warranty terms as follows:

- **Warranty Year 8/1/2018 – 7/31/2019 \$153,433.00**
- **Warranty Year 8/1/2019 – 7/31/2020 \$153,433.00**
- **Warranty Year 8/1/2020 – 7/31/2021 \$153,433.00**

(b) The Contractor acknowledges that the County will partially encumber funds to be applied toward the Amendment 2 Maximum Amount throughout the term of this Agreement. The Contractor further acknowledges that the first encumbrance shall be **One Hundred Fifty-three Thousand Four Hundred Thirty-three Dollars (\$153,433.00)** for Warranty Year term 8/1/2018 – 7/31/2019 set forth in paragraph 3(a)(ii) above. Thereafter, the Department shall notify the Contractor of the availability of additional monies, which written notice shall include the amount encumbered. Such notification shall serve as notice to proceed.

4. Compliance with Law. *The following sections shall be added to the Original Agreement Section 6 “Compliance with Law:*

(i) Prohibition of Gifts. In accordance with County Executive Order 2-2018, the Contractor shall not offer, give, or agree to give anything of value to any County employee, agent, consultant, construction manager, or other person or firm representing the County (a “County Representative”), including members of a County Representative’s immediate family, in connection with the performance by such County Representative of duties involving transactions with the Contractor on behalf of the County, whether such duties are related to this Agreement or any other County contract or matter. As used herein, “anything of value” shall include, but not be limited to, meals, holiday gifts, holiday baskets, gift cards, tickets to golf outings, tickets to sporting events, currency of any kind, or any other gifts, gratuities, favorable opportunities or preferences. For purposes of this subsection, an immediate family member shall include a spouse, child, parent, or sibling. The Contractor shall include the provisions of this subsection in each subcontract entered into under this Agreement.

(j) Disclosure of Conflicts of Interest. In accordance with County Executive Order 2-2018, the Contractor has disclosed as part of its response to the County’s Business History Form, or other disclosure form(s), any and all instances where the Contractor employs any spouse, child, or parent of a County employee of the agency or department that contracted or procured the goods and/or services described under this Agreement. The Contractor shall have a continuing obligation, as circumstances arise, to update this disclosure throughout the term of this Agreement.

5. Full Force and Effect. All terms and conditions of the Original Agreement not expressly amended by this Amendment shall remain in full force and effect and govern the relationship of the parties for the term of the Amended Agreement.

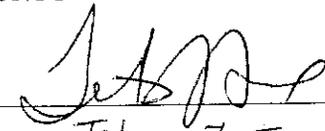

[Remainder of Page Left Intentionally Blank.]

IN WITNESS WHEREOF, the parties have executed this Amendment as of the Effective Date.

Statement of Work

Section 1.0

Selex ES Inc. (Selex), Nassau County, NY, on behalf of the Nassau County Police Department (NCPD, or Customer), have agreed to renew the current Contract for Services, expiring July 31, 2018, for another three-years of coverage ending on July 31, 2021. The Statement of Work describes this Extended Warranty coverage and related services provided by Selex during this term of coverage.

This Statement of Work (SOW) serves as an addendum to the Selex Extended Warranty Terms and Conditions (Standard Warranty), the terms of which are incorporated herein as Standard Warranty Document. For any conflict in terms, this Statement of Work shall take precedence over the Standard Warranty.

The services in this SOW reflect two types of Warranty coverage: full warranty for most of the ALPR systems as listed in Attachment A, and software-only coverage for those Puma legacy systems as listed. The full warranty includes all repairs and replacements on hardware plus software, firmware and protocol updates and remote 24/7 help desk support. The software only warranty is for software, firmware, and protocol updates, and remote 24/7 help desk support only, and excludes hardware repairs and replacements.

Note that for each new ALPR purchase, a one-year manufacturer's Standard Warranty is included in the price and includes hardware, software and 24/7 Help Desk support, with an option to extended warranty coverage at then-current rates for those systems.

Cost and Payment:

Nassau County Police Department will enter into a Services contract with Selex, with annual payments for Warranty coverage of the ALPR system serial numbers and products as listed in Attachment A.

Selex, ES Inc, a Leonardo Company www.leonardocompany-us.com
4221 Tudor Lane
Greensboro, NC 27410
Main: +1 336-379-7135

The total cost for renewal is \$460,299 with an annual payment amount of \$153,433. The annual payment must be received at the beginning of each year commencing August 1, 2018, or the NCPD will be subject to standard Labor rates for any services provided.

Terms of Coverage:

Warranty coverage as part of this SOW includes repairs and replacements of ALPR hardware (camera and related equipment), software updates, firmware updates and protocol updates. For full warranty terms of coverage see Standard Warranty Document.

Telephone Support and Remote Diagnostics: NCPD has access to the 24/7 Help Desk support line. To ensure that the product is repaired as quickly and efficiently as possible, NCPD must first work cooperatively with Selex Telephone Support to try and repair the ALPR system. Selex may request remote access for troubleshooting which can assist with diagnosing problems. When applicable, NCPD will allow remote access to a Selex Technician.

Hardware Repair and Replacement (for ALPR systems except legacy Puma systems): If defective hardware is identified, NCPD will be provided RGA paperwork to ship the ALPR product to the Selex manufacturing facility. The repair team will work to correct the problem and return the hardware to NCPD as soon as possible.

Personal Computer Replacement: PCs, as a third-party COTS component of many ALPR systems, are not typically covered under the Selex Standard Warranty. However, as part of this Extended Warranty SOW for Nassau County PD, Selex agrees to replace PCs in the systems as listed in Attachment 1, if the ALPR system is malfunctioning due to a PC manufacturing defect. PC repair and replacement will not include issues related to software updates nor general PC performance that is not a direct result of a manufacturing defect. NCPD shall initiate a service ticket, and work with a Selex technician to diagnose PC issues; the Selex technician will determine if a replacement is required.

Software Coverage (for all ALPR systems) Software coverage includes the following:

Software: The Selex software development team actively improves and develops our software to meet customer needs and demands. Car System and EOC updates are released throughout the year as new features are added or software bugs are fixed.

Firmware Updates: Firmware upgrades are similar to software updates, in that they fix bugs, add or remove features, and improve performance; but these updates are directly tied to the hardware device. If a firmware update is released, a warranty customer has access to this update.

Protocol Updates: As new license plates are released within a state, Selex will update the state protocol to ensure plates continue to be read with a high capture and accuracy rate.

Warranty Coverage Exclusions

Replacement of ALPR system cables are excluded from this SOW for Warranty coverage after first year of deployment. This SOW also excludes reinstallation services such as onsite reinstalls of hardware to vehicles, required mounts and cables for reinstalls, software reinstalls, server software reinstalls and removing of gear both fixed and mobile.

All ALPR diagnostics must first be tested by our remote Help Desk support prior to next steps being determined. The Help Desk may request parts to be shipped to the Selex facility for internal diagnostics and repairs.

Reinstalls to new vehicles are also not covered under this contract since each Install requires varying configurations. For example, reinstalls may require new mounts depending on the vehicle type. Also, older model ALPR systems will require new flat camera cables to be compatible with the Ford Taurus and Chevy Caprice. The SUV Explorer requires a new mount that screws into the roof (semi-transportable) and the Tahoe's installs are only compatible with AD3M and Mini Split systems with magnet-based mounts.

These services will be priced in accordance with the Labor rates as listed below. A complete list of all parts that may be required for future purchases outside of the warranty coverage is attached.

Labor:

The onsite Selex technician rate for an uninstall/reinstall is \$640 per vehicle (\$160 per hour – 4 hours).

The onsite technician rate for one full day is \$1,250 (2 vehicles to be reinstalled)

AMENDMENT NO. 1

AMENDMENT, dated as of the date of execution by the County (together with the schedules, appendices, attachments and exhibits if any hereto, this "Amendment"), between (i) Nassau County, a municipal corporation having its principal office at 1550 Franklin Avenue, Mineola, New York 11501 (the "County"), acting for and on behalf of the Nassau County Police Department, having its principal office at 1490 Franklin Avenue, Mineola, New York, 11501 (the "Department") and (ii) Selex ES Inc., d/b/a ELSAG, a North Carolina corporation authorized to do business in the State of New York, having its principal office at 205 H Creek Ridge Road, Greensboro, NC 27406 (the "Contractor").

WITNESSETH:

WHEREAS, pursuant to County contract number COPD16-000001 between the County and the Contractor, executed on behalf of the County on January 25, 2016 (the "Original Agreement"), the Contractor performs license plate recognition ("LPR") support and maintenance services, which are more fully described in the Original Agreement (the services contemplated by the Original Agreement, the "Services"); and

WHEREAS, the term of the Original Agreement commenced upon execution of such agreement by the County and continued for a three (3) year period, unless sooner terminated in accordance with the provisions of such agreement; and

WHEREAS, the Maximum Amount that the County agreed to reimburse the Contractor for Services under the Original Agreement was not to exceed Two Hundred and Forty Thousand, Four Hundred and Thirty Nine Dollars (\$240,439.00) (the "Maximum Amount"); and

WHEREAS, the Department is desirous of amending the agreement to clarify and adjust the term, add certain services and increase the Maximum Amount; and

NOW, THEREFORE, in consideration of the promises and mutual covenants contained in this Amendment, the parties agree as follows:

1. Term. Paragraph 1 of the Original Agreement is amended to read as follows: "This Agreement shall commence on August 1, 2015 and continue for a three (3) year period through July 31, 2018, unless sooner terminated in accordance with the provisions of this Agreement. In addition, the County may renew the agreement under the same terms and conditions for an additional two (2) one (1) year periods."

2. Services. Paragraph 2 of the Original Agreement is amended to expand the services to include costs for non-warranty labor/parts and reinstallation of the LPRs as outlined in Appendix B annexed hereto.

3. Maximum Amount. The Maximum Amount in the Original Agreement shall be increased by **One Hundred Twenty Thousand dollars (\$120,000.00)**, payable for services rendered during the term, so that the Maximum Amount that the County shall pay to the Contractor as full consideration

for all Services provided under the agreement shall be **Three Hundred Sixty Thousand Four Hundred and Thirty Nine Dollars (\$360,439.00)**.

4. Payment. Paragraph 3(a) is amended to read as follows:

“(a) Amount of Consideration. The maximum amount to be paid to the Contractor as full consideration for the Contractor’s Services under this Agreement shall not exceed Three Hundred Sixty Thousand Four Hundred and Thirty Nine Dollars (\$360,439.00) (the “Maximum Amount”) and shall be payable as follows:

- i. three (3) annual payments of Eighty Thousand, One Hundred and Forty-Six Dollars (\$80,146.00) due on August 1 of each year of the contract and commencing on August 1, 2015 for services provided pursuant to Appendix A;
- ii. One Hundred Twenty Thousand Dollars (\$120,000.00) for services payable in accordance with the pricing as outlined in Appendix B; and
- iii. The Contractor acknowledges that the County will partially encumber funds to be applied toward the Maximum Amount throughout the term of this Agreement.

Notwithstanding the foregoing, Contractor shall comply with the Nassau County Comptroller’s bill paying procedures.”

5. Full Force and Effect. All terms and conditions of the Original Agreement not expressly amended by this Amendment shall remain in full force and effect and govern the relationship of the parties for the term of the Amended Agreement.

[Remainder of this page intentionally left blank]

IN WITNESS WHEREOF, the parties have executed this Amendment as of the date first written above.

Reinstall Parts and Non-Warranty Costs

Dear Lieutenant Strigaro,

Pursuant to Maintenance Contract number CQPD16-000001 ELSAG, the ELSAG warranty includes all repairs and replacements on hardware, software, firmware and protocol updates and remote 24/7 help desk support. The Statement of Work, Section A defines all warranty covered labor and parts. Exclusions include cables after year 1, onsite reinstalls of hardware to vehicles, required mounts and cables for reinstalls, software reinstalls, server software reinstalls and removing of gear both fixed and mobile. All LPR diagnostics must first be tested by our remote Help Desk support prior to next steps being determined. The Help Desk may request parts to be shipped to the ELSAG facility for internal diagnostics and repairs.

Reinstalls to a new vehicle will need to be reviewed case by case. Some reinstalls will require new mounts depending on the vehicle type. Older model LPR systems will require new flat camera cables to be compatible with the Ford Taurus and Chevy Caprice. The SUV Explorer requires a new mount that screws into the roof (semi-transportable) and the Tahoe's installs are only compatible with AD3M and Mini Split systems with magnet based mounts. Attachment A is a list of all parts that may be required for future reinstalls, repairs or non-warranty support.

Labor: The onsite ELSAG technician rate for an uninstal/reinstall is \$640 per vehicle (\$160 per hour – 4 hours).

The onsite technician rate for one full day is \$1,250 (2 vehicles to be reinstalled)

Estimated Costs for Mounts and Cables on Reinstalls of Puma, AD3M, Mini Split and M6 Systems

PUMA Perm to Transportable (Sedan)	Part #	Quantity	Unit Price	Total
Transportable Puma Cables	410090	2	\$ 415	\$ 830

CONTRACT FOR SERVICES

THIS AGREEMENT, dated as of the date of execution by the County (together with the schedules, appendices, attachments and exhibits, if any, this "Agreement"), is entered into by and between (i) Nassau County, a municipal corporation having its principal office at 1550 Franklin Avenue, Mineola, New York 11501 (the "County"), acting on behalf of the Nassau County Police Department, having its principal office at 1490 Franklin Avenue, Mineola, New York 11501 (the "Department"), and (ii) Selex ES Inc., d/b/a ELSAG North America LLC ("ELSAG"), authorized to do business in the State of New York, having its principal office at 205 H Creek Ridge Road, Greensboro, NC 27406 (the "Contractor").

W I T N E S S E T H:

WHEREAS, the Contractor is a sole source provider of the Services pursuant to N.Y. G.M.L. § 104-b; and

WHEREAS, this is a personal service contract within the intent and purview of Section 2206 of the County Charter;

WHEREAS, the County desires to hire the Contractor to perform the services described in this Agreement; and

WHEREAS, the Contractor desires to perform the services described in this Agreement.

NOW, THEREFORE, in consideration of the premises and mutual covenants contained in this Agreement, the parties agree as follows:

1. Term. This Agreement shall commence upon execution of this Agreement by the County and continue for a three (3) year period, unless sooner terminated in accordance with the provisions of this Agreement.

2. Services. The services to be provided by the Contractor under this Agreement shall consist of services related to license plate recognition ("LPR"), including but not limited to support and maintenance for the software and hardware related thereto. Such services are described in greater detail in the Statement of Work attached hereto as Appendix A.

3. Payment.

(a) Amount of Consideration. The maximum amount to be paid to the Contractor as full consideration for the Contractor's Services under this Agreement shall not exceed Two Hundred and Forty Thousand, Four Hundred and Thirty Nine Dollars (\$240,439.00) (the "Maximum Amount") and shall be paid in the form of three (3) annual payments of Eighty Thousand, One Hundred and Forty-Six Dollars (\$80,146.00) due on August 1 of each year of the contract and commencing on August 1, 2015. Notwithstanding the foregoing, Contractor shall comply with the Nassau County Comptroller's bill paying procedures.

(b) Vouchers; Voucher Review, Approval and Audit. Payments shall be made to the Contractor in arrears and shall be contingent upon (i) the Contractor submitting a claim voucher (the "Voucher") in a form satisfactory to the County, that (a) states with reasonable specificity the

BT

services provided and the payment requested as consideration for such services, (b) certifies that the services rendered and the payment requested are in accordance with this Agreement, and (c) is accompanied by documentation satisfactory to the County supporting the amount claimed, and (ii) review, approval and audit of the Voucher by the Department and/or the County Comptroller or his or her duly designated representative (the "Comptroller").

(c) Timing of Payment Claims. The Contractor shall submit claims no later than three (3) months following the County's receipt of the services that are the subject of the claim and no more frequently than once a month.

(d) Reimbursement by the Contractor upon Loss of Funding. In addition to any other remedies available to the County, in the event that the County loses funding, including reimbursement, from the State or federal governments for any Services arising out of or in connection with any act or omission of the Contractor or a Contractor Agent (i) the County will have no further obligations to the Contractor under this Agreement and (ii) the Contractor shall pay the County the full amount of lost funds on demand, but not in excess of the amount paid to the Contractor under this Agreement.

(e) No Duplication of Payments. Payments under this Agreement shall not duplicate payments for any work performed or to be performed under other agreements between the Contractor and any funding source including the County.

(f) Payments in Connection with Termination or Notice of Termination. Unless a provision of this Agreement expressly states otherwise, payments to the Contractor following the termination of this Agreement shall not exceed payments made as consideration for services that were (i) performed prior to termination, (ii) authorized by this Agreement to be performed, and (iii) not performed after the Contractor received notice that the County did not desire to receive such services.

4. Independent Contractor. The Contractor is an independent contractor of the County. The Contractor shall not, nor shall any officer, director, employee, servant, agent or independent contractor of the Contractor (a "Contractor Agent"), be (i) deemed a County employee, (ii) commit the County to any obligation, or (iii) hold itself, himself, or herself out as a County employee or Person with the authority to commit the County to any obligation. As used in this Agreement the word "Person" means any individual person, entity (including partnerships, corporations and limited liability companies), and government or political subdivision thereof (including agencies, bureaus, offices and departments thereof).

5. No Arrears or Default. The Contractor is not in arrears to the County upon any debt or contract and it is not in default as surety, contractor, or otherwise upon any obligation to the County, including any obligation to pay taxes to, or perform services for or on behalf of, the County.

6. Compliance with Law.

(a) Generally. The Contractor shall comply with any and all applicable Federal, State and local Laws, including, but not limited to those relating to conflicts of interest, discrimination, a living wage, disclosure of information, and vendor registration, in connection with its performance under this Agreement. In furtherance of the foregoing, the Contractor is bound by and shall comply with the terms of Appendix EE attached hereto and with the County's vendor registration protocol. As used in this Agreement the word "Law" includes any and all statutes, local laws, ordinances, rules, regulations, applicable orders, and/or decrees, as the same may be amended from time to time, enacted, or adopted.

(b) Nassau County Living Wage Law. Pursuant to LL 1-2006, as amended, and to the extent that a waiver has not been obtained in accordance with such law or any rules of the County Executive, the Contractor agrees as follows:

- (i) Contractor shall comply with the applicable requirements of the Living Wage Law, as amended;
- (ii) Failure to comply with the Living Wage Law, as amended, may constitute a material breach of this Agreement, the occurrence of which shall be determined solely by the County. Contractor has the right to cure such breach within thirty (30) days of receipt of notice of breach from the County. In the event that such breach is not timely cured, the County may terminate this Agreement as well as exercise any other rights available to the County under applicable law.
- (iii) It shall be a continuing obligation of the Contractor to inform the County of any material changes in the content of its certification of compliance, attached as Appendix L, and shall provide to the County any information necessary to maintain the certification's accuracy.

(c) Records Access. The parties acknowledge and agree that all records, information, and data ("Information") acquired in connection with performance or administration of this Agreement shall be used and disclosed solely for the purpose of performance and administration of the contract or as required by law. The Contractor shall maintain individual records for each service and/or test conducted and shall be kept and maintained in a confidential manner as described herein. The Contractor acknowledges that Contractor Information in the County's possession may be subject to disclosure under Article 6 of the New York State Public Officer's Law ("Freedom of Information Law" or "FOIL"). In the event that such a request for disclosure is made, the County shall make reasonable efforts to notify the Contractor of such request prior to disclosure of the Information so that the Contractor may take such action as it deems appropriate.

(d) Protection of Confidential Information. The parties further acknowledge that in the course of this Agreement each may have access to and/or be in possession of proprietary or confidential information of the other party. "Confidential Information" shall mean information regarded by the disclosing party as confidential; provided that, information deemed confidential by the disclosing party shall be clearly marked "Confidential", "Restricted" or with another similar legend. Each party agrees to use the Confidential Information of the other party solely for the purposes of this Agreement, and will not disclose such Confidential Information to any third party without the other party's consent. Each party shall maintain the Confidential Information of the other party in confidence using at least the same degree of care as it employs in maintaining in confidence its own proprietary and confidential information, but in no event less than a reasonable degree of care. Provided that, the receiving party shall have met the foregoing standard of care, an inadvertent or accidental disclosure by the receiving party of Confidential Information of the disclosing party shall not constitute a breach hereof.

The foregoing shall not prohibit or limit any party's use of information (including but not limited to ideas, concepts, know-how, techniques and methodologies) (i) previously known to it, (ii) independently developed by it, (iii) acquired by it from a third party without continuing restriction on use, or (iv) which is, or becomes, publicly available through no breach by it of this Agreement. Neither party shall use the Confidential Information of the other party for its own benefit or for the

benefit of any third party, except as expressly permitted in this Agreement. A receiving party also may disclose Confidential Information to the extent required by an order of a court of competent jurisdiction, administrative agency or governmental body, or by any law, rule or regulation, or by court ordered subpoena, summons or other administrative or legal process, or by applicable regulatory or professional standards, or in connection with any judicial or other proceeding involving Contractor and County relating to Contractor's Services for County or this Agreement. The obligation of this paragraph shall survive the termination or expiration of this Agreement.

(e) Protection of Information Obtained in the Course of Performance. Information obtained by the Contractor in the course of performance under this Agreement is the property of the Department and may be disclosed only with the express permission of the Department or as required by law.

(f) Limitation on the Flow of Information. The Contractor shall endeavor to give access to the Confidential Information only to such persons who are either bound by a professional duty of confidentiality or who require knowledge of the information as employees, representatives, agents, authorized persons, advisors, officers, or directors of the respective party for orderly conduct of business of the party concerned. The Contractor shall also require the recipients of the Confidential Information to undertake to keep such Confidential Information secret.

(g.) Non-Disclosure Agreement (NDA). The Contractor and the Contractor's personnel and/or agents are providing Services pursuant to this Agreement shall enter into a County issued NDA prior to commencement of Services.

(h.) The provisions of this section shall survive the termination

7. Minimum Service Standards. Regardless of whether required by Law:

(a) The Contractor shall, and shall cause Contractor Agents to, conduct its, his or her activities in connection with this Agreement so as not to endanger or harm any Person or property.

(b) The Contractor shall deliver services under this Agreement in a professional manner consistent with the best practices of the industry in which the Contractor operates. The Contractor shall take all actions necessary or appropriate to meet the obligation described in the immediately preceding sentence, including obtaining and maintaining, and causing all Contractor Agents to obtain and maintain, all approvals, licenses, and certifications ("Approvals") necessary or appropriate in connection with this Agreement.

8. Warranties

(a) Contractor shall warrant all software and hardware in conformance with the Extended Hardware Warranty and Exclusions annexed hereto as Appendix B.

(b) Contractor warrants and represents full ownership, clear title free of all liens, and/or that Contractor has obtained on behalf of County perpetual license rights set forth herein to use the deliverable (the "Product Warranty"). Contractor shall indemnify County for any loss, damages or actions arising from a breach of this warranty. County may require Contractor to furnish appropriate written documentation establishing the above rights and interests as a condition of payment. County's request or failure to request such documentation shall not relieve Contractor of liability under this warranty.

(b) Contractor warrants and represents that all products or deliverables specified in and furnished by or through Contractor under this Agreement substantially conform to the specifications set forth in the SOWs provided that no modifications, other than modifications contemplated by or consented to by the Contractor, are made to the deliverables or their system environment by any party other than Contractor, and that services will be provided in a workmanlike manner in accordance with industry standards.

(c) Contractor further warrants and represents that Products or deliverables specified and furnished by or through Contractor under the SOW shall individually, and where specified by Contractor to perform as a system, be substantially uninterrupted and error-free in operation and guaranteed against faulty material and workmanship provided that no modifications, other than modifications contemplated by or consented to by the Contractor, are made to the deliverables or their system environment by any party other than Contractor. Defects in the products or deliverables specified and furnished by or through Contractor shall be repaired or replaced by Contractor at no cost or expense to the County.

(d) Contractor shall extend the Project Warranty for individual product(s), or for the system as a whole, if applicable, by the cumulative period(s) of time, after notification, during which an individual product or the system requires servicing or replacement (down time), or is in the possession of the Contractor, its agents, officers, subcontractors, distributors, resellers or employees.

(e) In addition to Contractor's Project Warranty, the County shall have the benefit of all manufacturers' standard commercial warranties for individual deliverables, if any.

(f) Where the manufacturer's warranty term is longer than the Project Warranty period, Contractor shall notify the County and pass through the manufacturer's warranty to County. Contractor shall not be responsible for coordinating services under the manufacturer's warranty after expiration of the Project Warranty Period.

(g) The warranties set forth herein shall survive any termination of the Agreement with respect a SOW in accordance with the stated warranty term(s).

(h) The above warranties do not apply to the extent the problem is caused by misuse, unauthorized modification, unsuitable physical environment, operation in other than the specified operating environment, failure to follow required maintenance by the County or failure caused by a product for which Contractor is not responsible.

(j) Prior to bringing a claim under the warranty the County shall give the Contractor a reasonable amount of time in which to re-perform the Services and/or correct the deliverables to which the claim relates.

(j) In addition to any and all remedies available at law and / or equity, the County shall be entitled to cumulative remedies for the breach of any warranties herein.

9. Indemnification; Defense; Cooperation.

(a) The Contractor shall be solely responsible for and shall indemnify and hold harmless the County, the Department and its officers, employees, and agents (the "Indemnified Parties") from and against any and all liabilities, losses, costs, expenses (including, without limitation, attorneys' fees and disbursements) and damages ("Losses"), arising out of or in connection with any acts or

omissions of the Contractor or a Contractor Agent, regardless of whether due to negligence, fault, or default, including Losses in connection with any threatened investigation, litigation or other proceeding or preparing a defense to or prosecuting the same; provided, however, that the Contractor shall not be responsible for that portion, if any, of a Loss that is caused by the negligence of the County.

(b) The Contractor shall, upon the County's demand and at the County's direction, promptly and diligently defend, at the Contractor's own risk and expense, any and all suits, actions, or proceedings which may be brought or instituted against one or more Indemnified Parties for which the Contractor is responsible under this Section, and, further to the Contractor's indemnification obligations, the Contractor shall pay and satisfy any judgment, decree, loss or settlement in connection therewith.

(c) The Contractor shall, and shall cause Contractor Agents to, cooperate with the County and the Department in connection with the investigation, defense or prosecution of any action, suit or proceeding in connection with this Agreement, including the acts or omissions of the Contractor and/or a Contractor Agent in connection with this Agreement.

(d) The Contractor shall indemnify and hold the County harmless against any and all Losses arising out of or in connection with (i) any breach of warranty by the Contractor, and (ii) any claim for any infringement of intellectual property rights.

(e) The provisions of this Section shall survive the termination of this Agreement.

10. Insurance.

(a) Types and Amounts. The Contractor shall obtain and maintain throughout the term of this Agreement, at its own expense: (i) one or more policies for commercial general liability insurance, which policy(ies) shall name "Nassau County" as an additional insured and have a minimum single combined limit of liability of not less than one million dollars (\$1,000,000) per claim and two million dollars (\$2,000,000) aggregate coverage, (ii) if contracting in whole or part to provide professional services, one or more policies for professional liability insurance, which policy(ies) shall have a minimum single combined limit liability of not less than three (3) million dollars (\$3,000,000) per claim, (iii) compensation insurance for the benefit of the Contractor's employees ("Workers' Compensation Insurance"), which insurance is in compliance with the New York State Workers' Compensation Law, and (iv) such additional insurance as the County may from time to time specify.

(b) Acceptability; Deductibles; Subcontractors. All insurance obtained and maintained by the Contractor pursuant to this Agreement shall be (i) written by one or more commercial insurance carriers licensed to do business in New York State and acceptable to the County, and which is (ii) in form and substance acceptable to the County. The Contractor shall be solely responsible for the payment of all deductibles to which such policies are subject. The Contractor shall require any subcontractor hired in connection with this Agreement to carry insurance with the same limits and provisions required to be carried by the Contractor under this Agreement.

(c) Delivery; Coverage Change; No Inconsistent Action. Prior to the execution of this Agreement, copies of current certificates of insurance evidencing the insurance coverage required by this Agreement shall be delivered to the Department. Not less than thirty (30) days prior to the date of any expiration or renewal of, or actual, proposed or threatened reduction or cancellation of coverage under, any insurance required hereunder, the Contractor shall provide written notice to the

Department of the same and deliver to the Department renewal or replacement certificates of insurance. The Contractor shall cause all insurance to remain in full force and effect throughout the term of this Agreement and shall not take or omit to take any action that would suspend or invalidate any of the required coverages. The failure of the Contractor to maintain Workers' Compensation Insurance shall render this contract void and of no effect. The failure of the Contractor to maintain required coverages shall be deemed a material breach of this Agreement upon which the County reserves the right to consider this Agreement terminated as of the date of such failure.

11. Assignment; Amendment; Waiver; Subcontracting. This Agreement and the rights and obligations hereunder may not be in whole or part (i) assigned, transferred or disposed of, (ii) amended, (iii) waived, or (iv) subcontracted, without the prior written consent of the County Executive or his or her duly designated deputy (the "County Executive"), and any purported assignment, other disposal or modification without such prior written consent shall be null and void. The failure of a party to assert any of its rights under this Agreement, including the right to demand strict performance, shall not constitute a waiver of such rights.

12. Termination.

(a) Generally. This Agreement may be terminated (i) for any reason by the County upon thirty (30) days' written notice to the Contractor, (ii) for "Cause" by the County immediately upon the receipt by the Contractor of written notice of termination, (iii) upon mutual written Agreement of the County and the Contractor, and (iv) in accordance with any other provisions of this Agreement expressly addressing termination.

As used in this Agreement the word "Cause" includes: (i) a breach of this Agreement; (ii) the failure to obtain and maintain in full force and effect all Approvals required for the services described in this Agreement to be legally and professionally rendered; and (iii) the termination or impending termination of federal or state funding for the services to be provided under this Agreement.

(b) By the Contractor. This Agreement may be terminated by the Contractor if performance becomes impracticable through no fault of the Contractor, where the impracticability relates to the Contractor's ability to perform its obligations and not to a judgment as to convenience or the desirability of continued performance. Termination under this subsection shall be effected by the Contractor delivering to the commissioner or other head of the Department (the "Commissioner"), at least sixty (60) days prior to the termination date (or a shorter period if sixty days' notice is impossible), a notice stating (i) that the Contractor is terminating this Agreement in accordance with this subsection, (ii) the date as of which this Agreement will terminate, and (iii) the facts giving rise to the Contractor's right to terminate under this subsection. A copy of the notice given to the Commissioner shall be given to the Deputy County Executive who oversees the administration of the Department (the "Applicable DCE") on the same day that notice is given to the Commissioner.

(c) Contractor Assistance upon Termination. In connection with the termination or impending termination of this Agreement the Contractor shall, regardless of the reason for termination, take all actions reasonably requested by the County (including those set forth in other provisions of this Agreement) to assist the County in transitioning the Contractor's responsibilities under this Agreement. The provisions of this subsection shall survive the termination of this Agreement.

(d) Accounting Upon Termination: (i) Within sixty (60) days of the termination of this Agreement, the Contractor shall provide the Department with a complete accounting up to the date

of termination of all monies received from the County and shall immediately refund to the County any unexpended balance remaining as of the time of termination.

13. Accounting Procedures; Records. The Contractor shall maintain and retain, for a period of six (6) years following the later of termination of or final payment under this Agreement, complete and accurate records, documents, accounts and other evidence, whether maintained electronically or manually ("Records"), pertinent to performance under this Agreement. Records shall be maintained in accordance with Generally Accepted Accounting Principles Such Records shall at all times be available for audit and inspection by the Comptroller, the Department, any other governmental authority with jurisdiction over the provision of services hereunder and/or the payment therefore, and any of their duly designated representatives. The provisions of this Section shall survive the termination of this Agreement.

14. Intellectual Property Rights

(a) Except as noted in Subsection (c) below, upon execution of this Agreement, any documents, data, designs, drawings, photographs and/or any other material provided by the County or compiled by the Contractor for the County pursuant to this Agreement shall remain an exclusive property of the County.

(b) The completed project deliverables as well as all working material shall be the sole property of the County. The Contractor shall not sell or distribute any of these County project deliverables in whole or in part to any third parties. The Contractor, with the expressed written permission of the County, may be allowed to use limited examples of the completed work for marketing or other uses.

(c) Contractor Property or Works. Unless otherwise agreed upon between the parties, Contractor retains all right, title and interest, including all copyrights, patent rights and trade secret rights, in any pre-existing Contractor property or work, including all intellectual property interests therein, that is included -in the training program, except solely the specific modifications made by the County, which modifications shall be owned by the County.

15. Right to Works.

(a) Assignment of Contract Works. Subject to and effective upon payment in full of all Contractor invoices for Services rendered hereunder subject to Section 3, Contractor shall assign to County all copyrights and trade secret rights in the deliverables.

(b) Contractor Property or Works. Contractor retains all right, title and interest, including all copyrights, patent rights and trade secret rights, in any Contractor property or works. Contractor hereby grants to County a non-exclusive, non-transferable, royalty-free, perpetual internal use license to use such Contractor Works that are incorporated into the deliverables. As used in this Agreement, the term "Contractor Works" means any of the following: (i) any software program, algorithm, process, methodology, documentation, report, data, flow diagram, document, or other material owned, generated, or distributed by Contractor prior to or separately from this Agreement; or (ii) any tools or utilities developed by or on behalf of Contractor or used by Contractor.

(c) Third-Party Software. Nothing herein grants to County any license or other right to use any software products of Contractor or any third party not developed specifically for County hereunder. Such rights may be obtained only pursuant to separate written license agreements with Contractor or such third parties.

16. Works Made for Hire.

The Contractor acknowledges that all of the Contractor's works of authorship, and/or other materials created pursuant to this Agreement are works made for hire and the property of the County, including any copyrights, patents, or other intellectual property rights pertaining thereto. If it is determined that any such works are not works made for hire, the Contractor hereby assigns to the County all of the Contractor's right, title, and interest, including all - rights of copyright, patent, and other intellectual property rights, to or in such the Contractor works.

17. Patent/Copyright Claims.

(a) Contractor will indemnify, defend and hold the County harmless, without limitation, from and against any and all damages, expenses (including reasonable attorneys' fees), claims, judgments, liabilities and costs which may be finally assessed against the County in any action for infringement of a United States Letter Patent with respect to the deliverables furnished by Contractor, or of any copyright, trademark, trade secret or other third party proprietary right, provided that the County shall give the Contractor: (i) prompt written notice of any action, claim or threat of infringement suit, or other suit, (ii) the opportunity to defend such action, claim or suit at Contractor's sole expense, and (iii) assistance in the defense of any such action at the expense of Contractor. In addition to the foregoing, the County shall have the right to subrogate any and all claims to the Contractor in any action for infringement of a United States Letter Patent with respect to the deliverables furnished by Contractor, or of any copyright, trademark, trade secret or other third party proprietary right.

(b) In addition to the foregoing, if the use of any item(s) or part(s) thereof shall be enjoined for any reason or if Contractor believes that it may be enjoined, Contractor shall have the right, at its own expense and sole discretion as the County's exclusive remedy to take action in the following order of precedence: (i) to procure for the County the right to continue using such item(s) or part (s) thereof, as applicable; (ii) to modify the component so that it becomes noninfringing equipment of at least equal quality and performance; or (iii) to replace said item(s) or part(s) thereof, as applicable, with non-infringing components of at least equal quality and performance, or (iv) if none of the foregoing is commercially reasonable, then provide monetary compensation to the County up to the dollar amount of the respective SOW.

(c) The foregoing provisions shall not apply to any infringement caused by modification by the County of any tangible or intangible deliverables that is i) not contemplated by Contractor, ii) made without Contractor's approval, or 3) caused by the use of any deliverable with any adjunct device added by the County, unless such use was contemplated or consented to by the Contractor.

(d) In the event that an action at law or equity is concerned against the County arising out of a claim that the County use of a deliverable under this Agreement infringes any patent, copyright or proprietary right and the Contractor is of the opinion that the allegations in such action in whole or in part are not covered by the indemnification and defense provisions set forth in this Agreement, the Contractor shall immediately notify the County in writing and shall specify to what extent the Contractor believes it is obligated to defend and indemnify under the terms and conditions of this Agreement. The Contractor shall in such event protect the interests of the County and secure a continuance to permit the County to appear and defend its interests in cooperation with the Contractor as is appropriate, including any jurisdictional defenses the County may have.

18. Compliance with Security and Confidentiality Requirements.

Contractor agrees to abide by all policies and procedures of the County and to comply with all reasonably non-invasive security requirements of the County particularly in its use of computer facilities. and shall not provide access or divulge to third parties any information or materials acquired during performance of services under this contract unless such information is a) previously known by Contractor; b) generally available to the public; c) subsequently disclosed to Contractor by a third party who is not under an obligation of confidentiality with the County; or d) independently developed by Contractor. Contractor shall inform its employees of the requirements of this paragraph and shall enforce compliance with these requirements by its employees. The Contractor firm or sub-contractors engaged in a project as a result of this contract may be required to sign a statement of confidentiality prior to each project. The County may impose security requirements depending on the nature of the individual projects initiated.

19. Defective Performance/Temporary Incapacity of Contractor.

During the contract period, should it become evident that the Contractor cannot meet the terms of the Agreement, or should the Contractor be substantially behind in meeting the work plan schedule for the project, or should Contractor suffer any temporary incapacity which renders it unable to resume work, and where the Contractor has been offered an opportunity to cure its default within a reasonable time as specified by the County, but not to exceed thirty (30) days, and the Contractor has failed to remedy such default, the County reserves the right to terminate or cancel the project/SOW in whole or in part immediately upon written notice to the Contractor. Such action shall not give rise to any action on behalf of Contractor for loss of future profits or future remuneration of any kind.

20. Limitations on Actions and Special Proceedings against the County. No action or special proceeding shall lie or be prosecuted or maintained against the County upon any claims arising out of or in connection with this Agreement unless:

(a) Notice. At least thirty (30) days prior to seeking relief the Contractor shall have presented the demand or claim(s) upon which such action or special proceeding is based in writing to the Applicable DCE for adjustment and the County shall have neglected or refused to make an adjustment or payment on the demand or claim for thirty (30) days after presentment. The Contractor shall send or deliver copies of the documents presented to the Applicable DCE under this Section to each of (i) the Department and the (ii) the County Attorney (at the address specified above for the County) on the same day that documents are sent or delivered to the Applicable DCE. The complaint or necessary moving papers of the Contractor shall allege that the above-described actions and inactions preceded the Contractor's action or special proceeding against the County.

(b) Time Limitation. Such action or special proceeding is commenced within the earlier of (i) one (1) year of the first to occur of (A) final payment under or the termination of this Agreement, and (B) the accrual of the cause of action, and (ii) the time specified in any other provision of this Agreement.

21. Work Performance Liability. The Contractor is and shall remain primarily liable for the successful completion of all work in accordance this Agreement irrespective of whether the Contractor is using a Contractor Agent to perform some or all of the work contemplated by this Agreement, and irrespective of whether the use of such Contractor Agent has been

approved by the County.

22. Consent to Jurisdiction and Venue; Governing Law. Unless otherwise specified in this Agreement or required by Law, exclusive original jurisdiction for all claims or actions with respect to this Agreement shall be in the Supreme Court in Nassau County in New York State and the parties expressly waive any objections to the same on any grounds, including venue and forum non conveniens. This Agreement is intended as a contract under, and shall be governed and construed in accordance with, the Laws of New York State, without regard to the conflict of laws provisions thereof.

23. Notices. Any notice, request, demand or other communication required to be given or made in connection with this Agreement shall be (a) in writing, (b) delivered or sent (i) by hand delivery, evidenced by a signed, dated receipt, (ii) postage prepaid via certified mail, return receipt requested, or (iii) overnight delivery via a nationally recognized courier service, (c) deemed given or made on the date the delivery receipt was signed by a County employee, three (3) business days after it is mailed or one (1) business day after it is released to a courier service, as applicable, and (d)(i) if to the Department, to the attention of the Commissioner at the address specified above for the Department, (ii) if to an Applicable DCE, to the attention of the Applicable DCE (whose name the Contractor shall obtain from the Department) at the address specified above for the County, (iii) if to the Comptroller, to the attention of the Comptroller at 240 Old Country Road, Mineola, NY 11501, and (iv) if to the Contractor, to the attention of the person who executed this Agreement on behalf of the Contractor at the address specified above for the Contractor, or in each case to such other persons or addresses as shall be designated by written notice.

24. All Legal Provisions Deemed Included; Severability; Supremacy.

(a) Every provision required by Law to be inserted into or referenced by this Agreement is intended to be a part of this Agreement. If any such provision is not inserted or referenced or is not inserted or referenced in correct form then (i) such provision shall be deemed inserted into or referenced by this Agreement for purposes of interpretation and (ii) upon the application of either party this Agreement shall be formally amended to comply strictly with the Law, without prejudice to the rights of either party.

(b) In the event that any provision of this Agreement shall be held to be invalid, illegal or unenforceable, the validity, legality and enforceability of the remaining provisions shall not in any way be affected or impaired thereby.

(c) Unless the application of this subsection will cause a provision required by Law to be excluded from this Agreement, in the event of an actual conflict between the terms and conditions set forth above the signature page to this Agreement and those contained in any schedule, exhibit, appendix, or attachment to this Agreement, the terms and conditions set forth above the signature page shall control. To the extent possible, all the terms of this Agreement should be read together as not conflicting.

(d) Each party has cooperated in the negotiation and preparation of this Agreement. Therefore, in the event that construction of this Agreement occurs, it shall not be construed against either party as drafter.

25. Section and Other Headings. The section and other headings contained in this Agreement are for reference purposes only and shall not affect the meaning or interpretation of this Agreement.

26. Administrative Service Charge. The Contractor agrees to pay the County an administrative service charge of Five Hundred and Thirty-Three Dollars (\$533) for the processing of this Agreement pursuant to Ordinance Number 74-1979, as amended by Ordinance Number 128-2006. The administrative service charge shall be due and payable to the County by the Contractor upon signing this Agreement.

27. Force Majeure: Whenever performance by either party of any of their respective obligations is substantially prevented by reason of any act of God, other industrial or transportation disturbance, fire, floods, riots, acts of enemies, national emergencies or by any other cause not within the reasonable control of such party and not occasioned by its negligence, then such performance shall be excused and the performance of such obligations under this Agreement shall be suspended for the duration of such prevention and for a reasonable time thereafter.

28. Executory Clause. Notwithstanding any other provision of this Agreement:

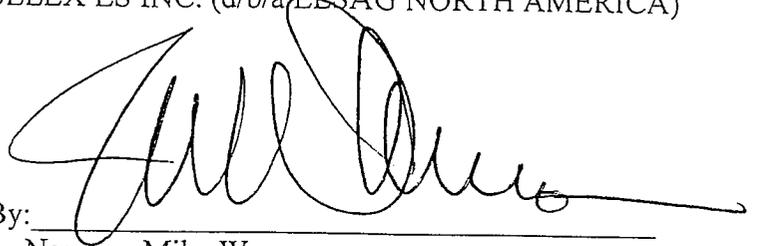

(a) Approval and Execution. The County shall have no liability under this Agreement (including any extension or other modification of this Agreement) to any Person unless (i) all County approvals have been obtained, including, if required, approval by the County Legislature, and (ii) this Agreement has been executed by the County Executive (as defined in this Agreement).

(b) Availability of Funds. The County shall have no liability under this Agreement (including any extension or other modification of this Agreement) to any Person beyond funds appropriated or otherwise lawfully available for this Agreement, and, if any portion of the funds for this Agreement are from the state and/or federal governments, then beyond funds available to the County from the state and/or federal governments.

28. Entire Agreement. This Agreement represents the full and entire understanding and agreement between the parties with regard to the subject matter hereof and supersedes all prior agreements (whether written or oral) of the parties relating to the subject matter of this Agreement.

IN WITNESS WHEREOF, the Contractor and the County have executed this Agreement as of the date first above written.

Appendix A

Statement of Work
ELSAG North America Warranty Coverage

Summary: With each LPR purchase, a one-year manufacturer's warranty is included in the price and includes hardware, software and 24/7 Help Desk support. The sales quote also included line items to purchase additional years of extended warranty which is priced at 10% of the purchase price for year 2, 3 and 4. Without the extended warranty, repairs and replacements are the agency's responsibility. Upon year 5 the warranty price is \$500 per year and covers hardware and software updates and support.

Nassau County Police Department will renew a three year extended warranty contract with ELSAG North America. ELSAG agrees to include hardware coverage in years 5 and beyond for all Nassau County Police Department units. This includes all legacies of equipment and covers hardware repairs, replacements and software updates. Terms of coverage are from August 1, 2015 thru July 31, 2018.

Cost and Payment:

All 61 units will have extended warranty with Terms of Coverage detailed in Section 1.1. Nassau County Police Department will enter into a Services contract with annual payments to ELSAG North America. The list of serial numbers and products are listed in Attachment Section 1.1 of SOW.

The total cost for renewal is \$240,439.00 with an annual payment amount of \$80,146.33. The annual payment must be received at the beginning of each year commencing August 1, 2015.

Terms of Coverage:

Warranty coverage includes repairs and replacements of hardware, software updates, firmware updates and protocol updates. The customer has access to the 24/7 Help Desk support line. For full warranty terms of coverage see Section 1.2 of SOW.

Telephone Support and Remote Diagnostics: To ensure that the product is repaired as quickly and efficiently as possible, customer must first work cooperatively with Telephone Support to try and repair the products. If product contains features that enable ELSAG to diagnose and repair remotely, ELSAG may request the customer to allow such remote access.

Hardware Repairs and Replacements: If defective hardware is identified, the Customer will be provided RGA paperwork to ship product to ELSAG manufacturing facility. The repair team will work to correct problem and return gear to Customer as soon as possible.

The software coverage includes:

Software updates: ELSAG's software development team actively improves and develops our software to keep in line with customer needs and demands. Car System and EOC updates are released throughout the year as new features are added or software bugs are fixed.

Firmware Updates: Firmware upgrades are similar to software updates in that they fix bugs, add or remove features and improve performance, however it is directly tied to the hardware device. If a firmware update is released, a warranty customer has access to this update.

Protocol Updates: As new license plates are released within a state, ELSAG actively works on updating the state protocol to ensure plates are read with a high capture and accuracy rate.

Exclusions to hardware and software warranty coverage:

Onsite Hardware Reinstallation to a new vehicle- \$1,250

Help Desk Remote Software Reinstallations- \$312.50

EOC server reinstallations - \$1,250

Camera Cables beyond year 1 - \$433.92

ELSAG North America is proud to be Nassau County Police Department's primary LPR vendor and we thank you for your business.

Sincerely,

Stephanie Battista
Northeast Field Operations Manager

Appendix B

Section 1.2.

ELSAG NORTH AMERICA, LLC EXTENDED HARDWARE LIMITED WARRANTY COVERAGE

ELSAG North America, LLC ("ELSAG") warrants this ELSAG hardware product against defects in design, materials and workmanship under normal use in accordance with the specifications and documentation for the period designated above ("Warranty Period"). If a hardware defect arises and a valid claim is received within the Warranty Period, at its option and to the extent permitted by law, ELSAG will either (1) repair the hardware defect at no charge, using new or refurbished replacement parts, or (2) exchange the product with a product that is new or which has been manufactured from new or serviceable used parts and is at least functionally equivalent to the original product.

EXCLUSIONS AND LIMITATIONS

ELSAG does not warrant that the operation of the Product will be uninterrupted or error free. ELSAG is not responsible for damage arising from failure to follow instructions relating to the Product's use. This warranty does not apply: (a) to errors or defects caused by persons or entities other than ELSAG, including, without limitation, errors or defects in any third-party software or products and errors or defects caused by modifications to the Product (including upgrades and repairs) by someone other than ELSAG or an ELSAG Authorized Service Provider; (b) to any breach of the Product (camera and trunk box/processing unit) seal by someone other than ELSAG or an ELSAG Authorized Service Provider; (c) to pre-existing conditions in the installation environment or vehicle; (d) to damage from accident, abuse, misuse or introduction of foreign objects into the Product; (e) to unauthorized Product repairs, modifications or alterations; (f) to failure to follow the manufacturer's instructions; (g) to third party actions (i.e., fire, collision, vandalism, theft, etc.); (h) to elements of acts of war or acts of God; (i) to battery leakage or improper use of any electrical source; (j) to cosmetic or structural damage to case or frame of the Product or to any non-operating part including decorative parts; (k) to any damage to the Product covered by an insurance policy (in such a case, this Warranty will cover any applicable deductible, subject to the terms of coverage and exclusions set forth herein); (l) to preventative maintenance; (m) to any damage which is not reported during the Term of this Warranty; (n) to costs associated with the installation, removal or reinstallation of the Product; and (o) to consumable parts, such as batteries, unless damage has occurred due to a defect in materials or workmanship. Items not covered under warranty (but available for purchase) include; camera glass, batteries and any and all cables.

TO THE EXTENT PERMITTED BY LAW, THIS WARRANTY AND REMEDIES SET FORTH ABOVE ARE EXCLUSIVE AND IN LIEU OF ALL OTHER WARRANTIES, REMEDIES AND CONDITIONS, WHETHER ORAL OR WRITTEN, STATUTORY, EXPRESS OR IMPLIED. AS PERMITTED BY APPLICABLE LAW, ELSAG SPECIFICALLY DISCLAIMS ANY AND ALL STATUTORY OR IMPLIED WARRANTIES, INCLUDING, WITHOUT LIMITATION, WARRANTIES OF MERCHANTABILITY,

FITNESS FOR A PARTICULAR PURPOSE AND WARRANTIES AGAINST HIDDEN OR LATENT DEFECTS. IF ELSAG CANNOT LAWFULLY DISCLAIM STATUTORY OR IMPLIED WARRANTIES THEN TO THE EXTENT PERMITTED BY LAW, ALL SUCH WARRANTIES SHALL BE LIMITED IN DURATION TO THE DURATION OF THIS EXPRESS WARRANTY AND TO REPAIR OR REPLACEMENT SERVICE AS DETERMINED BY ELSAG IN ITS SOLE DISCRETION. No ELSAG reseller, agent or employee is authorized to make any modification, extension, or addition to this warranty. If any term is held to be illegal or unenforceable, the legality or enforceability of the remaining terms shall not be affected or impaired.

ELSAG's maximum liability under this Warranty, whether in contract, tort (including negligence or strict liability), or otherwise, shall be the cost of repair or replacement of the affected Products. EXCEPT AS PROVIDED IN THIS WARRANTY AND TO THE EXTENT PROVIDED BY LAW, ELSAG IS NOT RESPONSIBLE FOR ANY DIRECT, INDIRECT, SPECIAL, INCIDENTAL OR CONSEQUENTIAL DAMAGES RESULTING FROM ANY BREACH OF WARRANTY OR CONDITION, OR UNDER ANY OTHER LEGAL THEORY IN CONTRACT, TORT (INCLUDING NEGLIGENCE OR STRICT LIABILITY) OR OTHERWISE, INCLUDING BUT NOT LIMITED TO LOSS OF USE; LOSS OF REVENUE; LOSS OF ACTUAL OR ANTICIPATED PROFITS (INCLUDING LOSS OF PROFITS ON CONTRACTS); LOSS OF THE USE OF MONEY; LOSS OF ANTICIPATED SAVINGS; LOSS OF BUSINESS; LOSS OF OPPORTUNITY; LOSS OF GOODWILL; LOSS OF REPUTATION, WHETHER OR NOT ELSAG IS OR HAS BEEN INFORMED OF THE POSSIBILITY OF SUCH DAMAGES.

Appendix EE
Equal Employment Opportunities for Minorities and Women

The provisions of this Appendix EE are hereby made a part of the document to which it is attached.

The Contractor shall comply with all federal, State and local statutory and constitutional anti-discrimination provisions. In addition, Local Law No. 14-2002, entitled "Participation by Minority Group Members and Women in Nassau County Contracts," governs all County Contracts as defined herein and solicitations for bids or proposals for County Contracts. In accordance with Local Law 14-2002:

(a) The Contractor shall not discriminate against employees or applicants for employment because of race, creed, color, national origin, sex, age, disability or marital status in recruitment, employment, job assignments, promotions, upgradings, demotions, transfers, layoffs, terminations, and rates of pay or other forms of compensation. The Contractor will undertake or continue existing programs related to recruitment, employment, job assignments, promotions, upgradings, transfers, and rates of pay or other forms of compensation to ensure that minority group members and women are afforded equal employment opportunities without discrimination.

(b) At the request of the County contracting agency, the Contractor shall request each employment agency, labor union, or authorized representative of workers with which it has a collective bargaining or other agreement or understanding, to furnish a written statement that such employment agency, union, or representative will not discriminate on the basis of race, creed, color, national origin, sex, age, disability, or marital status and that such employment agency, labor union, or representative will affirmatively cooperate in the implementation of the Contractor's obligations herein.

(c) The Contractor shall state, in all solicitations or advertisements for employees, that, in the performance of the County Contract, all qualified applicants will be afforded equal employment opportunities without discrimination because of race, creed, color, national origin, sex, age, disability or marital status.

(d) The Contractor shall make best efforts to solicit active participation by certified minority or women-owned business enterprises ("Certified M/WBEs") as defined in Section 101 of Local Law No. 14-2002, for the purpose of granting of Subcontracts.

(e) The Contractor shall, in its advertisements and solicitations for Subcontractors, indicate its interest in receiving bids from Certified M/WBEs and the requirement that Subcontractors must be equal opportunity employers.

(f) Contractors must notify and receive approval from the respective Department Head prior to issuing any Subcontracts and, at the time of requesting such authorization, must submit a signed Best Efforts Checklist.

(g) Contractors for projects under the supervision of the County's Department of Public Works shall also submit a utilization plan listing all proposed Subcontractors so that, to the greatest extent feasible, all Subcontractors will be approved prior to commencement of work. Any additions or changes to the list of subcontractors under the utilization plan shall be approved by the Commissioner of the Department of Public Works when made. A copy of the utilization plan any additions or changes thereto

shall be submitted by the Contractor to the Office of Minority Affairs simultaneously with the submission to the Department of Public Works.

(h) At any time after Subcontractor approval has been requested and prior to being granted, the contracting agency may require the Contractor to submit Documentation Demonstrating Best Efforts to Obtain Certified Minority or Women-owned Business Enterprises. In addition, the contracting agency may require the Contractor to submit such documentation at any time after Subcontractor approval when the contracting agency has reasonable cause to believe that the existing Best Efforts Checklist may be inaccurate. Within ten working days (10) of any such request by the contracting agency, the Contractor must submit Documentation.

(i) In the case where a request is made by the contracting agency or a Deputy County Executive acting on behalf of the contracting agency, the Contractor must, within two (2) working days of such request, submit evidence to demonstrate that it employed Best Efforts to obtain Certified M/WBE participation through proper documentation.

(j) Award of a County Contract alone shall not be deemed or interpreted as approval of all Contractor's Subcontracts and Contractor's fulfillment of Best Efforts to obtain participation by Certified M/WBEs.

(k) A Contractor shall maintain Documentation Demonstrating Best Efforts to Obtain Certified Minority or Women-owned Business Enterprises for a period of six (6) years. Failure to maintain such records shall be deemed failure to make Best Efforts to comply with this Appendix EE, evidence of false certification as M/WBE compliant or considered breach of the County Contract.

(l) The Contractor shall be bound by the provisions of Section 109 of Local Law No. 14-2002 providing for enforcement of violations as follows:

- a. Upon receipt by the Executive Director of a complaint from a contracting agency that a County Contractor has failed to comply with the provisions of Local Law No. 14-2002, this Appendix EE or any other contractual provisions included in furtherance of Local Law No. 14-2002, the Executive Director will try to resolve the matter.
- b. If efforts to resolve such matter to the satisfaction of all parties are unsuccessful, the Executive Director shall refer the matter, within thirty days (30) of receipt of the complaint, to the American Arbitration Association for proceeding thereon.
- c. Upon conclusion of the arbitration proceedings, the arbitrator shall submit to the Executive Director his recommendations regarding the imposition of sanctions, fines or penalties. The Executive Director shall either (i) adopt the recommendation of the arbitrator (ii) determine that no sanctions, fines or penalties should be imposed or (iii) modify the recommendation of the arbitrator, provided that such modification shall not expand upon any sanction recommended or impose any new sanction, or increase the amount of any recommended fine or penalty. The Executive Director, within ten days (10) of receipt of the arbitrators award and recommendations, shall file a determination of such matter and shall cause a copy of such determination to be served upon the respondent by personal service or by certified mail return receipt requested. The award of the arbitrator, and the fines and penalties imposed by the Executive Director, shall

be final determinations and may only be vacated or modified as provided in the civil practice law and rules ("CPLR").

(m) The contractor shall provide contracting agency with information regarding all subcontracts awarded under any County Contract, including the amount of compensation paid to each Subcontractor and shall complete all forms provided by the Executive Director or the Department Head relating to subcontractor utilization and efforts to obtain M/WBE participation.

Failure to comply with provisions (a) through (m) above, as ultimately determined by the Executive Director, shall be a material breach of the contract constituting grounds for immediate termination. Once a final determination of failure to comply has been reached by the Executive Director, the determination of whether to terminate a contract shall rest with the Deputy County Executive with oversight responsibility for the contracting agency.

Provisions (a), (b) and (c) shall not be binding upon Contractors or Subcontractors in the performance of work or the provision of services or any other activity that are unrelated, separate, or distinct from the County Contract as expressed by its terms.

The requirements of the provisions (a), (b) and (c) shall not apply to any employment or application for employment outside of this County or solicitations or advertisements therefor or any existing programs of affirmative action regarding employment outside of this County and the effect of contract provisions required by these provisions (a), (b) and (c) shall be so limited.

The Contractor shall include provisions (a), (b) and (c) in every Subcontract in such a manner that these provisions shall be binding upon each Subcontractor as to work in connection with the County Contract.

As used in this Appendix EE the term "Best Efforts Checklist" shall mean a list signed by the Contractor, listing the procedures it has undertaken to procure Subcontractors in accordance with this Appendix EE.

As used in this Appendix EE the term "County Contract" shall mean (i) a written agreement or purchase order instrument, providing for a total expenditure in excess of twenty-five thousand dollars (\$25,000), whereby a County contracting agency is committed to expend or does expend funds in return for labor, services, supplies, equipment, materials or any combination of the foregoing, to be performed for, or rendered or furnished to the County; or (ii) a written agreement in excess of one hundred thousand dollars (\$100,000), whereby a County contracting agency is committed to expend or does expend funds for the acquisition, construction, demolition, replacement, major repair or renovation of real property and improvements thereon. However, the term "County Contract" does not include agreements or orders for the following services: banking services, insurance policies or contracts, or contracts with a County contracting agency for the sale of bonds, notes or other securities.

As used in this Appendix EE the term "County Contractor" means an individual, business enterprise, including sole proprietorship, partnership, corporation, not-for-profit corporation, or any other person or entity other than the County, whether a contractor, licensor, licensee or any other party, that is (i) a party to a County Contract, (ii) a bidder in connection with the award of a County Contract, or (iii) a

proposed party to a County Contract, but shall not include any Subcontractor.

As used in this Appendix EE the term "County Contractor" shall mean a person or firm who will manage and be responsible for an entire contracted project.

As used in this Appendix EE "Documentation Demonstrating Best Efforts to Obtain Certified Minority or Women-owned Business Enterprises" shall include, but is not limited to the following:

- a. Proof of having advertised for bids, where appropriate, in minority publications, trade newspapers/notices and magazines, trade and union publications, and publications of general circulation in Nassau County and surrounding areas or having verbally solicited M/WBEs whom the County Contractor reasonably believed might have the qualifications to do the work. A copy of the advertisement, if used, shall be included to demonstrate that it contained language indicating that the County Contractor welcomed bids and quotes from M/WBE Subcontractors. In addition, proof of the date(s) any such advertisements appeared must be included in the Best Effort Documentation. If verbal solicitation is used, a County Contractor's affidavit with a notary's signature and stamp shall be required as part of the documentation.
- b. Proof of having provided reasonable time for M/WBE Subcontractors to respond to bid opportunities according to industry norms and standards. A chart outlining the schedule/time frame used to obtain bids from M/WBEs is suggested to be included with the Best Effort Documentation
- c. Proof or affidavit of follow-up of telephone calls with potential M/WBE subcontractors encouraging their participation. Telephone logs indicating such action can be included with the Best Effort Documentation
- d. Proof or affidavit that M/WBE Subcontractors were allowed to review bid specifications, blue prints and all other bid/RFP related items at no charge to the M/WBEs, other than reasonable documentation costs incurred by the County Contractor that are passed onto the M/WBE.
- e. Proof or affidavit that sufficient time prior to making award was allowed for M/WBEs to participate effectively, to the extent practicable given the timeframe of the County Contract.
- f. Proof or affidavit that negotiations were held in good faith with interested M/WBEs, and that M/WBEs were not rejected as unqualified or unacceptable without sound business reasons based on (1) a thorough investigation of M/WBE qualifications and capabilities reviewed against industry custom and standards and (2) cost of performance. The basis for rejecting any M/WBE deemed unqualified by the County Contractor shall be included in the Best Effort Documentation
- g. If an M/WBE is rejected based on cost, the County Contractor must submit a list of all sub-bidders for each item of work solicited and their bid prices for the work.
- h. The conditions of performance expected of Subcontractors by the County Contractor must also be included with the Best Effort Documentation

i. County Contractors may include any other type of documentation they feel necessary to further demonstrate their Best Efforts regarding their bid documents.

As used in this Appendix EE the term "Executive Director" shall mean the Executive Director of the Nassau County Office of Minority Affairs; provided, however, that Executive Director shall include a designee of the Executive Director except in the case of final determinations issued pursuant to Section (a) through (l) of these rules.

As used in this Appendix EE the term "Subcontract" shall mean an agreement consisting of part or parts of the contracted work of the County Contractor.

As used in this Appendix EE, the term "Subcontractor" shall mean a person or firm who performs part or parts of the contracted work of a prime contractor providing services, including construction services, to the County pursuant to a county contract. Subcontractor shall include a person or firm that provides labor, professional or other services, materials or supplies to a prime contractor that are necessary for the prime contractor to fulfill its obligations to provide services to the County pursuant to a county contract. Subcontractor shall not include a supplier of materials to a contractor who has contracted to provide goods but no services to the County, nor a supplier of incidental materials to a contractor, such as office supplies, tools and other items of nominal cost that are utilized in the performance of a service contract.

Provisions requiring contractors to retain or submit documentation of best efforts to utilize certified subcontractors and requiring Department head approval prior to subcontracting shall not apply to inter-governmental agreements. In addition, the tracking of expenditures of County dollars by not-for-profit corporations, other municipalities, States, or the federal government is not required.

Appendix L

Certificate of Compliance

In compliance with Local Law 1-2006, as amended (the "Law"), the Contractor hereby certifies the following:

1. The chief executive officer of the Contractor is:

Michael M. Warner (Name)
Selex ES, Inc. 11300 W. 89th, Overland Park, KS 66214 (Address)
913-495-2654 (Telephone Number)

2. The Contractor agrees to either (1) comply with the requirements of the Nassau County Living Wage Law or (2) as applicable, obtain a waiver of the requirements of the Law pursuant to section 9 of the Law. In the event that the contractor does not comply with the requirements of the Law or obtain a waiver of the requirements of the Law, and such contractor establishes to the satisfaction of the Department that at the time of execution of this agreement, it had a reasonable certainty that it would receive such waiver based on the Law and Rules pertaining to waivers, the County will agree to terminate the contract without imposing costs or seeking damages against the Contractor
3. In the past five years, Contractor _____ has X has not been found by a court or a government agency to have violated federal, state, or local laws regulating payment of wages or benefits, labor relations, or occupational safety and health. If a violation has been assessed against the Contractor, describe below:

108

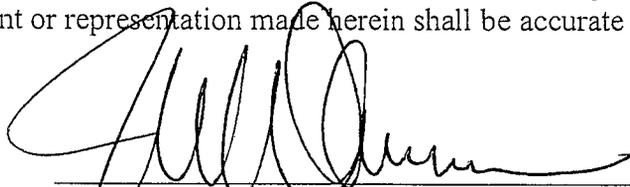

4. In the past five years, an administrative proceeding, investigation, or government body-initiated judicial action _____ has X has not been commenced against or relating to the Contractor in connection with federal, state, or local laws regulating payment of wages or benefits, labor relations, or occupational safety and health. If such a proceeding, action, or investigation has been commenced, describe below:

5. Contractor agrees to permit access to work sites and relevant payroll records by authorized County representatives for the purpose of monitoring compliance with the Living Wage Law and investigating employee complaints of noncompliance.

I hereby certify that I have read the foregoing statement and, to the best of my knowledge and belief, it is true, correct and complete. Any statement or representation made herein shall be accurate and true as of the date stated below.

RULES RESOLUTION NO. – 2022

A RESOLUTION AUTHORIZING THE COUNTY EXECUTIVE TO EXECUTE A PERSONAL SERVICES AGREEMENT BETWEEN THE COUNTY OF NASSAU, ACTING ON BEHALF OF THE OFFICE OF THE NASSAU COUNTY ATTORNEY, AND THE LAW OFFICE OF VINCENT D. MCNAMARA

WHEREAS, the County has negotiated a personal services agreement with the Law Office of Vincent D. McNamara to provide legal services, a copy of which is on file with the Clerk of the Legislature; now, therefore, be it

RESOLVED, that the Rules Committee of the Nassau County Legislature authorizes the County Executive to execute the said agreement with the Law Office of Vincent D. McNamara.

SPECIAL COUNSEL AGREEMENT

THIS AGREEMENT, (together with the schedules, appendices, attachments and exhibits, if any, this "Agreement"), dated as of the date (the "Effective Date") that this Agreement is executed by Nassau County, is entered into by and between (i) Nassau County, a municipal corporation having its principal office at 1550 Franklin Avenue, Mineola, New York 11501 (the "County"), acting for and on behalf of the **Office of the Nassau County Attorney**, having its principal office at One West Street, Mineola, New York 11501 (the "Department"), and (ii) **Law Office of Vincent D. McNamara**, with an office located at 1045 Oyster Bay Road, Suite 1, East Norwich, New York 11732 ("Counsel" or "Contractor").

WITNESSETH:

WHEREAS, pursuant to Nassau County Charter Section 1101, the County Attorney has determined the need for the employment of special counsel; and

WHEREAS, the County desires to hire Counsel to perform the services described in this Agreement; and

WHEREAS, Counsel is eminently qualified and ready to provide the necessary services; and

WHEREAS, Counsel desires to perform the services described in this Agreement.

NOW, THEREFORE, in consideration of the promises and mutual covenants contained in this Agreement, the parties agree as follows:

1. Term. This Agreement shall commence on March 25, 2022, and shall terminate upon the completion of services, as hereinafter described, unless sooner terminated in accordance with the provisions of this Agreement.

2. Services. The services to be provided by Counsel under this Agreement shall consist of representing the County in the case known as Ramsaroop v. County of Nassau, et al., Index No. 604994/2020, a complex medical malpractice case involving allegations that Nassau County Police Medics failed to provide proper emergency care to plaintiff's principal (the "Services"). Services under this Agreement shall include, but not be limited to, motion practice; pre-trial discovery; trial; appeals; and such other Services as may be required to fully represent the County. When providing such Services, Counsel must comply with Nassau County's Litigation Management Guidelines, as may be amended (the "Guidelines"), provided under separate cover and incorporated by reference herein. Except as otherwise provided in this Agreement, such Services shall conclude no earlier than entry of a verdict or a settlement or of a court-order terminating the above-described litigations.

3. Payment. (a) Amount of Consideration. (1) The amount to be paid to Counsel as full consideration for Counsel's Services under this Agreement, including disbursements, shall not exceed the sum of One Hundred Thirty-Two Thousand Five Hundred Dollars (\$132,500.00) ("Maximum Amount"). Compensation for professional services shall be paid at an hourly rate according to the

following fee schedule:

- | | |
|---------------------------|----------|
| (i) Partner: | \$215.00 |
| (ii) Of Counsel: | \$215.00 |
| (iii) Associate: | \$185.00 |
| (iv) Paralegal/Law Clerk: | \$90.00 |

(2) Any appearances before the County Legislature, or any committee thereof for the purpose of the approval of this Agreement or any amendment thereto, are to be construed as part of the fee negotiation and approval process and Counsel agrees that no fee will be charged for any such appearances.

(3) Partial Encumbrance. Counsel acknowledges that the County will partially encumber funds to be applied toward the Maximum Amount throughout the term of this Agreement. Counsel further acknowledges that the initial encumbrance shall be Seventy-Five Thousand Dollars (\$75,000.00). Thereafter, the Department shall notify Counsel of the availability of additional monies, which written notice shall include the amount encumbered. Such notification shall serve as notice to proceed.

(b) Vouchers; Voucher Review, Approval and Audit. Payment shall be made to Counsel in arrears and shall be contingent upon (i) Counsel submitting a claim voucher (the "Voucher") in a form satisfactory to the County, that (a) is accompanied by a contemporaneous record of hours billed stating the person(s) performing the Services and indicating with reasonable specificity, the Services provided and the payment requested in consideration for such Services, or contains a detailed, itemized list of allowable expenses; (b) certifies that the Services rendered and the payment requested are in accordance with this Agreement, and (c) is accompanied by documentation satisfactory to the County supporting the amount claimed, and upon (ii) review, approval and audit of the Voucher by the Department and/or the County Comptroller or his or her duly designated representative (the "Comptroller").

(c) Timing of Payment Claims. Counsel shall submit its claim no later than three (3) months following the County's receipt of the services that are the subject of the claim, and no more frequently than once a month.

(d) Expenses and Disbursement. Counsel shall be compensated within the Maximum Amount for all reasonable expenses and disbursements actually incurred, including but not limited to out-of-pocket disbursements for investigators, trial preparation services, court reporting services, interpreters, and other legitimate expenses in accordance with the Guidelines. Counsel shall obtain prior written approval from the County Attorney or his designee for all non-routine expenses and disbursements as specified in the Guidelines.

(e) No Duplication of Payments. Payments under this Agreement shall not duplicate payments for any work performed or to be performed under other agreements between Counsel and any funding source including the County.

(f) Payments in Connection with Termination or Notice of Termination. Unless a provision of this Agreement expressly states otherwise, payments to Counsel following the termination of this Agreement shall not exceed payments made as consideration for services that were (i) performed prior

to termination, (ii) authorized by this Agreement to be performed, and (iii) not performed after Counsel received notice that the County did not desire to receive such services.

4. Independent Contractor. Counsel is an independent contractor of the County. Counsel shall not, nor shall any officer, director, employee, servant, agent or independent contractor of Counsel (a "Counsel Agent"), be (i) deemed a County employee, (ii) commit the County to any obligation, or (iii) hold itself, himself, or herself out as a County employee or Person with the authority to commit the County to any obligation. As used in this Agreement the word "Person" means any individual person, entity (including partnerships, corporations and limited liability companies), and government or political subdivision thereof (including agencies, bureaus, offices and departments thereof).

5. No Arrears or Default. Counsel is not in arrears to the County upon any debt or contract and it is not in default as surety, contractor, or otherwise upon any obligation to the County, including any obligation to pay taxes to, or perform services for or on behalf of, the County.

6. Compliance with Law. (a) Generally. Counsel shall comply with any and all applicable Federal, State and local Laws, including, but not limited to those relating to conflicts of interest, human rights, a living wage, disclosure of information and vendor registration in connection with its performance under this Agreement. In furtherance of the foregoing, Counsel is bound by and shall comply with the terms of Appendix EE attached hereto and with the County's registration protocol. As used in this Agreement the word "Law" includes any and all statutes, local laws, ordinances, rules, regulations, applicable orders, and/or decrees, as the same may be amended from time to time, enacted, or adopted.

(b) Nassau County Living Wage Law. Pursuant to LL 1-2006, as amended, and to the extent that a waiver has not been obtained in accordance with such law or any rules of the County Executive, Counsel agrees as follows:

- (i) Counsel shall comply with the applicable requirements of the Living Wage Law, as amended.
- (ii) Failure to comply with the Living Wage Law, as amended, may constitute a material breach of this Agreement, the occurrence of which shall be determined solely by the County. Counsel has the right to cure such breach within thirty days of receipt of notice of breach from the County. In the event that such breach is not timely cured, the County may terminate this Agreement as well as exercise any other rights available to the County under applicable law.
- (iii) It shall be a continuing obligation of Counsel to inform the County of any material changes in the content of its certification of compliance, attached to this Agreement as Appendix L, and shall provide to the County any information necessary to maintain the certification's accuracy.

(c) Records Access. The parties acknowledge and agree that all records, information, and data ("Information") acquired in connection with performance or administration of this Agreement remains the sole property of the County and shall be used and disclosed solely for the purpose of performance and administration of the contract or as required by law. Counsel acknowledges that Counsel Information in the County's possession may be subject to disclosure under Article 6 of the New York State Public Officer's Law ("Freedom of Information Law" or "FOIL"). In

the event that such a request for disclosure is made, the County shall make reasonable efforts to notify Counsel of such request prior to disclosure of the Information so that the Counsel may take such action as it deems appropriate.

(d) Prohibition of Gifts. In accordance with County Executive Order 2-2018, Counsel shall not offer, give, or agree to give anything of value to any County employee, agent, consultant, construction manager, or other person or firm representing the County (a "County Representative"), including members of a County Representative's immediate family, in connection with the performance by such County Representative of duties involving transactions with Counsel on behalf of the County, whether such duties are related to this Agreement or any other County contract or matter. As used herein, "anything of value" shall include, but not be limited to, meals, holiday gifts, holiday baskets, gift cards, tickets to golf outings, tickets to sporting events, currency of any kind, or any other gifts, gratuities, favorable opportunities or preferences. For purposes of this subsection, an immediate family member shall include a spouse, child, parent, or sibling. Counsel shall include the provisions of this subsection in each subcontract entered into under this Agreement.

(e) Disclosure of Conflicts of Interest. In accordance with County Executive Order 2-2018, Counsel has disclosed as part of its response to the County's Business History Form, or other disclosure form(s), any and all instances where Counsel employs any spouse, child, or parent of a County employee of the agency or department that contracted or procured the goods and/or services described under this Agreement. Counsel shall have a continuing obligation, as circumstances arise, to update this disclosure throughout the term of this Agreement.

(f) Vendor Code of Ethics. By executing this Agreement, the Contractor hereby certifies and covenants that:

- (i) The Contractor has been provided a copy of the Nassau County Vendor Code of Ethics issued on June 5, 2019, as may be amended from time to time (the "Vendor Code of Ethics"), and will comply with all of its provisions;
- (ii) All of the Contractor's Participating Employees, as such term is defined in the Vendor Code of Ethics (the "Participating Employees"), have been provided a copy of the Vendor Code of Ethics prior to their participation in the underlying procurement;
- (iii) All Participating Employees have completed the acknowledgment required by the Vendor Code of Ethics;
- (iv) The Contractor will retain all of the signed Participating Employee acknowledgements for the period it is required to retain other records pertinent to performance under this Agreement;
- (v) The Contractor will continue to distribute the Vendor Code of Ethics, obtain signed Participating Employee acknowledgments as new Participating Employees are added or changed during the term of this Agreement, and retain such signed acknowledgments for the period the Contractor is required to retain other records pertinent to performance under this Agreement; and
- (vi) The Contractor has obtained the certifications required by the Vendor Code of Ethics from any subcontractors or other lower tier participants who have participated in procurements for work performed under this Agreement.

7. Ownership of Records. All County Information provided to Counsel by the County shall remain the property of the County. All reports, documents or information created by Counsel on behalf of the County shall be deemed the property of the County. Upon the County's request, completion of Services, or termination of this Agreement, all such County Information, reports,

documents or information shall be returned to the County.

8. Service Standards. Regardless of whether required by Law: (a) Counsel shall, and shall cause Counsel Agents to, conduct his or her activities in connection with this Agreement so as not to endanger or harm any Person or property.

(b) Counsel shall deliver Services under this Agreement in a professional manner consistent with the best practices of the legal profession. Counsel shall take all actions necessary or appropriate to meet the obligation described in the immediately preceding sentence, including obtaining and maintaining, and causing all Counsel Agents to obtain and maintain, all approvals, licenses, and certifications ("Approvals") necessary or appropriate in connection with this Agreement.

9. No Conflict Representation. During the term of this Agreement, Counsel shall not represent any party whose interest is or may be adverse to or in conflict with, or whose interest may appear to be adverse to or in conflict with the County, nor shall it commence any action or proceeding, or act as Counsel in any action or proceeding that is adverse to the County or any County officer or employee, without the County's prior written consent.

10. Indemnification; Defense; Cooperation. (a) Counsel shall indemnify, defend and hold harmless the County, the Department and its officers, employees, and agents (the "Indemnified Parties") from and against any and all liabilities arising out of or in connection with performance under this Agreement by Counsel or a Counsel Agent, provided, however, that the Counsel shall not be responsible for that portion, if any, of a Loss that is caused by the negligence of the County.

(b) Counsel shall, upon the County's demand and at the County's direction, promptly and diligently defend, at Counsel's own risk and expense, any and all suits, actions, or proceedings which may be brought or instituted against one or more Indemnified Parties for which Counsel is responsible under this Section, and, further to Counsel's indemnification obligations, Counsel shall pay and satisfy any judgment, decree, loss or settlement in connection therewith.

(c) Counsel shall, and shall cause Counsel Agents to, cooperate with the County and the Department in connection with the investigation, defense or prosecution of any action, suit or proceeding in connection with this Agreement, including the acts or omissions of Counsel and/or a Counsel Agent in connection with this Agreement.

(d) The provisions of this Section shall survive the termination of this Agreement.

11. Insurance. (a) Types and Amounts. Counsel shall obtain and maintain throughout the term of this Agreement, at its own expense: (i) one or more policies for commercial general liability insurance, which policy(ies) shall name "Nassau County" as an additional insured and have a minimum single combined limit of liability of not less than One Million Dollars (\$1,000,000.00) per occurrence and Two Million Dollars (\$2,000,000.00) aggregate coverage, (ii) if contracting in whole or part to provide professional services, one or more policies for professional liability insurance, which policy(ies) shall have a minimum single combined limit of liability of not less than One Million Dollars (\$1,000,000.00) per claim (iii) compensation insurance for the benefit of the Counsel's employees ("Workers' Compensation Insurance"), which insurance is in compliance with the New York State Workers' Compensation Law, and (iv) such additional insurance as the County may from time to time specify.

(b) Acceptability; Deductibles; Subcontractors. All insurance obtained and maintained by Counsel pursuant to this Agreement shall be (i) written by one or more commercial insurance carriers

licensed to do business in New York State and acceptable to the County, and which is (ii) in form and substance acceptable to the County. Counsel shall be solely responsible for the payment of all deductibles to which such policies are subject. Counsel shall require any subcontractor hired in connection with this Agreement to carry insurance with the same limits and provisions required to be carried by Counsel under this Agreement.

(c) Delivery; Coverage Change; No Inconsistent Action. Prior to the execution of this Agreement, copies of current certificates of insurance evidencing the insurance coverage required by this Agreement shall be delivered to the Department. Not less than thirty (30) days prior to the date of any expiration or renewal of, or actual, proposed or threatened reduction or cancellation of coverage under, any insurance required hereunder, Counsel shall provide written notice to the Department of the same and deliver to the Department renewal or replacement certificates of insurance. Counsel shall cause all insurance to remain in full force and effect throughout the term of this Agreement and shall not take or omit to take any action that would suspend or invalidate any of the required coverages. The failure of Counsel to maintain Workers' Compensation Insurance shall render this contract void and of no effect. The failure of Counsel to maintain the other required coverages shall be deemed a material breach of this Agreement upon which the County reserves the right to consider this Agreement terminated as of the date of such failure.

12. Assignment; Amendment; Waiver; Subcontracting. This Agreement and the rights and obligations hereunder may not be in whole or part (i) assigned, transferred or disposed of, (ii) amended, (iii) waived, or (iv) subcontracted, without the prior written consent of the County Executive or his or her duly designated deputy (the "County Executive"), and any purported assignment, other disposal or modification without such prior written consent shall be null and void. The failure of a party to assert any of its rights under this Agreement, including the right to demand strict performance, shall not constitute a waiver of such rights.

13. Termination. (a) Generally. This Agreement may be terminated (i) for any reason by the County upon thirty (30) days' written notice to Counsel, (ii) for "Cause" by the County immediately upon the receipt by Counsel of written notice of termination, (iii) upon mutual written Agreement of the County and the Counsel, and (iv) in accordance with any other provisions of this Agreement expressly addressing termination.

As used in this Agreement the word "Cause" includes: (i) a breach of this Agreement; (ii) the failure to obtain and maintain in full force and effect all Approvals required for the services described in this Agreement to be legally and professionally rendered; and (iii) the termination or impending termination of federal or state funding for the services to be provided under this Agreement.

(b) By Counsel. This Agreement may be terminated by Counsel if performance becomes impracticable through no fault of the Counsel, where the impracticability relates to Counsel's ability to perform its obligations and not to a judgment as to convenience or the desirability of continued performance. Termination under this subsection shall be effected by Counsel delivering to the commissioner or other head of the Department (the "Commissioner"), at least sixty (60) days prior to the termination date (or a shorter period if sixty days' notice is impossible), a notice stating (i) that Counsel is terminating this Agreement in accordance with this subsection, (ii) the date as of which this Agreement will terminate, and (iii) the facts giving rise to the Counsel's right to terminate under this subsection. A copy of the notice given to the Commissioner shall be given to the Deputy County Executive who oversees the administration of the Department (the "Applicable DCE") on the same day that notice is given to the Commissioner.

(c) Counsel Assistance upon Termination. In connection with the termination or impending termination of this Agreement the Counsel shall, regardless of the reason for termination, take all actions reasonably requested by the County (including those set forth in other provisions of this Agreement) to assist the County in transitioning Counsel's responsibilities under this Agreement. The provisions of this subsection shall survive the termination of this Agreement.

14. Accounting Procedures; Records. The Contractor shall maintain and retain, for a period of six (6) years following the later of termination of or final payment under this Agreement, complete and accurate records, documents, accounts and other evidence, whether maintained electronically or manually ("Records"), pertinent to performance under this Agreement. Records shall be maintained in accordance with Generally Accepted Accounting Principles and, if the Contractor is a non-profit entity, must comply with the accounting guidelines set forth in the applicable provisions of the Code of Federal Regulations, 2 C.F.R. Part 200, as may be amended. Such Records shall at all times be available for audit and inspection by the Comptroller, the Department, any other governmental authority with jurisdiction over the provision of services hereunder and/or the payment therefore, and any of their duly designated representatives. The provisions of this Section shall survive the termination of this Agreement.

15. Limitations on Actions and Special Proceedings against the County. No action or special proceeding shall lie or be prosecuted or maintained against the County upon any claims arising out of or in connection with this Agreement unless:

(a) Notice. At least thirty (30) days prior to seeking relief, Counsel shall have presented the demand or claim(s) upon which such action or special proceeding is based in writing to the Applicable DCE for adjustment and the County shall have neglected or refused to make an adjustment or payment on the demand or claim for thirty (30) days after presentment. Counsel shall send or deliver copies of the documents presented to the Applicable DCE under this Section to each of (i) the Department and the (ii) the County Attorney (at the address specified above for the County) on the same day that documents are sent or delivered to the Applicable DCE. The complaint or necessary moving papers of Counsel shall allege that the above-described actions and inactions preceded Counsel's action or special proceeding against the County.

(b) Time Limitation. Such action or special proceeding is commenced within the earlier of (i) one (1) year of the first to occur of (A) final payment under or the termination of this Agreement, and (B) the accrual of the cause of action, and (ii) the time specified in any other provision of this Agreement.

16. Work Performance Liability. The Counsel is and shall remain primarily liable for the successful completion of all work in accordance this Agreement irrespective of whether the Counsel is using a Counsel Agent to perform some or all of the work contemplated by this Agreement, and irrespective of whether the use of such Counsel Agent has been approved by the County.

17. Consent to Jurisdiction and Venue; Governing Law. Unless otherwise specified in this Agreement or required by Law, exclusive original jurisdiction for all claims or actions with respect to this Agreement shall be in the Supreme Court in Nassau County in New York State and the parties expressly waive any objections to the same on any grounds, including venue and *forum non conveniens*. This Agreement is intended as a contract under, and shall be governed and construed in accordance with, the Laws of New York State, without regard to the conflict of laws provisions thereof.

18. Notices. Any notice, request, demand or other communication required to be given or made in connection with this Agreement shall be (a) in writing, (b) delivered or sent (i) by hand

delivery, evidenced by a signed, dated receipt, (ii) postage prepaid via certified mail, return receipt requested, or (iii) overnight delivery via a nationally recognized courier service, (c) deemed given or made on the date the delivery receipt was signed by a County employee, three (3) business days after it is mailed or one (1) business day after it is released to a courier service, as applicable, and (d)(i) if to the Department, to the attention of the Commissioner at the address specified above for the Department, (ii) if to an Applicable DCE, to the attention of the Applicable DCE (whose name Counsel shall obtain from the Department) at the address specified above for the County, (iii) if to the Comptroller, to the attention of the Comptroller at 240 Old Country Road, Mineola, NY 11501, and (iv) if to Counsel, to the attention of the person who executed this Agreement on behalf of Counsel at the address specified above for Counsel, or in each case to such other persons or addresses as shall be designated by written notice.

19. All Legal Provisions Deemed Included; Severability; Supremacy. (a) Every provision required by Law to be inserted into or referenced by this Agreement is intended to be a part of this Agreement. If any such provision is not inserted or referenced or is not inserted or referenced in correct form then (i) such provision shall be deemed inserted into or referenced by this Agreement for purposes of interpretation and (ii) upon the application of either party this Agreement shall be formally amended to comply strictly with the Law, without prejudice to the rights of either party.

(b) In the event that any provision of this Agreement shall be held to be invalid, illegal or unenforceable, the validity, legality and enforceability of the remaining provisions shall not in any way be affected or impaired thereby.

(c) Unless the application of this subsection will cause a provision required by Law to be excluded from this Agreement, in the event of an actual conflict between the terms and conditions set forth above the signature page to this Agreement and those contained in any schedule, exhibit, appendix, or attachment to this Agreement, the terms and conditions set forth above the signature page shall control. To the extent possible, all the terms of this Agreement should be read together as not conflicting.

(d) Each party has cooperated in the negotiation and preparation of this Agreement. Therefore, in the event that construction of this Agreement occurs, it shall not be construed against either party as drafter.

20. Section and Other Headings. The section and other headings contained in this Agreement are for reference purposes only and shall not affect the meaning or interpretation of this Agreement.

21. Administrative Service Charge. Counsel agrees to pay the County an administrative service charge of Five Hundred Thirty-Three Dollars (\$533.00) for the processing of this Agreement pursuant to Ordinance Number 74-1979, as amended by Ordinance Numbers 201-2001, 128-2006, and 153-2018. The administrative service charge shall be due and payable to the County by Counsel upon signing this Agreement.

22. Executory Clause. Notwithstanding any other provision of this Agreement:

(a) Approval and Execution. The County shall have no liability under this Agreement (including any extension or other modification of this Agreement) to any Person unless (i) all requisite County and other governmental approvals have been obtained, including, if required, approval by the County Legislature and (ii) this Agreement has been executed by the County Executive (as defined in this Agreement).

(b) Availability of Funds. The County shall have no liability under this Agreement (including any extension or other modification of this Agreement) to any Person beyond funds appropriated or otherwise lawfully available for this Agreement, and, if any portion of the funds for this Agreement are from the state and/or federal governments, then beyond funds available to the County from the state and/or federal governments.

(c) NIFA Approval. County contracts with a Maximum Amount equal to or greater than Fifty Thousand Dollars (\$50,000.00) require the approval of the Nassau County Interim Finance Authority ("NIFA") during the control period declared by NIFA on January 26, 2011, with limited exceptions. NIFA also requires that when the aggregate of contracts issued to a particular vendor for the provision of similar services is equal to or greater than \$50,000 in any 12-month period they be subject to NIFA approval even if each individual contract is less than \$50,000. NIFA has advised the County that NIFA's approval is subject, among other things, to the following limitation: payment to Counsel under this Agreement for Services, including related expenses and disbursements, rendered prior to the later of (i) the date of NIFA approval or (ii) full execution of the Agreement (such date, the "Approval Date") shall not exceed the sum of Fifty Thousand Dollars (\$50,000.00). Counsel therefore acknowledges that charges incurred over Fifty Thousand Dollars (\$50,000.00) prior to the Approval Date shall not be approved by NIFA, and shall not be paid by the County, unless NIFA makes an exception to its policy. Accordingly, to mitigate against exposure, Counsel shall provide the following notice to the Department:

- (A) If Counsel anticipates incurring costs in excess of Fifty Thousand Dollars (\$50,000.00) prior to the Approval Date, Counsel shall provide written notice to the Department at least Forty-five (45) days prior to the date on which Counsel anticipates reaching the Fifty Thousand Dollar (\$50,000.00) cap.
- (B) If Counsel has reached or anticipates reaching the Fifty Thousand Dollar (\$50,000.00) cap prior to the Approval Date, and in less than Forty-five (45) days, Counsel shall provide the Department with immediate written notice.

Upon receipt of such notice, the Department will review and advise Counsel of the Department's intended course of action, which, in appropriate cases as determined by the Department, may include seeking a waiver from NIFA.

23. Entire Agreement. This Agreement represents the full and entire understanding and agreement between the parties with regard to the subject matter hereof and supersedes all prior agreements (whether written or oral) of the parties relating to the subject matter of this Agreement.

[Remainder of Page Intentionally Left Blank.]

IN WITNESS WHEREOF, Counsel and the County have executed this Agreement as of the Effective Date.

PLEASE EXECUTE IN BLUE INK

Appendix EE
Equal Employment Opportunities for Minorities and Women

The provisions of this Appendix EE are hereby made a part of the document to which it is attached.

The Contractor shall comply with all federal, State and local statutory and constitutional anti-discrimination provisions. In addition, Local Law No. 14-2002, entitled "Participation by Minority Group Members and Women in Nassau County Contracts," governs all County Contracts as defined herein and solicitations for bids or proposals for County Contracts. In accordance with Local Law 14-2002:

- (a) The Contractor shall not discriminate against employees or applicants for employment because of race, creed, color, national origin, sex, age, disability or marital status in recruitment, employment, job assignments, promotions, upgradings, demotions, transfers, layoffs, terminations, and rates of pay or other forms of compensation. The Contractor will undertake or continue existing programs related to recruitment, employment, job assignments, promotions, upgradings, transfers, and rates of pay or other forms of compensation to ensure that minority group members and women are afforded equal employment opportunities without discrimination.
- (b) At the request of the County contracting agency, the Contractor shall request each employment agency, labor union, or authorized representative of workers with which it has a collective bargaining or other agreement or understanding, to furnish a written statement that such employment agency, union, or representative will not discriminate on the basis of race, creed, color, national origin, sex, age, disability, or marital status and that such employment agency, labor union, or representative will affirmatively cooperate in the implementation of the Contractor's obligations herein.
- (c) The Contractor shall state, in all solicitations or advertisements for employees, that, in the performance of the County Contract, all qualified applicants will be afforded equal employment opportunities without discrimination because of race, creed, color, national origin, sex, age, disability or marital status.
- (d) The Contractor shall make best efforts to solicit active participation by certified minority or women-owned business enterprises ("Certified M/WBEs") as defined in Section 101 of Local Law No. 14-2002, for the purpose of granting of Subcontracts.
- (e) The Contractor shall, in its advertisements and solicitations for Subcontractors, indicate its interest in receiving bids from Certified M/WBEs and the requirement that Subcontractors must be equal opportunity employers.
- (f) Contractors must notify and receive approval from the respective Department Head prior to issuing any Subcontracts and, at the time of requesting such authorization, must submit a signed Best Efforts Checklist.

- (g) Contractors for projects under the supervision of the County's Department of Public Works shall also submit a utilization plan listing all proposed Subcontractors so that, to the greatest extent feasible, all Subcontractors will be approved prior to commencement of work. Any additions or changes to the list of subcontractors under the utilization plan shall be approved by the Commissioner of the Department of Public Works when made. A copy of the utilization plan and any additions or changes thereto shall be submitted by the Contractor to the Office of Minority Affairs simultaneously with the submission to the Department of Public Works.
- (h) At any time after Subcontractor approval has been requested and prior to being granted, the contracting agency may require the Contractor to submit Documentation Demonstrating Best Efforts to Obtain Certified Minority or Women-owned Business Enterprises. In addition, the contracting agency may require the Contractor to submit such documentation at any time after Subcontractor approval when the contracting agency has reasonable cause to believe that the existing Best Efforts Checklist may be inaccurate. Within ten working days (10) of any such request by the contracting agency, the Contractor must submit Documentation.
- (i) In the case where a request is made by the contracting agency or a Deputy County Executive acting on behalf of the contracting agency, the Contractor must, within two (2) working days of such request, submit evidence to demonstrate that it employed Best Efforts to obtain Certified M/WBE participation through proper documentation.
- (j) Award of a County Contract alone shall not be deemed or interpreted as approval of all Contractor's Subcontracts and Contractor's fulfillment of Best Efforts to obtain participation by Certified M/WBEs.
- (k) A Contractor shall maintain Documentation Demonstrating Best Efforts to Obtain Certified Minority or Women-owned Business Enterprises for a period of six (6) years. Failure to maintain such records shall be deemed failure to make Best Efforts to comply with this Appendix EE, evidence of false certification as M/WBE compliant or considered breach of the County Contract.
- (l) The Contractor shall be bound by the provisions of Section 109 of Local Law No. 14-2002 providing for enforcement of violations as follows:
 - a. Upon receipt by the Executive Director of a complaint from a contracting agency that a County Contractor has failed to comply with the provisions of Local Law No. 14-2002, this Appendix EE or any other contractual provisions included in furtherance of Local Law No. 14-2002, the Executive Director will try to resolve the matter.
 - b. If efforts to resolve such matter to the satisfaction of all parties are unsuccessful,

the Executive Director shall refer the matter, within thirty days (30) of receipt of the complaint, to the American Arbitration Association for proceeding thereon.

- c. Upon conclusion of the arbitration proceedings, the arbitrator shall submit to the Executive Director his recommendations regarding the imposition of sanctions, fines or penalties. The Executive Director shall either (i) adopt the recommendation of the arbitrator (ii) determine that no sanctions, fines or penalties should be imposed or (iii) modify the recommendation of the arbitrator, provided that such modification shall not expand upon any sanction recommended or impose any new sanction or increase the amount of any recommended fine or penalty. The Executive Director, within ten days (10) of receipt of the arbitrator's award and recommendations, shall file a determination of such matter and shall cause a copy of such determination to be served upon the respondent by personal service or by certified mail return receipt requested. The award of the arbitrator, and the fines and penalties imposed by the Executive Director, shall be final determinations and may only be vacated or modified as provided in the civil practice law and rules ("CPLR").

- (m) The contractor shall provide contracting agency with information regarding all subcontracts awarded under any County Contract, including the amount of compensation paid to each Subcontractor and shall complete all forms provided by the Executive Director or the Department Head relating to subcontractor utilization and efforts to obtain M/WBE participation.

Failure to comply with provisions (a) through (m) above, as ultimately determined by the Executive Director, shall be a material breach of the contract constituting grounds for immediate termination. Once a final determination of failure to comply has been reached by the Executive Director, the determination of whether to terminate a contract shall rest with the Deputy County Executive with oversight responsibility for the contracting agency.

Provisions (a), (b) and (c) shall not be binding upon Contractors or Subcontractors in the performance of work or the provision of services or any other activity that are unrelated, separate, or distinct from the County Contract as expressed by its terms.

The requirements of the provisions (a), (b) and (c) shall not apply to any employment or application for employment outside of this County or solicitations or advertisements therefor or any existing programs of affirmative action regarding employment outside of this County and the effect of contract provisions required by these provisions (a), (b) and (c) shall be so limited.

The Contractor shall include provisions (a), (b) and (c) in every Subcontract in such a manner that these provisions shall be binding upon each Subcontractor as to work in connection with the County Contract.

As used in this Appendix EE the term "Best Efforts Checklist" shall mean a list signed by the Contractor, listing the procedures it has undertaken to procure Subcontractors in accordance with this Appendix EE.

As used in this Appendix EE the term "County Contract" shall mean (j) a written agreement or purchase order instrument, providing for a total expenditure in excess of twenty-five thousand

dollars (\$25,000), whereby a County contracting agency is committed to expend or does expend funds in return for labor, services, supplies, equipment, materials or any combination of the foregoing, to be performed for, or rendered or furnished to the County; or (ii) a written agreement in excess of one hundred thousand dollars (\$100,000), whereby a County contracting agency is committed to expend or does expend funds for the acquisition, construction, demolition, replacement, major repair or renovation of real property and improvements thereon. However, the term "County Contract" does not include agreements or orders for the following services: banking services, insurance policies or contracts, or contracts with a County contracting agency for the sale of bonds, notes or other securities.

As used in this Appendix EE the term "County Contractor" means an individual, business enterprise, including sole proprietorship, partnership, corporation, not-for-profit corporation, or any other person or entity other than the County, whether a contractor, licensor, licensee or any other party, that is (i) a party to a County Contract, (ii) a bidder in connection with the award of a County Contract, or (iii) a proposed party to a County Contract, but shall not include any Subcontractor.

As used in this Appendix EE the term "County Contractor" shall mean a person or firm who will manage and be responsible for an entire contracted project.

As used in this Appendix EE "Documentation Demonstrating Best Efforts to Obtain Certified Minority or Women-owned Business Enterprises" shall include, but is not limited to the following:

- a. Proof of having advertised for bids, where appropriate, in minority publications, trade newspapers/notices and magazines, trade and union publications, and publications of general circulation in Nassau County and surrounding areas or having verbally solicited M/WBEs whom the County Contractor reasonably believed might have the qualifications to do the work. A copy of the advertisement, if used, shall be included to demonstrate that it contained language indicating that the County Contractor welcomed bids and quotes from M/WBE Subcontractors. In addition, proof of the date(s) any such advertisements appeared must be included in the Best Effort Documentation. If verbal solicitation is used, a County Contractor's affidavit with a notary's signature and stamp shall be required as part of the documentation.
- b. Proof of having provided reasonable time for M/WBE Subcontractors to respond to bid opportunities according to industry norms and standards. A chart outlining the schedule/time frame used to obtain bids from M/WBEs is suggested to be included with the Best Effort Documentation
- c. Proof or affidavit of follow-up of telephone calls with potential M/WBE subcontractors encouraging their participation. Telephone logs indicating such action can be included with the Best Effort Documentation
- d. Proof or affidavit that M/WBE Subcontractors were allowed to review bid specifications, blueprints and all other bid/RFP related items at no charge to the M/WBEs, other than reasonable documentation costs incurred by the County Contractor that are passed onto the M/WBE.

- e. Proof or affidavit that sufficient time prior to making award was allowed for M/WBEs to participate effectively, to the extent practicable given the timeframe of the County Contract.
- f. Proof or affidavit that negotiations were held in good faith with interested M/WBEs, and that M/WBEs were not rejected as unqualified or unacceptable without sound business reasons based on (1) a thorough investigation of M/WBE qualifications and capabilities reviewed against industry custom and standards and (2) cost of performance. The basis for rejecting any M/WBE deemed unqualified by the County Contractor shall be included in the Best Effort Documentation
- g. If an M/WBE is rejected based on cost, the County Contractor must submit a list of all sub-bidders for each item of work solicited and their bid prices for the work.
- h. The conditions of performance expected of Subcontractors by the County Contractor must also be included with the Best Effort Documentation
- i. County Contractors may include any other type of documentation they feel necessary to further demonstrate their Best Efforts regarding their bid documents.

As used in this Appendix EE the term "Executive Director" shall mean the Executive Director of the Nassau County Office of Minority Affairs; provided, however, that Executive Director shall include a designee of the Executive Director except in the case of final determinations issued pursuant to Section (a) through (l) of these rules.

As used in this Appendix EE the term "Subcontract" shall mean an agreement consisting of part or parts of the contracted work of the County Contractor.

As used in this Appendix EE, the term "Subcontractor" shall mean a person or firm who performs part or parts of the contracted work of a prime contractor providing services, including construction services, to the County pursuant to a county contract. Subcontractor shall include a person or firm that provides labor, professional or other services, materials or supplies to a prime contractor that are necessary for the prime contractor to fulfill its obligations to provide services to the County pursuant to a county contract. Subcontractor shall not include a supplier of materials to a contractor who has contracted to provide goods but no services to the County, nor a supplier of incidental materials to a contractor, such as office supplies, tools and other items of nominal cost that are utilized in the performance of a service contract.

Provisions requiring contractors to retain or submit documentation of best efforts to utilize certified subcontractors and requiring Department head approval prior to subcontracting shall not apply to inter-governmental agreements. In addition, the tracking of expenditures of County dollars by not-for-profit corporations, other municipalities, States, or the federal government is not required.

Appendix L

Certificate of Compliance

In compliance with Local Law 1-2006, as amended (the "Law"), Counsel hereby certifies the following:

1. The chief executive officer of Contractor is:

Vincent D. McNamara (Name)
1045 Oyster Bay Road, Suite 1
East Norwich, New York 11732 (Address)
(516) 922-9100 (Telephone Number)

2. The Contractor agrees to either (1) comply with the requirements of the Nassau County Living Wage Law or (2) as applicable, obtain a waiver of the requirements of the Law pursuant to section 9 of the Law. In the event that the Contractor does not comply with the requirements of the Law or obtain a waiver of the requirements of the Law, and such Contractor establishes to the satisfaction of the Department that at the time of execution of this Agreement, it had a reasonable certainty that it would receive such waiver based on the Law and Rules pertaining to waivers, the County will agree to terminate the contract without imposing costs or seeking damages against the Contractor

3. In the past five years, Contractor _____ has X has not been found by a court or a government agency to have violated federal, state, or local laws regulating payment of wages or benefits, labor relations, or occupational safety and health. If a violation has been assessed against the Contractor, describe below:

4. In the past five years, an administrative proceeding, investigation, or government body-initiated judicial action _____ has X has not been commenced against or relating to

the Contractor in connection with federal, state, or local laws regulating payment of wages or benefits, labor relations, or occupational safety and health. If such a proceeding, action, or investigation has been commenced, describe below:

5. Contractor agrees to permit access to work sites and relevant payroll records by authorized County representatives for the purpose of monitoring compliance with the Living Wage Law and investigating employee complaints of noncompliance.

I hereby certify that I have read the foregoing statement and, to the best of my knowledge and belief, it is true, correct and complete. Any statement or representation made herein shall be accurate and true as of the date stated below.

Contract Approval Request Form (As of January 1, 2015)

1. Vendor: Law Office of Vincent D. McNamara

2. Amount requiring NIFA approval: \$132,500.00

Amount to be encumbered: \$75,000.00

Slip Type: New

If new contract - \$ amount should be full amount of contract

If advisement - NIFA only needs to review if it is increasing funds above the amount previously approved by NIFA

If amendment - \$ amount should be full amount of amendment only

3. Contract Term: to March 25, 2022 to completion of services

Has work or services on this contract commenced? Yes

If yes, please explain: ongoing litigation

4. Funding Source:

General Fund (GEN)	X	Grant Fund (GRT)
Capital Improvement Fund (CAP)		Other
Federal %	0	
State %	0	
County %	100	

Is the cash available for the full amount of the contract? Yes

If not, will it require a future borrowing? No

Has the County Legislature approved the borrowing? N/A

Has NIFA approved the borrowing for this contract? N/A

5. Provide a brief description (4 to 5 sentences) of the item for which this approval is requested:

This is a new contract with special counsel firm Law Office of Vincent McNamara ("Counsel") to represent the County in the case known as Ramsaroop v. County of Nassau, et al., Index No. 604994/2020, a complex medical malpractice case involving allegations that Nassau County Police Medics failed to provide proper emergency care to plaintiff's principal (the "Services").

6. Has the item requested herein followed all proper procedures and thereby approved by the:

Nassau County Attorney as to form Yes

Nassau County Committee and/or Legislature

Date of approval(s) and citation to the resolution where approval for this item was provided:

7. Identify all contracts (with dollar amounts) with this or an affiliated party within the prior 12 months:

CONTRACTOR NAME: Law Office of Vincent D. McNamara

CONTRACTOR ADDRESS: 1045 Oyster Bay Road, Suite 1, East Norwich, NY 11732

FEDERAL TAX ID #: [REDACTED]

Instructions: Please check the appropriate box (“”) after one of the following roman numerals and provide all the requested information.

I. **The contract was awarded to the lowest, responsible bidder after advertisement for sealed bids.** The contract was awarded after a request for sealed bids was published in _____ [newspaper] on _____ [date]. The sealed bids were publicly opened on _____ [date], _____ [#] of sealed bids were received and opened.

II. **The contractor was selected pursuant to a Request for Proposals.**

The Contract was entered into after a written request for proposals was issued on _____ [date]. Potential proposers were made aware of the availability of the RFP by advertisement in _____ [newspaper], posting on industry websites, via email to interested parties and by publication on the County procurement website. Proposals were due on _____ [date], _____ [state #] proposals were received and evaluated. The evaluation committee consisted of:

_____ (list # of persons on committee and their respective departments). The proposals were scored and ranked. As a result of the scoring and ranking, the highest-ranking proposer was selected.

III. **This is a renewal, extension or amendment of an existing contract.**

The contract was originally executed by Nassau County on _____ [date]. This is a renewal or extension pursuant to the contract, or an amendment within the scope of the contract or RFP (copies of the relevant pages are attached). The original contract was entered into after _____ [describe procurement method, i.e., RFP, three proposals evaluated, etc.] Attach a copy of the most recent evaluation of the contractor's performance for any contract to be renewed or extended. If the contractor has not received a satisfactory evaluation, the department must explain why the contractor should nevertheless be permitted to continue to contract with the county.

IV. Pursuant to Executive Order No. 1 of 1993, as amended, at least three proposals were solicited and received. The attached memorandum from the department head describes the proposals received, along with the cost of each proposal.

A. The contract has been awarded to the proposer offering the lowest cost proposal; **OR:**

B. A Request for Qualifications ("RFQ") was issued and a panel of firms qualified to provide legal services for the County has been established. The firm Law Office of Vincent D. McNamara has submitted a proposal in response to the RFQ and has been added to this panel. After a review of the panel, based on the firm's experience, expertise in the subject matters, and availability, the firm has been determined to be qualified by the Department in the areas of law listed in the attached routing sheet and assigned the case provided in the attached routing sheet.

V. Pursuant to Executive Order No. 1 of 1993 as amended, the attached memorandum from the department head explains why the department did not obtain at least three proposals.

A. There are only one or two providers of the services sought or less than three providers submitted proposals. The memorandum describes how the contractor was determined to be the sole source provider of the personal service needed or explains why only two proposals could be obtained. If two proposals were obtained, the memorandum explains that the contract was awarded to the lowest cost proposer, or why the selected proposer offered the higher quality proposal, the proposer's unique and special experience, skill, or expertise, or its availability to perform in the most immediate and timely manner.

B. The memorandum explains that the contractor's selection was dictated by the terms of a federal or New York State grant, by legislation or by a court order. (Copies of the relevant documents are attached).

C. Pursuant to General Municipal Law Section 104, the department is purchasing the services required through a New York State Office of General Services contract no. _____, and the attached memorandum explains how the purchase is within the scope of the terms of that contract.

D. Pursuant to General Municipal Law Section 119-o, the department is purchasing the services required through an inter-municipal agreement.

VI. This is a human services contract with a not-for-profit agency for which a competitive process has not been initiated. Attached is a memorandum that explains the reasons for entering into this contract without conducting a competitive process, and details when the department intends to initiate a competitive process for the future award of these services. For any such contract, where the vendor has previously provided services to the county, attach a copy of the most recent evaluation of the vendor's performance. If the contractor has not received a satisfactory evaluation, the department must explain why the contractor should nevertheless be permitted to contract with the county.

In certain limited circumstances, conducting a competitive process and/or completing performance evaluations may not be possible because of the nature of the human services program, or because of a compelling need to continue services through the same provider. In those circumstances, attach an explanation of why a competitive process and/or performance evaluation is inapplicable.

VII. This is a public works contract for the provision of architectural, engineering or surveying services. The attached memorandum provides details of the department's compliance with Board of Supervisors' Resolution No. 928 of 1993, including its receipt and evaluation of annual Statements of Qualifications & Performance Data, and its negotiations with the most highly qualified firms.

Instructions with respect to Sections VIII, IX and X: All Departments must check the box for VIII. Then, check the box for either IX or X, as applicable.

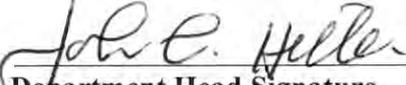

VIII. Participation of Minority Group Members and Women in Nassau County

Contracts. The selected contractor has agreed that it has an obligation to utilize best efforts to hire MWBE sub-contractors. Proof of the contractual utilization of best efforts as outlined in Exhibit "EE" may be requested at any time, from time to time, by the Comptroller's Office prior to the approval of claim vouchers.

IX. Department MWBE responsibilities. To ensure compliance with MWBE requirements as outlined in Exhibit "EE", Department will require vendor to submit list of sub-contractor requirements prior to submission of the first claim voucher, for services under this contract being submitted to the Comptroller.

X. Vendor will not require any sub-contractors.

In addition, if this is a contract with an individual or with an entity that has only one or two employees: a review of the criteria set forth by the Internal Revenue Service, *Revenue Ruling No. 87-41, 1987-1 C.B. 296*, attached as Appendix A to the Comptroller's Memorandum, dated February 13, 2004, concerning independent contractors and employees indicates that the contractor would not be considered an employee for federal tax purposes.

###

Jack Martins is the Republican, Conservative and Reform Party nominee for Nassau County Executive. Jack is a former three-term New York State Senator, the former Mayor of Mineola, and lives in Nassau with his wife and four daughters. Jack Martins is focused on making Nassau County a better place to live, work and raise a family. As Nassau County Executive, Jack is committed to ending the corruption that has compromised the public's trust in government, protecting local property taxpayers and creating an economic renaissance to provide a brighter future for the middle class. The election is November 7, 2017.

PRINCIPAL QUESTIONNAIRE FORM

All questions on these questionnaires must be answered by all officers and any individuals who hold a ten percent (10%) or greater ownership interest in the proposer. Answers typewritten or printed in ink. If you need more space to answer any question, make as many photocopies of the appropriate page(s) as necessary and attach them to the questionnaire.

COMPLETE THIS QUESTIONNAIRE CAREFULLY AND COMPLETELY. FAILURE TO SUBMIT A COMPLETE QUESTIONNAIRE MAY MEAN THAT YOUR BID OR PROPOSAL WILL BE REJECTED AS NON-RESPONSIVE AND IT WILL NOT BE CONSIDERED FOR AWARD

1. Principal Name: Vincent D. McNamara
Date of birth: [REDACTED]
[REDACTED]
[REDACTED]
Country: US

Business Address: 1045 Oyster Bay Road
City: East Norwich State/Province/Territory: NY Zip/Postal Code: 11732
Country: US
Telephone: (516) 922-9100

Other present address(es):
City: _____ State/Province/Territory: _____ Zip/Postal Code: _____
Country: _____
Telephone: _____

List of other addresses and telephone numbers attached

2. Positions held in submitting business and starting date of each (check all applicable)

President	_____	Treasurer	_____
Chairman of Board	_____	Shareholder	_____
Chief Exec. Officer	_____	Secretary	_____
Chief Financial Officer	_____	Partner	<u>12/01/1997</u>
Vice President	_____		
(Other)	_____		

3. Do you have an equity interest in the business submitting the questionnaire?

YES NO If Yes, provide details.

I am the Principal/Owner of the business.

4. Are there any outstanding loans, guarantees or any other form of security or lease or any other type of contribution made in whole or in part between you and the business submitting the questionnaire?

YES NO If Yes, provide details.

5. Within the past 3 years, have you been a principal owner or officer of any business or notfor-profit organization other than the one submitting the questionnaire?

YES NO If Yes, provide details.

6. Has any governmental entity awarded any contracts to a business or organization listed in Section 5 in the past 3 years while you were a principal owner or officer?
YES NO If Yes, provide details.

NOTE: An affirmative answer is required below whether the sanction arose automatically, by operation of law, or as a result of any action taken by a government agency. Provide a detailed response to all questions checked "YES". If you need more space, photocopy the appropriate page and attach it to the questionnaire.

7. In the past (5) years, have you and/or any affiliated businesses or not-for-profit organizations listed in Section 5 in which you have been a principal owner or officer:
- a. Been debarred by any government agency from entering into contracts with that agency?
YES NO If yes, provide an explanation of the circumstances and corrective action taken.

- b. Been declared in default and/or terminated for cause on any contract, and/or had any contracts cancelled for cause?
YES NO If yes, provide an explanation of the circumstances and corrective action taken.

- c. Been denied the award of a contract and/or the opportunity to bid on a contract, including, but not limited to, failure to meet pre-qualification standards?
YES NO If yes, provide an explanation of the circumstances and corrective action taken.

- d. Been suspended by any government agency from entering into any contract with it; and/or is any action pending that could formally debar or otherwise affect such business's ability to bid or propose on contract?
YES NO If yes, provide an explanation of the circumstances and corrective action taken.

8. Have any of the businesses or organizations listed in response to Question 5 filed a bankruptcy petition and/or been the subject of involuntary bankruptcy proceedings during the past 7 years, and/or for any portion of the last 7 year period, been in a state of bankruptcy as a result of bankruptcy proceedings initiated more than 7 years ago and/or is any such business now the subject of any pending bankruptcy proceedings, whenever initiated?

YES NO If 'Yes', provide details for each such instance. (Provide a detailed response to all questions check "Yes". If you need more space, photocopy the appropriate page and attached it to the questionnaire.)

9.

a. Is there any felony charge pending against you?
YES NO If yes, provide an explanation of the circumstances and corrective action taken.

b. Is there any misdemeanor charge pending against you?
YES NO If yes, provide an explanation of the circumstances and corrective action taken.

c. Is there any administrative charge pending against you?
YES NO If yes, provide an explanation of the circumstances and corrective action taken.

d. In the past 10 years, have you been convicted, after trial or by plea, of any felony, or of any other crime, an element of which relates to truthfulness or the underlying facts of which related to the conduct of business? Y
YES NO If yes, provide an explanation of the circumstances and corrective action taken.

e. In the past 5 years, have you been convicted, after trial or by plea, of a misdemeanor?
YES NO If yes, provide an explanation of the circumstances and corrective action taken.

f. In the past 5 years, have you been found in violation of any administrative or statutory charges?
YES NO If yes, provide an explanation of the circumstances and corrective action taken.

10. In addition to the information provided in response to the previous questions, in the past 5 years, have you been the subject of a criminal investigation and/or a civil anti-trust investigation by any federal, state or local prosecuting or investigative agency and/or the subject of an investigation where such investigation was related to activities performed at, for, or on behalf of the submitting business entity and/or an affiliated business listed in response to Question 5?

YES NO If yes, provide an explanation of the circumstances and corrective action taken.

11. In addition to the information provided, in the past 5 years has any business or organization listed in response to Question 5, been the subject of a criminal investigation and/or a civil anti-trust investigation and/or any other type of investigation by any government agency, including but not limited to federal, state, and local regulatory agencies while you were a principal owner or officer?

YES NO If yes, provide an explanation of the circumstances and corrective action taken.

12. In the past 5 years, have you or this business, or any other affiliated business listed in response to Question 5 had any sanction imposed as a result of judicial or administrative proceedings with respect to any professional license held?

YES NO If yes, provide an explanation of the circumstances and corrective action taken.

13. For the past 5 tax years, have you failed to file any required tax returns or failed to pay any applicable federal, state or local taxes or other assessed charges, including but not limited to water and sewer charges?

YES NO If yes, provide an explanation of the circumstances and corrective action taken.

I, Vincent D. McNamara , hereby acknowledge that a materially false statement willfully or fraudulently made in connection with this form may result in rendering the submitting business entity and/or any affiliated entities non-responsible, and, in addition, may subject me to criminal charges.

I, Vincent D. McNamara , hereby certify that I have read and understand all the items contained in this form; that I supplied full and complete answers to each item therein to the best of my knowledge, information and belief; that I will notify the County in writing of any change in circumstances occurring after the submission of this form; and that all information supplied by me is true to the best of my knowledge, information and belief. I understand that the County will rely on the information supplied in this form as additional inducement to enter into a contract with the submitting business entity.

CERTIFICATION

A MATERIALLY FALSE STATEMENT WILLFULLY OR FRAUDULENTLY MADE IN CONNECTION WITH THIS QUESTIONNAIRE MAY RESULT IN RENDERING THE SUBMITTING BUSINESS ENTITY NOT RESPONSIBLE WITH RESPECT TO THE PRESENT BID OR FUTURE BIDS, AND, IN ADDITION, MAY SUBJECT THE PERSON MAKING THE FALSE STATEMENT TO CRIMINAL CHARGES.

Business History Form

The contract shall be awarded to the responsible proposer who, at the discretion of the County, taking into consideration the reliability of the proposer and the capacity of the proposer to perform the services required by the County, offers the best value to the County and who will best promote the public interest.

In addition to the submission of proposals, each proposer shall complete and submit this questionnaire. The questionnaire shall be filled out by the owner of a sole proprietorship or by an authorized representative of the firm, corporation or partnership submitting the Proposal.

NOTE: All questions require a response, even if response is "none" or "not-applicable." No blanks.

(USE ADDITIONAL SHEETS IF NECESSARY TO FULLY ANSWER THE FOLLOWING QUESTIONS).

Date: 01/22/2021

1) Proposer's Legal Name: Law Office of Vincent D. McNamara

2) Address of Place of Business: 1045 Oyster Bay Road, Suite 1

City: East Norwich State/Province/Territory: NY Zip/Postal Code: 11732

Country: US

3) Mailing Address (if different): Not applicable.

City: _____ State/Province/Territory: _____ Zip/Postal Code: _____

Country: _____

Phone: (516) 922-9100

Does the business own or rent its facilities? Rent If other, please provide details:

4) Dun and Bradstreet number: None.

5) Federal I.D. Number:

6) The proposer is a: Sole Proprietorship (Describe) _____

7) Does this business share office space, staff, or equipment expenses with any other business?
YES NO If yes, please provide details:

8) Does this business control one or more other businesses?
YES NO If yes, please provide details:

9) Does this business have one or more affiliates, and/or is it a subsidiary of, or controlled by, any other business?
YES NO If yes, please provide details:

10) Has the proposer ever had a bond or surety cancelled or forfeited, or a contract with Nassau County or any other government entity terminated?
YES NO If yes, state the name of bonding agency, (if a bond), date, amount of bond and reason for such cancellation or forfeiture: or details regarding the termination (if a contract).

11) Has the proposer, during the past seven years, been declared bankrupt?
YES NO If yes, state date, court jurisdiction, amount of liabilities and amount of assets

12) In the past five years, has this business and/or any of its owners and/or officers and/or any affiliated business, been the subject of a criminal investigation and/or a civil anti-trust investigation by any federal, state or local prosecuting or investigative agency? And/or, in the past 5 years, have any owner and/or officer of any affiliated business been the subject of a criminal investigation and/or a civil anti-trust investigation by any federal, state or local prosecuting or investigative agency, where such investigation was related to activities performed at, for, or on behalf of an affiliated business.
YES NO If yes, provide details for each such investigation, an explanation of the circumstances and corrective action taken.

13) In the past 5 years, has this business and/or any of its owners and/or officers and/or any affiliated business been the subject of an investigation by any government agency, including but not limited to federal, state and local regulatory agencies? And/or, in the past 5 years, has any owner and/or officer of an affiliated business been the subject of an investigation by any government agency, including but not limited to federal, state and local regulatory agencies, for matters pertaining to that individual's position at or relationship to an affiliated business.
YES NO If yes, provide details for each such investigation, an explanation of the circumstances and corrective action taken.

14) Has any current or former director, owner or officer or managerial employee of this business had, either before or during such person's employment, or since such employment if the charges pertained to events that allegedly occurred during the time of employment by the submitting business, and allegedly related to the conduct of that business:
a) Any felony charge pending?
YES NO If yes, provide details for each such investigation, an explanation of the circumstances and corrective action taken.

b) Any misdemeanor charge pending?
YES NO If yes, provide details for each such investigation, an explanation of the circumstances and corrective action taken.

c) In the past 10 years, you been convicted, after trial or by plea, of any felony and/or any other crime, an

element of which relates to truthfulness or the underlying facts of which related to the conduct of business?
YES NO If yes, provide details for each such investigation, an explanation of the
circumstances and corrective action taken.

d) In the past 5 years, been convicted, after trial or by plea, of a misdemeanor?
YES NO If yes, provide details for each such investigation, an explanation of the
circumstances and corrective action taken.

e) In the past 5 years, been found in violation of any administrative, statutory, or regulatory provisions?
YES NO If yes, provide details for each such investigation, an explanation of the
circumstances and corrective action taken.

15) In the past (5) years, has this business or any of its owners or officers, or any other affiliated business had any
sanction imposed as a result of judicial or administrative proceedings with respect to any professional license
held?
YES NO If yes, provide details for each such investigation, an explanation of the
circumstances and corrective action taken.

16) For the past (5) tax years, has this business failed to file any required tax returns or failed to pay any applicable
federal, state or local taxes or other assessed charges, including but not limited to water and sewer charges?
YES NO If yes, provide details for each such year. Provide a detailed response to all
questions checked 'YES'. If you need more space, photocopy the appropriate page and attach it to the
questionnaire.

17) Conflict of Interest:

a) Please disclose any conflicts of interest as outlined below. NOTE: If no conflicts exist, please expressly
state "No conflict exists."

(i) Any material financial relationships that your firm or any firm employee has that may create a conflict
of interest or the appearance of a conflict of interest in acting on behalf of Nassau County.

No conflict exists.

(ii) Any family relationship that any employee of your firm has with any County public servant that may
create a conflict of interest or the appearance of a conflict of interest in acting on behalf of Nassau
County.

No conflict exists.

(iii) Any other matter that your firm believes may create a conflict of interest or the appearance of a
conflict of interest in acting on behalf of Nassau County.

No conflict exists.

b) Please describe any procedures your firm has, or would adopt, to assure the County that a conflict of interest would not exist for your firm in the future.

This office conducts a computer search of all of our files to determine if any conflict exists. We also conduct a conflict check with our employees with regard to the caption of the new matter.

A. Include a resume or detailed description of the Proposer's professional qualifications, demonstrating extensive experience in your profession. Any prior similar experiences, and the results of these experiences, must be identified.

1 File(s) Uploaded: Resume - Vincent D. McNamara.pdf

Have you previously uploaded the below information under in the Document Vault?

YES NO

Is the proposer an individual?

YES NO Should the proposer be other than an individual, the Proposal MUST include:

i) Date of formation;

ii) Name, addresses, and position of all persons having a financial interest in the company, including shareholders, members, general or limited partner. If none, explain.

Vincent D. McNamara

No individuals with a financial interest in the company have been attached..

iii) Name, address and position of all officers and directors of the company. If none, explain.

We have no Board Officers.

No officers and directors from this company have been attached.

iv) State of incorporation (if applicable);

v) The number of employees in the firm;

vi) Annual revenue of firm;

vii) Summary of relevant accomplishments

viii) Copies of all state and local licenses and permits.

B. Indicate number of years in business.

24

C. Provide any other information which would be appropriate and helpful in determining the Proposer's capacity and reliability to perform these services.

We have provided legal services to Nassau County since 2002 but on a more regular basis since 2015. This office is well-known at the Courthouse, and we have tried almost every type of case, including but not limited to

professional, legal and medical liability as well as general liability matters of myriad nature. We believe the County Attorney's Office has been pleased with the results we have achieved on some rather high exposure cases, including Ramirez (verdict with Block & O'Toole), DiMaria (false arrest and settled for under \$100K) and most recently Yun (December, 2021), wherein we achieved a defendant's verdict on a police chase matter which resulted in the death of the 58 year old high wage earner Ming Deng.

2 File(s) Uploaded: FIRM RESUME.pdf, Yun - Ltr to L. Kretzing - Case Disposition - Defense Verdict.pdf

- D. Provide names and addresses for no fewer than three references for whom the Proposer has provided similar services or who are qualified to evaluate the Proposer's capability to perform this work.

VINCENT D. McNAMARA

VINCENT D. McNAMARA, was born on October 17, 1952.

He received his B.A. from St. John's University in January, 1974 and his J.D. in June, 1977 from the St. John's University School of Law. He was admitted to practice by the Appellate Division, Second Department, in February, 1978.

Currently, his work efforts are in the areas of professional liability, products liability, medical malpractice, construction litigation, premises liability, employment discrimination, directors and officers liability and appeals.

He is a member of the New York State Bar Association and its Special Committee on Volunteer Lawyers, the Nassau County Bar Association, the Nassau-Suffolk Trial Lawyers, the Defense Association of New York and the Defense Research Institute. He has lectured for the New York State Bar Association, the Nassau County Bar Association, the Suffolk County Bar Association Academy of Law, and the National Business Institute in the areas of products liability, premises liability and trial technique.

Mr. McNamara opened his own office in December, 1997 after many years as a partner in a litigation firm.

Representative clients include St. Paul Insurance Companies, CNA Risk Management, Community Association Underwriters of America, Inc., TIG Insurance Company, K&K, Great American Insurance Companies, HealthSouth, Nationwide, Mobil Oil Corp., A.O. Smith, Crane Carrier Company, Seneca Insurance Company, Inc., J. H. Albert, Franklin Hospital Medical Center, County of Nassau, County of Suffolk, Atlantic Risk Management, Crum & Forster and Medical Liability Mutual Insurance Company.

KAREN J. WALSH

KAREN J. WALSH was born on [REDACTED] and currently resides in West Babylon, New York.

She graduated Magna Cum Laude with a B.S. in Elementary Education/Special Education from Long Island University, C.W. Post Center in 1980. She was employed by the Federal Government, specifically the Social Security Administration as a Benefit Authorizer. In 1987, she was promoted to the position of Post Entitlement Technical Assistant.

She received her J.D. from Hofstra University School of Law in 1991 where she was an Articles Editor on the Hofstra Property Law Journal. In addition, she worked as a Research Assistant to Professor Vern R. Walker on two articles which he published in the field of Scientific Evidence. She is admitted to practice in all New York State Courts and the United States District Court, Eastern District of New York.

After law school, she was an associate with Mulholland, Minion & Roe from 1991 to January, 1998. She became a senior associate in 1997. During her tenure at Mulholland, Minion & Roe, she handled all aspects of the firm's litigation, including medical malpractice, legal malpractice, civil rights litigation, premises liability and products liability matters.

She is a member of the Nassau County Bar Association and the New York State Bar Association. She has lectured at St. John's University School of Law in connection with a Trial Advocacy Course.

Presently, she is associated with the Law Office of Vincent D. McNamara, where she handles all aspects of the firm's litigation, including medical malpractice, professional liability, premises liability and directors and officers liability.

HELEN M. BENZIE

HELEN M. BENZIE, graduated *magna cum laude* from Molloy College in Rockville Centre, New York, and received her J.D. from St. John's University School of Law in 1977. Admitted to practice in New York in 1978 by the Appellate Division, Second Department, subsequently she was admitted to practice before the United States Supreme Court, United States Court of Appeals for the Second and Eleventh Circuits, as well as the United States District Courts for the Southern and Eastern Districts of New York.

Ms. Benzie has handled primarily insurance and reinsurance litigation involving toxic tort and various insurance and reinsurance coverage issues related to the defense of personal injury, maritime and commercial liability actions. Defending in these actions, she has litigated in state and federal trial and appellate courts throughout the United States. She has also counseled insurers and reinsurers on the content of their insurance and reinsured agreements.

She is a member of the Association of the Bar of the City of New York, Nassau County Bar Association, New York state Bar Association, Maritime Law Association of the United States and Southeastern Admiralty Law Institute.

Her community involvement includes serving as an Arbitrator for the United States District Court, Eastern District of New York. She has taught as an Adjunct Professor in the Writing Program at New York Law School. In 1997, she was a panelist at the January Joint Meeting on Marine Insurance Regulation and the McCarran-Ferguson Act sponsored by the American Association of Law Schools.

In March 2003, she moderated the Journal of Legal Commentary Symposium on Terrorism and its Impact on Insurance: Legislative Responses and Coverage Issues at St. John's University School of Law. The Spring 2004 issue of St. John's Journal of Legal Commentary published her article on *War and Terrorism Risk Insurance*.

In 2004, she became associated with the Law Office of Vincent D. McNamara where she works in the areas of professional liability and coverage defense litigation after practicing for over 20 years with the law firm of Bigham Englar Jones & Houston in Manhattan.

Date Signed _____ By _____
(Signature of Authorized NYS Workers' Compensation Board Employee)

Telephone Number _____ Name and Title _____

Please Note: Only insurance carriers licensed to write NYS disability and paid family leave benefits insurance policies and NYS licensed insurance agents of those insurance carriers are authorized to issue Form DB-120.1. Insurance brokers are NOT authorized to issue this form.

Additional Instructions for Form DB-120.1

By signing this form, the insurance carrier identified in Box 3 on this form is certifying that it is insuring the business referenced in Box 1a for disability and/or Paid Family Leave benefits under the NYS Disability and Paid Family Leave Benefits Law. The insurance carrier or its licensed agent will send this Certificate of Insurance Coverage (Certificate) to the entity listed as the certificate holder in Box 2.

The insurance carrier must notify the above certificate holder and the Workers' Compensation Board within 10 days IF a policy is cancelled due to nonpayment of premiums or within 30 days IF there are reasons other than nonpayment of premiums that cancel the policy or eliminate the insured from coverage indicated on this Certificate. (These notices may be sent by regular mail.) Otherwise, this Certificate is valid for one year after this form is approved by the insurance carrier or its licensed agent, or until the policy expiration date listed in Box 3c, whichever is earlier.

This Certificate is issued as a matter of information only and confers no rights upon the certificate holder. This Certificate does not amend, extend or alter the coverage afforded by the policy listed, nor does it confer any rights or responsibilities beyond those contained in the referenced policy.

This Certificate may be used as evidence of a NYS disability and/or Paid Family Leave benefits contract of insurance only while the underlying policy is in effect.

Please Note: Upon the cancellation of the disability and/or Paid Family Leave benefits policy indicated on this form, if the business continues to be named on a permit, license or contract issued by a certificate holder, the business must provide that certificate holder with a new Certificate of Insurance Coverage for NYS disability and/or Paid Family Leave Benefits or other authorized proof that the business is complying with the mandatory coverage requirements of the NYS Disability and Paid Family Leave Benefits Law.

NYS DISABILITY AND PAID FAMILY LEAVE BENEFITS LAW

§220. Subd. 8

(a) The head of a state or municipal department, board, commission or office authorized or required by law to issue any permit for or in connection with any work involving the employment of employees in employment as defined in this article, and notwithstanding any general or special statute requiring or authorizing the issue of such permits, shall not issue such permit unless proof duly subscribed by an insurance carrier is produced in a form satisfactory to the chair, that the payment of disability benefits and after January first, two thousand and twenty-one, the payment of family leave benefits for all employees has been secured as provided by this article. Nothing herein, however, shall be construed as creating any liability on the part of such state or municipal department, board, commission or office to pay any disability benefits to any such employee if so employed.

(b) The head of a state or municipal department, board, commission or office authorized or required by law to enter into any contract for or in connection with any work involving the employment of employees in employment as defined in this article and notwithstanding any general or special statute requiring or authorizing any such contract, shall not enter into any such contract unless proof duly subscribed by an insurance carrier is produced in a form satisfactory to the chair, that the payment of disability benefits and after January first, two thousand eighteen, the payment of family leave benefits for all employees has been secured as provided by this article.

Workers' Compensation Board

**CERTIFICATE OF
NYS WORKERS' COMPENSATION INSURANCE COVERAGE**

<p>1a. Legal Name & Address of Insured (use street address only) Vincent D McNamara 1045 Oyster Bay Road East Norwich, NY 11732</p> <p>Work Location of Insured (Only required if coverage is specifically limited to certain locations in New York State, i.e., a Wrap-Up Policy)</p>	<p>1b. Business Telephone Number of Insured 516-922-9100</p> <p>1c. NYS Unemployment Insurance Employer Registration Number of Insured</p> <p>1d. Federal Employer Identification Number of Insured or Social Security Number [REDACTED]</p>
<p>2. Name and Address of Entity Requesting Proof of Coverage (Entity Being Listed as the Certificate Holder) The County of Nassau 1 West Street Mineola, NY 11051</p>	<p>3a. Name of Insurance Carrier Travelers Indemnity Company</p> <p>3b. Policy Number of Entity Listed in Box "1a" UB2J425830</p> <p>3c. Policy effective period 8/25/2021 to 06/25/2022</p> <p>3d. The Proprietor, Partners or Executive Officers are <input checked="" type="checkbox"/> Included. (Only check box if all partners/officers included) <input type="checkbox"/> all excluded or certain partners/officers excluded.</p>

This certifies that the insurance carrier indicated above in box "3" insures the business referenced above in box "1a" for workers' compensation under the New York State Workers' Compensation Law. (To use this form, New York (NY) must be listed under **Item 3A** on the **INFORMATION PAGE** of the workers' compensation insurance policy). The insurance carrier or its licensed agent will send this Certificate of Insurance to the entity listed above as the certificate holder in box "2".

The insurance carrier must notify the above certificate holder and the Workers' Compensation Board within 10 days IF a policy is canceled due to nonpayment of premiums or within 30 days IF there are reasons other than nonpayment of premiums that cancel the policy or eliminate the insured from the coverage indicated on this Certificate. (These notices may be sent by regular mail.) **Otherwise, this Certificate is valid for one year after this form is approved by the insurance carrier or its licensed agent, or until the policy expiration date listed in box "3c", whichever is earlier.**

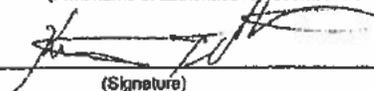

This certificate is issued as a matter of information only and confers no rights upon the certificate holder. This certificate does not amend, extend or alter the coverage afforded by the policy listed, nor does it confer any rights or responsibilities beyond those contained in the referenced policy.

This certificate may be used as evidence of a Workers' Compensation contract of insurance only while the underlying policy is in effect.

Please Note: Upon cancellation of the workers' compensation policy indicated on this form, if the business continues to be named on a permit, license or contract issued by a certificate holder, the business must provide that certificate holder with a new Certificate of Workers' Compensation Coverage or other authorized proof that the business is complying with the mandatory coverage requirements of the New York State Workers' Compensation Law.

Under penalty of perjury, I certify that I am an authorized representative or licensed agent of the insurance carrier referenced above and that the named insured has the coverage as depicted on this form.

Approved by: Kenneth Fabricant
(Print name of authorized representative or licensed agent of insurance carrier)

Approved by:  8/9/22
(Signature) (Date)

Title: President

Telephone Number of authorized representative or licensed agent of insurance carrier: 516-621-9000

Please Note: Only insurance carriers and their licensed agents are authorized to issue Form C-105.2. Insurance brokers are **NOT** authorized to issue it.

Workers' Compensation Law

Section 57. Restriction on issue of permits and the entering into contracts unless compensation is secured.

1. The head of a state or municipal department, board, commission or office authorized or required by law to issue any permit for or in connection with any work involving the employment of employees in a hazardous employment defined by this chapter, and notwithstanding any general or special statute requiring or authorizing the issue of such permits, shall not issue such permit unless proof duly subscribed by an insurance carrier is produced in a form satisfactory to the chair, that compensation for all employees has been secured as provided by this chapter. Nothing herein, however, shall be construed as creating any liability on the part of such state or municipal department, board, commission or office to pay any compensation to any such employee if so employed.

2. The head of a state or municipal department, board, commission or office authorized or required by law to enter into any contract for or in connection with any work involving the employment of employees in a hazardous employment defined by this chapter, notwithstanding any general or special statute requiring or authorizing any such contract, shall not enter into any such contract unless proof duly subscribed by an insurance carrier is produced in a form satisfactory to the chair, that compensation for all employees has been secured as provided by this chapter.

County Attorney

**COUNTY OF NASSAU
OFFICE OF THE COUNTY ATTORNEY**

TO: Robert Cleary
Director of Procurement Compliance

FROM: Daniel Gregware
Deputy County Attorney

DATE: May 18, 2022

SUBJECT: Delay Memo – Law Office of Vincent D. McNamara

The purpose of this memo is to explain the delay with processing a new contract between the County and Law Office of Vincent D. McNamara (“Counsel”), the special counsel firm selected to represent the County in Ramsaroop v. County of Nassau, et al., Index No. 604994/2020, a complex medical malpractice case involving allegations that Nassau County Police Medics failed to provide proper emergency care to plaintiff’s principal.

The contract services commenced on March 25, 2022. The delay, albeit slight, was in getting disclosures and certificates of insurance updated onto the vendor portal. Upon word that all was complete, my office began packaging and uploading the contract package for the requisite County approvals.

I trust this memorandum satisfies your inquiry, however, please do not hesitate to contact this office should you have any additional questions.

A handwritten signature in cursive script, appearing to read "D. Gregware".

DANIEL GREGWARE
Deputy County Attorney

RULES RESOLUTION NO. – 2022

A RESOLUTION AUTHORIZING THE COUNTY EXECUTIVE TO EXECUTE A PERSONAL SERVICES AGREEMENT BETWEEN THE COUNTY OF NASSAU ACTING ON BEHALF OF THE TRAFFIC AND PARKING VIOLATIONS AGENCY AND HOWARD S. KREBS

WHEREAS, the County has negotiated a personal services agreement with Howard S. Krebs for services as a judicial hearing officer to the Traffic and Parking Violations Agency, a copy of which is on file with the Clerk of the Legislature; now, therefore, be it

RESOLVED, that the Rules Committee of the Nassau County Legislature authorizes the County Executive to execute the said agreement with Howard S. Krebs

CONTRACT FOR SERVICES

THIS AGREEMENT, (together with the schedules, appendices, attachments and exhibits, if any, this "Agreement") dated as of the date (the "Effective Date") that this Agreement is executed by Nassau County, is entered into by and between (i) Nassau County, a municipal corporation having its principal office at 1550 Franklin Avenue, Mineola, New York 11501 (the "County"), acting on behalf of the County Department of Traffic & Parking Violations Agency, having its principal office at 16 Cooper Street, Hempstead, New York 11550 (the "Department") and (ii) Howard S. Krebs, having his principal office at [REDACTED] the "Contractor").

WITNESSETH:

WHEREAS, the County desires to hire the Contractor to perform the services described in this Agreement; and

WHEREAS, this is a personal service contract within the intent and purview of Section 2206 of the County Charter;

WHEREAS, the Contractor desires to perform the services described in this Agreement;

NOW, THEREFORE, in consideration of the premises and mutual covenants contained in this Agreement, the parties agree as follows:

1. Term. This Agreement shall commence upon the Effective Date and terminate three (3) years thereafter, unless sooner terminated in accordance with the provisions of this Agreement; provided, however, the County may review this Agreement under the same terms and conditions for two (2) additional one (1) year terms, for a total term of five (5) years.

2. Services. The services to be provided by the Contractor under this Agreement (and pursuant to section 1690 of the Vehicle and Traffic Law) (the services described herein, the "Services") shall consist of hearing parking and traffic violations under NYS VTL as well as local municipality ordinances, NYS Transportation law violations and NYS Highway Use Tax cases, the same manner as a court. The Contractor shall, on an as needed basis:

- a. determine all questions of law;
- b. act as the exclusive trier of all issues of fact;
- c. render a verdict;
- d. impose a sentence; and/or
- e. dispose of a case in any manner provided by law

The Services to be provided by the Contractor under this Agreement (and pursuant to Titles 72 and 86 of the Miscellaneous Laws of Nassau County) shall also consist of adjudicating notices of liability issued under the demonstration programs described under Titles 72 and 86 of the Miscellaneous Laws of Nassau County. The Contractor shall, on an as needed basis: (a) determine all questions of law; (b) make findings of fact; (c) render a decision; (d) determine liability; (e) impose a penalty; and/or (f) dispose of a matter in any manner provided by law.

Hearings shall be scheduled and conducted Monday through Friday from 8:30 a.m. to 12:00 p.m.

and/or 1:00 p.m. to 4:30 p.m. and weekday nights from 5:30 p.m. to 8:30 p.m. or as determined by the Executive Director, or his/her designated representative, of the Department. There shall be a one (1) hour luncheon recess for each full day worked that the court is in session.

Weekly work schedules shall be prepared and made available to the Contractor seven days prior to the commencement of the work week to which it applies. The Contractor's weekly assignments, if any, shall be in the sole discretion of the Department. This Agreement shall not create any expectation for a minimum period of workdays to be assigned to the Contractor.

3. Payment. (a) Amount of Consideration. The maximum amount to be paid to the Contractor as full consideration for the Contractor's Services under this Agreement shall not exceed the sum of One Hundred Fifty Thousand Dollars (the "Maximum Amount"), unless this Agreement is amended to increase the Maximum Amount. The Maximum Amount shall be payable in accordance with the following schedule:

Full day Session	\$350.00 per session	7 hours plus 1-hour lunch
Half-Day Session	\$175.00 per session	3.5 hours
Evening Session	\$175.00 per session	3 hours
Hourly	\$50.00 per hour	For those that don't work a full session (full day, half-day or evening session)

The Department is open to the public for Court from 8:30am to 4:30pm, Monday through Friday. The Contractor may be assigned to an eight (8) hour session (full-day) or a three and one half (3 ½) hour session (half-day) during those hours. The Department is also open for limited evening sessions, currently 2 sessions per month. Evening Sessions are from 5:30pm through 8:30pm. The Contractor may be assigned to a three (3) hour evening session during those hours. In the event that the Contractor is unable to work a full session, advanced notice must be provided, and the Contractor will be compensated at an hourly basis. Compensation shall be paid to the Contractor for actual Services rendered by such Contractor in a courtroom or other facility designated for court appearances.

(b) Partial Encumbrance. The Contractor acknowledges that the County will partially encumber funds to be applied toward the Maximum Amount throughout the term of this Agreement. The Contractor further acknowledges that the first encumbrance shall be Thirty Thousand Dollars (\$30,000.00). Thereafter, the Department will notify the Contractor of the availability of additional monies, which written notice shall include the amount encumbered. Such notification shall serve as notice to proceed.

(c) Vouchers; Voucher Review, Approval and Audit. Payments shall be made to the Contractor in arrears and shall be contingent upon (i) the Contractor submitting a claim voucher (the "Voucher") in a form satisfactory to the County, that (a) states with reasonable specificity the services provided and the payment requested as consideration for such services, (b) certifies that the services rendered and the payment requested are in accordance with this Agreement, and (c) is accompanied by documentation satisfactory to the County supporting the amount claimed, and (ii) review, approval

and audit of the Voucher by the Department and/or the County Comptroller or his or her duly designated representative (the "Comptroller").

(d) Timing of Payment Claims. The Contractor shall submit claims no later than three (3) months following the County's receipt of the Services that are the subject of the claim and no more frequently than once a month.

(e) No Duplication of Payments. Payments under this Agreement shall not duplicate payments for any work performed or to be performed under other agreements between the Contractor and any funding source including the County.

(f) Payments in Connection with Termination or Notice of Termination. Unless a provision of this Agreement expressly states otherwise, payments to the Contractor following the termination of this Agreement shall not exceed payments made as consideration for Services that were (i) performed prior to termination, (ii) authorized by this Agreement to be performed, and (iii) not performed after the Contractor received notice that the County did not desire to receive such services.

4. Independent Contractor. The Contractor is an independent contractor of the County. The Contractor shall not, nor shall any officer, director, employee, servant, agent or independent contractor of the Contractor (a "Contractor Agent"), be (i) deemed a County employee, (ii) commit the County to any obligation, or (iii) hold itself, himself, or herself out as a County employee or Person with the authority to commit the County to any obligation. As used in this Agreement the word "Person" means any individual person, entity (including partnerships, corporations and limited liability companies), and government or political subdivision thereof (including agencies, bureaus, offices and departments thereof).

5. No Arrears or Default. The Contractor is not in arrears to the County upon any debt or contract and it is not in default as surety, contractor, or otherwise upon any obligation to the County, including any obligation to pay taxes to, or perform services for or on behalf of, the County.

6. Compliance with Law. (a) Generally. The Contractor shall comply with any and all applicable Federal, State and local Laws, including, but not limited to those relating to conflicts of interest, discrimination, a living wage, disclosure of information, and vendor registration, in connection with its performance under this Agreement. In furtherance of the foregoing, the Contractor is bound by and shall comply with the terms of Appendix EE, as attached, and the County's vendor registration protocol. As used in this Agreement the word "Law" includes any and all statutes, local laws, ordinances, rules, regulations, applicable orders, and/or decrees, as the same may be amended from time to time, enacted, or adopted.

(b) Nassau County Living Wage Law. Pursuant to LL 1-2006, as amended, and to the extent that a waiver has not been obtained in accordance with such law or any rules of the County Executive, the Contractor agrees as follows:

- (i) Contractor shall comply with the applicable requirements of the Living Wage Law, as amended;
- (ii) Failure to comply with the Living Wage Law, as amended, may constitute a material breach of this Agreement, the occurrence of which shall be determined solely by the County. Contractor has the right to cure such breach within thirty days of receipt of notice of breach from the County. In the event

that such breach is not timely cured, the County may terminate this Agreement as well as exercise any other rights available to the County under applicable law.

- (iii) It shall be a continuing obligation of the Contractor to inform the County of any material changes in the content of its certification of compliance, attached to this Agreement as Appendix L, and shall provide to the County any information necessary to maintain the certification's accuracy.

(c) Records Access. The parties acknowledge and agree that all records, information, and data ("Information") acquired in connection with performance or administration of this Agreement remains the sole property of the County and shall be used and disclosed solely for the purpose of performance and administration of the Agreement or as required by law. The Contractor acknowledges that Contractor Information in the County's possession may be subject to disclosure under Article 6 of the New York State Public Officer's Law ("Freedom of Information Law" or "FOIL"). In the event that such a request for disclosure is made, the County shall make reasonable efforts to notify the Contractor of such request prior to disclosure of the Information so that the Contractor may take such action as it deems appropriate.

(d) The Contractor shall comply with the applicable provisions of the New York State Vehicle and Traffic Law §1690. Under this provision of law, Judicial Hearing Officers are prohibited from appearing in any capacity other than as a judicial hearing officer in any part of the Nassau County or Suffolk County District Court on any matter relating to traffic or parking violations and are further prohibited from appearing in any capacity other than as a judicial hearing officer in any other court or administrative tribunal on any matter relating to traffic or parking violations.

(e) Prohibition of Gifts. In accordance with County Executive Order 2-2018, the Contractor shall not offer, give, or agree to give anything of value to any County employee, agent, consultant, construction manager, or other person or firm representing the County (a "County Representative"), including members of a County Representative's immediate family, in connection with the performance by such County Representative of duties involving transactions with the Contractor on behalf of the County, whether such duties are related to this Agreement or any other County contract or matter. As used herein, "anything of value" shall include, but not be limited to, meals, holiday gifts, holiday baskets, gift cards, tickets to golf outings, tickets to sporting events, currency of any kind, or any other gifts, gratuities, favorable opportunities or preferences. For purposes of this subsection, an immediate family member shall include a spouse, child, parent, or sibling. The Contractor shall include the provisions of this subsection in each subcontract entered into under this Agreement.

(f) Disclosure of Conflicts of Interest. In accordance with County Executive Order 2-2018, the Contractor has disclosed as part of its response to the County's Business History Form, or other disclosure form(s), any and all instances where the Contractor employs any spouse, child, or parent of a County employee of the agency or department that contracted or procured the goods and/or services described under this Agreement. The Contractor shall have a continuing obligation, as circumstances arise, to update this disclosure throughout the term of this Agreement.

(g) Vendor Code of Ethics. By executing this Agreement, the Contractor hereby certifies and covenants that:

- (i) The Contractor has been provided a copy of the Nassau County Vendor Code

- of Ethics issued on June 5, 2019, as may be amended from time to time (the "Vendor Code of Ethics"), and will comply with all of its provisions;
- (ii) All of the Contractor's Participating Employees, as such term is defined in the Vendor Code of Ethics (the "Participating Employees"), have been provided a copy of the Vendor Code of Ethics prior to their participation in the underlying procurement;
 - (iii) All Participating Employees have completed the acknowledgment required by the Vendor Code of Ethics;
 - (iv) The Contractor will retain all of the signed Participating Employee acknowledgements for the period it is required to retain other records pertinent to performance under this Agreement;
 - (v) The Contractor will continue to distribute the Vendor Code of Ethics, obtain signed Participating Employee acknowledgments as new Participating Employees are added or changed during the term of this Agreement, and retain such signed acknowledgments for the period the Contractor is required to retain other records pertinent to performance under this Agreement; and
 - (vi) The Contractor has obtained the certifications required by the Vendor Code of Ethics from any subcontractors or other lower tier participants who have participated in procurements for work performed under this Agreement.

7. Minimum Service Standards. Regardless of whether required by Law: (a) The Contractor shall, and shall cause Contractor Agents to, conduct its, his or her activities in connection with this Agreement so as not to endanger or harm any Person or property.

(b) The Contractor shall provide to the County upon request a letter from the Nassau County Bar Association Judiciary Committee stating that the Contractor is well qualified to serve in the capacity of Judicial Hearing Officer for the Nassau County Traffic and Parking Violations Agency.

(c) The Contractor shall deliver Services under this Agreement in a professional manner consistent with the best practices of the industry in which the Contractor operates. The Contractor shall take all actions necessary or appropriate to meet the obligation described in the immediately preceding sentence, including obtaining and maintaining, and causing all Contractor Agents to obtain and maintain, all approvals, licenses, and certifications ("Approvals") necessary or appropriate in connection with this Agreement.

8. Indemnification; Defense; Cooperation. (a) The Contractor shall be solely responsible for and shall indemnify and hold harmless the County, the Department and its officers, employees, and agents (the "Indemnified Parties") from and against any and all liabilities, losses, costs, expenses (including, without limitation, attorneys' fees and disbursements) and damages ("Losses"), directly arising out of the Contractor's negligence or willful misconduct.

(b) The Contractor shall, upon the County's demand and at the County's direction, promptly and diligently defend, at the Contractor's own risk and expense, any and all suits, actions, or proceedings which may be brought or instituted against one or more Indemnified Parties for which the Contractor is responsible under this Section, and, further to the Contractor's indemnification obligations, the Contractor shall pay and satisfy any judgment, decree, loss or settlement in connection therewith.

(c) The Contractor shall, and shall cause Contractor Agents to, cooperate with the County and the Department in connection with the investigation, defense or prosecution of any action, suit or

proceeding in connection with this Agreement, including the acts or omissions of the Contractor and/or a Contractor Agent in connection with this Agreement.

(d) The provisions of this Section shall survive the termination of this Agreement.

9. Assignment; Amendment; Waiver; Subcontracting. This Agreement and the rights and obligations hereunder may not be in whole or part (a) assigned, transferred or disposed of, (b) amended, (c) waived, or (d) subcontracted, without the prior written consent of the County Executive or his or her duly designated deputy (the "County Executive"), and any purported assignment, other disposal or modification without such prior written consent shall be null and void. The failure of a party to assert any of its rights under this Agreement, including the right to demand strict performance, shall not constitute a waiver of such rights.

10. Termination. (a) Generally. This Agreement may be terminated (i) for any reason by the County upon thirty (30) days' written notice to the Contractor, (ii) for "Cause" by the County immediately upon the receipt by the Contractor of written notice of termination, (iii) upon mutual written Agreement of the County and the Contractor, and (iv) in accordance with any other provisions of this Agreement expressly addressing termination.

As used in this Agreement the word "Cause" includes: (i) a breach of this Agreement; (ii) the failure to obtain and maintain in full force and effect all Approvals required for the services described in this Agreement to be legally and professionally rendered; and (iii) the termination or impending termination of federal or state funding for the services to be provided under this Agreement.

(b) By the Contractor. This Agreement may be terminated by the Contractor if performance becomes impracticable through no fault of the Contractor, where the impracticability relates to the Contractor's ability to perform its obligations and not to a judgment as to convenience or the desirability of continued performance. Termination under this subsection shall be effected by the Contractor delivering to the commissioner or other head of the Department (the "Commissioner"), at least sixty (60) days prior to the termination date (or a shorter period if sixty days' notice is impossible), a notice stating (i) that the Contractor is terminating this Agreement in accordance with this subsection, (ii) the date as of which this Agreement will terminate, and (iii) the facts giving rise to the Contractor's right to terminate under this subsection. A copy of the notice given to the Commissioner shall be given to the Deputy County Executive who oversees the administration of the Department (the "Applicable DCE") on the same day that notice is given to the Commissioner.

(c) Contractor Assistance upon Termination. In connection with the termination or impending termination of this Agreement the Contractor shall, regardless of the reason for termination, take all actions reasonably requested by the County (including those set forth in other provisions of this Agreement) to assist the County in transitioning the Contractor's responsibilities under this Agreement. The provisions of this subsection shall survive the termination of this Agreement.

11. Accounting Procedures; Records. The Contractor shall maintain and retain, for a period of six (6) years following the later of termination of or final payment under this Agreement, complete and accurate records, documents, accounts and other evidence, whether maintained electronically or manually ("Records"), pertinent to performance under this Agreement. Records shall be maintained in accordance with Generally Accepted Accounting Principles and, if the Contractor is a non-profit entity, must comply with the accounting guidelines set forth in the applicable provisions of the Code of Federal Regulations, 2 C.F.R. Part 200, as may be amended. Such Records shall at all times be available for audit and inspection by the Comptroller, the Department, any other

governmental authority with jurisdiction over the provision of services hereunder and/or the payment therefore, and any of their duly designated representatives. The provisions of this Section shall survive the termination of this Agreement.

12. Limitations on Actions and Special Proceedings against the County. No action or special proceeding shall lie or be prosecuted or maintained against the County upon any claims arising out of or in connection with this Agreement unless:

(a) Notice. At least thirty (30) days prior to seeking relief the Contractor shall have presented the demand or claim(s) upon which such action or special proceeding is based in writing to the Applicable DCE for adjustment and the County shall have neglected or refused to make an adjustment or payment on the demand or claim for thirty (30) days after presentment. The Contractor shall send or deliver copies of the documents presented to the Applicable DCE under this Section to each of (i) the Department and the (ii) the County Attorney (at the address specified above for the County) on the same day that documents are sent or delivered to the Applicable DCE. The complaint or necessary moving papers of the Contractor shall allege that the above-described actions and inactions preceded the Contractor's action or special proceeding against the County.

(b) Time Limitation. Such action or special proceeding is commenced within the earlier of (i) one (1) year of the first to occur of (A) final payment under or the termination of this Agreement, and (B) the accrual of the cause of action, and (ii) the time specified in any other provision of this Agreement.

13. Work Performance Liability. The Contractor is and shall remain primarily liable for the successful completion of all work in accordance this Agreement irrespective of whether the Contractor is using a Contractor Agent to perform some or all of the work contemplated by this Agreement, and irrespective of whether the use of such Contractor Agent has been approved by the County.

14. Consent to Jurisdiction and Venue; Governing Law. Unless otherwise specified in this Agreement or required by Law, exclusive original jurisdiction for all claims or actions with respect to this Agreement shall be in the Supreme Court in Nassau County in New York State and the parties expressly waive any objections to the same on any grounds, including venue and forum non conveniens. This Agreement is intended as a contract under, and shall be governed and construed in accordance with, the Laws of New York State, without regard to the conflict of laws provisions thereof.

15. Notices. Any notice, request, demand or other communication required to be given or made in connection with this Agreement shall be (a) in writing, (b) delivered or sent (i) by hand delivery, evidenced by a signed, dated receipt, (ii) postage prepaid via certified mail, return receipt requested, or (iii) overnight delivery via a nationally recognized courier service, (c) deemed given or made on the date the delivery receipt was signed by a County employee, three (3) business days after it is mailed or one (1) business day after it is released to a courier service, as applicable, and (d)(i) if to the Department, to the attention of the Commissioner at the address specified above for the Department, (ii) if to an Applicable DCE, to the attention of the Applicable DCE (whose name the Contractor shall obtain from the Department) at the address specified above for the County, (iii) if to the Comptroller, to the attention of the Comptroller at 240 Old Country Road, Mineola, NY 11501, and (iv) if to the Contractor, to the attention of the person who executed this Agreement on behalf of the Contractor at the address specified above for the Contractor, or in each case to such other persons or addresses as shall be designated by written notice.

16. All Legal Provisions Deemed Included; Severability; Supremacy. (a) Every provision required by Law to be inserted into or referenced by this Agreement is intended to be a part of this Agreement. If any such provision is not inserted or referenced or is not inserted or referenced in correct form then (i) such provision shall be deemed inserted into or referenced by this Agreement for purposes of interpretation and (ii) upon the application of either party this Agreement shall be formally amended to comply strictly with the Law, without prejudice to the rights of either party.

(b) In the event that any provision of this Agreement shall be held to be invalid, illegal or unenforceable, the validity, legality and enforceability of the remaining provisions shall not in any way be affected or impaired thereby.

(c) Unless the application of this subsection will cause a provision required by Law to be excluded from this Agreement, in the event of an actual conflict between the terms and conditions set forth above the signature page to this Agreement and those contained in any schedule, exhibit, appendix, or attachment to this Agreement, the terms and conditions set forth above the signature page shall control. To the extent possible, all the terms of this Agreement should be read together as not conflicting.

(d) Each party has cooperated in the negotiation and preparation of this Agreement. Therefore, in the event that construction of this Agreement occurs, it shall not be construed against either party as drafter.

17. Section and Other Headings. The section and other headings contained in this Agreement are for reference purposes only and shall not affect the meaning or interpretation of this Agreement.

18. Entire Agreement. This Agreement represents the full and entire understanding and agreement between the parties with regard to the subject matter hereof and supersedes all prior agreements (whether written or oral) of the parties relating to the subject matter of this Agreement.

19. Administrative Service Charge. The Contractor agrees to pay the County an administrative service charge of Five Hundred Thirty-Three Dollars (\$533.00) for the processing of this Agreement pursuant to Ordinance Number 74-1979, as amended by Ordinance Numbers 201-2001, 128-2006, and 153-2018. The administrative service charge shall be due and payable to the County by the Contractor upon signing this Agreement.

20. Executory Clause. Notwithstanding any other provision of this Agreement:

(a) Approval and Execution. The County shall have no liability under this Agreement (including any extension or other modification of this Agreement) to any Person unless (i) all County approvals, third party approvals and other governmental approvals have been obtained, including, if required, approval by the County Legislature, and (ii) this Agreement has been executed by the County Executive (as defined in this Agreement).

(b) Availability of Funds. The County shall have no liability under this Agreement (including any extension or other modification of this Agreement) to any Person beyond funds appropriated or otherwise lawfully available for this Agreement, and, if any portion of the funds for this Agreement are from the state and/or federal governments, then beyond funds available to the County from the state and/or federal governments.

IN WITNESS WHEREOF, the Contractor and the County have executed this Agreement as of the Effective Date.

Appendix EE
Equal Employment Opportunities for Minorities and Women

The provisions of this Appendix EE are hereby made a part of the document to which it is attached.

The Contractor shall comply with all federal, State and local statutory and constitutional anti-discrimination provisions. In addition, Local Law No. 14-2002, entitled "Participation by Minority Group Members and Women in Nassau County Contracts," governs all County Contracts as defined herein and solicitations for bids or proposals for County Contracts. In accordance with Local Law 14-2002:

(a) The Contractor shall not discriminate against employees or applicants for employment because of race, creed, color, national origin, sex, age, disability or marital status in recruitment, employment, job assignments, promotions, upgradings, demotions, transfers, layoffs, terminations, and rates of pay or other forms of compensation. The Contractor will undertake or continue existing programs related to recruitment, employment, job assignments, promotions, upgradings, transfers, and rates of pay or other forms of compensation to ensure that minority group members and women are afforded equal employment opportunities without discrimination.

(b) At the request of the County contracting agency, the Contractor shall request each employment agency, labor union, or authorized representative of workers with which it has a collective bargaining or other agreement or understanding, to furnish a written statement that such employment agency, union, or representative will not discriminate on the basis of race, creed, color, national origin, sex, age, disability, or marital status and that such employment agency, labor union, or representative will affirmatively cooperate in the implementation of the Contractor's obligations herein.

(c) The Contractor shall state, in all solicitations or advertisements for employees, that, in the performance of the County Contract, all qualified applicants will be afforded equal employment opportunities without discrimination because of race, creed, color, national origin, sex, age, disability or marital status.

(d) The Contractor shall make best efforts to solicit active participation by certified minority or women-owned business enterprises ("Certified M/WBEs") as defined in Section 101 of Local Law No. 14-2002, for the purpose of granting of Subcontracts.

(e) The Contractor shall, in its advertisements and solicitations for Subcontractors, indicate its interest in receiving bids from Certified M/WBEs and the requirement that Subcontractors must be equal opportunity employers.

(f) Contractors must notify and receive approval from the respective Department Head prior to issuing any Subcontracts and, at the time of requesting such authorization, must submit a signed Best Efforts Checklist.

(g) Contractors for projects under the supervision of the County's Department of Public Works shall also submit a utilization plan listing all proposed Subcontractors so that, to the greatest extent feasible, all Subcontractors will be approved prior to commencement of work. Any additions or changes to the list of subcontractors under the utilization plan shall be approved by the Commissioner of the Department of Public Works when made. A copy of the utilization plan and any additions or

changes thereto shall be submitted by the Contractor to the Office of Minority Affairs simultaneously with the submission to the Department of Public Works.

(h) At any time after Subcontractor approval has been requested and prior to being granted, the contracting agency may require the Contractor to submit Documentation Demonstrating Best Efforts to Obtain Certified Minority or Women-owned Business Enterprises. In addition, the contracting agency may require the Contractor to submit such documentation at any time after Subcontractor approval when the contracting agency has reasonable cause to believe that the existing Best Efforts Checklist may be inaccurate. Within ten working days (10) of any such request by the contracting agency, the Contractor must submit Documentation.

(i) In the case where a request is made by the contracting agency or a Deputy County Executive acting on behalf of the contracting agency, the Contractor must, within two (2) working days of such request, submit evidence to demonstrate that it employed Best Efforts to obtain Certified M/WBE participation through proper documentation.

(j) Award of a County Contract alone shall not be deemed or interpreted as approval of all Contractor's Subcontracts and Contractor's fulfillment of Best Efforts to obtain participation by Certified M/WBEs.

(k) A Contractor shall maintain Documentation Demonstrating Best Efforts to Obtain Certified Minority or Women-owned Business Enterprises for a period of six (6) years. Failure to maintain such records shall be deemed failure to make Best Efforts to comply with this Appendix EE, evidence of false certification as M/WBE compliant or considered breach of the County Contract.

(l) The Contractor shall be bound by the provisions of Section 109 of Local Law No. 14-2002 providing for enforcement of violations as follows:

- a. Upon receipt by the Executive Director of a complaint from a contracting agency that a County Contractor has failed to comply with the provisions of Local Law No. 14-2002, this Appendix EE or any other contractual provisions included in furtherance of Local Law No. 14-2002, the Executive Director will try to resolve the matter.
- b. If efforts to resolve such matter to the satisfaction of all parties are unsuccessful, the Executive Director shall refer the matter, within thirty days (30) of receipt of the complaint, to the American Arbitration Association for proceeding thereon.
- c. Upon conclusion of the arbitration proceedings, the arbitrator shall submit to the Executive Director his recommendations regarding the imposition of sanctions, fines or penalties. The Executive Director shall either (i) adopt the recommendation of the arbitrator (ii) determine that no sanctions, fines or penalties should be imposed or (iii) modify the recommendation of the arbitrator, provided that such modification shall not expand upon any sanction recommended or impose any new sanction, or increase the amount of any recommended fine or penalty. The Executive Director, within ten days (10) of receipt of the arbitrators award and recommendations, shall file a determination of such matter and shall cause a copy of such determination to be served upon the respondent by personal service or by certified mail return receipt requested. The award of the arbitrator, and the fines and penalties imposed by the Executive Director, shall be final

determinations and may only be vacated or modified as provided in the civil practice law and rules ("CPLR").

(m) The contractor shall provide contracting agency with information regarding all subcontracts awarded under any County Contract, including the amount of compensation paid to each Subcontractor and shall complete all forms provided by the Executive Director or the Department Head relating to subcontractor utilization and efforts to obtain M/WBE participation.

Failure to comply with provisions (a) through (m) above, as ultimately determined by the Executive Director, shall be a material breach of the contract constituting grounds for immediate termination. Once a final determination of failure to comply has been reached by the Executive Director, the determination of whether to terminate a contract shall rest with the Deputy County Executive with oversight responsibility for the contracting agency.

Provisions (a), (b) and (c) shall not be binding upon Contractors or Subcontractors in the performance of work or the provision of services or any other activity that are unrelated, separate, or distinct from the County Contract as expressed by its terms.

The requirements of the provisions (a), (b) and (c) shall not apply to any employment or application for employment outside of this County or solicitations or advertisements therefor or any existing programs of affirmative action regarding employment outside of this County and the effect of contract provisions required by these provisions (a), (b) and (c) shall be so limited.

The Contractor shall include provisions (a), (b) and (c) in every Subcontract in such a manner that these provisions shall be binding upon each Subcontractor as to work in connection with the County Contract.

As used in this Appendix EE the term "Best Efforts Checklist" shall mean a list signed by the Contractor, listing the procedures it has undertaken to procure Subcontractors in accordance with this Appendix EE.

As used in this Appendix EE the term "County Contract" shall mean (i) a written agreement or purchase order instrument, providing for a total expenditure in excess of twenty-five thousand dollars (\$25,000), whereby a County contracting agency is committed to expend or does expend funds in return for labor, services, supplies, equipment, materials or any combination of the foregoing, to be performed for, or rendered or furnished to the County; or (ii) a written agreement in excess of one hundred thousand dollars (\$100,000), whereby a County contracting agency is committed to expend or does expend funds for the acquisition, construction, demolition, replacement, major repair or renovation of real property and improvements thereon. However, the term "County Contract" does not include agreements or orders for the following services: banking services, insurance policies or contracts, or contracts with a County contracting agency for the sale of bonds, notes or other securities.

As used in this Appendix EE the term "County Contractor" means an individual, business enterprise, including sole proprietorship, partnership, corporation, not-for-profit corporation, or any other person or entity other than the County, whether a contractor, licensor, licensee or any other party, that is (i) a party to a County Contract, (ii) a bidder in connection with the award of a County

Contract, or (iii) a proposed party to a County Contract, but shall not include any Subcontractor.

As used in this Appendix EE the term "County Contractor" shall mean a person or firm who will manage and be responsible for an entire contracted project.

As used in this Appendix EE "Documentation Demonstrating Best Efforts to Obtain Certified Minority or Women-owned Business Enterprises" shall include, but is not limited to the following:

- a. Proof of having advertised for bids, where appropriate, in minority publications, trade newspapers/notices and magazines, trade and union publications, and publications of general circulation in Nassau County and surrounding areas or having verbally solicited M/WBEs whom the County Contractor reasonably believed might have the qualifications to do the work. A copy of the advertisement, if used, shall be included to demonstrate that it contained language indicating that the County Contractor welcomed bids and quotes from M/WBE Subcontractors. In addition, proof of the date(s) any such advertisements appeared must be included in the Best Effort Documentation. If verbal solicitation is used, a County Contractor's affidavit with a notary's signature and stamp shall be required as part of the documentation.
- b. Proof of having provided reasonable time for M/WBE Subcontractors to respond to bid opportunities according to industry norms and standards. A chart outlining the schedule/time frame used to obtain bids from M/WBEs is suggested to be included with the Best Effort Documentation
- c. Proof or affidavit of follow-up of telephone calls with potential M/WBE subcontractors encouraging their participation. Telephone logs indicating such action can be included with the Best Effort Documentation
- d. Proof or affidavit that M/WBE Subcontractors were allowed to review bid specifications, blueprints and all other bid/RFP related items at no charge to the M/WBEs, other than reasonable documentation costs incurred by the County Contractor that are passed onto the M/WBE.
- e. Proof or affidavit that sufficient time prior to making award was allowed for M/WBEs to participate effectively, to the extent practicable given the timeframe of the County Contract.
- f. Proof or affidavit that negotiations were held in good faith with interested M/WBEs, and that M/WBEs were not rejected as unqualified or unacceptable without sound business reasons based on (1) a thorough investigation of M/WBE qualifications and capabilities reviewed against industry custom and standards and (2) cost of performance. The basis for rejecting any M/WBE deemed unqualified by the County Contractor shall be included in the Best Effort Documentation
- g. If an M/WBE is rejected based on cost, the County Contractor must submit a list of all sub-bidders for each item of work solicited and their bid prices for the work.
- h. The conditions of performance expected of Subcontractors by the County Contractor must also be included with the Best Effort Documentation

- i. County Contractors may include any other type of documentation they feel necessary to further demonstrate their Best Efforts regarding their bid documents.

As used in this Appendix EE the term "Executive Director" shall mean the Executive Director of the Nassau County Office of Minority Affairs; provided, however, that Executive Director shall include a designee of the Executive Director except in the case of final determinations issued pursuant to Section (a) through (l) of these rules.

As used in this Appendix EE the term "Subcontract" shall mean an agreement consisting of part or parts of the contracted work of the County Contractor.

As used in this Appendix EE, the term "Subcontractor" shall mean a person or firm who performs part or parts of the contracted work of a prime contractor providing services, including construction services, to the County pursuant to a county contract. Subcontractor shall include a person or firm that provides labor, professional or other services, materials or supplies to a prime contractor that are necessary for the prime contractor to fulfill its obligations to provide services to the County pursuant to a county contract. Subcontractor shall not include a supplier of materials to a contractor who has contracted to provide goods but no services to the County, nor a supplier of incidental materials to a contractor, such as office supplies, tools and other items of nominal cost that are utilized in the performance of a service contract.

Provisions requiring contractors to retain or submit documentation of best efforts to utilize certified subcontractors and requiring Department head approval prior to subcontracting shall not apply to inter-governmental agreements. In addition, the tracking of expenditures of County dollars by not-for-profit corporations, other municipalities, States, or the federal government is not required.

Appendix L
Certificate of Compliance

In compliance with Local Law 1-2006, as amended (the "Law"), the Contractor hereby certifies the following:

1. The chief executive officer of the Contractor is:

Howard S Krebs (Name)
[Redacted] (Address)
[Redacted] (Telephone Number)

2. The Contractor agrees to either (1) comply with the requirements of the Nassau County Living Wage Law or (2) as applicable, obtain a waiver of the requirements of the Law pursuant to section 9 of the Law. In the event that the contractor does not comply with the requirements of the Law or obtain a waiver of the requirements of the Law, and such contractor establishes to the satisfaction of the Department that at the time of execution of this agreement, it had a reasonable certainty that it would receive such waiver based on the Law and Rules pertaining to waivers, the County will agree to terminate the contract without imposing costs or seeking damages against the Contractor

3. In the past five years, Contractor _____ has has not been found by a court or a government agency to have violated federal, state, or local laws regulating payment of wages or benefits, labor relations, or occupational safety and health. If a violation has been assessed against the Contractor, describe below:

4. In the past five years, an administrative proceeding, investigation, or government body-initiated judicial action_ has has not been commenced against or relating to the Contractor in connection with federal, state, or local laws regulating payment of wages or benefits, labor relations, or occupational safety and health. If such a proceeding, action, or investigation has been commenced, describe below:

5. Contractor agrees to permit access to work sites and relevant payroll records by authorized County representatives for the purpose of monitoring compliance with the Living Wage Law and investigating employee complaints of noncompliance.

I hereby certify that I have read the foregoing statement and, to the best of my knowledge and belief, it is true, correct and complete. Any statement or representation made herein shall be accurate and true as of the date stated below.

COMPTROLLER APPROVAL FORM FOR PERSONAL, PROFESSIONAL OR HUMAN SERVICES CONTRACTS

Attach this form along with all personal, professional or human services contracts, contract renewals, extensions and amendments.

CONTRACTOR NAME: Howard S. Krebs, Esq.

CONTRACTOR ADDRESS [REDACTED]

FEDERAL TAX ID #: [REDACTED]

Instructions: Please check the appropriate box (“”) after one of the following roman numerals, and provide all the requested information.

I. **The contract was awarded to the lowest, responsible bidder after advertisement for sealed bids.** The contract was awarded after a request for sealed bids was published in _____ [newspaper] on _____ [date]. The sealed bids were publicly opened on _____ [date]. _____ [#] of sealed bids were received and opened.

II. **The contractor was selected pursuant to a Request for Proposals.**

The Contract was entered into after a written request for proposals was issued on March 3, 2022 [date]. Potential proposers were made aware of the availability of the RFP by advertisement in New York Newsday [newspaper], posting on industry websites, via email to interested parties and by publication on the County procurement website. Proposals were due on continuous [date]. 2 [state #] proposals were received and evaluated. The evaluation committee consisted of:

No evaluation committee was convened for this RFSQ. NYS VTL 1690 authorizes the Nassau County Administrative Judge to assign qualified Judicial Hearing Officers.

(list # of persons on committee and their respective departments). The proposals were scored and ranked. As a result of the scoring and ranking, the highest-ranking proposer was selected.

III. This is a renewal, extension or amendment of an existing contract.

The contract was originally executed by Nassau County on _____ [date]. This is a renewal or extension pursuant to the contract, or an amendment within the scope of the contract or RFP (copies of the relevant pages are attached). The original contract was entered into after _____

_____ [describe procurement method, i.e., RFP, three proposals evaluated, etc.] Attach a copy of the most recent evaluation of the contractor's performance for any contract to be renewed or extended. If the contractor has not received a satisfactory evaluation, the department must explain why the contractor should nevertheless be permitted to continue to contract with the county.

IV. Pursuant to Executive Order No. 1 of 1993, as amended, at least three proposals were solicited and received. The attached memorandum from the department head describes the proposals received, along with the cost of each proposal.

- A. The contract has been awarded to the proposer offering the lowest cost proposal; **OR:**
- B. The attached memorandum contains a detailed explanation as to the reason(s) why the contract was awarded to other than the lowest-cost proposer. The attachment includes a specific delineation of the unique skills and experience, the specific reasons why a proposal is deemed superior, and/or why the proposer has been judged to be able to perform more quickly than other proposers.

V. Pursuant to Executive Order No. 1 of 1993 as amended, the attached memorandum from the department head explains why the department did not obtain at least three proposals.

- A. There are only one or two providers of the services sought or less than three providers submitted proposals. The memorandum describes how the contractor was determined to be the sole source provider of the personal service needed or explains why only two proposals could be obtained. If two proposals were obtained, the memorandum explains that the contract was awarded to the lowest cost proposer, or why the selected proposer offered the higher quality proposal, the proposer's unique and special experience, skill, or expertise, or its availability to perform in the most immediate and timely manner.
- B. The memorandum explains that the contractor's selection was dictated by the terms of a federal or New York State grant, by legislation or by a court order. (Copies of the relevant documents are attached).
- C. Pursuant to General Municipal Law Section 104, the department is purchasing the services required through a New York State Office of General Services contract no. _____, and the attached memorandum explains how the purchase is within the scope of the terms of that contract.

- D.** Pursuant to General Municipal Law Section 119-o, the department is purchasing the services required through an inter-municipal agreement.

VI. This is a human services contract with a not-for-profit agency for which a competitive process has not been initiated. Attached is a memorandum that explains the reasons for entering into this contract without conducting a competitive process, and details when the department intends to initiate a competitive process for the future award of these services. For any such contract, where the vendor has previously provided services to the county, attach a copy of the most recent evaluation of the vendor's performance. If the contractor has not received a satisfactory evaluation, the department must explain why the contractor should nevertheless be permitted to contract with the county.

In certain limited circumstances, conducting a competitive process and/or completing performance evaluations may not be possible because of the nature of the human services program, or because of a compelling need to continue services through the same provider. In those circumstances, attach an explanation of why a competitive process and/or performance evaluation is inapplicable.

VII. This is a public works contract for the provision of architectural, engineering or surveying services. The attached memorandum provides details of the department's compliance with Board of Supervisors' Resolution No. 928 of 1993, including its receipt and evaluation of annual Statements of Qualifications & Performance Data, and its negotiations with the most highly qualified firms.

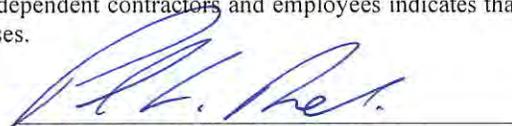

Instructions with respect to Sections VIII, IX and X: All Departments must check the box for VIII. Then, check the box for either IX or X, as applicable.

VIII. Participation of Minority Group Members and Women in Nassau County Contracts. The selected contractor has agreed that it has an obligation to utilize best efforts to hire MWBE sub-contractors. Proof of the contractual utilization of best efforts as outlined in Exhibit "EE" may be requested at any time, from time to time, by the Comptroller's Office prior to the approval of claim vouchers.

IX. Department MWBE responsibilities. To ensure compliance with MWBE requirements as outlined in Exhibit "EE", Department will require vendor to submit list of sub-contractor requirements prior to submission of the first claim voucher, for services under this contract being submitted to the Comptroller.

X. Vendor will not require any sub-contractors.

In addition, if this is a contract with an individual or with an entity that has only one or two employees: a review of the criteria set forth by the Internal Revenue Service, *Revenue Ruling No. 87-41, 1987-1 C.B. 296*, attached as Appendix A to the Comptroller's Memorandum, dated February 13, 2004, concerning independent contractors and employees indicates that the contractor would not be considered an employee for federal tax purposes.

Department Head Signature

INTER-DEPARTMENTAL MEMO

**TO: Elaine Phillips
County Comptroller**

**FROM: Hon. Paul L. Meli
Executive Director**

DATE: March 31, 2022

SUBJECT: 2022 TPVA JHO RFSQ

The Nassau County Traffic and Parking Violations Agency (TPVA) issued a Judicial Hearing Officer (JHO) Request for Statement of Qualifications (RFSQ) on March 3, 2022.

The RFSQ is considered continuous with no set end date. The RFSQ is not a competitive bid. The nature of the TPVA issued RFSQ is to find qualified JHO's for TPVA. TPVA sets the rate for which the JHO's are contractually compensated. All JHO's receive the same contractual rate.

COUNTY OF NASSAU

POLITICAL CAMPAIGN CONTRIBUTION DISCLOSURE FORM

1. Has the vendor or any corporate officers of the vendor provided campaign contributions pursuant to the New York State Election Law in (a) the period beginning April 1, 2016 and ending on the date of this disclosure, or (b), beginning April 1, 2018, the period beginning two years prior to the date of this disclosure and ending on the date of this disclosure, to the campaign committees of any of the following Nassau County elected officials or to the campaign committees of any candidates for any of the following Nassau County elected offices: the County Executive, the County Clerk, the Comptroller, the District Attorney, or any County Legislator?

YES NO If yes, to what campaign committee?

2. VERIFICATION: This section must be signed by a principal of the consultant, contractor or Vendor authorized as a signatory of the firm for the purpose of executing Contracts.

The undersigned affirms and so swears that he/she has read and understood the foregoing statements and they are, to his/her knowledge, true and accurate.

The undersigned further certifies and affirms that the contribution(s) to the campaign committees identified above were made freely and without duress, threat or any promise of a governmental benefit or in exchange for any benefit or remuneration.

COUNTY OF NASSAU

LOBBYIST REGISTRATION AND DISCLOSURE FORM

1. Name, address and telephone number of lobbyist(s)/lobbying organization. The term "lobbyist" means any and every person or organization retained, employed or designated by any client to influence - or promote a matter before - Nassau County, its agencies, boards, commissions, department heads, legislators or committees, including but not limited to the Open Space and Parks Advisory Committee and Planning Commission. Such matters include, but are not limited to, requests for proposals, development or improvement of real property subject to County regulation, procurements. The term "lobbyist" does not include any officer, director, trustee, employee, counsel or agent of the County of Nassau, or State of New York, when discharging his or her official duties.

None

2. List whether and where the person/organization is registered as a lobbyist (e.g., Nassau County, New York State):

No

3. Name, address and telephone number of client(s) by whom, or on whose behalf, the lobbyist is retained, employed or designated:

None

4. Describe lobbying activity conducted, or to be conducted, in Nassau County, and identify client(s) for each activity listed. See the last page for a complete description of lobbying activities.

No activity

5. The name of persons, organizations or governmental entities before whom the lobbyist expects to lobby:

None

6. If such lobbyist is retained or employed pursuant to a written agreement of retainer or employment, you must attach a copy of such document; and if agreement of retainer or employment is oral, attach a written statement of the substance thereof. If the written agreement of retainer or employment does not contain a signed authorization from the client by whom you have been authorized to lobby. separately attach such a written authorization from the client.

7. Has the lobbyist/lobbying organization or any of its corporate officers provided campaign contributions pursuant to the New York State Election Law in (a) the period beginning April 1, 2016 and ending on the date of this disclosure, or (b), beginning April 1, 2018, the period beginning two years prior to the date of this disclosure and ending on the date of this disclosure, to the campaign committees of any of the following Nassau County elected officials or to the campaign committees of any candidates for any of the following Nassau County elected offices: the County Executive, the County Clerk, the Comptroller, the District Attorney, or any County Legislator?

YES NO If yes, to what campaign committee? If none, you must so state:

I understand that copies of this form will be sent to the Nassau County Department of Information Technology ("IT") to be posted on the County's website.

I also understand that upon termination of retainer, employment or designation I must give written notice to the County Attorney within thirty (30) days of termination.

VERIFICATION: The undersigned affirms and so swears that he/she has read and understood the foregoing statements and they are, to his/her knowledge, true and accurate.

The undersigned further certifies and affirms that the contribution(s) to the campaign committees listed above were made freely and without duress, threat or any promise of a governmental benefit or in exchange for any benefit or remuneration.

Electronically signed and certified at the date and time indicated by:

Howard S. Krebs [REDACTED]

Dated: 04/12/2022 12:29:38 PM

Vendor: Howard S. Krebs, Esq.

Title: Owner, Sole Proprietor

The term lobbying shall mean any attempt to influence: any determination made by the Nassau County Legislature, or any member thereof, with respect to the introduction, passage, defeat, or substance of any local legislation or resolution; any determination by the County Executive to support, oppose, approve or disapprove any local legislation or resolution, whether or not such legislation has been introduced in the County Legislature; any determination by an elected County official or an officer or employee of the County with respect to the procurement of goods, services or construction, including the preparation of contract specifications, including but not limited to the preparation of requests for proposals, or solicitation, award or administration of a contract or with respect to the solicitation, award or administration of a grant, loan, or agreement involving the disbursement of public monies; any determination made by the County Executive, County Legislature, or by the County of Nassau, its agencies, boards, commissions department heads or committees, including but not limited to the Open Space and Parks Advisory Committee, the Planning Commission with respect to the zoning, use, development or improvement of real property subject to County regulation, or any agencies, boards, commissions, department heads or committees with respect to requests for proposals, bidding, procurement or contracting for services for the County; any determination made by an elected county official or an officer or employee of the county with respect to the terms of the acquisition or disposition by the county of any interest in real property, with respect to a license or permit for the use of real property of or by the county, or with respect to a franchise, concession or revocable consent; the proposal, adoption, amendment or rejection by an agency of any rule having the force and effect of law; the decision to hold, timing or outcome of any rate making proceeding before an agency; the agenda or any determination of a board or commission; any determination regarding the calendaring or scope of any legislature oversight hearing; the issuance, repeal, modification or substance of a County Executive Order; or any determination made by an elected county official or an officer or employee of the county to support or oppose any state or federal legislation, rule or regulation, including any determination made to support or oppose that is contingent on any amendment of such legislation, rule or regulation, whether or not such legislation has been formally introduced and whether or not such rule or regulation has been formally proposed.

The term "lobbying" or "lobbying activities" does not include: Persons engaged in drafting legislation, rules, regulations or rates; persons advising clients and rendering opinions on proposed legislation, rules, regulations or rates, where such professional services are not otherwise connected with legislative or executive action on such legislation or administrative action on such rules, regulations or rates; newspapers and other periodicals and radio and television stations and owners and employees thereof, provided that their activities in connection with proposed legislation, rules, regulations or rates are limited to the publication or broadcast of news items, editorials or other comment, or paid advertisements; persons who participate as witnesses, attorneys or other representatives in public rule-making or rate-making proceedings of a County agency, with respect to all participation by such persons which is part of the public record thereof and all preparation by such persons for such participation; persons who attempt to influence a County agency in an adjudicatory proceeding, as defined by § 102 of the New York State Administrative Procedure Act.

Business History Form

The contract shall be awarded to the responsible proposer who, at the discretion of the County, taking into consideration the reliability of the proposer and the capacity of the proposer to perform the services required by the County, offers the best value to the County and who will best promote the public interest.

In addition to the submission of proposals, each proposer shall complete and submit this questionnaire. The questionnaire shall be filled out by the owner of a sole proprietorship or by an authorized representative of the firm, corporation or partnership submitting the Proposal.

NOTE: All questions require a response, even if response is "none" or "not-applicable." No blanks.

(USE ADDITIONAL SHEETS IF NECESSARY TO FULLY ANSWER THE FOLLOWING QUESTIONS).

Date: 09/23/2021

3. Do you have an equity interest in the business submitting the questionnaire?

YES NO If Yes, provide details.

I am a solo practitioner attorney. As I am the attorney providing the contracted services, I am assuming that I have a full 100% equity interest.

4. Are there any outstanding loans, guarantees or any other form of security or lease or any other type of contribution made in whole or in part between you and the business submitting the questionnaire?

YES NO If Yes, provide details.

5. Within the past 3 years, have you been a principal owner or officer of any business or notfor-profit organization other than the one submitting the questionnaire?

YES NO If Yes, provide details.

6. Has any governmental entity awarded any contracts to a business or organization listed in Section 5 in the past 3 years while you were a principal owner or officer?

YES NO If Yes, provide details.

NOTE: An affirmative answer is required below whether the sanction arose automatically, by operation of law, or as a result of any action taken by a government agency. Provide a detailed response to all questions checked "YES". If you need more space, photocopy the appropriate page and attach it to the questionnaire.

7. In the past (5) years, have you and/or any affiliated businesses or not-for-profit organizations listed in Section 5 in which you have been a principal owner or officer:

a. Been debarred by any government agency from entering into contracts with that agency?

YES NO If yes, provide an explanation of the circumstances and corrective action taken.

b. Been declared in default and/or terminated for cause on any contract, and/or had any contracts cancelled for cause?

YES NO If yes, provide an explanation of the circumstances and corrective action taken.

c. Been denied the award of a contract and/or the opportunity to bid on a contract, including, but not limited to, failure to meet pre-qualification standards?

YES NO If yes, provide an explanation of the circumstances and corrective action taken.

d. Been suspended by any government agency from entering into any contract with it; and/or is any action pending that could formally debar or otherwise affect such business's ability to bid or propose on contract?

YES NO If yes, provide an explanation of the circumstances and corrective action taken.

8. Have any of the businesses or organizations listed in response to Question 5 filed a bankruptcy petition and/or been the subject of involuntary bankruptcy proceedings during the past 7 years, and/or for any portion of the last 7 year period, been in a state of bankruptcy as a result of bankruptcy proceedings initiated more than 7 years ago and/or is any such business now the subject of any pending bankruptcy proceedings, whenever initiated?
YES NO If 'Yes', provide details for each such instance. (Provide a detailed response to all questions check "Yes". If you need more space, photocopy the appropriate page and attached it to the questionnaire.)

9. a. Is there any felony charge pending against you?
YES NO If yes, provide an explanation of the circumstances and corrective action taken.

b. Is there any misdemeanor charge pending against you?
YES NO If yes, provide an explanation of the circumstances and corrective action taken.

c. Is there any administrative charge pending against you?
YES NO If yes, provide an explanation of the circumstances and corrective action taken.

d. In the past 10 years, have you been convicted, after trial or by plea, of any felony, or of any other crime, an element of which relates to truthfulness or the underlying facts of which related to the conduct of business? Y
YES NO If yes, provide an explanation of the circumstances and corrective action taken.

e. In the past 5 years, have you been convicted, after trial or by plea, of a misdemeanor?
YES NO If yes, provide an explanation of the circumstances and corrective action taken.

f. In the past 5 years, have you been found in violation of any administrative or statutory charges?
YES NO If yes, provide an explanation of the circumstances and corrective action taken.

10. In addition to the information provided in response to the previous questions, in the past 5 years, have you been the subject of a criminal investigation and/or a civil anti-trust investigation by any federal, state or local prosecuting or investigative agency and/or the subject of an investigation where such investigation was related to activities performed at, for, or on behalf of the submitting business entity and/or an affiliated business listed in response to Question 5?

YES NO If yes, provide an explanation of the circumstances and corrective action taken.

11. In addition to the information provided, in the past 5 years has any business or organization listed in response to Question 5, been the subject of a criminal investigation and/or a civil anti-trust investigation and/or any other type of investigation by any government agency, including but not limited to federal, state, and local regulatory agencies while you were a principal owner or officer?

YES NO If yes, provide an explanation of the circumstances and corrective action taken.

12. In the past 5 years, have you or this business, or any other affiliated business listed in response to Question 5 had any sanction imposed as a result of judicial or administrative proceedings with respect to any professional license held?

YES NO If yes, provide an explanation of the circumstances and corrective action taken.

13. For the past 5 tax years, have you failed to file any required tax returns or failed to pay any applicable federal, state or local taxes or other assessed charges, including but not limited to water and sewer charges?

YES NO If yes, provide an explanation of the circumstances and corrective action taken.

I, Howard S. Krebs , hereby acknowledge that a materially false statement willfully or fraudulently made in connection with this form may result in rendering the submitting business entity and/or any affiliated entities non-responsible, and, in addition, may subject me to criminal charges.

I, Howard S. Krebs , hereby certify that I have read and understand all the items contained in this form; that I supplied full and complete answers to each item therein to the best of my knowledge, information and belief; that I will notify the County in writing of any change in circumstances occurring after the submission of this form; and that all information supplied by me is true to the best of my knowledge, information and belief. I understand that the County will rely on the information supplied in this form as additional inducement to enter into a contract with the submitting business entity.

CERTIFICATION

A MATERIALLY FALSE STATEMENT WILLFULLY OR FRAUDULENTLY MADE IN CONNECTION WITH THIS QUESTIONNAIRE MAY RESULT IN RENDERING THE SUBMITTING BUSINESS ENTITY NOT RESPONSIBLE WITH RESPECT TO THE PRESENT BID OR FUTURE BIDS, AND, IN ADDITION, MAY SUBJECT THE PERSON MAKING THE FALSE STATEMENT TO CRIMINAL CHARGES.

COUNTY OF NASSAU

CONSULTANT'S, CONTRACTOR'S AND VENDOR'S DISCLOSURE FORM

1. Name of the Entity: Howard S. Krebs, Esq.

Address: [REDACTED]

City: [REDACTED] State/Province/Territory: [REDACTED] Zip/Postal Code: [REDACTED]

Country: US

2. Entity's Vendor Identification Number: [REDACTED]

3. Type of Business: Other (specify) Sole Proprietor

4. List names and addresses of all principals; that is, all individuals serving on the Board of Directors or comparable body, all partners and limited partners, all corporate officers, all parties of Joint Ventures, and all members and officers of limited liability companies (attach additional sheets if necessary):

No principals have been attached to this form.

5. List names and addresses of all shareholders, members, or partners of the firm. If the shareholder is not an individual, list the individual shareholders/partners/members. If a Publicly held Corporation, include a copy of the 10K in lieu of completing this section.

If none, explain.

Sole Proprietorship with no members or shareholders

No shareholders, members, or partners have been attached to this form.

6. List all affiliated and related companies and their relationship to the firm entered on line 1. above (if none, enter "None"). Attach a separate disclosure form for each affiliated or subsidiary company that may take part in the performance of this contract. Such disclosure shall be updated to include affiliated or subsidiary companies not previously disclosed that participate in the performance of the contract.

None

7. List all lobbyists whose services were utilized at any stage in this matter (i.e., pre-bid, bid, post-bid, etc.). If none, enter "None." The term "lobbyist" means any and every person or organization retained, employed or designated by any client to influence - or promote a matter before - Nassau County, its agencies, boards, commissions, department heads, legislators or committees, including but not limited to the Open Space and Parks Advisory Committee and Planning Commission. Such matters include, but are not limited to, requests for proposals, development or improvement of real property subject to County regulation, procurements. The term "lobbyist" does not include any officer, director, trustee, employee, counsel or agent of the County of Nassau, or State of New York, when discharging his or her official duties.

Are there lobbyists involved in this matter?

YES NO

(a) Name, title, business address and telephone number of lobbyist(s):

[REDACTED]

(b) Describe lobbying activity of each lobbyist. See below for a complete description of lobbying activities.

[REDACTED]

(c) List whether and where the person/organization is registered as a lobbyist (e.g., Nassau County, New York State):

8. VERIFICATION: This section must be signed by a principal of the consultant, contractor or Vendor authorized as a signatory of the firm for the purpose of executing Contracts.

The undersigned affirms and so swears that he/she has read and understood the foregoing statements and they are, to his/her knowledge, true and accurate.

Electronically signed and certified at the date and time indicated by:

Howard S. Krebs, Esq. [REDACTED]

Dated: 04/12/2022 12:26:59 PM

Title: Owner, Sole Proprietor

The term lobbying shall mean any attempt to influence: any determination made by the Nassau County Legislature, or any member thereof, with respect to the introduction, passage, defeat, or substance of any local legislation or resolution; any determination by the County Executive to support, oppose, approve or disapprove any local legislation or resolution, whether or not such legislation has been introduced in the County Legislature; any determination by an elected County official or an officer or employee of the County with respect to the procurement of goods, services or construction, including the preparation of contract specifications, including by not limited to the preparation of requests for proposals, or solicitation, award or administration of a contract or with respect to the solicitation, award or administration of a grant, loan, or agreement involving the disbursement of public monies; any determination made by the County Executive, County Legislature, or by the County of Nassau, its agencies, boards, commissions, department heads or committees, including but not limited to the Open Space and Parks Advisory Committee, the Planning Commission, with respect to the zoning, use, development or improvement of real property subject to County regulation, or any agencies, boards, commissions, department heads or committees with respect to requests for proposals, bidding, procurement or contracting for services for the County; any determination made by an elected county official or an officer or employee of the county with respect to the terms of the acquisition or disposition by the county of any interest in real property, with respect to a license or permit for the use of real property of or by the county, or with respect to a franchise, concession or revocable consent; the proposal, adoption, amendment or rejection by an agency of any rule having the force and effect of law; the decision to hold, timing or outcome of any rate making proceeding before an agency; the agenda or any determination of a board or commission; any determination regarding the calendaring or scope of any legislature oversight hearing; the issuance, repeal, modification or substance of a County Executive Order; or any determination made by an elected county official or an officer or employee of the county to support or oppose any state or federal legislation, rule or regulation, including any determination made to support or oppose that is contingent on any amendment of such legislation, rule or regulation, whether or not such legislation has been formally introduced and whether or not such rule or regulation has been formally proposed.

Mineola, New York 11501

Re. Proposed Contracts for Judicial Hearing Officer

Dear Mr. Gurrieri:

Pursuant to section 32 of the Collective Bargaining Agreement and as a good faith effort to advise the CSEA of the County's needs, this letter is to advise you that the TPVA is considering entering into contractual services with the multiple vendors. By providing this notice, it should not be implied that the work referenced in the contract has been the historic and exclusive work of bargaining unit members. In fact, the County maintains it has not been their work in the past. Pursuant to section 32-3(a), the County's needs are described in the service provisions of the contract including but not limited to appendices and other related attachments.

RFP Scope of Services: Partial Scope description below, see enclosed draft RFP for full description.

Nassau County, New York (the "County") is currently seeking Statements of Qualifications submissions from qualified individuals authorized to provide Judicial Hearing Officer Services in the State of New York.

The Nassau County Traffic and Parking Violations Agency ("TPVA") adjudicates traffic and parking violations as well as photo enforcement Notices of Liability (NOL's) for the County. Pre-Covid-19, the agency had approximately 5,000 visitors weekly. Many of the motorist's visits result in hearings, adjudicated by three (3) or four (4) JHOs on a daily basis. Those candidates who demonstrate that they meet these statutory requirements will then be eligible for appointment as judicial hearing officers by the administrative judge for the 10th Judicial District pursuant to VTL Section 1690(1) and Section 350.20(5) of the Criminal Procedure Law. TPVA

currently has seventeen (17) JHOs. Their schedules vary based on availability and needs of the Court. This position is necessary to provide services to handle the volume of traffic at TPVA. The schedule for JHOs will be subject to change depending on needs of the Court.

If you wish to meet or discuss any aspect of this proposed contract, or to discuss proposed alternatives to this contract, please do not hesitate to contact the undersigned and/or the Nassau County Office of Labor Relations.

Sincerely,

A handwritten signature in black ink, appearing to read "Paul L. Meli", written over a horizontal line.

Hon. Paul L. Meli
Nassau County Traffic and Parking Violations Agency

DEPARTMENTAL MEMO

FROM: Hon. Paul L. Meli
Executive Director, NCTPVA

DATE: February 23, 2022

SUBJECT: Cost Estimate for 2022 JHO RFSQ

A cost estimate is set at \$30,000 per Judicial Hearing Officer (JHO) based upon history. TPVA has historically set the fee at \$350 per full day session, \$175 for half day session and \$175 for an evening session. Total amount estimated is based upon the number of JHO's contracted with. TPVA utilizes between 3 and 4 hearings rooms per day as well as 1 to 2 hearing rooms per evening when it conducts night court operations. Each hearing room needs to be staffed by a JHO. There are occasions where we have less hearing rooms operating and sometimes more hearing rooms operating. The role of a JHO contractor would be comparable to a part-time employee. There is no expectation for the contractors to work full time, as we rotate and staff the hearing rooms by rotating 17 eligible contractors. To be eligible for a JHO position, per NYS VTL, they must be a retired Judge or a Village Justice.

SUMMARY

- Seasoned senior level attorney across many practice areas, coupled with broad based in-house and governmental agency experience.
- Demonstrated expertise in providing timely and practical real-world solutions to complex legal issues.
- A history of success at arbitrations and mediations and significant "first chair" trial experience in state and federal court.
- Admitted to all state and federal courts of New York, the U.S. District Court and the U.S. Supreme Court.

EXPERIENCE

Corporation Counsel, City of New York
(Remote Work setting)

**Special Assistant
Corporation Counsel**
2021-Present

- In-depth analysis and settlement of IDEA fee shifting cases in the southern and eastern district federal court.
- Recommendation of settlement budgets to the office of the N.Y.C. Comptroller.
- Extensive negotiations with claimant's counsels, and conferences with federal magistrate judges.

Law Offices of Elias C. Schwartz
Great Neck, N.Y.

Senior Attorney
2019 - 2020

- Trial counsel for renowned local construction law firm, focusing on mechanic's lien filings and foreclosures.
- Construction and real estate litigation in state and federal court.
- Representation of high net worth entrepreneurs in acquisition and sales of personal and business assets.
- Commercial lease negotiation, drafting and litigation.

Law Offices of Gerald P. Gross
Cedarhurst, N.Y.

Senior Attorney
2018-2019

- Senior Attorney for plaintiff's side personal injury firm, with a full and varied docket throughout N.Y.C.
- Extensive deposition experience and discovery and dispositive motion practice.
- Skilled in oral argument, settlement negotiations, mediations and negotiations with carriers and self-insureds.
- In depth settlement experience with the City of New York, Corporation Counsel and the Comptroller's office.

Bellavia Blatt & Crossett, P.C.
Mineola, N.Y.

Senior Attorney
2016-2017

- Senior Attorney for nationally known boutique firm representing automobile and marine dealers and franchisees.
- Drafting of confidentiality, employment, and dealer service agreements and real estate leases and property sales.
- Representation of dealers under investigation by the N.Y.S. Attorney General and Department of Motor Vehicles.
- Article 78 proceedings and defense of Department of Labor and E.E.O.C. claims.
- Handle negotiation, drafting and closing of multi-million dollar "buy-sell transactions" for various auto dealerships.
- Litigation in U.S. District Court and local state courts on a wide variety of commercial matters.

The Latronica Law Firm, P.C.
Levittown, N.Y.

Senior Attorney
2015-2016

- Plaintiff's side personal injury practice with an emphasis on motor vehicle and construction accidents.

- Head of the firm's commercial and residential real estate practice group, and head of the firm's matrimonial and family law practice group. Supervision and training of paralegals and support staff.
- Defense of criminal and foreclosure proceedings.

Howard S. Krebs, Attorney at Law (Solo practice while "Of Counsel")
Lake Success, N.Y.

Attorney
 2011 – 2015

- Represent small and medium sized commercial clients in litigation in all New York state and federal courts.
- Serve as trial counsel for local firms on an "of counsel" and retained trial counsel basis.
- Representation at worker's compensation, unemployment and motor vehicle administrative hearings and proceedings.
- Residential real estate practice for single family & multi-family homes, and condominiums and cooperatives.
- Estate and elder law practice and litigation on contested matters in the Surrogate's courts.

Wu and Kao, PLLC,
New York and Tianjin, China

Of Counsel
 2013 – 2014

- Senior litigation and trial counsel for this leading Chinese and U.S. law firm.
- Drafting and negotiation of financing, leasing, and "buy-sell" agreements.
- Complex commercial litigation, primarily in the United States District Court, Southern District.
- Supervision, training, and mentoring of junior attorneys and paralegals and support staff in the U.S. and China.

AFPD, Inc. (Administrators for the Professions of Delaware, Inc.)
Lake Success, N.Y. (Company acquired and dissolved)

Claims Counsel
 2007-2011

- Claims counsel for attorney malpractice cases for attorney professional liability and dental liability insurance programs.
- Selection, oversight, and management of a national panel of outside approved counsel and setting of case strategy.
- Periodic national travel to attend mediations and trials with a very high rate of successful resolutions.
- Initial coverage analysis, setting of reserves, and drafting of coverage opinion letters and "reservation of rights" letters.

Andrew Greene & Associates, P.C. (Formerly Greene & Zinner, P.C.)
White Plains, N.Y.

Senior Associate
 2006 – 2007

- Negotiation and drafting of commercial contracts, commercial real estate leases, equipment leases, and licensing agreements. Lead counsel on various closely held business "buy and sell" transactions.
- Article 78 proceedings, appellate matters, and a full range of civil and criminal litigation in city, county, and state courts.
- White collar criminal defense, corporate accountings, and dissolutions.

Howard S. Krebs, P.C.
Great Neck, N.Y.

Managing Attorney
 1995 – 2006

- Areas of practice include commercial litigation, construction litigation, bond and lien litigation, collection matters, matrimonial and family law, estate planning and creditor representation in the U.S. Bankruptcy Court.
- Commercial and residential real estate practice for tenants and owners. Negotiation of leases and subleases.
- Serve as outside counsel for small and medium sized contractors, professional corporations, and non-profits.
- Extensive deposition, conference and motion experience, and arbitrations before the American Arbitration Association.

Synergy Gas Corporation
Counsel

Senior Counsel, In-house

Farmingdale, New York (Company acquired and relocated) 1993 – 1995

- Extensive drafting and negotiation of multi-state vendor and supplier contracts across company product lines.
- Provide counsel on a full range of employment issues, real estate leasing, asset sales and acquisitions.
- Management of nationwide litigation caseload of personal injury, property, motor vehicle, hazardous materials, environmental and employment cases. Interface with excess insurance carrier AIG, and coordinate incident investigations. Lead in-house counsel for a high-profile product liability wrongful death case.
- Select and monitor outside counsel for cases outside of the New York area and set and audit legal budgets.

Weinberg, Kaley & Pergament
Garden City, N.Y.

Associate
1991 – 1993

- Representation of creditors before the United States Bankruptcy Court of the Eastern and Southern Districts of New York for Chapter 7 and Chapter 13 cases, and for debtors for Chapter 11 reorganization cases.
- Research and various assignments by the appointed United States Chapter 7 Trustee for case administration and litigation of adversary proceedings. Assist partners with defense of "white collar" criminal cases.

Corporation Counsel, City of New York
N.Y.C., N.Y.

RE: JHO Candidates
Nassau County Traffic and Parking Violations Agency

Dear Inspector Franzese,

On March 3, 2022, Nassau County Traffic and Parking Violations Agency ("TPVA") issued a Request for Statement of Qualifications ("RFSQ") relative to the service by individuals as judicial hearing officers ("JHO"s) at our agency. Responses to RFSQs are continuously accepted.

Under sections 1690(1) of the New York Vehicle & Traffic Law ("VTL) and 350.20 of the Criminal Procedure Law, it is the Administrative Judge of the 10th Judicial District (Nassau County) who assigns JHOs to preside over traffic and parking violations. The minimum qualifications to serve as a JHO are also set forth in VTL Section 1690(1), requiring that they:

- are a village justice or retired judge;
- have at least 2 years conducting traffic and parking violation cases; and
- are admitted to practice law in the State of New York.

Pursuant to NYS VTL §1690, TPVA submitted to the Administrative Judge, for approval to serve as Judicial Hearing Officer, all candidates, each of whom demonstrated that they meet the above-described statutory requirements.

Jodi Franzese
March 21, 2022

The Administrative Orders are executed by Hon. Vito DeStefano, Administrative Judge,
Nassau County.

Please advise should you require any additional information.

Sincerely,

A handwritten signature in black ink, appearing to read "P. L. Meli", written over a horizontal line.

Hon. Paul L. Meli
Executive Director
Nassau County Traffic and Parking Violations Agency

enc.

OFFICE OF THE ADMINISTRATIVE JUDGE
10th Judicial District - Nassau County

ADMINISTRATIVE ORDER

Pursuant to the authority vested in me by Section 1690(1) of the Vehicle and Traffic Law and Section 350.20(5) of the Criminal Procedure Law, I hereby approve and assign the following Village Justices and/or retired Judges to serve as Judicial Hearing Officers in the Nassau County Traffic and Parking Violation Agency towards its statutory purpose to assist the Nassau County District Court in the disposition of parking and traffic violations in accordance with General Municipal Law 370(1), 372(2).

The term of this assignment is effective April 21, 2022.

Hon. Howard S. Krebs

A handwritten signature in black ink, appearing to read "Vito DeStefano". The signature is written in a cursive style and is positioned above a horizontal line.

Hon. Vito M. DeStefano
Administrative Judge, Nassau County

Contract Summary

<p>Purpose: IT uses Oracle Licenses and software for the implementation of the Enterprise Resource Planning Solutions(Peoplesoft), which replaced NUHRS in September 2020. This amendment is to secure funds for an increased user license count and its support through 5/31/24. The contract ceiling is increasing by \$557,781.05 to support this through 5/31/24.</p>
<p>Method of Procurement: RFP</p>
<p>Procurement History: The contract was originally executed by Nassau County on May 29, 2009. This is an amendment pursuant to the contract. The original contract was entered into after a written request for proposals was issued on March 3, 2008. Potential proposers were made aware of the availability of the RFP by newspaper advertisement, posting on website, mailing, etc. Twenty Six potential proposers requested copies of the RFP. Proposals were due on April 2, 2008. Three proposals were received and</p>

evaluated. The evaluation committee consisted of J. Siegel, A. Sousa, M. Doxey, J. Hennel, R. Mintz, G. Schiller, D. Swirnoff, T. Killeen, G. Yansick, K. Munson, T. Gutman, C. Russo, J. Bejarano, C. Khoury, R. Ghisone, B. Paul, Cl Lott, F. Ryan, P. Reinharz and M. Wong. The proposals were scored and ranked. As a Result of the scoring and ranking, the highest-ranking proposer was selected.

Description of General Provisions: This contract is to License the selected Oracle/PeopleSoft system.

Impact on Funding / Price Analysis: Maximum additional encumbrances of \$557,781.05 for remainder of Oracle/PeopleSoft Maintenance and Support contract to support this license count increase. Encumbering \$145,000 at this time.

Change in Contract from Prior Procurement: N/A

Recommendation: Approve as Submitted

RULES RESOLUTION NO. – 2022

A RESOLUTION AUTHORIZING THE COUNTY EXECUTIVE TO EXECUTE AN AMENDMENT TO A PERSONAL SERVICES AGREEMENT BETWEEN THE COUNTY OF NASSAU, ACTING ON BEHALF OF THE COUNTY DEPARTMENT OF INFORMATION TECHNOLOGY, AND ORACLE AMERICA, INC. (“ORACLE”)

WHEREAS, the County has negotiated an amendment to a personal services agreement with Oracle for technical support and maintenance services related to the County’s Enterprise Resource Planning software, a copy of which is on file with the Clerk of the Legislature; now, therefore, be it

RESOLVED, that the Rules Committee of the Nassau County Legislature authorizes the County Executive to execute the said amendment to an agreement with Oracle.

Amendment #3.

THIS AMENDMENT dated as of the date of execution by the County (together with the schedules, appendices, attachments and exhibits, if any, this "Amendment") is entered into by and between (i) Nassau County, a municipal corporation having its principal office at 1550 Franklin Avenue, Mineola, New York 11501 (the "County"), acting on behalf of the County Department of Information Technology, having offices located at 240 Old Country Road, Mineola, New York 11501 (the "Department"), and (ii) Oracle America, Inc.(as successor in interest to Oracle USA, Inc.), a Delaware corporation, having its principal office at 500 Oracle Parkway, Redwood Shores, California 94065 (the "Contractor").

WITNESSETH:

WHEREAS, pursuant to County contract number CFIT09000001 between the County and the Contractor, executed on behalf of the County on May 29, 2009, and amended thereafter on February 10, 2015 and July 16, 2019, (the "Original Agreement"), the Contractor performs maintenance and support services for the County in connection with the County's Enterprise Resource Planning ("ERP") software, which services are more fully described in the Original Agreement (the "Services" or "Technical Support Services"); and

WHEREAS, the term of the Original Agreement, for the purpose of annual renewal of Technical Support and Maintenance for ERP software purchased under the Original Agreement as amended, is until May 31, 2024, (the "Term"); and

WHEREAS, the Maximum Amount, as defined in the Agreement, that the County agreed to pay the Contractor for Services is Three Million, Seven Hundred and Forty-Two Thousand, Two Hundred and Eighteen Dollars and Ninety- Five Cents (\$3,742,218.95); and

WHEREAS, County and the Contractor desire to amend the Original Agreement to increase the Maximum Amount to provide funding for additional licenses and technical support services as provided in the Original Agreement.

WHEREAS, the services contemplated by this Amendment are personal services within the context and purview of Section 2206 of the County Government Law of Nassau County.

NOW, THEREFORE, in consideration of the promises and mutual covenants contained in this Amendment, the parties agree as follows:

1. Licenses. County shall purchase additional software licenses as needed by the County users as outlined in Contractor's Ordering Document attached hereto as Attachment A-1. County may purchase additional licenses based on the County's needs pursuant to an agreed-upon ordering document.
2. Maximum Amount. The Maximum Amount shall be increased by Five Hundred and Fifty-Seven Thousand, Seven Hundred and Eighty-One Dollars and Five Cents

(\$557,781.05) to total Four Million, Three-Hundred Thousand Dollars (\$4,300,000.00) payable based on: (i) additional licenses pursuant to Attachment A-1; and (ii) additional licenses as may be ordered by the County in accordance with the Original Agreement and this Amendment.

3. Partial Encumbrance. The Contractor understands that only One Hundred and Forty-Five Thousand Dollars (\$145,000.00) is being encumbered at this time. The Contractor is cautioned not to perform services that would cause billings to exceed this amount unless additional funds are encumbered. The County shall not be liable for payment of any amounts which have not been encumbered and approved for this agreement by the Nassau County Comptroller.

4. Full Force and Effect. All the terms and conditions of the Agreement not expressly amended herein shall remain in full force and effect and govern the relationship of the parties for the remainder of the Term.

IN WITNESS WHEREOF, the Contractor and the County have executed this Amendment as of the date first above written.

A. Agreement and Modifications to the Agreement

1. Agreement

a. This order incorporates by reference the terms of the Software License and Services Agreement US-SLSA-42814-30-MAY-2009 and all amendments and addenda thereto (the "Master Agreement"). The following defined and capitalized terms in the Master Agreement shall have the same meaning as the stated terms in this order: "Agreement" and "Master Agreement"; "Customer"/"Client" and "You"/"Your"; "Documentation" and "Program Documentation"; "Ordering Document"/"Order Form" and "order"; "Services" and "Program-related Service Offerings"; "Technical Support" and "technical support".

2. Master Agreement Modifications- for this order only

a. Technical Support Services

The following shall be added as new paragraphs at the end of Section 3.1 (Technical Support Services) of the Agreement:

"Technical support consists of Oracle's annual technical support services You may have ordered from Oracle or an authorized reseller for the Programs. If ordered, annual technical support (including first year and all subsequent years) is provided under Oracle's technical support policies in effect at the time the technical support services are provided. You agree to cooperate with Oracle and provide the access, resources, materials, personnel, information and consents that Oracle may require in order to perform the technical support services. The technical support policies are incorporated in this order and are subject to change at Oracle's discretion; however, Oracle policy changes will not result in a material reduction in the level of technical support services provided for supported Programs during the period for which fees for technical support have been paid. You should review the policies prior to entering into the order for the applicable technical support services. You may access the current version of the technical support policies at <http://oracle.com/contracts>.

If You decide to purchase technical support for any Program license within a license set, You are required to purchase technical support at the same level for all licenses within that license set. You may desupport a subset of licenses in a license set only if You agree to terminate that subset of licenses. The technical support fees for the remaining licenses will be priced in accordance with the technical support policies in effect at the time of termination. Oracle's license set definition is available in the current technical support policies. If You decide not to purchase technical support, You may not update any unsupported Program licenses with new versions of the Program."

B. General Terms

1. Summary of Fees

- a. Listed above is a summary of net fees due under this order. All fees on this order are in US Dollars.
- b. You have ordered Hardware and/or Programs and 365 days of technical support services.

2. Technical Support

a. Software Update License & Support (or any successor technical support offering to Software Update License & Support, "SULS") acquired on this order may be renewed annually and, if You renew SULS for the same number of licenses for the same Programs, for the first and second renewal years the fee for SULS will not increase by more than 4% over the prior year's fees.

3. Commencement Date

a. The "Commencement Date" refers to the date of shipment of tangible media or the effective date of this order if shipment of tangible media is not required.

4. Territory

a. The Program licenses included on this order are for use in the United States.

5. Delivery and Installation

a. You are responsible for installation of the Programs unless the Programs have been pre-installed by Oracle on the Hardware You are purchasing under the order or unless You purchase installation services from Oracle for those Programs.

b. Notwithstanding anything to the contrary in the Master Agreement, Oracle has no delivery obligation under this order. You acknowledge that Oracle has delivered to Your location, 1 copy of the software media and 1 set of Program Documentation (in the form generally available) for each Program listed in the Program and Program-Related Service Offerings section above.

c. Oracle has made available to You for electronic download at the electronic delivery web site located at the following Internet URL: <http://edelivery.oracle.com> the Programs listed in the Programs and Program Support Service Offerings section of the applicable order. Through the Internet URL, You can access and electronically download to Your location the latest production release as of the effective date of the applicable order of the software and related Program Documentation for each Program listed. Provided that You have continuously maintained technical support for the listed Programs, You may continue to download the Programs and related Program Documentation. Please be advised that not all Programs are available on all hardware/operating system combinations. For the most recent Program availability please check the electronic delivery web site

specified above. You acknowledge that Oracle is under no further delivery obligation with respect to Programs under the applicable order, electronic download or otherwise.

Provided that you have continuously maintained technical support for the programs for the licensed quantities listed above, Oracle will make available to you for electronic download the updates provided under technical support to the programs listed above.

Should you require a replacement copy of the software or program documentation, such replacement copy shall also be delivered electronically. You shall not be entitled to any replacement copy in the form of tangible media for the software or the program documentation.

You acknowledge and agree that (a) as of the effective date of this order, you have not received any tangible media for the programs listed above, (b) any rights to receive tangible media granted under the agreement shall not be applicable to or provided for the programs listed above or for any updates to these programs, (c) you have requested to receive via electronic delivery all updates for the programs listed above that are provided by Oracle under Oracle's technical support services, and (d) you are solely responsible for ensuring that you do not order tangible media from Oracle for the programs which you receive via electronic delivery or for any updates to these programs.

In the event that you order updates for delivery via tangible media shipment (e.g., shipment of CD Pack(s)), sales taxes and interest may be due, and you agree to reimburse Oracle for any applicable sales taxes and interest (the interest rate used will be the applicable state's rate on sales tax underpayments) related to acquisition of such updates (as specified in the agreement).

6. Effective Date

a. If accepting this order electronically, the effective date of this order is the date You click to accept the order. If accepting this order via E -sign, the effective date of this order is the date You adopt and sign. If accepting this order via Download and Sign, the effective date is the date you return the document to Oracle. Otherwise, the effective date is stated below.

7. Pricing Invoicing and Payment Obligation

a. In entering into payment obligations under this order, You agree and acknowledge that You have not relied on the future availability of any Program or updates. However, (a) if You order technical support, the preceding sentence does not relieve Oracle of its obligation to provide such technical support under the Master Agreement, if and when available, in accordance with Oracle's then current technical support policies, and (b) the preceding sentence does not change the rights granted to You under this order and the Master Agreement.

b. You understand that You may receive multiple invoices for the products and/or Service Offerings You ordered. Invoices will be submitted to You pursuant to Oracle's Invoicing Standards Policy, which may be accessed at <http://oracle.com/contracts>.

c. Program fees are invoiced as of the Commencement Date for the Programs.

d. Program -related Service Offering fees are invoiced in arrears of the Program -related Service Offering performance; specifically, technical support fees are invoiced quarterly in arrears. The period of performance for all Program-related Service Offerings is effective upon the Commencement Date.

8. Fees

a. Once placed, Your order shall be non-cancelable and the sums paid nonrefundable, except as provided in the Master Agreement.

9. Order of Precedence

a. In the event of inconsistencies between the terms contained in this order and the Master Agreement, this order shall take precedence. This order will control over the terms contained in any purchase order.

10. Offer Validity

a. This order is valid through 20-May-2022, and shall become binding upon execution by You and acceptance by Oracle.

11. Segmentation

The purchase of any products (i.e., hardware (including integrated software and operating system) and programs) and related Service Offerings or other Service Offerings are all separate offers and separate from any other order for any products and related Service Offerings or other Service Offerings You may receive or have received from Oracle. You understand that You may purchase any products and related Service Offerings or other Service Offerings independently of any other products or Service Offerings. Your obligation to pay for (a) any products and related Service Offerings is not contingent on performance of any other Service Offerings or delivery of any other products or (b) other Service Offerings is not contingent on delivery of any products or performance of any additional/other Service Offerings. You acknowledge that You have entered into the purchase without reliance on any financing or leasing arrangement with Oracle or its affiliate.

12. Trial Programs

You may order trial Programs, or Oracle may include additional Programs with Your order which You may use for trial, non -production purposes only. You may not use the trial Programs to provide or attend third party training on the content and/or functionality of the Programs. You have 30 days from the Commencement Date to evaluate these Programs. To use any of these Programs after the 30 day trial period, You must obtain a license for such Programs from Oracle or an authorized reseller. If You decide not to obtain a license for any Program after the 30 day trial period, You will cease using and promptly delete any such Programs from Your computer systems. Programs licensed for trial purposes are provided "as is" and Oracle does not provide technical support or offer any warranties for these Programs.

13. Source Code

Oracle may deliver source code as part of its standard delivery for particular Programs, Operating System or Integrated Software; all source code delivered by Oracle is subject to the terms of the Agreement, the applicable order and the applicable Program Documentation.

C. Other

1. Order Placed Pursuant to Expansion (ILF)

The Program licenses listed in the Program and Program-Related Service Offerings section with the license types Enterprise Employee Perpetual are ordered and subject to the applicable fees and terms of the order between You and Oracle dated 29-May-2009 As of the effective date of this order, Your actual Enterprise Employee Perpetual is greater than or equal to 12,610. The Summary Exhibit lists the Program licenses acquired prior to the effective date, the Program licenses acquired under this order and the total number of Program licenses acquired to date.

Summary Exhibit

Program Description	License Type	Number of Program Licenses Acquired Prior to Effective Date	Number of Program Licenses Acquired under the Programs and Program-Related Service Offerings section	Total Number of Program Licenses Acquired as of the Effective Date (Under This Ordering Document)

Nassau County Interim Finance Authority

Contract Approval Request Form (As of January 1, 2015)

1. Vendor: Oracle America, Inc.

2. Amount requiring NIFA approval: \$557,781.05

Amount to be encumbered: \$145,000.00

Slip Type: Amendment

If new contract - \$ amount should be full amount of contract

If advisement - NIFA only needs to review if it is increasing funds above the amount previously approved by NIFA

If amendment - \$ amount should be full amount of amendment only

3. Contract Term: 05/29/2009 to 05/31/2024

Has work or services on this contract commenced? Yes

If yes, please explain: This is a required user license count increase having been experienced during the use of the product.

4. Funding Source:

General Fund (GEN)	X	Grant Fund (GRT)
Capital Improvement Fund (CAP)		Other
Federal %	0	
State %	0	
County %	100	

Is the cash available for the full amount of the contract? Yes

If not, will it require a future borrowing? No

Has the County Legislature approved the borrowing? N/A

Has NIFA approved the borrowing for this contract? N/A

5. Provide a brief description (4 to 5 sentences) of the item for which this approval is requested:

IT uses Oracle Licenses and software for the implementation of the Enterprise Resource Planning Solutions(Peoplesoft), which replaced NUHRS in September 2020. This amendment is to secure funds for an increased user license count and its support through 5/31/24. The contract ceiling is increasing by \$557,781.05 to support this through 5/31/24.

6. Has the item requested herein followed all proper procedures and thereby approved by the:

Nassau County Attorney as to form Yes

Nassau County Committee and/or Legislature

Date of approval(s) and citation to the resolution where approval for this item was provided:

7. Identify all contracts (with dollar amounts) with this or an affiliated party within the prior 12 months:

COMPTROLLER APPROVAL FORM FOR PERSONAL, PROFESSIONAL OR HUMAN SERVICES CONTRACTS

Attach this form along with all personal, professional or human services contracts, contract renewals, extensions and amendments.

CONTRACTOR NAME: Oracle America, Inc.

CONTRACTOR ADDRESS: 500 Oracle Parkway, Redwood Shores, CA 94065

FEDERAL TAX ID #: 9428 05249

Instructions: Please check the appropriate box (“”) after one of the following roman numerals, and provide all the requested information.

I. The contract was awarded to the lowest, responsible bidder after advertisement for sealed bids. The contract was awarded after a request for sealed bids was published in _____ [newspaper] on _____ [date]. The sealed bids were publicly opened on _____ [date]. _____ [#] of sealed bids were received and opened.

II. The contractor was selected pursuant to a Request for Proposals.
The Contract was entered into after a written request for proposals was issued on _____ [date]. Potential proposers were made aware of the availability of the RFP by advertisement in _____ [newspaper], posting on industry websites, via email to interested parties and by publication on the County procurement website. Proposals were due on _____ [date]. _____ [state #] proposals were received and evaluated. The evaluation committee consisted of: _____

_____ (list # of persons on committee and their respective departments). The proposals were scored and ranked. As a result of the scoring and ranking, the highest-ranking proposer was selected.

III. This is a renewal, extension or amendment of an existing contract.

The contract was originally executed by Nassau County on May 29, 2009 [date]. This is a renewal or extension pursuant to the contract, or an amendment within the scope of the contract or RFP (copies of the relevant pages are attached). The original contract was entered into after a written request for proposals was issued on March 3, 2008. Potential proposers were made aware of the availability of the RFP by advertising in Newsday and on the website, mailing etc. Proposals were due on April 2, 2008. Twenty Six proposers requested copies of the RFP.

Three Proposals were received, evaluated, scored and ranked, As a result the highest-ranking proposer was selected. [describe procurement method, i.e., RFP, three proposals evaluated, etc.] Attach a copy of the most recent evaluation of the contractor's performance for any contract to be renewed or extended. If the contractor has not received a satisfactory evaluation, the department must explain why the contractor should nevertheless be permitted to continue to contract with the county.

IV. Pursuant to Executive Order No. 1 of 1993, as amended, at least three proposals were solicited and received. The attached memorandum from the department head describes the proposals received, along with the cost of each proposal.

- A. The contract has been awarded to the proposer offering the lowest cost proposal; OR:
- B. The attached memorandum contains a detailed explanation as to the reason(s) why the contract was awarded to other than the lowest-cost proposer. The attachment includes a specific delineation of the unique skills and experience, the specific reasons why a proposal is deemed superior, and/or why the proposer has been judged to be able to perform more quickly than other proposers.

V. Pursuant to Executive Order No. 1 of 1993 as amended, the attached memorandum from the department head explains why the department did not obtain at least three proposals.

- A. There are only one or two providers of the services sought or less than three providers submitted proposals. The memorandum describes how the contractor was determined to be the sole source provider of the personal service needed or explains why only two proposals could be obtained. If two proposals were obtained, the memorandum explains that the contract was awarded to the lowest cost proposer, or why the selected proposer offered the higher quality proposal, the proposer's unique and special experience, skill, or expertise, or its availability to perform in the most immediate and timely manner.
- B. The memorandum explains that the contractor's selection was dictated by the terms of a federal or New York State grant, by legislation or by a court order. (Copies of the relevant documents are attached).
- C. Pursuant to General Municipal Law Section 104, the department is purchasing the services required through a New York State Office of General Services contract no. _____, and the attached memorandum explains how the purchase is within the scope of the terms of that contract.

D. Pursuant to General Municipal Law Section 119-o, the department is purchasing the services required through an inter-municipal agreement.

VI. This is a human services contract with a not-for-profit agency for which a competitive process has not been initiated. Attached is a memorandum that explains the reasons for entering into this contract without conducting a competitive process, and details when the department intends to initiate a competitive process for the future award of these services. For any such contract, where the vendor has previously provided services to the county, attach a copy of the most recent evaluation of the vendor's performance. If the contractor has not received a satisfactory evaluation, the department must explain why the contractor should nevertheless be permitted to contract with the county.

In certain limited circumstances, conducting a competitive process and/or completing performance evaluations may not be possible because of the nature of the human services program, or because of a compelling need to continue services through the same provider. In those circumstances, attach an explanation of why a competitive process and/or performance evaluation is inapplicable.

VII. This is a public works contract for the provision of architectural, engineering or surveying services. The attached memorandum provides details of the department's compliance with Board of Supervisors' Resolution No. 928 of 1993, including its receipt and evaluation of annual Statements of Qualifications & Performance Data, and its negotiations with the most highly qualified firms.

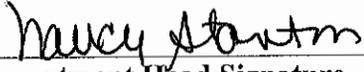

Instructions with respect to Sections VIII, IX and X: All Departments must check the box for VIII. Then, check the box for either IX or X, as applicable.

VIII. Participation of Minority Group Members and Women in Nassau County Contracts. The selected contractor has agreed that it has an obligation to utilize best efforts to hire MWBE sub-contractors. Proof of the contractual utilization of best efforts as outlined in Exhibit "EE" may be requested at any time, from time to time, by the Comptroller's Office prior to the approval of claim vouchers.

IX. Department MWBE responsibilities. To ensure compliance with MWBE requirements as outlined in Exhibit "EE", Department will require vendor to submit list of sub-contractor requirements prior to submission of the first claim voucher, for services under this contract being submitted to the Comptroller.

X. Vendor will not require any sub-contractors.

In addition, if this is a contract with an individual or with an entity that has only one or two employees: a review of the criteria set forth by the Internal Revenue Service, *Revenue Ruling No. 87-41, 1987-1 C.B. 296*, attached as Appendix A to the Comptroller's Memorandum, dated February 13, 2004, concerning independent contractors and employees indicates that the contractor would not be considered an employee for federal tax purposes.

NOTE: Any information requested above, or in the exhibit below, may be included in the county's "staff summary" form in lieu of a separate memorandum.

COUNTY OF NASSAU

POLITICAL CAMPAIGN CONTRIBUTION DISCLOSURE FORM

1. Has the vendor or any corporate officers of the vendor provided campaign contributions pursuant to the New York State Election Law in (a) the period beginning April 1, 2016 and ending on the date of this disclosure, or (b), beginning April 1, 2018, the period beginning two years prior to the date of this disclosure and ending on the date of this disclosure, to the campaign committees of any of the following Nassau County elected officials or to the campaign committees of any candidates for any of the following Nassau County elected offices: the County Executive, the County Clerk, the Comptroller, the District Attorney, or any County Legislator?

YES NO If yes, to what campaign committee?

2. VERIFICATION: This section must be signed by a principal of the consultant, contractor or Vendor authorized as a signatory of the firm for the purpose of executing Contracts.

The undersigned affirms and so swears that he/she has read and understood the foregoing statements and they are, to his/her knowledge, true and accurate.

The undersigned further certifies and affirms that the contribution(s) to the campaign committees identified above were made freely and without duress, threat or any promise of a governmental benefit or in exchange for any benefit or remuneration.

Electronically signed and certified at the date and time indicated by:

Dated: 25-Oct-2021 | 2:39 PM PDT

Vendor: Oracle America, Inc.

Title: Group Vice President

The above signatory is an authorized representative of Oracle America, Inc. and is signing this form on behalf of Oracle America, Inc. and not in his or her individual capacity.

COUNTY OF NASSAU

LOBBYIST REGISTRATION AND DISCLOSURE FORM

1. Name, address and telephone number of lobbyist(s)/lobbying organization. The term "lobbyist" means any and every person or organization retained, employed or designated by any client to influence - or promote a matter before - Nassau County, its agencies, boards, commissions, department heads, legislators or committees, including but not limited to the Open Space and Parks Advisory Committee and Planning Commission. Such matters include, but are not limited to, requests for proposals, development or improvement of real property subject to County regulation, procurements. The term "lobbyist" does not include any officer, director, trustee, employee, counsel or agent of the County of Nassau, or State of New York, when discharging his or her official duties.

NONE

2. List whether and where the person/organization is registered as a lobbyist (e.g., Nassau County, New York State):

Oracle does not have a registered lobbyist in Nassau County

3. Name, address and telephone number of client(s) by whom, or on whose behalf, the lobbyist is retained, employed or designated:

NONE

4. Describe lobbying activity conducted, or to be conducted, in Nassau County, and identify client(s) for each activity listed. See the last page for a complete description of lobbying activities.

NONE

5. The name of persons, organizations or governmental entities before whom the lobbyist expects to lobby:

NONE

6. If such lobbyist is retained or employed pursuant to a written agreement of retainer or employment, you must attach a copy of such document; and if agreement of retainer or employment is oral, attach a written statement of the substance thereof. If the written agreement of retainer or employment does not contain a signed authorization from the client by whom you have been authorized to lobby, separately attach such a written authorization from the client.

7. Has the lobbyist/lobbying organization or any of its corporate officers provided campaign contributions pursuant to the New York State Election Law in (a) the period beginning April 1, 2016 and ending on the date of this disclosure, or (b), beginning April 1, 2018, the period beginning two years prior to the date of this disclosure and ending on the date of this disclosure, to the campaign committees of any of the following Nassau County elected officials or to the campaign committees of any candidates for any of the following Nassau County elected offices: the County Executive, the County Clerk, the Comptroller, the District Attorney, or any County Legislator?

YES NO If yes, to what campaign committee? If none, you must so state:

I understand that copies of this form will be sent to the Nassau County Department of Information Technology ("IT") to be posted on the County's website.

I also understand that upon termination of retainer, employment or designation I must give written notice to the County Attorney within thirty (30) days of termination.

VERIFICATION: The undersigned affirms and so swears that he/she has read and understood the foregoing statements and they are, to his/her knowledge, true and accurate.

The undersigned further certifies and affirms that the contribution(s) to the campaign committees listed above were made freely and without duress, threat or any promise of a governmental benefit or in exchange for any benefit or remuneration.

Electronically signed and certified at the date and time indicated by:

Dated: 25-Oct-2021 | 2:39 PM PDT

Vendor: Oracle America, Inc.

Title: Group Vice President

The above signatory is an authorized representative of Oracle America, Inc. and is signing this form on behalf of Oracle America, Inc. and not in his or her individual capacity.

The term lobbying shall mean any attempt to influence: any determination made by the Nassau County Legislature, or any member thereof, with respect to the introduction, passage, defeat, or substance of any local legislation or resolution; any determination by the County Executive to support, oppose, approve or disapprove any local legislation or resolution, whether or not such legislation has been introduced in the County Legislature; any determination by an elected County official or an officer or employee of the County with respect to the procurement of goods, services or construction, including the preparation of contract specifications, including but not limited to the preparation of requests for proposals, or solicitation, award or administration of a contract or with respect to the solicitation, award or administration of a grant, loan, or agreement involving the disbursement of public monies; any determination made by the County Executive, County Legislature, or by the County of Nassau, its agencies, boards, commissions department heads or committees, including but not limited to the Open Space and Parks Advisory Committee, the Planning Commission with respect to the zoning, use, development or improvement of real property subject to County regulation, or any agencies, boards, commissions, department heads or committees with respect to requests for proposals, bidding, procurement or contracting for services for the County; any determination made by an elected county official or an officer or employee of the county with respect to the terms of the acquisition or disposition by the county of any interest in real property, with respect to a license or permit for the use of real property of or by the county, or with respect to a franchise, concession or revocable consent; the proposal, adoption, amendment or rejection by an agency of any rule having the force and effect of law; the decision to hold, timing or outcome of any rate making proceeding before an agency; the agenda or any determination of a board or commission; any determination regarding the calendaring or scope of any legislature oversight hearing; the issuance, repeal, modification or substance of a County Executive Order; or any determination made by an elected county official or an officer or employee of the county to support or oppose any state or federal legislation, rule or regulation, including any determination made to support or oppose that is contingent on any amendment of such legislation, rule or regulation, whether or not such legislation has been formally introduced and whether or not such rule or regulation has been formally proposed.

The term "lobbying" or "lobbying activities" does not include: Persons engaged in drafting legislation, rules, regulations or rates; persons advising clients and rendering opinions on proposed legislation, rules, regulations or rates, where such professional services are not otherwise connected with legislative or executive action on such legislation or administrative action on such rules, regulations or rates; newspapers and other periodicals and radio and television stations and owners and employees thereof, provided that their activities in connection with proposed legislation, rules, regulations or rates are limited to the publication or broadcast of news items, editorials or other comment, or paid advertisements; persons who participate as witnesses. attorneys or other representatives in public rule-making or rate-making proceedings of a County agency, with respect to all participation by such persons which is part of the public record thereof and all preparation by such persons for such participation; persons who attempt to influence a County agency in an adjudicatory proceeding, as defined by § 102 of the New York State Administrative Procedure Act.

PRINCIPAL QUESTIONNAIRE FORM

All questions on these questionnaires must be answered by all officers and any individuals who hold a ten percent (10%) or greater ownership interest in the proposer. Answers typewritten or printed in ink. If you need more space to answer any question, make as many photocopies of the appropriate page(s) as necessary and attach them to the questionnaire.

COMPLETE THIS QUESTIONNAIRE CAREFULLY AND COMPLETELY. FAILURE TO SUBMIT A COMPLETE QUESTIONNAIRE MAY MEAN THAT YOUR BID OR PROPOSAL WILL BE REJECTED AS NON-RESPONSIVE AND IT WILL NOT BE CONSIDERED FOR AWARD

(Other)	GVP, Oracle Digital Applications - Licensed Business		

3. Do you have an equity interest in the business submitting the questionnaire?

YES NO If Yes, provide details.

***Because this is being submitted on behalf of Oracle America, Inc. and not for the signatory in his individual capacity, individual declines to provide personal information requested in this section**

4. Are there any outstanding loans, guarantees or any other form of security or lease or any other type of contribution made in whole or in part between you and the business submitting the questionnaire?

YES NO If Yes, provide details.

5. Within the past 3 years, have you been a principal owner or officer of any business or notfor-profit organization other than the one submitting the questionnaire?

YES NO If Yes, provide details.

6. Has any governmental entity awarded any contracts to a business or organization listed in Section 5 in the past 3 years while you were a principal owner or officer?
YES NO If Yes, provide details.

NOTE: An affirmative answer is required below whether the sanction arose automatically, by operation of law, or as a result of any action taken by a government agency. Provide a detailed response to all questions checked "YES". If you need more space, photocopy the appropriate page and attach it to the questionnaire.

7. In the past (5) years, have you and/or any affiliated businesses or not-for-profit organizations listed in Section 5 in which you have been a principal owner or officer:
- a. Been debarred by any government agency from entering into contracts with that agency?
YES NO If yes, provide an explanation of the circumstances and corrective action taken.

***Please see the below statement for questions 7-13.**

- b. Been declared in default and/or terminated for cause on any contract, and/or had any contracts cancelled for cause?
YES NO If yes, provide an explanation of the circumstances and corrective action taken.

***Please see the below statement for questions 7-13.**

- c. Been denied the award of a contract and/or the opportunity to bid on a contract, including, but not limited to, failure to meet pre-qualification standards?
YES NO If yes, provide an explanation of the circumstances and corrective action taken.

***Please see the below statement for questions 7-13.**

- d. Been suspended by any government agency from entering into any contract with it; and/or is any action pending that could formally debar or otherwise affect such business's ability to bid or propose on contract?
YES NO If yes, provide an explanation of the circumstances and corrective action taken.

***Please see the below statement for questions 7-13.**

8. Have any of the businesses or organizations listed in response to Question 5 filed a bankruptcy petition and/or been the subject of involuntary bankruptcy proceedings during the past 7 years, and/or for any portion of the last 7 year period, been in a state of bankruptcy as a result of bankruptcy proceedings initiated more than 7 years ago and/or is any such business now the subject of any pending bankruptcy proceedings, whenever initiated?

YES NO If 'Yes', provide details for each such instance. (Provide a detailed response to all questions check "Yes". If you need more space, photocopy the appropriate page and attached it to the questionnaire.)

***Please see the below statement for questions 7-13.**

9.

a. Is there any felony charge pending against you?

YES NO If yes, provide an explanation of the circumstances and corrective action taken.

***Please see the below statement for questions 7-13.**

b. Is there any misdemeanor charge pending against you?

YES NO If yes, provide an explanation of the circumstances and corrective action taken.

***Please see the below statement for questions 7-13.**

c. Is there any administrative charge pending against you?

YES NO If yes, provide an explanation of the circumstances and corrective action taken.

***Please see the below statement for questions 7-13.**

d. In the past 10 years, have you been convicted, after trial or by plea, of any felony, or of any other crime, an element of which relates to truthfulness or the underlying facts of which related to the conduct of business? Y

YES NO If yes, provide an explanation of the circumstances and corrective action taken.

***Please see the below statement for questions 7-13.**

e. In the past 5 years, have you been convicted, after trial or by plea, of a misdemeanor?

YES NO If yes, provide an explanation of the circumstances and corrective action taken.

***Please see the below statement for questions 7-13.**

f. In the past 5 years, have you been found in violation of any administrative or statutory charges?

YES NO If yes, provide an explanation of the circumstances and corrective action taken.

***Please see the below statement for questions 7-13.**

10. In addition to the information provided in response to the previous questions, in the past 5 years, have you been the subject of a criminal investigation and/or a civil anti-trust investigation by any federal, state or local prosecuting or investigative agency and/or the subject of an investigation where such investigation was related to activities performed at, for, or on behalf of the submitting business entity and/or an affiliated business listed in response to Question 5?

YES NO If yes, provide an explanation of the circumstances and corrective action taken.

***Please see the below statement for questions 7-13.**

Statement for Questions 7-13:

Questions 7-13 appear to correspond to other businesses identified in the response to Question 5 and Respondent's history as a principal in such other businesses or non-profit organizations. Accordingly, Respondent answered "no" to Question 5, indicating that he has not in the past three years been a principal owner or officer of a business or non-profit other than Oracle. Accordingly, Respondent has answered "no" to Questions 7-13. Respondent and Oracle do not interpret Questions 7-13 as seeking any information about Respondent personally or Respondent's involvement in any business or nonprofit organization outside of those identified in response to Section 5, of which there are none, and no such information is provided or represented in Respondent's answers to Questions 7-13.

I, Kurt Solsky , hereby acknowledge that a materially false statement willfully or fraudulently made in connection with this form may result in rendering the submitting business entity and/or any affiliated entities non-responsible, and, in addition, may subject me to criminal charges.

I, Kurt Solsky , hereby certify that I have read and understand all the items contained in this form; that I supplied full and complete answers to each item therein to the best of my knowledge, information and belief; that I will notify the County in writing of any change in circumstances occurring after the submission of this form; and that all information supplied by me is true to the best of my knowledge, information and belief. I understand that the County will rely on the information supplied in this form as additional inducement to enter into a contract with the submitting business entity.

CERTIFICATION

A MATERIALLY FALSE STATEMENT WILLFULLY OR FRAUDULENTLY MADE IN CONNECTION WITH THIS QUESTIONNAIRE MAY RESULT IN RENDERING THE SUBMITTING BUSINESS ENTITY NOT RESPONSIBLE WITH RESPECT TO THE PRESENT BID OR FUTURE BIDS, AND, IN ADDITION, MAY SUBJECT THE PERSON MAKING THE FALSE STATEMENT TO CRIMINAL CHARGES.

YES NO If yes, state the name of bonding agency, (if a bond), date, amount of bond and reason for such cancellation or forfeiture: or details regarding the termination (if a contract).

*Please see Addendum #1

11) Has the proposer, during the past seven years, been declared bankrupt?
YES NO If yes, state date, court jurisdiction, amount of liabilities and amount of assets

12) In the past five years, has this business and/or any of its owners and/or officers and/or any affiliated business, been the subject of a criminal investigation and/or a civil anti-trust investigation by any federal, state or local prosecuting or investigative agency? And/or, in the past 5 years, have any owner and/or officer of any affiliated business been the subject of a criminal investigation and/or a civil anti-trust investigation by any federal, state or local prosecuting or investigative agency, where such investigation was related to activities performed at, for, or on behalf of an affiliated business.

YES NO If yes, provide details for each such investigation, an explanation of the circumstances and corrective action taken.

*Please see Addendum #1

13) In the past 5 years, has this business and/or any of its owners and/or officers and/or any affiliated business been the subject of an investigation by any government agency, including but not limited to federal, state and local regulatory agencies? And/or, in the past 5 years, has any owner and/or officer of an affiliated business been the subject of an investigation by any government agency, including but not limited to federal, state and local regulatory agencies, for matters pertaining to that individual's position at or relationship to an affiliated business.

YES NO If yes, provide details for each such investigation, an explanation of the circumstances and corrective action taken.

*Please see Addendum #1

14) Has any current or former director, owner or officer or managerial employee of this business had, either before or during such person's employment, or since such employment if the charges pertained to events that allegedly occurred during the time of employment by the submitting business, and allegedly related to the conduct of that business:

a) Any felony charge pending?

YES NO If yes, provide details for each such investigation, an explanation of the circumstances and corrective action taken.

*Please see Addendum #1

b) Any misdemeanor charge pending?

YES NO If yes, provide details for each such investigation, an explanation of the circumstances and corrective action taken.

*Please see Addendum #1

c) In the past 10 years, you been convicted, after trial or by plea, of any felony and/or any other crime, an

element of which relates to truthfulness or the underlying facts of which related to the conduct of business?
YES NO If yes, provide details for each such investigation, an explanation of the circumstances and corrective action taken.

*Please see Addendum #1

d) In the past 5 years, been convicted, after trial or by plea, of a misdemeanor?
YES NO If yes, provide details for each such investigation, an explanation of the circumstances and corrective action taken.

*Please see Addendum #1

e) In the past 5 years, been found in violation of any administrative, statutory, or regulatory provisions?
YES NO If yes, provide details for each such investigation, an explanation of the circumstances and corrective action taken.

*Please see Addendum #1

15) In the past (5) years, has this business or any of its owners or officers, or any other affiliated business had any sanction imposed as a result of judicial or administrative proceedings with respect to any professional license held?

YES NO If yes, provide details for each such investigation, an explanation of the circumstances and corrective action taken.

*Please see Addendum #1

16) For the past (5) tax years, has this business failed to file any required tax returns or failed to pay any applicable federal, state or local taxes or other assessed charges, including but not limited to water and sewer charges?
YES NO If yes, provide details for each such year. Provide a detailed response to all

Oracle operates numerous facilities in multiple jurisdictions which may levy water and sewer charges. A comprehensive review of all such charges was not performed for the purposes of this form.

17) Conflict of Interest:

a) Please disclose any conflicts of interest as outlined below. NOTE: If no conflicts exist, please expressly state "No conflict exists."

(i) Any material financial relationships that your firm or any firm employee has that may create a conflict of interest or the appearance of a conflict of interest in acting on behalf of Nassau County.

Vendor is not clear how County defines "material financial relationships"; however Vendor is not currently aware of any material financial relationships of Vendor or its officers and Directors that would constitute a conflict as it pertains to Oracle's provisions of products/services under the relevant contract.

(ii) Any family relationship that any employee of your firm has with any County public servant that may create a conflict of interest or the appearance of a conflict of interest in acting on behalf of Nassau County.

Vendor is not clear how County defines "family relationship". Vendor does not require candidates to disclose family relationships upon hire. Vendor is not currently aware of any family relationships that would constitute conflict as it pertains to Oracle's provision of products/services under the relevant contract.

(iii) Any other matter that your firm believes may create a conflict of interest or the appearance of a conflict of interest in acting on behalf of Nassau County.

To the best of Vendor's knowledge at this time, no such conflict exists as it pertains to Vendor's provision of products/services under the relevant contract.

b) Please describe any procedures your firm has, or would adopt, to assure the County that a conflict of interest would not exist for your firm in the future.

Vendor has internal policies and processes designed to identify and prevent conflicts of interest with customers.

A. Include a resume or detailed description of the Proposer's professional qualifications, demonstrating extensive experience in your profession. Any prior similar experiences, and the results of these experiences, must be identified.

Have you previously uploaded the below information under in the Document Vault?

YES NO

Is the proposer an individual?

YES NO Should the proposer be other than an individual, the Proposal MUST include:

i) Date of formation; September 17, 1986

ii) Name, addresses, and position of all persons having a financial interest in the company, including shareholders, members, general or limited partner. If none, explain.

Indirectly wholly owned by Oracle Corporation

No individuals with a financial interest in the company have been attached..

iii) Name, address and position of all officers and directors of the company. If none, explain.

Please see Addendum #2

No officers and directors from this company have been attached.

iv) State of incorporation (if applicable); Delaware

v) The number of employees in the firm; As of May 31, 2021, we employed approximately 132,000 full-time employees, of which approximately 45,000 were employed in the U.S. and approximately 87,000 were employed internationally.

vi) Annual revenue of firm; Please refer to Oracle's Form 10-K, can be found at the following site: <http://investor.oracle.com/financial-reporting/sec-filings/default.aspx>

vii) Summary of relevant accomplishments

Oracle provides products and services that address all aspects of corporate information technology (IT) environments.

viii) Copies of all state and local licenses and permits.

Oracle America, Inc. does not hold a business license with the state or any local jurisdictions in New York.

B. Indicate number of years in business.

Oracle America, Inc. is a wholly owned subsidiary of Oracle Corporation (Oracle). Founded June 1977

C. Provide any other information which would be appropriate and helpful in determining the Proposer's capacity and reliability to perform these services.

None

D. Provide names and addresses for no fewer than three references for whom the Proposer has provided similar services or who are qualified to evaluate the Proposer's capability to perform this work.

Subject: FW: Oracle Corp Reference - MBTA
Date: Monday, May 2, 2022 10:37:23 AM
Attachments: [Nassau Oracle Reference.pdf](#)
Importance: High

Hi Ari,

I'm including you on this, as I had forgotten to, last week (apologies for that). Could you [or Robert] provide an ETA for its Procurements approval(s)? As Robert knows, this Oracle amendment has been a long process and we are trying to get this before the Leg, this month. This is an important amendment/contract.

Thanks,
Michael

Michael Kessler

Subject: RE: Oracle Corp Reference - MBTA
Importance: High

Hi Robert,

Yesterday afternoon, I had a conversation with Ms Stephanie Shaughnessy, Director of Enterprise Applications, Financial Systems for MBTA - Information Technology Dept, regarding Oracle Corp, as they, too, are utilizing the PeopleSoft suite of applications. Currently, they are using the Procurements, inventory, And Financials modules/components. They've been using these products since 2004. They are currently in discussions with their sales/contact management team regarding further increasing their PeopleSoft product set profile. They have had no issues in their dealings or support needs with Oracle and/or the products, have found them to be responsive to their needs and would recommend them/product suite. If needed, I can provide her contact information.

I believe that this, the one below, and the reference previously sent (attached, again, hereon) should suffice the vendor integrity requirements. Please approve the [new] ECRS Amendment entry (Contract CFIT09000001, NIFS Id: CLIT22000001), ASAP, as we are trying to get this before the Leg.

Thanks,
Michael

Subject: Oracle Corp Reference

Hi Robert,

I just spoke with Ms. Jayasree Chavali, Acting Director of the PeopleSoft Center of Excellence for New York State (NYS) regarding her experience with Oracle Corporation and their support of the PeopleSoft product line. NYS is currently utilizing multiple Oracle PeopleSoft products, including Enterprise Learning System, Benefits, ATM apps, and HRMS among them. She stated that she has found Oracle to be very responsive to her needs. They were very helpful in their efforts to combine 3 legacy PeopleSoft apps into the current HRMS system. As well, she found working with them and their salesperson/contract manager, Clayton Hatcher, pleasurable.

Summarizing the conversation, she found Oracle Corporation to be reputable, responsive and responsible, and would recommend them as a vendor.

Jayasree's contact information is: 518-225-3636; jaya.chavali@its.ny.gov , if needed.

Regards,
Michael

Ms. Stanton,

As you know, I am the Commissioner of the Department of Information Technology in Suffolk County and have held this position for close to six (6) years. We have been using Oracle for our database management system since I have been in this position and it has been in use within the County for many years prior to my tenure. In my opinion, Oracle is one of the top performing vendors in meeting our technical needs and one that I would recommend for other government agencies. Their products and overall support have proven to be a tremendous asset to our government.

If you should have any questions or require any additional information on our use of Oracle products, the value their products provide to Suffolk County and/or their support services, please do not hesitate to contact me.

Sincerely,

Scott Mastellon
Commissioner, Department of Information Technology

Addendum #1 to Business History Form

Generally, unless otherwise stated by the respondent, all responses to this questionnaire are limited to the best of the respondent's knowledge and to Oracle America, Inc. ("Oracle"), and the acts or omissions of any acquired companies only after the date of the acquisition.

Question 10 – Oracle's response is provided by and limited to Oracle America, Inc. on behalf of itself and its acquired companies after the date of acquisition by Oracle America, Inc., and is provided to the best of Oracle America, Inc.'s knowledge as of the date of submission. Oracle has not had a bond or surety cancelled or forfeited. Oracle has had contracts with government entities terminate in the normal course of business; no court has ordered a contract with a governmental entity terminated for breach or failure to perform.

Questions 12 and 13 – Oracle's response is provided by and limited to Oracle America, Inc. on behalf of itself, its acquired companies after the date of acquisition by Oracle America, Inc., and the Section 16 Officers and Directors of Oracle Corporation during their time of employment by Oracle and as it relates to the conduct of Oracle's business, and is provided to the best of Oracle America, Inc.'s knowledge as of the date of submission. Oracle is subject to various legal proceedings and claims, either asserted or unasserted, which arise in the ordinary course of business and which may include regulatory matters and investigations by government agencies. Oracle is a public company and, as such, reports all litigation and/or legal claims that may have a material, adverse effect on the operation of its business in its Form 10-K filings and any subsequent updates with the Securities and Exchange Commission. Oracle's Form 10-K can be found at the following site: <http://investor.oracle.com/financial-reporting/sec-filings/default.aspx>. Oracle's response generally excludes any confidential investigations that may exist at the time. With respect to Oracle's Section 16 officers, to the best of its knowledge, Oracle is not aware of any such investigation or proceeding.

Question 14 – Oracle's response is limited to the Section 16 Officers and Directors of Oracle Corporation during their time of employment with Oracle and as it relates to the conduct of Oracle's business, and is provided to the best of Oracle America Inc.'s knowledge at the time of submission. Oracle objects to clauses related to misdemeanors, which could include routine traffic tickets; Oracle would have no knowledge of these infractions.

Question 15 – Oracle's response is provided by and limited to Oracle America, Inc. on behalf of itself, its acquired companies after the date of acquisition by Oracle America, Inc., and the Section 16 Officers and Directors of Oracle Corporation during their time of employment by Oracle and as it relates to the conduct of Oracle's business, and is provided to the best of Oracle America, Inc.'s knowledge as of the date of submission.

Addendum #2

Cautionary Note on Forward-Looking Statements

For purposes of this Annual Report, the terms “Oracle,” “we,” “us” and “our” refer to Oracle Corporation and its consolidated subsidiaries. This Annual Report on Form 10-K contains statements that are not historical in nature, are predictive in nature, or that depend upon or refer to future events or conditions or otherwise contain forward-looking statements within the meaning of Section 21 of the Securities Exchange Act of 1934, as amended (the Exchange Act), and the Private Securities Litigation Reform Act of 1995. These include, among other things, statements regarding:

- our expectations regarding the impacts on our business as a result of the global COVID-19 pandemic;
- our expectation that we may acquire companies, products, services and technologies to further our corporate strategy as compelling opportunities become available;
- our belief that our acquisitions enhance the products and services that we can offer to customers, expand our customer base, provide greater scale to accelerate innovation, grow our revenues and earnings, and increase stockholder value;
- our expectation that, on a constant currency basis, our total cloud and license revenues generally will continue to increase due to expected growth in our cloud services and our license support offerings, and continued demand for our cloud license and on-premise license offerings;
- our belief that our Oracle Cloud Software-as-a-Service and Infrastructure-as-a-Service (SaaS and IaaS, respectively, and collectively, Oracle Cloud Services) offerings are opportunities for us to expand our cloud and license business, and that we are in the early stages of what we expect will be a material migration of our existing Oracle customer base from on-premise applications and infrastructure products and services to the Oracle Cloud;
- our belief that we can market our SaaS and IaaS services to a broader ecosystem of small and medium-sized businesses, non-IT lines of business purchasers, developers and partners due to the highly available, intuitive design, low touch and low cost characteristics of the Oracle Cloud;
- our expectation that substantially all of our customers will renew their license support contracts annually;
- our belief that Oracle Fusion Cloud ERP is a strategic suite of applications that is foundational to facilitate and extract more business value out of the adoption of other Oracle SaaS offerings as customers realize the value of a common data model that spans across core business applications;
- our belief that our SaaS offerings remove business boundaries between front- and back-office activities;
- our expectations regarding the Oracle Autonomous Database to deliver rapid insights and innovation to our customers while also reducing customer downtime and cost;
- our expectation that current and expected customer demand will require us to accelerate cloud services and license support expenses in order to expand the Oracle Cloud by increasing existing data center capacity and adding additional data centers in new geographic locations, which may result in lower total operating margins in future periods;
- our expectation that our hardware business will have lower operating margins as a percentage of revenues than our cloud and license business;
- our expectation that we will continue to make significant investments in research and development, and our belief that research and development efforts are essential to maintaining our competitive position;
- our expectation that our international operations will continue to provide a significant portion of our total revenues and expenses;
- our expectation that variable expenditures that were curtailed primarily in response to COVID-19 may normalize in future periods provided global economic conditions improve;

- our expectation that the proportion of our cloud services and license support revenues relative to our cloud license and on-premise license revenues, hardware revenues and services revenues will continue to increase;
- the sufficiency of our sources of funding for working capital, capital expenditures, contractual obligations, acquisitions, dividends, stock repurchases, debt repayments and other matters;
- our belief that we have adequately provided under U.S. generally accepted accounting principles for outcomes related to our tax audits and that the final outcome of our tax-related examinations, agreements or judicial proceedings will not have a material effect on our results of operations, and our belief that our net deferred tax assets will likely be realized in the foreseeable future;
- our belief that the outcome of certain legal proceedings and claims to which we are a party will not, individually or in the aggregate, result in losses that are materially in excess of amounts already recognized, if any;
- the possibility that certain legal proceedings to which we are a party could have a material impact on our financial position, future cash flows and results of operations;
- the possibility that we may incur additional restructuring expenses in future periods due to the initiation of new restructuring plans;
- declarations of future cash dividend payments and the timing and amount of future stock repurchases, including our expectation that the levels of our future stock repurchase activity may be modified in comparison to past periods in order to use available cash for other purposes;
- our expectations regarding the impact of recent accounting pronouncements on our consolidated financial statements;
- our expectation that, to the extent customers renew support contracts or cloud SaaS and IaaS contracts from companies that we have acquired, we will recognize revenues for the full contracts' values over the respective renewal periods;
- our ability to predict revenues, particularly certain cloud license and on-premise license revenues and hardware revenues;
- the percentage of remaining performance obligations that we expect to recognize as revenues over the next twelve months;

as well as other statements regarding our future operations, financial condition and prospects, and business strategies. Forward-looking statements may be preceded by, followed by or include the words "expects," "anticipates," "intends," "plans," "believes," "seeks," "strives," "endeavors," "estimates," "will," "should," "is designed to" and similar expressions. We claim the protection of the safe harbor for forward-looking statements contained in the Private Securities Litigation Reform Act of 1995 for all forward-looking statements. We have based these forward-looking statements on our current expectations and projections about future events. These forward-looking statements are subject to risks, uncertainties and assumptions about our business that could affect our future results and could cause those results or other outcomes to differ materially from those expressed or implied in the forward-looking statements. Factors that might cause or contribute to such differences include, but are not limited to, those discussed in "Risk Factors" included elsewhere in this Annual Report and as may be updated in filings we make from time to time with the U.S. Securities and Exchange Commission (the SEC), including our Quarterly Reports on Form 10-Q to be filed by us in our fiscal year 2022, which runs from June 1, 2021 to May 31, 2022.

We have no obligation to publicly update or revise any forward-looking statements, whether as a result of new information, future events or risks, except to the extent required by applicable securities laws. If we do update one or more forward-looking statements, no inference should be drawn that we will make additional updates with respect to those or other forward-looking statements. New information, future events or risks could cause the forward-looking events we discuss in this Annual Report not to occur. You should not place undue reliance on these forward-looking statements, which reflect our expectations only as of the date of this Annual Report.

PART I

Item 1. Business

Oracle provides products and services that address enterprise information technology (IT) environments. Our products and services include applications and infrastructure offerings that are delivered worldwide through a variety of flexible and interoperable IT deployment models. These models include on-premise deployments, cloud-based deployments, and hybrid deployments (an approach that combines both on-premise and cloud-based deployment) such as our Oracle Cloud@Customer offering (an instance of Oracle Cloud in a customer's own data center). Accordingly, we offer choice and flexibility to our customers and facilitate the product, service and deployment combinations that best suit our customers' needs. Our customers include businesses of many sizes, government agencies, educational institutions and resellers that we market and sell to directly through our worldwide sales force and indirectly through the Oracle Partner Network. Using Oracle technologies, our customers build, deploy, run, manage and support their internal and external products, services and business operations including, for example, a global cloud application supplier that utilizes Oracle Cloud Infrastructure-as-a-Service (IaaS) to provide its Software-as-a-Service (SaaS) offerings; a multi-national financial institution that runs its banking applications using the Oracle Exadata Database Machine; and a global consumer products company that leverages Oracle Fusion Cloud Enterprise Resource Planning for its accounting processes, consolidation and financial planning functions.

Oracle Cloud Services offerings, which include Oracle SaaS and Oracle IaaS offerings, provide a comprehensive and integrated stack of applications and infrastructure services delivered via cloud-based deployment models. Oracle Cloud Services integrate the software, hardware and services on a customer's behalf in a cloud-based IT environment that Oracle deploys, upgrades, supports and manages for the customer.

Oracle Cloud Services are designed to be rapidly deployable to enable customers shorter time to innovation; intuitive for casual and experienced users; easily maintainable to reduce upgrade, integration and testing work; connectable among differing deployment models to enable interchangeability and extensibility between IT environments; compatible to easily move workloads between the Oracle Cloud and other IT environments; cost-effective by requiring lower upfront customer investment; and secure, standards-based and reliable.

Oracle cloud license and on-premise license deployment offerings include Oracle Applications, Oracle Database and Oracle Middleware software offerings, among others, which customers deploy using IT infrastructure from the Oracle Cloud or their own cloud-based or on-premise IT environments. Substantially all customers, at their option, purchase license support contracts when they purchase an Oracle license.

Oracle hardware products include Oracle Engineered Systems, servers, storage and industry-specific products, among others. Customers generally opt to purchase hardware support contracts when they purchase Oracle hardware products.

Oracle also offers services to assist our customers and partners to maximize the performance of their Oracle purchases.

Providing choice and flexibility to Oracle customers as to when and how they deploy Oracle applications and infrastructure technologies is an important element of our corporate strategy. We believe that offering customers broad, comprehensive, flexible and interoperable deployment models for Oracle applications and infrastructure technologies is important to our growth strategy and better addresses customer needs relative to our competitors, many of whom provide fewer offerings, more restrictive deployment models and less flexibility for a customer's transition to cloud-based IT environments.

Our investments in, and innovation with respect to, Oracle products and services that we offer through our three businesses (cloud and license, hardware and services businesses, described further below) are another important element of our corporate strategy. In fiscal 2021, 2020 and 2019, we invested \$6.5 billion, \$6.1 billion and \$6.0 billion, respectively, in research and development to enhance our existing portfolio of offerings and products and to develop new technologies and services. We have a deep understanding as to how applications and infrastructure technologies interact and function with one another. We focus our development efforts on improving the performance, security, operation, integration and cost-effectiveness of our offerings relative to our competitors; facilitating the ease with which organizations are able to deploy, use, manage and maintain our offerings; and incorporating emerging technologies within our offerings to enable leaner business processes,

automation and innovation. For example, the Oracle Autonomous Database is designed to deliver transformational infrastructure through an Oracle Cloud IaaS offering that utilizes Oracle's Next-Generation Cloud Infrastructure's machine learning capabilities. After an initial purchase of Oracle products and services, our customers can continue to benefit from our offerings, research and development efforts and deep IT expertise by electing to purchase and renew Oracle support offerings for their license and hardware deployments, which may include product enhancements that we periodically deliver to our products, and by renewing their Oracle Cloud Services contracts with us.

Our selective and active acquisition program is another important element of our corporate strategy. We believe that our acquisitions enhance the products and services that we can offer to customers, expand our customer base, provide greater scale to accelerate innovation, grow our revenues and earnings, and increase stockholder value. We have invested billions of dollars over time to acquire a number of companies, products, services and technologies that add to, are complementary to, or have otherwise enhanced our existing offerings. We expect to continue to acquire companies, products, services and technologies to further our corporate strategy.

We have three businesses, each of which is comprised of a single operating segment. Item 7 Management's Discussion and Analysis of Financial Condition and Results of Operations and Note 15 of Notes to Consolidated Financial Statements, both included elsewhere in this Annual Report, provide additional information related to our businesses and operating segments.

Oracle Corporation was incorporated in 2005 as a Delaware corporation and is the successor to operations originally begun in June 1977.

Impacts of the COVID-19 Pandemic on Oracle's Business

Oracle is committed to the health, safety and welfare of our employees, customers, suppliers, communities, stockholders and other stakeholders. While the world continues to navigate the risks and uncertainties associated with the COVID-19 pandemic, we are committed to providing critical technologies, programs and support to individuals and organizations to navigate, adjust and advance their operations in light of the unique demands and constraints imposed by the pandemic. Many enterprises, governments and educational institutions have faced unprecedented disruption due to the COVID-19 pandemic and their customers expect to deal with organizations in digital ways more than ever before. Organizations have been required to adjust their operations and IT infrastructures to operate safely while agilely responding to evolving purchaser needs and business requirements. Organizations have turned to the Oracle Cloud to accelerate their digital transformations using applications and infrastructure technologies that are designed to be complete, current, and robust in order to safely and securely operate, safeguard and advance their business initiatives. Regardless of IT deployment model, Oracle has developed, delivered and supported products and services for decades that enable telecommunication companies to keep people connected; retailers to provide food and other necessities; researchers to identify solutions; hospitals to provide care; airlines to ensure travel; banks to help people access funds; insurers to provide benefits; governments to keep people safe and informed; utilities to supply power and water; and many other critical functions.

We have proactively sought, supported, donated to, partnered and engaged with organizations globally that provide critical medicines, research, goods and services to combat the COVID-19 pandemic, including:

- medical research organizations, which power COVID-19 simulation and modeling projects using Oracle Cloud IaaS;
- the U.S. federal government, which received Oracle's National Electronic Health Records Cloud and Oracle's Public Health Management Applications Suite to help public health agencies collect and analyze information related to COVID-19 and track any adverse effects related to COVID-19 vaccines;
- national governments of several African countries, which are receiving systems and services to manage public health vaccination programs, through our work with the Tony Blair Institute;
- hospitals, which have utilized Oracle infrastructure technologies to rapidly develop and deploy applications that collect, analyze and manage characteristics of COVID-19 patients;

- enterprises, which, at the onset of the COVID-19 pandemic, Oracle permitted at no additional charge to access Oracle Fusion Cloud Human Capital Management (HCM) options for employee health and safety programs in order to proactively manage and respond to COVID-19 implications on their workforces;
- state and local government agencies, which have utilized Oracle Cloud SaaS solutions to develop and target constituent outreach related to COVID-19, and to assess, research and respond to COVID-19 incident management on a unified platform; and
- pharmaceutical companies, which power their research and clinical trials using Oracle Health Sciences solutions;

among dozens of other specific use cases, programs and partnerships that Oracle has donated to, partnered with, developed and supported in response to the COVID-19 pandemic.

Oracle applications and infrastructure technologies are critical to the business operations of our customers, which number in the hundreds of thousands across a broad geographic and industry base. We are profitable and generate a large amount of positive cash flow from our operations and we do not believe the COVID-19 pandemic will jeopardize either of these characteristics of our business. Other impacts due to COVID-19 on our business are currently unknown.

For additional discussion regarding the impacts and risks to our business from the COVID-19 pandemic, refer to Item 1A Risk Factors and Item 7 Management's Discussion and Analysis of Financial Condition and Results of Operations included elsewhere in this Annual Report on Form 10-K.

Oracle Applications and Infrastructure Technologies

Oracle's comprehensive portfolio of applications and infrastructure technologies is designed to address an organization's IT environment needs including business process, infrastructure and applications development requirements, among others. Oracle technologies are based upon industry standards and are designed to be enterprise-grade, reliable, scalable and secure. Oracle applications and infrastructure technologies including database and middleware software as well as enterprise applications, virtualization, clustering, large-scale systems management and related infrastructure products and services are the building blocks of Oracle Cloud Services, our partners' cloud services, and our customers' cloud IT environments. Oracle applications and infrastructure offerings are marketed and sold through our cloud and license, hardware, and services businesses and are delivered through the Oracle Cloud, or through other IT deployment models including cloud-based, hybrid and on-premise deployments. We believe Oracle applications and infrastructure offerings enable flexibility, interoperability and choice to best meet customer IT needs.

We believe that our Oracle Cloud Services offerings are opportunities for us to expand our cloud and license business. We believe that our customers increasingly recognize the value of access to the latest versions of Oracle cloud-based applications and infrastructure capabilities via a lower cost, rapidly deployable, flexible and interoperable services model that Oracle provisions, manages, upgrades and maintains on the customer's behalf. We believe that we can market and sell our Oracle SaaS and IaaS offerings together to help new and existing customers migrate their extensive installed base of on-premise applications and infrastructure technologies to the Oracle Cloud and we believe we are in the early stages of what we expect will be a material migration of our existing Oracle customer base from on-premise applications and infrastructure products and services to the Oracle Cloud. In addition, we also believe we can market our SaaS and IaaS services to a broader ecosystem of small and medium-sized businesses, non-IT lines of business purchasers, developers and partners due to the highly available, intuitive design, low touch and low cost characteristics of the Oracle Cloud.

In recent periods, customer demand for our applications and infrastructure technologies delivered through our Oracle Cloud Services deployment models has increased. To address customer demand and enable customer choice, we have introduced certain programs for customers to pivot their applications and infrastructure licenses and license support contracts to the Oracle Cloud for new deployments and to migrate to and expand with the Oracle Cloud for their existing workloads. The proportion of our cloud services and license support revenues relative to our cloud license and on-premise license revenues, hardware revenues and services revenues has increased and represented 71%, 70% and 68% of our total revenues during fiscal 2021, 2020 and 2019, respectively. We expect these trends to continue.

Oracle Applications Technologies

Oracle applications technologies are marketed, sold, delivered and supported through our cloud and license business. Our applications cloud services and license support revenues represented 41% of our total cloud services and license support revenues in fiscal 2021 and 40% of our total cloud services and license support revenues in each of fiscal 2020 and 2019. Oracle applications technologies include our Oracle Cloud SaaS offerings, which are available for customers as a subscription, and Oracle Applications license offerings, which are available for customers to purchase for use within the Oracle Cloud, and other cloud-based and on-premise IT environments, and include the option to purchase related license support. Regardless of the deployment model selected, our applications technologies are designed to reduce the risk, cost and complexity of our customers' IT infrastructures, while supporting customer choice with flexible deployment models that readily enable performance, agility, compatibility and extensibility. Our applications technologies are generally designed using industry standard architectures to manage and automate core business functions across the enterprise, as well as to help customers differentiate and innovate in those processes unique to their industries or organizations. We offer applications that are deployable to meet several business automation requirements across a broad range of industries. We also offer industry-specific applications, which provide solutions to customers in the automotive, communications, construction and engineering, consumer goods, education and research, financial services, food and beverage, healthcare, high technology, hospitality, industrial manufacturing, life sciences, media and entertainment, public sector, retail and utilities industries, among others.

Oracle Cloud Software as a Service (SaaS)

Oracle's broad spectrum of Oracle Cloud SaaS offerings provides customers a choice of software applications that are delivered via a cloud-based IT environment that we host, manage, upgrade and support, and that customers purchase by entering into a subscription agreement with us for a stated period. Customers access Oracle Cloud SaaS offerings utilizing common web browsers via a broad spectrum of devices. Our SaaS offerings are built upon open industry standards such as SQL, Java and HTML5 for easier application accessibility, integration and development. Our SaaS offerings represent an industry leading business innovation platform, leveraging Oracle's Next-Generation Cloud Infrastructure, and include a broad suite of modular, next generation cloud software applications spanning all core business functions including, among others:

- Oracle Fusion Cloud Enterprise Resource Planning (ERP), which is designed to be a complete, global and integrated ERP solution to help organizations improve decision making and workforce productivity, and to optimize back-office operations by utilizing a single data and security model with a common user interface;
- Oracle Fusion Cloud Enterprise Performance Management (EPM), which is designed to analyze financial performance, drive accurate and agile financial plans, optimize the financial close and consolidation process, streamline account reconciliation and satisfy an organization's reporting requirements;
- Oracle Fusion Cloud Supply Chain and Manufacturing Management (SCM), which is designed to help organizations create, optimize and digitize their supply chains and innovate products quickly;
- Oracle Fusion Cloud HCM, which is designed to help organizations find, develop and retain their talent, enable collaboration, provide complete workforce insights, improve business process efficiency, and enable users to connect to an integrated suite of HCM applications from any device;
- Oracle Fusion Cloud Advertising and Customer Experience including Sales, Service, Marketing and Advertising, which is designed to be a complete and integrated solution to help organizations deliver consistent and personalized customer experiences across their customer channels, touch points and interactions. It also enables organizations to leverage their own data and consumer data to inform and measure marketing strategies and programs; and
- NetSuite Applications Suite, which is designed to be a unified, cloud-based applications suite to run a company's entire business and includes financials and ERP, customer relationship management, human resources, professional services and commerce, among others. It is generally marketed to small to medium-sized organizations.

In addition, we offer several cloud-based industry solutions to address specific customer needs within certain industries including construction and engineering, retail, and utilities, among others.

Customers, partners and other interested parties may elect to subscribe to Oracle applications and infrastructure training and certification programs through a variety of online, cloud-based learning subscriptions offered by Oracle University. Learners generally have unlimited access to course content delivered during the subscription period.

We believe that the comprehensiveness and breadth of our SaaS offerings as a business innovation platform differentiate us from many of our competitors that offer more limited or specialized applications. Our SaaS offerings are designed to support connected business processes in the cloud and are centered on an intuitive and conversational user experience, a responsive, open and flexible business core, and a common data model. We believe Oracle Fusion Cloud ERP is a strategic suite of applications that is foundational to facilitate and extract more business value out of the adoption of other Oracle SaaS offerings, such as Oracle Fusion Cloud HCM and Oracle Fusion Cloud EPM, as customers realize the value of a common data model that spans across core business applications. We believe our SaaS offerings remove business boundaries between front- and back-office activities. Our SaaS offerings are designed to deliver a secure data isolation architecture and flexible upgrades; self-service access controls for users; a Service-Oriented Architecture; built-in social, mobile and business insight capabilities (analytics); and a high performance, high availability infrastructure based on our infrastructure technologies, including Oracle's Next-Generation Cloud Infrastructure. These SaaS capabilities are designed to simplify IT environments, reduce time to implementation and risk, provide an intuitive user experience for casual and experienced users, and enable customers to focus resources on business growth opportunities. Our SaaS offerings are also designed to natively incorporate advanced technologies such as Internet-of-Things (IoT), artificial intelligence, machine learning, blockchain, digital assistants and advances in the "human interface" and how users interact with Oracle Cloud SaaS offerings within a business context or to augment human capabilities to enhance productivity.

Oracle Applications Licenses

Customers have the ability to license Oracle Applications for use within the Oracle Cloud or within their own cloud-based or on-premise IT environments. Oracle Applications are designed to manage and automate core business functions across the enterprise, including HCM, ERP, EPM, SCM, Advertising and Customer Experience, and industry-specific applications as described above, among others.

We provide customers the option to purchase license support contracts in connection with the purchase of Oracle Applications licenses.

Oracle License Support

Oracle license support offerings are marketed and sold as a part of our cloud and license business. Substantially all of our customers opt to purchase license support contracts when they purchase Oracle applications and infrastructure licenses to run within the Oracle Cloud or other cloud-based and on-premise IT environments. We believe our license support offerings protect and enhance our customers' investments in Oracle applications and infrastructure technologies because they provide proactive and personalized support services including Oracle Lifetime Support and unspecified license enhancements and upgrades during the term of the support period. Substantially all license support customers renew their support contracts with us upon expiration in order to continue to benefit from technical support services and the periodic issuance of unspecified updates and enhancements, which current license support customers are entitled to receive. Our license support contracts are generally priced as a percentage of the net fees paid by the customer to purchase the license and are typically one year in duration.

Oracle Infrastructure Technologies

Oracle infrastructure technologies are marketed, sold and delivered through our cloud and license business and through our hardware business. Our infrastructure technologies are designed to be flexible, cost-effective, standards-based, secure and high-performance in order to facilitate the development, running, integration, management and extension across an organization's cloud-based, on-premise and hybrid IT environments.

Our cloud and license business' infrastructure technologies include the Oracle Database, which is the world's most popular enterprise database; Java, which is the computer industry's most widely-used software development language; and middleware including development tools, among others. These technologies are available through a subscription to our Oracle Cloud IaaS offerings or through the purchase of a license and related license support, at the customer's option, to run within the Oracle Cloud, as a part of a customer's on-premise cloud services, and in other customer IT environments. Our cloud and license business' infrastructure technologies also include cloud-based compute, storage and networking capabilities, among others, through our Oracle Cloud IaaS offerings that are further described below. Our infrastructure offerings also include new and innovative services such as Oracle Autonomous Database (described further below) and emerging technologies such as IoT, digital assistant, and blockchain.

Our hardware business' infrastructure technologies consist of hardware products and certain unique hardware-related software offerings including Oracle Engineered Systems, enterprise servers, storage solutions, industry-specific hardware, virtualization software, operating systems, management software, and related hardware services, including hardware support at the customer's option. Our customers utilize Oracle hardware products and related offerings in their cloud-based, on-premise or hybrid environments to run their internal business operations and to deliver products and services to their customers.

We design our infrastructure technologies to work in our customers' on-premise IT environments that may include other Oracle or non-Oracle hardware or software components. Our flexible and open approach also provides Oracle customers with a choice as to how they can utilize and deploy Oracle infrastructure technologies: through the use of Oracle Cloud offerings; on-premise in our customers' data centers; or a hybrid combination of these two deployment models, such as in the Oracle Cloud@Customer deployment model (described further below). We focus on the operation and integration of Oracle infrastructure technologies to make them easier to deploy, extend, interconnect, manage and maintain for our customers and to improve computing performance relative to our competitors' offerings. For example, the Oracle Exadata Database Machine integrates multiple Oracle technology components to work together to deliver improved performance, availability, scalability, security and operational efficiency of Oracle Database workloads relative to our competitors' products.

Oracle Infrastructure Technologies – Cloud and License Business Offerings

Oracle infrastructure technologies are marketed, sold and delivered through our cloud and license business. Our infrastructure cloud services and license support revenues represented 59% of our total cloud services and license support revenues during fiscal 2021 and 60% in each of fiscal 2020 and 2019.

Oracle Cloud Infrastructure as a Service (IaaS)

Oracle Cloud IaaS is based upon Oracle's Next-Generation Cloud Infrastructure and is designed to deliver IaaS services including compute, storage and networking services, among others, as well as Oracle Autonomous Database that Oracle runs, manages, upgrades and supports on behalf of the customer for a fee for a stated time period, or for certain of our IaaS services, on a "pay-as-you-go" basis at a specified rate for services consumed. By utilizing Oracle Cloud IaaS, customers can leverage the Oracle Cloud for enterprise-grade, high performance, scalable, cost-effective and secure infrastructure technologies that are designed to be rapidly deployable and provide real-time elasticity while reducing the amount of time and resources normally consumed by IT processes within on-premise environments. Oracle's Next-Generation Cloud Infrastructure technology is designed to be differentiated from other cloud vendors to provide better security by separating cloud control code computers from customer data compute nodes. Customers use Oracle Cloud IaaS offerings to build and operate new cloud-native applications, to run new workloads and to move their existing Oracle or non-Oracle workloads to the Oracle

Cloud from their on-premise data centers or from other cloud-based IT environments, among other uses. We continue to invest in Oracle Cloud IaaS to improve features and performance; to expand the catalog of cloud-based infrastructure tools and services that we provide; to increase the capacity and geographic footprint to deliver these services; to simplify the processes for migrating workloads to the Oracle Cloud; and to provide customers with the ability to run workloads across different IT environments, the Oracle Cloud as well as other third-party clouds in a hybrid deployment model.

Oracle customers and partners utilize Oracle's open, standards-based IaaS offerings for platform-related services that are based upon the Oracle Database, Java and Oracle Middleware, including open source and other tools for a variety of use cases across data management (including the use of Oracle Autonomous Database), applications development, integration, content management, analytics, IT management and governance, security, and rapidly emerging technologies such as machine learning. Oracle Cloud IaaS machine learning features are designed to be embedded into customer applications for a variety of predictive use cases including, among others, the servicing of machine parts that are at risk of failing, the stocking of retailer store shelves, and the financial modeling to stay within a business' forecasts.

Oracle customers and partners also utilize Oracle Cloud IaaS for highly-scalable, available, and secure compute, storage and networking services. Our Oracle Cloud IaaS offerings' cloud-based compute services range from virtual machines to graphics processing unit-based offerings to bare metal servers and include options for dense I/O workloads and high performance computing. Oracle Cloud IaaS also includes a range of cloud-based storage offerings including block, object and archive storage services. In addition, Oracle Cloud IaaS offers networking, connectivity, and edge services that help connect customer data centers and third-party clouds, such as Microsoft Azure, with our Oracle Cloud IaaS offerings.

Oracle Cloud@Customer offerings are a direct response to restrictions imposed upon cloud-based IT environment adoption by businesses that operate within certain regulated industries, entities or jurisdictions and enable customer choice in deployment models. Oracle Cloud@Customer enables customers to run Oracle Autonomous Database or Oracle Database in their own data centers behind their firewalls while having the services managed by Oracle. Oracle Cloud@Customer offerings enable customers to take advantage of the agility, innovation and subscription-based pricing of Oracle Cloud Services while meeting data sovereignty, data residency, data protection and regulatory business policy requirements. Oracle Dedicated Region Cloud@Customer is designed to enable customers to bring a self-contained Oracle Cloud instance into their data centers while accessing a substantial portfolio of Oracle Cloud IaaS and SaaS offerings. Oracle Roving Edge Infrastructure offerings are designed to enable customers to access cloud computing and storage services at the edge of networks and in generally disconnected locations in order to accelerate deployment of cloud workloads outside of the data center.

Oracle Database Licenses

Oracle Database is the world's most popular enterprise database and is designed to enable reliable and secure storage, retrieval and manipulation of all forms of data. Oracle Database is licensed throughout the world by businesses and organizations of all sizes for a multitude of purposes, including, among others: for use within the Oracle Cloud to deliver our Oracle Cloud SaaS and IaaS offerings; for use as a cloud license by a number of cloud-based vendors within their respective cloud services offerings; for packaged and custom applications for transaction processing; and for data warehousing and business intelligence. Oracle Database may be deployed in various IT environments including Oracle Cloud, Oracle Cloud@Customer and Dedicated Region Cloud@Customer environments, other cloud-based IT environments, and on-premise data centers, among others. As described above, customers may elect to purchase license support for Oracle Database licenses. We also offer Oracle Database cloud services, such as Oracle Exadata Cloud Service and Oracle Database Service, as a part of our Oracle Cloud IaaS offerings.

Oracle Database Enterprise Edition is available with a number of optional add-on products to address specific customer requirements. In addition to the Oracle Database, we offer a portfolio of specialized database products to address specific customer requirements.

Oracle Autonomous Database

Oracle Autonomous Database offerings are designed to deliver performance and scale with automated database operations and policy-driven optimization by combining certain Oracle infrastructure technologies including the Oracle Database, Oracle's Next-Generation Cloud Infrastructure, Oracle Exadata, and native machine learning capabilities, among others. Oracle Autonomous Database offerings are designed to be self-driving, lower labor costs and reduce human error for routine database administration tasks including maintenance, tuning, patching, security and backup. Oracle Autonomous Database offerings use machine learning-driven diagnostics for fault prediction and error handling. We believe the Oracle Autonomous Database offerings deliver rapid insights and innovation by enabling organizations to quickly provision a data warehouse that automatically and elastically scales to handle very large data warehouses and support millions of transactions per second while enabling a flexible payment model for only the resources used. The integration of Oracle Autonomous Database with other Oracle Cloud Services, such as Java Cloud and Oracle APEX low-code service, and the open interfaces and integrations, provide developers with a modern, open platform to develop new and innovative applications.

Oracle Autonomous Database offerings include:

- Oracle Autonomous Data Warehouse (ADW), which is designed to provide customers with easy-to-use analytics tools in a fully managed, high-performance and elastic service optimized for data warehouse workloads. We believe that most businesses view data as a potentially high-value source that can be used to gain new insights into their customers' behaviors, to anticipate future demand more accurately, to align workforce deployment with business activity forecasts and to accelerate the pace of operations, among other benefits. ADW's self-patching and self-tuning capabilities are designed to enable upgrades while the database is running, thereby eliminating human error. Oracle ADW automates manual IT tasks such as deployment, storing, securing, scaling and backing-up data. In addition, the machine learning-based technology of ADW is designed to enable customers to deploy new, or move existing data marts and data warehouses to the cloud and includes a drag and drop interface that is designed to be highly intuitive; and
- Oracle Autonomous Transaction Processing (ATP), which is designed to enable organizations to safely run a complex mix of high-performance transactions, reporting and batch processing using instant, elastic compute and storage through an Oracle Database running on an Oracle Exadata cloud-based instance. Oracle ATP is designed to enable organizations to conduct real-time transactional data analysis for faster results and lower administration costs, and to eliminate cyber-attacks on unpatched or unencrypted databases. Oracle ATP is designed to be simple and agile to develop and deploy new applications because complex management and tuning is not required.

Oracle ADW and Oracle ATP offer the following options, among others:

- Shared Exadata Infrastructure, which is designed to be a simple and elastic deployment choice in which Oracle autonomously operates all aspects of the database lifecycle, including database placement, backup and software updates; and
- Dedicated Exadata Infrastructure, which is designed to provide the characteristics of a private cloud in a public cloud deployment, including dedicated compute, storage, network and database resources for a single tenant. Dedicated Exadata Infrastructure deployment is also designed to provide high levels of security isolation and governance with customizable operational policies for autonomous operations for workload placement, workload optimization, schedule updating, availability, over-provisioning and peak usage.

Oracle Middleware Licenses

We license our Oracle Middleware, which is a broad family of integrated application infrastructure software, for use in the Oracle Cloud, other cloud-based environments, on-premise data centers and related IT environments. Oracle Middleware is designed to enable customers to design and integrate Oracle and non-Oracle business applications, automate business processes, scale applications to meet customer demand, simplify security and

compliance, manage lifecycles of documents and get actionable, targeted business intelligence. Built with Oracle's Java technology platform, Oracle Middleware products are designed to be flexible across different deployment environments—cloud, on-premise or hybrid—as a foundation for custom, packaged and composite applications, thereby simplifying and reducing time to deployment. Oracle Middleware is designed to protect customers' IT investments and work with both Oracle and non-Oracle database, middleware and applications software through an open architecture and adherence to industry standards. In addition, Oracle Middleware supports multiple development languages and tools, which enables developers to flexibly build once and deploy applications globally across websites, portals and cloud-based applications utilizing a variety of IT environments.

Among our other middleware license offerings, we license a wide range of development tools, such as Oracle WebLogic Server for Java application development and Oracle Mobile Application Framework, which is designed to address the needs of businesses that are increasingly focused on delivering mobile device applications to their customers. Organizations may elect to purchase license support, as described above, for Oracle Middleware licenses at their option. We also offer certain of our middleware capabilities as a part of Oracle Cloud IaaS.

Java Licenses

Java is the world's most popular programming language that is used to deliver cloud development and deployment services, microservices, big data analytics, data management, social services, mobile services, chatbots, and continuous integration tools for numerous platforms and technologies including websites, enterprise and consumer applications, embedded devices and gaming. Java is designed to enable developers to write software on a single platform and run it on many other different platforms, independent of operating system and hardware architecture. Java has been adopted by both independent software vendors (ISVs) that have built their products using Java and by enterprise organizations building custom applications or consuming Java-based ISV products. Oracle is the steward of the Java platform and ecosystem. Customers generally purchase Java offerings through subscriptions that include license and support services. Oracle's Java offerings are used by customers to support their Java deployments and to stay current with the latest security updates and other technology innovations.

Oracle Infrastructure Technologies – Hardware Business Offerings

Oracle infrastructure technologies are also marketed, sold and delivered through our hardware business, including a broad selection of hardware products and related hardware support services for cloud-based IT environments, data centers and related IT environments.

Oracle Engineered Systems

Oracle Engineered Systems are core to our cloud-based and on-premise data center infrastructure offerings. Oracle Engineered Systems are pre-integrated products, combining multiple unique Oracle technology components, including database, storage, operating system, and management software with server, storage, networking hardware and other technologies. Oracle Engineered Systems are designed to work together to deliver improved performance, scalability, availability, security and operational efficiency relative to our competitors' products; to be upgraded effectively and efficiently in a non-disruptive manner; and to simplify maintenance cycles and improve security by providing a single solution for patching. For example, Oracle Exadata Database Machine is a computing platform that is optimized for running Oracle Database, achieving higher performance, scalability and availability at a lower cost by combining Oracle Database, storage and operating system software with Oracle server, storage and networking hardware. We offer certain of our Oracle Engineered Systems, including the Oracle Exadata Database Machine, among others, through flexible deployment options, including on-premise, Oracle Cloud IaaS, and as an Oracle Cloud@Customer offering.

Oracle Servers

We offer a wide range of Oracle server products that are designed for mission-critical enterprise environments and that are key components of our Oracle Engineered Systems and Oracle Cloud offerings. We have two families of server products: those based on the Oracle SPARC microprocessor, which are designed to be differentiated by their reliability, security and scalability specifically for UNIX environments; and those using x86 microprocessors. By offering a range of server sizes and microprocessors, customers are offered the flexibility to choose the types of

servers that they believe will be most appropriate and valuable for their particular IT environments. We believe the combination of Oracle server systems with Oracle software enhances our customers' ability to shift data and workloads between data center and cloud deployments based on an organization's business requirements.

Oracle Storage

Oracle storage products are engineered for the cloud and designed to securely store, manage, protect and archive customers' mission-critical data assets generated by any database or application. Oracle storage products combine flash, disk, tape and server technologies with optimized software and unique integrations with the Oracle Database offering greater performance and efficiency and lower total cost relative to our competitors' storage products. Certain of our storage products provide integration with Oracle Cloud Services for backup and archiving.

Oracle Industry-Specific Hardware Offerings

We offer hardware products and services designed for certain specific industries including, among others, our point-of-sale terminals and related hardware that are designed for managing businesses within the food and beverage, hotel and retail industries; and hardware products and services for communications networks including network signaling, policy control and subscriber data management solutions, and session border control technology.

Oracle Operating Systems, Virtualization, Management and Other Hardware-Related Software

We offer a portfolio of operating systems, including Oracle Linux and Oracle Solaris, virtualization software including Oracle Virtual Machine, and other hardware-related software. We also offer a range of management technologies and products, including Oracle Enterprise Manager and the Oracle Cloud Observability and Management Platform, designed to help customers efficiently operate complex IT environments, including both end users' and service providers' cloud environments.

Oracle Hardware Support

Oracle hardware support offerings provide customers with unspecified software updates for software components that are essential to the functionality of our hardware products such as for Oracle operating systems and firmware. These offerings can also include product repairs, maintenance services and technical support services. We continue to evolve hardware support processes that are intended to proactively identify and solve quality issues and to increase the amount of new and renewed hardware support contracts sold in connection with the sales of our hardware products. Hardware support contracts are generally priced as a percentage of the net hardware products fees.

Oracle Services

We offer services to help customers and partners maximize the performance of their investments in Oracle applications and infrastructure technologies. We believe that our services are differentiated based on our focus on Oracle technologies, extensive experience and broad sets of intellectual property and best practices. Our services offerings substantially include, among others:

- consulting services, which are designed to help our customers and global system integrator partners more successfully architect and deploy our cloud and license offerings, including IT strategy alignment, enterprise architecture planning and design, implementation, integration, application development, security assessments and ongoing software enhancements and upgrades. We utilize a global, blended delivery model to optimize value for our customers and partners, consisting of consultants from local geographies, industry specialists and consultants from our global delivery and solution centers; and
- advanced customer services, which are support services provided by Oracle to a customer on-site or remote to enable increased performance and higher availability of a customer's Oracle products and services.

Oracle Cloud Operations

Oracle Cloud Operations deliver our Oracle Cloud Services to customers through a secure, reliable, scalable, enterprise grade cloud infrastructure platform managed by Oracle employees within a global network of data centers, which we refer to as the Oracle Cloud. The Oracle Cloud enables secure and isolated cloud-based instances for each of our customers to access the functionality of Oracle Cloud Services via a broad spectrum of devices. Oracle Cloud Operations leverage automated software tools to enable the rapid delivery of the latest cloud technology capabilities to the Oracle Cloud as they become available, providing Oracle customers access to the latest Oracle releases generally on a quarterly cadence. We have invested in the expansion of the Oracle Cloud by increasing existing data center capacity and adding additional data centers in new geographic locations to meet current and expected customer demand. We expect this trend will continue.

Manufacturing

We rely on third-party manufacturing partners to produce the substantial majority of our hardware products that we market and sell to customers and utilize internally to deliver Oracle Cloud Services, and we distribute most of our hardware products from these partners' facilities. Our manufacturing processes are substantially based on standardization of components across product types and centralization of assembly and distribution centers. Production of our hardware products requires that we purchase materials, supplies, product subassemblies and full assemblies from a number of suppliers. For most of our hardware products, we have existing alternative sources of supply or such sources are readily available. However, we do rely on sole sources for certain hardware components. We monitor and evaluate potential risks of disruption within our supply chain operations. Refer to Risk Factors included in Item 1A within this Annual Report for additional discussion of the challenges we encounter with respect to the sources and availability of supplies for our hardware products and the related risks to our business.

Sales and Marketing

We directly market and sell our cloud, license, hardware, support and services offerings to businesses of many sizes and in many industries, government agencies and educational institutions. We also market and sell our offerings through indirect channels.

In the United States (U.S.), our sales and services employees are based in our headquarters and in field offices throughout the country. Outside the U.S., our international subsidiaries sell, support and service our offerings in their local countries as well as within other foreign countries where we do not operate through a direct sales subsidiary. Our geographic coverage allows us to draw on business and technical expertise from a global workforce, provides stability to our operations and revenue streams to offset geography specific economic trends, and offers us an opportunity to take advantage of new markets for our offerings. Our international operations subject us to certain risks, which are more fully described in Risk Factors included in Item 1A of this Annual Report. A summary of our domestic and international revenues and long-lived assets is set forth in Note 15 of Notes to Consolidated Financial Statements included elsewhere in this Annual Report.

We also market our product offerings worldwide through indirect channels. The companies that comprise our indirect channel network are members of the Oracle Partner Network. The Oracle Partner Network is a global program that manages our business relationships with a large, broad-based network of companies, including cloud and license, hardware and services suppliers, system integrators and resellers that deliver innovative solutions and services based upon and in conjunction with our product offerings. By offering our partners access to our product offerings, educational information, technical services, marketing and sales support, the Oracle Partner Network program extends our market reach by providing our partners with the resources they need to be successful in delivering solutions to customers globally.

Research and Development

We develop the substantial majority of our products and services offerings internally utilizing the skills and diversity of a global workforce. In addition, we have extended our products and services offerings and intellectual property through acquisitions of businesses and technologies. We also purchase or license intellectual property rights in certain circumstances. Internal development allows us to maintain technical control over the design and

development of our products. We have a number of U.S. and foreign patents and pending applications that relate to various aspects of our products and technology. While we believe that our patents have value, no single patent is essential to us or to any of our principal businesses. Rapid technological advances in cloud, software and hardware development, evolving standards in computer hardware and software technology, changing customer needs and frequent new product introductions, offerings and enhancements characterize the markets in which we compete. We plan to continue to dedicate a significant amount of resources to research and development efforts to maintain and improve our current products and services offerings.

Human Capital Resources

At Oracle, our success is driven by the quality of our people, who we believe are among the best and brightest in the industry. We strive to create an environment that supports employee success and a culture where everyone has a voice in driving innovation.

Workforce

As of May 31, 2021, we employed approximately 132,000 full-time employees, of which approximately 45,000 were employed in the U.S. and approximately 87,000 were employed internationally. Our employee counts by lines of business are:

35,000	Sales and marketing	23,000	Services
19,000	Cloud services and license support operations	40,000	Research and development
3,000	Hardware	12,000	General and administrative

None of our employees in the U.S. is represented by a labor union; however, in certain foreign subsidiaries, labor unions or workers' councils represent some of our employees.

Diversity and Inclusion

We believe that innovation starts with inclusion. We endeavor to hire employees from a broad pool of talent with diverse backgrounds, perspectives and abilities and we believe Oracle's diverse leaders serve as role models for our inclusive workforce. We seek to continuously build on our inclusive hiring strategies, tracking our progress and holding ourselves accountable for greater diversity at Oracle. Our programs are supported by Oracle leaders across the company with strategic sponsorship from Oracle's Executive Diversity Council, which is led by Safra Catz, our Chief Executive Officer, and extend through the actions we are taking globally on Oracle's five Diversity and Inclusion (D&I) Imperatives:

- driving insight and accountability with data;
- recruiting with an intention on diversity;
- embedding inclusion into talent development;
- inspiring an inclusive culture through community; and
- investing in the future diversity of our industry.

In addition to global, regional and local programs, Oracle Human Resources partners with business leaders to create and implement D&I plans to embed targeted strategies into organizations across Oracle. Employee satisfaction on the importance of D&I at Oracle and their manager's encouragement of diverse ideas and perspectives ranks high in our employee engagement surveys.

Leaders Who Listen

We believe that an important aspect of creating a culture and environment that supports employee and business success is listening to employee feedback. We share the results of our annual employee engagement survey with leaders who receive direct observations from employees about areas critical to Oracle's strategic priorities, including the employee and customer experience. Nearly 80% of our employees participate in the annual survey.

Leaders listen to employees, evaluate feedback and prioritize actions to enhance employee, business and customer success.

Flexible Work Options

The COVID-19 pandemic changed the way both leaders and employees think about where and how they work. For the vast majority of Oracle’s employees, productivity is no longer tied to being in an office and collaboration can happen between people anywhere. In fiscal 2021 we announced a modern approach to work that gives our employees more flexibility to choose where and how to work. Depending on their role, this means that when our offices reopen after the pandemic, many employees can choose their office location, as well as continue to work from home some or all the time. We expect this modern approach to work will help us engage with a wider pool of talent and retain employees who want or need more flexibility.

Tenure

We monitor employee turnover rates as our success depends upon retaining top talent. During the COVID-19 pandemic, we observed decreased turnover in the short term and we believe that in the long term, we have an opportunity to continue to reduce undesirable turnover by offering competitive rewards, flexible work options, career growth and development opportunities. The average tenure of our employees is approximately eight years and 29% of our employees have been employed with Oracle for ten or more years.

Opportunities to Learn and Grow

We believe that a primary reason candidates join Oracle is for career development opportunities. We have programs and resources to help our employees explore, build and achieve their career goals. We also promote regular career conversations between leaders and employees. These are separate from performance feedback conversations and are focused on helping employees identify and take steps to grow their careers. Our Talent Review process, run on Oracle Fusion Cloud HCM, provides the mechanism for leaders to review and discuss opportunities and action plans to develop employees. 31% of our open non-entry level positions were filled internally in fiscal 2021, providing growth opportunities and retaining critical knowledge and talent.

Helping our employees learn and apply new skills is key to retaining them and critical to our ability to innovate and rapidly evolve. We support employees with anytime, everywhere learning resources to help build skills for today and the future. Oracle employees received four million hours of training in fiscal 2021 and accessed online learning content at an average rate of more than two million views per month. When the COVID-19 pandemic hit, we implemented a global work from home program and immediately pivoted to enable employees to continue learning from home. We moved in-person learning and development to online and our employees took advantage of the rich content available to help them enhance their skills. In addition to online classes and learning resources on business and technical skills, we also added more webinars and learning opportunities to support employee and family well-being.

Making a Difference

Many of our employees participate in Oracle’s corporate citizenship initiatives focused on education, the environment and community. Each year, through our volunteering and giving programs, employees donate tens of thousands of volunteer hours and millions of dollars (matched by Oracle) to causes ranging from equality and racial justice, to cleaning up oceans and mentoring students, to sharing their time and resources with people in need.

Seasonality and Cyclicity

Our quarterly revenues have historically been affected by a variety of seasonal factors, including the structure of our sales force incentive compensation plans, which are common in the IT industry. In each fiscal year, our total revenues and operating margins are typically highest in our fourth fiscal quarter and lowest in our first fiscal quarter. The operating margins of our businesses (in particular, our cloud and license business and hardware business) are generally affected by seasonal factors in a similar manner as our revenues because certain expenses within our cost structure are relatively fixed in the short term. See “Cloud and License Business” in Item 7 of this

Annual Report for more information regarding the seasonality and cyclicity of our revenues, expenses and margins.

Competition

We face intense competition in all aspects of our business. The nature of the IT industry creates a competitive landscape that is constantly evolving as firms emerge, expand or are acquired, as technology evolves and as customer demands and competitive pressures otherwise change.

Our customers are demanding less complexity and lower total cost in the implementation, sourcing, integration and ongoing maintenance of their IT environments. Our enterprise cloud, license and hardware offerings compete directly with certain offerings from some of the largest and most competitive companies in the world, including Amazon.com, Inc., Microsoft Corporation, International Business Machines Corporation (IBM), Intel Corporation, Cisco Systems, Inc., Adobe Systems Incorporated, Alphabet Inc. and SAP SE, as well as other companies like Hewlett-Packard Enterprise, salesforce.com, inc. and Workday, Inc. In addition, due to the low barriers to entry in many of our market segments, new technologies and new and growing competitors frequently emerge to challenge our offerings. Our competitors range from companies offering broad IT solutions across many of our lines of business to vendors providing point solutions, or offerings focused on a specific functionality, product area or industry. In addition, as we expand into new market segments, we face increased competition as we compete with existing competitors, as well as firms that may be partners in other areas of our business and other firms with whom we have not previously competed. Moreover, we or our competitors may take certain strategic actions—including acquisitions, partnerships and joint ventures, or repositioning of product lines—which invite even greater competition in one or more product offering categories.

Key competitive factors in each of the segments in which we currently compete and may compete in the future include: total cost of ownership, performance, scalability, reliability, security, functionality, efficiency, ease of use, speed to production and quality of technical support. Our products and services sales and the relative strength of our products and services versus those of our competitors are also directly and indirectly affected by the following, among other factors:

- market adoption of cloud-based IT offerings including SaaS and IaaS offerings;
- the ease of deployment, use, transacting for and maintenance of our products and services offerings;
- compatibility between Oracle products and services deployed within local IT environments and public cloud IT environments, including our Oracle Cloud environments;
- the adoption of commodity servers and microprocessors;
- the broader “platform” competition between our industry standard Java technology platform and the .NET programming environment of Microsoft;
- operating system competition among our Oracle Solaris and Linux operating systems, with alternatives including Microsoft’s Windows Server, and other UNIX and Linux operating systems;
- the adoption of open source alternatives to commercial software by enterprise software customers;
- products, features and functionality developed internally by customers and their IT staff;
- products, features and functionality customized and implemented for customers by consultants, systems integrators or other third parties; and
- the attractiveness of offerings from business processing outsourcers.

For more information about the competitive risks we face, refer to Item 1A Risk Factors included elsewhere in this Annual Report.

Governmental Regulation

We operate globally and are subject to numerous U.S. federal, state, and foreign laws and regulations covering a wide variety of subject matters. For information about governmental regulations applicable to our business, refer to Item 1A Risk Factors and Note 17 of Notes to Consolidated Financial Statements, both included elsewhere in this Annual Report.

Available Information

Our Annual Report on Form 10-K, Quarterly Reports on Form 10-Q, Current Reports on Form 8-K and amendments to those reports filed pursuant to Sections 13(a) and 15(d) of the Exchange Act are available, free of charge, on the SEC website at www.sec.gov and our Investor Relations website at www.oracle.com/investor as soon as reasonably practicable after we electronically file such materials with, or furnish them to, the SEC. We use our Investor Relations website as a means of disclosing material non-public information. Accordingly, investors should monitor our Investor Relations website, in addition to following our press releases, SEC filings and public conference calls and webcasts. In addition, information regarding our environmental policy and global sustainability initiatives and solutions are also available on our website at www.oracle.com/corporate/citizenship. The information posted on or accessible through our website is not incorporated into this Annual Report. The references to our websites are intended to be inactive textual references only.

Information About Our Executive Officers

Our executive officers are listed below.

Name	Office(s)
Lawrence J. Ellison	Chairman of the Board of Directors and Chief Technology Officer
Safra A. Catz	Chief Executive Officer and Director
Jeffrey O. Henley	Vice Chairman of the Board of Directors
Edward Screven	Executive Vice President, Chief Corporate Architect
Dorian E. Daley	Executive Vice President and General Counsel
William Corey West	Executive Vice President, Chief Accounting Officer

Mr. Ellison, 76, has been our Chairman of the Board and Chief Technology Officer since September 2014. He served as our Chief Executive Officer from June 1977, when he founded Oracle, until September 2014. He has served as a Director since June 1977. He previously served as our Chairman of the Board from May 1995 to January 2004. He currently serves as a director of Tesla, Inc.

Ms. Catz, 59, has been our Chief Executive Officer since September 2014. She served as our President from January 2004 to September 2014, our Chief Financial Officer most recently from April 2011 until September 2014 and a Director since October 2001. She was previously our Chief Financial Officer from November 2005 until September 2008 and our Interim Chief Financial Officer from April 2005 until July 2005. Prior to being named our President, she held various other positions with us since joining Oracle in 1999. She currently serves as a director of The Walt Disney Company. She also serves on the U.S. National Security Commission on Artificial Intelligence.

Mr. Henley, 76, has served as our Vice Chairman of the Board since September 2014. He previously served as our Chairman of the Board from January 2004 to September 2014 and has served as a Director since June 1995. He served as our Executive Vice President and Chief Financial Officer from March 1991 to July 2004.

Mr. Screven, 56, has been Executive Vice President, Chief Corporate Architect since May 2015. He served as our Senior Vice President, Chief Corporate Architect from November 2006 to April 2015 and as Vice President, Chief Corporate Architect from January 2003 to November 2006. He held various other positions with us since joining Oracle in 1986.

Ms. Daley, 62, has been our Executive Vice President and General Counsel since April 2015. She served as our Secretary from October 2007 until October 2017 and she was our Senior Vice President, General Counsel from October 2007 to April 2015. She served as our Vice President, Legal, Associate General Counsel and Assistant Secretary from June 2004 to October 2007, as Associate General Counsel and Assistant Secretary from October 2001 to June 2004 and as Associate General Counsel from February 2001 to October 2001. She held various other positions with us since joining Oracle's Legal Department in 1992.

Mr. West, 59, has been our Executive Vice President, Chief Accounting Officer since April 2015. He served as our Senior Vice President, Corporate Controller and Chief Accounting Officer from February 2008 to April 2015 and served as our Vice President, Corporate Controller and Chief Accounting Officer from April 2007 to February 2008. His previous experience includes 14 years with Arthur Andersen LLP, most recently as a partner.

Item 1A. Risk Factors

We operate in rapidly changing economic and technological environments that present numerous risks, many of which are driven by factors that we cannot control or predict. The following discussion, as well as our “Critical Accounting Policies and Estimates” discussion in Item 7 Management’s Discussion and Analysis of Financial Condition and Results of Operations, highlights some of these risks. The risks described below are not exhaustive and you should carefully consider these risks and uncertainties before investing in our securities.

Business and Operational Risks

The COVID-19 pandemic has affected how we and our customers are operating our respective businesses, and the duration and extent to which this will impact our future results of operations remains uncertain. The COVID-19 pandemic and efforts to control its spread have materially affected how we, our customers, partners and suppliers are operating our businesses. Our operations have been negatively affected by a range of external factors related to the COVID-19 pandemic that are not within our control. For example, the COVID-19 pandemic has led governments to implement preventative measures to contain or control further spread of the virus, such as travel restrictions, prohibitions of non-essential activities, quarantines, work-from-home directives and shelter-in-place orders. These preventative measures led to sharp reductions in demand in certain industries in which our customers operate. It is not clear what long-term effects the COVID-19 pandemic will have on our business, including the effects on our customers and prospects. If we are not able to respond to and manage the impact of the COVID-19 pandemic effectively, our business will be harmed.

During fiscal 2021, we cancelled some customer events and transformed others, including Oracle OpenWorld, to virtual events. Our shift to creating virtual customer events may not be successful and we may not be able to showcase our products as well as we have historically done through in-person events, or generate the same customer interest, opportunities and leads through these virtual events. If we attempt to reintroduce large in-person events, we may not be able to do so successfully and our customers may not be able or willing to attend them.

The conditions caused by the COVID-19 pandemic initially adversely affected our customers’ willingness to purchase our products, delayed prospective customers’ purchasing decisions and in certain cases, resulted in delayed payments by existing customers. There have also been, and likely will continue to be, delays in our supply chain. The negative impacts of the global COVID-19 pandemic on the broader global economy and related impacts on our customers’ business operations and their demand for our products may continue into future fiscal periods. The COVID-19 pandemic may also heighten other risks described in this Risk Factors section.

Our success depends upon our ability to develop new products and services, integrate acquired products and services and enhance our existing products and services. Rapid technological advances, intense competition, changing delivery models and evolving standards in computer hardware and software development and communications infrastructure, changing and increasingly sophisticated customer needs and frequent new product introductions and enhancements characterize the industries in which we compete. If we are unable to develop new or sufficiently differentiated products and services, enhance and improve our product offerings and support services in a timely manner or position and price our products and services to meet demand, customers may not purchase or subscribe to our license, hardware or cloud offerings or renew license support, hardware support or cloud subscriptions contracts. Renewals of these contracts are important to the growth of our business. In addition, we cannot provide any assurance that the standards on which we choose to develop new products will allow us to compete effectively for business opportunities in emerging areas.

We have continued to refresh and release new offerings of our cloud products and services. Machine learning and artificial intelligence are increasingly driving innovations in technology but if they fail to operate as anticipated or our other products do not perform as promised, our business and reputation may be harmed.

In addition, our business may be adversely affected if:

- we do not continue to develop and release new or enhanced products and services within the anticipated time frames;

- infrastructure costs to deliver new or enhanced products and services take longer or result in greater costs than anticipated;
- we are unable to increase our existing data center capacity or establish data centers in new geographic locations in a timely manner to meet current or expected customer demand;
- there is a delay in market acceptance of and difficulty in transitioning new and existing customers to new, enhanced or acquired product lines or services;
- there are changes in information technology (IT) trends that we do not adequately anticipate or address with our product development efforts;
- we do not optimize complementary product lines and services in a timely manner; or
- we fail to adequately integrate, support or enhance acquired product lines or services.

Our Oracle Cloud strategy, including our Oracle Cloud Software-as-a-Service and Infrastructure-as-a-Service (SaaS and IaaS, respectively, and collectively, Oracle Cloud Services) offerings, may adversely affect our revenues and profitability. We provide our cloud and other offerings to customers worldwide via deployment models that best suit their needs, including via our cloud-based SaaS and IaaS offerings. As these business models continue to evolve, we may not be able to compete effectively, generate significant revenues or maintain the profitability of our cloud offerings. Additionally, the increasing prevalence of cloud and SaaS delivery models offered by us and our competitors may unfavorably impact the pricing of our cloud and license offerings. If we do not successfully execute our cloud computing strategy or anticipate the cloud computing needs of our customers, our reputation as a cloud services provider could be harmed and our revenues and profitability could decline.

As customer demand for our cloud offerings increases, we experience volatility in our reported revenues and operating results due to the differences in timing of revenue recognition between our cloud license and on-premise license, and hardware product arrangements relative to our cloud offering arrangements. Customers generally purchase our cloud offerings on a subscription basis and revenues from these offerings are generally recognized ratably over the terms of the subscriptions. Consequently, any deterioration in sales activity associated with our cloud offerings may not be immediately observable in our consolidated statement of operations. This is in contrast to revenues associated with our license and hardware product arrangements, which are generally recognized in full at the time of delivery of the related licenses and hardware products. In addition, we may not be able to accurately anticipate customer transition from or be able to sufficiently backfill reduced customer demand for our license, hardware and support offerings relative to the expected increase in customer adoption of and demand for our Oracle Cloud Services, which could adversely affect our revenues and profitability.

We might experience significant coding, manufacturing or configuration errors in our cloud, license and hardware offerings. Despite testing prior to the release and throughout the lifecycle of a product or service, our cloud, license and hardware offerings sometimes contain coding, manufacturing or configuration errors that can impact their function, performance and security, and result in other negative consequences. The detection and correction of any errors in released cloud, license or hardware offerings can be time consuming and costly. Errors in our cloud, license or hardware offerings could affect their ability to properly function, integrate or operate with other cloud, license or hardware offerings, could result in service interruptions, delays or outages of our cloud offerings, could create security vulnerabilities in our products or services, could delay the development or release of new products or services or new versions of products or services, and could adversely affect market acceptance of our products or services. This includes third-party software products or services incorporated into our own. If we experience any of these errors, or if there are delays in releasing our cloud, license or hardware offerings or new versions of these offerings, our sales could be affected and revenues could decline. In addition, we run Oracle's business operations as well as cloud and other services that we offer to our customers on our products and networks. Therefore, any flaws could affect our and our customers' abilities to conduct business operations and to ensure accuracy in financial processes and reporting, and may result in unanticipated costs. Enterprise customers rely on our cloud, license and hardware offerings and related services to run their businesses and errors in our cloud, license and hardware offerings and related services could expose us to product liability, performance and warranty claims as well as significant harm to our brand and reputation, which could impact our future sales.

If we are unable to compete effectively, the results of operations and prospects for our business could be harmed. We face intense competition in all aspects of our business. The nature of the IT industry creates a competitive landscape that is constantly evolving as firms emerge, expand or are acquired, as technology evolves and as delivery models change. Many vendors spend amounts in excess of what Oracle spends to develop and market applications and infrastructure technologies including databases, middleware products, application development tools, business applications, collaboration products and business intelligence, compute, storage and networking products, among others, which compete with Oracle applications and infrastructure offerings. Use of our competitors' technologies influences a customer's purchasing decision or creates an environment that makes it less efficient to utilize or migrate to Oracle products and services. Our competitors may also adopt business practices that provide customers access to competing products and services at a risk profile that we may not generally find acceptable, which may convince customers to purchase competitor products and services. We could lose customers if our competitors introduce new competitive products, add new functionality, acquire competitive products, reduce prices, better execute on their sales and marketing strategies, offer more flexible business practices or form strategic alliances with other companies. Mergers, consolidations or alliances among our competitors, or acquisitions of our competitors by large companies, may result in increased competition. We may also face increasing competition from open source software initiatives in which competitors may provide software and intellectual property for free. Existing or new competitors could gain sales opportunities or customers at our expense.

We may need to change our pricing models to compete successfully. The intense competition we face in the sales of our products and services and general economic and business conditions could put pressure on us to change our prices. If our competitors offer deep discounts on certain products or services or develop products that the marketplace considers more valuable, we may need to lower prices, introduce pricing models and offerings that are less favorable to us, or offer other favorable terms in order to compete successfully. Any such changes may reduce revenues and margins and could adversely affect operating results. Additionally, the increasing prevalence of cloud delivery models offered by us and our competitors may unfavorably impact the pricing of our other cloud and license, hardware and services offerings, and we may also incur increased cloud delivery expenses as we expand our cloud operations and update our infrastructure, all of which could reduce our revenues and/or profitability. Our license support fees and hardware support fees are generally priced as a percentage of our net license fees and net new hardware products fees, respectively. Our competitors may offer lower pricing on their support offerings, which could put pressure on us to further discount our offerings.

Changes to our prices and pricing policies could cause our revenues to decline or be delayed as our sales force implements and our customers adjust to the new pricing policies. Some of our competitors may bundle products for promotional purposes or as a long-term pricing strategy, commit to large customer deployments at prices that are unprofitable, or provide guarantees of prices and product implementations. These practices could, over time, significantly constrain the prices that we can charge for certain of our products. If we do not adapt our pricing models to reflect changes in customer use of our products or changes in customer demand, our revenues could decrease. The increase in open source software distribution may also cause us to change our pricing models.

Any failure to offer high-quality technical support services may adversely affect our relationships with our customers and our financial results. Our customers depend on our support organization to resolve technical issues relating to our applications and infrastructure offerings. We may be unable to respond quickly enough to accommodate short-term increases in customer demand for support services or may be inefficient in our resolution of customer support issues. Increased customer demand for these services, without corresponding revenues, could increase costs and adversely affect our operating results. Any failure to maintain high-quality technical support, or a market perception that we do not maintain high-quality technical support, could adversely affect our reputation, our ability to sell and renew our applications and infrastructure offerings to existing and prospective customers, and our business, operating results, and financial position.

Our cloud offerings and hardware offerings are complex, and if we cannot successfully manage this complexity, the results of these businesses will suffer. We depend on suppliers to develop, manufacture and deliver on a timely basis the necessary technologies and components for our hardware products that we market and sell to our customers and that we use as a part of our cloud infrastructure to deliver our cloud offerings, and there are some technologies and components that can only be purchased from a single vendor due to price, quality, technology,

availability or other business constraints. As a result, our supply chain operations could be disrupted or negatively impacted by industry consolidation and component constraints or shortages, natural disasters, political unrest, public health crises such as the COVID-19 pandemic, changes to trade policies, port stoppages or other transportation disruptions or slowdowns, or other factors affecting the countries or regions where these single source component vendors are located or where the products are being shipped. We may be unable to purchase these items from the respective single vendors on acceptable terms or may experience significant shortages, delays or quality issues in the delivery of necessary technologies, parts or components from a particular vendor. If one or more of the risks described above occurs, our cloud and license business and hardware business and related operating results could be materially and adversely affected.

We are susceptible to third-party manufacturing and logistics delays, which could result in the loss of sales and customers. We outsource a significant majority of our manufacturing, assembly, delivery and technology of, and certain component designs for, our hardware products to a variety of companies, many of which are located outside the U.S. From time to time, these partners experience production problems or delays or cannot meet our demand for products. To reduce this risk, we continue to explore additional third-party manufacturing partners to drive supply chain continuity, but finding additional manufacturing sources in a timely and cost-effective manner is difficult. Third-party manufacturing and logistics delays attributable to the effects of COVID-19 caused a loss of sales during our fiscal 2021. Ongoing or future delays in manufacturing could cause the loss of additional sales, delayed revenue recognition or an increase in our hardware products expenses, all of which could adversely affect the margins of our cloud and license business and hardware business. These challenges could arise if we alter our manufacturing strategies, suppliers, or locations.

Our hardware revenues and profitability have declined and could continue to decline. Our hardware business may adversely affect our total revenues and overall profitability and related growth rates. We may not achieve our estimated revenue, profit or other financial projections with respect to our hardware business in a timely manner or at all due to a number of factors, including:

- changes in our hardware offerings, technologies and strategies, including shifting factory locations, which could adversely affect supply and demand for our hardware products;
- our hardware business has higher expenses as a percentage of revenues, and thus has been less profitable, than our cloud and license business;
- our focus on certain of our more profitable Oracle Engineered Systems and certain other hardware products we consider strategic and the de-emphasis of certain of our lower profit margin commodity hardware products, which could adversely affect our hardware revenues;
- changes in strategies and frequency for the development and introduction of new versions or next generations of our hardware products that could adversely affect our hardware revenues;
- general supply chain material shortages worldwide, which were further exacerbated globally as a result of the COVID-19 pandemic;
- a greater risk of material charges that could adversely affect our operating results, such as potential write-downs and impairments of our inventories; higher warranty expenses than what we experience in our cloud and license and services businesses; and amortization and potential impairment of intangible assets associated with our hardware business; and
- decreased customer demand for related hardware support as hardware products approach the end of their useful lives, which could adversely affect our hardware revenues.

Our periodic workforce restructurings and reorganizations can be disruptive. We are currently restructuring our workforce and in the past we have restructured or made other adjustments to our workforce in response to management changes, product changes, performance issues, change in strategies, acquisitions and other internal and external considerations. These types of restructurings have resulted in increased restructuring costs and temporary reduced productivity while the employees adjusted to their new roles and responsibilities. In addition, we may not achieve or sustain the expected growth, resource redeployment or cost savings benefits of these

restructurings, or may not do so within the expected timeframe. These effects could recur in connection with future acquisitions and other restructurings and our revenues and other results of operations could be negatively affected.

We may lose key employees or may be unable to hire enough qualified employees. We rely on hiring qualified employees and the continued service of our senior management, including our Chairman of the Board of Directors, Chief Technology Officer and founder; our Chief Executive Officer; other members of our executive team; and other key employees. In the technology industry, there is substantial and continuous competition for highly skilled business, product development, technical and other personnel. In response to the COVID-19 pandemic and to ensure the safety of our employees, we have temporarily closed the majority of our offices. In fiscal 2021, we moved our headquarters to Austin, Texas and announced a modern approach to work that may provide our employees more flexibility to choose where and how to work. Depending on their role, this means that, when our offices reopen after the COVID-19 pandemic, many employees can choose their office location, as well as continue to work from home some or all the time. While we believe this may help us engage with a wider pool of talent and may help to retain employees who want or need more flexibility, it could negatively impact employee productivity and it may present risks for our real estate portfolio and strategy. We intend to reopen our offices when it is safe to do so and local requirements allow, but our employees who opt to return to the office may nevertheless be exposed to health risks, which may expose us to potential liability.

We may also experience increased compensation costs that are not offset by either improved productivity or higher sales. We may not be successful in recruiting new personnel and in retaining and motivating existing personnel. With rare exceptions, we do not have long-term employment or non-competition agreements with our employees. Members of our senior management team have left Oracle over the years for a variety of reasons, and we cannot guarantee that there will not be additional departures, which may be disruptive to our operations.

We continually focus on improving our cost structure by hiring personnel in countries where advanced technical expertise and other expertise are available at lower costs. When we make adjustments to our workforce, we may incur expenses associated with workforce reductions that delay the benefit of a more efficient workforce structure. We may also experience increased competition for employees in these countries as the trend toward globalization continues, which may affect our employee retention efforts and increase our expenses in an effort to offer a competitive compensation program. In addition, changes to immigration and labor law policies may adversely impact our access to technical and professional talent.

Our general compensation program includes restricted stock units and performance-based equity, which are important tools in attracting and retaining employees in our industry. If our stock price performs poorly, it may adversely affect our ability to retain or attract employees. We continually evaluate our compensation practices and consider changes from time to time, such as reducing the number of employees granted equity awards or the number of equity awards granted per employee and granting alternative forms of stock-based compensation, which may have an impact on our ability to retain employees and the amount of stock-based compensation expense that we record. Any changes in our compensation practices or those of our competitors could affect our ability to retain and motivate existing personnel and recruit new personnel.

Our cloud and license, and hardware indirect sales channels could affect our future operating results. Our cloud and license, and hardware indirect channel network is comprised primarily of resellers, system integrators/implementers, consultants, education providers, internet service providers, network integrators and independent software vendors. Our relationships with these channel participants are important elements of our cloud, software and hardware marketing and sales efforts. Our financial results could be adversely affected if our contracts with channel participants were terminated, if our relationships with channel participants were to deteriorate, if any of our competitors enter into strategic relationships with or acquire a significant channel participant, if the financial condition or operations of our channel participants were to weaken or if the level of demand for our channel participants' products and services were to decrease. There can be no assurance that we will be successful in maintaining, expanding or developing our relationships with channel participants. If we are not successful, we may lose sales opportunities, customers and revenues.

Acquisitions present many risks and we may not achieve the financial and strategic goals that were contemplated at the time of a transaction. We continue to review and consider strategic acquisitions of companies, products, services and technologies. We have a selective and active acquisition program and we expect to continue to make acquisitions in the future because acquisitions have been an important element of our overall corporate strategy. Risks we may face in connection with our acquisition program include:

- our ongoing business may be disrupted and our management's attention may be diverted by acquisition, transition or integration activities;
- we may have difficulties (1) managing an acquired company's technologies or lines of business; (2) entering new markets where we have no, or limited, direct prior experience or where competitors may have stronger market positions; or (3) retaining key personnel from the acquired companies;
- an acquisition may not further our business strategy as we expected, we may not integrate an acquired company or technology as successfully as we expected, we may impose our business practices or alter go-to-market strategies that adversely impact the acquired business or we may overpay for, or otherwise not realize the expected return on our investments, each or all of which could adversely affect our business or operating results and potentially cause impairment to assets that we recorded as a part of an acquisition including intangible assets and goodwill;
- our operating results or financial condition may be adversely impacted by (1) claims or liabilities that we assume from an acquired company or technology or that are otherwise related to an acquisition; (2) pre-existing contractual relationships that we assume from an acquired company, the termination or modification of which may be costly or disruptive to our business; and (3) unfavorable revenue recognition or other accounting treatment as a result of an acquired company's business practices;
- we may fail to identify or assess the magnitude of certain liabilities, shortcomings or other circumstances prior to acquiring a company or technology;
- we may not realize any anticipated increase in our revenues from an acquisition for a number of reasons, including (1) if a larger than predicted number of customers decline to renew their contracts with the acquired company; (2) if we are unable to sell the acquired products or service offerings to our customer base; (3) if acquired customers do not elect to purchase our technologies due to differing business practices; or (4) if contract models utilized by an acquired company do not allow us to recognize revenues in a manner that is consistent with our current accounting practices;
- we may have difficulty integrating acquired technologies, products, services and their related supply chain operations with our existing lines of business and related infrastructures;
- we may have multiple product lines or services offerings as a result of our acquisitions that are offered, priced, delivered and supported differently, which could cause customer confusion and delays;
- we may incur higher than anticipated costs (1) to support, develop and deliver acquired products or services; (2) for general and administrative functions that support new business models; or (3) to comply with regulations applicable to an acquired business that are more complicated than we had anticipated;
- we may be unable to obtain timely approvals from, or may otherwise have certain limitations, restrictions, penalties or other sanctions imposed on us by worker councils or similar bodies under applicable employment laws as a result of an acquisition;
- we may be unable to obtain required approvals from governmental authorities under competition and antitrust laws on a timely basis, if at all;
- our use of cash to pay for acquisitions may limit other potential uses of our cash;
- we may significantly increase our interest expense, leverage and debt service requirements if we incur additional debt to pay for an acquisition and we may have to delay or not proceed with a substantial

acquisition if we cannot obtain the necessary funding to complete the acquisition in a timely manner or on favorable terms; and

- we may experience additional or unexpected changes in how we are required to account for our acquisitions pursuant to U.S. generally accepted accounting principles, including arrangements that we may assume in an acquisition.

The occurrence of any of these risks could have a material adverse effect on our business, results of operations, financial condition or cash flows, particularly in the case of a larger acquisition or several concurrent acquisitions.

Data Privacy, Security and Intellectual Property Risks
